SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 54-42, 54-69, 59-65]

CENTRAL STATES UTILITIES CORP. ET AL.

NOTICE OF FILING AND ORDER RECONVENING HEARING

In the matters of Central States Utilities Corporation, Central States Power & Light Corporation, Ogden Corporation, File No. 54-42; Ogden Corporation and Subsidiary Companies, File No. 54-69; Ogden Corporation and Subsidiary Companies, File No. 59-65.

I. Notice is hereby given that Ogden Corporation ("Ogden"), a registered

holding company, together with its subsidiary, Central States Utilities Corporation ("Central Utilities"), and the latter's subsidiary, Central States Power & Light Corporation ("Central States"), have filed Amendment No. 13 in these consolidated proceedings, proposing a plan for the extension of the maturity date of Central States' 5% Debentures ("Maturity Extension Plan") in connection with the plan for the liquidation of Central Utilities and Central States heretofore filed herein pursuant to section 11 (e) and other applicable sections of the Public Utility Holding Company Act of 1935 and the rules promulgated thereunder.

All interested persons are referred to said amendment, which is on file in the office of the Commission, for a full statement of the transactions proposed therein, which may be summarized as follows:

It is proposed to extend the maturity date of Central States' 5% Debentures from January 1, 1946, to January 1, 1947. During the one-year period of extension, said debentures shall continue to bear a 5% rate of interest and be subject to all their present terms and conditions and the terms and conditions of the Debenture Agreement dated as of January 1, 1934 under which they were issued, except that any interest payable on the debentures on and after January 1, 1946, to the holders thereof, other than Ogden, shall be (a) paid to such holders of such debentures, (b) placed in escrow pending a final determination of the creditors and security holders entitled thereto, or (c) treated in such manner as the Commission may determine to be fair and equitable to aid in carrying out in an orderly manner the aforesaid liquidation plan.

The applicants request the Commission, if and when it approves the Maturity Extension Plan, to apply to an appropriate court pursuant to section 18 (f) of the act to enforce and carry out as a separable plan under section 11 (e) of the act the terms and provisions of said Maturity Extension Plan.

Ogden proposes that, if the Maturity Extension Plan is approved by this Commission and by the court, it agrees to waive interest payments on such debentures owned by it which become due on January 1, 1946 and July 1, 1946, subject to the condition that it retains a claim to such interest which may be asserted if and when the total principal amount of and interest on all of the 5% Debentures owned by persons other than Ogden have been paid in full.

It is stated that the assets of Central States consist almost exclusively of cash and investments in government bonds, which after providing for the discharge of current liabilities, amount to $1,975,000; and that the only action necessary to consummate the liquidation of Central States is the distribution of its net assets to creditors and security holders entitled thereto. It is further stated that applicants do not believe that it is probable that the necessary hearings before the Commission and the appropriate court in those consolidated proceedings relating to Amendment No. 12, which proposes an amendment plan filed by Ogden for the liquidation of Central Utilities and Central States (Holding Company Act Release No. 5983), providing for a proposed distribution of Central States' assets, will be concluded, and the final orders of the Commission and such court entered in respect of such amended plan (Amendment No. 12) prior to January 1, 1946, the present maturity date of the company's 5% Debenture. Applicants further state that it therefore appears that Central States will not be in a position to make final payment of its outstanding debentures on January 1, 1946, and consequently, the extension of the maturity date of the debentures will be necessary if Central States is to be permitted to liquidate in an orderly manner.

II. On May 20, 1943, the Commission entered an order (1) directing, pursuant to section 11 (b) of the act, among other things, that Central States recapitalize so as to distribute voting power fairly and equitably among its security holders, *Provided, however*, That such recapitalization need not be effected if said company is liquidated and dissolved, and that Central Utilities be liquidated and dissolved, and (2) approving, pursuant to section 11 (e) of the act, a plan filed by Ogden and certain of its subsidiary companies which provided, among other things, that Central States and Central Utilities would be liquidated and dissolved (File Nos. 54–69 and 59–65).

On December 8, 1944, the Commission entered an order approving the extension of the maturity date of Central States' 5% Debentures from January 1, 1945, to January 1, 1946 (File No. 54–42), and on December 27, 1944, the District Court of the United States for the District of Delaware entered an order approving said maturity extension.

Public hearings have heretofore been held in these consolidated proceedings in respect to Amendment No. 12 filed by Ogden proposing an amended plan for the liquidation of Central Utilities and Central States and have been continued subject to call of the Trial Examiner.

III. It appearing to the Commission that notice should be given and that the hearing herein should be reconvened for the purpose of taking testimony in respect of the Maturity Extension Plan (Amendment No. 13) and additional testimony in respect of the liquidation plan of Central Utilities and Central States (Amendment No. 12);

It is ordered, That the hearing herein be reconvened under the applicable provisions of the act and the rules of the Commission thereunder on November 28, 1945, at 10:00 a. m., e. s. t., at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On that date, the hearing room clerk in Room 318 will advise as to the room in which the hearing will be held.

It is further ordered, That Henry C. Lank or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted by the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

Notice is hereby given of said hearing to Central States, Central Utilities, Ogden, Continental Illinois National Bank and Trust Company of Chicago, Indenture Trustee of Central States' 5% Debentures, and to all interested persons, said notice to be given to Central States, Central Utilities, Ogden, Continental Illinois National Bank and Trust Company of Chicago, by registered mail, and to all other persons by a general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list for releases issued under the act and by publication in the FEDERAL REGISTER.

It is further ordered, That Central States and Central Utilities shall give additional notice of this hearing to all their security holders (insofar as the identity of such security holders is known or is available to them) by mailing to each of said persons a copy of this notice and order at his last known address at least fifteen days prior to the date of hearing.

It is requested that any person desiring to be heard in these proceedings shall file with the Secretary of the Commission on or before November 26, 1945 an appropriate request or application to be heard, as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues presented by these proceedings, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether an extension of the maturity date of the 5% Debentures of Central States is necessary to effectuate the provisions of section 11 (b) of the act, and whether such extension in the manner proposed is fair and equitable to the persons affected.

(2) What disposition should be made of any interest payable on said debentures on and after January 1, 1946.

(3) Whether it is necessary or appropriate in the public interest or for the protection of investors and consumers to impose any terms and conditions, and, if so, what terms and conditions.

(4) Whether, in the event that the Commission shall approve the Maturity Extension Plan as filed or as modified, the Commission shall approve said plan for purposes of section 11 (d) of the act (as well as section 11 (e)) so as to permit the Commission of its own motion and irrespective of any request therefor on the part of Central States, Central Utilities or Ogden to apply to a court for the enforcement of the Amended Plan pursuant to section 11 (d) of the act;

(5) Whether in the event that the Commission shall not approve the Maturity Extension Plan as filed or as modified, a plan proposed by the Commission or by any person having a bona fide interest in the liquidation and dissolution of Central States and Central Utilities should be approved by the Commission for purposes of section 11 (d) of the act, and, if proposed by the Commission, what the terms and provisions of such plan should be.

By the Commission.

AMERICAN POWER & LIGHT CO. AND CENTRAL ARIZONA LIGHT AND POWER CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 7th day of November, A. D. 1945.

The Commission having on November 1, 1945, issued its order herein under section 12 (d) of the Public Utility Holding Company Act of 1935 and Rule U-44 thereunder, permitting to become effective a declaration, as amended, of American Power & Light Company ("American"), a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company, with respect to the sale by American of all the outstanding 840,000 shares of no par value common stock of Central Arizona Power Company, an electric and gas utility subsidiary of American, in accordance with Rule U-50 promulgated under said act; and

The Commission in said order having reserved jurisdiction over the price to be paid for such common stock, the underwriters' spread and its allocation, and all legal fees to be paid in connection with the proposed transaction; and

American, having filed a further amendment to said declaration, stating that in accordance with the permission granted in the said order of the Commission dated November 1, 1945, it offered said common stock for sale pursuant to the competitive bidding requirements of Rule U-50 and has received the following bids:

Group headed by	*Price to company (per share)*
The First Boston Corp-Blyth & Co., Inc	$12.42
Kidder Peabody & Co	11.419
Harriman Ripley & Co., Inc	11.129

Said amendment further stating that American Power & Light Company has accepted the bid of The First Boston Corporation-Blyth & Co., Inc. for the common stock, as set out above, and that the stock will be offered for sale to the public at a price of $13.125 per share resulting in an underwriters' spread of $.705 per share; and

The Commission having examined said amendment and having considered the record herein and finding no reason for imposing terms or conditions with respect to the price to be paid for said common stock and the underwriters' spread and its allocation:

It is ordered, That jurisdiction heretofore reserved over the price to be paid for said common stock, the underwriters' spread and its allocation be, and the same hereby is, released and that said declaration, as further amended, be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24; and

It is further ordered, That jurisdiction heretofore specifically reserved over all legal fees in connection with the said declaration be, and the same hereby is, continued.

By the Commission.

NIAGARA HUDSON POWER CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 8th day of November 1945.

Niagara Hudson Power Corporation, a subsidiary of The United Corporation, a registered holding company, having filed declarations pursuant to sections 6 (a) (2), 7 and 12 (e) of the Public Utility Holding Company Act of 1935 and Rules U-62 and U-65 thereunder regarding (1) the reduction of the par value of its Common Stock (25,436,450 shares authorized, 9,581,008⅝ shares issued and outstanding) from $10 per share to $1 per share thereby creating capital surplus in the amount of $86,229,076.50 to be available for any adjustment of the carrying value of Niagara Hudson's investment in its subsidiary companies; (2) the conversion of 15,678 reacquired shares of its First Preferred Stock, 5% Series, into 783,900 shares of Common Stock; and (3) the solicitation of proxies from stockholders and the employment for this purpose of a professional proxy solicitor for a fee of $25,000;

A public hearing having been held upon such matter after appropriate notice, the Commission having considered the record, and having made and filed its findings and opinion herein;

It is ordered, That said declarations with respect to the reduction of the par value of the Common Stock of Niagara Hudson Power Corporation and the conversion of the reacquired Preferred Stock into Common Stock be, and hereby are, permitted to become effective forthwith, subject to the terms and conditions contained in Rule U-24 and subject further to the condition that Niagara Hudson Power Corporation shall not hereafter make any charges to Capital Surplus unless fifteen (15) days' prior notice of the making of such charges be given to this Commission. The Commission reserves jurisdiction, upon receipt of such notice, and as part of the proceeding herein, to impose such further terms or conditions as may then be deemed appropriate.

It is further ordered, That the declaration regarding the proposed employment of a professional proxy solicitor be, and hereby is, permitted to become effective forthwith subject to the terms and conditions contained in Rule U-24.

It is further ordered, That jurisdiction be, and hereby is, reserved with respect to the solicitation of proxies pending the submission of the proposed proxy material.

CENTRAL NEW YORK POWER CORP.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 9th day of November 1945.

Notice is hereby given that an application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Central New York Power Corporation ("Central New York"), a subsidiary of Niagara Hudson Power Corporation, in turn a subsidiary of The United Corporation, a registered holding company.

All interested persons are referred to said application-declaration which is on file in the office of the Commission for a statement of the transactions therein proposed, which may be summarized as follows:

Central New York proposes to issue and sell to Guaranty Trust Company of New York a promissory note in an aggregate principal amount not to exceed $1,900,000 bearing interest at the rate of 1⅝ percent per annum, one-sixth of the principal amount thereof to mature on June 1, 1946 and one-sixth on June 1 of each year thereafter to and including June 1, 1951. The proceeds of such note together with funds of the company (estimated not to be in excess of $437,000) are to be utilized to purchase in the open market $1,901,000 principal amount of the company's outstanding non-callable Syracuse Lighting Company Fifty-Year Five Per Cent Bonds due June 1, 1951 at a maximum price of 123 percent of the principal amount thereof plus accrued interest from December 1, 1945 to date of delivery and payment.

The company proposes that the consent requested by this application-declaration shall supersede the authorization granted by order dated April 23, 1945 (Holding Company Act Release No. 5753) as modified by orders dated June 6, 1945 and October 12, 1945 (Holding Company Act Release Nos. 5852 and 6130, respectively) to the extent that the company was authorized to purchase in the open market from time to time during a period not to exceed one year from the date of such orders part or all of such bonds at 121% of the principal amount thereof.

According to the filing, the approval of the Public Service Commission of the

State of New York will be obtained with respect to the issue and sale of said promissory note.

It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that a hearing be held with respect to said application-declaration and that said application-declaration shall not be granted or permitted to become effective except pursuant to further order of the Commission;

It is ordered, That a hearing on said application-declaration under the applicable provisions of the act and the rules of the Commission thereunder be held on November 27, 1945, at 10 a. m., e. s. t. in the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That Charles S. Lobingier or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve, by registered mail, a copy of this order on Central New York, Niagara Hudson Power Corporation, The United Corporation, and the Public Service Commission of the State of New York; and that notice of said hearing be given to all other persons by publication of this order in the FEDERAL REGISTER. Any person desiring to be heard in connection with these proceedings, or proposing to intervene herein, shall file with the Secretary of the Commission, on or before November 23, 1945, his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That without limiting the scope of of the issues presented by said application-declaration, particular attention will be directed at said hearing to the following matters and questions:

(1) Whether the proposed issue and sale by Central New York of the promissory note is solely for the purpose of financing the business of said company and has been expressly authorized by the State Commission of the state in which the company is organized and doing business.

(2) Whether the fees, commissions and other remuneration to be paid in connection with the proposed transactions are reasonable.

(3) Whether the proposed purchase by Central New York of its outstanding non-callable bonds of Syracuse Lighting Company would affect the financial integrity of Central New York or would otherwise be detrimental to the public interest or the interest of investors and consumers or would tend to circumvent the provisions of the act or the rules, regulations or orders thereunder.

(4) Whether the consideration to be paid by Central New York for the non-callable bonds of Syracuse Lighting Company is appropriate in amount.

(5) Whether the accounting entries to be recorded in connection with the proposed transactions are proper and conform to sound principles of accounting and meet the standards of the act.

(6) Whether it is necessary or appropriate in the public interest or for the protection of investors or consumers to impose terms and conditions with reference to the proposed transactions and, if so, what the terms and conditions should be.

By the Commission.

AUTHORITY: Sections 2.241 and 2.242 issued under sec. 510, 58 Stat. 711; 42 U.S.C., Sup., 223; secs. 3.1 and 3.2 issued under sec. 209 (g), 58 Stat. 687; 42 U.S.C., Sup., 210 (g). All other sections issued under sec. 215, 58 Stat. 693; 42 U.S.C., Sup., 216; additional authorities are listed in parentheses at the end of specific sections.

SUBPART A—DEFINITIONS

SEC. 2.1 *Meaning of terms.* The term "commissioned officer" or "officer" as used in this part, unless otherwise specified, refers both to officers of the Regular Corps and officers of the Reserve Corps.

SUBPART B—RANK AND PRECEDENCE

SEC. 2.11 *Generally.* The order of rank and precedence in the Service of officers shall be according to seniority of appointment, as follows: Surgeon General, Deputy Surgeon General, Assistant Surgeons General, chiefs of divisions, of-

ficers in the director grade, officers in the senior grade, officers in the full grade, officers in the senior assistant grade, officers in the assistant grade, and officers in the junior assistant grade. Officers of the Reserve Corps on active duty shall take rank and precedence with and after officers of the Regular Corps in the same grade. The rank and precedence among officers of the Reserve Corps shall be according to seniority of original appointment in the grade in which the officer is serving.

SEC. 2.12 *Officers of the Regular Corps appointed above assistant grade.* In determining the rank and precedence of officers appointed above the grade of assistant there shall be counted the number of years of constructive service which are authorized by law to be counted for purposes of pay and pay period.

SEC. 2.13 *Rank with Coast Guard Officers.* Officers shall rank with commissioned officers of the Coast Guard according to date of appointment in their respective grades, as follows: Surgeon General with Rear Admiral (upper half), Deputy Surgeon General and Assistant Surgeons General with Rear Admiral (lower half), director with captain, senior grade with commander, full grade with lieutenant commander, senior assistant grade with lieutenant, assistant grade with lieutenant (junior grade), and junior assistant grade with ensign.

SUBPART C—TITLES

SEC. 2.21 *Officers other than medical officers.* The titles of officers, other than medical officers, in the junior assistant, assistant, senior assistant, full, and senior grades shall be the same as the titles of medical officers in such grades prescribed in section 206 (b) of the Act, except that for the term "surgeon" there shall be substituted "dental surgeon," "sanitary engineer," "pharmacist," "nurse officer," "scientist," "dietitian," "physical therapist," or a similar term descriptive of the specialty of such class of officers. The titles of officers, other than medical officers, in the director grade shall be the same as the title of medical director, except that for the term "medical" there shall be substituted "dental," "sanitary engineer," "pharmacist," "nurse," "dietitian," "physical therapist," "scientist," or a similar descriptive term. The titles of officers, other than medical officers, in the grade of Assistant Surgeon General shall be the same as the title of Assistant Surgeon General, except that they shall include a parenthetical identification, such as "dental" or "sanitary engineer." (Sec. 206 (b), 58 Stat. 685; 42 U.S.C. Sup., 207 (b)).

SEC. 2.22 *Scientist officers; designation of specialties.* Scientist officers, in using their titles in correspondence outside the Agency and in the programs of scientific meetings, may designate their specialty in parentheses following their title, as, for example, Senior Scientist Richard Roe (Entomologist). (Sec. 206 (b), 58 Stat. 685, 42 U.S.C., Sup., 207 (b)).

SEC. 2.23 *Military titles.* An officer in uniform may use, for purposes of informal identification and address, the military or naval title of rank corresponding to the grade markings worn. An officer detailed for duty with the Army, Navy, Coast Guard, or Coast and Geodetic Survey shall use in official correspondence the title of military or naval rank corresponding to the grade markings worn, as, for example, Richard Roe, Major, U. S. P. H. S., or Richard Roe, Lieutenant Commander, U. S. P. H. S.

SUBPART D—APPOINTMENT

Provisions Applicable Both to Regular Corps and Reserve Corps

SEC. 2.31 *Submission of application and evidence of qualifications.*—(a) *Application form.* Every candidate for appointment as an officer shall submit a written application on such form as may be prescribed by the Surgeon General. The application form shall include statements as to date and place of birth, legal residence, academic and professional education, citizenship, and health history, and such other pertinent information as the Surgeon General may require.

(b) *Documentary evidence, photograph, and testimonials.* The application shall be accompanied by: (1) Documentary evidence of (i) date and place of birth (birth certificate if obtainable); (ii) graduation from professional school; (iii) United States citizenship in the case of an applicant of foreign birth; and (iv) registration as a graduate nurse under the nurse practice act of a State, Territory, or the District of Columbia in the case of a nurse; (2) a recent photograph; and (3) two recent testimonials of character and professional qualifications. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209).

SEC. 2.32 *Consideration of qualifications.* The Surgeon General shall from time to time appoint boards of officers to examine the qualifications of candidates for appointment as officers. Such boards shall consist of three or more officers, the majority of whom, so far as practicable, shall be of the same profession as the candidate. Such boards shall review the health history, record of physical examination, and the evidence of educational and professional training and experience and of character; shall conduct the oral and written professional examinations provided for in these regulations; shall report to the Surgeon General their finding whether a candidate is generally qualified and is qualified physically, educationally, and professionally, and shall assign a relative numerical rating to each candidate for appointment in the Regular Corps who completes the examination. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup. 209).

SEC. 2.33 *Physical examinations.* Every candidate for appointment as an officer shall undergo a physical examination at such place and by such officers of the Service as the Surgeon General may direct. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209).

SEC. 2.34 *False statements as disqualification.* Wilfully false statements shall be cause for rejection of the application or, as provided in the regulations governing the discipline of officers, for summary dismissal. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

SEC. 2.35 *Eligibility; junior assistant grade.*—(a) *Requirements; all candidates.* Except as provided in section 2.72, every candidate for appointment in the grade of junior assistant:

(1) shall be a citizen of the United States;

(2) shall be at least 18 years of age;

(3) shall have been graduated from an accredited high school or possess equivalent college entrance requirements;

(4) shall have completed the prescribed course in a reputable school and have been granted a degree or a certificate in the profession in which the examination is being held; and

(5) shall present evidence of general suitability, including professional and personal fitness.

(b) *Requirement; nurse officers, dietitians, and physical therapists.* Every candidate for appointment as a nurse officer, dietitian, or physical therapist shall be a female.

(c) *Special requirements; nurses.* Every candidate for appointment as a nurse officer:

(1) shall have been graduated from a State-accredited school of nursing connected with a hospital having a daily census of not less than 50, and offering adequate nursing experience in medicine, surgery, pediatrics, and obstetrics, at the time of graduation of the applicant; and

(2) shall be registered as a graduate nurse under the nurse practice act of a State, Territory, or the District of Columbia.

(Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

SEC. 2.36 *Eligibility; assistant grade.*—(a) *Requirements; all candidates.* Except as provided in section 2.72, every candidate for appointment in the grade of assistant:

(1) shall meet all the requirements for eligibility for examination for appointment in the grade of junior assistant;

(2) shall be at least 21 years of age; and

(3) shall have had at least 7 years of educational (exclusive of high school) and professional training or experience.

(b) *Special requirements; nurses.* Every candidate for appointment as a nurse officer shall possess an academic degree, except that a candidate who has had 4 years or more of experience as a nurse in the Army, Navy, or Public Health Service, with a satisfactory record of service, may substitute such experience for the requirement of an academic degree, provided that such experience is of a nature which, in the opinion of the board, qualifies the candidate to perform the duties of a nurse officer.

(c) *Special requirements; dietitians.* Every candidate for appointment as a dietitian shall have been graduated with a bachelor's degree after completion of 4 academic years in an approved college or university with the major study in dietetics including 18 semester hours in a combination of the following subjects: food preparation, nutrition, and institutional management. A candidate who has had 4 years or more of experience as a dietitian in the Army, Navy, or Public Health Service, with a satisfactory record of service, may substitute such experience for the requirement of an academic degree, provided that such experience is of a nature which, in the opinion of the board, qualifies the candidate to perform the duties of a dietitian.

(d) *Special requirements; physical therapists.* Every candidate for appointment as a physical therapist shall possess an academic degree, except that a candidate who has had 4 years or more of experience as a physical therapist in the Army, Navy, or Public Health Service, with a satisfactory record of service, may substitute such experience for the requirement of an academic degree, provided that such experience is of a nature which, in the opinion of the board, qualifies the candidate to perform the duties of a physical therapist. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

SEC. 2.37 *Eligibility; senior assistant grade.* Every candidate for appointment in the grade of senior assistant shall meet all the requirements for eligibility for examination for appointment in the grade of assistant and shall have completed at least 4 additional years of postgraduate professional training or experience. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

SEC. 2.38 *Eligibility; grades above senior assistant grade.* Every candidate for appointment in grades above that of senior assistant shall meet all the requirements for eligibility for examination for appointment in the grade of senior assistant and shall have completed at least 7 additional years of postgraduate training or experience. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

SEC. 2.39 *General service.* Officers shall be appointed only to general service and shall be subject to change of station.

SEC. 2.40 *Certification by candidate.* A candidate before appointment in the Regular Corps, and an officer of the Reserve Corps before assignment to active duty, shall certify that to the best of his knowledge and belief he is free from all disease or injury not noted in his record at the time of his examination and that he is willing and able to serve in any climate.

Provisions Applicable Only to Regular Corps

SEC. 2.51 *Professional examination; junior assistant grade.* Every candidate for appointment in the Regular Corps in the grade of junior assistant shall take an oral examination consisting of questions in the fundamentals of his profession and questions in public health, and, in the discretion of the Surgeon General, a written examination in the subjects relating to his profession listed in section 2.52. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

SEC. 2.52 *Professional examination; assistant grade.* Every candidate for appointment in the Regular Corps in the grade of assistant shall take an oral and written examination in the subjects relating to his profession listed in this section:

(a) In Medicine:

(1) Anatomy, physiology, and biochemistry
(2) Materia medica and therapeutics
(3) Practice of medicine
(4) Practice of surgery
(5) Obstetrics and gynecology
(6) Hygiene, pathology, and bacteriology

A candidate who has passed an examination given by the National Board of Medical Examiners may, at his election, be relieved from being examined in the subjects relating to his profession listed in this section, and, if he so elects, the grades attained by him in the National Board examination shall be used in rating him in such subjects.

(b) In Dentistry:

(1) Anatomy and oral surgery
(2) Pathology and bacteriology
(3) Materia medica and physiology
(4) Hygiene and radiology
(5) Operative and prosthetic dentistry
(6) Clinical and laboratory demonstrations

A candidate who has passed an examination given by the National Board of Dental Examiners may, at his election, be relieved from being examined in the subjects relating to his profession listed in this section, and, if he so elects, the grades attained by him in the National Board examination shall be used in rating him in such subjects.

(Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

SEC. 2.54 *Professional examination; grades above senior assistant grade.* Except as provided in section 208 (b) of the Act, every candidate for appointment in the Regular Corps in a grade above that of senior assistant shall take a written examination consisting of (a) questions in the fundamentals of the candidate's profession, (b) questions in public health, and (c) an essay written at the time of the examination on a subject with which the candidate feels himself to be well informed by virtue of his professional experience.

SEC. 2.55 *Rating values.* Every candidate for appointment in the Regular Corps shall be rated by a board appointed as provided in section 2.32, as to academic knowledge, professional knowledge, and general fitness for the Service. In the grade of junior assistant, relative values shall be: academic, 20; oral professional, 30; and general fitness, 50. In the grades of assistant and above, relative values shall be: academic, 10; professional, 65 (divided when both are given—oral professional, 15; written professional, 50); and general fitness, 25. (Sec. 208, 58 Stat. 685, 42 U.S.C., Sup., 209)

SEC. 2.56 *Minimum required rating; certification of physical fitness.* No candidate who receives a final rating below 80 or who is not certified as physically qualified shall be appointed to the Regular Corps. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

SEC. 2.57 *Re-examination.* A candidate who fails to receive a final rating of 80 may be permitted to take a second examination after one year, but may not be permitted to take a third examination. (Sec. 208, 58 Stat. 685; 42 U.S.C. Sup., 209)

SEC. 2.58 *Merit roll.* Each board which conducts the examination of candidates shall submit a report to the Surgeon General of the ratings and relative standings of all candidates examined by such board for each of the several grades with recommendations in each case. The Surgeon General shall submit each such report with his recommendations to the Administrator and, if approved by the Administrator, each report shall constitute a merit roll and shall serve as the basis for nomination by the President of persons to be commissioned officers of the Regular Corps. A board appointed pursuant to section 2.32 may consider any newly-discovered evidence relating to the physical, professional, or personal qualifications of any candidate on a merit roll. Upon recommendation of such board after review of such evidence, the Surgeon General, with the approval of the Administrator, may disqualify a candidate or reduce his rating and relative standing on such a merit roll. The placing of a candidate's name on a merit roll shall give no assurance of an appointment. A merit roll shall expire when a new merit roll in the same profession and grade has been established, but no merit roll shall continue in effect longer than two years after its approval by the Administrator. Every candidate not appointed whose name appears on an expired merit roll shall be rated with the next group of candidates of the same profession for appointment in the same grade. At his election, any such candidate may be relieved from the written professional examination, if any, and if he so elects, the grades attained by him in the written professional examination, if any, which resulted in his name being placed on the merit roll shall be used in rating him for the purposes of a new merit roll. At the election of the board, any such candidate may be relieved from the oral professional examination, if any, and if the board so elects, the grades attained by the candidate in the oral professional examination, if any, which resulted in his name being placed on the merit roll shall be used in rating him for the purposes of a new merit roll. The board shall re-rate each such candidate as to academic knowledge and general fitness for the Service. The several merit rolls may be utilized in such manner as will best serve the needs of the Service. Notwithstanding any of the provisions of this section, no candidate's eligibility for appointment shall exceed 2 years unless he again becomes eligible as the result of another examination. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

Provisions Applicable Only to Reserve Corps

SEC. 2.71 *Examination.* A candidate for appointment in the Reserve Corps shall take a physical examination at such place and by such officers of the Service as the Surgeon General may direct. In the discretion of the Surgeon General, an applicant for appointment may be required to present himself before a board or a designated representative of the Service. The professional examination shall consist of an evaluation by the board of the evidence submitted by the applicant pursuant to these regulations as to professional education, training, and experience, including any published professional or scientific articles by the applicant. The board shall also evaluate the evidence submitted by the applicant as to his general aptitude and moral qualifications. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

SEC. 2.72 *Students.* A potential candidate for appointment in the Regular Corps who is pursuing a course of instruction which, upon completion, would qualify him under these regulations for examination for appointment in the junior assistant or assistant grade may be examined for and appointed in the Reserve Corps in the grade of junior assistant or assistant but shall not be called to active duty until the successful completion of such course of instruction. (Sec. 208, 58 Stat. 685; 42 U.S.C., Sup., 209)

SUBPART E—INCREASED PAY AND ALLOWANCES

SEC. 2.81 *Foreign service; increased allowances*—(a) *Generally.* Officers, other than those on sea duty, while on foreign service may receive an additional allowance when authorized by the Surgeon General in accordance with a table of allowances approved by the Administrator and the Director of the Bureau of the Budget. Such table shall be based upon the relative differences in costs of commodities, services, and living and other necessary expenses between foreign places where officers may be on duty and Washington, D. C. Unless otherwise directed by the Surgeon General, such allowance shall continue while an officer is on sick leave or other authorized leave taken during his foreign assignment.

(b) *Duty other than temporary.* An officer on foreign assignment other than temporary may receive such additional allowance beginning with the day of his arrival at his foreign station and continuing through the last day of his duty at such station. Such allowance shall continue while an officer is on travel status in a foreign country away from his official foreign station.

(c) *Temporary duty.* An officer having no official foreign station and who is on temporary foreign assignment may receive such allowance beginning with the day of his arrival in a foreign country in which he performs duty. While such officer is performing duty in such foreign country, the allowance shall be that prescribed for such country. Such allowance shall continue through the last day of his duty in a foreign country. The allowance prescribed for the foreign country in which an officer last performed duty shall be paid to: (1) an officer who performs duty in more than one foreign country during any one day, and (2) an officer who is en route between foreign countries for more than one day.

(d) *Duty with other agencies.* An officer detailed to another agency or activity may receive when on foreign service and when authorized by the Surgeon General, in lieu of the foreign service allowance herein provided, such allowances as may be provided for foreign service by the agency or activity to which detailed under such arrangements as may be made between the Service and such agency or activity.

SEC. 2.91 *Duty requiring intimate contact with leprosy patients; additional pay.* (a) Every officer who is assigned to full-time duty at a station of the Service devoted exclusively to the care of leprosy patients and who is engaged as a physician, dentist, nurse, dietitian, dispensing pharmacist, technician, or otherwise in the diagnosis or treatment of the diseases of such patients shall receive while so assigned, in addition to the pay and allowances of his grade, a sum equal to 50 per centum of the pay of his grade.

(b) Every officer who is assigned to full-time duty at a station of the Service devoted exclusively to the care of leprosy patients and who is not entitled to the additional payment of 50 per centum under paragraph (a) of this section shall receive while so assigned, in addition to the pay and allowances of his grade, a sum equal to 25 per centum of the pay of his grade. (Sec. 209 (g), 58 Stat. 687; 42 U. S. C., Sup., 210 (g)).

SUBPART F—ALLOTMENTS

SEC. 2.101 *Generally.* An officer on active duty may be permitted to allot a part or all of his monthly pay and allowances for the payment of insurance premiums, the purchase of securities of the Federal Government; or for other proper purposes; provided that no officer, without the approval of the Surgeon General, may have in force more than two allotments at one time, exclusive of allotments for insurance premiums. (Sec. 209 (c), 58 Stat. 686; 42 U. S. C. Sup., 210 (c)).

SEC. 2.102 *On active duty or traveling outside continental United States.* An officer on active duty whose permanent or temporary post of duty is outside the continental United States or in Alaska or who, being stationed in the United States, is traveling on official business outside the continental United States or in Alaska, in addition to allotments for the purposes as indicated in section 2.101, may be permitted to allot a part or all of his monthly pay and allowances for the support of his family or dependents; provided, that no officer, without the approval of the Surgeon General, may have in force more than two allotments at one time, exclusive of allotments for insurance premiums. (Sec. 209 (c), 58 Stat. 686; 42 U.S.C., Sup., 210 (c)).

SUBPART G—LEAVE

Definitions

SEC. 2.111 *Meaning of terms.* For the purpose of this subpart:

(a) A "year" or "leave year" means the period beginning July 1 of any calendar year and ending June 30 of the succeeding calendar year.

(b) A "day" means any period of 24 consecutive hours beginning at midnight.

(c) "Leave of absence" means any period of one day or more with respect to which the officer is excused from duty, other than sick leave.

(d) "Sick leave" means any period of one day or more with respect to which the officer is excused from duty because of sickness, disability, or need of medical services.

(e) "Active duty status" with respect to an officer of the Regular Corps means the period from the effective date of his commission to the effective date of his retirement or the termination of his commission.

(f) "Active duty status" with respect to an officer of the Reserve Corps means the period from the effective date of his being called to active duty to the effective date of his retirement, of his being returned to inactive duty, or of the termination of his commission. (Sec. 209 (c), 58 Stat. 686; 42 U.S.C., Sup., 210 (c))

Leave of Absence

SEC. 2.116 *Accumulation of leave.* Officers' leave shall accumulate at the rate of 30 days for each full year of active duty status and for any portion of a year at the rate of 1 day for each 12 consecutive days of active duty status. Accumulated leave in excess of 120 days at the end of any leave year shall be cancelled. No leave shall accumulate on the basis of any period of leave of absence immediately preceding the termination of active duty status. (Sec. 209 (c), 58 Stat. 686; 42 U.S.C., Sup., 210 (c))

SEC. 2.117 *Carrying over accumulated leave during continued service; terminal leave.* Entitlement to leave of absence based upon leave accumulated but not taken shall not survive the termination of a commission, except that leave accumulated as provided in section 2.116 shall remain available to an officer whose commission is terminated but who, without break in active duty status, receives a new commission. The date of the return of an officer of the Reserve Corps to inactive duty, if prior to the expiration of his commission, shall be so fixed as to permit him to take his full accumulated leave and, whether the return be voluntary or involuntary, such return shall not become effective prior to the termination of such leave unless the officer files a written election to waive his right to such leave. (Sec. 209 (c), 58 Stat. 686; 42 U.S.C., Sup., 210 (c))

SEC. 2.118 *Granting of leave.* Within the limitations prescribed in sections 2.116 and 2.117, leave of absence with pay may be granted, upon application, by the Surgeon General or by any officer designated by him for such purpose, at such time or times and for such periods as are approved by him, provided that leave of absence not exceeding 30 days may be granted as provided herein as an advance of leave not yet accumulated. No period of absence from duty shall be counted as a leave of absence unless authorized in advance or unless the absence and the reasons therefor are reported as promptly as circumstances permit and the absence is excused by the Surgeon General or by an officer to whom authority is delegated for such purpose. Permission for absences of less than one day may be granted orally and shall not be charged as leave of absence. When absent without leave, officers shall forfeit all pay during such absence, unless the absence is excused by the Surgeon General. (Sec. 209 (c), 58 Stat. 686; 42 U.S.C., Sup., 210 (c)).

SEC. 2.119 *Officers on detail.* The taking and duration of leave of absence by an officer while on detail shall be subject to the approval of the responsible officer of the Executive department, State or political subdivision, or institution to which detailed. The amount of leave so taken shall be reported immediately by the detailed officer to the Surgeon General and deducted from the number of days accumulated as provided in these regulations. (Sec. 209 (c), 58 Stat. 686; 42 U.S.C., Sup., 210 (c)).

Sick Leave

SEC. 2.126 *Reporting of absence; granting of leave.* Absence from duty because of sickness, disability, or need of medical services shall be reported immediately. Every such absence in excess of 3 days shall be supported by a medical certificate which shall be furnished promptly upon the termination of such absence. A medical certificate also shall be furnished promptly at the end of each period of 30 days continuous absence. Sick leave may be granted by the Surgeon General or by any officer to whom authority is delegated for such purpose, to the extent that circumstances justify, but it shall not be granted in advance. (Sec. 209 (c), 58 Stat. 686; 42 U.S.C., Sup., 210 (c)).

SEC. 2.127 *Prolonged or frequent absence; review of status.* Absence from duty on account of sickness or disability for a period of more than 90 consecutive days or for an aggregate of more than 120 days in any one year shall be reported to the Surgeon General, who:

(a) in the case of an officer of the Regular Corps, or of an officer of the Reserve Corps who may be entitled to retirement pay for disability pursuant to section 211 (a) of the Act, shall determine whether a board shall be appointed to advise whether such officer should be retired;

(b) in the case of an officer of the Reserve Corps who is deemed not entitled to retirement pay for disability pursuant to section 211 (a) of the Act, shall determine whether such officer should be continued in active duty status. (Sec. 209 (c), 58 Stat. 686; 42 U.S.C., Sup., 210 (c))

SUBPART H—PROMOTION

Provisions Applicable Both to Regular Corps and Reserve Corps

SEC. 2.131 *Consideration of qualifications.* The Surgeon General shall from time to time appoint boards of officers to examine the qualifications of candidates for promotion as officers. Such boards shall consist of three or more officers, the majority of whom, so far as practicable, shall be of the same profession as the candidate. Such boards shall review the health history, record of physical examination, and the evidence of educational and professional training and experience and of character; shall conduct the oral and written professional examinations provided for in these regulations; and shall report to the Surgeon General their finding whether a candidate is qualified generally, physically, educationally, and professionally for promotion. (Sec. 210 (a), 58 Stat. 687; 42 U.S.C., Sup., 211 (a))

SEC. 2.132 *Physical examination.* Every candidate for promotion as an officer shall undergo a physical examination at such place and by such officers of the Service as the Surgeon General may direct. (Sec. 210 (a), 58 Stat. 687; 42 U.S.C., Sup., 211 (a))

SEC. 2.133 *Effect of disciplinary action.* Nothing contained in this subpart shall be construed to authorize the promotion of an officer if such promotion would be inconsistant with action taken pursuant to the regulations on discipline of officers to reduce the grade, rank, or number of such officer. (Sec. 210 (a), 58 Stat. 687; 42 U.S.C., Sup., 211 (a))

Provisions Applicable Only to Regular Corps

SEC. 2.141 *Eligibility; required length of service.* (a) Each officer of the Regular Corps, other than a medical, dental, sanitary engineer, or pharmacist officer, shall be examined for promotion to the next higher grade within the period of 90 days immediately preceding the completion of the following number of years of active commissioned service in the Public Health Service in the respective grades:

4 years' service in the grade of junior assistant for promotion to the grade of assistant;

3 years' service in the grade of assistant for promotion to the grade of senior assistant;

9 years' service in the grade of senior assistant for promotion to the full grade;

8 years' service in the full grade for promotion to the senior grade;

6 years' service in the senior grade for promotion to the director grade.

(b) For the purpose of promotion of officers originally appointed under the

provisions of the act of April 9, 1930, Chapter 125, 46 Stat. 150, actual service shall be counted as equivalent to active commissioned service to the extent which such act authorized. (Sec. 210 (a), 58 Stat. 687; 42 U.S.C., Sup., 211 (a))

SEC. 2.142 *Professional examination.* The professional examination for promotion to the assistant, senior assistant, or full grade in the Regular Corps shall be written and shall consist of questions on the same subjects as provided in the case of original appointment in such grades, and, in addition, questions on Service laws and regulations. The professional examination for promotion to a grade above the full grade in the Regular Corps shall consist of a review and evaluation of the candidate's Service record. (Sec. 210 (a), 58 Stat. 687; 42 U.S.C., Sup., 211 (a)).

SEC. 2.143 *Delayed examination; effective date of promotion.* Should it be impracticable for an officer in the Regular Corps because of illness, duty at an isolated post outside the continental United States or in Alaska, or other justifiable cause, to take the examination for promotion to the next higher grade within the 90-day period immediately preceding the completion of the required period of service, the candidate for promotion shall take such examination as soon thereafter as practicable, and should he pass such examination and otherwise qualify for promotion to the next higher grade, such promotion shall be effective from the date of the completion of the required number of years of service. (Sec. 210 (a), 58 Stat. 687; 42 U.S.C., Sup., 211 (a)).

SEC. 2.144 *Promotions formerly prohibited; effective date.* An officer in the Regular Corps whose promotion above any grade was prohibited prior to enactment of the Act shall be examined for promotion to the grade to which his length of service would entitle him as soon as practicable after the promulgation of these regulations, and should any such officer pass such examination and otherwise qualify for promotion to the grade to which his length of service makes him eligible, such promotion shall be effective from the date of the completion of the required number of years of service or from the date of the approval of the statutory authority for the promotion to such grade, whichever date is later. (Sec. 210 (a), 58 Stat. 687; 42 U.S.C., Sup., 211 (a)).

SEC. 2.145 *Minimum requirements; certification.* No officer in the Regular Corps shall be promoted to a higher grade unless the board conducting the examination certifies that the Service record and general fitness of the officer are such as to merit promotion to such grade, and unless in the case of an officer then below the full grade the final average in the professional examination is not below 80. (Sec. 210 (a), 58 Stat. 687; 42 U.S.C., Sup., 211 (a)).

Provisions Applicable Only to Reserve Corps

SEC. 2.151 *Eligibility.* An officer in the Reserve Corps may be examined for promotion to a higher grade when he meets the requirements of age, education, and professional training or experience prescribed in these regulations for eligibility for examination for original appointment in such higher grade.

SEC. 2.152 *Professional examination.* The professional examination shall consist of a review of the officer's Service record, physical condition, experience, and professional qualifications.

SEC. 2.153 *In time of war or national emergency.* When in time of war or national emergency, the Surgeon General finds, with the approval of the Administrator, that the duties and responsibilities which an officer of the Reserve Corps has been or may be assigned, make it appropriate that such officer be appointed to a higher grade, such officer, upon certification by a board that (1) he has served at least 6 months in his present grade, and (2) his Service record is such as to merit promotion to such higher grade, and (3) he appears to be physically qualified to perform the duties of such higher grade, may be appointed to a higher temporary grade with the pay and allowances thereof, without examination and without regard to whether or not such officer meets the requirements of age, education, and professional training or experience provided in these regulations for eligibility for examination for original appointment to such grade, and without affecting his commission, and, if his service shall have been continuous, without renewing his path of office.

SUBPART I—SEPARATION OF CERTAIN OFFICERS

SEC. 2.161 *Separation of officers of Regular Corps originally appointed in or above senior assistant grade.* As soon as practicable after the conclusion of the first three years of service of an officer of the Regular Corps originally appointed in or above the grade of senior assistant, the record of such officer shall be reviewed by a board appointed by the Surgeon General composed of three or more commissioned officers of the Regular Corps, of whom at least one member shall be of the same profession as the officer whose record is under review. If the board finds such officer not fully qualified for further service and if such finding is approved by the Surgeon General and the Administrator, such officer shall be seperated from the Service. (Sec. 210 (b), 58 Stat. 687; 42 U.S.C., Sup., 211 (b)).

SUBPART J—RETIREMENT

For Disability

SEC. 2.171 *Meaning of terms.* For the purposes of this subpart, the term:

(a) "Retirement" means the retirement of an officer with retired pay for service-connected disability;

(b) "Service-connected disability" means in the case of an officer of the Regular Corps a service-aggravated disability or a disability from disease or injury incurred in line of duty, and in the case of an officer of the Reserve Corps a service-aggravated disability or a disability from disease or injury incurred in line of duty in time of war;

(c) "Service-aggravated disability" means in the case of an officer of the Regular Corps disability from pre-existing disease or injury aggravated in line of duty, and in the case of an officer of the Reserve Corps disability from pre-existing disease or injury aggravated in line of duty in time of war;

(d) "Total disability" means a disability which has continued for 90 days and which totally disables an officer for the useful and efficient performance of the duties of his grade.

(e) "Disability from misconduct or wilful neglect" means a disability resulting proximately from an act or omission in violation of a statute or regulation specifically applicable to the conduct of an officer, including disability proximately resulting from the unauthorized private practice of an officer's profession, or disability proximately resulting from an act or omission which in itself is immoral, including disability proximately resulting from intentional self-inflicted injury, and disability proximately resulting from the excessive use of drugs or intoxicating liquors.

(f) "Recovery" means such recovery by a retired officer from his disability that he is not totally disabled.

SEC. 2.172 *Generally.* An officer shall be retired for service-connected total disability determined to exist in accordance with these regulations.

SEC. 2.173 *Effective date.* Retirement shall be effective on the first day of the month following the expiration of leave accumulated as of the date of the approval by the Administrator of a finding that the officer should be retired pursuant to these regulations or with respect to an officer of the Reserve Corps transferred to inactive duty after July 1, 1944, but before the date of the promulgation of these regulations, on such earlier date as may be prescribed by the Administrator.

SEC. 2.174 *Duration.* Retired pay shall continue for life or until the recovery of the officer.

SEC. 2.175 *Termination; Regular Corps; recall to active duty.* If an officer of the Regular Corps receiving retired pay pursuant to these regulations recovers prior to the date on which he would be retired for age under section 211 (b) of the Act, he shall be recalled to active duty. (Sec. 211 (d), 58 Stat. 688; 42 U.S.C., Sup., 212 (d))

SEC. 2.176 *Termination; Reserve Corps*—(a) *Termination of retired pay.* The retired pay of an officer of the Reserve Corps who recovers shall terminate with the last day of the month in which the Administrator approves a finding that he has recovered.

(b) *Recall to active duty.* If an officer of the Reserve Corps recovers during the period when his commission is in force he shall be subject to call to active duty. (Sec. 211 (d), 58 Stat. 688; 42 U.S.C., Sup., 212 (d)).

SEC. 2.177 *Retired officer; review of disability.* Each officer receiving retired pay pursuant to these regulations shall submit to such examinations as the Surgeon General may direct.

SEC. 2.178 *Relapse after recovery.* If an officer who is retired pursuant to these regulations and whose retired pay has been terminated on account of his recovery shall again become totally disabled and if his relapse is not due to any new intervening cause, he shall again become entitled to retired pay.

SEC. 2.179 *Board to consider entitlement to, or continuation of, retirement status*—(a) *Appointment.* The Surgeon General shall appoint a board of officers to advise him whenever it shall appear to him that an officer may be entitled to retirement under these regulations or that a retired officer may have recovered.

(b) *Composition.* A board shall consist of three or more officers of the Service. The majority of the members shall be medical officers and at least one member shall be of the same profession as the officer whose retirement is being considered.

(c) *Powers.* A board may require an officer whose retirement or the termination of whose retired pay is being considered to undergo such examination by officers of the Service as it may direct and to appear before the board and answer any questions or produce any documents in his possession touching upon his health history or his activities at the time when the alleged disability arose or was aggravated.

SEC. 2.180 *Failure to undergo examination or supply information.* An officer whose retirement or the termination of whose retired pay is being considered under these regulations may be denied retirement pay or his retirement pay may be terminated for wilful failure to supply any information or undergo any examination required by a board or by the Surgeon General pursuant to these regulations.

SEC. 2.181 *Action by Surgeon General and Administrator.* The Surgeon General may order the retirement of an officer, the termination of the retired pay of a retired officer, or the recall to active duty of a retired officer of the Regular Corps, or make such other order as may be consistent with these regulations, and may, in any case, direct a board to make further investigation and reports or may dissolve a board and appoint another board to complete the investigation of or re-investigate a case. He shall forward to the Administrator any order granting or denying retirement, terminating retired pay, or recalling to active duty an officer of the Regular Corps, together with the report and recommendations of the board. The Administrator (1) may approve the order made by the Surgeon General, (2) may disapprove such order, or (3) may return it to the Surgeon General for the submission of additional facts.

SEC. 2.182 *Presumptions.* The following presumptions shall be applicable with respect to disability; and they shall be overcome only by a preponderance of the evidence:

(a) *Good health when appointed.* It shall be presumed that every officer at the time of his appointment was free from all disease or injury not noted in his record.

(b) *Presumption of service-connection of disability*—(1) *Regular Corps.* Every disability from disease or injury not existing at the time of the first active service of an officer of the Regular Corps, except a disability from misconduct or wilful neglect, which manifests itself while the officer is on active duty shall be presumed to be a service-connected disability. It shall be presumed that any disability from disease or injury which does not manifest itself within 60 days of the last active service of an officer of the Regular Corps is not a service-connected disability.

(2) *Reserve Corps.* Every disability from disease or injury not existing at the time of the first active service in time of war of an officer of the Reserve Corps, except a disability from misconduct or wilful neglect, which manifests itself while the officer is on active duty in time of war shall be presumed to be a service-connected disability. It shall be presumed that any disability from disease or injury which does not manifest itself within 60 days of the last active service in time of war of an officer of the Reserve Corps is not a service-connected disability.

(c) *Presumption of service-connection of total disability resulting from partial disability previously determined to be service-connected*—(1) *Regular Corps.* Total disability which results during or within 60 days after the active service of an officer of the Regular Corps from a partial disability previously determined in a proceeding under these regulations to be service-connected shall be presumed to be a service-connected disability.

(2) *Reserve Corps.* Total disability which results during or within 60 days after the active service in time of war of an officer of the Reserve Corps from a partial disability previously determined in a proceeding under these regulations to be service-connected shall be presumed to be a service-connected disability.

(d) *Presumption of service-connection of aggravated disability*—(1) *Regular Corps.* Disability from pre-existing disease or injury aggravated during or within 60 days after the active service of an officer of the Regular Corps shall be presumed to be a service-connected disability.

(2) *Reserve Corps.* Disability from pre-existing disease or injury aggravated during or within 60 days after the active service in time of war of an officer of the Reserve Corps shall be presumed to be a service-connected disability.

SEC. 2.183 *Transmission of information to certain agencies.* The Surgeon General shall forward to the Veterans' Administration or the U. S. Employees' Compensation Commission, upon request, any record or document or a copy or abstract thereof obtained in a proceeding under these regulations.

SEC. 2.184 *Effective date.* Sections 2.171 to 2.183, inclusive, shall be effective as of July 1, 1944.

For Age

SEC. 2.196 *Recall to active duty in time of war.* In time of war the Surgeon General may order any commissioned officer of the Regular Corps retired for age to present himself for examination before a board, and may order to active duty any such officer found physically capable of performing the duties to which he may be assigned: *Provided*, That the tour of duty of any officer so recalled shall not extend beyond the last day of the sixth month following the termination of the state of war. (Sec. 211 (d), 58 Stat. 688; 42 U.S.C., Sup., 212 (d))

SUBPART K—DETAIL ON LEAVE WITHOUT PAY

SEC. 2.201 *Generally.* The Surgeon General, with the approval of the Administrator, may place an officer detailed to a State, a political subdivision thereof, or an institution, pursuant to section 214 (b) or 214 (c) of the Act, on leave without pay for such period as may be agreed upon by the Surgeon General, the State health authority or the head of the institution, and the officer. (Sec. 214 (d), 58 Stat. 690; 42 U.S.C., Sup., 215 (d))

SEC. 2.202 *Requirements.* No officer shall be placed on leave without pay pursuant to these regulations unless his services on a leave-without-pay basis have been requested by the State health authority in case of a detail to a State or a political subdivision thereof, or by the officer in charge of the institution in case of a detail to an institution, and he has applied for detail to the State or political subdivision thereof, or institution, on a leave-without-pay basis. (Sec. 214 (d), 58 Stat. 690; 42 U.S.C., Sup., 215 (d))

SUBPART L—UNIFORMS

Male Officers

SEC. 2.211 *Generally.* Except as provided in section 2.212, the uniforms of male officers of the Service shall be the same as the uniforms now or hereafter prescribed for male commissioned officers of the Coast Guard of corresponding grades, except that:

(a) *Insignia.* Public Health Service insignia shall be substituted for Coast Guard insignia other than appropriate insignia of grade, and,

(b) *Miniature corps device on collar tip.* A metal Public Health Service miniature corps device shall be worn on the left shirt collar tip of the slate gray or khaki uniform in lieu of the grade mark worn by commissioned officers of the Coast Guard.

SEC. 2.212 *Correspondence with Army uniforms in certain cases.* The uniforms of male officers of the Service detailed for duty or serving as liaison officers with the Army, or performing such other assignments in such places or under such circumstances as the Surgeon General may from time to time determine make the wearing of Army type uniforms more appropriate, shall be the same as the uniforms now or hereafter prescribed for male commissioned officers of corresponding grades of the Medical Corps of the Army, except that Public Health Service insignia shall be substituted for Army or Army Medical Corps insignia other than the block letters "U. S." and appropriate insignia of grade.

Female Officers

SEC. 2.221 *Generally.* Except as provided in section 2.222, the uniforms of

female officers of the Service shall be the same as the uniforms now or hereafter prescribed for commissioned officers of the Women's Reserve of the Coast Guard (SPARS) of corresponding grades, except that:

(a) *Insignia.* Public Health Service insignia and headgear shall be substituted for SPAR insignia and headgear other than appropriate insignia of grade.

(b) *Sleeve marking.* The sleeve markings of grade worn on each sleeve of the jacket or blouse and overcoat of the blue uniform shall be of gold-colored lace or thread and shall correspond with the sleeve markings of grade worn on the blue uniform of male officers of the Service of corresponding grades. The sleeve markings of grade worn on each sleeve of the jacket or blouse of the white uniform shall be of gold-colored thread.

(c) *Corps device.* A corps device shall be worn on each sleeve of the jacket or blouse of the blue, white, or striped seersucker uniform and of the overcoat. The corps device worn on the blue jacket or blouse and on the overcoat shall be of gold-colored lace or thread. The corps device worn on the white jacket or blouse shall be of gold-colored thread on a white background. The corps device worn on the striped seersucker jacket or blouse shall be of navy blue thread on a white background. A metal miniature corps device shall be worn on each lapel of the jacket or blouse of the blue, white, or striped seersucker uniform.

(d) *Seersucker uniform; miniature grade marking and corps device on collar tips.* A metal miniature grade marking shall be worn on the right collar tip of the dress of the striped seersucker uniform and a metal miniature corps device shall be worn on the left collar tip of the dress of the striped seersucker uniform.

(e) *Headgear.* Headgear for female officers shall consist of: (1) a *beret* of white material or blue felt with a cap device to be worn at the front or left front, and (2) a *garrison cap* of striped seersucker or blue of any of the materials authorized for the blue uniform, and to be worn with a metal miniature cap device on the left side and a metal miniature grade mark on the right side. The blue or white beret or the blue garrison cap shall be worn with the blue uniform. The white beret shall be worn with the white uniform. The striped seersucker garrison cap or blue beret shall be worn with the striped seersucker uniform.

SEC. 2.222 *Correspondence with Army Nurse Corps uniforms in certain cases.* The uniforms of female officers of the Service detailed for duty or serving as liaison officers with the Army, or performing such other assignments in such places or under such circumstances as the Surgeon General may from time to time determine make the wearing of Army type uniforms more appropriate, shall be the same as the uniforms now or hereafter prescribed for commissioned officers of the Nurse Corps of the Army of corresponding grades, except that Public Health Service insignia shall be substituted for Army or Army Nurse Corps insignia other than the block letters "U. S." and appropriate insignia of grade.

SEC. 2.223 *Nurses, dietitians, and physical therapists; working uniforms.* Commissioned nurses, dietitians, and physical therapists while on duty at hospitals, or while performing other professional duties in which white working uniforms are customarily worn, shall wear a nurse's conventional white working uniform. A metal miniature corps device shall be worn on the left collar tip of this uniform and a metal miniature grade mark shall be worn on the right collar tip of this uniform, each device being worn one inch from the front edge of the collar.

SEC. 2.224 *Nurses on detail to States.* Officers detailed to State or local health departments while engaged in public health nursing, consisting of home visiting or clinical work; may wear the uniform dress, if any, of the State public health department to which detailed, together with the garrison cap with miniature Public Health Service cap device on the left side and a miniature metal grade mark on the right side. While wearing State health department uniforms such nurses shall wear the same collar-tip insignia as commissioned nurse officers on hospital duty.

Male and Female Officers

SEC. 2.231 *Insignia.* Public Health Service insignia shall be:

(a) *Corps device.* An ornament of gold-colored metal or gold-colored lace or thread consisting of a fouled anchor and caduceus crossed as in the seal of the Service, 1 inch high and 1 inch wide. Except when incorporated as part of the cap device, the corps device shall be so placed on the uniform that the staff of the caduceus is vertical and the anchor is pointing inward. The capital letter "N" shall be superimposed upon the corps device of commissioned nurses, and shall be of white or silver-colored lace or thread or gold-colored metal to correspond with the composition of the corps device.

(b) *Miniature corps device.* A corps device $1\frac{1}{16}$ inch high and $1\frac{1}{16}$ inch wide.

(c) *Cap device.* An ornament of gold-colored metal or gold-colored lace or thread consisting of a shield with a chief with thirteen stars surmounted with a spread eagle, head dextral, with the whole placed on the corps device, with dimensions as follows:

Height of shield	$1\frac{3}{16}$ inches
Height of eagle	$\frac{7}{8}$ inch
Wing spread of eagle	$2\frac{1}{8}$ inches
Staff of caduceus	$2\frac{1}{2}$ inches
Length of anchor	$2\frac{1}{2}$ inches

(d) *Miniature cap device.* A cap device with dimensions as follows:

Height of shield	$\frac{1}{2}$ inch
Height of eagle	$\frac{1}{2}$ inch
Wing spread of eagle	$1\frac{3}{16}$ inches
Staff of caduceus	$1\frac{3}{16}$ inches
Length of anchor	$1\frac{3}{16}$ inches

(e) *Chin strap.* A sliding leather strap faced with gold-colered lace or thread, $\frac{1}{2}$ inch wide, with a center band of maroon running lengthwise, $\frac{1}{16}$ inch wide, with brass eyelets at each end, and with two slides of the same width and design as the strap at right angles to the strap.

(f) *Buttons.* Buttons of the same composition and arrangement as on the corresponding article of uniform clothing of a commissioned officer of the Coast Guard, Women's Reserve of the Coast Guard (SPARS), Medical Corps of the Army, or Nurse Corps of the Army, with the corps device of the Public Health Service embossed on the button.

SEC. 2.232 *Wearing of uniforms in time of war.* In time of war, officers of the Service on active duty, unless excepted by the Surgeon General, shall appear in uniform.

SEC. 2.233 *Wearing of uniforms in time of peace.* In time of peace, the Surgeon General shall from time to time designate those stations of the Service at which, and those areas, if any, in which officers of the Service shall wear uniforms.

SEC. 2.234 *Uniform of the day; generally.* The Surgeon General, or such officers as he may designate, shall from time to time prescribe the uniform of the day to be worn at particular stations of the Service or in particular areas at the seasons of the year and on dress occasions, and the Surgeon General, or such officers as he may designate, may also prescribe the circumstances under which uniforms need not be worn.

SEC. 2.235 *Uniform of the day; certain officers.* Officers of the Service detailed for duty with the Army, Navy, Coast Guard, or Coast and Geodetic Survey shall wear the uniform of the day most nearly corresponding to that worn by the unit with which such officers are serving.

SEC. 2.236 *Wearing of uniforms; inactive, retired, or former officers.* Unless authorized by the Surgeon General with the approval of the Administrator, officers of the Reserve Corps on inactive duty and retired officers of the Regular Corps shall not wear uniforms except on occasions of ceremony: *Provided*, That the Surgeon General may authorize an officer to wear the uniform of his grade for a period not to exceed 30 days following the termination of his commission, his transfer to inactive duty, or his retirement. (Sec. 510, 58 Stat. 711; 42 U.S.C., Sup. 228)

Other Persons

SEC. 2.241 *Persons authorized to wear similar insignia or uniforms.* Employees of the Public Health Service while wearing uniforms in accordance with regulations of the Surgeon General approved by the Administrator, members of the U. S. Cadet Nurse Corps, or persons authorized by the Surgeon General to wear a uniform similar to the uniform of members of the United States Cadet Nurse Corps may wear Public Health Service insignia, or insignia similar thereto, or uniforms similar to Public Health Service uniforms. (Sec. 510, 58 Stat. 711; 42 U.S.C., Sup. 228)

SEC. 2.242 *Wearing of certain insignia, or of ornamental jewelry resembling insignia.* Persons not in uniform and not representing themselves to be commissioned officers of the Public Health Service or members of the United States Cadet Nurse Corps may wear ornamental jewelry resembling Public Health Service insignia, or may wear the corps device, or cap device, or miniatures thereof, in honor of a commissioned officer of the Public Health Service or a member of the United States Cadet Nurse Corps. (Sec. 510, 58 Stat. 711; 42 U.S.C., Sup., 228)

SUBPART M—DECORATIONS

SEC. 2.251 *Military, naval, or foreign government decorations.*—(a) *Campaign decorations.* Medals, ribbons, or decorations authorized to be worn by members of the armed forces to signify service in time of war or at other times or service in any campaign or theater of operations may be worn by commissioned officers of the Service who served or shall serve on active duty during such war or other times or in such campaign or theater of operations, such authorization to be governed by the same rules and regulations as prescribed for the armed forces and for service with or under the jurisdiction of the armed forces.

(b) *Other decorations.* Commissioned officers may be awarded, and may accept and wear, military ribbons, decorations, or medals awarded by the United States or by a foreign government under the same circumstances as may now or hereafter be provided by law in the case of members of the armed forces of the United States. (Sec. 212 (d), 58 Stat. 689; 42 U.S.C., Sup., 213 (d))

SEC. 2.252 *Wound or service chevrons.* Commissioned officers who served or shall serve with the Army during the First World War or the Second World War may wear, with respect to such service, the wound or service chevrons prescribed by the Army.

SEC. 2.253 *Other medals, ribbons, or badges.* Commissioned officers may wear medals, ribbons, or badges awarded to them by the Treasury Department. The distinctive badges adopted by military, hereditary, and patriotic societies composed of persons or descendants of persons who served in the armed forces of the United States or in the Service during the Colonial wars, the War of the Revolution, the War of 1812, the Mexican War, the Civil War, the Spanish-American War, the First World War, and the Second World War, respectively, may be worn on all occasions of ceremony by commissioned officers who are regular members of such organizations and entitled by their rules to wear such decorations.

SUBPART N—DISCIPLINE

General Provisions

SEC. 2.261 *Applicability.* The provisions of this subpart shall apply to all commissioned officers, whether on leave, on active duty, or retired, except that they shall not apply to officers on detail pursuant to section 214 of the Act to the extent that such regulations may be inconsistent with the special service in which they are engaged. Officers detailed for duty with the Army, Navy, or Coast Guard are subject to the laws for the government of the Service to which detailed. During the effective period of Executive Order 9575 of June 21, 1945, disciplinary action may be initiated, prosecuted, and completed either in accordance with the provisions of the said Order or in accordance with the provisions of this subpart, or as otherwise specified in section 3.21.

SEC. 2.262 *Orders of superior officers.* Officers are required to observe and promptly to obey the lawful orders of the Surgeon General and all other official superiors. Such orders may be written or oral, but all countermanding orders shall be in writing unless the original order was oral and is countermanded by the officer who issued it.

SEC. 2.263 *Officer in charge; designation.* The officer in charge of a station shall have authority over all officers serving with him and shall enforce Service regulations and issue and enforce such lawful orders as he may deem necessary for proper administration of the station. As used in these regulations, "officer in charge" means the officer so assigned by the Surgeon General.

SEC. 2.264 *Officers in temporary charge; designation.* In the event of the absence, disability, or death of the officer in charge, the ranking officer assigned to the station shall be in temporary charge and perform the duties of the officer in charge: *Provided*, That at hospital, medical relief, quarantine, and such other stations as the Surgeon General may designate, the next ranking medical officer shall be the officer in temporary charge.

SEC. 2.265 *Officer in temporary charge; authority.* An officer in temporary charge shall make no substantial changes in the regular routine of the station unless such changes are found to be necessary from conditions of emergency or changed circumstances. Any order making such change together with the reasons therefor shall be entered in the files of the station over the signature of the officer in temporary charge.

SEC. 2.266 *Official correspondence.* All official communications written by officers relative to matters of official business shall be forwarded through the officer in charge.

SEC. 2.267 *Furnishing information.* No officer shall publish or furnish for publication any official reports of current statistics of the operations of the Service or any information concerning the Service without authority from the Surgeon General; nor shall an officer publish or offer for publication any article dealing with professional subjects or the policy of the Service unless said articles shall have been submitted to and approved by the Surgeon General or his designated representative. No reports or information concerning the Service shall be volunteered to the press without the consent of the officer in charge, to whom also representatives of the press shall be referred when requesting information.

SEC. 2.268 *Letters of recommendation.* No officer shall give any letter of recommendation with respect to any article of manufacture or on behalf of any firm or corporation.

SEC. 2.269 *Outside employment.* No officer on active duty shall render any professional services for remuneration except with written approval of the Surgeon General.

SEC. 2.270 *Reporting when detailed.* Officers detailed for duty to other Executive departments or independent establishments of the Government shall report by letter, telegram, or in person to the secretary of such department or head of the independent establishment or to the chief officer of the particular service to which detailed.

SEC. 2.271 *Misconduct.* The following actions or conduct shall constitute grounds for disciplinary action pursuant to these regulations: (a) wilful disobedience of the lawful orders of a superior officer, (b) negligence or carelessness in obeying orders, (c) excessive use of drugs or intoxicating liquors, (d) disorderly or immoral conduct tending to bring discredit upon the officer or upon the Service, or upon both, (e) financial irregularities, (f) use of language disrespectful of official superiors or other officers, (g) any publication or public statement impugning the professional competency or personal character of another officer, (h) waste of public property or knowingly permitting such waste, (i) conviction of a felony or an offense involving moral turpitude, (j) wilful submission of false information in application for appointment or in any proceeding of the Service, (k) abusive treatment of subordinate officers or employees, of patients or beneficiaries of the Service, or of members of the public in their dealings with the Service, (l) absence without leave unless excused for good cause, (m) violation of any regulation prescribed for the government of the Service.

SEC. 2.272 *Summary punishment.* The officer in charge may impose upon an officer subject to his authority the following punishment for misconduct during any period when the latter was so subject: (a) private reprimand; (b) suspension of privileges pending immediate report of such misconduct to, and instruction from, the Surgeon General. Any such action shall be entered on the Service record of the officer. Such entry shall include the date and nature of the offense and the action taken.

SEC. 2.273 *Leave of absence during pendency of charges.* An officer authorized to grant leave of absence shall not grant leave to an officer against whom charges are pending, but requests for leave at that time shall be referred to the Surgeon General for action.

SEC. 2.274 *Grievances.* If any officer shall consider himself aggrieved by another officer and fails to secure an adjustment of the matter to his satisfaction, he may report such fact in writing through the officer in charge to the Surgeon General.

Boards of Investigation

SEC. 2.281 *Order to appear before board; time limitations.* When an officer

is charged by his superior officer, or by any responsible person or persons, with conduct constituting a ground for disciplinary action under these regulations, he may be ordered to appear before a board of investigation, but no officer shall be so ordered to appear or punished for any offense connected with the Service committed more than one year before the issuance of such order. Any period during which an officer is outside the continental United States or in Alaska or any period during which discovery of the offense was prevented by the giving of false information by or in behalf of an officer shall not be counted as part of such one-year limitation.

SEC. 2.282 *How convoked.* A board of investigation may be ordered by the Administrator or by the Surgeon General. Such order shall include the time and place of assembly.

SEC. 2.283 *Composition.* The board shall consist wholly of commissioned officers of the Service and of not less than three members, who shall be appointed by the Administrator upon recommendation of the Surgeon General. The members of the board shall, if practicable, be senior in rank to the accused officer and shall, if practicable, include at least one officer of the same profession as the accused officer.

SEC. 2.284 *Authority.* The board shall hear the case and make a report of its findings. If the accused officer is found guilty, the board shall make recommendations as to punishment which shall be limited to the following:

(1) Dismissal from the Service;
(2) Reduction of grade;
(3) Reduction of rank number in his own grade;
(4) Retention of his present number on register for a specified time or until a specified number of officers shall have been promoted over him;
(5) Official reprimand by circular letter;
(6) Official reprimand by Surgeon General;
(7) Any combination of (2), (3), (4), (5), and (6).

SEC. 2.285 *Service representative.* In connection with any proceeding before a board of investigation, the Surgeon General shall detail an officer of the Service, not liable to be summoned as a witness, to prepare a statement of the charges and specifications against the accused officer and to act in the interest of the government as Service representative before the board. The Service representative shall not be a member, and shall be independent of the control of the board. The Service representative shall investigate all the circumstances of the case. All persons connected with the Service shall furnish the Service representative with such information within their knowledge as he may request. He shall have the right to be furnished with such instructions and papers or copies thereof as may be necessary for his guidance.

SEC. 2.286 *Notice of charges; right to counsel.* When charges are preferred against an officer for the investigation of which a board of investigation is ordered, the officer shall be furnished with a copy of such charges and the specifications thereof and shall be notified that he may, if desired, have counsel to aid in his defense.

SEC. 2.287 *Presiding officer.* The senior officer of the board shall be the presiding officer. He shall (1) preserve order, (2) decide upon matters relating to the routine of business, (3) request the presence of witnesses, (4) administer oaths as required, and (5) adjourn the board from day to day. He shall be authorized at any time to order the exclusion from the room of any person other than the members of the board, the recorder, stenographer, the accused and his counsel, and the Service representative, and to order a closed session limited to members of the board for the purpose of deliberation upon objections to questions and evidence and upon the validity of challenges and pleas, and of formulating its findings and recommendations. Should any member of the board object to a decision of the presiding officer the question shall be submitted to and decided by a majority vote of the board.

SEC. 2.288 *Recorder.* The junior officer of the board shall be recorder. Under the direction and control of the board it shall be his duty (1) to record the proceedings, (2) to append original documents (or authenticated copies thereof) to the record, (3) to have custody of the record and all documents submitted to the board, (4) to assist the board in systematizing the information it may receive, (5) to render the board such assistance as will enable it to present the facts to the convoking authority, (6) to read the charges and specifications when the accused is arraigned, (7) if practicable to read the record of the proceedings of the preceding session at the opening of each session, (8) as may be directed by the presiding officer, to prepare and send out requests to witnesses to appear and testify, and (9) in conjunction with the presiding officer to authenticate the proceedings by his signature.

SEC. 2.289 *Stenographer.* Stenographic assistants shall be employed to record the testimony.

SEC. 2.290 *The record.* Except as otherwise provided, the entire proceedings of the board shall be fully set forth in the record, which shall be signed by the chairman and the recorder. Such record shall be confidential and shall not be disclosed, except for the purposes of the proceedings, provided that the accused and his counsel may be permitted access to the record for the purpose of preparing his defense in such proceedings.

SEC. 2.291 *Oath of board members.* (a) When the board assembles, the recorder shall read the order convoking it. Such order shall be read in the presence of the Service representative, the stenographer, the accused officer, and his counsel. The recorder shall then administer the following oath to each member of the board: "I do solemnly swear (or affirm) that I will carefully and impartially investigate and try the case now about to be opened; that in announcing my conclusions and recommendations to be embodied in the report of this board to be submitted to the convoking authority, I will be governed wholly by the evidence adduced, and I will not be influenced for or against the accused by anything not clearly shown in the recorded evidence; so help me God." The presiding officer shall then administer the same oath to the recorder of the board.

SEC. 2.292 *Affirmations.* The closing phrase invoking the Deity in the oaths prescribed in these regulations shall be omitted in cases of affirmation.

SEC. 2.293 *Oath of recorder and stenographer.* The recorder and the stenographic assistants shall then be sworn by the presiding officer to keep a true record of proceedings, as follows: "I do solemnly swear (or affirm) that I will faithfully perform the duties of recorder (or stenographer) to this board, and that I will not divulge any of the proceedings of the investigation; so help me God."

SEC. 2.294 *Sessions.* The board shall sit daily, except Sundays and holidays, until a decision is reached unless temporarily adjourned or dismissed by the authority which convoked it: *Provided*, That the presiding officer may, for good cause, grant a continuance to either party for such time and as often as may appear to be just. When the proceedings of the board have commenced they shall not be suspended or delayed on account of the absence of any of the members if a majority is present, and in the absence of the accused officer without good cause the board may proceed as if he were present.

SEC. 2.295 *Challenges.* The presiding officer shall ask the accused whether he objects to being tried by any member of the board, and, in case of objection, he shall state his reasons therefor. The recorder shall enter a minute of the inquiry and of the answer upon the records. A challenged member shall have the right to reply to the accused. All parties except the unchallenged members shall be excluded until a decision has been reached upon the validity of the challenge by the remaining members of the board. Should the challenge be sustained, the facts shall be reported by the presiding officer to the Surgeon General, and if the number of members is reduced below three the board shall adjourn until instructions are received. Each challenge, whenever the accused wishes to challenge more than one member, shall be received and considered separately.

SEC. 2.296 *List of witnesses.* The Service representative and the accused shall each furnish the presiding officer a list of his witnesses. Other witnesses may be introduced at a later stage of the investigation upon giving reasonable notice. The notice to testify shall be prepared by the recorder and signed by the presiding officer.

SEC. 2.297 *Reading of charges and specifications.* The recorder shall read in the presence of the accused the charges and specification of charges preferred against him, and the accused shall be called upon to plead on each specification and charge *seriatim*, as follows: The recorder shall read the specification of the first charge, and the presiding officer shall then address the accused by name and designation and ask whether he is guilty or not guilty of the specification just read. Each specification shall be read and the accused asked to plead in each instance until all of the specifications of the first charge have been covered. Then the charge shall be read and the accused be required to plead to that. The specifications and charges shall be pleaded to in this manner until all have been covered.

SEC. 2.298 *Plea to charges.* If the accused officer is present and refuses to plead, the presiding officer shall direct a plea of "not guilty" to be entered.

SEC. 2.299 *Plea in bar.* A plea in bar of investigation shall be in writing, signed by the accused, and appended to the record. Witnesses may be called and arguments submitted by both parties upon such plea. The board shall deliberate upon the matter in closed session, and, upon reopening, the board's decision shall be announced by the presiding officer. If the plea is sustained, a report shall be forwarded to the convoking authority and the board shall adjourn to await further orders.

SEC. 2.300 *Preliminary instructions to witnesses.* Witnesses other than the accused shall be present only when testifying and shall be warned that they are not to converse on any matter pertaining to the pending investigation.

SEC. 2.301 *Calling of witnesses; oath.* The witnesses shall be called before the board separately. The presiding officer shall administer to each the following oath: "I do solemnly swear (or affirm) that I will make true answers to such questions as may be propounded to me; so help me God." Witnesses shall be cautioned before giving their testimony to testify only to facts which are within their own knowledge.

SEC. 2.302 *Verification of testimony.* After the testimony of the witness is closed the whole of his testimony as recorded may be read over to him and, when corrected in such parts as are in error, he shall sign it. The signatures of the witnesses shall be authenticated by the presiding officer of the board.

SEC. 2.303 *Witness fees.* Upon the application of the presiding officer payment of the usual witness fees to witnesses unconnected with the Government service may be authorized.

SEC. 2.304 *Evidence; admissibility.* Evidence may be received by the board even though inadmissible under rules of evidence applicable to court procedure. The Service representative or the counsel for the accused may, however, object to the admission of evidence or testimony on the ground that it is irrelevant, immaterial, incompetent, or otherwise improper, and if such objection is overruled by the board he shall be allowed to enter his objection upon the record. Notwithstanding the provisions of section 2.281 of these regulations, whenever it shall appear to the board to be material to the charges to prove or disprove a particular habit of the accused, evidence as to his record in that regard for a period of three years prior to the order convoking the board shall be admissible.

SEC. 2.305 *Depositions.* Depositions of individuals who are unable to appear in person before the board and whose testimony is material to a complete investigation of the case may be received, provided that the accused shall be given an opportunity to have a representative present when the deposition is taken.

SEC. 2.306 *Order of examination.* The evidence on the part of the Service shall be first taken. The evidence for the defense shall be taken when the Service rests. Either side may rest at pleasure. The examination of witnesses shall close by taking such testimony as may be offered in rebuttal, surrebuttal, impeachment, and to sustain the credibility of those witnesses whose testimony an effort has been made to impeach. The board may recall a witness at any stage of the proceedings, provided that the right of cross-examination by the accused and the Service representative shall not be denied. Each witness shall first be examined in chief by the party who summons him, and then cross-examined by the opposite party. In case of new matter being introduced on cross-examination, the party calling the witness may examine him with respect to such matter, and, under like circumstances, a recross-examination shall be permitted. The board may put such questions to the witness as may be deemed necessary; a question by a member of the board generally shall not be asked until the Service representative and the accused have finished their examinations.

SEC. 2.307 *Testimony of accused.* The accused may, in any case, testify in his own behalf, but his failure to do so shall create no presumption against him. He may decline to answer any questions which may tend to incriminate him.

SEC. 2.308 *Defense rebuttal.* When the examination of witnesses is closed the accused may present argument in his defense, in writing or orally, in person or by counsel. This statement, if written, may be read before the board. The whole shall become a part of the record.

SEC. 2.309 *Reply of Service representative.* The Service representative shall have the right to reply to the defense in writing or orally, and this reply shall become a part of the record.

SEC. 2.310 *Close of hearing.* When the Service representative and the defense have completed their arguments, the hearing shall be closed. The board may, however, before its finding, authorize re-opening for the introduction of new evidence, provided it be shown that the evidence is material and its omission would leave the case incomplete. The board shall then retire to consider the record.

SEC. 2.311 *Consideration by board.* (a) When the board has sufficiently examined the evidence, the presiding officer shall put the question upon each specification of each charge, beginning with the first, whether the specification is "proved," "not proved," or "proved in part." No written minute of the votes shall be preserved unless so ordered by the unanimous vote of the board. In any oral vote the member of the board who is junior in rank shall vote first. When a majority of the board agrees upon a finding it shall be so recorded.

(b) When the members have voted upon all the specifications of any charge the question shall be put upon the charge to each member, "Is the accused guilty of this charge, or not guilty?" When a majority decision is arrived at, the result shall be recorded. The board shall then proceed to the next charge and specifications until votes have been taken and decisions recorded upon all the charges and specifications.

(c) When the members of the board have voted upon all the charges, if the accused has been found guilty upon any of them the members shall proceed to vote upon the punishment to be recommended. Each member shall write down the punishment which he believes should be recommended and shall hand his vote to the presiding officer, who shall announce the result. If a majority shall not have agreed upon the nature and degree of the punishment to be recommended, the chairman shall proceed, beginning with the mildest punishment that has been proposed and continuing, if necessary, to the next more severe punishment, and so on, successively, until a punishment to be recommended has been decided upon by a majority of the members of the board.

(d) A finding of guilty shall not be entered on a charge other than a charge specified. In case evidence develops which in the opinion of the Service representative warrants additional charges and specifications, appropriate recommendation shall be made with respect thereto by the Service representative to the Surgeon General. The Service representative shall give due notice to the presiding officer, whereupon the board shall await further instructions from the Surgeon General.

SEC. 2.312 *Findings and recommendations of board.* After all charges and specifications have been voted upon, the recorder, under the direction of the board, shall draw up the findings, specifying as to each charge whether the accused has been found guilty or not guilty, and, on approval by the board, shall enter such findings upon the record, together with the recommendations of the board as to punishment and clemency if the accused has been found guilty of any charge.

SEC. 2.313 *Recommendations of board.* (a) In arriving at its recommendations as to the nature and degree of the punishment, if any, to be imposed, the board shall take into consideration all previous convictions and the official record of the accused. If mitigating circumstances have appeared during the

proceedings which could not be taken into consideration in determining the degree of guilt found by the verdict, the board may avail itself of such circumstances as grounds for recommending clemency. Any recommendation for clemency shall be inserted immediately after the recommendation as to punishment.

SEC. 2.314 *Report to accompany record.* The board shall prepare a report to accompany the record and in such report shall review the evidence as a whole, with specific reference to all evidence and to any conclusions of law on controverted questions upon which the findings are based. The report of the board shall be signed by the members concurring; any member or members not concurring, in whole or in part, may submit and sign a minority report.

SEC. 2.315 *Transmittal of record and report.* After the record (including the transcript of the testimony) and other documents have been signed, they shall be forwarded by the presiding officer to the Surgeon General. The board shall then adjourn pending further orders.

Action Upon Findings and Recommendations of Board

SEC. 2.321 *Action by Surgeon General.* The Surgeon General shall review the record, report, and recommendations of the board, and may either order further investigation by the board or transmit the papers in the case to the Administrator with his recommendations.

SEC. 2.322 *Action by the Administrator.* No recommendation for punishment shall be effective until approved by the Administrator. The Administrator shall review the record, report, and recommendations of the board and the recommendations of the Surgeon General, and may either order a further investigation by the board or approve the findings and recommendations in whole or in part; or, upon the basis of the approved findings, he may order punishment or a grant of clemency or other disposition not inconsistent with these regulations. The disposition of a case by the Administrator shall be final.

[Amdt. 2]

PART 413—COTTON CROP INSURANCE REGULATIONS

PAYMENT OF PREMIUM, 1945

The 1945 Cotton Crop Insurance Regulations contained in Part 413 are hereby amended as follows:

Paragraph (a) of § 413.10, is amended to read:

§ 413.10 *Manner of payment of premium.* (a) Each applicant for insurance shall sign a note in the form and manner prescribed by the Corporation. Such note shall represent a promise to pay the Corporation the total premium for all insurance units covered by the insurance contract and shall be payable on or before the maturity date specified in § 413.46 hereof. Such note shall bear interest after maturity at the rate of one-half of one percent for each calendar month or portion thereof, except that no interest shall be charged on any amount paid within two calendar months after maturity. *Provided, however,* That, if, through no fault of the insured, notification of the amount due is not issued to the insured at least fifteen days before the end of the two calendar month period, then no interest shall be charged on any amount paid within fifteen days after the date of such notification.

Adopted by the Board of Directors on October 24, 1945.

Chapter VII—Production and Marketing Administration (Agricultural Adjustment)

PART 722—COTTON

COTTON MARKETING QUOTAS FOR 1946–47 MARKETING YEAR AND NATIONAL, STATE, COUNTY AND FARM COTTON ALLOTMENTS FOR 1946

Whereas, the Agricultural Adjustment Act of 1938, as amended, provides for the proclamation of certain data concerning the supply and consumption requirements requisite to the establishment of a national allotment for cotton and marketing quotas for cotton, and

Whereas, said act further provides that the powers therein granted shall not be used to discourage the production of sufficient supplies of foods and fibers to maintain normal domestic consumption, taking into consideration current trends in consumption and export and the quantities of substitutes available at fair prices, and

Whereas, said act further provides that quotas shall be terminated if it is determined that such action is necessary in order to effectuate the declared policy of the act or to meet a national emergency, and

Whereas, an investigation has been made which reveals that it is necessary, in order to meet the present emergency and to effectuate the declared policy of the act, to dispense with marketing quotas for cotton for the marketing year beginning August 1, 1946, and with national, State, county and farm acreage allotments for cotton for the 1946 crop.

Now, therefore, pursuant to the foregoing authority it is hereby determined and proclaimed that:

§ 722.801 *Findings and determinations.* In order to meet the national emergency and to effectuate the declared policy of the act, cotton marketing quotas will not be in effect with respect to the marketing year beginning August 1, 1946, and no national, State, county or farm acreage allotments for cotton for the 1946 crop will be established under the provisions of Title III of the Agricultural Adjustment Act of 1938, as amended.

[Docket No. 5055]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

DIP NET SMELT FISHERMEN'S ASSN. ET AL.

§ 3.27 (d) *Combining or conspiring—To enhance, maintain or unify prices:* § 3.27 (h) *Combining or conspiring—To restrain and monopolize trade.* In connection with the offering for sale, sale, and distribution of fish in commerce, and on the part of respondent association and all of its members, respondent members of its managing committee, and four respondents named individually and as members of respondent association, and respondent wholesalers, entering into, continuing, cooperating in, or carrying out any planned common course of action, agreement, understanding, combination, or conspiracy between or among any two or more of said respondents and others not parties to this proceeding, to (1) limit or restrict the total quantity of fish to be caught by the members of the respondent association, or the quantity to be caught by any individual member of said association; (2) fix or establish uniform prices for fish caught by the members of said association, or adhere to or maintain any prices so fixed or established; or (3) enter into or continue in effect any agreement whereby the docks or warehouses of the respondent wholesalers are leased to the respondent association or any of its members, or enter into or continue in effect any other agreement or arrangement whereby the respondent association or its members are enabled to monopolize the dock or warehouse facilities available in Kelso, Washington, for the handling of fish; prohibited, subject to the provision, however, that the order shall not be construed so as to impair any right of the respondent association and its members to organize and act in the manner and to the extent provided for by the Act of Congress authorizing associations of producers of aquatic products, approved June 25, 1934 (48 Stat. 1213–1214; 15 U. S. C., Sec. 521–522). (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., sec. 45b) [Cease and desist order, Dip Net Smelt Fishermen's Association et al., Docket 5055, October 8, 1945]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 8th day of October, A. D. 1945.

In the Matter of Dip Net Smelt Fishermen's Association, an Unincorporated Association, and Its Committee as Follows: V. G. Davis, Kris Pedersen, and C. W. Fisher; and Its Members, Including the Following as Representatives of the Members: Walter Dixon, A. A. Fisher, Paul Plebuch, and Lloyd Dixon; Columbia River Smelt Corporation, Cowlitz Smelt Company, Olie Soleim, Doing Business Under the Name of Central Smelt Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers of certain of the respondents, testimony and other evidence introduced before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner and the exceptions thereto, and briefs in support of and in opposition to the complaint (oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commision Act:

It is ordered, That respondent Dip Net Smelt Fishermen's Association and all of its members; and respondents V. G. Davis, Kris Pedersen, and C. W. Fisher, members of the managing committee of said association; and respondents Walter Dixon, A. A. Fisher, Paul Plebuch, and Lloyd Dixon, individually and as members of said association; and respondents Columbia River Smelt Corporation, a corporation, Cowlitz Smelt Company, a corporation, and Olie Soleim, individually and trading as Central Smelt Company, these three respondents being hereinafter referred to as "the respondent wholesalers"; and the respondents' respective officers, agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of fish in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from entering into, continuing, cooperating in, or carrying out any planned common course of action, agreement, understanding, combination, or conspiracy between or among any two or more of said respondents, or between any one or more of said respondents and others not parties to this proceeding, to do or perform any of the following acts or things:

1. Limiting or restricting the total quantity of fish to be caught by the members of the respondent association, or the quantity to be caught by any individual member of said association.

2. Fixing or establishing uniform prices for fish caught by the members of said association, or adhering to or maintaining any prices so fixed or established.

3. Entering into or continuing in effect any agreement whereby the docks or warehouses of the respondent wholesalers are leased to the respondent association or any of its members, or entering into or continuing in effect any other agreement or arrangement whereby the respondent association or its members are enabled to monopolize the dock or warehouse facilities available in Kelso, Washington, for the handling of fish.

Provided, however, That this order shall not be construed so as to impair any right of the respondent association and its members to organize and act in the manner and to the extent provided for by the act of Congress authorizing associations of producers of aquatic products, approved June 25, 1934 (48 Stat. 1213–1214; 15 U.S.C., sec. 521–522)

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

AUTHORITY: §§ 301.1 to 301.6, inclusive, issued under sec. 4, 48 Stat. 945, as amended by sec. 4, Public Law 130, 79th Cong.; 19 U.S.C. 1354; E.O. 6750, June 27, 1934, as amended by E.O. 9647, October 25, 1945.

§ 301.1 *Creation of Committee.* The Committee for Reciprocity Information, created by Executive Order 6750, issued June 27, 1934, as amended by Executive Order 9647, issued October 25, 1945, consists of members designated from the personnel of their respective agencies by the Chairman of the United States Tariff Commission, the Secretary of State, the Secretary of the Treasury, the Secretary of War, the Secretary of the Navy, the Secretary of Agriculture, the Secretary of Commerce, and the heads of such other agencies as the Secretary of State may designate on the recommendation of the Committee. The Chairman of the Committee shall be designated from among the members of the Committee by the Secretary of State.

§ 301.2 *Functions of Committee.* The Committee shall accord reasonable opportunity to interested persons to present their views on any proposed or existing trade agreement or any aspect thereof.

§ 301.3 *Office of Committee.* The office of the Committee shall be at the Tariff Commission Building, Eighth and E Streets, N. W., Washington 25, D. C., and shall be open on each business day, Monday through Friday, from 8:45 a. m. to 5:15 p. m. (The office is not open on Saturday.)

§ 301.4 *Confidential information.* All information submitted to the Committee by interested parties other than that presented at public hearings is confidential and for the use only of the Committee and the interdepartmental trade agreements organization.

§ 301.5 *Action taken upon information received.* All information submitted to the Committee, written and oral, is digested for the use of and distributed to all governmental organizations directly concerned with trade agreement matters, or with the particular subject matter to which the information relates.

§ 301.6 *Publication of notices.* Concurrently with the formal notices published by the Department of State of intention to negotiate trade agreements with foreign countries, the Committee publishes notices of the time during which views in writing may be presented, together with the time set for the hearing of oral presentation of views. Such notices are published in the FEDERAL REGISTER, the Department of State Bulletin, the weekly Treasury Decisions, and the Foreign Commerce Weekly.

PART 302—RULES APPLICABLE TO WRITTEN PRESENTATION OF VIEWS

Sec.
302.1 Time and place of submission.
302.2 Number of copies.
302.3 Form of submission.

AUTHORITY: §§ 302.1 to 302.3, inclusive, issued under sec. 4, 48 Stat. 945, as amended by sec. 4, Public Law 130, 79th Cong.; 19 U.S.C. 1354; E.O. 6750, June 27, 1934, as amended by E.O. 9647, October 25, 1945.

§ 302.1 *Time and place of submission.* Notices of the time during which views in writing may be presented for consideration prior to negotiation of a trade agreement are published concurrently with the formal notice of intention to negotiate the agreement. Views in writing should be addressed to the Committee for Reciprocity Information, Tariff Commission Building, Washington 25, D. C. Views in writing can be assured of full consideration only if received by the Committee before the close of the period announced for their submission to the Committee.

§ 302.2 *Number of copies.* Written views must be submitted in not less than ten copies.

§ 302.3 *Form of submission.* No special forms are required in presentation of written views to the Committee other than that they shall be legibly typed, printed, or mimeographed, and at least one copy of those submitted shall be under oath or affirmation.

PART 303—RULES APPLICABLE TO ORAL PRESENTATION OF VIEWS

Sec.
303.1 Request for permission to present oral testimony.
303.2 Notice of permission to present oral testimony.
303.3 Oath.
303.4 Presentation of oral testimony other than at public hearings.

AUTHORITY: §§ 303.1 to 303.4, inclusive, issued under sec. 4, 48 Stat. 945, as amended by sec 4, Public Law 130, 79th Cong.; 19 U.S.C. 1354; E.O. 6750, June 27, 1934, as amended by E.O. 9647, October 25, 1945.

§ 303.1 *Request for permission to present oral testimony.* Requests to present oral views to the Committee at public hearings must be made prior to the expiration of the time for submitting such requests and will be granted only if written views have been submitted by or on behalf of the person making the request. Oral presentations should supplement information contained in written views.

§ 303.2 *Notice of permission to present oral testimony.* After receipt and consideration of requests to present oral testimony, the Committee will notify the applicant whether or not the request is granted, and, if so, the time and place of the hearing.

§ 303.3 *Oath.* All oral statements made to the Committee at public hearings shall be under oath or affirmation.

§ 303.4 *Presentation of oral testimony other than at public hearings.* Persons desiring to make oral presentations to the Committee other than at public hearings may request an informal conference with the Committee. Such conference may be arranged for discussion of any phase of trade agreement matters, and request therefor should be accompanied by a statement of the reasons for the application. Ten copies of such statement should be submitted to the Committee.

EDWARD YARDLEY, *Executive Secretary.*

PART 4600—RUBBER, SYNTHETIC RUBBER AND PRODUCTS THEREOF

[Rubber Order R–1, Appendix II, as Amended Nov. 15, 1945]

APPENDIX II—MANUFACTURING REGULATIONS

Appendix II, *Manufacturing Regulations*, as amended May 30, 1945, is hereby amended to read as follows:

Appendix II to Rubber Order R–1 establishes certain compounding proportions and manufacturing regulations for many of the products enumerated in Table B of Appendix I to Rubber Order R–1. These compounding proportions and manufacturing regulations are set out in the so-called lists appearing below:

(a) *Limitation on production of rubber products.* No person may manufacture any of the products covered by the lists set out in this Appendix II except in accordance with the restrictions and regulations in the list applicable to the product.

(1) The regulations set forth in the lists apply to all purchase orders.

(2) The regulations in the lists are not applicable to the manufacture of experimental products or experimental compounds designed for:

(i) The substitution of synthetic rubber, reclaimed rubber or scrap rubber for natural rubber and natural rubber latex.

(ii) The conservation of natural rubber, natural rubber latex, butyl rubber and chlorinated natural rubber.

(b) *General provisions.* (1) The total rubber hydrocarbon (designated total RHC in this appendix) is the sum total of natural rubber, synthetic rubber and the rubber hydrocarbon value of reclaimed rubber. The rubber hydrocarbon value of reclaimed rubber shall be calculated from the rubber value of reclaimed rubber as certified by the manufacturer of the reclaimed rubber and shall be determined by the "difference, or indirect" method.

(2) References to Army, Navy, Federal, Railroad, etc., specifications by number mean the latest issue or amendment of the particular specifications.

TABLE OF LISTS INCLUDED IN APPENDIX II

Number	*Title*
2	Tire and flap curing bags.
3	Airplane tire tubes.
5	Rubber footwear.
6	Manufacture and identification of tires and tire casings.
7	Tire and tube repair materials.
8	Tires and tire casings (except airplane and bicycle tires).
9	Tire tubes (except airplane and bicycle tire tubes).
10	Tire flaps.
12	Airplane tires and tire casings.
13	Retreading materials.
14	Tank tracks and band tracks.
15	Use of high-tenacity rayon cord.
16	Tire tube valves (except bicycle tire tube valves).
17	Bicycle tires and tubes.

LIST 2—MANUFACTURE OF TIRE AND FLAP CURING BAGS

(a) *Manufacturing regulations.* The manufacture of tire and flap curing bags of all sizes and types is subject only to the following regulations:

The use of natural rubber in the manufacture of tire and flap curing bags shall be in conformity with Table A.

TABLE A

Size	Type	Maximum natural rubber, by volume, in curing bag, per tire cured, in percent of the total RHC of the tire cured [1]
All	Passenger	.4
All	Motorcycle	.4
15" and 16" rim diameter.	Industrial	.4

All	Flap bags	[2] 1.0

[1] Additional natural rubber may be consumed in curing bags if such rubber is deducted from the allowable natural rubber permitted in the manufacture of the tire being cured, or from tires within the specific group in which said tire is grouped.

[2] Natural rubber and natural rubber latex permitted only in valves, valve adhesion pads, splicing gum strips and cements, and identification inks and cements.

(b) *Marking of synthetic curing bags.* All curing bags containing synthetic rubber shall have a permanent circumferential colored stripe at least three-eighths inch wide applied on the base section of the bag. The appropriate color shall be determined from paragraph (a) of List 6.

LIST 3—MANUFACTURE OF AIRPLANE TIRE TUBES

(a) *General provisions.* The natural rubber content of any tube governed by this List 3 shall not include processing losses or natural rubber used in valves.

(b) *Manufacturing regulations.* (1) Tubes of any size and type may be manufactured, provided that natural rubber and natural rubber latex are consumed only in valves (where permitted in List 16), valve adhesion pads, splicing gum strips and cements, and identification inks and cements.

(2) The manufacture of tubes consuming more natural rubber than permitted by paragraph (b) (1) of this List 3 shall be limited to the sizes and types listed in Table A, subject to the maximum natural rubber content designated therefor.

(c) *Marking of synthetic tubes.* All tubes containing synthetic rubber shall have a permanent circumferential colored stripe at least three-eighths inch wide applied on the base section of the tube. The appropriate color shall be determined from paragraph (a) of List 6.

LIST 5—MANUFACTURE OF RUBBER FOOTWEAR

(a) *General provisions.* (1) The manufacture of rubber footwear and canvas rubber soled shoes shall be limited to the items shown in paragraphs (b), (c) and (d) of this List 5.

(2) All rubber footwear in paragraphs (b) and (c) shall be manufactured in black color compound only.

(3) Unlimited plus or minus variations from average weight of total natural rubber per pair is permitted provided the over-all consumption of natural rubber does not exceed total permitted consumption on the basis of listed ceilings for all items manufactured.

(b) *Essential health items.*

	Average weight of natural rubber per pair maximum (not over 70% of which shall be natural rubber other than guayule on a net basis) (in pounds)
Men's short boots—regulation height	.55
Women's short boots (molded heel)	.33

(d) *Canvas rubber soled shoes of vulcanized construction.*

Men's, Boy's, Youth's, Little Gent's, Women's, Misses' and Child's. Average consumption of natural rubber limited to	.27

LIST 6—MANUFACTURE AND IDENTIFICATION OF TIRES AND TIRE CASINGS

(a) *Synthetic rubbers.* The identification of the various types of synthetic rubber is effected by designating each type by a letter and a color.

Letter	Color	Type of synthetic
S	Red	GR–S.
M	Yellow	GR–M (Neoprene).
I	Light blue	GR–I (Butyl).

(b) *Synthetic tire constructions.* (1) The distribution of synthetic rubber in tires and tire casings is controlled by the following synthetic construction identification numbers, which indicate the proportion of synthetic rubber to natural rubber, and the placement of the synthetic rubber:

Synthetic construction identification numbers:	*Type of synthetic*
S–3, S–4, S–5, etc	GR–S

(2) S–3 denotes 100% GR–S tread on a 100% GR–S carcass, except that: Natural rubber may be used throughout the tire at the manufacturer's discretion, but shall not exceed, by weight, the following percentage of the total RHC:

	Percent
Passenger and motorcycle	See List 8.
Truck	do.
Airplane	2.00.
Combat	See List 8.
All other (except bicycle)	do.

Individual sizes may exceed the indicated maximum percentage, *Provided*, That the average natural rubber content of all sizes of the same type of tire does not exceed the indicated maximum percentage.

(3) S–4 denotes approximately 90% GR–S and 10% natural rubber, distributed throughout the tire at the manufacturer's discretion.

(4) S–5 denotes 100% GR–S tread on a natural rubber carcass, except that: Natural rubber may be used only in cements, in tread and side-wall splice gum strips and in the tire body.

(5) S–6 denotes approximately 70% GR–S and 30% natural rubber, distributed throughout the tire at the manufacturer's discretion.

(6) S–7 denotes approximately 35% GR–S and 65% natural rubber, distributed throughout the tire at the manufacturer's discretion.

(7) S–8 denotes approximately 93% GR–S and 7% natural rubber, distributed throughout the tire at the manufacturer's discretion.

(8) S–9 denotes approximately 80% GR–S and 20% natural rubber, distributed throughout the tire at the manufacturer's discretion.

(9) S–10 denotes approximately 50% GR–S and 50% natural rubber, distributed throughout the tire at the manufacturer's discretion.

(10) S–11 denotes 100% GR–S sidewall on a tire having natural rubber carcass and tread, except that: Natural rubber may be used only in cements, in sidewall splice gum strips and in the tire body and tread. Use of synthetic rubber in the bead assembly is permissible but not mandatory.

LIST 7—MANUFACTURE OF TIRE AND TUBE REPAIR MATERIALS

(a) *Manufacturing regulations.* (1) Any tire or tube repair material may be manufactured provided that no natural rubber or natural rubber latex is consumed in the manufacture of such items.

(2) The manufacture of tire and tube repair materials consuming natural rubber shall be limited to the items shown in this paragraph (a) (2), subject to the compounding regulations designated therefor.

Description of item	*Maximum percent, by volume, of natural rubber in compound*
(i) Bulk tire repair materials:	
(a) Tread repair stock (1/16" max. ga.)	30.0
(b) Repair cushion stock	40.0
(c) Cord repair friction (0.047 max. ga.)	40.0
(d) Sq. woven fabric friction	40.0
(e) Cements (cold cure)	[1]
(f) Cements (vulvanizing)	[2]
(ii) Tire patches: [3]	
(a) Uncured-vulcanizing type:	
Body	40.0
Facing	40.0
(b) Cured and semi-cured vulcanizing type:	
Body	0.0
Facing	40.0
(c) Temporary emergency cold cure type (composite)	5.0
(iii) Tube patches:	
(a) Combination tube repair gum (cured back, uncured face)	[4]
(b) Tube repair gum (uncured)	40.0
(c) Hot patch gum (uncured)	60.0
(d) Truck tube valve repair patches (composite)	60.0
(e) Tube replacement valve facing	60.0
(iv) Sectional bags	[5]

[1] Maximum 0.20 pound natural rubber per gal.

[2] As required.

[3] Natural rubber may be consumed in cements for adhesion purposes in manufacturing tire patches.

[4] Maximum 1.15 pounds natural rubber per square yard.

[5] Maximum of 80% natural rubber, by volume of the sum of the total RHC.

(b) *Restrictions.* (1) In items (ii) (c), (iii) (a), and (iii) (d), different grades of compounds may be used in the cured and uncured portions of each provided the total natural rubber content in the whole item does not exceed the percent represented by the compound grade specified.

(2) Repair kits (except garage kits) containing any of the above materials shall not contain more than 20 square inches of combination tube repair gum, nor more than 1.5 cubic inches of any rubber cement.

(3) Garage kits containing any of the above materials shall contain not more than 300 square inches of combination tube repair gum and not more than ¼ pint of rubber cement.

(4) The use of cements as manufactured in accordance with (a) Manufacturing regulations (2) (i) (e) and (f) shall be limited to the reconditioning of tires and tubes.

(5) Item (2) (i) (e)—Cements (cold cure) may be packed only in containers of one quart or smaller.

LIST 8—MANUFACTURE OF TIRES AND TIRE CASINGS (EXCEPT AIRPLANE AND BICYCLE TIRES)

(a) *General provisions.* (1) The natural rubber content of any tire or tire casing governed by this List 8 shall not include processing losses or natural rubber used in curing bags.

(2) No natural rubber latex shall be consumed in the cord treatment. Dispersions of natural rubber may be used for cord treatment and the amount of natural rubber solids so consumed shall be included in the maximum content natural rubber permitted for each tire.

(3) The use of rayon in the manufacture of tires and tire casings governed by this List 8 shall conform to the regulations set forth in List 15.

(4) Fewer plies of 2200 denier rayon cord may be used than specified for standard cord provided "ply rating" as defined by current Tire and Rim Association standards is not reduced. The same permitted "maximum content natural rubber" shall remain in effect.

(5) Only 100 level tires as commonly known to the tire industry may be manufactured in any size, ply and type, and that grade must be consistent with maintaining a quality adequate for the service for which the tire is designed. All types of pneumatic tires shall be manufactured with black sidewalls only.

(6) Single marked high pressure type tires or single marked balloon type tires may be substituted for dual marked type tires.

(b) *Manufacturing regulations.* (1) Pneumatic tires of any size, ply and tread type may be manufactured provided that they conform to the regulations for S–3 synthetic construction tires in Table A of this List 8. Individual sizes may exceed the indicated maximum percentage, provided that the average natural rubber content of all sizes of the same type of tire does not exceed the indicated maximum percentage.

(2) Solid tires (except bogie, idler and support rollers), including cured-on solid tires, 4" x 1½" up, and lug base industrial (unbonded) type may be manufactured, provided, that natural rubber is consumed only as follows:

Hard rubber base type. Natural rubber shall be consumed only in cements and/or hard base and shall not exceed, by weight, ten percent of the total RHC.

Tie-gum base (soft base) type. Natural rubber shall be consumed only in cement and/or tie gum and shall not exceed, by weight, eight percent of the total RHC. Individual sizes may exceed the eight percent maximum, *Provided*, That the average natural rubber content of all sizes does not exceed the eight percent maximum.

[1] 10-ply 2200 denier rayon construction permitted. The "maximum content natural rubber" shall be the same as for 10-ply cotton.

[2] For military orders only.

Lug base industrial (unbonded) *type.* Natural rubber shall be consumed only in cements and/or splicing gum and shall not exceed, by weight, .75 percent of the total RHC. Individual sizes may exceed the .75 percent maximum. *Provided*, That the average natural rubber content of all sizes does not exceed the .75 percent maximum.

(3) The manufacture of tires and tire casings consuming more natural rubber than permitted in paragraph (b) (1) and (b) (2) of this List 8 shall be limited to the sizes, plies and tread types listed in this paragraph (b) subject to the maximum natural rubber contents or construction designated therefor in Tables A and B below.

(c) *Branding of synthetic tires.* (1) All synthetic tires or tire casings shall have a colored dot, either circular or rectangular (with or without rounded corners or ends) and with an average effective dimension of at least one inch, vulcanized on both sides of the tire, appropriate color to be determined from paragraph (a) of List 6. In addition, all synthetic pneumatic tires or tire casings shall bear, on both sides of the tire and in characters at least five-eighths inch high, a brand showing the appropriate synthetic construction identification. The colored dot and the brand shall be permanent and may be superimposed if desired. The color dot and synthetic construction identification may be smaller than the designated minimum on sizes of tires for which the designated minimum is unreasonably large.

(d) *Definitions.* (1) Where used in this List 8, "Highway" as applied to tread type means regular skid-depth, "100" level, on-the-road type.

(2) Where used in this List 8, "Mud-snow" as applied to tread type means extra traction, on-and-off-the-road type.

LIST 9—MANUFACTURE OF TIRE TUBES (EXCEPT AIRPLANE AND BICYCLE TIRE TUBES)

(a) *Manufacturing regulations.* (1) Tubes of any size and type may be manufactured, *Provided*, That:

(i) Natural rubber and natural rubber latex are consumed only in valves (where permitted in List 16), valve adhesion pads, splicing gum strips and cements, and identification inks and cements.

(ii) Passenger car tubes of all types shall contain not more than 0.02 pound of natural rubber per tube.

(2) The manufacture of tubes consuming more natural rubber than permitted by paragraph (a) (1) (i) of this List 9 is prohibited.

(3) The manufacture of tubes from GR–I shall be limited to the sizes and types listed in the following Table A:

TABLE A—GR–I TUBES

Size:	*Type*
6.00–16	Passenger.[1]
6.00–16	Truck.[1]

(b) *Marking of synthetic tubes.* All tubes containing synthetic rubber shall have a permanent circumferential colored stripe at least three-eighths inch wide applied on the base section of the tube. The appropriate color shall be determined from paragraph (a) of List 6.

LIST 10—MANUFACTURE OF TIRE FLAPS

(a) *Manufacturing regulations.* Flaps for all sizes and types of tires may be manufactured, provided, that natural rubber is consumed only for splicing cements and for identification inks or cements.

(b) *Marking of synthetic flaps.* All flaps containing synthetic rubber shall have a permanent circumferential colored stripe at least three-eighths inch wide applied on either side of the flap. The appropriate color shall be determined from paragraph (a) of List 6.

LIST 12—MANUFACTURE OF AIRPLANE TIRES AND TIRE CASINGS

(a) *General provisions.* (1) The natural rubber content of any tire or tire casing governed by this List 12 shall not include processing losses, natural rubber used in curing bags or natural rubber latex used in the cord treatment. Natural rubber latex, however, may be consumed only in the treatment of nylon cord. Dispersions of natural rubber may be used for cord treatment and the amount of natural rubber solids so consumed shall be included in the maximum content natural rubber permitted for each tire.

(b) *Manufacturing regulations.* The manufacture of airplane tires and tire casings shall be limited to the sizes, plies and tread types listed in this paragraph (b) subject to the maximum natural rubber contents designated therefor.

[3] 8 percent of total RHC by weight permitted for tie-gum and cements.

(c) *Branding of synthetic airplane tires.* All synthetic airplane tires or tire casings shall have a brand permanently vulcanized on both sides of the tire, consisting of the appropriate synthetic construction identification, in characters at least three-eighths inch high, super-imposed upon a rectangular colored medallion (with or without rounded corners or ends) at least five-eighths inch wide and one and one-fourth inches long, the appropriate color to be determined from paragraph (a) of List 6. When a brand with dimensions larger than the designated minimums is used, its dimensions shall be in the same relative proportions as the designated minimums.

LIST 13—MANUFACTURE OF RETREADING MATERIALS INCLUDING CAMELBACK (WING-DIE), CAPPING STOCK (BEVEL-DIE), LUG STOCK, BASE STOCK, PADDING STOCK, STRIPPING STOCK, FILLER STRIP AND FULL CIRCLE CURING TUBES

(a) *General provisions.* Natural rubber may be consumed in cements for application of cushion gum and in inks or cements for identification purposes.

(b) *Manufacturing regulations.* (1) The manufacture of retreading materials shall be limited to camelback (wing-die), capping stock (bevel-die), lug stock, base stock, padding stock, stripping stock, filler strip and cushion gum for application by the manufacturer to camelback, capping stock, lug stock and base stock and full circle curing tubes.

(2) The compounds used in manufacturing the items permitted by paragraph (b) (1) of this List 13 shall conform to the regulations shown in the following table.

RETREADING MATERIALS

Description of product	Percent by volume in compound					Restrictions
	Natural GR-S rubber		Total new rubber		Total RHC	
	Maximum	Minimum	Maximum	Minimum	Minimum	
A—Camelback, capping stock, lug stock and base stock.[1]	0.0	60.0	------	60.0	60.0	No restrictions on use for treading purposes.
C—Camelback, capping stock, lug stock and base stock.[1]	0.0	40.0	50.0	40.0	40.0	No restrictions on use for treading purposes.
F—Camelback and capping stock [2]	0.0	0.0	0.0	0.0	50.0	Passenger only. Maximum thickness 1/16".
Padding stock	40.0	------	------	------	------	Maximum width 1".
Stripping stock	30.0	------	------	------	------	Maximum thickness 1/16"; 2½" and 3½" widths only.
Filler strip	50.0	------	------	------	------	Natural rubber permitted only in valves, valve adhesion pads, splicing gum strips and cements and identification inks and cements. Synthetic curing tubes shall be marked in accordance with List 6 (a).
Full circle curing tubes	0.0	------	------	------	------	

[1] Natural rubber may be consumed in cushion gum to be applied to grades A and C treading materials, but the natural rubber so consumed shall not exceed, by weight, 2.0 percent of the total weight of treading material.
[2] Natural rubber may be consumed in cushion gum to be applied to grade F camelback or capping stock, but the natural rubber so consumed shall not exceed, by weight, 1.6 percent of the total weight of camelback.
[3] F Grade camelback and capping stock shall not be manufactured in die sizes with crown widths wider than 5".

LIST 14—MANUFACTURE OF TANK TRACKS AND BAND TRACKS

Manufacturing regulations. The manufacture of tank tracks and band tracks is subject only to the regulations on the use of natural rubber shown in Table A below:

TABLE A—TANK TRACKS AND BAND TRACKS

Description of product:	*Maximum percent, by weight, of total RHC which may be natural rubber*
Band tracks, tractor M–2	31.

Band tracks, half-track vehicles	30.
Tank track blocks	8.
Rubber backed tracks	8.
Tank track pin bushings, and links	As required.
All other	As required.

LIST 15—THE USE OF HIGH-TENACITY RAYON CORD

(a) In the manufacture of rubber products, high-tenacity rayon cord may be used only for the following listed products.

ORDER OF PREFERENCE AND TYPE OF PRODUCT

Group
1. Airplane tires.
2. Self-sealing fuel cells.
3. Bullet-sealing hose.
4. Combat (U. S.) tires, including only cross-sections 8.00 and larger.
5. Mileage contract bus tires:
   (a) Intercity bus tires.
   (b) City bus tires.
6. Synthetic special purpose tires, including:
   Tread types: Rock service, logger, earthmover and 18.00 and up mud-snow.
   Sizes: All.

ORDER OF PREFERENCE AND TYPE OF PRODUCT—continued

Group
7. Synthetic truck and bus tires, including only:
   Tread types: Highway, mud-snow.
   Sizes: 8.25 through 14.00, 10 plies and more.
8. Synthetic truck and bus tires, including only:
   Tread types: Standard low platform trailer.
   Sizes: 7.50 and up, 10 plies and more.

10. V-belts.
11. Synthetic truck and bus tires, including only:
    Tread types: Highway, mud-snow.
    Sizes: 7.50 cross-section, 6 and 8 plies, all rim diameters.
12. Tire repair materials.
13. Synthetic truck and bus tires, including only:
    Tread types: Highway, mud-snow.
    Sizes: 7.00 cross-section and smaller, 6 and 8 plies, all rim diameters.
14. Synthetic tires of the following types:
    Road grader—All tread types and all sizes.
    Tractor and implement—All tread types and all sizes.
    Passenger—All tread types in 6.50 cross section and larger, including the 6.25/6.50 cured in 6.50 mold.

(b) Any manufacturer using rayon must consume it in the order of preference in the above usage pattern, arranging to fulfill all requirements in the first group before any is used in the second group, and so on down the list.

LIST 16—MANUFACTURE OF TIRE TUBE VALVES (EXCEPT BICYCLE TIRE TUBE VALVES)

(a) *Manufacturing regulations.*—The manufacture of tire tube valves (excepting bicycle tire tube valves), of all sizes and types is subject only to the regulations on the use of natural rubber or natural rubber latex shown in Table A below.

LIST 17—MANUFACTURE OF BICYCLE TIRES AND TUBES

(a) *Manufacturing regulations.* Bicycle tires (clincher, wire-edge or single tube) and tubes, including rim strips, valves, cots, washers and curing bags, may be manufactured, provided, that no natural rubber is consumed for any purpose.

(b) *Marking of synthetic tires and tubes.* (1) All tires containing synthetic rubber shall have a square or circular colored dot with a minimum dimension of at least three-eighths inch, permanently vulcanized on one side of the tire, the appropriate color to be determined from paragraph (a) of List 6.

(2) All tubes containing synthetic rubber shall have a permanent circumferential colored stripe at least one-eighth inch wide applied on the base section of the tube. The appropriate color shall be determined from paragraph (a) of List 6.

[Restriction Order 13, Revocation]

LARD RESTRICTION IN PUERTO RICO

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Restriction Order 13, (§ 1407.304) is hereby revoked, except that any violation which occurred or rights or liabilities which arose before the effective date of this order of revocation shall be governed by the order in effect at the time the violation occurred or the rights or liabilities arose.

This order of revocation shall be effective as of November 9, 1945.

Issued this 7th day of November 1945.

SAM GILSTRAP,
Territorial Director for Puerto Rico.

Approved:

JAMES P. DAVIS,
Regional Administrator, Region IX.

[SO 139]

ADJUSTED MAXIMUM PRICES FOR CERTAIN LOW-PRICED COMMODITIES

A statement of the considerations involved in the issuance of this supplementary order, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Sec.
1. Purpose of this order.
2. Scope of this order.
3. Adjusted maximum prices.
4. Records.
5. Relation to other maximum price regulations.
6. Definitions.
7. Amendment.

Appendix A: Increase Factors and Cut-off prices.

SECTION 1. *Purpose of this order.* This order establishes increases in the maximum prices of the lower price lines of certain specified commodities whose ceiling prices, under "freeze" regulations, may constitute an impediment to production.

SEC. 2. *Scope of this order*—(a) *What commodities are covered.* This order covers the commodities listed in Column 1 of Appendix A whose ceiling prices under the appropriate maximum price regulations do not exceed the "cut-off" price listed for each commodity in Column 3 of Appendix A.

(b) *What sales are covered.* This order covers all manufacturers' sales of the commodities described in (a).

A "manufacturer's sale" is any sale of a commodity by the person who fabricated or processed the commodity or for whom it was fabricated or processed by a contractor or agent from basic materials owned or otherwise furnished by the principal. Manufacturers' sales include sales to ultimate consumers as well as sales to resellers.

SEC. 3. *Adjusted maximum prices.* On and after November 13, 1945, any commodity covered by this order may be sold or delivered at the adjusted maximum price described in this section. The adjusted maximum price under this section is found as follows:

Step 1. Determine the maximum price of the commodity under the appropriate maximum price regulation.

Step 2. Add to the maximum price found in Step 1 the increase factor listed for the commodity in Column 2 of Appendix A.

Where the increase factor is listed as a percentage, multiply the maximum price found in Step 1 by the listed percentage and add the resulting figure to the maximum price.

Step 3. The adjusted maximum price of the commodity is the total found in Step 2 or the price listed for the commodity in Column 3 of Appendix A, whichever price is lower.

NOTE: In figuring his adjusted maximum price under this section, a seller may not use, as the maximum price found under Step 1, any adjusted ceiling price authorized under section 1.4 of Supplementary Regulation 14E.[1]

SEC. 4. *Records and reports*—(a) *Records.* The records required by this section must be maintained for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

Every person who makes a sale covered by this order must prepare and maintain the records required by the maximum price regulation under which his ceiling prices were established prior to the effective date of this order, except that the adjusted maximum price established under this order shall be substituted for the original maximum price in all records of deliveries made or maximum prices established after the effective date of this order.

In addition, he must keep a copy of the report filed under (b) below.

(b) *Reports.* No person may deliver any commodity at an adjusted maximum price established under this order until he has filed with the Apparel Price Branch, Office of Price Administration, Washington, D. C., two copies of a report signed by an owner, officer or principal and containing in addition to his business name and address, the following information:

(1) A list of the commodities covered by this order which he sells, showing each style of each commodity separately.

(2) The maximum price of each style listed in (1) in effect immediately prior to the effective date of this order.

(3) The pricing method by which each maximum price listed in (2) was determined (e. g. § 1499.2 (a) of the General Maximum Price Regulation, Rule 1 of Maximum Price Regulation 332, etc.).

(4) The adjusted maximum price under this order of each style listed in (1).

SEC. 5. *Relation to other maximum price regulations*—(a) *Regulations supplemented.* This order supplements the provisions of the following regulations only:

(1) General Maximum Price Regulation.[2]
(2) Maximum Price Regulation 221.[3]
(3) Maximum Price Regulation 273.[4]
(4) Maximum Price Regulation 332.[5]

(b) *Regulations not affected.* This order does not affect in any way the ceiling prices established under or any other

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[RMPR 169, Amdt. 63]

BEEF AND VEAL CARCASSES AND WHOLESALE CUTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Revised Maximum Price Regulation No. 169 is amended in the following respects:

1. A new paragraph (g) (3) is added to § 1364.405 to read as follows:

(3) Notwithstanding any provision to the contrary contained in this paragraph (g) or in §§ 1364.452 (o) or 1364.467 (n), which establish maximum prices for fabricated beef cuts and veal carcasses (War Shipping Administration specifications), the War Shipping Administration may sell, and any licensed ship supplier or suppliers may buy, fabricated beef cuts and veal carcasses (War Shipping Administration specifications) f. o. b. shipping point basis, provided that the meats are delivered by the seller to the carrier and shipped at the carload rate to the purchaser who shall pay the shipping charges directly to the carrier, and provided further, that the seller furnish the buyer (licensed ship supplier) at the time of delivery with a statement setting forth, in addition to the information required by § 1364.407 (f), that the shipment to the buyer is f. o. b. shipping point basis. The buyer shall retain this statement for inspection by the OPA for so long as the Emergency Price Control Act, as amended, remains in effect and may, upon resale of the meats upon which such shipping charges were paid, add to the applicable zone price specified in § 1364.452 (o) (3) and (o) (6) for beef and § 1364.467 (n) (3) and (n) (6) for veal, the shipping charges paid by him to the extent permitted by subdivision (2) (i) through (vi) hereof whichever is applicable, if the charges paid covered a shipment to him from a point located in the same price zone or from Zone 2, 3 or 4 to a point located in Zone 1. However, if the charges paid covered a shipment to him from a higher price zone to a lower price zone, upon resale of the meats upon which such shipping charges were paid, the maximum price shall be the applicable zone price for the zone in which is located the point of origin of the shipment plus the shipping charges paid by him not in excess however of the lowest common carrier carload rate for the method of transportation used.

2. Section 1364.467 (p) is amended to read as follows:

(p) *Frozen fabricated veal (Army specifications).* (1) On and after November 13, 1945, regardless of any contract, agreement or other obligation, no person shall sell or deliver frozen fabricated veal (Army specifications) to any purchasing agency of a war procurement agency at a price higher than the maximum price permitted therefor in paragraph (p) (2) of this section. The sale or delivery of frozen fabricated veal (Army specifications) to a purchaser other than a purchasing agency of a war procurement agency is prohibited.

(2) The maximum f. o. b. boning plant price for frozen fabricated veal (Army specifications) in each of the following price zones shall be:

[Zone prices per hundredweight in carload or less-than-carload quantities, frozen, packaged and boxed in accordance with the requirements and specifications contained in CQD No. 371A "Veal, Fabricated, Frozen", superseding CQD No. 371, issued by the Chicago Quartermaster Depot of the United States Army. The price for any fraction of a hundredweight shall be reduced accordingly. Additions and deductions of Schedules VI and V, respectively, are not applicable.][1]

Ceiling prices by zones

	Choice or AA	Good or A	Commercial or B
Zone 1	$37.95	$35.90	$31.85
Zone 2	36.35	34.30	30.25
Zone 3	35.20	33.15	29.10
Zone 4	34.00	31.95	27.90
Zone 5	34.80	32.75	28.70
Zone 6	35.20	33.15	29.10
Zone 7	35.60	33.55	29.50
Zone 8	36.00	33.95	29.90
Zone 9	36.35	34.30	30.25
Zone 10	36.75	34.70	30.65

[1] All veal carcasses designed for Army use shall be inspected and passed by a representative of the Army Veterinary Corps and the cutting, boning, trimming, packaging, boxing and any other necessary preparation for freezing involved in the production of frozen fabricated veal (Army specifications) shall be supervised by him at the time of such preparation in accordance with Army regulations. No veal shall be packed as frozen fabricated veal (Army specifications) except in the presence of the official inspector designated by the United States Army Veterinary Corps or other United States Government agency. Each box or shipping container shall have clearly printed or legibly stenciled on it the net weight, grade and type of cut (i. e. roasts, chops or stew) contained in the box as provided in specifications CQD 371A and the official stamp of the representative of the Veterinary Corps shall attest to the accuracy of the legend appearing thereon.

(3) "Frozen fabricated veal (Army specifications)" as used in this paragraph (p) means fabricated veal cuts derived from veal carcasses of grades choice, good, and commercial, and satisfying the requirements and specifications contained in CQD No. 371A "Veal, Fabricated, Frozen" issued by the Chicago Quartermaster Depot of the United States Army. Any frozen fabricated veal which has been rejected by a purchasing agency of a war procurement agency may not be sold or delivered unless the Administrator at Washington, D. C., by order, authorizes its sale or delivery to a designated purchaser or purchasers, upon receipt of an application from the seller showing the grade, type and amount of meats rejected, the date and reasons for the rejection and the name and address of the proposed purchaser or purchasers. In addition, such application shall be accompanied by a certification of the Meat Inspection Division of the Department of Agriculture that the meat is fit for human consumption.

This amendment shall become effective November 13, 1945, except that until December 3, 1945, sales of frozen fabricated veal meeting specifications CQD 371 may be made to a war procurement agency at the ceiling prices in effect prior to November 13, 1945.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 13th day of November 1945.

CHESTER BOWLES,
Administrator.

Approved: November 9, 1945.

J. B. HUTSON,
Acting Secretary of Agriculture.

PART 1351—FOOD AND FOOD PRODUCTS

[2d Rev. MPR 269,[1] Amdt. 10]

POULTRY

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 269 is amended in the following respects:

1. Section 3.5 (a) (22) is added to read as follows:

(22) *Definition and requirements of cut-up turkey.* "Cut-up turkey" means drawn Grade "A" young turkeys, from which the oil sac and lungs have been removed before weighing for sale, and the carcass of which has been dismembered or cut into portions in accordance with the requirements set forth for "cut-up poultry" in section 3.5 (a) (15).

2. A new section 5.6a is added to read as follows:

SEC. 5.6a *Additions to, and deductions from, Table B prices for Grade "A" cut-up young turkey items.* The following Table B-½ establishes monthly maximum base prices in the various turkey zones for Grade "A" young cut-up turkeys, by permitting additions to, or requiring deductions from, Table B dressed young turkey prices. As in Table B, the turkey prices established in Table B-½ are applicable only when the turkey items are sold box-packed or barrel-packed; if not so packed, the prices for these turkey items are established under the provisions of section 5.11.

TABLE B-1/2—ADJUSTMENTS TO TABLE B FOR ALL OTHER PROCESSED TURKEY ITEMS

(Adjustments in cents per pound)

Portions of "cut-up" turkeys	Addition and subtraction from table B; dressed young turkeys
Wings	Subtract 12.2 cents from the dressed price of young turkeys in table B.
Legs and breasts	Add 19.9 cents to the dressed price of young turkeys in table B.
Wing tips, backs, necks, or skin.	Subtract 29.0 cents from the dressed price of young turkeys in table B.
Livers	Add 29.6 cents to the dressed price of young turkeys in table B.
Hearts and cleaned gizzards.	Subtract 12.2 cents from the dressed price of young turkeys in table B.
Uncleaned gizzards	Subtract 27.7 cents from the dressed price of young turkeys in table B.

3. Section 5.7 is amended by adding "or 5.6a" after the words "preceding section 5.6" and before the words "as modified."

This amendment shall become effective November 15, 1945.

Issued this 15th day of November 1945.

CHESTER BOWLES,
Administrator.

Approved: November 9, 1945.

PART 1499—COMMODITIES AND SERVICES

[RMPR 539,[1] Amdt. 2]

CUSTOM MILLING AND KILN-DRYING OF WESTERN SOFTWOODS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 539 is amended in the following respects:

1. General Note 1 is amended to read as follows:

1 (a) Ripping and resawing are to be considered as separate operations and charges for first line may be made for each operation. For the purpose of clarifying these operations, resawing is described as sawing the stock through its widest dimension and ripping as sawing the stock through its narrowest dimension.

(b) Charges for either resawing or ripping are to be based on the actual size of the stock being ripped or resawn, and only footage comprising the total of the two resulting pieces is to be charged for.

(c) Not more than 3 lines of ripping and/or resawing may be charged to the purchaser of lumber being custom-milled for remanufacturing to 6/4 thickness or thinner, or in remanufacturing to a combination of 8/4 and 6/4 or thinner, and not more than 2 lines of ripping and/or resawing may be charged for in remanufacturing to thicker than 6/4, except that a custom-mill may apply to the Lumber Branch, Office of Price Administration, Washington, 25, D. C. for an exception to this limitation on services to be performed for the following:

(i) Government agencies requiring custom-milling services on lumber held in stock on November 20, 1945.

(ii) Purchasers of lumber requiring precision resawing to a thickness of ⅜" or thinner.

Excess lines of ripping or resawing (or trimming or any other work) may be charged to the producing mill if mutually and satisfactorily arranged, provided that such charges may not be passed on to the customer.

The intent of this note is to discourage uneconomic custom milling operations.

2. A new general note number 9 is added to read as follows:

9. When lumber is loaded on open cars and the buyer requires packaging in sling lots or otherwise, whereby the load is divided into individual parcels for the purpose of facilitating mechanical unloading, a charge of $6.50 per car in addition to the open car handling charge may be made. This charge shall include material and labor used in packaging.

This amendment shall become effective November 20, 1945.

NOTE: All reporting and record keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of November 1945.

Administrator.

TITLE 47—TELECOMMUNICATIONS

Chapter I—Federal Communications Commission

[Order 130]

PART 12—RULES GOVERNING AMATEUR RADIO: STATIONS AND OPERATORS

VALIDATION OF CERTAIN LICENSES

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 9th day of November 1945;

Whereas certain of the frequency bands allocated to the Amateur Radio Service in the Commission's Report of Allocations from 25,000 kilocycles to 30,000,000 kilocycles dated May 25, 1945, are now available for use by amateurs as authorized by this order; and

Whereas it is considered advisable that certain orders adopted by the Commission during the emergency, affecting the Amateur Radio Service, be cancelled, and that amateur station licenses be validated for a temporary period to permit the orderly processing of applications for new, renewed and modified licenses; *It is ordered*, That:

1. All amateur radio station licenses which were valid at any time during the period December 7, 1941 to September 15, 1942, and which have not heretofore been revoked are hereby validated for a six-month period commencing with the effective date of this order and ending May 15, 1946 (3 a. m., eastern standard time).

2. (a) The following frequency bands are available for use for amateur station operation except in Central, Southern and Western Pacific Ocean areas, subject to the limitations and restrictions set forth herein.

(1) 28.0 to 29.7 Mc. using type A1 emission.

(2) 28.1 to 29.5 Mc. using type A3 emission.

(3) 28.95 to 29.7 Mc. using special emission for frequency modulation (telephony).

(4) 56.0 to 60.0 Mc. using types A1, A2, A3 and A4 emissions and, on frequencies 58.5 to 60.0 Mc., special emission for frequency modulation (telephony). This band is available for amateur operation until March 1, 1946 (3 a. m., eastern standard time).

(5) 144 to 148 Mc., using A1, A2, A3 and A4 emissions and special emissions for frequency modulation (telephony and telegraphy). The portion of this band between 146.5 to 148 Mc. shall not be used, however, by any amateur station located within 50 miles of Washington, D. C. or Seattle, Washington.

(6) 2300 to 2450 Mc., 5250 to 5650 Mc., 10000 to 10500 Mc., and 21000 to 22000 Mc., using on these four bands, A1, A2, A3, A4 and A5 emissions and special emissions for frequency modulation (telephony and telegraphy).

(b) Upon the effective date of this order, no frequencies other than those assigned in this order shall be used for amateur operation.

3. The following orders of the Commission are hereby cancelled:

(a) Order No. 72, dated June 5, 1940, together with all amendments thereto, prohibiting amateur radio operators and amateur radio stations licensed by the Federal Communications Commission from exchanging communications with operators or radio stations of any foreign government or located in any foreign country.

(b) Order No. 73, dated June 7, 1940, together with all amendments thereto, prohibiting portable and portable-mobile radio station operation by licensed amateur operators and stations on frequencies below 56,000 kilocycles.

(c) Order No. 87, dated December 9, 1941, and Order No. 87A, dated January 9, 1942, prohibiting all amateur radio operation.

(d) Order No. 87B, dated September 15, 1942, suspending the issuance of renewed or modified amateur station licenses.

This order shall become effective the 15th day of November, 1945 (3 a. m., Eastern Standard Time).

By the Commission.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[S. O. 160-F]

PART 95—CAR SERVICE

RESTRICTION ON HOLDING GRAIN OR SEEDS FOR ORDERS AT MINNESOTA POINTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 14th day of November, A. D. 1945.

Upon further consideration of Service Order No. 160 (8 F.R. 14223-24) of October 13, 1943, and good cause appearing therefor: It is ordered, that:

(a) *Service Order No. 160 suspended.* Section 95.34 prohibiting the holding for orders of carloads of grain or seeds at Glenwood, St. Cloud, Staples, Thief River Falls, or Willmar, Minnesota, Service Order No. 160 (8 F.R. 14223-24) of October 13, 1943, be, and it is hereby, suspended until 12:01 a. m., December 15, 1945.

(b) *Announcement of suspension.* Each of the railroads affected by this order, or its agent, shall publish, file and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule (9K) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing the suspension of Service Order No. 160 and the reestablishment during the effectiveness of this order of the tariff provisions affected hereby. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)-(17))

It is further ordered, that this order shall become effective at 12:01 a. m., November 16, 1945; that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

ORDER DESIGNATING APPLICATIONS FOR FURTHER CONSOLIDATED HEARING ON STATED ISSUES

In re applications of: Utica Observer-Dispatch, Inc., Utica, New York, for construction permit, Docket No. 6043, File No. B1–P–2702; Midstate Radio Corporation, Utica, New York, for construction permit, Docket No. 6141, File No. B1–P–3171; Utica Broadcasting Company, Inc., Utica, New York, for construction permit, Docket No. 6140, File No. B1–P–3206.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of October 1945:

The Commission having under consideration the above entitled applications of Utica Observer-Dispatch, Inc., Midstate Radio Corporation, and Utica Broadcasting Company, Inc., all three for permits to erect new broadcast stations at Utica, New York, to be operated on the frequency 1450 kilocycles, with power of 250 watts, unlimited time;

It is ordered, That the said applications of Utica Observer-Dispatch, Inc., Midstate Radio Corporation, and Utica Broadcasting Company, Inc., be, and they are hereby, designated for further hearing, in consolidation with the application of Ronald B. Woodyard (Docket No. 6683), for a permit to construct a new standard broadcast station at Utica, New York, to be operated on the frequency 1450 kilocycles, with power of 250 watts unlimited time; and the application of Copper City Broadcasting Corporation (Docket No. 6744), for a permit to construct a new standard broadcast station at Rome, New York, to be operated on the frequency 1450 kilocycles, with power of 250 watts unlimited time, the said consolidated hearing to be held at Washington, D. C. on the 10th day of December, 1945, in Dockets Nos. 6043, 6141 and 6140, each upon the following issues:

1. To obtain current information concerning the legal, technical, financial and other qualifications of the applicant, corporation and its officers, directors, and stockholders, to construct and operate the proposed station.

2. To obtain current information concerning the type and character of the program service which the applicant may be expected to render and the extent to which such service is now being rendered by any other broadcast station or stations serving the proposed area in whole or in part.

3. To determine the applicant's proposals with respect to employment of personnel to construct and operate the proposed station.

4. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations, and if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine the nature, extent and effect of any interference which would result from the simultaneous operation of the proposed station and from the operation of a new station at Endicott, New York, as proposed in the application of Thomas J. Watson (File No. B1–MP–1370); of a new station at Binghamton, New York, as proposed in the application of Joseph H. McGillvra, Agnes I. McGillvra and Adam J. Young, Jr. d/b as Binghamton Broadcasting Company (File No. B1–P–3653; Docket No. 6657); and a new station at Rome, New York, as proposed in the application of Copper City Broadcasting Corporation (Docket No. 6744); the areas and populations affected thereby, and the character of other broadcast service available to these areas and populations.

6. To determine whether the operation of the proposed station would involve objectionable interference with services proposed in any other pending applications for broadcast facilities, and if so, the nature and extent thereof, the areas and populations affected thereby, and the character of other broadcast service available to such areas and populations.

7. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's Rules and Standards of Good Engineering Practice, concerning standard broadcast stations.

8. To determine whether, in view of the facts to be adduced under the foregoing issues and the facts heretofore adduced in previous hearings in Dockets Nos. 6043, 6141 and 6140, as well as the facts to be adduced under the issues in Dockets Nos. 6683 and 6744, any of these conflicting applications should be granted, and if so, which one.

COPPER CITY BROADCASTING CORP.

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re application of Copper City Broadcasting Corporation, Rome, New York, for construction permit, File No. B1–P–3851.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of October, 1945;

The Commission having under consideration the above entitled application of the Copper City Broadcasting Corporation, for a permit to construct a new standard broadcast station at Rome, New York, to be operated on the frequency 1450 kilocycles, with power of 250 watts unlimited time;

It is ordered, That the said application be, and the same is hereby designated for hearing in a consolidated proceeding with the applications of Utica Observer-Dispatch, Inc. (Docket No. 6043), Midstate Radio Corporation (Docket No. 6141), Ronald B. Woodyard (Docket No. 6683) and Utica Broadcasting Company, Inc. (Docket No. 6140), all for permits to construct new standard broadcast stations at Utica, New York, to be operated on the frequency 1240 kilocycles, with power of 250 watts unlimited time; the said consolidated hearing to be held at Washington, D. C. on the 10th day of December, 1945, upon the following issues in Docket No. 6744.

1. To determine the legal, technical, financial, and other qualifications of the applicant corporation and of its officers, directors and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast services available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine the qualifications and character of the personnel to be employed in the operation of the proposed station.

5. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations, and if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine the nature, extent and effect of any interference which would result from the simultaneous operation of the proposed station, and from the operation of a station at Utica, New York, as proposed in the applications of (1) Utica Observer-Dispatch, Inc. (Docket No. 6043), (2) Midstate Radio Corporation (Docket No. 6141), (3) Utica Broadcasting Company, Inc. (Docket No. 6140) and (4) Ronald B. Woodyard (Docket No. 6683), and from the operation of a station at Binghamton, New York, as proposed in the application of Joseph H. McGillvra, Agnes I. McGillvra, and Adam J. Young, Jr., d/b as Binghamton Broadcasting Company (File No. B1–P–3653, Docket No. 6657), as well as the areas and populations affected thereby, and the character of other broadcast service available to these areas and populations.

7. To determine whether the operation of the proposed station would involve objectionable interference with services proposed in any other pending applications for broadcast facilities, and if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

8. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's Rules and Standards of Good Engineering Practice, concerning standard broadcast stations.

9. To determine whether, in view of the facts adduced under the foregoing issues, and under the issues in the applications of Utica Observer-Dispatch, Inc. (Docket No. 6043), Midstate Radio Corporation (Docket No. 6141), Utica Broadcasting Company, Inc. (Docket No. 6140) and Ronald B. Woodyard (Docket No. 6683), any of these conflicting applications should be granted, and if so, which one.

By the Commission.

RONALD B. WOODYARD

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re application of Ronald B. Woodyard, Utica, New York, for construction permit, File No. B1–P–3636.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of October 1945;

The Commission having under consideration the above entitled application of Ronald B. Woodyard for a permit to construct a new standard broadcast station at Utica, New York, to be operated on the frequency 1450 kilocycles, with power of 250 watts, unlimited time;

It is ordered, That the said application be, and it is hereby designated for hearing in a consolidated proceeding with the applications of Utica Observer-Dispatch, Inc. (Docket No. 6043), Midstate Radio Corporation (Docket No. 6141), and Utica Broadcasting Company, Inc. (Docket No. 6140), all three for permits to construct new standard broadcast stations at Utica, New York, to be operated on the frequency 1450 kilocycles, with power of 250 watts unlimited time; and the application of Copper City Broadcasting Corporation (Docket No. 6744) for a permit to construct a new standard broadcast station at Rome, New York, to be operated on the frequency 1450 kilocycles, with power of 250 watts unlimited time; said consolidated hearing to be held at Washington, D. C. on the 10th day of December 1945, upon the following issues in Docket No. 6683:

1. To determine the applicant's legal, technical, financial and other qualifications to construct and operate the proposed station.

2. To determine the areas and population which may be expected to gain primary broadcast service from the operation of the proposed station, and what other broadcast services are available to these areas and populations.

3. To determine the type and character of the program service which the applicant may be expected to render and the extent to which such service is now being rendered by any other broadcast station or stations serving the proposed area in whole or in part.

4. To determine the applicant's proposals with respect to the employment of personnel to construct and operate the proposed station.

5. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations, and if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine the nature, extent and effect of any interference which would result from the simultaneous operation of the proposed station and from the operation of a station at Endicott, New York, as proposed in the application of Thomas J. Watson (File No. B1–MP–1370); of a new station at Binghamton, New York, as proposed in the application of Joseph H. McGillvra, Agnes I. McGillvra and Adam J. Young, Jr. d/b as Binghamton Broadcasting Company (File No. B1–P–3653; Docket No. 6657); and a new station at Rome, New York, as proposed in the application of Copper City Broadcasting Corporation (Docket No. 6744); the areas and populations affected thereby, and the character of other broadcast service available to these areas and populations.

7. To determine whether the operation of the proposed station would involve objectionable interference with services proposed in any other pending applications for broadcast facilities, and if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

8. To determine whether the operation of the proposed station would be in compliance with the Commission's Rules and Standards of Good Engineering Practice concerning standard broadcast stations.

9. To determine whether in view of the facts to be adduced under the foregoing issues, as well as the facts heretofore adduced or to be adduced under the issues in the applications of Utica Observer-Dispatch, Inc. (Docket No. 6043), Midstate Radio Corporation (Docket No. 6141), Utica Broadcasting Company, Inc. (Docket No. 6140), and Copper City Broadcasting Corporation (Docket No. 6744), any of these conflicting applications should be granted, and if so, which one.

NOTE: The above issues supersede and replace the issues heretofore promulgated in the notice of hearing in Docket No. 6683, dated November 21, 1944, which notice is hereby cancelled.

By the Commission.

STAR BROADCASTING CO., INC.

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re: Application of Star Broadcasting Company, Inc., Geneva, New York, for construction permit, File No. B1–P–3979.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 23d day of October 1945;

The Commission having under consideration an application (filed September 13, 1945) by Star Broadcasting Company, Inc., Geneva, New York, for construction permit (File No. B1–P–3979) to construct a new standard broadcast station for the use of the frequency 1240 kc, with 250 watts power, unlimited time; the motion filed (September 26, 1945) by said Star Broadcasting Company, Inc., requesting that the hearing on its application be consolidated with the proceedings heretofore held on the applications of Finger Lakes Broadcasting System (Gordon P. Brown, Owner), Geneva, New York (File No. B1–P–3581; Docket No. 6604), WARC, Inc., Rochester, New York (File No. B1–P–3565; Docket No. 6605), Rochester Broadcasting Corporation, Rochester, New York (File No. B1–P–3593; Docket No. 6606), and Seneca Broadcasting Corporation, Rochester, New York (File No. B1–P–3618; Docket No. 6607), each of which seek the use of 1240 kc with 250 watts power, unlimited time; and the oppositions to the motion of Star Broadcasting Company, Inc., by WARC, Inc., Rochester, New York (filed September 28, 1945) and by Finger Lakes Broadcasting System (Gordon P. Brown, Owner), Geneva, New York (filed October 3, 1945);

It is ordered, That said application of Star Broadcasting Company, Inc. be, and it is hereby, designated for hearing; that the motion of Star Broadcasting Company, Inc., be, and it is hereby granted; and the hearing on said application of Star Broadcasting Company, Inc. be, and it is hereby, consolidated with the proceedings heretofore had on the above-described applications in Dockets Nos. 6604–6607, inclusive, said hearing to be held at Washington, D. C. on the 10th day of December, 1945 upon the following issues:

1. To determine the legal, technical, financial and other qualifications of the applicant to construct and operate the proposed station.

2. To determine the nature and character of the program service proposed by the applicant and whether it will meet the requirements of the population and area proposed to be served.

3. To determine the areas and populations which would receive primary service from the operation of the proposed station, and what other broadcast services are available to those areas and populations.

4. To determine the extent of any interference which would result from the simultaneous operation of the proposed station and Stations WATN and WENY.

5. To determine the areas and populations which may be expected to lose primary service particularly from Stations WATN and WENY as a result of the operation of the proposed station, and what other broadcast services are available to those areas and populations.

6. To determine whether in view of the facts adduced under the foregoing issues, and the issues heretofore adduced in Dockets 6604, 6605, 6606 and 6607, any of these mutually exclusive applications should be granted, and if so, which one.

It is further ordered, That Watertown Broadcasting Corporation (WATN), Watertown, New York and the Elmira Star Gazette (WENY), Elmira, New York be, and they are made parties in said consolidated hearing.

[Docket Nos. G–507, G–508, G–510, G–516, G–519, G–670]

HOPE NATURAL GAS CO. ET AL.

ORDER REOPENING PROCEEDINGS, CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

NOVEMBER 9, 1945.

In the matters of Hope Natural Gas Company, Docket No. G–507; New York State Natural Gas Corporation, Docket No. G–508; The Manufacturers Light and Heat Company, and Manufacturers Gas Company, Docket No. G–510; United Fuel Gas Company, Docket No. G–516; Home Gas Company, Docket No. G–519; in the matter of Dempseytown Gas Company, Docket No. G–670.

It appears to the Commission that:

(a) By the Commission's Opinion No. 114 and accompanying order entered April 26, 1944, in Docket Nos. G–507, G–508, G–510, G–516, and G–519, Hope Natural Gas Company ("Hope") and New York State Natural Gas Corporation ("New York State Company") were authorized to construct and operate the following-described facilities:

(1) Approximately 18 miles of 12¾-inch natural-gas transmission pipeline extending from Hope's Hastings Compressor Station in Wetzel County, West Virginia, to the West Virginia-Pennsylvania State boundary line near Hundred, Wetzel County, West Virginia, and two additional steam-engine-driven compressors at Hope's Hastings Compressor Station aggregating 4,000 horsepower, with an additional boiler and auxiliary equipment (Docket No. G–507).

(2) Approximately 127 miles of 12¾-inch natural-gas transmission pipeline extending from a point of connection with the pipeline described in paragraph (a) (1) on the boundary line between Green County, Pennsylvania, and Wetzel County, West Virginia, in a northeasterly direction to a terminal point in Limestone Township, Clarion County, Pennsylvania (Docket No. G–508).

(b) Paragraph (C) of the aforesaid order of April 26, 1944, provides as follows:

(C) Until further order of the Commission, the facilities herein authorized shall be operated exclusively for the purpose of enabling Hope Natural Gas Company and New York State Natural Gas Corporation to supply the natural-gas requirements of the following-named customers of New York State Natural Gas Corporation in accordance with the terms and provisions of existing contracts covering the sale and delivery of such requirements, limited, however, to the maximum annual quantities of natural gas set forth in the following tabulation:

	Annual volume (Mcf.)
New York State Electric & Gas Corp	1,900,000
Central New York Power Corp	3,300,000
Empire Gas & Fuel Co. (Pa.)	303,750
Godfrey L. Cabot, Inc	592,750
North Penn Gas Co. and Allegany Gas Co	1,581,250
Penn-York Natural Gas Corp	1,718,000

(c) On October 3, 1945, Dempseytown Gas Company ("Dempseytown"), Docket No. G–670, filed with the Commission an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize the construction and operation of approximately 9.19 miles of 4-inch pipeline extending from a point on the existing 12-inch pipeline of New York State Natural Gas Corporation in Limestone Township, Clarion County, Pennsylvania, to a point of connection with an existing 5-inch pipeline of Dempseytown in Monroe Township, Clarion County, Pennsylvania. The facilities proposed would be utilized by Dempseytown for the purpose of transporting natural gas which would be purchased from New York State Natural Gas Corporation and selling such gas at wholesale and retail in the counties of Clarion, Venango and Forest, all within the State of Pennsylvania.

(d) On October 16, 1945, New York State Natural Gas Corporation, Docket No. G–508, filed with the Commission an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, for authority to deliver and sell to Dempseytown Gas Company approximately 304,000 Mcf of natural gas per year which would be transported through the facilities authorized by the order of the Commission dated April 26, 1944, in Docket No. G–508. New York State Company, in its application, requests the Commission to modify paragraph (C) of the aforesaid order of April 26, 1944, hereinbefore quoted, so as to permit the delivery and sale of natural gas to Dempseytown Gas Company.

(e) On October 11, 1945, New York State Natural Gas Corporation Docket No. G–508, filed with the Commission a petition requesting modification of the limitation imposed by paragraph (C) of the aforesaid order of April 26, 1944, insofar as it pertains to the sale and delivery of natural gas to Empire Gas and Fuel Company. New York State Company requests that the limitation be modified in such manner as to permit it to increase from 303,750 Mcf to at least 669,000 Mcf the maximum annual quantity of natural gas deliverable to Empire Gas and Fuel Company.

(f) The present limitation of 303,750 Mcf on the maximum annual quantity of natural gas deliverable by New York State Company to Empire Gas and Fuel Company is the total of the daily deliveries provided for in New York State Natural Gas Corporation Rate Schedule FPC No. 19; that is, 1,000 Mcf per day during the months of January through April and 750 Mcf per day during the other eight months of each year. On September 6, 1945, New York State Company entered into a supplemental agreement with Empire Gas and Fuel Company which provides for the delivery of an additional quantity of 1,000 Mcf of natural gas each day after January 1, 1946. The supplemental agreement further provides that December deliveries beginning December 1, 1945, are to be 1,000 Mcf per day instead of 750 Mcf, and April deliveries are to be 750 Mcf instead of 1,000 Mcf.

(g) On October 30, 1945, Hope Natural Gas Company, Docket No. G–507, filed with the Commission a petition requesting modification of the limitation imposed by paragraph (c) of the aforesaid order of April 26, 1944, in such manner as to permit Hope to sell and deliver to New York State Company such additional quantities of natural gas as will enable the latter to meet the requirements of Dempseytown Gas Company and the additional requirements of Empire Gas and Fuel Company hereinbefore referred to. Hope further requests the Commission to modify the limitation imposed by paragraph (c) of the aforesaid order of April 26, 1944, in such manner as to permit Hope to supply the natural gas requirements of New York State Company in accordance with the terms and provisions of an agreement of November 1, 1943, between the companies, Hope Natural Gas Company Rate Schedule FPC No. 9, and up to the maximum quantity therein specified, 14,000,000 Mcf per year.

The Commission finds that:

(1) It is necessary and appropriate in the public interest that the record in the proceedings docketed as *In the Matters of Hope Natural Gas Company, et al.*, Docket Nos. G–507, G–508, G–510, G–516, and G–519, be reopened for the purpose of taking evidence with respect to the matters involved and the issues presented (1) by the application of New York State Natural Gas Corporation, Docket No. G–508, filed October 16, 1945, for a certificate of public convenience and necessity to authorize the sale and delivery of natural gas to Dempseytown Gas Company, and (2) by the several petitions of New York State Natural Gas Corporation, Docket No. G–507, and Hope Natural Gas Company, Docket No. G–508, filed October 11 and October 30, 1945, respectively, requesting modification of paragraph (C) of the Commission's aforesaid order of April 26, 1944.

(2) The reopened proceedings referred to in paragraph (1) hereof may present substantially similar issues and facts as those presented in connection with the application of Dempseytown Gas Company, Docket No. G–670, filed October 3, 1945, and referred to in paragraph (c) hereof, and good cause exists for consolidating the proceedings for purpose of hearing thereof.

The Commission orders that:

(A) The record in the proceedings docketed as *In the Matters of Hope Natural Gas Company, et al.*, Docket No. G–507, G–508, G–510, G–516, and G–519 be and it is hereby reopened for the purpose of taking evidence with respect to the matters involved and the issues presented (1) by the application of New York State Natural Gas Corporation, Docket No. G–508, filed October 16, 1945, for a certificate of public convenience and necessity to authorize the sale and delivery of natural gas to Dempseytown Gas Company, and (2) by the several petitions of New York State Natural Gas Corporation, Docket No. G–507, and Hope Natural Gas Company, Docket No. G–508, filed October 11, and October 30 1945, respectively, requesting modification of paragraph (C) of the Commission's aforesaid order of April 26, 1944.

(B) The reopened proceedings be consolidated for purpose of hearing with the proceeding docketed as *In the Matter of Dempseytown Gas Company*, Docket No. G–670.

(C) A public hearing be held in the consolidated proceedings on November 26, 1945, at 10:00 a. m., in the Council Chambers of City Building, Port Allegany, Pennsylvania.

(D) All interveners in the proceedings docketed as *In the Matters of Hope Natural Gas Company, et al.*, Docket Nos. G–507, G–508, G–510, G–516, and G–519, may participate in the reopened and consolidated proceedings in accordance with leave heretofore granted by the Commission.

(E) Interested State commissions may participate in said hearing as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

By the Commission.

NORTHERN NATURAL GAS CO.

ORDER CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

NOVEMBER 9, 1945.

Upon consideration of the following applications filed by Northern Natural Gas Company (Applicant) for certificates of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended:

(a) Application filed September 27, 1945 (Docket No. G–667) for authority to construct and operate the following described facilities:

(i) Certain additions and improvements to compressor stations of Applicant consisting of:

(1) Installation of two additional 1000 H. P. compressor units and appurtenant equipment and facilities at the Sublette, Kansas, compressor station.

(2) Installation of one additional 900 H. P. compressor unit and appurtenant equipment and facilities at the Oakland, Iowa, compressor station.

(3) Installation of one additional 800 H. P. compressor unit and appurtenant equipment and facilities at the South Sioux City, Nebraska, compressor station.

(ii) New compressor stations of Applicant consisting of:

(1) Construction of a 450 H. P. gas compressor station on the 18-inch gas line of Applicant near Otis, Kansas.

(2) Construction of a 2400 H. P. gas compressor station on the 16-inch main gas transmission line of Applicant near Cherokee, Iowa.

(iii) Additional loop lines of Applicant consisting of:

(1) Construction of approximately 37.85 miles of 24-inch O. D. loop line in

Kansas, approximately midway between Mullinville and Bushton stations and completing a double pipe line system between these two compressor stations.

(2) Construction of approximately 30.0 miles of 24-inch O. D. loop line in Kansas, approximately midway between Bushton and Clifton stations and completing a double pipe line system between these two compressor stations.

(3) Construction of approximately 13.5 miles of 24-inch O. D. loop line extending southwesterly from Beatrice compressor station and effecting a double pipe line system between Clifton and Beatrice compressor stations in Nebraska.

(4) Construction of approximately 22.4 miles of 24-inch O. D. loop line, extending southwesterly from Palmyra compressor station and completing a double pipe line system between Beatrice and Palmyra compressor stations in Nebraska.

(5) Construction of approximately 82.8 miles of 20-inch O. D. loop line in Kansas, extending northeasterly from Applicant's Sublette compressor station to Applicant's Mullinville compressor station.

(6) Construction of approximately 31.56 miles of 20-inch O. D. loop line in Iowa, extending northerly from Applicant's Ogden compressor station and connecting at a point on its 20-inch transmission line in Webster County, Iowa.

(7) Construction of approximately 13.7 miles of 18-inch O. D. loop line in Nebraska, extending southerly from Applicant's Hooper compressor station and connecting at a point on Applicant's 16-inch line in Saunders County, Nebraska.

(8) Construction of approximately 25.92 miles of 18-inch O. D. loop line in Nebraska, extending northerly from Applicant's Hooper compressor station and connecting at a point on Applicant's 16-inch line in Burt County, Nebraska.

(9) Construction of approximately 6.8 miles of 12¾ inch O. D. pipe line extending northwesterly from the South St. Paul town border station and connecting with the St. Paul town border station.

(10) Together with tie-over lines, valve settings and other appurtenances necessary or convenient for the utilization of the facilities described above.

(b) Application filed September 27, 1945 (Docket No. G–668) for authority to construct and operate approximately 8.5 miles of 4½-inch O. D. pipe line, from a point of connection with Applicant's 20-inch pipe line in Section 11, Township 89 North, Range 27 West, Webster County, Iowa, extending in a southeasterly direction to a point at or near the corporate limits of Webster City, Iowa, together with a measuring and regulating station, to be located at the terminus of said pipe line.

(c) Application filed October 8, 1945 (Docket No. G–672) for authority to construct and operate the following described facilities:

(1) Approximately 9.7 miles of 4½-inch O. D. pipe line, together with appurtenances thereto, from a point of connection with Applicant's 6-inch pipe line in Section 5, Township 112 North, Range 23 West, Le Sueur County, Minnesota, and extending in a northwesterly direction to a point at or near the corporate limits of Belle Plaine, Minnesota, together with a measuring and regulating station, to be located at the terminus of said pipe line.

(2) Approximately 4.0 miles of 2-inch O. D. pipe line, together with appurtenances thereto, from a point of connection with Applicant's 4-inch pipe line in Section 11, Township 113, North, Range 24 West, Scott County, Minnesota, and extending in a northeasterly direction to a point at or near the corporate limits of Jordan, Minnesota, together with a measuring and regulating station, to be located at the terminus of said pipe line.

(3) Approximately 0.38 mile of 2-inch O. D. pipe line, together with appurtenances thereto, from a point of connection with Applicant's 8-inch pipe line in Section 4, Township 107 North, Range 24 West, Waseca County, Minnesota, and extending in a northerly direction to a point at or near the corporate limits of Janesville, Minnesota, together with a measuring and regulating station to be located at the terminus of said pipe line.

(d) Application filed October 8, 1945 (Docket No. G–673) for authority to construct and operate the following described facilities:

(1) Approximately 4.25 miles of 3½-inch O. D. pipe line, together with appurtenances thereto, from a point of connection with Applicant's 16-inch pipe line in the Northwest Quarter (NW¼) of Section 5, Township 81 North, Range 26 West, Dallas County, Iowa, and extending in a northeasterly direction to a point at or near the corporate limits of Madrid, Iowa, together with a measuring and regulating station, to be located at the terminus of said pipe line.

(2) Approximately 0.6 mile of 2⅜ inch O. D. pipe line, together with appurtenances thereto, from a point of connection with Applicant's 16-inch pipe line in the Northeast Quarter (NE¼) of Section 1, Township 80 North, Range 26 West, Dallas County, Iowa, and extending in a southwesterly direction to a point at or near the corporate limits of Granger, Iowa, together with a measuring and regulating station, to be located at the terminus of said pipe line.

(3) Approximately 3.0 miles of 2⅜ inch O. D. pipe line, together with appurtenances thereto, from a point of connection with Applicant's 16-inch pipe line in the Southeast Quarter (SE¼) of Section 27, Township 80 North, Range 25 West, Polk County, Iowa, and extending in a southwesterly direction to a point at or near the corporate limits of Grimes, Iowa, together with a measuring and regulating station, to be located at the terminus of said pipe line.

(4) Approximately 0.91 mile of 2-inch O. For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton for the indicated uses and shipments as set forth herein. All are in District No. 8. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipments are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coals by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.219 and all other provisions of Maximum Price Regulation No. 120.

(a) This order shall become effective on the 14th of November, 1945.

Issued this 13th day of November 1945.

FRED J. ZIEGENFELDER

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; *It is ordered*, That:

(a) Fred J. Ziegenfelder, 619 W. High Street, St. Marys, Ohio (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
			Per M	*Cents*
Royal Dot	Junior	50	$60	2 for 15

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective November 15, 1945.

Issued this 14th day of November 1945.

LAKEWOOD, N. J.

DESIGNATION AS DEFICIENCY AREA WITH RESPECT TO KOSHER BEEF, VEAL, LAMB AND MUTTON CUTS AND ALL VARIETY MEATS AND EDIBLE BY-PRODUCTS

Pursuant to section 5 (b) (7) of Maximum Price Regulation No. 394, I find that (i) there exists in the Town of Lakewood, County of Ocean in the State of New Jersey, total quotas which are substantially below an amount representing current seasonal demands for kosher meats by purveyors of kosher meals located in such area, and (ii) such purveyors of kosher meals are supplied almost exclusively by kosher retail selling establishments or stores located in the same area, and (iii) the condition described in subdivision (i) above is caused by the fact that the kosher retail selling establishments or stores are limited in their sales to purveyors of kosher meals located in the same area to 20% of their total dollar volume of meats sold during any current month.

The Town of Lakewood, County of Ocean in the State of New Jersey is hereby designated as a deficiency area and the District Director of the Office of Price Administration for the Town of Lakewood, County of Ocean in the State of New Jersey is hereby authorized to permit any kosher retail selling establishment or store located in the area and customarily serving such area, which establishment or store is not a hotel supply house or which does not slaughter more than 20 cattle or calves per month, to sell kosher retail meat cuts at the prices specified in section 24 of Maximum Price Regulation No. 394, in whatever volume and subject to such terms and conditions as he may deem necessary: *Provided*, That in no event may such kosher retail selling establishment or store be authorized to sell kosher retail meat cuts to kosher eating places in excess of 70% of its total monthly dollar volume of meat sales.

This order may be revoked or amended at any time.

This order shall become effective November 15, 1945.

Issued this 14th day of November 1945.

NASH-KELVINATOR CORP.

ADJUSTMENT OF MAXIMUM PRICES

Order authorizing Nash-Kelvinator Corporation and certain resellers to adjust maximum prices after delivery of 1945 or 1946 model year passenger automobiles.

The passenger automobile manufacturers and the Office of Price Administration are now engaged in determining what the maximum prices will be on sales of new passenger automobiles. While this determination is being made, the Nash-Kelvinator Corporation wishes to distribute the new automobiles it is currently producing. These automobiles will be distributed to dealers for use as showroom cars. This distribution will be made in part through branches and distributors. The Nash-Kelvinator Corporation and its branches and distributors are, therefore, authorized in this order to sell these automobiles at the existing maximum prices under section 6 of Maximum Prices Regulation 594 to be adjusted upwards after deliveries are made by the amounts of the differences between those maximum prices and the respective maximum prices the Office of Price Administration may authorize the Nash-Kelvinator Corporation and its branches and distributors to charge for the same automobiles under section 7 or 8 of Maximum Price Regulation 594.

Therefore, in accordance with the Emergency Price Control Act of 1942, as amended; *It is ordered:*

(1) The Nash-Kelvinator Corporation, Detroit, Michigan, and its branches and distributors, are authorized to sell and deliver to Nash-Kelvinator branches, distributors and dealers 1945 or 1946 model year automobiles the Nash-Kelvinator Corporation manufactures at the maximum prices permitted under section 6 of Maximum Price Regulation 594 to be adjusted upwards after deliveries are made by the amounts of the differences between such maximum prices and the maximum prices the Office of Price Administration may authorize them to charge under section 7 or 8 of Maximum Price Regulation 594.

(2) This order applies only to sales made by the Nash-Kelvinator Corporation and its branches and distributors and does not apply to sales made by dealers.

(3) This order may be modified or revoked by the Price Administrator at any time.

This order shall be effective as of November 14, 1945.

Issued this 14th day of November 1945.

CHESTER BOWLES,
Administrator.

[Little Rock Order G–2 Under Supp. Service Reg. 43 to RMPR 165]

COTTON PICKING SERVICES IN CERTAIN ARKANSAS COUNTIES

For the reasons set forth in the opinion issued simultaneously herewith and pursuant to the authority vested in the Little Rock District Office of the Office of Price Administration under Delegation of Authority Order No. 75, issued under Supplementary Service Regulation No. 43 to Revised Maximum Price Regulation No. 165; it is ordered:

(a) *What this order does.* This order establishes maximum prices for agricultural services rendered in connection with the picking, pulling, or snapping of cotton when supplied by independent service contractors in the counties of: Arkansas, Ashley, Chicot, Clay, Craighead, Crittenden, Cross, Desha, Drew, Greene, Jefferson, Lee, Lincoln, Lonoke, Mississippi, Monroe, Phillips, Poinsett, Prairie, Pulaski, and St. Francis, Arkansas. The above area to be covered in this order is identical with that covered by the order of the United States Department of Agriculture. This order also defines "independent service contractor".

(b) *Maximum prices.* The maximum prices which an independent service contractor may charge in the area defined in (a) for agricultural services rendered in connection with the picking of well-picked, clean seed cotton, and the pulling or snapping of cotton are established as follows:

(1) Independent service contractors may add to the amount per 100 pounds paid to cotton pickers the following amounts, provided pickers' wages do not exceed the wage ceilings established by the United States Department of Agriculture ($2.05 per 100 pounds for picking, and $1.15 per 100 pounds for pulling or snapping), or wage ceilings hereafter adjusted by the U. S. Department of Agriculture:

(i) For recruiting of cotton pickers, 20¢ per 100 pounds of seed cotton picked, pulled, or snapped.

(ii) For hauling cotton pickers daily to and from the field when the haul is 15 miles or less from the city limits to the cotton field, 15¢ per 100 pounds of seed cotton picked, pulled, or snapped.

(iii) For hauling cotton pickers to and from the field in excess of the 15 miles provided in (ii), 1¢ per mile per 100 pounds of seed cotton picked, pulled, or snapped.

(iv) For weighing cotton in the field and keeping records of pickers' field weights, 3¢ per 100 pounds of seed cotton picked, pulled, or snapped.

(v) For hauling seed cotton to the gin, 7¢ per 100 pounds of seed cotton picked, pulled, or snapped.

(vi) The maximum charge for the agricultural services set forth in paragraph (1) of this section shall not exceed 50¢ per 100 pounds of seed cotton picked, pulled, or snapped, regardless of the miles travelled or the services supplied.

Independent service contractor's maximum price would therefore be the sum of the amount per 100 pounds paid to pickers, not to exceed wage ceilings—plus the permitted additions shown above, or 50¢ per 100 pounds of seed cotton picked, pulled, or snapped, whichever is the lesser.

(2) Maximum prices herein established shall include the following agricultural services to be rendered growers and pickers by such independent service contractors at the contractor's own expense:

(i) Securing cotton pickers;

(ii) Hauling cotton pickers to the field;

(iii) Supervising the picking of the cotton;

(iv) Supplying drinking water to the pickers in the field;

(v) Weighing the cotton in the field and keeping records of the field weights by each picker;

(vi) Hauling the cotton to the gin; and,

(vii) Full payment of all wages under the contract.

(3) *Extra services.* No extra charge may be made by an independent service contractor for the performance of services other than those listed in paragraph (2) above.

(c) *Prohibited practices.* All practices which are designed to obtain prices higher than the maximum prices established under this order are prohibited, including, but not limited to, the giving or offering of a bonus to an independent service contractor, a cotton producer, gin operator, or other person, and the demanding or receiving of a bonus from a cotton producer, gin operator, or other person, by an independent service contractor.

(d) *Record keeping.* Independent service contractors who supply services subject to this order are required to keep the following records and make them available for inspection upon request from authorized officials of the Office of Price Administration, or officials of the United States Department of Agriculture:

(1) Name and address of producers to whom services subject to this order are supplied.

(2) Number of pounds of cotton picked for each producer.

(3) The amount per 100 pounds paid to pickers by independent service contractors and the field weights on which such payments were made.

(4) The amount of payment received from producers for services supplied pursuant to this order.

(e) *Definitions and terms used in this order.* "Independent service contractor" as used in this order, is any person who holds himself out for hire to render one or more of the services listed in paragraph (b) (2) of this order to cotton growers and/or cotton pickers.

This order may be revoked, revised, or modified at any time by the Office of Price Administration.

Order No. G–1, as amended, under Supplementary Service Regulation 43, under Revised Maximum Price Regulation No. 165, issued on October 12, 1945 by the Little Rock District Office, is hereby superseded by this Order No. G–2.

This order shall remain in effect for a period of ninety (90) days from the issuance hereof. However, this order may be continued in effect by amendment issued either prior to or after the expiration of the ninety-day period.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 1–342]

RED BANK OIL CO.

ORDER SUMMARILY SUSPENDING TRADING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 14th day of November, A. D. 1945.

The Commission, by order adopted on October 16, 1945, pursuant to section 19 (a) (4), having summarily suspended trading in the Common Stock, $1 Par Value, of Red Bank Oil Company on the New York Curb Exchange for a period of ten (10) days in order to prevent fraudulent, deceptive, or manipulative acts or practices, and said security having been similarly suspended from trading on said exchange for additional periods of ten (10) days each by orders adopted on October 25 and November 2, 1945;

The Commission, with due regard for the public interest and the protection of investors, deeming it appropriate that trading in said Common Stock on the New York Curb Exchange be summarily suspended;

The Commission being of the opinion further that such suspension is necessary in order to prevent fraudulent, deceptive, or manipulative acts or practices, with the result that it will be unlawful under section 15 (c) (2) of the Securities Exchange Act of 1934 and the Commission's Rule X–15C2–2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of, such security otherwise than on a national securities exchange;

It is ordered, Pursuant to section 19 (a) (4) of the Securities Exchange Act of 1934, that trading in such security on the New York Curb Exchange be, and it hereby is, summarily suspended in order to prevent fraudulent, deceptive, or manipulative acts or practices, effective for a period of ten (10) days from the opening of the trading session on November 15, 1945.

By the Commission.

ELECTRIC POWER & LIGHT CORP. ET AL.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 13th day of November, A. D. 1945.

In the matter of Electric Power & Light Corporation, Utah Power & Light Company, File No. 54–119; Electric Power & Light Corporation, Utah Power & Light Company, Utah Light and Traction Company, The Western Colorado Power Company, File No. 59–63; Utah Power & Light Company, Utah Light and Traction Company, The Western Colorado Power Company, File No. 70–646.

Electric Power & Light Corporation ("Electric"), a registered holding company and a subsidiary of Electric Bond and Share Company ("Bond and Share"), and Electric's subsidiary, Utah Power & Light Company ("Utah"), a public utility company which is also a registered holding company, having filed a joint application pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 seeking approval of a plan of recapitalization to effectuate the provisions of section 11 (b) (2) of the act and to comply with an order of this Commission dated November 29, 1943, pursuant to section 11 (b) (2) of the act, directed to such companies and to Utah's subsidiary companies, which provided, inter alia, as follows:

• • • that Electric and Utah shall effect a change in the present capitalization of Utah to one class of stock, namely, common stock in an appropriate manner. • • •

and

Said plan, being more fully described in the Findings and Opinion hereinafter referred to, having provided, in substance, for the issuance of new common stock by Utah and the exchange of such stock for all of its outstanding publicly-held $7 and $6 preferred stock; and the payment to Electric by Utah of $650,000 in cash, the release by Utah of all claims against Electric which Utah or its subsidiaries may have, and the assignment

to Electric of all claims against Bond and Share which Utah or its subsidiaries may have in consideration of the surrender for cancellation by Electric of all of the common stock of Utah and 2,100 shares of the $7 preferred stock of Utah and the release by Electric of all claims against Utah arising from such security holdings; and

The applicants having requested that the Commission enter an order finding that the transactions proposed in said plan are necessary or appropriate to effectuate the provisions of section 11 (b) of the act, and that such order conform to the formal requirements specified in the Internal Revenue Code, as amended, including section 1808 (f) and Supplement R thereof; and

The applicants having requested the Commission upon its approval of the plan to apply to an appropriate District Court of the United States for an order approving and enforcing the plan; and

The Commission having issued a notice of and order for hearing on said application, and having directed that the proceedings thereon should be consolidated with proceedings heretofore instituted under sections 11 (b) (2), 15 (f), and 20 (a) of the act with respect to Electric and Utah and its subsidiaries; and

Utah and its electric utility subsidiary, The Western Colorado Power Company ("Colorado"), having filed a joint application seeking a finding that a capital contribution in the amount of $4,066,651 made by Utah to Colorado constitutes substantial compliance with the aforesaid order of this Commission dated November 29, 1943 directing such a contribution in the amount of $4,359,203; and said application having by order of this Commission been consolidated with the proceedings on the plan; and

A public hearing having been held on such matters, after appropriate public notice; the Commission having considered the record in the matter and having made and filed its findings and opinion herein; and

The Commission having found that the proposed transactions are necessary to effectuate the provisions of section 11 (b) of the act and fair and equitable to the persons affected thereby; and that the capital contribution made by Utah to Colorado in the amount of $4,066,651 constitutes substantial compliance with its order of November 29, 1943, directing such a contribution in the amount of $4,359,203;

It is hereby ordered, That said applications be, and the same hereby are, granted, and that said plan be, and the same hereby is, approved, subject, however, to the conditions specified in Rule U-24 and the following additional terms and conditions:

(1) That this order shall not be operative to authorize the consummation of the transactions proposed in the plan until an appropriate United States District Court shall, upon application thereto, enter an order enforcing such plan; and

(2) That jurisdiction be, and hereby is, reserved to the Commission to entertain such further proceedings, to make such supplemental findings and to take such further action as it may deem appropriate in connection with the plan, the transactions incident thereto and the consummation thereof and, in the event the plan be not consummated, to enter such further orders as it may deem appropriate under sections 11 (b) (2), 15 (f) and 20 (a) of the act;

It is further ordered, That the issues, transfers and exchanges of securities, the mutual releases and assignment of claims, the cash payments and the transactions specified and itemized below, all as provided by the plan, are necessary or appropriate to the integration and simplification of the holding company system of which Utah is a member and necessary and appropriate to effectuate the provisions of subsection (b) of section 11 of the Public Utility Holding Company Act of 1935;

(1) The surrender by Electric, and the acquisition and cancellation by Utah of 9,000,000 shares of its common stock and 2,100 shares of its $7 preferred stock with all rights to accumulated unpaid dividends thereon;

(2) The payment by Utah to Electric of $650,000 in cash, the assignment to Electric of any claims against Bond and Share and its wholly-owned subsidiaries which Utah and its subsidiaries may have against them, and the release of Electric of any claims which Utah and its subsidiaries may have against Electric;

(3) The surrender by the public stockholders and the acquisition and cancellation by Utah of all of its outstanding shares of $7 and $6 preferred stock and the issuance in exchange therefor of 1,185,241¼ shares of Utah's new no par common stock of a stated value of $20 per share;

It is further ordered, That counsel for the Commission be, and they are hereby authorized and directed to make application on behalf of the Commission to an appropriate United States District Court to enforce and carry out the terms and provisions of the plan, pursuant to the provisions of section 11 (e) and in accordance with the provisions of section 18 (f) of the act and the request duly filed herein by the applicants.

By the Commission.

CONSOLIDATED ELECTRIC AND GAS CO.

NOTICE OF FILING OF SECOND AMENDMENT AND ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 9th day of November, A. D. 1945.

Notice is hereby given that Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, has filed amendments to its filing in the above entitled matter. All interested persons are referred to said amendments, which are on file in the offices of this Commission, for a full statement of the transactions therein proposed, which may be summarized as follows:

Consolidated withdraws its application herein for an order approving its plan to satisfy, discharge and retire all of its bond indebtedness by payment in cash of the principal amount thereof plus accrued interest thereon to the date of payment. Consolidated now proposes to issue and sell to Central Hanover Bank and Trust Company, New York, and certain other banking institutions not designated in the filing, notes in a principal amount not exceeding $14,500,000, bearing interest at 2¾%, to mature in not more than three years from their date. The notes would be secured by pledge of substantially all of the securities of subsidiaries presently owned by Consolidated. Consolidated proposes from time to time to dispose of securities so pledged in an amount sufficient to repay the proposed bank loan; the proceeds of pledged securities would have to be used for that purpose, under the terms of the proposed bank loan agreement.

The proceeds of the notes, together with treasury funds, are to be used to acquire, redeem and retire all of the outstanding Collateral Trust Bonds of Consolidated at their redemption prices. As at June 30, 1945, Consolidated had outstanding an aggregate of $14,716,000 principal amount of Collateral Trust Bonds as follows: $1,447,000 of the 6% Series, due 1957, which are redeemable at principal amount and accrued interest to the date of redemption; $13,269,000 of the 3%-6% Series, due 1962, which are redeemable at 103% of principal amount and accrued interest to the date of redemption.

It appears that sections 6 (a), 7 and 12 (d) of the Public Utility Holding Company Act of 1935 are applicable to the proposed issue and sale of notes and to the proposed pledge of securities of subsidiaries, and that the proposed acquisition, redemption and retirement of Collateral Trust Bonds are exempt from the provisions of sections 9 (a) and 12 (c) of the act pursuant to Rule U-42 (b) (2) promulgated thereunder.

It appearing to the Commission that a hearing should be held regarding the declaration included in said amendments, and that said declaration should not be permitted to become effective except pursuant to further order of this Commission;

It is ordered, That the hearing herein be reconvened under the applicable provisions of the act and the rules of the Commission thereunder on November 21, 1945, at 10:00 a. m., e. s. t., at the office of the Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On that date, the hearing room clerk in Room 318 will advise as to the room in which the hearing will be held.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the reconvened hearing. The officer so designated to preside at the hearing is hereby authorized to exercise all the powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues herein, attention will be directed at the hearing to the following matters and questions:

1. Whether the notes proposed to be issued will be reasonably adapted to the security structure and earning power of Consolidated and necessary and appropriate to the economical and efficient operation of the business in which Consolidated is presently engaged;

2. Whether the fees, commissions, or other remuneration to be paid in connection with the issue and sale of said notes are reasonable;

3. Whether the terms and conditions of said notes are detrimental to the public interest or the interest of investors and consumers;

4. Whether the accounting entries to be recorded in connection with the proposed transactions are proper and conform with sound and accepted principles of accounting under the standards of the act;

5. Generally, whether the proposed transactions comply with all the applicable provisions and requirements of the act and rules and regulations promulgated thereunder and whether it is necessary or appropriate in the public interest or for the protection of investors and consumers to impose terms and conditions in respect thereof.

It is further ordered, That notice of this hearing is hereby given to Consolidated, to Continental Illinois National Bank and Trust Company of Chicago, Trustee under the indenture securing the bonds of Consolidated and to all interested persons, said notice to be given to Consolidated and to Continental Illinois National Bank and Trust Company of Chicago by registered mail, and to all other persons by a general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list for releases issued under the Public Utility Holding Company Act of 1935 and by publication of a copy of this notice and order in the FEDERAL REGISTER.

It is requested that any person desiring to be heard in these proceedings shall file with the Secretary of the Commission on or before November 19, 1945 an appropriate request or application to be heard, as provided by Rule XVII of the Commission's rules of practice.

By the Commission.

BARTHOLOMEW A. BRICKLEY

MEMORANDUM OPINION AND ORDER APPROVING APPLICATION

At the regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 13th day of November, 1945.

Bartholomew A. Brickley of Boston, Massachusetts, Trustee for International Hydro-Electric System (IHES),[1] has filed with this Commission an application pursuant to Rule U-63[2] for approval of the maximum amount for which application may be made to the United States District Court for the District of Massachusetts as an interim allowance for his services rendered as Trustee from November 13, 1944 to July 13, 1945. Applicant seeks permission to apply for compensation in the amount of $16,666.64 and for the reimbursement of $596.87 of out-of-pocket expenses during that period. Applicant states that the question of final compensation is to be determined only when his services have been terminated.

Applicant has further requested that he be granted exemption, pursuant to Rule U-100, from the necessity for further applying to this Commission for the approval of the maximum amount for which application may from time to time hereafter be made to the District Court for interim allowances for services rendered after July 13, 1945, if the amount to be requested does not exceed $2,083.33 per month plus reimbursement of future disbursements not to exceed $100 per month.

After appropriate notice, a hearing was held with respect to the application. No one appeared in opposition to the application.

The record indicates that the services rendered as Trustee consisted in the main of daily conferences regarding the operation of the business and other pertinent matters relating thereto. The record further indicates that the services rendered by Brickley, for which the $16,666.64 fee is requested, covers a period of eight months from the time of his appointment as Trustee, November 13, 1944, to July 13, 1945. The record indicates that since the latter date the amount of work has so increased that it is estimated that approximately three-fourths of Brickley's time will be devoted to the affairs of IHES. The time devoted to services rendered during the eight months' period is estimated at 680 hours.

After consideration of the record, we are satisfied that $16,666.64 is reasonable as the maximum amount for which application may be made to the District Court for interim compensation for the services rendered in the period ending July 13, 1945, and that the claimed disbursements were properly made. We are further satisfied that $2,083.33 per month is a reasonable amount for which application may be made to the District Court for interim compensation for future services. Similarly, we are satisfied that $100 per month is reasonable as the maximum amount for which application may be made to the District Court for interim reimbursement of future disbursements.

It is therefore ordered, That the application of Brickley, pursuant to Rule U-63, be, and the same is, hereby approved, such approval being without prejudice to the rights of any of the parties hereto or the jurisdiction of the Commission, with respect to the maximum amount of any final claims for fees, expenses or remuneration in connection with this reorganization.

It is further ordered, That the application of Brickley, pursuant to Rule U-100 be, and the same is, hereby approved, subject to the following conditions:

1. The applicant will give to the Commission 20 days' notice of all applications for allowances to be made to the United States District Court for the District of Massachusetts, and will furnish to the Commission a detailed statement of such services and expenses at the time of said notice.

2. The Commission retains jurisdiction, at any time, upon appropriate notice to terminate the exemption hereby granted.

3. The exemption hereby granted shall not prejudice the rights of any of the parties hereto, or the jurisdiction of the Commission, with respect to the maximum amount of any final claims for fees, expenses, or remuneration in connection with this reorganization.

By the Commission.

AMERICAN POWER & LIGHT CO.

ORDER APPROVING PLAN AND DIRECTING APPLICATION TO COURT

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia 3, Pennsylvania, on the 8th day of November, A. D. 1945.

[1] On August 14, 1943 this Commission applied to the United States District Court for the District of Massachusetts (Civil Action No. 2430), pursuant to sections 11 (d) and 18 (f) of the Public Utility Holding Company Act of 1935 to enforce compliance with an order of the Commission dated July 21, 1942, (Holding Company Act Release No. 3679), issued pursuant to Section 11 (b) (2) of the act. This order directed International Hydro-Electric System to liquidate and dissolve. After a hearing on the application, the United States District Court entered an interlocutory decree on October 11, 1943 appointing Brickley as Special Counsel to investigate certain transactions alleged to give rise to causes of action on behalf of International Hydro-Electric System against International Paper Company. On November 13, 1944, the court appointed Brickley as Trustee for International Hydro-Electric System.

[2] Rule U-63 promulgated under Sections 11 (d) and 11 (f) of the Act provides as follows:

"All fees, expenses and remuneration whether interim or final to whomsoever paid for services rendered, or to be rendered in connection with any reorganization, dissolution, liquidation, bankruptcy, or receivership of a registered holding company or subsidiary thereof, in any court of the United States shall be subject to approval by this Commission as to the maximum amount that may be paid for such services. This rule shall not apply to any payments approved by a court of the United States in any proceeding in which the Commission has filed a notice of appearance pursuant to Section 208 of Chapter X of the Bankruptcy Act as amended."

The Commission having on August 22, 1942, entered an order pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935 requiring that the existence of American Power & Light Company ("American"), a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company, be terminated and said company be dissolved, and that American proceed with due diligence to submit to the Commission a plan or plans for the prompt dissolution of American pursuant to section 11 (b) (2) of the act; and

American having on July 13, 1944, filed an application pursuant to section 11 (e) of the act for approval of a plan for the retirement of American's outstanding 6% Gold Debenture Bonds, due 2016, and Southwestern Power & Light Company's ("Southwestern"), 6% Gold Debenture Bonds, due 2022, assumed by American, at 100% of principal amount plus accrued interest, which plan is more fully described in the findings and opinion hereinafter referred to; and

Public hearings having been held after appropriate notice and the Commission having issued its findings and opinion dated October 31, 1945, disapproving the plan as not fair and equitable to the persons affected thereby, and having granted American leave to file within thirty days an amended plan in accordance with said findings and opinion; and

American, pursuant to section 11 (e) of the act, having filed on November 7, 1945, an amended plan, providing for the retirement of American's outstanding 6% Gold Debenture Bonds, due 2016, at 110% of principal amount plus accrued interest; and said amended plan further providing for the retirement of the Southwestern 6% Gold Debenture Bonds, due 2022, at 110% of principal amount plus accrued interest, and in addition such amount which the Commission shall subsequently determine to be fair and equitable on account of the fact that the Southwestern Gold Debenture Bonds are not callable until March 1, 1947; and

The Commission having found that said amended plan is necessary to effectuate the provisions of section 11 (b) of the act and is fair and equitable to the persons affected thereby:

It is ordered, That the application for approval of said amended plan be and the same hereby is granted and the said amended plan be and the same hereby is approved subject, however, to the conditions specified in Rule U-24 and to the further condition that this order shall not be operative to authorize the consummation of the transactions proposed in the amended plan until an appropriate United States District Court shall, upon application thereto, enter an order enforcing such amended plan.

It is further ordered, That the application of American to withdraw an application, previously filed, for a further extension of its authority to purchase debentures in the open market (File No. 70-618) be, and hereby is, granted.

It is further ordered, That counsel for the Commission be and they are hereby authorized and directed to make application on behalf of the Commission to an appropriate United States District Court to enforce and carry out the terms and provisions of said amended plan pursuant to the provisions of sections 11 (e) and 18 (f) of the act and the request duly filed herein by the applicant.

It is further ordered, That the expenditure by American of $40,028,560, and of the amount of unpaid accrued interest for the retirement of American Power & Light Company Gold Debenture Bonds, American 6% Series, due 2016, and Southwestern Power & Light Company 6% Gold Debenture Bonds, Series A, due 2022, assumed by American, and of the additional amount payable to the holders of Debenture Bonds issued by Southwestern Power & Light Company, pursuant to the receipts to be issued as provided in the amended plan, and the issuance of such receipts, are necessary and appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935 and are necessary and appropriate to the integration or simplification of the holding company system of which American is a member.

By the Commission.

AMERICAN POWER & LIGHT CO. AND CENTRAL ARIZONA LIGHT AND POWER CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 1st day of November, A. D. 1945.

American Power & Light Company ("American"), a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company, having filed a declaration and amendments thereto under section 12 (b), 12 (d) and 12 (f) of the Public Utility Holding Company Act of 1935 and Rules U-44, U-45 and U-50 thereunder regarding (a) the sale by American, in accordance with the provisions of Rule U-50, of 840,000 shares of the common stock of Central Arizona Light and Power Company ("Central Arizona"), (b) the assignment to American by Central Arizona of its claims against Electric Bond and Share Company and the latter's present or former subsidiary service companies, and (c) the agreement between American and Central Arizona whereby American will receive the benefits of any gain or suffer any loss from adjustments in Central Arizona's accruals for Federal income and excess profits taxes between January 1, 1940 and the last day of the month preceding the consummation of the proposed transactions; and

American having requested that the 10-day minimum period for reception of competitive bids prescribed by Rule U-50 be reduced to a minimum of six days; and American having further requested that the Commission enter an order finding that the sale and transfer by American of common stock of Central Arizona and the payments, if any, pertaining to adjustments for Federal income and excess profits taxes of Central Arizona are necessary or appropriate to effectuate the provisions of section 11 (b) of the act and that such order conform to the pertinent requirements of the Internal Revenue Code as amended, including section 1808 (f) and Supplement R thereof; and

A public hearing having been held after appropriate notice, the Commission having considered the record in this matter to date and having made and filed its memorandum findings and opinion herein:

It is ordered, That the declaration, as amended, be, and the same is hereby permitted to become effective, subject to the conditions prescribed by Rule U-24 and to the further condition that the proposed sale of the common stock of Central Arizona shall not be consummated until the results of competitive bidding, pursuant to Rule U-50, have been made a matter of record in this proceeding and a further order shall have been entered by the Commission in the light thereof, jurisdiction being reserved for this purpose;

It is further ordered, That jurisdiction be and the same is hereby reserved over all legal fees to be incurred in connection with the proposed transactions; and

It is further ordered, That the sale and transfer by American of 840,000 shares of common stock without par value of Central Arizona and the payments, if any, pertaining to adjustments on account of provision for Federal income and excess profits taxes of Central Arizona pursuant to the amendment dated October 30, 1945 to the letter agreement of October 3, 1945 between Central Arizona and American are necessary or appropriate to the integration or simplification of the holding company system of which American is a member and are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935.

It is further ordered, That the 10-day minimum period for reception of bids with respect to the common stock proposed to be sold, prescribed by Rule U-50, be, and the same is hereby reduced to a minimum of six days.

By the Commission.

The President

EXECUTIVE ORDER 9656

TRANSFER OF SHIPBUILDING STABILIZATION COMMITTEE

By virtue of the authority vested in me by the Constitution and Statutes, including Title I of the First War Powers Act, 1941, and as President of the United States, it is hereby ordered as follows:

The Shipbuilding Stabilization Committee of the Civilian Production Administration, established by General Administrative Order No. 2-57 of the Chairman of the War Production Board, effective August 1, 1942, and its functions, including those under Executive Order No. 9250 of October 3, 1942, and so much of the records, property, personnel, and funds of the Civilian Production Administration as relates primarily to such functions, are transferred to the Department of Labor and shall be administered under the supervision and direction of the Secretary of Labor. The Secretary shall fill any vacancies which may occur in the appointive membership of the Committee. Such measures and dispositions as may be determined by the Director of the Bureau of the Budget to be necessary to effectuate the transfers provided for in this order shall be carried out in such manner as the Director may direct and by such agencies as he may designate. All prior regulations, rulings, and other directives relating to any function transferred by this order shall remain in effect except as they are hereafter amended or revoked under proper authority.

PART 601—DESIGNATION OF AIRWAY TRAFFIC CONTROL AREAS, AIRPORT APPROACH ZONES, AIRPORT TRAFFIC ZONES AND RADIO FIXES

DESIGNATION OF AIRPORT APPROACH ZONES

OCTOBER 29, 1945.

Acting pursuant to the authority vested in me by section 308 of the Civil Aeronautics Act of 1938, as amended, and Special Regulation No. 197 of the Civil Aeronautics Board, I hereby amend Part 601 of the Regulations of the Administrator of Civil Aeronautics as follows:

1. By striking § 601.200322 (*Seattle, Washington Airport Approach Zone*) and substituting in lieu thereof the following:

§ 601.200322 *Seattle, Washington Airport Approach Zone.* The area lying within civil airways between the Seattle, Washington radio range station and a point five miles southwest of the Seattle, Washington radio range station, from Boeing Field to a point ten miles east of the Seattle, Washington radio range station, from Boeing Field to a point seventeen miles north of Boeing Field, and that area lying within five miles on either side of the center line of the on course signal of the northwest course of the Seattle, Washington radio range from Boeing Field to a point ten miles northwest.

2. By deleting from § 601.2000 the following:

Washington, D. C.---- Washington National Airport.

3. By adding a new § 601.200108 as follows:

§ 601.200108 *Washington, D. C. Airport Approach Zone.* Within a 25 mile radius of Washington National Airport, Washington, D. C.

This amendment shall become effective 0001 E. s. t., December 1, 1945.

T. P. WRIGHT,
Administrator of Civil Aeronautics.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration

PART 2—REGULATIONS FOR THE ENFORCEMENT OF THE FEDERAL FOOD, DRUG, AND COSMETIC ACT

DRUGS AND DEVICES; EXEMPTIONS

By virtue of the authority vested in the Federal Security Administrator by

the provisions of section 503 (a) of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040 ff, 21 U.S.C. 301 et seq.); the Reorganization Act of 1939 (53 Stat. 561 ff, 5 U.S.C. 133–133v); and Reorganization Plans No. I (53 Stat. 1423) and No. IV (54 Stat. 1234); the regulation promulgated pursuant to section 503 (a) of the act (21 CFR, Cum. Supp., § 2.107) is hereby amended by adding thereto the following paragraphs (e) to (h) inclusive.

§ 2.107 *Drugs and devices; exemptions.* • • •

(e) Except as provided in paragraphs (g) and (h) of this section, a shipment or other delivery of a drug which is subject to section 507 of the act and which is, in accordance with the practice of the trade, to be processed or repacked in a substantial quantity at an establishment other than that where originally processed or packed shall be exempt from compliance with the labeling requirements of section 502 (f) of the act during the time such drug is also exempt from the requirements of section 502 (l) of the act under the provisions of § 146.20 or 146.21 of this chapter.

(f) Except as provided by paragraphs (g) and (h) of this section, a shipment or other delivery of a drug which is subject to section 507 of the act and which is, in accordance with the practice of the trade, to be labeled in substantial quantity at an establishment other than that where originally processed or packed shall be exempt from compliance with the labeling requirements of section 502 (b), (e) and (f) of the act during the time such drug is also exempt from the requirements of section 502 (l) of the act under § 146.18 of this chapter, if the words, statements, and other information required by section 502 (b) and (e) of the act appear on each shipping container of such drug.

(g) In case the person who introduced such shipment or other delivery into interstate commerce is the operator of the establishment where such drug is to be processed, labeled, or repacked, an exemption of such shipment or delivery under paragraph (e) or (f) of this section shall become void ab initio at the beginning of the act of removing such shipment or delivery or any part thereof from such establishment if the drug comprising such shipment, delivery, or part is adulterated or misbranded within the meaning of the act when so removed.

(h) In case the person who introduced such shipment or delivery into interstate commerce is not the operator of the establishment where such drug is to be processed, labeled, or repacked, an exemption of a shipment or other delivery of such drug under paragraph (e) or (f) of this section shall expire at the beginning of the act of removing such shipment or delivery or any part thereof from such establishment of the drug comprising such shipment, delivery, or part is adulterated or misbranded within the meaning of the act when so removed.

The foregoing amendments to the regulation under section 503 (a) of the act and shall become effective upon their publication in the FEDERAL REGISTER.

(Sec. 503 (a); 21 U.S.C. 301 et seq.)

Dated: November 14, 1945.

PART 146—CERTIFICATION OF BATCHES OF PENICILLIN-CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040 ff, 21 U.S.C. 301 et seq., as amended by Public Law 139, 79th Cong., 1st Sess., July 6, 1945), the regulations for the certification of batches of penicillin-containing drugs (10 F.R. 11227) are hereby amended as indicated below:

1. Section 146.1 (l) is amended by substituting "146.18" for "146.19".

2. Section 146.4 (b) is amended by striking "or" at the end of subparagraph (4), changing the period to a semicolon at the end of subparagraph (5) and adding "or", and adding the following new subparagraph:

(6) With respect to any immediate container, if such regulations require its labeling to bear a caution against dispensing otherwise than on prescription, at the beginning of the act of dispensing or offering to dispense it otherwise than:

(i) By a physician, dentist, or veterinarian, in his professional practice, who is licensed by law to administer drugs; or

(ii) On his prescription issued in his professional practice.

3. Section 146.8 (b) is amended by changing the period to a comma at the end of the sentence, and adding: "except that, in case of a supplemental request submitted pursuant to the provisions of § 146.18, the fee shall be $1.00."

4. A new § 146.18 is added as follows:

§ 146.18 *Exemptions for labeling.* (a) Except as provided by paragraphs (c) and (d) of this section, a shipment or other delivery of a drug which is to be labeled at an establishment located elsewhere than at the place of manufacture shall be exempt, during the time of introduction into and movement in interstate commerce and the time of holding in such establishment, from the requirements of section 502 (l) of the act if the labeling of each shipping container bears the batch mark of the drug and the number of units per package, and if the person who introduced such shipment or delivery into interstate commerce holds a permit from the Commissioner authorizing shipment for labeling in such establishment.

(b) (1) An application for such a permit shall be in a form specified by the Commissioner, and shall give the name and location of the establishment in which such labeling is to be done.

(2) In case the applicant is the operator of such establishment, the application shall include a written agreement signed by him that he will request certification of each batch from which any shipment or delivery is made to such establishment unless it is exempt under section 801 (d) of the act or § 146.23; that he will not remove any of such drug from such establishment unless it complies with section 502 (l) of the act or is so exempt, or if certification is refused, unless it is returned within a reasonable time to permit reprocessing and certification, destruction, or such exemption at the establishment where it was manufactured; that he will keep complete records showing the date, quantity, and batch mark of each such shipment and delivery and the disposition thereof; that he will make such records available to any officer or employee of the Food and Drug Administration at any reasonable hour within three years after the date of such disposition; and that he will accord full opportunity to such officer or employee to make inventories of stocks on hand and otherwise check the correctness of such records.

(3) In case the applicant is not the operator of such establishment such application shall include or be accompanied by:

(i) A written agreement signed by the applicant that he will request certification of each batch from which any shipment or delivery is made to such establishment unless it is exempt under section 801 (d) of the act or § 146.23; that he will keep complete records showing the date, quantity, and batch mark of each such shipment and delivery; and that he will make such records available to any officer or employee of the Food and Drug Administration at any reasonable hour within three years after the date of such shipment or delivery; and

(ii) A written agreement signed by the operator of such establishment that he will submit a request, supplemental to that of the applicant, for the certification of each batch or portion thereof comprised in any such shipment or delivery received by him unless it is exempt under section 801 (d) of the act or § 146.23; that he will specify in his request the number of packages of each size in such shipment or delivery, the batch mark thereof, and the batch mark he will use therefor; that the batch marks to be used (if different from those of the applicant) will be only those of which the key is specified in this agreement; that the labeling to be used for such packages will be only that of which specimens are attached to this agreement (including specimens of all brochures and other printed matter, except readily available medical publications, referred to in such labeling); that when any change is made in such key or labeling he will promptly submit to the Commissioner a full statement of such change or, in the case of changed labeling, specimens showing all such changes; that he will not remove any of such drug from such establishment unless it complies with section 502 (l) of the act or is exempt under section 801 (d) of the act or § 146.23 or, if certification is refused, unless it is returned within a reasonable time to permit reprocessing and certification, destruction, or such exemption at the establishment where it was manufactured; that he will keep complete records of the disposition of each such shipment and delivery; that he will make such records available to any officer or employee of the Food and Drug Administration at any reasonable hour within three years after the date of such disposition; and that he will accord full opportunity to such officer or employee to make inventories of stocks on hand and otherwise check the correctness of such records.

(4) When the Commissioner finds, after giving notice and opportunity for hearing, that such application contains any untrue statement of a material fact or that any provision of any such agreement has been violated he may revoke such permit.

(c) An exemption of a shipment or other delivery under paragraph (a) of this section, in case the person who introduced such shipment or delivery into interstate commerce is the operator of such establishment, shall become void ab initio at the beginning of the act of removing or offering to remove such shipment or delivery or any part thereof, before or after labeling, from such establishment unless such batch complies with section 502 (l) of the act or is exempt under section 801 (d) of the act or § 146.23 or, if certification is refused, unless it is returned within a reasonable time to permit reprocessing and certification, destruction, or such exemption at the establishment where it was manufactured.

(d) An exemption of a shipment or other delivery under paragraph (a) of this section, in case the person who introduced such shipment or delivery into interstate commerce is not the operator of such establishment, shall expire at the beginning of the act of removing or offering to remove such shipment or delivery or any part thereof, before or after labeling, from such establishment unless such batch complies with section 502 (l) of the act or is exempt under section 801 (d) of the act or § 146.23 or, if certification is refused, unless it is returned within a reasonable time to permit reprocessing and certification, destruction, or such exemption at the establishment where it was manufactured.

(3) A written agreement signed by the person who will own the drug after the repacking is completed that he will request certification of each batch thereof unless it is exempt under section 801 (d) of the act or §§ 146.18, 146.19 or 146.23, and that he will not remove any of such drug from such establishment unless it complies with section 502 (l) of the act or is so exempt or is returned to him for labeling or, if certification is refused, unless it is returned within a reasonable time to permit reprocessing and certification, destruction, or such exemption at the establishment where it was manufactured.

When the Commissioner finds, after giving notice and opportunity for hearing, that such application contains any untrue statement of a material fact or that any provision of any such agreement has been violated he may revoke such permit.

(c) An exemption of a shipment or other delivery under paragraph (a) of this section, in case the person who introduced such shipment or delivery into interstate commerce is the operator of such establishment, shall become void ab initio at the beginning of the act of removing or offering to remove such shipment or delivery or any part thereof, before or after repacking, from such establishment unless such batch complies with section 502 (l) of the act or is exempt under section 801 (d) of the act or §§ 146.18, 146.19 or 146.23 or is returned to such person for labeling or, if certification is refused, unless such shipment or delivery, within a reasonable time, is destroyed or returned to permit reprocessing and certification, destruction, or such exemption at the establishment where it was manufactured.

(d) An exemption of a shipment or other delivery under paragraph (a) of this section, in case the person who introduced such shipment or delivery into interstate commerce is not the operator of such establishment, shall expire at the beginning of the act of removing or offering to remove such shipment or delivery or any part thereof, before or after repacking, from such establishment unless such batch complies with section 502 (l) of the act or is exempt under section 801 (d) of the act or §§ 146.18, 146.19 or 146.23 or is returned to such person for labeling or, if certification is refused, unless such shipment or delivery, within a reasonable time, is destroyed or returned to permit reprocessing and certification, destruction, or such exemption at the establishment where it was manufactured.

5. Section 146.19 (b) (1), (c), and (d) are amended by inserting "146.18," before "146.21".

6. Section 146.20 (b) (3), (c), and (d) are amended by inserting "146.18," before "146.19".

7. Section 146.21 is amended to read:

§ 146.21 *Exemptions for repacking.* (a) Except as provided by paragraphs (c) and (d) of this section, a shipment or other delivery of a drug which is to be repacked at an establishment located elsewhere than at the place of manufacture shall be exempt, during the time of introduction into and movement in interstate commerce and the time of holding in such establishment from the requirements of section 502 (l) of the act if the labeling of each container bears the batch mark of the drug and the number of units per package, and if the person who introduced such shipment or delivery into interstate commerce holds a permit from the Commissioner authorizing shipment for repacking in such establishment.

(b) An application for such a permit shall be in a form specified by the Commissioner, and shall give the name and location of the establishment in which such repacking is to be done. Such application shall be accompanied by:

(1) A written agreement signed by the applicant that he will keep complete records showing the date, quantity, and batch mark of each shipment and other delivery of any such drug to such establishment, and that he will make such records available to any officer or employee of the Food and Drug Administration at any reasonable hour within three years after the date of such shipment or delivery;

(2) A written statement signed by the operator of such establishment showing that he has adequate facilities for such repacking; such statement shall contain an agreement that he will keep complete records showing the date of receipt by him and the quantity and batch mark of each such shipment and delivery and the disposition thereof, that he will make such records available to any officer or employee of the Food and Drug Administration at any reasonable hour within three years after the date of such disposition, and that he will accord full opportunity to such officer or employee to make inventories of stocks on hand and otherwise check the correctness of such records; and

8. Section 146.22 (b) (3) is amended by inserting "146.18," before "146.19".

9. Section 146.27 is amended:

a. By changing the second sentence of paragraph (a) to read: "It is tableted with or without the addition of one or more suitable and harmless diluents, binders, lubricants, colorings, and flavorings."

b. By changing paragraph (d) (1) to delete the last 20 words and to substitute the following: "and a statement that each ingredient used in making the batch conforms to the requirements prescribed therefor by this section."

10. Section 146.30 (e) (1) is amended to read:

(1) $0.75 for each troche without masticatory substance in the sample submitted in accordance with paragraph (d) (3) (i), $1.50 for each troche with masticatory substance in such sample. $3.00 for each package in the samples submitted in accordance with paragraph (d) (3) (ii) and (iii), of this section; and

The foregoing amendments shall become effective on the date of the publication of this order in the FEDERAL REGISTER.

(Sec. 507; 21 U. S. C. 301 et seq.)

Dated: November 14, 1945.

TITLE 30—MINERAL RESOURCES

Chapter VI—Solid Fuels Administration for War

PART 602—GENERAL ORDERS AND DIRECTIVES

DISTRIBUTION BY RETAIL DEALERS OF AVAILABLE SUPPLY OF VARIOUS KINDS AND SIZES OF SOLID FUELS

The following direction is issued:

Although SFAW Regulation No. 26 has been revoked, it continues to be the policy

of the Solid Fuels Administration for War to encourage retail dealers to supplement their supplies of anthracite, by-product coke and high grade bituminous coals with other solid fuels such as reclaimed or run-of-oven beehive coke and lower grades of bituminous coal to the end that the space heating requirements of all communities may be met without undue hardship this winter. It continues to be necessary that domestic consumers be ready to accept the kinds and sizes of solid fuel which their dealers have available and which can be used in the consumer's burning equipment. It is part of the policy of the Solid Fuels Administration for War to encourage consumers to follow that course.

Wherever, in the exercise of a reasonable discretion incident to equitable distribution of his available fuel supply, a dealer deems it necessary or appropriate to condition the delivery of anthracite, by-product coke or high grade bituminous coal upon acceptance by the consumer of some other solid fuels, he should do so.

Pursuant to SFAW Regulation No. 1, as amended, each retail dealer is hereby directed to distribute his available supply of solid fuels in accordance with the policy stated in this direction.

This direction shall become effective immediately.

(E.O. 9332, 8 F.R. 5355; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236, 56 Stat. 176 and 58 Stat. 827)

Issued this 14th day of November 1945.

C. J. POTTER,
Deputy Solid Fuels Administrator for War.

PART 602—GENERAL ORDERS AND DIRECTIVES

DISTRIBUTION OF BITUMINOUS COAL PRODUCED IN U. S.

It is appropriate and necessary to issue the following amendment to SFAW Regulation No. 27:

Subparagraphs (2) and (3) of § 602.710 (c), governing domestic consumers, are revoked.

Section 602.716 is revoked in its entirety.

This amendment shall become effective immediately. It shall not affect any civil or criminal liability incurred under the provisions of the regulation previously in effect.

(E.O. 9332, 8 F.R. 5355; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236, 56 Stat. 176 and 58 Stat. 827)

Issued this 14th day of November 1945.

PART 623—CLASSIFICATION PROCEDURE

CONSIDERATION OF CLASSES

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

Amend paragraph (a) of § 623.21 to read as follows:

§ 623.21 *Consideration of classes.* (a) Upon undertaking to classify any registrant, consideration shall be given to the following classes in the order listed and the registrant shall be classified in the first class for which grounds are established:

Class I–C	Class II–C
Class I–G	Class II–A
Class IV–D	Class III–D
Class IV–B	Class IV–C
Class IV–A	Class IV–F (moral)
Class III–A	

The foregoing amendment to the Selective Service Regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 624—VOLUNTEERS

CLASSIFICATION

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

Amend § 624.4 to read as follows:

§ 624.4 *Classification of volunteers.* When a man files an Application for Voluntary Induction (Form 165) under the provisions of § 624.1, he shall be classified as soon as possible and placed in a class immediately available for military service unless:

(a) He is "necessary to and regularly engaged in" and is indispensable and irreplaceable in an activity in support of the national health, safety, or interest;

(b) He is "necessary to and regularly engaged in" an agricultural occupation or endeavor essential to the war effort for whom a satisfactory replacement cannot be obtained;

(c) Disregarding all other grounds for deferment, he would be classified in Class III–A;

(d) His induction would result in undue hardship to his dependents;

(e) He is the Vice President of the United States, a Governor of a State, any other State official chosen by the voters of the entire State, a member of the Congress of the United States, a member of a State legislative body, or a judge of a court of record of the United States or of a State, required to be deferred by law; or

(f) He is found to be disqualified for any military service or to be qualified for limited military service only, or for any reason other than physical or mental condition, he is found to be unacceptable for service in the land or naval forces of the United States.

The foregoing amendment to the Selective Service Regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 643—PAROLE

RECOMMENDATIONS FOR PAROLE

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 643.6 to read as follows:

§ 643.6 *Classification of selective service violators before recommending parole.* (a) Each selective service violator who has reached the eighteenth anniversary of the date of his birth, who is not beyond the age currently acceptable to the armed forces as a volunteer, who does not have three or more children, and who has served 60 days or more of his sentence after commitment shall be classified by the special panel local board in the following manner:

(1) If the registrant is found by the special panel local board to have a disqualifying physical defect, which is manifest as listed in the List of Defects (Form 220), he shall be placed or retained in the first class listed in § 662.4 for which he is eligible.

(2) If it determines that the registrant should be considered for parole for induction into the land or naval forces of the United States, he shall be placed in Class I–A.

(3) If it determines that the registrant should be considered for parole for induction into the land or naval forces of the United States for noncombatant service, he shall be placed in Class I–A–O.

(4) If it determines that the registrant should be considered for parole for assignment to work of national importance under civilian direction in lieu of induction into the land or naval forces of the United States, he shall be placed in Class IV–E.

(5) If it determines that the registrant should be considered for parole for assignment to any special service established by the Attorney General pursuant to the Selective Training and Service Act of 1940, as amended, he shall be placed in Class IV–E followed by the identification "Spec."

(b) Each selective service violator beyond the age currently acceptable to the armed forces as a volunteer, and each selective service violator having three or more children, who has served 60 days or more of his sentence after commitment shall, unless he is already so classified, be placed in the first class listed in § 662.4 for which he is eligible.

2. Amend paragraph (e) of § 643.11 to read as follows:

§ 643.11 *Recommendations for parole by special panel local board.* • • •

(e) Each selective service violator beyond the age currently acceptable to the armed forces as a volunteer, and each selective service violator having three or more children, who has served 60 days or more of his sentence after commitment, and who has requested assignment to special service established by the Attorney General, may be recommended by the special panel local board for parole by the Attorney General for such special service.

The foregoing amendments to the Selective Service Regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 662—SPECIAL PANEL LOCAL BOARDS IN PENAL OR CORRECTIONAL INSTITUTIONS

CLASSIFICATION OF REGISTRANTS

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 662.4 to read as follows:

§ 662.4 *Consideration of classes for registrants confined in penal institutions having a special panel local board.* Except when classified by a special panel local board for purposes of parole as provided in Part 643, and except when classified by a special panel local board within 90 days from the date of eligibility for release as provided in this part, a registrant confined in a penal or correctional institution having a special panel local board shall be placed in the first class listed below for which he is eligible:

Class I–O under § 622.15.
Class IV–E under § 622.51 (d).
Class IV–A under § 622.41.
Class III–A under § 622.31.
Class IV–F under § 622.62.
Class IV–F under § 622.61.

2. Amend paragraph (a) of § 662.10 to read as follows:

§ 662.10 *Classification of registrants other than selective service violators when eligible for release within 90 days.* (a) When a registrant of an age currently acceptable to the armed forces as a volunteer, other than a selective service violator and other than a registrant who has three or more children, is an inmate of an institution having a special panel local board, and such registrant is, or within 90 days will be, eligible for parole, pardon, or conditional or other release, the special panel local board, if it determines to forward such registrant for consideration by the armed forces, shall reopen his classification and place him in Class I–A or Class I–A–O; or if it determines to forward such registrant for consideration for work of national importance, place him in Class IV–E; *Provided*, That any such registrant who is found to have a disqualifying physical defect which is manifest as listed in the List of Defects (Form 220) shall be placed or retained in the first class listed in § 662.4 for which he is eligible.

The foregoing amendments to the Selective Service Regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 629—PHYSICAL EXAMINATION

POSTPONEMENT OF PREINDUCTION EXAMINATION

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

Amend the regulations by adding a new section to be known as § 629.2–1 to read as follows:

§ 629.2–1 *Postponement of preinduction physical examination.* The issuance of an Order to Report—Preinduction Physical Examination (Form 215) may be delayed or forwarding of a registrant under such an order may be postponed to the same extent and in the same manner as provided in § 633.2–1, § 633.2–2, or § 633.2–3 with reference to an Order to Report for Induction (Form 150), *provided*, That any such delay or postponement under the provisions of this section shall terminate whenever the local board determines that the induction or assignment of the registrant is imminent; and the local board shall thereupon proceed to order the registrant to report for preinduction physical examination.

The foregoing amendment to the Selective Service Regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th

day after the date of filing hereof with the Division of the Federal Register.

Chapter IX—Civilian Production Administration

AUTHORITY: Regulations in this chapter unless otherwise noted at the end of documents affected, issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236, 56 Stat. 177, 58 Stat. 827; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; E.O. 9599, 10 F.R. 10155; E.O. 9638, 10 F.R. 12591; CPA Reg. 1, Nov. 5, 1945, 10 F.R. 13714.

PART 3270—CONTAINERS

[Conservation Order M-81, as Amended Nov. 16, 1945]

CANS

Section 3270.31 *Conservation Order M-81* is amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of materials entering into the manufacture of cans for defense, for private account and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3270.31 *Conservation Order M-81*—(a) *What this order does.* This order places limitations upon cans made of tinplate or terneplate. Cans made exclusively of blackplate, electrolytic tinplate waste-waste, terneplate waste-waste, terneplate waste and tinplate waste are no longer restricted by this order. This order no longer sets any quotas. This order lists in Schedule A the only products which may be packed in tinplate or terneplate cans with certain exceptions set forth in the order.

(b) *Definitions specifically for the purpose of this order.* (1) "Can" means any unused container, made in whole or in part of tinplate or terneplate, which is suitable for packing any product. The term includes any container which has a closure or fitting, made in whole or in part of tinplate or terneplate, but does not include a glass container having such a closure or fitting. The term does not include fluid milk shipping containers.

(2) "Tinplate" means steel sheets coated with tin (including primes and seconds) and includes (i) electrolytic tinplate in which the tin coating is applied by electrolytic deposition, and (ii) hot dipped tinplate in which the tin coatings are applied by immersion in molten tin. The term includes hot dipped tinplate waste-waste, but not electrolytic tinplate waste-waste or tinplate waste.

(3) "Terneplate" means steel sheets coated with terne metal (including primes and seconds). The term does not include terneplate waste-waste or terneplate waste. "Terne metal" means the lead-tin alloy used as the coating for terneplate but does not include lead recovered from secondary sources which contains not more than 2½ percent residual tin.

(4) "SCMT" means special coated manufacturers' terneplate.

(5) "Waste" means scrap tinplate and terneplate (including strips and circles) produced in the ordinary course of manufacturing cans and tinplate and terneplate strips produced in the ordinary course of manufacturing tinplate and terneplate. The term also includes tinplate and terneplate parts recovered from used cans.

(6) "Waste-waste" means hot dipped or electrolytic tin-coated steel sheets or steel sheets coated with terne metal which have been rejected during processing by the producer because of imperfections which disqualify such sheets from sale as primes or seconds.

(c) *General restrictions on manufacture, sale and delivery.* No person shall sell, manufacture or deliver any cans which he knows, or has reason to believe, will be accepted or used in violation of any provision of this order.

(d) *General restrictions on use of tinplate or terneplate cans.* No person may use a tinplate or terneplate can for any purpose other than for packing the products listed in Schedule A in accordance with the size and material limitations set forth in that schedule. The only exceptions to this rule are set forth in paragraphs (e) through (l).

(e) *Exceptions for SCMT for soldered parts of cans to pack unlisted non-food products.* Cans made without using any tinplate or terneplate except soldered parts made of SCMT may be used for packing any non-food products not listed in Schedule A, without restriction as to size.

(f) *Exception for small users.* Any person whose total use of cans for packing in any calendar year requires less than 250 base boxes of tinplate and terneplate may use cans with the soldered parts made from 0.25 electrolytic tinplate for packing products not listed on Schedule A, except that he may not use these cans for packing animal food (see paragraph (k)).

(g) *Exception for products which are not to be sold.* Tinplate or terneplate cans may be used to pack any product which is not to be sold in the same or different form, but this does not permit the use of cans contrary to the other provisions of the order for the purpose of advertising or promoting the sale of a product.

(h) *Military exceptions.* The use of tinplate or terneplate cans for packing any products not listed on Schedule A and any listed non-food products is permitted (without any size or material restrictions) when such cans are to be delivered either packed or empty to the Army, Navy, Veterans' Administration, Maritime Commission or War Shipping Administration or to persons operating vessels for the Maritime Commission or the War Shipping Administration for use on the vessels.

(i) *Exception for cans permitted before an amendment.* Whenever can material specifications for a product are changed by an amendment to this order, any person may pack that product in any can which was permitted before the amendment if the can, or the tinplate or terneplate incorporated in it, was in his inventory, in the inventory of the can manufacturer, or in process or in inventory at a tin mill for the account of the can manufacturer on the date of the amendment.

(j) *Completion and sale of outdated cans.* Whenever can material specifications for a product are changed by an amendment to this order, a can manufacturer must continue to make, sell and deliver cans for that product in accordance with the former specifications and must not make any cans conforming to the new specifications as long as there is available to him tinplate or terneplate made for him which was in process at the tin mill or in its inventory for his account, or in his inventory on the date of the change.

(k) *Prohibition against use of cans for animal food.* No person shall use any tinplate or terneplate cans for packing any food which is not intended and suitable for human consumption. The use of such cans for animal and pet food is not permitted.

(l) *Certificate for deliveries of tinplate or terneplate cans.* No can manufacturer shall make, sell or deliver any tinplate or terneplate cans unless he has received from the purchaser a certificate signed manually or as provided in Priorities Regulation 7. This certificate shall be in substantially the following form and once filed by a purchaser with a supplier, covers all future deliveries from the supplier to that purchaser.

The undersigned purchaser certifies, subject to criminal penalties for misrepresentation, that he is familiar with Order M-81 of the Civilian Production Administration, and that all purchases from you of items regulated by that order, and the use of the same by the undersigned, will be in compliance with that order.

If a certificate in substantially the above form has been received from a purchaser before November 16, 1945, no additional certificate is required from the purchaser.

(m) *Appeals.* Appeals from this order shall be filed by addressing a letter in triplicate to the Civilian Production Administration, Washington 25, D. C., Ref: M-81. The letter of appeal need not follow any particular form. It should state informally, but completely, the particular provisions appealed from, the precise relief desired, the reasons why denial of the appeal would result in undue and excessive hardship, and such other statistical and narrative information as may be pertinent.

(n) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to: Civilian Production Administration, Washington 25, D. C., Ref: M-81.

(o) *Violations.* Any person who willfully violates any provision of this order or who, in connection with this order willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further delivery of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 16th day of November 1945.

CIVILIAN PRODUCTION ADMINISTRATION,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

Column 1. Listed products. Listed in this column are the only products, except as provided in paragraphs (e), (f), (g), (h), and (i) of the order, which may be packed in tinplate or terneplate cans.

Column 2. Can sizes. This column indicates the permitted sizes of cans, except that any person may use for packing any listed product a can which is larger than the largest listed size for packing that product. The size restrictions in this column also apply to cans to pack the listed products which are delivered to the agencies and persons listed in paragraph (h). Wherever the can size is specified by weight, the weight referred to shall be net weight of the contents of the can. Other can sizes are described in the terminology common to the industry such as "cylinder", "picnic", "oval", "drawn", "tall", "2", "10", "8z", etc.

Columns 3 and 4. Can materials. These columns specify the materials permitted for the soldered and nonsoldered parts of the tinplate or terneplate cans for each of the listed products. Any person may also use for packing a listed product such cans with a tin coating lighter than that specified for that product. Hot dipped tinplate waste-waste may be used wherever 0.50 or heavier tinplate is specified. The material restrictions in this column also apply to cans to pack the listed food products which are delivered to the persons specified in paragraph (h). Wherever "CTB" (chemically treated blackplate) is specified for food products 0.50 electrolytic tinplate may be substituted where such cans are to be delivered to the Army or the Navy for overseas use; however, where in such cases the cans are to pack listed meat products, 1.25 tinplate may be substituted. When only a figure is given in Column 3 or Column 4, this means that only tinplate may be used for the part, and the figure given indicates the maximum weight of tin coating per single base box. Menders arising in the production of electrolytic tinplate, which have been hot dipped with a maximum tin coating of 1.25 pounds per base box, may be used wherever 0.50 or heavier tinplate is specified in this column. Menders arising in the production of electrolytic tinplate which have been converted into SCMT may be used wherever 0.25 or heavier tinplate is specified in this order for nonfood cans. When a scored can is used to pack any of the meat products listed in this schedule, 1.25 tinplate may be used for the body of the can.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 8, as Amended Nov. 16, 1945]

REPORTS

§ 944.29 *Priorities Regulation 8*—(a) *Purpose of this regulation.* This regulation explains the methods and conditions under which the Civilian Production Administration requires persons to file reports. Many safeguards exist, including the need for Bureau of the Budget approval, to insure that the information requested in reports is really needed. If you are required to file a report in one of the ways explained below, a failure to do so is a violation of this regulation and of any other regulation or order which requires it.

(b) *What "reports" are; difference from applications.* When used in this regulation, the term "report" means any information which must be filed with the Civilian Production Administration or its agent by specific persons or classes of persons at specified times or under specified conditions. It does not include information which the Civilian Production Administration asks you to furnish in connection with any application you make for priorities assistance, for specific authorization, for relief from provisions of orders or regulations or for any other purpose. In such cases the Civilian Production Administration is likely to refuse to act upon your application if you do not file the information in the form specified, but you do not violate any regulation or order by failing to do so.

(c) *Reports under Civilian Production Administration orders and regulations.* (1) If a published regulation or order of the Civilian Production Administration requires the filing of a report by a specified class of persons you must file the report in accordance with any applicable instructions if you belong to that class. The instructions may be in the regulation or order itself, or on a form or separate instruction sheet. As explained in paragraph (e) below, Bureau of the Budget approval is required and is indicated in the regulation, or order, or on the form or instruction sheet.

(2) When a published regulation or order requiring you to file any reports is revoked, you do not need to file any more reports due after that date unless they are required by another published regulation or order or unless you are notified to continue to file them in accordance with the rules stated in paragraph (d) below. This does not, however, excuse you from filing any reports due before the regulation or order was revoked.

(d) *Reports not specified in an order or regulation.* The Civilian Production Administration frequently needs information which is not required under a specific regulation or order. In such cases you must file reports when you receive or have received a written notice to do so in one of the following ways:

(1) A letter or other written instrument specifically addressed to you issued in the name of the War Production Board or Civilian Production Administration countersigned or attested by the Recording Secretary, or in accordance with Civilian Production Administration Regulation No. 1 (§ 903.0); or

(2) A report form or instruction sheet with an official form number in the "WPB" or "CPA" series bearing your name or enclosed in an envelope specifically addressed to you.

Approval of the Bureau of the Budget will be indicated on the notice or on a report form or instruction sheet referred to in the notice. The rules governing Bureau of the Budget approval are explained in paragraph (e) below.

(e) *Bureau of the Budget approval.* The Civilian Production Administration obtains the approval of the Bureau of the Budget before reports are required, in accordance with the Federal Reports Act of 1942. It is easy to tell when this approval has been obtained, as all War Production Board and Civilian Production Administration reporting forms or instructions bear a Bureau of the Budget approval number and generally specify the date on which Bureau of the Budget approval expires. In all cases where the date of expiration is shown you need file the report only up to the date specified, unless new or revised forms or instructions are issued having a later expiration date for Bureau of the Budget approval. This does not mean, however, that you are excused after that date from filing a report which was due before it. Where no special form is to be used, the order, regulation or letter will indicate Bureau of the Budget approval.

(f) *Change from War Production Board to Civilian Production Administration makes no change in rules for reports.* As explained in CPA Regulation 1 (§ 903.0) all actions taken by the War Production Board remain in effect until they expire or are revoked or amended and references in them to the War Production Board are deemed to be references to the Civilian Production Administration. Consequently, you must file under this Regulation all reports which you were required to file under a War Production Board order or regulation or by a written notice from the War Production Board in accordance with the rules stated in paragraph (d), just as if the Civilian Production Administration had required you to file them in the first place.

Chapter XI—Office of Price Administration

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 525, Amdt. 9]

JOBBER SALES OF STOCK MILLWORK

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 525 is amended in the following respects:

1. Paragraph (a) of section 2 is amended to read as follows:

(a) *Definition of stock millwork.* The term "stock millwork" as used in this regulation refers to all items of millwork which at the manufacturing level are subject to any of the following maximum price regulations: MPR 44—Douglas Fir Doors; MPR 253—Redwood Lumber and Millwork (Tables 12 and 27); RMPR 293—Stock Millwork; MPR 412—Tidewater Red Cypress Lumber (Table 13); and MPR 589—Douglas Fir Stock Mill-

work. Mouldings are not included in this definition; they are covered by MPR 601—Mouldings. This regulation also does not cover basic lumber patterns which are covered by the applicable mill lumber regulations.

2. Subparagraph (3) of section 3 (c) is amended to read as follows:

(3) For products covered by Maximum Price Regulations 253 and 412 shorten discounts one half point for each four cents of freight rate including transportation tax from the following basing points:

(i) MPR 253 (Redwood Lumber and Millwork) (Tables 12 and 27).

Western area: Eureka, California.

Eastern area: Direct-mill maximum prices are not f. o. b. mill but are delivered on a 57 cents rate. Therefore, for inbound transportation add only the excess of the actual rate from Eureka, California, to the seller's warehouse over the 57 cents rate. If the rate is less than 57 cents deduct the resulting difference in transportation charges from the Eastern area prices in MPR 253.

(ii) MPR 412 (Tidewater Red Cypress Lumber) (Table 13).

Perry, Florida: Alabama, Connecticut, Delaware, District of Columbia, Florida, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia, and Wisconsin.

Ponchatoula, Louisiana: Arizona, Arkansas, California, Colorado, Idaho, Iowa, Kansas, Louisiana, Mississippi, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming. Jobbers with warehouses located in these states may make the additions allowed for Louisiana producers in calculating mill prices. (See section 24 of MPR 412.)

Albany, Georgia: Georgia and Tennessee.

Sumter, South Carolina: North Carolina and South Carolina.

3. A new subparagraph (4) is added to section 3 (c) to read as follows:

(4) For products covered by MPR 589 inbound transportation shall be figured in accordance with the provisions of the applicable appendices of MPR 589 where maximum prices are established on an f. o. b. mill basis in the regulation.

4. In sections 13, 14, 15, 16, 17, 18, 19, 20, 21, 22 and 23 each subparagraph (3) of paragraph (c) is amended to read as follows:

(3) For stock millwork items priced in any regulation, other than MPR 44 and RMPR 293, named in section 2 (a), the seller may apply for approval of a price under section 3 (a) (2) and 3 (a) (3) of this regulation.

5. In section 13, subdivision (ii) of paragraph (c) (4) is amended to read as follows:

(ii) All items covered by section 13, paragraph (c) (2):

	Percentage mark-up
Douglas fir house doors	48½
Douglas fir garage doors	48½

6. In section 14, subdivision (ii) of paragraph (c) (4) is amended to read as follows:

(ii) All items covered by section 14, paragraph (c) (2):

43½ percent.

7. In section 15, subparagraph (4) of paragraph (c) is amended to read as follows:

(4) *Mark-ups.* (i) All items covered by section 15, paragraph (c) (1)—for items in:

Bracket #1: 45 percent.
Bracket #2: 50½ percent.
Bracket #3: 56½ percent.

Windows and Sash—Open

(ii) All items covered by section 15, paragraph (c) (2):

57½ percent.

8. In section 19, subdivision (ii) of paragraph (c) (4) is amended to read as follows:

(ii) All items covered by section 19, paragraph (c) (2):

47½ percent.

9. In section 20, subdivision (ii) of paragraph (c) (4) is amended to read as follows:

(ii) All items covered by section 20, paragraph (c) (2):

	Percentage mark-up

[MPR 307,[1] Amdt. 4]

WAXED PAPER

A statement of considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 307 is amended in the following respect:

In § 1347.612 (a), subparagraph (3) is amended to read as follows:

(3) "Miscellaneous waxed papers" refers to all waxed papers which are not specifically set forth in §§ 1347.615 to 1347.620 inclusive.

This amendment shall become effective November 21, 1945.

Issued this 16th day of November 1945.

PART 1368—FERROUS AND NONFERROUS BOLTS, NUTS, SCREWS AND RIVETS

[RMPR 147, Amdt. 1]

BOLTS, NUTS, SCREWS AND RIVETS

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation No. 147 is amended in the following respects:

1. Paragraph (b) of section 10 is redesignated paragraph (c) and a new paragraph (b) is added to read as follows:

(b) Any producer may file an application for adjustment of the maximum prices established by this regulation when he can demonstrate that the conditions set forth in subparagraph (2) below are present.

(1) *Form and contents of application.* The application shall be filed in accordance with Revised Procedural

[1] 8 F.R. 1389, 17484; 9 F.R. 945, 7936.

Regulation No. 1, with the Office of Price Administration, Washington, D. C., and must contain the information specified below:

(i) If the applicant requests an over-all company adjustment, the application must contain balance sheets and profit and loss statements covering the applicant's entire operations by years from 1936 through 1939 and for the year 1944, and quarterly profit and loss statements for each of the four quarterly accounting periods preceding the date of application.

(ii) If the applicant requests an adjustment for a single plant or division operated by it, the application must contain the information required in subdivision (i) above, for the entire firm, and in addition thereto the following: Profit and loss statements for the plant or division for which the adjustment is sought covering the year 1944 and each of the four quarterly accounting periods preceding the date of the application.

(iii) If the applicant requests an adjustment for one or more products, he must furnish the information required in subdivision (i) above for the entire firm, and a statement as to the current costs of each product for which an adjustment is sought. The current costs of the product shall be broken down as to material, direct labor, indirect labor, factory overhead, other expenses, and selling, general and administrative expenses.

The filing of over-all profit and loss statements and balance sheets is optional provided reports are available from the Bureau of Internal Revenue. Should the applicant prefer, this information will be requested by the Office of Price Administration directly from the Bureau of Internal Revenue.

Balance sheets and profit and loss statements may be filed on Forms A or B issued by the Office of Price Administration or the applicant may furnish his own customary statement. Applicants who have previously submitted any of the above required data may omit such items from the application and indicate when they were submitted.

Wherever overhead is allocated to a single plant or division operated by applicant, the allocation shall be made in accordance with applicant's customary methods, which method shall be shown in the application.

(2) *When application may be filed.* An application pursuant to this section may be filed when the applicant can demonstrate that:

(i) His over-all financial position is such that an adjustment to the extent described in subparagraph (3) may be granted; and

(ii) Either that the maximum prices of the bolts, nuts, screws and rivets which are the subject of the application impede production necessary to an effective transition to a peacetime economy or that his maximum prices are below the maximum prices at which purchasers are able to obtain the same or similar items from other producers.

(3) *Amount of adjustment which will be granted.* The Office of Price Administration will grant an adjustment upon application, when it finds that the conditions set forth in subparagraph (2) above are present. The amount of adjustment will not exceed an amount determined in accordance with the criteria set forth below. In applying these criteria, 1936–1939 will be used as "a representative peacetime period" except when the Office of Price Administration finds that those years do not constitute such a period for the applicant. In such case, the Office of Price Administration will select another peacetime period which it deems representative. No adjustment, however, will exceed the maximum prices at which purchasers are able to obtain the same or similar items from other producers unless, in the judgment of the Office of Price Administration, the maximum prices of the nuts, bolts, screws or rivets which are the subject of the application impede production to an effective transition to a peacetime economy.

(i) If applicant requests an over-all company adjustment, the amount of adjustment shall not exceed an amount required to yield a profit equal to the firm's average rate of return on net worth for a representative peacetime period. *Provided, however,* That said adjusted rate of return shall not in any event exceed the industry's average rate of return on net worth for a representative peacetime period or be less than one-half of the industry's average rate of return on net worth for a representative peacetime period.

(ii) If the applicant requests an adjustment for a plant or division operated by it or for one or more products, any adjustment which may be granted will be limited as follows:

(*a*) If the applicant's current over-all dollar earnings, before Federal income taxes, are appreciably below his average dollar earnings in a representative peacetime period (adjusted for changes in net worth), the adjusted maximum price shall equal total costs of production plus a reasonable margin of profit not to exceed, however, the rate of profit earned by the applicant during a representative peacetime period.

(*b*) If the applicant's current over-all dollar earnings, before Federal income taxes, are approximately equal to or exceed his average dollar earnings in a representative peacetime period (adjusted for changes in net worth), but are less than 115% of such average earnings, the adjusted maximum price shall not exceed total costs (direct material and labor costs, other manufacturing costs, and other expenses).

(*c*) If the applicant's current over-all dollar earnings, before Federal income taxes, are more than 115% of its average dollar earnings in a representative peacetime period (adjusted for changes in net worth), the adjusted maximum price shall not exceed manufacturing cost; *Provided,* That if applicant has requested an adjustment for a single plant the adjusted maximum price shall not exceed the sum of manufacturing cost at the plant for which adjustment is sought plus the lesser of the following:

(*1*) An amount sufficient to cover its properly allocated share of the applicant's general and administrative and selling expenses which is directly related to the operations of the plant in question (exclusive of general and administrative and selling expense incurred at the central office of the company and not customarily shown separately as expense of the plant).

(*2*) An amount sufficient to permit the plant to break even on the cost of its over-all operations (exclusive of general and administrative and selling expense incurred at the central office of the company and not customarily shown as expense of the plant).

2. Section 13 (a) (3) is amended to read as follows:

(3) Adjustment shall be made for credit terms in accordance with the selling producer's customary practice in effect between October 1 and 15, 1941, and for additional applicable discounts or allowances customarily granted by the selling producer between October 1 and 15, 1941, to other producers, jobbers, dealers, distributors, or specific classes of purchasers such as the railroad, car building or automotive industries, etc., even though the class consisted of one purchaser.

3. Section 13 (c) (2) is amended to read as follows:

(2) Adjustment shall be made for credit terms in accordance with the selling producer's practice in effect between October 1 and 15, 1941, and for additional applicable discounts or allowances customarily granted by the selling producer between October 1 and 15, 1941, to other producers, jobbers, dealers, distributors, or specific classes of purchasers such as the railroad, car building or automotive industries, etc., even though the class consisted of one purchaser.

4. Section 13 (d) (1) is amended to read as follows:

(1) *Specials manufactured in their first operation on equipment other than hand or automatic screw machines.* The maximum price for any item at point of shipment for each producer shall be the price such producer would have charged at point of shipment between October 1 and 15, 1941, for the same quantity of the same item ordered for production and shipment at one time. The maximum price for such item at point of delivery shall be the sum of the maximum price at point of shipment and the actual charges paid to a public carrier for transportation from point of shipment to point of delivery. In computing the maximum price at point of shipment the producer shall use the material cost, straight-time labor rates, overhead rates, applicable markups, method of estimating cost and method of computing selling price for a sale to the same purchaser or to the same class of purchaser, all as in effect for such producer between October 1 and 15, 1941, for sale of the same or a similar item manufactured on like equipment: *Provided,* That:

(i) In a case where it is necessary for a producer to purchase a partly completed item from another manufacturer and such producer performs additional operations to complete the manufacture

of such item, the charge paid for the partly completed item, not in excess of the applicable maximum price, may be used by such producer in lieu of material cost in computing his maximum price for the completed item;

(ii) In a case where it is necessary for the producer to employ another manufacturer to perform one or more secondary operations on an item, the charges paid by such producer for such secondary operations, not in excess of the applicable maximum prices, may be included in the cost used by such producer in computing his maximum price for the completed item.

5. A new paragraph (d) (3) is added to section 13 to read as follows:

(3) *Specials for which a producer desires to issue a price schedule.* A producer who proposes to issue a schedule or list setting forth prices for a group of items which are classified as specials under this regulation shall apply to the Office of Price Administration for approval of such schedule or list. The prices for each item shall be determined in accordance with the formula set forth in subparagraph (1) or (2) (i) of this paragraph (d) or shall be the prices for identical items set forth in the price schedule used by another producer during the period from October 1 to 15, 1941.

A producer desiring approval of such schedule or list shall file an application therefor with the Metals Price Branch, Office of Price Administration, Washington, D. C. Any such application shall contain the following information:

(i) A complete description of the items contained in the schedule or list;

(ii) Proposed net prices or list and discount prices showing proposed quantity differentials; transportation charges, if any, to be paid by the buyer; discounts to classes of purchasers; cash or early payment discounts; and any other factor which will affect the maximum price;

(iii) Typical calculations showing the method by which the proposed net prices were established; or

(iv) The name of the producer, if any, whose schedule the applicant proposes to adopt.

The Office of Price Administration may request such additional information as it deems necessary to determine whether the proposed maximum prices have been properly calculated and are in line with maximum prices as otherwise established by this Regulation. The Office of Price Administration shall approve, disapprove, or modify the prices set forth on such schedule or list within a reasonable time after the receipt of all necessary information.

This amendment shall become effective November 21, 1945.

NOTE: All reporting and record-keeping provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 16th day of November 1945.

Administrator.

REDWOOD LUMBER AND MILLWORK

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 253 is amended in the following respects:

1. The table of contents is amended by deleting "Table 13, Mouldings" from the list of tables under § 1381.412; and deleting "Table 28, Mouldings." from the list of tables under § 1381.413.

2. In § 1381.401, the word "moulding" in paragraph (c) is deleted.

3. Paragraph (a) of § 1381.408 is amended as follows:

a. Delete from subdivision (15), the words "'Standard Moulding Book (8000 Series)' Fourth Edition, published by Shattock and McKay Co., revised March 1, 1940;"

b. Add a new subdivision (16) to read as follows:

(16) The terms "lumber" and "millwork" as used in this regulation do not include mouldings. Mouldings are covered by Maximum Price Regulation 601—Softwood Mouldings.

4. Section 1381.412 is amended by deleting Table 13—Standard Patterns of Mouldings, B and Better, 6' to 16' or 6' to 20' Random Lengths, Bundled Per M Lineal Feet.

5. Section 1381.413 is amended by deleting Table 28—Standard Patterns of Mouldings, B and Better, 6' to 16' or 6' to 20' Random Lengths, Bundled Per M Lineal Feet.

6. Paragraph (b), § 1381.414, is amended by deleting the words "or mouldings."

[RMPR 97,[2] Amdt. 20]

SOUTHERN HARDWOOD LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 97 is amended in the following respects:

1. Subdivision (4), paragraph (b) of § 1382.102 is amended to read as follows:

(4) *Items not covered by this regulation.* Specifically but not exclusively, this regulation does not cover glued stock, risers, step treads, thresholds, hand rails, flooring, switch ties, cross ties, mine ties, mine material, navy oak ship stock (see Maximum Price Regulation 281), small dimension stock and mouldings.

Lath, when produced from any hardwood lumber other than yellow cypress is, likewise, not covered by this regulation. Lath produced from yellow cypress is specifically priced in Sec. 1382.-115 of this regulation. Mouldings produced from yellow cypress is covered by Maximum Price Regulation 601—Softwood Mouldings.

2. Section 1382.115 is amended by deleting Table 8—Mouldings.

This amendment shall become effective November 21, 1945.

Issued this 16th day of November 1945.

CHESTER BOWLES,
Administrator.

PART 1425—LUMBER DISTRIBUTION

[2d Rev. MPR 215, Amdt. 12]

DISTRIBUTION YARD SALES OF SOFTWOOD LUMBER

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

2d Revised Maximum Price Regulation 215 is amended by adding the following paragraph (h) to section 16:

(h) *F. o. b. mill maximum price.* The phrase "f. o. b. mill maximum price" and "f. o. b. mill price" as used in this regulation mean the highest price which a yard could pay a mill, using the dollars-and-cents prices in the mill regulations for lumber of the same condition, grade, size, etc., as the lumber to which the phrase is applicable but without any additions which a mill could make for a particular method of shipment or type of sale. For instance, even if a mill may make an extra charge for mixed car or for LCL shipment or for a retail sale, the yard nevertheless may not use this extra charge in computing the f. o. b. mill maximum price for sales under Revised Maximum Price Regulation 215.

This amendment shall become effective November 21, 1945.

Issued this 16th day of November 1945.

CHESTER BOWLES,
Administrator.

ARTICLE I—SCOPE AND GENERAL PROVISIONS

SECTION 1. *Sales of mouldings at higher than maximum prices prohibited.* On and after November 21, 1945, regardless of any contract or obligation, no person shall sell or deliver and no person shall buy or receive in the course of trade or business any mouldings covered by this regulation at prices higher than the maximum prices fixed by this maximum price regulation and no person shall agree, offer, or attempt to do any of these things.

Prices lower than the maximum prices may, of course, be charged and paid.

SEC. 2. *To what products and transactions this regulation applies*—(a) *Products covered.* This regulation covers mouldings manufactured from the species of lumber which are covered by the following regulations:

2d RMPR 19 (Southern Pine Lumber)
RMPR 26 (Douglas Fir and Other West Coast Lumber)
RMPR 94 (Western Pine and Associated Species of Lumber)
RMPR 97 (Only Yellow Cypress)
MPR 222 (Northern Softwood Lumber)
MPR 253 (Redwood Lumber and Millwork)
MPR 402 (Western Red Cedar Lumber)
MPR 412 (Tidewater Red Cypress Lumber)

The following products are considered mouldings for the purpose of this regulation only when manufactured precisely to pattern and size and in accordance with the standard moulding grade as defined in the trade association grading rules applicable to the particular species:

(1) *Square-edged (S4S) lumber.* Square-edged lumber, surfaced four sides, less than 2⅝" in finished thickness and width.

(2) *Moulded patterns.* All moulded patterns for which maximum prices are not established by the mill regulation covering the species of lumber from which the moulded patterns are made.

This regulation also covers mouldings of substandard grade and in jobbers' and dealers' sales only, moulded casing, base, and aprons in all sizes in the species covered by Maximum Price Regulations 19 and 26, as revised and amended, and S4S mouldings less than 3⅝" when sold in combination with other mouldings as screen stock.

(b) *Products not covered.* This regulation does not cover the following products:

(1) "Picture frame" mouldings.

(2) Mouldings made for a specific construction project, according to an architect's details or specifications, when any such mouldings are not of a pattern illustrated in one of the Standard Mouldings Books designated in the next section.

(c) *Transactions covered.* This regulation covers all sales and purchases in the continental United States of mouldings covered by the regulation.

SEC. 3. *How to compute maximum prices*—(a) *General.* The seller shall determine from the definitions in section 4, whether the moulding is Standard or Special, and whether he is classified as a moulding manufacturer, wholesale distribution yard, jobber or dealer. Having determined the type of moulding he wishes to sell and his classification as a seller, he shall then find the type of sale and the selling level of price as specified in section 5.

(b) *Direct mill sale.* To compute the maximum price for a direct-mill sale, apply the discounts set forth in the applicable section (species of lumber) of Article II for the type of moulding (standard or special) and for the type of shipment (straight car or other) to the list prices set forth in section 6 plus or minus any permitted additions or required deductions listed in the same section.

(c) *Jobber sale.* To compute the maximum price for a jobber sale, in Article III find the area into which delivery is being made (as defined in section 25) apply the discounts set forth in the applicable area for the species of lumber to the list prices set forth in section 6 plus or minus any permitted additions or required deductions listed in section 25.

(d) *Dealer sale.* To compute the maximum price for a dealer sale, use the provisions of the General Maximum Price Regulation.

SEC. 4. *Definitions.* For the purpose of this regulation the following definitions shall apply:

(a) *Standard mouldings.* "Standard" mouldings in a given species are mouldings in sizes and patterns illustrated in one of the following moulding books designated for that species:

All Softwood Species	8000 Series Standard Moulding Book, published by Shattock and McKay Company of Chicago, Illinois (4th ed. 1940). 7000 Series Wood Mouldings, published by Shattock and McKay Company of Chicago, Illinois (1925 ed.).
All Species Covered by 2d RMPR 19 (Southern Pine Lumber).	8000 Series Moulding Book, published by Southern Pine Association (Revised 1925 ed.).
All Species Covered by RMPR 26 (Douglas Fir and Other West Coast Lumber).	7000 Series Standard Wood Mouldings, published by Casion Press, Inc., Washington, D. C. (Revised 1931 ed.).
All Species Covered by MPR 253 (Redwood Lumber and Millwork).	Pages 34, 34–A, and 35 of Standard Patterns of Worked Redwood Lumber (Pattern Book 738, adopted May 24, 1938, revised May, 1941), published by California Redwood Association.

These books are on file and available for inspection at the Office of Price Administration, Washington, D. C. Copies may be obtained at a small charge by writing the appropriate publisher or trade association.

Although the moulding books are to be used for the purpose of determining which mouldings are standard for a particular species, it should be noted that they are not to be used for determining list prices. All list prices to which discounts are applicable are set forth in section 6 below.

(b) *Special mouldings.* "Special" mouldings in a given species are mouldings in sizes and patterns which are not contained in one of the books designated above for that species.

(c) *Moulding manufacturer.* A moulding manufacturer is an establishment which qualifies as a sawmill, planing mill or concentration yard under any of the lumber mill regulations of the Office of Price Administration; or any establishment which in 1941 manufactured 50 percent or more of the dollar volume of its moulding sales and which sold 50 percent or more of its dollar volume in mouldings to jobbers, dealers or other distributors.

(d) *Wholesale distribution yard.* A wholesale distribution yard is an establishment which is recognized as a lumber wholesale distribution yard under section 16 (a) of 2d Revised Maximum Price Regulation 215.

(e) *Jobber.* A jobber is a distributor, other than a wholesale distribution yard, who operates a warehouse for the purchase, handling, stocking and resale of mouldings, who, during the year 1941, manufactured less than 50 percent of the dollar volume of mouldings that he sold, and over 50 percent of whose dollar volume of mouldings sales during 1941 were purchased by other jobbers, dealers, or other distributors.

(f) *Dealer.* A dealer is a distributor, other than a wholesale distribution yard or jobber, who operates a warehouse for the purchase, handling, stocking and resale of mouldings.

(g) *New sellers and sellers who change methods of handling.* Any seller who commenced the manufacture or distribution of mouldings since the year 1941 shall apply the definitions above to his operations, using the year 1944 as the base period for the determination of his classification as a seller.

Any seller who manufactured or distributed mouldings prior to the year 1945, but has changed his method of handling mouldings so that he no longer performs the same functions in the manufacture or distribution of mouldings as he performed in 1941 (or in 1944 if he commenced business after 1941) or any seller entering the business after January 1, 1944, must apply on or before December 21, 1945, or within 30 days of starting business to the Building Materials and Construction Price Branch, Office of Price Administration, Washington 25, D. C., for his classification as a seller to conform with his current method of operation. The application shall set forth the facts concerning his status as a seller in the base period under the definitions above and the facts concerning the nature of his current operations with respect to the manufacture and distribution of mouldings. In classifying the applicant, the Office of Price Administration will be guided by the definitions set forth above as applied to the applicant's current operations but they may be modified to the extent required by considerations of local competitive conditions, and the intent and purposes of the Emergency Price Control Act of 1942, as amended.

SEC. 5. *Types of sales and pricing levels.* The seller shall determine his classification on the basis of the above definitions. Further, he shall determine the type of sale he is making under this section in order to learn what pricing level governs the sale.

Type of sale	*Pricing level*
1. (a) All sales of moulding manufacturers	Direct-mill sale.
(b) All sales out of distributors' warehouses which are situated in the same locality as a moulding manufacturer's plant and which are controlled by it, or are under common control with it.	
(c) All sales by distributors which are shipped directly from a moulding manufacturer to the purchaser.	
NOTE: For the purpose of this regulation, a sale of mouldings shipped from a moulding manufacturer which has not been received, handled and stocked in the customary manner as an integral part of the stock of any distributor's warehouse, is deemed to be a sale directly from the moulding manufacturer to the purchaser.	
2. Sales by wholesale distribution yards, jobbers or dealers to: Wholesale distribution yards. Jobbers. Dealers.	Jobber sale.
3. Sales by wholesale distribution yards, jobbers, or dealers to industrial users or ultimate consumers (not for resale).	Dealer sale.

SEC. 6. *List prices and size tolerances*—(a) *List prices.* The list prices for sizes shown in Table I are to be used for straight car shipments of mouldings in species covered by Revised Maximum Price Regulation 94. The list prices in Table II are to be used for all other transactions.

[1] Except for items of small lattice, fillet, and screen mouldings which have list prices as follows:
Lattice 5/16" or less in thickness:
1¼" or less in width, list price is $0.85
1½" or 1¾" in width, list price is $1.00
Fillet 7/16" or less in thickness:
1⅛" or less in width, list price is $1.00
1¼" in width, list price is $1.20
Screen mouldings ¾" or less in thickness:
¾" or less in width, list price is $0.80

(b) *Size tolerances.* A thickness tolerance no greater than 1/64" is permissible in size and pattern for items priced in Table I. For items priced in Table II, the permissible tolerance is 1/64" for items priced in Columns 1, 2, 3, and 4; and 1/32" for items priced in Columns 5, 6, 7, 8, and 9.

Where mouldings are scant beyond the permissible tolerance, the list price for the next smaller thickness shall be used.

SEC. 7. *Special sizes and extras.* If a seller at any pricing level wishes to sell mouldings covered by this regulation but in sizes, or with special workings, specifications, services, or other extras for which prices or additions are not specified, he must apply in writing to the Building Materials and Construction Price Branch, Office of Price Administration, Washington 25, D. C., for a maximum price.

The seller's application may be for specific approval in reference to a particular order or inquiry; or for general approval in reference to a price or price list which he seeks to set up for general use in the future.

An authorization number will be assigned in every instance where a special price or price list is approved; and this number must appear on all orders accepted and sales made, as well as on all invoices covering shipments.

(a) Where the application is for specific approval in reference to a particular order or inquiry, it shall be made within five days after acceptance of the order. The following information shall be set forth: (1) The requested price; (2) a complete description of the item to be priced, which may be made by reference to a standard item, with an explanation of the differences; (3) the price differential between it and the most comparable item in the price table between January 1 and October 31, 1941, from the seller's own records, or if that is impossible, from such price tables of other comparable sellers in the trade. If no established price differential existed, detailed analysis of comparative cost of manufacture should be furnished; and (4) the purchaser's name, and points of origin and delivery of shipment.

A seller using this pricing method may quote and make sales and deliveries subject to approval of the Office of Price Administration prior to the receipt of official approval. The requested price is subject to revision within 30 days after receipt of the application. If a requested price is not disapproved or modified within 30 days of the date of receipt, it is approved unless the Office of Price Administration requests additional information from the seller. Thereupon, the time within which the requested price may be revised is automatically extended to 30 days after receipt of the requested information.

(b) Where the seller's application is for general approval in reference to a price list which he seeks to set up for general use in the future, he shall set forth the information required for specific approvals by (1), (2), and (3) in paragraph (a) above.

Quotations may not be made, orders taken, or shipments commenced until a maximum price has been officially approved.

(c) The Office of Price Administration may approve, disapprove, revoke, or revise maximum prices proposed or established under this section so as to make them consistent with the general level of prices fixed by this regulation.

SEC. 8. *Cash discounts.* Except for dealers sales on all sales of more than $25.00 of moulding, the seller shall allow at least the same discount for cash payment which he allowed during the first three months of 1942, except that in no case shall the discount be less than 2 percent of the selling price.

SEC. 9. *Invoicing requirements*—(a) *When an invoice must be given.* An invoice must be given on all sales of more than $25.00. In smaller sales, the seller may give either an invoice or a sales slip.

(b) *What the invoice must contain.* All invoices must contain a statement as to type of sale; whether the sale is a "direct-mill sale" a "jobber sale" or a "dealer sale." They must also contain a sufficiently complete description of the mouldings to show whether the price is within the maximum prices permitted by this regulation, including the species of lumber from which the mouldings are manufactured; the quantity of mouldings sold, in terms of lineal feet, the list price per 100 lineal feet and the pattern number of the mouldings. In addition, any specification, extra, working or quantity which permits an addition to, or requires a deduction from, the maximum prices listed in this regulation must be mentioned in the description.

(c) *Maximum price where improper invoice is given.* Where the seller gives an invoice which fails to specify the type of sale or fails to state the species, size, quantity or any other specification, extra or working for which a charge is made, so that the maximum price permitted by the regulation cannot be determined from the invoice, the maximum price for the sale or shipment covered by such invoice shall be $0.31 per 100 lineal feet f. o. b. mill or warehouse.

SEC. 10. *Prohibited practices*—(a) *General.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to changes in cash discount practices and to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Adding commissions to ceiling prohibited.* It is unlawful for any person to charge, receive or pay a commission for the service of procuring (including buying, selling, or locating mouldings or for any related services such as "expediting") which does not involve actual physical handling of mouldings if the commission plus the purchase price results in a total payment by the buyer which is higher than the maximum price of the mouldings. For purposes of this regulation, a commission is any compensation, however designated, which is paid for the procurement of mouldings where the compensation paid is based directly or indirectly on the quantity, price or value of the mouldings in connection with which the service is rendered.

SEC. 11. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. However, when a request for a change in the appplicable maximum price is pending, such authorization may be given in writing if it is deemed necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to act on the pending request for a change in price or to grant such authorization has been delegated.

SEC. 12. *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

SEC. 13. *Records.* All sellers must keep records which will show a complete description of the mouldings sold, the name and address of the buyer, the date of sale, and the price. Buyers, except on purchases made from dealers, must keep similar records, including the name and address of the seller. Such records must be kept for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

SEC. 14. *Enforcement.* Persons violating any portion of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for revocation of licenses provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 15. *Licensing.* The provisions of Licensing Order No. 1 licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations.

SEC. 16. *Imports and exports*—(a) *Imports.* The maximum price for which mouldings produced outside of the United States of America may be purchased by a buyer covered by this regulation from a seller not covered by this regulation, shall be the maximum price fixed in this regulation for direct-mill sales of mouldings as though the shipment originated in this country, with additions for delivery not to exceed the additions permissible under this regulation if the shipment had originated at the port of entry.

(b) *Exports.* The maximum prices for export sales and sales to exporters of mouldings are governed by the Second Revised Export Price Regulation.

ARTICLE II—MAXIMUM PRICES FOR DIRECT-MILL SALES

SEC. 17. *Certain basic lumber patterns not priced as mouldings.* The mill lumber regulations of the Office of Price Administration fix maximum prices for direct-mill sales of many items with basic lumber patterns. Each of the following sections sets forth examples of basic lumber patterns which must be sold on a board measure basis according to the maximum prices fixed in the mill lumber regulation covering the particular species even though special workings such as matching, beading, grooving, rabbeting, beveling, outgauging, etc., are performed.

SEC. 18. *Maximum prices for direct-mill sales of Western pine mouldings*—(a) *Examples of Revised Maximum Price Regulation 94 lumber items not priced as mouldings.* Following are examples of basic lumber patterns which must be sold on a board measure basis, subject to the maximum prices fixed in Revised Maximum Price Regulation 94, regardless of variations in the pattern:

Battens	Lath
Ceiling	Partition
Corn cribbing	Pulley stiles
Flooring	Shiplap
Jambs	Siding

(b) *Maximum prices for Standard mouldings* — (1) *Straight cars.* A "straight car" of Western Pine mouldings is a shipment of mouldings whose aggregate list prices total at least $3,000.00.

The maximum prices f. o. b. mill for a direct mill shipment in straight car quantities for Standard Western Pine mouldings in lengths 4' to 20', not over 15 percent under 10' with each length bundled separately are as follows:

The list prices in Table I of section 6 for the sizes listed in the table less the following discounts:

For patterns with list prices under $0.95—discount 53%.
For patterns with list prices $0.95 and over—discount 48%.

For sizes not listed in Table I, the list prices in Table II of section 6, less the following discounts:

Item	Discount for list prices under $2	Discount for list prices $2 and over
	Percent	*Percent*
Casing and base 3½" and wide, ¾" thick		33
Other mouldings:		
5/16" or less in thickness	53	46
½" in thickness	51	44
9/16" in thickness	47	40
⅝" in thickness	47	40
1 1/16" in thickness	43	36
¾" in thickness	41	34
25/32" in thickness	38	31
1 3/16" in thickness	36	29
⅞" in thickness	31	24
1" or over in thickness		38

(2) *Other shipments.* The maximum prices f. o. b. mill for a direct mill shipment, other than a straight car shipment, for Standard Western Pine mouldings in lengths 4' to 20', not over 15 percent under 10' with each length bundled separately, are the list prices in Table II of Section 6 less the following discounts:

Casing and base 3½" and wider—discount 31%
Other mouldings:
List prices under $2—discount 37%
List prices $2 and over—discount 32%

(c) *Maximum prices for Special mouldings.* The maximum prices f. o. b. mill for a direct mill shipment of Special Western Pine mouldings shall be as follows:

In quantities of more than 10,000 lineal feet per item use the same maximum prices as for Standard Western Pine mouldings.

In quantities of 3,000 to 10,000 lineal feet per item use the same maximum prices for Standard Western pine mouldings and shorten the discounts 1 point.

In quantities less than 3,000 lineal feet per item use the same maximum prices for Standard Western Pine mouldings and shorten the discounts 10 points.

In quantities of less than 500 lineal feet of one pattern use the same maximum prices for Standard Western Pine mouldings, shorten the discount 10 points and add a set-up charge of $2.50.

(d) *Deductions and additions to maximum prices.* Additions permitted under this paragraph may be made only when the item or service is specifically ordered by the buyer and shipped by the seller.

(1) *Species.* For Sugar or Idaho Pine the discounts may be shortened 5 points.

(2) *Rabbeting or grooving.* For rabbetting or grooving items such as rails, sash, astragals, back bands and window stools, 25¢ may be added to the list price for each rabbet or groove.

(3) *Length.* For specified lengths, the discounts may be shortened 5 points.

For all 10' to 16' lengths, the discounts may be shortened 3 points.

For all 10' to 16' even lengths, the discounts may be shortened 5 points.

For all even lengths, the discounts may be shortened 1 point.

For cut to lengths, under 5', the discounts must be lengthened 2 points.

For cut to lengths 5' to 10', the discounts may be shortened 3 points.

For cut to specified lengths 10' and over, the discounts may be shortened 5 points.

For short mouldings in excess of the 15 percent allowed in random length shipments or short lengths only, the discounts must be lengthened 10 points. (This does not apply when mouldings are ordered cut to length.)

(4) *Sub-standard mouldings.* For sub-standard mouldings, the discounts must be lengthened 10 points, except that for mouldings which are sub-standard only on account of stain, the seller must lengthen discounts only 5 points.

(e) *Delivered prices.* When a direct mill sale is made on a delivered basis, the seller, regardless of his location and of the place of delivery, may shorten the discounts one-half point for each five cents of freight rate or major portion thereof from the place at which shipment originates.

SEC. 19. *Maximum prices for direct-mill sales of Southern Pine mouldings*—(a) *Examples of Second Revised Maximum Price Regulation 19 lumber items not priced as mouldings.*

Aprons	Lath
Base	O. G. Patterns
Board slate stock	Partition
Casing	Pickets
Car Material	Pulley stiles
Ceiling	Shiplap
Decking	Siding
Flooring	Stepping
Framing	Sill Stock

(b) *Maximum prices for Standard or Special mouldings*—(1) *Straight cars.* A "straight car" shipment of Southern Pine mouldings is a shipment in which the car contains all mouldings or mouldings and no more than 5,000 board feet of lumber.

The maximum prices f. o. b. mill for direct-mill shipment in straight car quantities for Standard or Special Southern Pine mouldings in lengths of 6' to 16' or 6' to 20', not over 5 percent 6' and/or 7' feet lengths, are the list prices in Table II of section 6 less the following discounts:

For patterns with list prices under $2—discount 40%
For patterns with list prices $2 and over—discount 35%

(2) *Other shipments.* The maximum prices f. o. b. mill for a direct-mill shipment, other than straight car, for Standard or Special Southern Pine mouldings in lengths 6' to 16' or 6' to 20', not over 5 percent of 6' and/or 7' lengths, are the list prices in Table II of section 6, less the following discounts:

For patterns with list prices under $2—discount 36%
For patterns with list prices $2 and over—discount 31%

(c) *Maximum prices for direct-mill sales of soft-texture Southern Pine mouldings*—(1) *Type of seller.* The prices established by this paragraph (c) apply only to a seller of soft texture moulding who has received approval from the Lumber Branch of the Office of Price Administration to sell soft textured finish lumber at prices higher than those specified for Southern Pine and who has filed a report with the Building Materials and Construction Price Branch showing:

(i) *For a seller in business prior to 1941.* During and prior to 1941, he actively promoted the sale of special soft textured finish moulding by paid advertising, direct mill solicitation or any other recognized form of establishing a trade advantage of this grade, and

He consistently charged for soft textured finish moulding a higher price than the price for regular finish and that the price, allowing for differences in transportation cost to major markets, was comparable to the price charged by mills belonging to the Arkansas Soft Pine Bureau.

(ii) *For a seller who started his business after 1940.* He is using soft textured finish lumber and that he will sell a grade of moulding that will meet the specifications for soft textured finish mouldings.

The Administrator may by letter order deny a seller the right to use the maximum prices established by this paragraph (c) if his report does not show conclusively that he is entitled to charge these prices and that he is not using this paragraph to evade the other provisions of this section.

(2) *Maximum prices.* The maximum prices f. o. b. mill for a direct-mill shipment of Standard or Special soft textured finish Southern Pine mouldings in lengths of 6' to 16' or 6' to 20', not over 5 percent of 6' and/or 7' lengths are the list prices in Table II of section 6 less the following discounts.

Pattern with list prices	Sales totaling $3,000 (list prices) or more (discount)	Sales totaling less than $3,000 (list prices) (discount)
	Percent	*Percent*
$2.00 and under	35	31
$2.01 through $3.00	30	26
$3.01 and over	25	21

(d) *Deductions and additions to maximum prices.* Additions permitted under this paragraph may be made only when the item or service is specifically ordered by the buyer and shipped by the seller.

(1) *Rabbeting or grooving.* For rabbeting or grooving items such as rails, sash, astragals, back bands and window stools, 25¢ may be added to the list price for each rabbet or groove.

(2) *Length.* For specified lengths, the discounts may be shortened 5 points. For cutting to lengths shorter than standard lengths (count to be on 6" basis) the discounts may be shortened 2 points.

(3) *Packing and wrapping.* For wrapping and end labelling, the discounts may be shortened 5 points.

(4) *Sanding.* For sanding flat surfaces one side, the discounts may be shortened 4 points.

(5) *Sub-standard mouldings.* For sub-standard mouldings, the discounts must be lengthened 10 points except that for mouldings which are sub-standard only on account of stain, the seller must lengthen discounts by 5 points.

(6) *Small quantities of Standard mouldings.* For lots of less than 5,000 lineal feet of a standard pattern, a machine set-up charge of $5.00 may be added.

(7) *Small quantities of Special mouldings.* For lots of less than 5,000 lineal feet of a special pattern, the discounts may be shortened 5 points and a machine set-up charge of $5.00 may be added.

For lots of 5,000 lineal feet or more of a special pattern, a machine set-up charge of $5.00 may be added.

(8) *Large quantities of mouldings.* For lots of 25,000 lineal feet or more, discounts must be lengthened 2 points.

(e) *Delivered prices.* When a direct mill sale is made on a delivered basis, the seller, regardless of his location and the location of the place of delivery, may shorten the discounts, one point for each eight cents of freight rate or major portion thereof from the place at which shipment originates.

SEC. 20. *Maximum prices for direct mill sales of Douglas Fir mouldings*—(a) *Examples of Revised Maximum Price Regulation 26 lumber items which are not covered or priced by this regulation.*

(b) *Maximum prices for Standard moldings*—(1) *Straight cars.* A straight car shipment of Douglas Fir mouldings is a shipment of mouldings whose aggregates list prices total at least $3,000.00.

The maximum prices f. o. b. mill, for a direct mill shipment in straight car quantities for Standard Douglas Fir mouldings in lengths 6' to 16' or 6' to 20', bundled, not over 15 percent under 10', are the list prices in Table II of section 6, less the following discounts:

For patterns with list prices under $2—discount 46%
For patterns with list prices $2 and over—discount 41%

(2) *Other shipments.* The maximum prices f. o. b. mill for a direct mill shipment, other than straight car, for standard Douglas Fir mouldings in lengths 6' to 16' or 6' to 20', bundled, not over 15 percent under 10', are the list prices in Table II of section 6, less the following discounts:

For patterns with list prices under $2—discount 42%
For patterns with list prices $2 and over—discount 37%

(c) *Deductions and additions to maximum prices.* Additions permitted under this paragraph may be made only when the item or service is specifically ordered by the buyer and shipped by the seller.

(1) *Rabbeting or grooving.* For rabbeting or grooving items such as rails, sash, astragals, back bands and window stools, 25¢ may be added to the list price for each rabbet or groove.

(2) *Length.* For all 8' to 20' lengths, the basic discounts may be shortened 2 points.

For all 10' and 20' lengths, the basic discounts may be shortened 3 points.

For all 16' to 20' lengths, the basic discounts may be shortened 5 points.

For sales of short mouldings in excess of the 15 percent allowed in random length shipments, or for sales of short lengths only, including 4' to 5' trim back, the basic discounts must be lengthened 10 points. (This differential does not apply when mouldings are ordered cut to length.)

(3) *Packing and wrapping.* For carton packing or paper wrapping, the basic discounts may be shortened 5 points.

(4) *Sub-standard mouldings.* For sub-standard mouldings the basic discounts must be lengthened 10 points, except that for mouldings which are sub-standard only on account of stain, the basic discounts must be lengthened 5 points.

(5) *Set-up charge.* A set-up charge of:

$3.50 may be made for lots from 1,000 lineal feet to 2,000'.
$5.00 may be made for lots from 500 lineal feet to 999'.
$7.50 may be made for lots less than 500 lineal feet.

(d) *Maximum prices for Special mouldings.* The maximum prices for special Douglas Fir mouldings shall be the same as for standard Douglas Fir mouldings except that the basic discounts may be shortened one point.

(e) *Delivered prices.* When a direct mill sale is made on a delivered basis, the seller, regardless of his location and the location of the place of delivery, may shorten the basic discounts 1 point for each eight cents of freight rate or major portion thereof from the place at which shipment originates.

Chapter XXIII—Surplus Property Administration

[SPA Reg. 2]

PART 8302—DISPOSAL OF SURPLUS PERSONAL PROPERTY TO GOVERNMENT AGENCIES AND STATE AND LOCAL GOVERNMENTS

Surplus Property Board Revised Regulation 2, September 21, 1945, entitled "Disposal of Surplus Personal Property to Government Agencies and State and Local Governments" (10 F. R. 12121), is hereby further revised and amended as Surplus Property Administration Regulation 2. New matter is indicated by underscoring. Order 2 under this part, September 7, 1945 (10 F. R. 11672), shall continue in effect as revised and reissued herewith.

Sec.
8302.1 Definitions.
8302.2 Scope.
8302.3 Applicability of regulations and directives of War Production Board, Civilian Production Administration, Office of Price Administration, and Secretary of Agriculture; and disposals which may be exempted from this part.
8302.4 Information about available property.
8302.5 Reservations of surplus property for Government agencies and State and local governments.
8302.6 Transfers to Government agencies.
8302.7 Transfers of surplus standard administrative and maintenance property to the Treasury Department, and acquisition of such property by Government agencies.
8302.8 Disposals to State and local governments.
8302.9 Fair value.
8302.10 Right of Government agencies and State and local governments to acquire property in competition with others.
8302.11 Regulations by disposal agencies to be reported to the Surplus Property Board.
8302.12 Amendment or repeal.

AUTHORITY: §§ 8302.1 to 8302.12, inclusive, issued under Surplus Property Act of 1944, 58 Stat. 765; 50 U. S. C. App. Sup. 1611 and under Pub. Law 181, 79th Cong., 1st Sess.

§ 8302.1 *Definitions*—(a) *Terms defined in act.* Terms not defined in paragraph (b) of this section which are defined in the Surplus Property Act of 1944 shall in this part have the meaning given to them in the act.

(b) *Other terms.* (1) "Government agency" means any executive department, independent establishment, board, bureau, commission, or other agency of the Federal Government, or any corporation wholly owned (either directly or through one or more corporations) by the United States.

(2) "Standard administrative and maintenance property" means all property from time to time listed in stock catalogues issued by the Procurement Division of the Treasury Department. These catalogues normally include, among other items, office supplies, furniture, and equipment, and maintenance operating supplies.

(3) "State and local governments" means any State, territory, or possession of the United States, the District of Columbia, and any political subdivision or instrumentality thereof.

§ 8302.2 *Scope.* This part shall apply only to disposals made by disposal agencies within the United States, its territories or possessions; *Provided*, That § 8302.7 shall apply only within the continental United States. This part shall not apply to any disposals of real property, industrial plants, shipyards and facilities, property designated in classes (1) to (8), inclusive, of section 19 of the Surplus Property Act of 1944, or surplus vessels which the Maritime Commission determines to be merchant vessels or capable of conversion to merchant use.

§ 8302.3 *Applicability of regulations and directives of War Production Board, Civilian Production Administration, Office of Price Administration, and Secretary of Agriculture; and disposals which may be exempted from this part.*—(a) *Applicability of regulations and directives of War Production Board, Civilian Production Administration, Office of Price Administration, and Secretary of Agriculture.* All disposals hereunder shall be subject to applicable regulations and directives of the War Production Board, Civilian Production Administration, the Office of Price Administration, and the Secretary of Agriculture.

(b) *Disposals which may be exempted from this part.* Subject to the provisions of paragraph (a) of this section, disposal agencies may dispose of surplus property without regard for any provisions of this part:

(1) To supply the needs of the armed forces;

(2) When the property is of such nature or in such situation that its immediate disposal is necessary to prevent its deterioration, spoilage, or serious loss or damage, or when its disposal is necessary to relieve critical storage requirements;

(3) When upon application to the Surplus Property Administrator by a disposal agency, the Administrator shall find that it is impracticable or uneconomical to require the disposal of designated property according to the provisions of this part;

(4) When the condition of a surplus agricultural commodity or food is such that it is not usable in its present form without reprocessing or reconditioning;

(5) When the cost (estimated if not known) of all substantially similar items of such property in the possession of the disposal agency at any one location at any one time does not exceed $300.

§ 8302.4 *Information about available property*—(a) *Availability of records of surplus property; Governmental requirements officers.* Disposal agencies shall establish procedures to insure that designated representatives or procurement officers of Government agencies and State and local governments shall have access to the information on the property records of the disposal agencies, and shall upon request from time to time inform such representatives or procurement officers about surplus property for which declarations have been received or are anticipated. Each disposal agency shall appoint in its central office and in each regional office thereof a government requirements officer or officers, whose duties shall include (a) transmitting to Government agencies and State and local governments information concerning surplus property which is or may become available for disposal; (b) assisting in programming sales or offerings in such a manner as to afford Government agencies and State and local governments an opportunity to purchase any and all kinds of property they desire; (c) ascertaining the probable needs for all kinds of property of Government agencies and State and local governments within the region served by each regional office to the end that the reservations established under § 8302.5 may be adequate to supply the probable needs of Government agencies and State and local governments within the region served by the office; (d) cooperating with such advisory committees as the Administrator may appoint; and (e) taking all other necessary or desirable steps to see that all requirements of this part are complied with. It shall be the responsibility of Government agencies, in order to avoid making purchases through commercial channels, continuously to consult such records and to determine whether their requirements for all items of property, except standard administrative and maintenance property subject to the provisions of § 8302.7, can be satisfied out of surplus property in the hands of the disposal agencies.

(b) *Notice of offering.* Disposal agencies shall adopt procedures which will allow Government agencies and State and local governments to receive notices of what surplus property is available or offered for sale within the area in which the offering is made. Government agencies and State and local governments shall have the right upon request to be put on mailing lists for notices in all cases where such lists are used to offer property for disposal, including mailing lists otherwise reserved to special classes of buyers, unless the disposal agency shall find that the giving of such notices to Government agencies and State and local governments shall for any particular type of property become impracticable, unduly expensive to the Government, or unreasonably burdensome on the facilities of the disposal agency. When public advertising is used as the method of offering, no other notice need be given to Government agencies and State and local governments.

§ 8302.5 *Reservations of surplus property for Government agencies and State and local governments.* (a) Each disposal agency, based upon experience and demonstrated demand, shall estimate the quantity of each item of surplus property which it is necessary to hold in reserve in order to provide an adequate supply thereof to satisfy the probable needs for such item of Government agencies and State and local governments. Such quantities shall be reviewed and adjusted periodically by the disposal agency in the light of the changing requirements of Government agencies and State and local governments and the areas in which such requirements exist. There need be no earmarking of specific property, but the quantities of surplus property so estimated shall be reserved for exclusive disposal to Government agencies and State and local governments, and any property in excess of such reserved quantities may be promptly disposed of to others.

(b) In order to assist the disposal agencies to reserve quantities of surplus property adequate to satisfy the needs of Government agencies, including the needs of Smaller War Plants Corporation for small business or veterans in accordance with the Surplus Property Act of 1944 and applicable regulations promulgated thereunder. Smaller War Plants Corporation shall advise the disposal agencies from time to time of the quantities and kinds of surplus property which it needs or may need for such purposes, and the disposal agency shall thereupon take such steps as may be necessary to reserve an adequate supply with which to fill such needs. To the end of rapidly adjusting the reserve so established, prospective purchasers shall have the right to inspect the property they wish to buy.

§ 8302.6 *Transfers to Government agencies.* (a) Subject to the provisions of § 8302.7, disposal agencies shall transfer to a Government agency on its order surplus property in quantities not smaller than the smallest lots consistent with commercial practice and at the fair value of such property as provided in § 8302.9. Disposal agencies shall make such transfer of surplus property to a Government agency without reimbursement or transfer of funds whenever a transfer on such terms by the owning agency by which such property was declared surplus would be authorized by law to be made to the agency desiring such property. Government agencies may place orders with a disposal agency

for surplus property at any time, and such orders shall be filled from any available surplus property. If no property is available or likely to be available, the disposal agency shall notify the claimant, and upon the dispatching of such notification the order shall lapse. Property already advertised for public competitive bids or for sale at auction or for immediate purchase at a fixed time and property specifically selected by a prospective purchaser shall not be considered available.

(b) Disposals to Government agencies under this section shall be accorded priority over disposals to all others. Whenever two or more Government agencies shall claim the same item or items of surplus property, the disposal agency shall fill the orders in the sequence in which they have been received, or on such other equitable basis as the disposal agency may determine in any case when it has reason to believe that the quantity of any type of property available at any time will be insufficient to supply the needs of all interested Government agencies.

§ 8302.7 *Transfers of surplus standard administrative and maintenance property to the Treasury Department, and acquisition of such property by Government agencies.* (a) In order to facilitate the transfer of surplus property from one Government agency to other Government agencies for their use, the Treasury Department may acquire or order earmarked for its future acquisition from the disposal agencies such quantities of surplus standard administrative and maintenance property as the Treasury Department shall estimate may be needed to satisfy the needs and requirements for such property of all Government agencies within the continental United States, other than the War Department and the Navy Department and the Veterans Administration. The periods for which such property may be earmarked shall be established by the disposal agency based upon the estimates of the Treasury Department and the requirements of such Government agencies pursuant to such estimates. Such Government agencies shall cooperate with the Treasury Department in compiling such estimates and shall provide the Treasury Department with such information concerning their requirements as it may need in order to promote the fullest utilization of surplus property.

(b) Disposal agencies shall transfer surplus standard administrative and maintenance property to the Treasury Department in accordance with the provisions of § 8302.6 and at the fair value of the property less an amount which reflects the estimated expenses to be incurred by the Treasury Department in making distribution to Government agencies, and the Treasury Department shall promptly upon such transfer take possession and assume responsibility for the care, handling, and disposition of such property.

(c) It shall be the responsibility of all such Government agencies, in order to avoid making purchases of such property through commercial channels when such property is available from surplus, continuously to consult the stock catalogues issued by the Procurement Division of the Treasury Department.

(d) Except in cases where transfers may be made without reimbursement or transfer of funds, no Government agency other than the War Department and the Navy Department and the Veterans' Administration shall within the continental United States acquire by direct transfer from a disposal agency any surplus standard administrative or maintenance property which is offered for disposal by the Treasury Department and immediately available for acquisition by such Government agency; *Provided*, That Smaller War Plants Corporation shall be entitled to acquire any such property from a disposal agency for resale in accordance with the Surplus Property Act of 1944 and applicable regulations of the Surplus Property Administrator.

§ 8302.8 *Disposals to State and local governments.* (a) Disposal agencies shall dispose of surplus property to State and local governments in quantities not smaller than the smallest lots consistent with commercial practice and at the fair value of such property as provided in § 8302.9. State and local governments may place orders with a disposal agency at any time and such orders shall be filled from any available surplus property. If no property is available or likely to be available, the disposal agency shall notify the claimant, and upon the dispatching of such notification the order shall lapse. Property already advertised for public competitive bids or for sale at auction or for immediate purchase at a fixed time and property specifically selected by a prospective purchaser shall not be considered available.

(b) Disposals to State and local governments shall have priority over disposals to all others except Government agencies under § 8302.6. Whenever two or more State and local governments shall claim the same item or items of surplus property, the disposal agency shall fill the orders in the sequence in which they have been received, or on such other equitable basis as the disposal agency may determine in any case when it has reason to believe that the quantity of any type of property available at any time will be insufficient to supply the needs of all interested State or local governments.

(c) The disposal agencies shall adopt procedures designed to distribute surplus property equitably to State and local governments throughout the country.

(d) No surplus property disposed of hereunder shall be resold by the purchaser thereof within three (3) years of the date of purchase without the consent in writing of the disposal agency. At the request of a disposal agency, any State or local government shall submit a certificate made by a responsible officer setting forth that the property is sought for the use of a State or local government as defined in § 8302.1 (b) (3).

§ 8302.9 *Fair value.* Disposal agencies shall fix the fair value at which property disposed of under §§ 8302.5, 8302.6, and 8302.8 shall be acquired by Government agencies and State and local governments. Such fair value shall not be greater than the lowest price which is offered to any trade level at the time of acquisition by the Government agency or State or local government.

§ 8302.10 *Right of Government agencies and State and local governments to acquire property in competition with others.* In addition to acquiring property under §§ 8302.5, 8302.6, and 8302.8, Government agencies and State and local governments shall be entitled to submit offers whenever surplus property is otherwise offered for sale, without regard for the location of the property, but shall not be entitled to priority and shall acquire such property on the same terms and conditions as others.

§ 8302.11 *Regulations by disposal agencies to be reported to the Surplus Property Administrator.* Each disposal agency shall file with the Surplus Property Administrator copies of all regulations, orders, and instructions of general applicability which it may issue in furtherance of the provisions, or any of them, of this part.

§ 8302.12 *Amendment or repeal.* This part, and any order issued under it, shall be subject to amendment or repeal by the Administrator by any regulation, order, or other action of the Administrator duly published in the FEDERAL REGISTER.

This revision of this part shall become effective on November 16, 1945.

W. STUART SYMINGTON,
Administrator.

PART 8302—DISPOSAL OF SURPLUS PERSONAL PROPERTY TO GOVERNMENT AGENCIES AND STATE AND LOCAL GOVERNMENTS

EXEMPTION OF OFFICE OF CIVILIAN DEFENSE PROPERTY LOANED TO STATE OR LOCAL GOVERNMENTS

Surplus Property Board Regulation 2, Order 2, September 7, 1945, (10 F.R. 11672) is hereby revised and amended as herein set forth as Surplus Property Administration Regulation 2, Order 2.

During the war the Office of Civilian Defense loaned to the several States and to their political subdivisions certain items of property for purposes of air raid protection. A large amount of this property remains in the custody of the States and the political subdivisions to which it was loaned, and it will entail heavy expense to the Government to require the preparation of inventories and reports and to offer this property to Government agencies and State and local governments in accordance with this part.

The Department of Commerce, as disposal agency, has applied to the Surplus Property Administrator for an exemption from the requirements of this part for this property on the ground that it is impracticable and uneconomical to require its disposal of this property according to such requirements. The Reconstruction Finance Corporation has succeeded the Department of Commerce as a disposal agency for this type of property.

Pursuant to § 8302.3 (b) (3) and in reliance upon the representations of the Department of Commerce referred to above, *It is hereby ordered*, That:

The Reconstruction Finance Corporation, as successor disposal agency to the Department of Commerce, is hereby authorized to dispose of, without regard for the provisions of this part, to the States or their political subdivisions any items of property originally loaned by the Office of Civilian Defense to such States or political subdivisions.

This order shall become effective November 16, 1945.

W. STUART SYMINGTON,
Administrator.

PART 8311—PROCEEDS AND EXPENSES

SPECIAL ACCOUNTS FOR REFUNDS TO PURCHASERS

Surplus Property Board Regulation 11, Order 1, September 21, 1945, entitled "Special Accounts for Refunds to Purchasers" (10 F.R. 12124) is hereby revised and amended as herein set forth. New matter is indicated by underscoring.

Pursuant to the authority of section 30 (c) of the Surplus Property Act of 1944 (50 Stat. 765; 59 U. S. C. App. 1611), and § 8311.8 of this part, *It is hereby ordered*, That:

The following disposal agencies are hereby authorized, within such limitations as may be indicated below, to deposit in a special account with the Treasurer of the United States amounts from proceeds of dispositions of surplus property and to withdraw from such account the amounts necessary to make appropriate refunds to purchasers of such property when any disposition is rescinded or does not become final, or payments for breach of any warranty:

1. *Reconstruction Finance Corporation*, as disposal agency for capital and producer goods and as successor disposal agency to the Department of Commerce for consumer goods, *Provided*, That the amounts on deposit in such account shall at no time exceed $5,750,000.

2. *Maritime Commission*, *Provided*, That the amounts on deposit in such account shall at no time exceed $500,000.

3. *Department of the Interior* as disposal agency designated to act in the territories and possessions of the United States, *Provided*, That the amounts on deposit in such account shall at no time exceed $75,000.

4. *Department of Agriculture*, as disposal agency for agricultural commodities and food, *Provided*, That the amounts on deposit in such account shall at no time exceed $100,000.

5. *Department of Agriculture*, as disposal agency for real property, *Provided*, That the amounts on deposit in such account shall at no time exceed $600,000.

6. *Federal Works Agency*, *Provided*, That the amounts on deposit in such account shall at no time exceed $200,000.

7. *Department of the Interior*, as disposal agency for real property in the continental United States, *Provided*, That the amounts on deposit in such account shall at no time exceed $100,000.

8. *National Housing Agency*, *Provided*, That the amounts on deposit in such account shall at no time exceed $100,000.

This revised order shall become effective on November 16, 1945.

PART 8315—COMPLIANCE

Sec.
8315.1 Definitions.
8315.2 Scope.
8315.3 Responsibility of Government agencies.
8315.4 Agency compliance organizations.
8315.5 Functions of agency compliance organizations.
8315.6 Extent of investigations: referral to other Government agencies.
8315.7 Records.
8315.8 Regulations to be reported to the Administrator.

AUTHORITY: §§ 8315.1 to 8315.8, inclusive, issued under the Surplus Property Act of 1944, 58 Stat. 765, 50 U.S.C. App. Sup. 1611, and under Pub. Law 181, 79th Cong. 1st Sess.

§ 8315.1 *Definitions.* Terms defined in the Surplus Property Act of 1944 shall in this part have the meaning given to them in the act.

§ 8315.2 *Scope.* This part applies to all disposal agencies authorized by or pursuant to the Surplus Property Act of 1944 to dispose of surplus property. This part shall also apply to the War and Navy Departments and to all owning agencies which are designated by the Administrator as disposal agencies. This part is directed to the operations of such disposal and owning agencies in disposing of surplus property under the act in the continental United States, its territories and possessions, and in foreign areas. Nothing in this part shall be deemed to affect the jurisdiction of the military services over their own personnel or any arrangement between such services and the Department of Justice concerning the handling and prosecution of criminal matters.

§ 8315.3 *Responsibility of Government agencies.* Subject to the supervision and direction of the Surplus Property Administrator, each agency shall be charged with the responsibility of insuring that its disposal activities are in full compliance with the provisions of the act and with all regulations, orders, directions, and policy statements of the Administrator.

§ 8315.4 *Agency compliance organizations.* To assist in carrying out its responsibilities relating to compliance, each agency shall establish, if not already established, and maintain a compliance organization adequate to carry out its functions hereunder.

§ 8315.5 *Functions of agency compliance organizations.* Subject to the provisions of § 8315.6 hereof requiring referral of criminal matters to the Department of Justice, the compliance organization of each agency shall perform such investigatory functions as are necessary to insure compliance with the provisions of the act and with the regulations, orders, directions, and policy statements of the Administrator including:

(a) Periodic surveys of field unit disposal operations, to prevent or correct irregularities in the disposition of surplus property;

(b) Such special investigations as the agency or the Administrator may consider necessary to insure the observance of prescribed disposal procedures.

(c) Investigations upon the receipt of complaints or information from any source indicating irregular or improper disposal of surplus property.

§ 8315.6 *Extent of investigation: referral to other Government agencies.* All information indicating violations by any person of Federal criminal statutes, or violations of section 26 (b) and section 27 of the act, including but not limited to fraud against the Government, mail fraud, bribery, attempted bribery, or criminal collusion, shall be referred immediately to the Department of Justice for further investigation and disposition. Each agency shall make available to the Department of Justice, or to such other governmental investigating agency to which the matter may be referred by the Department of Justice, all pertinent information and evidence concerning the indicated violations; shall desist from further investigation of the criminal aspects of such matters except upon the request of the Department of Justice; and shall cooperate fully with the agency assuming final jurisdiction in establishing proof of criminal violations. After making the necessary referral to the Department of Justice, inquiries conducted by agency compliance organizations shall be limited to obtaining information for administrative purposes. Cases involving unfair trade practices shall be referred promptly by the agency to the Federal Trade Commission. Where irregularities reported or discovered involve wrong-doing on the part of individuals holding positions in Government

agencies other than the agency initiating the investigation, the case shall be reported immediately to the Administrator for an examination in the premises.

§ 8315.7 *Records.* Each agency shall prepare and maintain such records as will show full compliance with the provisions of this part and with the applicable provisions of the act. A written report shall be made of all compliance investigations conducted by each agency compliance organization. Each agency shall maintain centralized files of all such reports at its respective departmental offices. Until otherwise directed by the Administrator, there shall be transmitted promptly to the Administrator one copy of any such report which contains information indicating criminality on the part of any person or indicating noncompliance with the act or with the regulations, orders, directives, and policy statements of the Administrator. In transmitting such reports to the Administrator the agency shall set forth the action taken or contemplated by the agency to correct the improper conditions established by the investigation. Where any matter is referred to the Department of Justice or to the Federal Trade Commission, a copy of the letter of referral shall be transmitted to the Administrator.

§ 8315.8 *Regulations to be reported to the Administrator.* Each agency shall file with the Administrator copies of all regulations, orders, and instructions of general applicability which it may issue in furtherance of the provisions, or any of them, of this part.

This part shall become effective November 16, 1945.

AUTHORITY: §§ 8316.1 to 8316.24, inclusive, issued under Surplus Property Act of 1944, 58 Stat. 765, 50 U. S. C. App. Sup. 1611, and under Pub. Law 181, 79th Cong., 1st Sess.

§ 8316.1 *Definitions*—(a) *Terms defined in act.* Terms not defined in paragraph (b) of this section which are defined in the Surplus Property Act of 1944 shall in this part have the meaning given to them in the act.

(b) *Other terms.* (1) "Airport property" means the entire interest owned by the Government in any airport.

(2) "Airport" means any area of land or water and the improvements thereon primarily used, intended to be used, or determined by the Administrator to be suitable for use for or in connection with the landing and take-off or navigation of aircraft. The term includes "landing areas", "building areas", "airport facilities", and "non-aviation facilities".

(3) "Airport facilities" means any buildings, structures, improvements, and operational equipment, other than non-aviation facilities, which are used and necessary for or in connection with the operation and maintenance of an airport.

(4) "Building area" means any land, other than a landing area, used or necessary for or in connection with the operation or maintenance of an airport.

(5) "Landing area" means any land, or combination of water and land, together with improvements thereon and necessary operational equipment used in connection therewith, which is used for landing, take-offs, and parking of aircraft. The term includes, but it is not limited to, runways, strips, taxiways, and parking aprons.

(6) "Non-aviation facilities" means any buildings, structures, improvements, and equipment, located in a building area and used in connection with but not required for the efficient operation and maintenance of the landing area or the airport facilities.

(7) "State or local government" means any State, territory, or possession of the United States, the District of Columbia, and any political subdivision or instrumentality thereof.

(8) "Surplus airport property" means any airport property which has been determined to be surplus to the further needs and responsibilities of the owning agency in accordance with the act.

§ 8316.2 *Scope.* This part applies to surplus airport property located within the continental United States, its territories and possessions.

§ 8316.3 *Declaration of policy.* It is hereby declared that the national interest requires the disposal of surplus airport property in such a manner and upon such terms and conditions as will encourage and foster the development of civil aviation and provide and preserve for civil aviation and national defense purposes a strong, efficient, and properly maintained nationwide system of public airports, and will insure competition and will not result in monopoly. It is further declared that in making such disposals of surplus airport property the benefits which the public and the Nation will derive therefrom must be the principal consideration and the financial return to the Government a secondary consideration. Airports which are surplus to the needs of owning agencies may be essential to the common defense of the Nation or valuable in the maintenance of an adequate and economical national transportation system. In such cases and in accordance with the rules established herein such airports may be disposed of to State or local governments for considerations other than cash. Where airports are not desired as such by Government agencies or State or local governments, they shall be classified as airports or otherwise according to their best use and any disposition hereunder shall be for a monetary consideration.

§ 8316.4 *Surplus airport disposal committee.* (a) Pursuant to arrangements made with other interested Government agencies, there is hereby established a Surplus Airport Disposal Committee which shall function as an advisory committee to the Surplus Property Administrator and shall consist of five members, one to be designated by the Secretary of War, one by the Secretary of the Navy, one by the Administrator of the Civil Aeronautics Administration, one by the disposal agency, and one by the Surplus Property Administrator who shall serve as Chairman of the Committee.

(b) It shall be the duty of the Surplus Airport Disposal Committee to advise the Surplus Property Administrator as to the manner in which and the conditions upon which the disposal agency should be authorized to dispose of particular airport properties, and as to all other matters upon which advice may be requested by the Administrator.

§ 8316.5 *Declarations.* (a) Declarations of surplus airport property including leasehold interests under leases or similar rights of occupancy not cancelled by the owning agency pursuant to § 8316.9 hereof, shall be filed with the Surplus Property Administrator as provided in Part 8301.[1] The Administrator will transmit two copies of the declaration to the appropriate disposal agency with directions, and will notify the owning agency thereof.

(b) The owning agency may give to the Surplus Airport Disposal Committee a pre-declaration notice accompanied by a tentative statement of the conditions, reservations, and restrictions which it may request, pursuant to § 8316.10 hereof, to be imposed on the disposal of the airport property.

§ 8316.6 *Communications after notice of transmittal.* After the owning agency receives notice of transmittal to a disposal agency of a declaration of surplus airport property, communications of the owning agency with respect to such airport property shall be addressed to the disposal agency, except where communication with the Administrator is required hereunder.

§ 8316.7 *Withdrawals.* If the owning agency wishes to withdraw surplus air-

[1] SPA Reg. 1 (10 F.R. 14064).

port property before it has received notice of the transmittal of the declaration to the disposal agency, it may do so by filing Form SPB–5 with the Administrator. After the owning agency has received notice of such transmittal, it may withdraw such property by filing the form with the disposal agency. Such withdrawals may be made only with the consent of the Administrator if the property has not been assigned to a disposal agency or with the consent of the disposal agency thereafter, except as hereinafter provided.

§ 8316.8 *Permissive use by other Government agency.* When a Government agency utilizing Government-owned real property for or in connection with an airport, under some form of arrangement with the Government agency having primary jurisdiction over the property, no longer needs the property for airport purposes, such real property and any interest therein shall be returned to the agency having primary jurisdiction in accordance with the arrangement made between such agencies. Where, however, the property has been substantially improved while being so utilized, the agency utilizing the property shall make a report of the facts to the Administrator for his determination as to the disposition of the improvements; and such report shall be treated as a declaration of surplus as to such improvements.

§ 8316.9 *Disposal of leasehold interests and improvements by owning agencies.* (a) At any time after thirty (30) days prior notice to the Surplus Airport Disposal Committee, no objection thereto having been made by such committee, an owning agency may dispose of airport property in the manner provided in this section without declaring it surplus; provided that such property is held only under lease or other similar right of occupancy which is for the duration of the war or the national emergency and six months thereafter, or is for an unexpired period of not more than twelve months and has no renewal or purchase privilege.

(b) Any such leasehold interest or similar right of occupancy shall be terminated or cancelled by the owning agency and any Government-owned improvements disposed of by any one or more of the following methods:

(1) By transfer to the lessor or owner of the premises in full or partial satisfaction of any obligation to restore the premises, provided the lessor or owner shall pay for any excess value.

(2) By disposition in accordance with contractual commitments.

(3) By sale intact.

(4) By transfer to another Government agency intact.

(5) By disposal of all readily severable property in accordance with any other applicable regulations of the Administrator.

(6) By demolition contract let only on competitive bids whereby title to material not readily severable passes to the demolition contractor.

(7) By demolition of property not readily severable and disposal of surplus used building and construction materials by competitive bidding and of other resulting materials in accordance with any other applicable regulations of the Administrator. Any competitive bidding shall be conducted under rules and regulations prescribed by the owning agencies containing provisions, among others, requiring lots to be offered in such reasonable quantities as to permit all bidders, small as well as large, to compete on equal terms, requiring wide public notice concerning such sales and time intervals between notice and sale adequate to give all interested purchasers a fair opportunity to buy, and reserving the right to reject all bids.

(8) By abandonment if the owning agency has no obligation to remove such improvements and it finds in writing that such property is without commercial value or that the estimated cost of its care, handling, removal, and disposition would exceed the estimated proceeds of sale.

(c) Disposals of improvements by owning agencies hereunder shall be made at prices that are fair and reasonable under all the circumstances taking into account the limited sale value of the property in place and its special value, if any, to the purchaser. In all cases, prior to disposal a written estimate shall be made of both the value of the improvements for use in place and their salvage value. The disposal agencies for industrial and marine real property shall, upon request, furnish advice and assistance to the owning agencies in the establishment of fair and reasonable prices hereunder.

(d) Where an airport consists of property a portion of which is owned by the Government and the balance of which is property under lease to the Government, such lease shall not be cancelled by the owning agency, but the leasehold interest as well as the Government-owned property shall be declared surplus.

§ 8316.10 *Restrictions on use and disposition.* When an owning agency declares airport property surplus, such owning agency, the Civil Aeronautics Administration, or the Surplus Airport Disposal Committee may submit to the Administrator a request that the disposal be made subject to any or all of the following reservations, restrictions, and conditions:

(a) *Use by the transferee.* (1) That the airport shall be used for public airport purposes on reasonable terms and without unjust discrimination and without grant or exercise of any exclusive right for use of the airport within the meaning of section 303 of the Civil Aeronautics Act of 1938.

(2) That the entire landing area and all improvements, facilities, and equipment of the airport shall be maintained at all times in good and serviceable condition to assure its efficient operation.

(3) That insofar as is within its powers and reasonably possible the transferee shall prevent any use of land either within or outside the boundaries of the airport, including the construction, erection, alteration, or growth, or any structure or other object thereon, which use would be a hazard to the landing, taking off, or maneuvering of aircraft at the airport, or otherwise limit its usefulness as an airport.

(4) That the building areas and nonaviation facilities shall be used, altered, modified, or improved only in a manner which does not interfere with the efficient operation of the landing area and of the airport facilities.

(b) *Use by the Government.* (1) That the Government shall at all times have the right to use the airport in common with others; *Provided, however,* That such use may be limited as may be determined at any time by the Civil Aeronautics Administration or the successor Government agency to be necessary to prevent interference with use by other authorized aircraft, so long as such limitation does not restrict Government use to less than twenty-five (25) per centum of capacity of the airport. Government use of the airport to this extent shall be without charge of any nature other than payment for damage caused by Government aircraft.

(2) That during the existence of any emergency declared by the President or the Congress, the Government shall have the right without charge except as indicated below to the full, unrestricted possession, control, and use of the landing area, building areas, and airport facilities or any part thereof, including any additions or improvements thereto made subsequently to the declaration of the airport property as surplus; *Provided, however,* That the Government shall be responsible during the period of such use for the entire cost of maintaining all such areas, facilities, and improvements, or the portions used, and shall pay a fair rental for the use of any installations or structures which have been added thereto without Federal aid.

§ 8316.11 *Functions of the Civil Aeronautics Administration.* In the disposal of surplus airport property under this part, the disposal agency may avail itself of the services of representatives of the Civil Aeronautics Administration in all negotiations for the disposal of the property and shall consult with and obtain the recommendations of the Civil Aeronautics Administration as to all decisions pertaining to civil aviation. In addition the Civil Aeronautics Administration shall furnish such technical assistance as the Surplus Property Administrator or the disposal agency may request and the Civil Aeronautics Administration is in a position to provide.

§ 8316.12 *Classification of property by Administrator.* (a) Upon receipt of a declaration of surplus airport property, the Surplus Property Administrator shall consider any requests for reservations, restrictions, and conditions submitted by the owning agency, or by the War and Navy Departments, or by the Civil Aeronautics Administration, or by the Surplus Airport Disposal Committee, and shall determine the future uses for which the property is best adapted, how the property can best be disposed of to meet the objectives of the act, and whether any or all of the requests for reservations, restrictions and conditions should be imposed.

(b) If the Administrator classifies the property for disposal as an airport, it shall be disposed of under this part; if the Administrator classifies it for dispo-

sition otherwise than as airport property and the owning agency does not withdraw it as hereinafter provided, it shall be assigned to the appropriate disposal agency and disposed of under other applicable regulations of the Administrator. Where a landing area is used in connection with an industrial installation, the Administrator shall determine whether to classify such landing area and its airport facilities as airport properties for disposal under this part, or whether to classify the landing area otherwise and assign it for disposal by the appropriate disposal agency.

§ 8316.13 *Disposal as airport property subject to reservations, restrictions, and conditions.* (a) If the Administrator classifies the property for disposal as an airport, there shall be imposed on the disposal of the airport property a condition that there shall be no exclusive right for the use of any landing area or air navigation facilities upon which Federal funds have been expended; and there shall also be imposed any or all of the reservations, restrictions, and conditions requested pursuant to § 8316.10 hereof and approved by the Administrator; and the disposal agency shall immediately undertake to so dispose of it as such. Notice of availability shall be given to Government agencies listed in Exhibit A hereto; and to the State and political subdivisions and any municipality in which it is situated and to all municipalities in the vicinity thereof; and to the general public.

(b) In the event (1) the Administrator does not classify the property for disposal as airport property when so requested, or (2) does not approve any or all of the requested reservations, restrictions, and conditions, or (3) the disposal agency finds that it is unable to dispose of the property with the reservations, restrictions, and conditions imposed under § 8316.10 or as an airport, the owning agency shall be notified, and the owning agency may, if it desires, withdraw such airport property from surplus on making reimbursement for the cost of care and handling, or recommend the elimination or modification of such reservations, restrictions, and conditions, or the disposal of the property otherwise than as an airport. In cases arising under subparagraph (3) above, the disposal agency shall also notify the Administrator.

(c) Where the owning agency has withdrawn the airport property from surplus pursuant to the provisions of paragraph (b), and later re-declares such property surplus, with or without requesting conditions for its disposition, the Administrator shall determine the terms and conditions upon which it shall be disposed of and the proper classification to be given and shall assign it to the appropriate disposal agency for disposal.

(d) The disposal agency shall widely publicize the airport property, giving information adequate to inform interested or prospective transferees as to the general nature of the property, and any reservations, restrictions, or conditions that have been imposed as to its future use. Such publicity shall be by public advertising, and may include press releases, direct circularization to potential transferees, and personal interviews. The disposal agency shall upon request supply to bona fide prospective transferees all available information. The disposal agency shall establish procedures so that all prospective transferees showing due diligence will be given full and complete opportunity to bid.

(e) All priority holders and any other persons interested in purchasing the airport property shall submit their proposals in writing, setting forth the details of their offers and their willingness to abide by the terms, conditions, and restrictions upon which the property is offered.

§ 8316.14 *Care and handling.* (a) (1) Until the disposal agency is prepared to assume responsibility for care and handling and accountability and so notifies the owning agency, the owning agency shall continue to be responsible therefor. The disposal agency shall have access to the property and the records of the owning agency with respect thereto.

(2) The agency then charged with the responsibility for care and handling shall make or cause to be made repairs necessary for the protection and maintenance of the property. It shall give careful consideration to what improvements or changes may be necessary for the completing, converting, or rehabilitating of the property in order best to attain the applicable objectives of the act, and may make commitments and expenditures within its budgetary allotment for such purposes to effect such improvements or changes; *Provided, however,* That no commitments for more than $10,000 of any such budgetary allotment shall be made by such agency for any such changes and improvements in connection with any one airport without prior approval of the Administrator in writing.

(3) The agency then charged with the responsibility for care and handling of surplus airport property shall submit to the Administrator for consideration and direction the renewal of leases or the exercise of options relating to surplus airport property, with the recommendations of such agency.

(4) The disposal agency shall pay the owning agency for the cost of care and handling surplus airport property subsequent to its declaration as such under Part 8301, including rental and taxes when due, until accountability and responsibility for such property is assumed by the disposal agency.

(b) *Transfer of title papers, documents, etc.* Upon request of the disposal agency, the owning agency shall immediately supply the disposal agency with the originals or true copies of all information and documents pertaining to the airport property which are in the possession of the owning agency and copies of which have not been filed with the declaration. These shall include appraisal reports, abstracts of title, maps, surveys, tax receipts, deeds, affidavits of title, copies of judgments, declarations of taking in condemnation proceedings, and all other title papers relating to the property. All such papers and documents which may still be needed by the owning agency shall be returned to it as soon as the needs of the disposal agency have been satisfied. The disposal agency may transfer to the purchaser of airport property, as part of the disposal transaction, any abstract of title or title guarantee which relates to the property being transferred and which is no longer needed either by the owning or by the disposal agency.

§ 8316.15 *Priorities.* (a) Government agencies shall be accorded first priority, and State and local governments, including any municipality in which the property is located and all municipalities in the vicinity thereof, second priority to acquire surplus airport properties. If the airport is offered for disposition subject to any or all of the conditions contained in § 8316.10, all priorities shall be exercised subject to such conditions.

(b) *Time and method of exercise.* The time for exercise of priorities by Government agencies or State or local governments shall be a period of thirty (30) days after the date of notices of availability given to them respectively, which notices may run concurrently; or such additional period as the disposal agency or the Administrator may allow when necessary or appropriate to complete proposals made, and in order to facilitate disposition of the property. Within such period the priority holder shall indicate his intention to exercise the priority by making an offer or by submitting to the disposal agency a written application requesting that the airport property be held for disposal to it. Such offer or application shall state the terms on which the applicant is willing to acquire the property, or state that a transfer without reimbursement or transfer of funds is authorized by law, and shall contain all pertinent facts pertaining to the applicant's need for the property. If the applicant requires time to acquire funds or to obtain authority to take the property, it shall so state and indicate the length of time needed for that purpose. Upon receipt of an offer or an application, with such a statement, the disposal agency shall review the application, determine what time, if any, shall be allowed the applicant to conclude the acquisition of the property, and advise the applicant of such determination. All priorities shall expire if not exercised within the priority period and such additional time as the disposal agency may allow.

(c) *Determination between claimants having same priority.* Whenever two or more Government agencies or two or more State or local governments, respectively, shall during the priority period make acceptable offers for the same property, the matter shall be determined on the basis of the relative needs of the claimants and the public interest to be served. If the matter cannot be determined by agreement between the claimants, disposal of such property shall not be made until the disposal agency shall have reported the matter in writing to the Administrator, setting forth its recommendations and all the facts, including the basis of the respective claims, together with any statements in writing that the claimants or any of them may wish to file with the Administrator. The Administrator will review the matter and report his determination to the disposal agency. The Administrator's determination shall be final for all purposes.

§ 8316.16 *Permits to operate or use.* (a) Pending the disposition of surplus airport property by sale or lease, the owning agency, prior to the date accountability is assumed by the disposal agency, and the disposal agency thereafter, may (1) grant a revocable permit to maintain and operate the landing area and airport facilities included within any surplus airport property as a public airport to a Government agency or State or local government evincing an interest in acquiring the property with or without cash payment and on such terms as the accountable agency deems proper, or (2) grant a revocable permit for the landing area and airport facilities to be used for the landing, take-off, servicing, and operation of duly licensed aircraft.

(b) Permits or licenses to operate the property under subparagraph (1) or to use the facilities under subparagraph (2) shall be subject to the approval of the Administrator and to compliance by the licensees with all laws, ordinances, or other applicable regulations.

§ 8316.17 *Valuation.* (a) No appraisal need be made where transfer to a Government agency without reimbursement or transfer of funds or disposal to a State or local government without a cash payment is contemplated. If it is determined that the property will not be so transferred or disposed of, the disposal agency shall establish its estimate of the fair value of the property.

(b) The estimate of fair value shall represent the maximum price which a well-informed buyer, acting intelligently and voluntarily, would be warranted in paying if he were acquiring the property for long-term investment or for continued use in the light of the obligations to be assumed by the buyer.

(c) If at any time prior to the sale of an airport property conditions affecting its value change, the disposal agency shall modify its estimate accordingly.

(d) For the purpose of establishing its estimate of fair value of the property, the disposal agency may utilize the services of its own staff, the staff of another Federal agency or, where deemed necessary, independent appraisers, and shall maintain an adequate written record to support its estimate. Each such appraisal record or report shall contain the appraiser's certificate that he has no interest, direct or indirect, in the property or its sale. In cases where owning agencies submit appraisal reports which contain adequate and reliable information, the disposal agency may use such information in establishing its estimate of the fair value of the property.

§ 8316.18 *Prices.* (a) The disposal agency shall determine the price at which a disposal of an airport property shall be made.

(b) Sale of an airport property as an airport to a buyer entitled to a priority shall be at a price which is substantially the same as the estimate of fair value, except that (1) a transfer to another Government agency without reimbursement or transfer of funds may be made where authorized by law, or (2) upon the authorization of the Administrator the disposal agency shall dispose of airport property to any State or local government without a cash payment in consideration of the acceptance by such State or local government of all reservations, restrictions, and conditions imposed by the Administrator.

(c) Sale of an airport property as an airport to any purchaser other than a buyer entitled to a priority shall be at a price approximating the estimate of fair value as established by the disposal agency and shall be made at the highest price obtainable, except that the applicable objectives of the act may be taken into consideration in rejecting offers regardless of their amounts or in selecting a buyer from among equal bidders. Sales under this paragraph shall be for a monetary consideration.

§ 8316.19 *Submission to Attorney General.* Whenever any disposal agency shall begin negotiations for the disposition to private interests of an airport property which cost the Government $1,000,000 or more, the disposal agency shall promptly notify the Attorney General of the proposed disposition and the probable terms or conditions thereof, and of the extent and nature of the facilities installed or provided thereon.

§ 8316.20 *Form of transfer.* Deeds or instruments of transfer shall be in the form approved by the Attorney General. Transfers of title shall be by quit-claim deed where the airport property is transferred without a cash payment. If in other cases the disposal agency finds that a warranty deed is necessary to obtain a reasonable price for the property or to render the title marketable, such form of deed may be used where recommended and approved by the Attorney General as provided in the act.

§ 8316.21 *Conditions in instrument of transfer.* Any deed, lease, or other instrument executed to transfer airport property pursuant to any disposal made under this part, containing reservations, restrictions, or conditions as to the future use and maintenance of the property, shall contain provisions in effect:

(1) That upon a breach of any of the reservations, restrictions, or conditions by the immediate or any subsequent transferee, the title, right of possession, or other right transferred shall at the option of the Government revert to the Government upon demand; and

(2) That any such airport property may be successively transferred only with the approval of the Civil Aeronautics Administration or the successor Government agency and with the proviso that any such transferee assumes all the obligations imposed by the disposal agency in the disposal to the original purchaser.

§ 8316.22 *Records and reports.* Owning and disposal agencies shall prepare and maintain such records as will show full compliance with the provisions of this part as to each disposal transaction. The information in such records shall be available at all reasonable times for public inspection. Reports shall be prepared and filed with the Surplus Property Administrator in such manner as may be specified by order issued under this part subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

§ 8316.23 *Regulations by agencies to be reported to the Administrator.* Each owning agency and each disposal agency shall file with the Administrator copies of all regulations, orders, and instructions of general applicability which they may issue in furtherance of the provisions, or any of them, of this part.

§ 8316.24 *Exceptions.* Exceptions to any portion of the procedure herein may be made by direction of the Administrator where such exception would not be in violation of the act.

This part shall become effective November 16, 1945.

W. STUART SYMINGTON,
Administrator.

8317.12 Regulations and reports by affected agencies.

Exhibit I Strategic minerals and metals.
Exhibit II Strategic materials.

AUTHORITY: §§ 8317.1 to 8317.12, inclusive, issued under the Surplus Property Act of 1944, 58 Stat. 765, 50 U.S.C. App. Sup. 1611, and under Pub. Law 181, 79th Cong., 1st Sess.

§ 8317.1 *Definitions*—(a) *Terms defined in act.* Terms not defined in paragraph (b) of this section which are defined in the Surplus Property Act of 1944 shall in this part have the meaning given to them in the act.

(b) *Other terms.* (1) "Strategic minerals and metals" means all minerals and metals listed on Exhibit I, and includes ores, concentrates, alloys, scrap and partially and completely fabricated articles, of which more than fifty (50) per cent by value of the component materials consist of such minerals and metals. This term shall not include fabricated articles which the Army and Navy Munitions Board determines are not suitable to the requirements of the Army or Navy in the form in which fabricated, and which may be disposed of commercially at a price at least ten (10) per

cent in excess of the metal market price of their component strategic minerals and metals.

(2) "Metal market price" of the component strategic minerals and metals in a fabricated article means the net metal market price after deducting the cost of extracting the component minerals and metals from the fabricated article and refining them to the form to which the metal market price applies. It is recognized that in certain cases (such as ferrous alloys) it is contrary to standard commercial practice to extract and refine the component minerals and metals, because the cost is prohibitive, or because extraction and refining are scientifically impracticable. In such instances (and solely for the purpose of determining whether the fabricated article must be transferred to the stock pile), the component minerals or metals may be determined to have no metal market price. In those cases where the scrap price reflects the extracting and refining costs, such scrap price may be taken as the metal market price.

(3) "Strategic materials" means all materials, minerals, and metals listed on Exhibit II. Exhibit II is composed of the materials, minerals, and metals enumerated in Group A and Group B of the List of Strategic and Critical Materials as determined by the Army and Navy Munitions Board on March 6, 1944, as amended (herein referred to as the "List of Strategic and Critical Materials"), but does not include the "strategic minerals and metals" listed on Exhibit I.

(4) "Strategic property" means all the materials, minerals, and metals listed on Exhibits I and II, being composed of both strategic minerals and metals and strategic materials.

(5) "Transfer to the stock pile" means a transfer without reimbursement of Government-owned accumulations of strategic property, when determined to be surplus pursuant to the act, to the account of the Treasury Procurement Division, to be added to the stock pile authorized by the act of June 7, 1939, as amended, and subject to the provisions of such act.

(6) "Civilian Production Administration" is referred to herein in its capacity as successor agency empowered to exercise the functions delegated to the War Production Board under section 22 (b) of the act.

§ 8317.2 *Scope.* This part applies to stock piling, under section 22 of the act, of personal property located in continental United States, when determined to be surplus by the owning agency. This part does not apply to contractor inventory.

§ 8317.3 *Basic policy.* In general stock piling of surplus strategic minerals and metals other than fabricated articles is mandatory and without limitation as to maximum quantity; stock piling of fabricated articles of which the principal components by value consist of strategic minerals and metals, depends chiefly upon whether the Army and Navy Munitions Board determines that such articles are suitable to Army and Navy requirements; and stock piling of strategic materials is mandatory, except such materials which the Army and Navy Munitions Board determines do not meet the specifications for common defense or are in excess of the needs thereof. There are four exemptions hereunder from the stock piling requirements: (a) contractor inventory, (b) reserves of strategic minerals and metals equal to the civilian deficiencies estimated by the Civilian Production Administration in accordance wth § 8317.8, (c) lots less than the minimum quantities shown opposite each item of strategic property listed on Exhibits I and II, and (d) valueless items as provided in § 8317.10. Except for these exemptions, transfers of strategic property for stock piling purposes have priority over all dispositions of property determined to be surplus under the act.

§ 8317.4 *Central control of stock piling.* In order to centralize procedures for determining the classification of surplus property as strategic or nonstrategic, and to establish a central control point for (a) the disposition of minerals and metals for the purpose of meeting civilian deficiencies as estimated by the Civilian Production Administration, and (b) the determination of whether strategic materials meet Army and Navy specifications, the Reconstruction Finance Corporation (on behalf of the owning agencies) and the Army and Navy Munitions Board are empowered and directed to exercise the functions delegated to them under this part.

§ 8317.5 *Declaration of surplus to Reconstruction Finance Corporation.* All strategic property shall, when determined to be surplus pursuant to the act, be declared by the owning agency to the Reconstruction Finance Corporation, for disposition under § 8317.6. Unless otherwise directed by the Reconstruction Finance Corporation in specific cases, owning agencies shall declare all surplus strategic property listed on Exhibits I and II to the Reconstruction Finance Corporation, and shall not be required to determine prior to such declaration whether such strategic property meets Army and Navy specifications or is in excess of the quantities called for. Owning agencies shall not declare as surplus strategic property, lots less than the minimum quantities of strategic property determined to be suitable for the stock pile as provided in § 8317.9 (and listed on Exhibits I and II), or items which are determined to be valueless for stock piling purposes under § 8317.10. Such lots and valueless items shall be disposed of by the owning agencies in accordance with the applicable regulations of the Administrator. When declaring strategic property to the Reconstruction Finance Corporation as surplus, owning agencies shall in filling out Form SPB–1, include in the description of the property in column (b), the phrase "strategic property". The description shall be sufficiently complete as to chemical or other composition, specification, size, and amount, to indicate the nature of the strategic property. If scrap is declared as strategic property, columns (c), (d), and (g) shall not be filled in, and column (h) entitled "Total Cost" shall be filled in with an amount representing "Total Estimated Value". The balance of the form shall be completed in accordance with the instructions on the reverse. Form SPB–1 used in reporting strategic property shall not include any non-strategic property.

§ 8317.6 *Functions of Reconstruction Finance Corporation.* The Reconstruction Finance Corporation will act as a central control for the owning agencies having stock pile functions under section 22 of the act. To this end, the Reconstruction Finance Corporation will make disposition of all strategic property declared to it by the owning agencies under § 8317.5, in accordance with the following policies:

(a) The Reconstruction Finance Corporation shall establish reserves from the strategic minerals and metals so declared, to meet the civilian deficiencies in such minerals and metals estimated by the Civilian Production Administration as provided in § 8317.8. These reserves shall be withheld from the stock pile and shall be sold at the market price in quantities sufficient to meet such deficiencies, as the Reconstruction Finance Corporation is requested or directed to do so by the Civilian Production Administration. Due allowance for civilian deficiencies in strategic materials (as distinguished from strategic minerals and metals) is provided for in § 8317.7 (e).

(b) All remaining strategic minerals and metals (other than reserves for civilian deficiencies) shall be transferred to the stock pile as provided herein.

(c) Wholly or partially fabricated articles of which the principal components by value consist of strategic minerals and metals shall be held for inspection by the Army and Navy Munitions Board, which shall promptly determine whether such fabricated articles are suitable for use by the Army or Navy in the form in which fabricated. A fabricated article is not "suitable" when the Army and Navy Munitions Board determines that it does not meet Army or Navy stock pile requirements. Upon notification by the Army and Navy Munitions Board that such fabricated articles are suitable for Army or Navy use, such fabricated articles shall be transferred to the stock pile as provided herein. If not suitable for Army or Navy use, the Reconstruction Finance Corporation is authorized to sell such articles at the best price obtainable, provided such price is at least ten (10) per cent in excess of the metal market price of the component strategic minerals and metals in such fabricated articles. If the fabricated articles cannot be sold at such price, such fabricated articles shall be transferred to the stock pile as provided herein.

(d) The strategic materials listed on Exhibit II shall be held for inspection by the Army and Navy Munitions Board, which shall promptly determine whether such materials meet Army and Navy specifications or are in excess of Army and Navy needs. Materials which meet such specifications shall, to the extent of the requirements for common defense as determined by the Army and Navy Munitions Board, be transferred to the stock pile as provided herein. The Reconstruction Finance Corporation shall dispose of the remaining materials in accordance with the applicable regulations of the Administrator. If any of such remaining materials consist of agricultural commodities or food (such as foreign wool and pepper), such materials shall be transferred by the Reconstruction Finance Corporation to the Department of Agriculture for disposal under the applicable regulations of the Administrator, and the Reconstruction Finance Corporation shall forward the declarations of surplus covering such materials to the Department of Agriculture.

(e) The Army and Navy Munitions Board may authorize the Reconstruction Finance Corporation (directly or through the appropriate owning agency) to make the inspections provided for in paragraphs (c) and (d), but all final determinations under those paragraphs as to whether any items are suitable for Army and Navy use, or meet the specifications and requirements for common defense, shall be made by the Army and Navy Munitions Board.

(f) Strategic property held for the stock pile may be converted by the Treasury Procurement Division (or, in the case of strategic minerals and metals, by the agency in possession of the property), into forms which are best suited for storage and which meet the requirements for common defense as determined by the Army and Navy Munitions Board.

(g) The Reconstruction Finance Corporation shall report to the Treasury Procurement Division all strategic property which is to be transferred to the stock pile under this section, and the Treasury Procurement Division shall promptly issue shipping instructions to the agency in possession of the property, which shall comply with such instructions. All shipping and conversion expenses and all expenses after the date of shipment (including transportation, maintenance, and storage) shall be borne by the Treasury Procurement Division as provided in the act of June 7, 1939, as amended, unless the agency in possession of the property elects to bear such expenses.

§ 8317.7 *Functions of Army and Navy Munitions Board.* The Army and Navy Munitions Board has been authorized and directed by the War and Navy Departments to make all determinations and requests under section 22 of the act relating to surplus strategic property for the stock pile, which are authorized by such section to be made by the War and Navy Departments and the Army and Navy. Accordingly, the Army and Navy Munitions Board will:

(a) Determine whether (and in what quantities) any minerals or metals shall be added to the list of strategic minerals and metals enumerated in Exhibit I;

(b) Determine which fabricated articles are suitable for Army or Navy requirements in the form in which fabricated;

(c) Be responsible for all necessary amendments, deletions, and additions to the strategic materials listed in Exhibit II, and for all specifications and requirements for such materials;

(d) Make such inspections as may be necessary to carry out its functions under this part;

(e) Determine which strategic materials meet Army and Navy specifications or are in excess of the requirements for common defense. In formulating its requests to the Reconstruction Finance Corporation for strategic materials listed in Exhibit II, the Army and Navy Munitions Board shall make due allowance for civilian deficiencies in strategic materials as estimated by the Civilian Production Administration;

(f) Make recommendations to the Administrator under §§ 8317.9 and 8317.10 as to minimum quantities and valueless items of strategic property which are not suitable for the stock pile; and

(g) Establish liaison with the Reconstruction Finance Corporation, and promptly furnish the Reconstruction Finance Corporation and any other interested Government agency designated by the Reconstruction Finance Corporation, with copies of the Army and Navy specifications for strategic materials, all amendments, deletions, and additions to the list of materials on Exhibit II, and all other determinations, requests, and recommendations which the Army and Navy Munitions Board is required to make hereunder.

§ 8317.8 *Civilian deficiencies estimated by Civilian Production Administration.* The Civilian Production Administration has made its statutory estimate as required under section 22 (b) of the act, of the civilian deficiencies in strategic minerals and metals which are likely to exist for the requirements of non-war industry. Upon the request or direction of the Civilian Production Administration, the Reconstruction Finance Corporation shall sell at the market price sufficient quantities of strategic minerals and metals in its reserve supply established under § 8317.6 (a) to meet such civilian deficiencies. The Civilian Production Administration will make appropriate revisions in its estimate of civilian deficiencies, to the extent that the supply of or the civilian requirements for strategic minerals and metals may increase or decrease from time to time. The Civilian Production Administration will promptly notify the Reconstruction Finance Corporation and the Army and Navy Munitions Board of any revision in its estimates, and the Reconstruction Finance Corporation will adjust its reserves accordingly. The Civilian Production Administration will make similar estimates of civilian deficiencies in strategic materials (as distinguished from strategic minerals and metals) in order that the Army and Navy Munitions Board may make due allowance for such deficiencies as required in § 8317.7 (e).

§ 8317.9 *Minimum quantities of strategic property.* Accumulations of strategic property which owning agencies are required to declare to the Reconstruction Finance Corporation for stock piling purposes, do not include such minimum quantities of strategic property (including scrap) as will render their transfer to the stock pile uneconomic, wasteful, and unsuitable to the requirements of the Army and Navy as determined by the Army and Navy Munitions Board. It is recognized that these minimum quantities will vary according to the nature of the property. Therefore, the Army and Navy Munitions Board will make recommendations to the Administrator from time to time, setting forth standards to be applied in determining minimum quantities of strategic property suitable for stock piling. Upon the basis of such recommendations, lots less than the minimum quantities of the various classes of strategic property listed on Exhibits I and II are hereby declared exempt from stock piling and shall be disposed of by the owning agencies pursuant to the applicable regulations of the Administrator.

§ 8317.10 *Valueless items.* Accumulations of strategic property required to be stock plied do not include fabricated items (such as tin cans) of which the cost of care, handling, and conversion for stock piling purposes exceeds the estimated value of the item, or which would deteriorate and become valueless to the Army and Navy if stored in the stock pile. The determination of which fabricated items fall within this class will be made by the owning agency. The Army and Navy Munitions Board will keep the Administrator, the Reconstruction Finance Corporation, and the owning agencies advised as to fabricated items which it considers fall within this classification and are valueless for stock piling purposes.

§ 8317.11 *Records and reports.* The Reconstruction Finance Corporation and the owning agencies shall prepare and maintain such records as will show full compliance with the provisions of this part. Reports shall be filed with the Administrator in such manner as may be specified by order issued under this part subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

§ 8317.12 *Regulations and reports by affected agencies.* The Reconstruction Finance Corporation and the owning agencies shall file with the Administrator copies of all regulations, orders, and instructions of general applicability which it may issue in furtherance of this part. The Army and Navy Munitions Board shall file with the Administrator copies of the lists, specifications, determinations, and requests which it is required to file with the Reconstruction Finance Corporation under § 8317.7. The Civilian Production Administration shall file with the Administrator copies of the estimates and determinations which it is required to make under § 8317.8.

This part shall become effective November 20, 1945, and shall be deemed rescinded as of January 3, 1946, unless continued in force and effect or otherwise amended.

W. STUART SYMINGTON,
Administrator.

LIST OF STRATEGIC PROPERTY

EXHIBIT I—STRATEGIC MINERALS AND METALS

Items	*Minimum quantity*
Antimony	25 short tons.
Beryl	5 short tons
Cadmium	100 pounds.
Chromite:	
Metallurgical grade	25 long tons.
Refractory grade	Do.
Chemical grade	Do.
Cobalt	2,000 pounds.
Copper	25 short tons.
Diamonds, industrial	No minimum.
Fluorspar:	
Acid grade	25 short tons.
Metallurgical grade	Do.
Graphite:	
Amorphous lump	5 short tons.
Flake	Do.
Crystalline fines	Do.
Lead	25 short tons.
Magnesium	50,000 pounds.
Manganese:	
Battery grade	25 long tons.
Metallurgical grade	Do.
Mercury	10 flasks.
Mica:	
Muscovite block and film	100 pounds.
Muscovite splittings	Do.
Phlogopite splittings	Do.
Phlogopite block	Do.
Molybdenum (contained molybdenum).	10,000 pounds.
Nickel (including monel)	Do
Platinum	No minimum.
Quartz crystals	100 pounds.
Tantalite (contained tantalite).	Do.
Tin	2,000 pounds.
Tungsten (contained tungsten).	10,000 pounds.
Vanadium (contained vanadium).	Do.
Zinc	25 short tons.

Note on minimum quantity for ores, concentrates, alloys, scrap and fabricated articles, which consist principally by value of the strategic minerals and metals listed above: Lots of such items that contain not less than the minimum quantity of any one of the minerals or metals listed above, shall be declared as strategic property.

EXHIBIT II—STRATEGIC MATERIALS

Items	*Minimum quantity*
Agar	250 pounds.
Aluminum	50,000 pounds.
Asbestos:	
Rhodesian chrysotile	5 short tons.
South African amosite	Do.
Barite	Do.
Bauxite	25 long tons.
Bismuth	100 pounds.
Castor oil	50,000 pounds.
Celestite (strontium)	25 short tons.
Coconut oil	50,000 pounds.
Columbite (columbite content).	500 pounds.
Cordage fibers:	
Manila (1 bale)	400 pounds.
Sisal (1 bale)	Do.
Corundum	10,000 pounds.
Cryolite, natural	25 long tons.
Diamond dies	No minimum.
Emery	25 short tons.
Emetine	100 ounces.
Hyoscine	No minimum.
Iodine	2,000 pounds.
Jewel bearings:	
Instrument jewels	1,000 pieces.
Sapphire and ruby vee jewels.	Do.
Watch and timekeeping jewels.	Do.
Kapok	100 pounds.
Kyanite, Indian	25 short tons.
Monazite	5 short tons.

EXHIBIT II—STRATEGIC MATERIALS—continued

Items	*Minimum quantity*
Opium	No minimum.
Palm oil	50,000 pounds.
Pepper	1,000 pounds.
Platinum group metals:	
Iridium	No minimum.
Osmium	Do.
Palladium	Do.
Rhodium	Do.
Ruthenium	Do.
Pyrethrum (20% extract)	1,000 pounds.
Quebracho (extract)	Do.
Quinidine	25 ounces.
Quinine	100 ounces.
Rapeseed oil	50,000 pounds.
Rubber:	
Crude natural rubber	5 long tons.
Natural rubber latex	Do.
Rutile	5 short tons.
Sapphire and ruby	1,000 carats.
Selenium	1,000 pounds.
Shellac	10,000 pounds.
Sperm oil	50,000 pounds.
Talc:	
Steatite block or lava	No minimum.
Steatite ground	5 short tons.
Tung oil	50,000 pounds.
Wool	10 bales.
Zirconium ores:	
Baddeleyite	5 short tons.
Zircon	Do.

TITLE 46—SHIPPING

Chapter II—United States Maritime Commission

[Rev. G. O. 58]

PART 221—DOCUMENTATION, TRANSFER OR CHARTER OF VESSELS

SALE, LEASE, CHARTER, DELIVERY, OR TRANSFER OF VESSELS TO ALIENS AND AGREEMENTS THEREFOR; TRANSFER TO FOREIGN REGISTRY OR FLAG; CONTRACTS FOR CONSTRUCTION OF VESSELS FOR ALIENS; AND DEPARTURE FROM UNITED STATES PORTS OF CERTAIN VESSELS

Effective 12:01 a. m. e. s. t., November 16, 1945, General Order 58 is revised to read:

§ 221.6 *Approval of certain sales, leases, charters, deliveries, or transfers of vessels of less than one thousand gross to aliens or agreements therefor; of transfer to foreign registry and flag; of contracts for construction of such vessels for aliens; and of the departure of such vessels from United States ports before United States documentation.* The United States Maritime Commission hereby approves, under section 37 of the Shipping Act, 1916, as amended (40 Stat. 901; 46 U.S.C. 835).

(a) The sale, mortgage, lease, charter, delivery, or transfer, and agreement for the sale, mortgage, lease, charter, delivery or transfer to any person not a citizen of the United States of any vessel or interest therein, owned in whole or in part by any person a citizen of the United States or by a corporation organized under the laws of the United States or of any State, Territory, District, or possession thereof, which vessel is under one thousand tons gross and is not documented under the laws of the United States or the last documentation of which was not under the laws of the United States;

(b) The transfer to, or placing under, any foreign registry or flag of any such vessel;

(c) The entrance into any contract, agreement, or understanding to construct a vessel of less than one thousand tons gross within the United States for, or to be delivered to, a person not a citizen of the United States; and

(d) The departure from any port of the United States of any vessel of less than one thousand tons gross which was constructed in whole or in part within the United States, has not been documented under the laws of the United States, and has never cleared for any foreign port.

NOTE: Paragraph (d) supersedes General Order 40 (amended), § 221.50, approved September 18, 1941; 6 F. R. 4844, 46 CFR Cum. Supp. 11220.

DEPARTMENT OF THE INTERIOR.

Office of the Secretary.

[Order 2115]

DISPOSITION BY BONNEVILLE POWER ADMINISTRATION OF POWER FROM CERTAIN PROJECTS, AND RELATED MATTERS.

1. The Bonneville Power Administrator (hereinafter called the Administrator) is hereby designated the marketing agent for the surplus electric energy of the Lookout Point, Quartz Creek, and Detroit projects, authorized by the Act of December 22, 1944 (Public Law 534, 78th Cong. 2d Sess.) and of the Umatilla and lower Snake River projects, authorized by the act of March 2, 1945 (Public Law 14, 79th Congress, 1st Session), which acts authorize the marketing of such energy by the Secretary of the Interior. The Administrator shall assume the duty of marketing such energy in addition to the marketing of surplus electric energy of the Bonneville Project as directed by the act of August 20, 1937 (50 Stat. 731), as amended, and the Grand Coulee and Hungry Horse projects, for which he has been heretofore designated as marketing agent. In view of the increased responsibilities of the Administrator, this order is issued to define and amplify existing policies and procedures and the relationships of the Administrator with the Department as set forth in applicable departmental orders establishing and defining such relationships and procedures which are hereby reaffirmed without modification.

2. The Administrator is directed, to such extent and in such manner as in his judgment the public interest may require and as are consistent with applicable statutes and executive orders, (a) to integrate the power facilities of all projects for which he is the marketing agent of surplus power; *Provided*, That nothing in this order shall be construed as conferring authority over the operation of power producing facilities of such projects; (b) to interconnect such projects with publicly-owned power systems and to exchange electric energy with and purchase and sell electric energy from and to such systems, and (c) to sell and dispose of all electric energy in accordance with the policies of the act of August 20, 1937 (50 Stat. 731), as amended, and the act of December 22, 1944 (Public Law 534, 78th Cong. 2d Sess.), and, with respect to the Columbia Basin Project, in accordance with the policies of the Federal Reclamation laws. The Administrator may exercise such of the powers and functions vested in the Secretary by the act of June 5, 1944 (Public Law 329, 78th Congress), the act of December 22, 1944 (Public Law 534, 78th Congress), and the act of March 2, 1945 (Public Law 14, 79th Congress), as may be necessary or appropriate for the effective marketing of the power and energy available to the Administrator under said acts and this order. In carrying out the integrated operation of the projects for which he is designated the marketing agent, the Administrator, through such employees as he may designate, may exercise any of the functions vested in him with respect to any project.

3. The Administrator is directed to make such surveys, investigations, studies, and informational reports as he may determine to be useful or appropriate in connection with the marketing of power and in carrying out the functions vested in him by law or this order. The Administrator is further directed to undertake or to cooperate or participate in such engineering and research and demonstrational work as he deems necessary or appropriate (a) to develop and to test or demonstrate the results of such surveys, investigations, and studies; (b) to promote the wider and improved use of electric energy for industrial, domestic, and agricultural purposes, and the furtherance of the marketing policies established by the act of August 20, 1937 (50 Stat. 731); and (c) more efficiently to develop and to carry out the functions vested in him by said act of August 20, 1937 (50 Stat. 731), as amended, or entrusted to the Administrator under any other act or under this or any other executive or administrative order. The Administrator so far as practicable shall consult and cooperate with the several Federal departments and agencies having an interest in the resource development of the Pacific Northwest and with the states and public and cooperative agencies in the making of studies, the collecting and dissemination of information and data, the development of plans, and the research and demonstrational work contemplated by this order.

4. For the coordination and integration of the programs, projects, and activities of the agencies in the Department having an interest in developing the resources of the Pacific Northwest and for the elimination of waste and duplication of effort, the Administrator shall advise those agencies within the Department engaged in activities relating to or affecting power supply or water resources of the Pacific Northwest of the nature, scope, and progress of such activities conducted by the Administrator and shall make available to such agencies such data and information in relation thereto as may be useful to them in the performance of their duties. All agencies within the Department, including field offices thereof, engaged in activities relating to or affecting the power supply or water resources of the Pacific Northwest shall cooperate in like fashion with the Administrator and shall keep him advised of the nature, scope, and progress of their activities in the Pacific Northwest and shall make available to him such data and information in relation thereto as may be useful to the Administrator in the performance of his duties hereunder.

5. The Administrator, or such person as he may designate, is hereby made a member of the Water Resources Committee. The Administrator shall be given an opportunity to participate in the work of any intradepartmental or interdepartmental organization or committee on which the Department now or in the future has representation for the making of surveys, investigations, or studies affecting power matters in or the water resources of the Pacific Northwest.

6. To provide the widest possible use of and reasonable outlets for electric energy marketed by the Administrator and the purchase thereof by the ultimate consumer at the lowest possible rates consistent with sound business principles and to prevent the monopolization of such energy by limited groups, the Administrator is directed, to such extent and in such manner as in his judgment the public interest may require and as are consistent with the act of August 20, 1937 (50 Stat. 731), and other applicable statutes and executive orders (a) to assist public bodies and cooperatives who are purchasers or potential purchasers of electric energy from the Administrator in the acquisition of electrical facilities and distribution systems, or any portion or portions thereof; and (b) to render to purchasers and potential purchasers of electric energy from the Administrator services pertaining to the financing, operation, or maintenance of facilities and equipment for receiving, using, or distributing electric energy or to the sale of such energy.

7. Subject to applicable statutes and executive orders the Administrator is directed to dispose of electric energy to Federal agencies and to sell such energy to other purchasers, under contracts or agreements which contain such terms and conditions as in the judgment of the Administrator the public interest may require. Provision should be made in contracts with privately-owned utilities engaged in the sale of electric energy to the general public, so that such contracts will not adversely affect public bodies and cooperatives which may exist or thereafter be organized and which may desire to

become purchasers of power from the Administrator in the area served by such private utility company. Contracts should contain such terms and conditions as may be necessary to effectuate the policy that electric energy be made available to the ultimate consumer at reasonable rates.

8. The Administrator shall submit promptly to the Secretary through the Division of Power a monthly and annual consolidated report of power operation covering all Federal projects from which the Administrator markets power, and the Administrator's transmission system and showing the income and expenses, including depreciation, the allocation of fixed capital investments, and related financial and statistical information connected with the generation, purchase, and sale of electric power through the Administrator's transmission system. The Administrator shall be held responsible for establishing cooperative arrangements with other Federal agencies for the exchange of such information, records, and accounts as may be necessary for the compilation of the reports, copies of which shall be supplied to such agencies.

9. The powers vested in the Administrator shall be subject to the general supervision and direction of the Secretary of the Interior as provided by law and in applicable departmental orders.

Issued and effective this 16th day of October 1945.

HAROLD L. ICKES,
Secretary of the Interior.

FEDERAL POWER COMMISSION.

[Docket No. IT-5915]

PENNSYLVANIA WATER & POWER CO.

ORDER FIXING DATE OF HEARING

NOVEMBER 9, 1945.

It appearing to the Commission that:

(a) Pursuant to petitions filed by the Public Service Commission of Maryland and by counsel for the Mayor and City Council of Baltimore, Maryland, County Commissioners of Baltimore County, Maryland, Bethlehem-Fairfield Shipyard, Inc., and Rustless Iron & Steel Corporation, the Commission, by order of September 1, 1944, instituted an investigation of Pennsylvania Water & Power Company for the purpose of enabling the Commission to determine whether, in connection with any transmission or sale of electric energy subject to the jurisdiction of the Commission, any rates, charges, or classifications demanded, observed, charged, or collected, or any rules, regulations, practices, or contracts affecting such rates, charges or classifications, are unjust, unreasonable, unduly discriminatory, or preferential;

(b) By order of October 3, 1944, the investigation instituted by the Commission's order of September 1, 1944, was enlarged to include an investigation of Susquehanna Transmission Company of Maryland for the purpose of enabling the Commission to make the same determinations with respect to said company as specified in the Commission's order of September 1, 1944, with respect to Pennsylvania Water & Power Company and as set forth in paragraph (a) hereof;

(c) The said orders of September 1, 1944, and October 3, 1944: *Provided further*, That if the Commission, after hearing has been had, shall find that any of the rates, charges, classifications, rules, regulations, practices, or contracts of Pennsylvania Water & Power Company or Susquehanna Transmission Company of Maryland, subject to the jurisdiction of the Commission, are unjust, unreasonable, unduly discriminatory or preferential, the Commission will determine and fix by order or orders the just and reasonable rates, charges, classifications, rules, regulations, practices or contracts to be thereafter observed and in force;

(d) Both the Pennsylvania Public Utility Commission and the Public Service Commission of Maryland have heretofore, by order of this Commission, been permitted to become intervenors in this proceeding;

(e) It is appropriate to carry out the provisions of the Federal Power Act that a hearing be held as hereinafter provided;

The Commission orders that: A public hearing be held commencing December 17, 1945, at 10:00 a. m., in the hearing room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue NW., Washington, D. C., respecting the matters involved and the issues presented in this proceeding.

By the Commission.

OFFICE OF ALIEN PROPERTY CUSTODIAN.

[Supp. Vesting Order 5303]

TAMOTSU HATA

In re: Claims and bank accounts owned by Tamotsu Hata.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian, after investigation:

1. Having found and determined in Vesting Order Number 3231, dated February 26, 1944, as amended, that Tamotsu Hata is a national of a designated enemy country (Japan);

2. Finding that the property described as follows:

a. All right, title, interest and claim of any name and nature whatsoever of Tamotsu Hata in and to any and all obligations, contingent or otherwise and whether or not matured, which are due and owing to Tamotsu Hata by S. Hata Shoten, Limited, Hilo, Hawaii, T. H., including particularly those obligations which are represented on the books and records of S. Hata Shoten, Limited, as a loan payable to, and as salary payable to, T. Hata, and any and all security rights in and to any and all collateral for all or part of such obligations and the right to enforce and collect the same,

b. That certain debt or other obligation owing to Tamotsu Hata, by the Receiver of the Yokohama Specie Bank, Ltd., Honolulu, T. H., evidenced by Receiver's Liability Number 642, Receiver's Certificate Number 398, entitled Tamotsu Hata, and any and all rights to demand, enforce and collect the same,

c. That certain debt or other obligation owing to Tamotsu Hata, by Bank of Hawaii, arising out of a commercial bank account entitled T. Hata, maintained at the Hilo branch office of the aforesaid bank located at Hilo, Hawaii, T. H., and any and all rights to demand, enforce and collect the same, and

d. That certain debt or other obligation owing to Tamotsu Hata, by Bank of Hawaii, arising out of a savings account entitled T. Hata, maintained at the Hilo branch office of the aforesaid bank located at Hilo, Hawaii, T. H., and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated country (Japan);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on October 30, 1945.

[SEAL] JAMES E. MARKHAM,
Alien Property Custodian.

	5 or more	138.41	140.76	143.11	145.47

These prices are f. o. b. the wholesale distributor's city and include the Federal excise tax. In all other respects, they are subject to each seller's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

(2) For sales in each zone by retail dealers to ultimate consumers the maximum prices are those set forth below:

Model	Maximum prices for sales to ultimate consumers			
	Zone 1	Zone 2	Zone 3	Zone 4
	Each	*Each*	*Each*	*Each*
RA-7854	$316.50	$319.95	$323.00	$326.50
RA-7852	229.50	232.50	235.25	238.09
RA-7851	188.95	191.75	194.25	197.00
RA-7850	164.75	167.25	169.95	172.50
RA-7849	118.00	120.50	123.00	125.95

RA-7859R	223.50	227.50	231.50	235.50

These prices include the Federal excise tax, delivery, a one year warranty, and installation where the installation requires only that the range be connected to electric facilities provided by the consumer and such connection does not require any additional materials. If a range cord set (customarily referred to in the industry as a "pigtail") is required and is furnished by the retail dealer he may add $3.50 to the OPA retail ceiling price of the range as set forth above. In all other respects these maximum prices are subject to each seller's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

(b) *Notification.* At the time of, or prior to, the first invoice to each purchaser for resale after the effective date of this order, the manufacturer shall notify the purchaser of the maximum prices and conditions established by this order for resales by the purchaser. This notice may be given in any convenient form.

(c) *Labelling.* The manufacturer, before shipping any range covered by this order to a retail dealer, shall attach securely to the outside panel of the oven door of each range a label which contains the following information:

1. The brand name and model number of the range.
2. Its OPA retail ceiling price in each zone.
3. A statement that the ceiling prices shown include the Federal excise tax, delivery, a one year warranty and installation where the installation requires only that the range be connected to electric facilities provided by the consumer and such connection does not require additional materials.
4. A statement that if the installation requires the use of a range cord set (customarily referred to in the industry as a "pigtail") and such a set is furnished by the retail dealer he may add $3.50 to his OPA retail ceiling price for the range.
5. A list of the states included in each zone.

Issued this 15th day of November 1945.

Mayer China Co.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1362.59c of Maximum Price Regulation No. 116, *It is ordered,* That Order No. 13 issued under § 1362.59c of Maximum Price Regulation No. 116 be amended in the following respects:

1. The first sentence of paragraph (a) is amended as follows: "Mayer China Company, Beaver Falls, Pennsylvania, on and after September 5, 1945, may sell vitrified hotel chinaware of its manufacture to dealers, and industrial and commercial users at prices no higher than its maximum prices to each class of purchaser in effect immediately prior to September 5, 1945, plus an adjustment charge of 4.6% on each price."

2. The first two sentences of paragraph (b) are amended as follows: "A person who hereafter buys an article covered by this order and resells it in substantially the same form, may collect from his customers, in addition to his properly established maximum prices in effect prior to September 5, 1945, an adjustment charge in the same amount as the adjustment charge herein authorized for and which he pays to his supplier. If such a purchaser did not have an established maximum price for sales of the article prior to September 5, 1945, he may add the same adjustment charge to the maximum price which he hereafter establishes for his sales under the applicable regulation."

This order shall become effective November 16, 1945.

Issued this 15th day of November 1945.

[RMPR 136, Order 540]

American Trailer & Manufacturing Co.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion, issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 9, 10 and 11 (c) of Revised Maximum Price Regulation 136, *It is ordered:*

(a) American Trailer & Mfg. Co., 1011 Santa Fe Avenue, Los Angeles, California, may sell, f. o. b. plant, each American trailer, described in subparagraph (2) below, at a price not to exceed the price contained in subparagraph (1) below plus federal excise tax, and state and local taxes on its sale or delivery of the trailer and the cost of transporting the trailer to the purchaser, if any.

(1) *Prices:*

1 to 12 units	$58.00
13 to 499 units	52.00
500 or more units	49.00

(2) *Description.* 750 lbs. capacity one-wheel trailer, Model No. 1A, 42" wide x 54" long x 10" deep; with pressed steel body and spring suspension swivel fork; equipped with tire.

(b) American Trailer & Mfg. Co. is authorized to suggest to resellers a resale price for the trailer described in paragraph (a) (2) consisting of the following:

(1) *Prices to dealers:*

1 to 6 units	$68.00
7 to 24 units	65.72
50 or more units	62.47

(2) *Price to consumer:* $89.00.

(3) *Charges.* (i) A charge for transportation, if any, not to exceed the actual rail freight charge from the factory at Los Angeles, California, to the railroad freight receiving station nearest to the place of business of the reseller.

(ii) A charge equal to the charge made by American Trailer & Mfg. Co. to cover federal excise taxes.

(iii) A charge equal to reseller's expense for payment of state and local taxes on the purchase, sale or delivery of the trailers.

(c) A reseller of American trailers in any of the territories or possessions of the United States is authorized to sell each of the trailers described in paragraph (a), at a price not to exceed the applicable price established in paragraph (b), to which it may add a sum equal to the expense incurred by or charged to it for payment of territorial and insular taxes, on the purchase, sale or introduction of the trailer export premiums; boxing and crating for export purposes; marine and war risk insurance; and landing, wharfage and terminal operations.

(d) All requests not granted herein are denied.

(e) This order may be amended or revoked by the Administrator at any time.

NOTE: Where the manufacturer's invoice charge to the reseller is increased or decreased from the previous invoice charge because the manufacturer has a newly established price under section 8 of Revised Maximum Price Regulation 136, due to substantial changes in design, specifications or equipment of the trailer, the reseller may add to its price under paragraph (b) the increase in price, plus its customary markup on such a cost increase, but in case of a decrease in the price, the reseller must reduce its price under paragraph (b) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective November 16, 1945.

Issued this 15th day of November 1945.

The United States Air Compressor Co.

APPROVAL OF MAXIMUM PRICES

Order No. 541 under Revised Maximum Price Regulation 136; machines, parts and industrial equipment. The United States Air Compressor Company. Docket No. 6083-136.21-527.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 21 of Revised Maximum Price Regulation 136, *It is ordered:*

(a) The maximum prices for sales of air compressors and lubricating equipment by the United States Air Compressor Company, 5300 Harvard Avenue, Cleveland 5, Ohio, shall be as follows: The manufacturer shall multiply by 110% the maximum price he had in effect to a purchaser of the same class just prior to the issuance of this order.

(b) The maximum prices for sales of these air compressors and lubricating equipment by resellers shall be determined as follows: The reseller shall add to the maximum net price he had in effect to a purchaser of the same class, just prior to the issuance of this order, the amount, in dollars-and-cents, by which his net invoiced cost has been increased due to the adjustment granted the manufacturer by this order.

(c) The United States Air Compressor Company shall notify each person who buys these air compressors and lubricating equipment for resale of the dollars-and-cents amounts by which this order permits the reseller to increase his maximum net prices. A copy of each such notice shall be filed with the Machinery Branch, Office of Price Administration, Washington, 25, D. C.

(d) All requests not granted herein are denied.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective November 15, 1945.

Issued this 15th day of November, 1945.

[MPR 188, Order 55 Under Order 1052]

SOUTHERN FURNITURE MANUFACTURING CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to paragraph (h) of Order No. 1052 under § 1499.159b of Maximum Price Regulation No. 188 and section 6.4 of Second Revised Supplementary Regulation No. 14, it is ordered:

(a) *Manufacturer's maximum prices.* Southern Furniture Manufacturing Co., 210 Main Street, Hackensack, New Jersey, may sell and deliver to retailers the following furniture articles which it manufactures at the following adjusted maximum prices:

Article	Model No.	Current maximum price	Adjusted maximum price	Adjustment charge permitted by par. (d) of order No. 1052	Total adjusted maximum price
Bed	200	$7.96	$8.94	$0.40	$9.34
	201	8.39	9.44	.42	9.86
Dresser	200	14.51	16.20	.72	16.92
Chest	200	9.38	12.78	.47	13.25

The adjustment charge permitted by paragraph (d) of Order No. 1052 may be made and collected only if it is separately stated on each invoice. The adjusted maximum prices apply on sales to the same class of purchaser as that to which the "current maximum price" applies.

(b) *Maximum prices of purchasers for resale.* Purchasers for resale of any article listed above shall determine their maximum resale prices in the following manner:

(1) A retailer who must determine his ceiling prices under Maximum Price Regulation No. 580 by the use of a pricing chart shall compute his ceiling prices in the manner provided by that regulation.

(2) A wholesaler who must determine his ceiling prices under Maximum Price Regulation No. 590 shall find his ceiling price in the manner provided by that regulation.

(3) A purchaser for resale who must determine his maximum prices under the General Maximum Price Regulation, and who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable article" contained in § 1499.3 (a) of that regulation, except that it need not be currently offered for sale, shall find his ceiling prices according to the method and procedure set forth in that section using as his "cost" his invoice cost, but not including any separately stated adjustment charge. To the price so computed a wholesaler may add the adjustment charge permitted by Order No. 1052 under Maximum Price Regulation No. 188 in the manner and amount provided in that order.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(4) If a purchaser for resale cannot determine his ceiling price under any of the above methods, he shall apply to the Office of Price Administration for the establishment of his ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances, on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established by paragraph (b) of this order for determining adjusted maximum prices for resales of the articles. This notice may be given in any convenient form, and is in addition to any notice required by paragraphs (d) or (e) of Order No. 1052 under Maximum Price Regulation No. 188.

(e) All requests not specifically granted by this order are hereby denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 16th day of November 1945.

Issued this 15th day of November 1945.

CARDIFF CIGAR CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260, *It is ordered*, That:

(a) Cardiff Cigar Company, Cardiff, Md. (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
El-Demands	Club Perfecto	50	*Per M* $75	*Cents* 10

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective November 16, 1945.

Issued this 15th day of November 1945.

F-50	348	417	695
F-60	407	488	813

(b) The maximum net prices established in (a) above may be increased by the following amount to each class of purchaser to cover the cost of crating, when crating is actually supplied: $6.00.

(c) The maximum net prices established by this order shall be subject to discounts and allowances and the rendition of services which are at least as favorable as those which each seller extended or rendered or would have extended or rendered to purchasers of the same class on comparable sales of similar commodities on October 1, 1941.

(d) On sales by a distributor or dealer the following charges may be added to the maximum prices established in (a) above:

(1) The actual amount of freight paid to obtain delivery to his place of business. Such charges shall not exceed the lowest common carrier rates.

(2) Crating charges actually paid to his supplier but in no instance exceeding the amount specified in (b) above.

(e) Each seller covered by this order, except a dealer, shall notify each of his purchasers, in writing, at or before the issuance of the first invoice after the effective date of this order, of the maximum prices established by this order for each such seller as well as the maximum prices established for purchasers upon resale, except retailers, including allowable transportation and crating charges.

(f) The Frigidaire Division, General Motors Corporation, Dayton 1, Ohio, shall stencil on the lid or cover of the commercial Reach-In refrigerators covered by this order, substantially the following:

OPA Maximum Retail Price—$------

Plus freight and crating as provided in Order No. 117 under Maximum Price Regulation No. 591.

(g) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective November 16, 1945.

Issued this 15th day of November, 1945.

WATER-REPELLENT GYPSUM SHEATHING

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 13 of Maximum Price Regulation 592, *It is ordered:*

(a) The manufacturer's maximum price to dealers for sales of water-repellent gypsum sheathing as described in (b) below, shall be $25.00 per M Sq. Ft. f. o. b. plant for standard size board.

(b) As used in this order water-repellent gypsum sheathing means regular ½" gypsum sheathing (meeting Federal Specification No. SS-S-276), whose surface and ends are treated at a manufacturing plant with materials which render them water resistive. All such sheathing is stamped or labelled to indicate that the material is "Water Repellent" as required by the FHA.

(c) Every manufacturer shall continue at least the same allowances, discounts, freight equalizations, and other price differentials as he extended to purchasers of the same class during March 1942. Also, every manufacturer shall, in the case of sales to different classes of purchasers, or in the case of sales of non-standard size board, adjust the maximum prices established pursuant to (a) above, to reflect all allowances, discounts, and other price differentials which he was accustomed to make on sales of regular gypsum sheathing.

(d) Any reseller purchasing water-repellent gypsum sheathing as described in (b) above, from any manufacturer on the basis of the price set forth in (a) above shall adjust his maximum prices established under the General Maximum Price Regulation up or down, as the case may be, by the dollars-and-cents difference in cost to him resulting from the revision of the manufacturer's price pursuant to (a) above.

If the reseller purchases this commodity for resale for the first time after the effective date of this order, he shall establish a price pursuant to section 3 of the General Maximum Price Regulation.

(e) The maximum prices for any manufacturer of water-repellent gypsum sheathing, described in (b) above, which were established or authorized prior to 1945, are hereby revoked.

(f) All provisions of Maximum Price Regulation 592 not inconsistent with this order shall apply to sales covered by this order.

(g) This order may be amended or revoked by the Office of Price Administration at any time.

This order shall become effective November 15, 1945.

Issued this 15th day of November 1945.

HOWARD CRAIG

AUTHORIZATION OF MAXIMUM PRICES

Order No. G-83 under Maximum Price Regulation No. 188. Authorized maximum prices for a rocking horse manufactured by Howard Craig, Drummond, Montana, when sold by the manufacturer and specified resellers. Docket No. 7-188-158-152.

Pursuant to the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and §§ 1499.158 and 1499.158a of Maximum Price Regulation No. 188, and for the reasons set forth in the accompanying opinion, this Order No. G-83 is issued.

(a) *What this order does.* This Order No. G-83 establishes maximum prices for a rocking horse manufactured by Howard Craig of Drummond, Montana, when sold by the manufacturer and specified resellers.

(b) *Authorized maximum prices.* Upon and after the effective date of this Order No. G-83, the maximum prices for the rocking horse, designated "Model No. 1", manufactured by Howard Craig of Drummond, Montana, in accordance with the specifications set forth in the application of said manufacturer now on file in this Regional Office as a part of the record in this case, shall be as follows:

	Each
(1) When sold by the manufacturer to a jobber or a wholesaler	$2.00
(2) When sold by the manufacturer, a jobber or a wholesaler to a retailer	2.51
(3) When sold by any seller to an ultimate consumer or user	4.19

NOTE: (i) The maximum prices as above set forth for sales other than sales to ultimate consumers are subject to a discount of 2% for payment within 10 days from date of invoice.

(ii) The above prices are for sales f. o. b. shipping point, and include all costs incident to wrapping, packing, boxing, and carting.

(c) *Notice to be given purchasers for resale and tagging with maximum price at retail level.* When the manufacturer or any other seller makes a first sale under this Order No. G-83 to a person who purchases it for resale, other than at the retail level, he must show upon the invoice or on a separate slip or rider attached thereto the applicable resale price as set forth in paragraph (b) above. The manufacturer must attach to each rocking horse sold, by any suitable means, a tag or label plainly marked "Maximum price when sold by any seller to an ultimate consumer or user, $4.19."

(d) *Applicability of other regulations.* The pricing provisions of the General Maximum Price Regulation have no application to the prices established by this Order No. G-83 for sales by the manufacturer or any reseller.

(e) *Geographical applicability.* The maximum prices authorized by this Order No. G-83 for resellers are applicable only to sales made within this Region VII, which includes the States of Colorado, Montana, New Mexico, Utah, and Wyoming, and all that part of the State of Idaho lying south of the southern boundary of Idaho County, the County of Malheur in the State of Oregon, and all that part of the Counties of Mohave and Coconino in the State of Arizona lying north of the Colorado River.

(f) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(g) *Right to revoke or amend.* This order may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

Effective date. This Order No. G-83 shall become effective on the 2d day of November 1945.

Issued this 2d day of November 1945.

RICHARD Y. BATTERTON,
Regional Administrator.

[Region VII Order G-1 Under RMPR 251]

RE-ROOFING MATERIALS IN COLORADO

Order No. G-1 under Revised Maximum Price Regulation No. 251. Construction services and sales of installed building materials. Sales of Re-roofing materials on an Installed Basis in the Colorado Area. Docket No. 7-251-9-2.

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to the authority vested in the Regional Administrator of Region VII of the Office of Price Administration by the Emergency Price Control Act of 1942, as amended, and by section 9 of Revised Maximum Price Regulation No. 251, it is ordered:

SECTION 1. *What this order does.* (a) This order fixes maximum prices for all sales of re-roofing materials on an installed basis into a residential structure, as defined herein, in the area hereinafter described, together with the services required to incorporate such materials into the structure or structures and the re-roofing accessories and extra charges permissible in connection with the installation, whether or not such sales or services are made as a part of a general contract.

(b) The provisions of sections 8 and 9 of this order shall apply to all sellers of re-roofing materials on an installed basis into any type of structure, together with the services, accessories, and extra charges involved.

(c) The term "residential structure" means any building, structure, or part thereof, used entirely or principally for living or dwelling purposes and includes buildings or structures in connection therewith, or adjacent thereto, at the same site, such as garages, barns, milk houses, sheds, granaries, and other outbuildings, but does not include hotels.

(d) The term "re-roofing materials" means any material used for re-roofing a residential structure in whole or in part, including but not limited to wood shingles, asbestos shingles, composition roofing materials such as asphalt shingles, mineral surface roll roofing and smooth surface roll roofing.

SEC. 2. *Geographical applicability.* This Order No. G-1 applies only to the State of Colorado.

SEC. 3. *Relationship of this order to Revised Maximum Price Regulation No. 251.* (a) This order supersedes sections 6, 7, and 8 of Revised Maximum Price Regulation No. 251 with respect to sales covered by this order. All other sections of Revised Maximum Price Regulation No. 251, together with all amendments thereto that have been or may be issued, except to the extent they are inconsistent with the provisions of this order, shall apply to sales covered by this order.

(b) On and after the effective date of this order, regardless of any contract or other obligation, no person shall sell or offer to sell re-roofing materials on an installed basis covered by this order at prices higher than the maximum prices established by this order: *Provided*, That installations made not more than thirty days after the effective date of this order on bona fide contracts executed prior to the effective date of this order shall not be considered to be violations of this order.

SEC. 4. *Maximum prices for sales of re-roofing materials and accessories on an installed basis.* The maximum prices for sales covered by this order shall be as shown in Table I and Table II. Table I covers prices for re-roofing materials on an installed basis and Table II covers prices for re-roofing accessories and other items for which extra charges may be made.

(a) TABLE I—RE-ROOFING PRICES

	Per square
12" (2 tab) asphalt, 210-219 lbs	$12.50
15" (3 in. linethick butt), 210 lbs	12.50
12½" Hex asphalt shingle, 167 lbs	11.50
11⅓" hex asphalt shingle, 167 lbs	11.00

Standard individual composition shingle, 325 lbs	13.50
Wood shingles 5/2-16" (unstained), No. 1	12.00

The above prices include nails, mastic and flashing around chimneys and vents.

(b) TABLE II—RE-ROOFING ACCESSORIES AND OTHER ITEMS FOR WHICH AN EXTRA CHARGE MAY BE MADE

(1) Hip and ridge shingles: 15¢ per ft.

(2) Slate surface rolls, 90 lbs. (used on valleys, ridges, or other sections of roofs): $7 per square.

(3) Yankee gutters relined: 25¢ per ft.

(4) Box gutters relined: 35¢ per ft.

(5) Replaced boards on Yankee gutters: 30¢ per ft.

(6) 75¢ per square if the pitch of the roof is as much as or exceeds a rise measured vertically of 3 feet in each 3 feet of horizontal dimension.

(7) No additional charges for transportation may be made within a distance of five miles from the corporate limits of the city where the seller's place of business is located. However, an additional charge of 10¢ per square for each mile thereafter may be made, provided the total additions permitted by this sub-paragraph may not exceed $1 per square.

(8) Where the re-roofing job is performed at a distance of more than 40 miles from the corporate limits of the city where the seller's place of business is located, the seller may include any additional transportation charges actually incurred for transporting the re-roofing materials from said city to the site of the job but not to exceed the lowest common carrier freight charges therefor.

(9) A charge of $5.00 per day may be made for each workman on a re-roofing job when he is required to remain overnight out of the city to complete such job.

(10) For any re-roofing job requiring less than 5 squares, an aditional charge of $2.00 per square may be made.

SEC. 5. *Guaranteed price.* A seller may sell a re-roofing job covered by this order on the basis of a guaranteed price, but such guaranteed price must not be higher than the maximum price figured in accordance with the requirements of this order.

SEC. 6. *Related and incidental construction work.* If on any re-roofing job, any installed building materials are furnished or any construction services performed by the seller for which specific maximum prices are not fixed by this order, such materials and services shall be separately priced and billed on all invoices and sales slips. The maximum prices for such related and incidental construction work shall be determined under Revised Maximum Price Regulation No. 251, or as fixed by any applicable area pricing order issued by the Regional Administrator of Region VII.

SEC. 7. *Measurements.* It shall be the seller's responsibility to measure with reasonable accuracy the area or footage to be covered. A "measurement with reasonable accuracy" shall be considered to have been made if the price based on such estimate does not vary more than 10% from the maximum price computed under the terms of this order, on the basis of the actual measurement.

SEC. 8. *Notification.* (a) Each seller making a sale covered by this order shall, upon completion of the work, furnish to the purchaser a statement showing the following:

1. The names and addresses of the seller and purchaser.
2. The location of the job.
3. The date the job was completed.
4. A description of the work performed and the total charged for the job, together with an itemized statement of the accessories and other items included in Table II of section 4 of this order for which an extra charge was made, and the quantities and prices of each, and a separate statement of the related and incidental construction work performed, as provided in section 6 of this order.

(b) If requested by the purchaser, the seller shall furnish the purchaser an itemized statement showing the information contained in sub-paragraphs 1, 2, and 3 of paragraph (a) of this section, together with an itemized statement showing the number of squares, the prices charged per square of re-roofing materials installed, together with an itemized statement of the accessories and other items included in Table II of section 4 of this order, for which an extra charge was made, and the quantities and prices of each, and a separate itemized statement of any related and incidental construction work performed, as provided in section 6 of this order.

(c) Each seller making a sale covered by this order shall, if requested by the purchaser, make available to the purchaser a copy of this order and a copy of Revised Maximum Price Regulation No. 251. Copies for this purpose may be obtained from the office of the Regional Administrator or from the District Office of the Office of Price Administration.

SEC. 9. *Records.* Each seller must keep and retain, at his principal place of business, records concerning each sale, covered by this order, showing the following:

1. The name and address of the purchaser.
2. The location of the job.
3. A copy of any and all contracts pertaining to each sale.
4. The date the job was completed.
5. A description of the re-roofing materials and services involved.
6. The number of squares and the price charged per square of re-roofing materials.
7. A list of all accessories and other items included in table II of section 4 of this order, for which an extra charge may be made, showing the quantity and price of each.
8. A separate itemized statement of any related and incidental construction work and the prices charged for such work.

All such records shall be kept and made available for inspection by representatives of the Office of Price Administration so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

SEC. 10. *Evasions.* (a) Any practice, scheme or device which results in a higher price to the purchaser of re-roofing materials on an installed basis than is permitted by this order shall be deemed a violation of this order and subjects the seller to all the civil liabilities and the criminal penalties provided by the Emergency Price Control Act of 1942, as amended.

(b) No seller shall, as a part of the consideration or as a condition of a sale of any of the re-roofing materials on an installed basis covered by this order, secretly or otherwise receive, either directly or indirectly, any side payment, commission, fee, consideration or other thing of value whatsoever nor shall the seller, either directly or indirectly, acquire or

receive the benefit of any services, transportation agreements, or other valuable thing, material or property.

(c) No seller shall eliminate or reduce in any form or manner any maintenance or repair service customarily offered or performed as a part of a re-roofing job, nor shall the seller lower the quality of the materials furnished below that called for by the specifications or agreement.

(d) No seller shall, by any of the foregoing plans, schemes, or devices, receive or acquire or attempt to receive or acquire anything of value, service, valuable right, property or property right, money or any other consideration whatsoever in addition to the maximum prices established in this order for the sale of any re-roofing materials on an installed basis.

SEC. 11. *Less than maxmum prices.* Prices lower than the maximum prices for sales covered by this order may, of course, be charged and paid.

SEC. 12. *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 13. *Revocation or amendment.* This order may be revoked, modified or amended at any time by the Price Administrator or the Regional Administrator.

This Order No. G–1 shall become effective November 2, 1945.

Issued this 2d day of November 1945.

RICHARD Y. BATTERTON,
Regional Administrator.

SECURITIES AND EXCHANGE COMMISSION.

KRESSLY & CAMPBELL AND PAUL W. JUDD

FINDINGS AND ORDER REVOKING REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 14th day of November, A. D. 1945.

In the matter of Kressly & Campbell, 719 Second Avenue Building, Seattle, Washington, and Paul W. Judd, 611 Washington Building, Tacoma, Washington.

1. Kressly & Campbell, a partnership composed of Roy W. Campbell, Maude B. Kressly, and Betty Meade, is registered as a broker and dealer pursuant to section 15 (b) of the Securities Exchange Act of 1934.

Paul W. Judd, a sole proprietorship, is registered as a dealer pursuant to said section of said act.

2. The Commission instituted this proceeding to determine whether Paul W. Judd and Kressly & Campbell wilfully violated certain provisions of the Securities Act of 1933 and the Securities Exchange Act of 1934 and whether it is in the public interest to revoke their registrations.

3. After appropriate notice a hearing was held, at which there were introduced in evidence "answers and consents to revocation" in which respondents acknowledged receipt and service of adequate notice, waived their opportunity to be heard, admitted and acknowledged, for the purpose of the proceeding and for that purpose only, the existence of the cause of action set forth in the order for proceedings, and consented to the entry of an order by the Commission revoking their registrations.

4. On the basis of the record we find:

a. That during the period extending from about February 2, 1940, to about June 3, 1941, Kressly & Campbell and Paul W. Judd, while registered with this Commission, sold shares of International Metals Development, Inc., which shares were not registered as required by Section 5 of the Securities Act of 1933;

b. That during the same period Kressly & Campbell induced the purchase of shares of said company by agreeing to accept promissory notes from purchasers and representing that on or before maturity of such notes purchasers would have the option of paying the notes and receiving shares or of notifying Kressly & Campbell to sell the shares, in which event Kressly & Campbell would sell such securities at no loss to such persons and divide the profits derived thereby, when in fact said Kressly & Campbell at all times intended not to and did not sell or dispose of such securities for, and divide the profits with, purchasers or protect them from loss as provided in the terms of the above-mentioned agreement, but, on the contrary, intended to and did compel purchasers to accept said shares by (a) discounting said promissory notes with banks and others who, in turn, demanded and received payment from said persons and (b) thereafter refusing to sell or dispose of said shares notwithstanding the exercise of said option by purchasers;

c. That Paul W. Judd and Kressly & Campbell effected the above-mentioned transactions by use of the mails and instrumentalities of interstate commerce, otherwise than on a national securities exchange;

d. That Paul W. Judd wilfully violated section 5 (a) of the Securities Act of 1933;

e. That Kressly & Campbell wilfully violated provisions of section 15 (c) (1) of the Securities Exchange Act of 1934 as defined in Rule X-15C1–2 (a) and (b) thereunder; that Kressly & Campbell wilfully violated sections 5 (a) and 17 (a) of the Securities Act of 1933; and

f. That it is in the public interest to revoke their registration statements.

Accordingly:

It is ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the registrations of Kressly & Campbell and Paul W. Judd be, and the same hereby are, revoked.

By the Commission.

AMERICAN POWER & LIGHT CO.

NOTICE OF FILING OF SUPPLEMENTAL PLAN, ORDER RECONVENING HEARING, AND NOTICE OF RECONVENED HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 15th day of November, A. D. 1945.

The Commission having on November 8, 1945 entered an order granting an application for approval of an Amended Plan filed on November 7, 1945 pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 by American Power & Light Company ("American"), a registered holding Company subsidiary of Electric Bond and Share Company, also a registered holding company, providing for the retirement of American's outstanding 6% Gold Debenture Bonds, due 2016, at 110% of principal amount and accrued interest; and said Amended Plan further providing for the retirement of Southwestern Power & Light Company's ("Southwestern"), 6% Gold Debenture Bonds, due 2022, at 110% of principal amount plus accrued interest and, in addition, such amount which the Commission shall subsequently determine to be fair and equitable on account of the fact that the Southwestern Gold Debentures are not callable until March 1, 1947 (File No. 54–100, Holding Company Act Release No. 6201):

Notice is hereby given that American has filed an application pursuant to section 11 (e) of the act for approval of a Supplemental Plan designed to fix the amount, in addition to 110% of principal amount, to be paid to the holders of the Southwestern Gold Debentures on account of the fact that such debentures are not callable until March 1, 1947.

All interested persons are referred to said Supplemental Plan, which is on file at the office of this Commission for a statement of the transactions therein proposed which may be summarized as follows:

American proposes to pay to the holders of the Southwestern debentures (in addition to 110% of principal amount and accrued interest payable under the Amended Plan dated November 7, 1945) 1½% of principal amount or such other amount which the Commission shall determine to be fair and equitable, on account of the fact that the Southwestern debentures are not callable until March 1, 1947.

American requests that the Commission apply to an appropriate United States District Court for enforcement of the Supplemental Plan.

It appearing to the Commission that notice should be given and that the record herein previously closed should be opened and that the hearings herein should be reconvened for the purpose of taking testimony in respect of said Supplemental Plan:

It is ordered, That the record herein be opened and that the hearings herein be reconvened under the applicable provisions of the act and the rules of the Commission thereunder on November 30, 1945 at 10:00 a. m., e. s. t., at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelpiha 3, Pennsylvania. On that day the hearing room clerk in Room 318 will advise as to the room in which the hearing will be held.

It is further ordered, That Henry C. Lank or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearing. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues previously stated in the Commission's Notice of and Order for Hearing herein of July 24, 1944, attention will be directed at the hearing to the following additional matter and question: Whether the Supplemental Plan, as proposed or as hereafter modified, is fair and equitable to the persons affected thereby and in the interest of investors.

It is further ordered, That notice of this hearing be given to American and to all other persons, said notice to be given to American by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That American shall give notice of this hearing to the holders of the Southwestern Debenture Bonds (insofar as the identity of such debenture bondholders is known or available to American) by mailing to each of said persons a copy of this notice of and order for hearing at his last known address at least ten days prior to the date of this hearing, and by publishing notice of this Hearing in a newspaper of general circulation in each of the Cities of New York, New York; Philadelphia, Pennsylvania; and Boston, Massachusetts.

By the Commisison.

As a result of the consolidation of the constituent corporations and the reduction of the par and stated value of their capital stocks, an unearned surplus will be created on the books of the Consolidated Corporation which will be utilized in full to effect certain accounting adjustments. Upon consummation of the consolidation and recapitalization, the Consolidated Corporation will have no balance in its earned surplus account. Upon consummation of the plan, the Consolidated Corporation contemplates the refunding of such of the presently outstanding funded debt of each of the constituent corporations as may be deemed desirable and advantageous.

The plan provides that all of the new preferred stock of the Consolidated Corporation is to be distributed to the preferred stockholders of Long Island, and that the new common stock is to be distributed to the preferred and common stockholders of Long Island and the preferred stockholders of Queens and Nassau.

With respect to the distribution of the stock of the Consolidated Corporation to the stockholders of Long Island, the plan assumes that a certain Certificate of Reduction of Capital which Long Island filed on December 16, 1944, with the Secretary of State of the State of New York, and with the approval of the Public Service Commission of the State of New York, has become effective. This Certificate provided, among other things, that (a) the par value of Long Island's outstanding 253,800 shares of 7% and 6% cumulative preferred stocks was to be reduced from $100 per share to $60 per share, and the liquidation, redemption, and dividend rights were to be determined upon such reduced par value, (b) the accumulated dividend arrearages on such cumulative preferred stocks at June 30, 1944, were to remain unaffected, (c) the company was to issue 503,800 shares of new common stock to its preferred and common stockholders on the basis of one share of new common stock for each share of preferred stock and each twelve shares of common stock, and (d) the reduction in capital was to be used to increase the depreciation and other reserves of Long Island. Stock certificates representing shares of the outstanding common or preferred stocks were, no longer to be issued or transferred but, from time to time, as certificates representing shares of such stocks were surrendered or presented to the company or its transfer agent for exchange or transfer, such stock certificates were to be stamped or overprinted with a legend setting forth the amendments, changes and alterations provided in the Certificate of Reduction of Capital, or new stock certificates setting forth the altered rights were to be issued. However, as a result of certain legal proceedings between Long Island and this Commission, and Long Island's registration as a holding company under the act on April 23, 1945, none of the certificates representing the shares of its stock outstanding prior to the filing of its Certificate of Reduction of Capital has been overprinted or exchanged, and none of the accounting entries authorized in connection therewith has been made upon its books.

The shares of the different classes of stock of Long Island, in the form of certificates representing the Series A $100 par value 7% cumulative preferred stock, the Series B $100 par value 6% cumulative preferred stock, and the common stock ($1 stated value), respectively, as they were prior to December 16, 1944 (the date of filing in the office of the Secretary of State of the State of New York by Long Island of its Certificate of Reduction of Capital) are respectively designated in the plan as "Old Series A Stock", "Old Series B Stock", and "Old Common Stock". For convenience and purposes of the plan, it is stated therein that the shares of stock of Long Island are assumed to have been altered and changed in accordance with its Certificate of Reduction of Capital and are designated therein as "Present Series A Stock", "Present Series B Stock", and "Present Common Stock", respectively. The shares of stock of Long Island Lighting Company (as the Consolidated Corporation) to be issued to effect the consolidation, are designated in the plan as "New Preferred Stock" and "New Common Stock", respectively.

On the basis of the designations which give effect to Long Island's Certificate of Reduction of Capital the plan provides that the holders of its Present Series A 7% Preferred Stock ($60 par value) will receive for each such share ⅖ of a share of the New Preferred Stock and 2.9 shares of the New Common Stock, of its Present Series B Preferred Stock ($60 par value) will receive for each such share ⅖ of a share of the New Preferred Stock and 2.45 shares of the New Common Stock, and of its Present Common Stock will receive for each such share .22 of a share of the New Common Stock. The plan also provides that the holders of the 6% preferred stock of Queens and the 7% preferred stock of Nassau will receive for each such share 3.4 and 2.4 shares, respectively, of the New Common Stock.

Inasmuch as none of the stock certificates of Long Island outstanding as at December 16, 1944, has been overprinted or stamped, and no stock certificates setting forth the rights as contemplated by the Certificate of Reduction of Capital have been issued, there is set forth in the following tabulation the treatment accorded the stockholders of Long Island on the basis of its capitalization without giving effect to the Certificate of Reduction of Capital, together with the treatment accorded the preferred stockholders of Queens and Nassau. It should be noted that the number of shares of New Preferred and New Common Stock to be received by a shareholder of Long Island, as shown in the following table, is identical with the number of such shares he would receive if effect were given to the Certificate of Reduction of Capital.

Each of the constituent corporations will request that the order or orders of this Commission approving the plan include appropriate provisions meeting the applicable requirements of the Internal Revenue Code, as amended.

The plan will be submitted to the Public Service Commission of the State of New York for its consent and approval and for authorization for the Consolidated Corporation to issue the securities proposed by the plan.

As indicated, the plan states that the constituent corporations propose to consolidate pursuant to the laws of the State of New York which require that the proposed consolidation, and the terms thereof, shall be submitted to and approved, at a stockholders' meeting specially called for such purpose, by the holders of record of two-thirds of the outstanding shares of each such constituent corporation as may be entitled to vote thereon. The plan further provides that in the event the required percentage of stockholders of each of the constituent corporations does not approve the plan, each of the constituent corporations reserves the right to request this Commission to apply to a court of competent jurisdiction for an appropriate decree enforcing and carrying out the terms and provisions of the plan.

The plan also provides that it will become effective upon the filing of the Certificate of Consolidation in the office of the Secretary of State of the State of New York, and thereupon all rights, privileges and preferences (including the right to dividend arrearages with respect to the shares of Old or Present Preferred Stocks of Long Island and the preferred stocks of each of the other constituent corporations) appertaining to the respective stocks of the constituent corporations shall cease and come to an end, and the rights, privileges, and preferences of the New Preferred Stock and New Common Stock of the Consolidated Corporation shall become effective.

II. (a) *Long Island Lighting Company.* The Commission having examined the corporate structure of Long Island Lighting Company, a registered holding company, and certain of its direct and indirect subsidiary companies, the relationship among such companies in said holding company system, and the character of the interests thereof, and said examination having disclosed data establishing, or tending to establish, that:

(1) Long Island is a holding company within the meaning of section 2 (a) (7) of the act, having registered as a holding company on April 23, 1945. In addition, it is a public-utility company, as defined in section 2 (a) (5) of the act. It maintains its principal office for the doing of business in the City of Mineola, New York. It is engaged in the manufacture and purchase of gas and electricity and in the sale and distribution thereof for light, heat and power to consumers in the counties of Nassau and Suffolk in the State of New York. The names of the subsidiary companies embraced in the holding company system of Long Island, the corporate relationship, the degree of ownership of voting securities of the companies within the system, and the nature of the business of each public-utility company are as indicated in Part I hereof.

(2) On December 16, 1944, Long Island filed in the office of the Secretary of State of the State of New York a Certificate of Reduction of Capital for the purpose of effecting a revision of its capital and changing the rights and privileges of the holders of its capital stocks. As indicated in Part I hereof, no certificates representing the rights of shareholders as set forth in the Certificate of Reduction of Capital have been issued, nor have any of the accounting adjustments authorized in connection therewith been entered upon the books of Long Island.

(3) As at August 31, 1945, the utility plant of Long Island, stated at original cost as determined by the Public Service Commission of the State of New York, amounted to $70,537,693. At the same date, the reserve for depreciation of utility plant, per books, amounted to $14,017,604, or 19.9% of the utility plant. Thus, the net utility plant, per books, amounted to $56,520,089.

(4) On December 14, 1944, the Public Service Commission of the State of New York, in approving Long Island's Certificate of Reduction of Capital ordered, among other things, that Long Island increase its reserve for depreciation by $6,000,000. The effect of such adjustment would be to increase the reserve for depreciation of utility plant, as at August 31, 1945, to $20,017,604, or 28.4% of the total utility plant; the net utility plant, as so adjusted, would amount to $50,520,089.

(5) As at August 31, 1945, Long Island carried its investments in associated companies at $7,486,722. On December 14, 1944, the Public Service Commission of the State of New York, in approving Long Island's Certificate of Reduction of Capital, ordered Long Island to create a "Special Reserve for Depreciation and Investments in Securities of Associated Companies" in the amount of $4,979,320. The order further provided, in this connection, that such portion of this special reserve not required to be added to the reserve for depreciation be transferred to a "Reserve for Investments in Securities of Associated Companies", or otherwise disposed of as directed by that Commission.

(6) As at August 31, 1945, Long Island carried on its books, in the sum of $2,554,950, a Reserve Appropriated from Net Income for Sinking Fund and Unsecured Notes. Accumulations in such reserve are being made currently out of appropriations from net income in the amounts of (a) $600,000 per year which is required to be used to reacquire its 3¾% sinking fund debentures, plus (b) the interest on such reacquired debentures which have been held alive in the sinking fund, which interest is also to be used to reacquire debentures. Long Island proposed, in the proceedings before the Public Service Commission of the State of New York relating to its Certificate of Reduction of Capital, that the amount in such reserve plus all future appropriations of $600,000 per year out of net income, together with the interest on the debentures reacquired and held alive in the sinking fund, be maintained exclusively as a future reserve against any permanent impairment in the value of the stocks of subsidiary companies. The Public Service Commission of the State of New York, in approving Long Island's Certificate of Reduction of Capital, did not pass upon this proposal.

(7) At August 31, 1945, without giving effect to its Certificate of Reduction of Capital, Long Island had outstanding 74,750 shares of $100 par value Series A 7% cumulative preferred stock, or certificates of deposit therefor; 179,050 shares of $100 par value Series B 6% cumulative preferred stock, or certificates of deposit therefor; and 3,000,000 shares of common stock without par value, having a stated value of $1.00 per share, or certificates of deposit therefor.

(8) As at August 31, 1945, if effect be given to its Certificate of Reduction of Capital, Long Island would have outstanding 74,750 shares of $60 par value Series A 7% cumulative preferred stock; 179,050 shares of $60 par value Series B 6% cumulative preferred stock; and 503,800 shares of common stock without par value, having a stated value of $5.00 per share.

(9) No dividends have been paid on the cumulative preferred stocks of Long Island since 1938. Without giving effect to Long Island's Certificate of Reduction of Capital, the accumulated dividend arrearages, as at August 31, 1945, on its preferred stocks aggregated $11,848,496, equivalent to $51.91⅔ per share on the 7% Series and $44.50 per share on the 6% Series. If effect be given to Long Island's Certificate of Reduction of Capital, the accumulated dividend arrearages on its preferred stocks would aggregate $11,102,973, equivalent to $48.65 per share on the 7% Series and $41.70 per share on the 6% Series.

(10) No dividends have been paid on the common stock of Long Island since 1933.

(11) As at August 31, 1945, without giving effect to its Certificate of Reduction of Capital, the unearned (capital) surplus of Long Island was stated at $3,214, and the earned surplus at $1,645,308. At the same date, if effect be given to Long Island's Certificate of Reduction of Capital, there would be no balance in the unearned (capital) surplus, and the earned surplus would amount to $1,307,078.

(12) Set forth below is the capital structure, including surplus and reserve for sinking fund and unsecured notes payable, of Long Island on a corporate basis as at August 31, 1945, per books without giving effect to the Certificate of Reduction of Capital, and as adjusted to give effect to adjustments totaling $25,382,766, representing: (a) A provision of $6,000,000 for the estimated minimum deficiency in the reserve for depreciation, (b) the creation of a special reserve of $4,979,320, being the amount ordered by the Public Service Commission of the State of New York to be set up with respect to Long Island's investments and depreciation reserve, (c) the application of the $2,554,950 reserve for sinking fund and unsecured notes payable as additional reserve for investments, and (d) undeclared dividend arrearages of $11,848,496 on the cumulative preferred stocks. There is also set forth, in the same table, the capital structure, including surplus and reserve for sinking fund and unsecured notes payable, of Long Island on a corporate basis as at August 31, 1945, as it would appear if effect were given to the Certificate of Reduction of Capital, and as further adjusted to give effect to adjustments totaling $13,657,923, representing: (1) the adjustment described in (c) above, and (2) undeclared dividend arrearages of $11,102,973 on the reduced par values of the cumulative preferred stocks.

(13) As indicated in Paragraph 12 above, on the basis of the adjustments indicated therein, the common stock equity, as adjusted and without giving effect to the Certificate of Reduction of Capital, reflects a deficiency of $18,179,294. If effect were given to the Certificate of Reduction of Capital, the common stock equity, as adjusted on the basis indicated in Paragraph 12 above, would reflect a deficiency of $7,276,895.

(14) As at August 31, 1945, the capital stock expense account, per books without giving effect to the Certificate of Reduction of Capital, and as adjusted to give effect thereto, was stated at $1,050,733 and $902,445, respectively. If these amounts were eliminated, the adjusted deficiencies in the common stock equity, before and after giving effect to the Certificate of Reduction of Capital, would amount to $19,230,027 and $8,179,340, respectively.

(15) Other than the difference in the dividend rates, the 7% and 6% series of cumulative preferred stock of Long Island are alike and both have a preference over the common stock to cumulative dividends, upon an equal and ratable basis, and, in the event of any liquidation or dissolution, whether voluntary or involuntary, have a preference, on an equal and ratable basis, over the common stock, to the extent of their par value, plus all accumulated and unpaid dividends. The cumulative preferred stocks are redeemable, in whole or in part, at 110% of their par value plus accumulated dividends.

(16) Voting power in Long Island is lodged exclusively in the common stock despite the accumulation of dividend arrearages on the preferred stocks except in proceedings under New York law as to which a statute requires the vote of a specific proportion of all the stock or of all classes of stock.

(17) In addition, Long Island controls Queens, Nassau, and Long Beach through direct or indirect ownership of all their outstanding common stocks which comprise their sole voting securities. Thus, the control of Long Island and its three above-named subsidiaries is lodged exclusively in the common stock of Long Island.

(b) *Queens Borough Gas and Electric Company.*

(18) Queens is a public-utility corporation organized under the laws of the State of New York. All its outstanding common stock is owned by Long Island. It has its principal office in Far Rockaway, New York. It is engaged in the manufacture and purchase of gas and electricity and in the sale and distribution thereof for light, heat, and power to consumers in the Borough of Queens, City of New York, and in Nassau County, New York. It is also a holding company as defined in section 2 (a) (7) of the act and has filed an exemption statement pursuant to Rule U-2 of the General Rules and Regulations promulgated under the Act.

(19) As at August 31, 1945, the utility plant of Queens was stated at $25,986,158. Included in this amount is the sum of $3,129,338 classified by the company, under the Uniform System of Accounts prescribed by the Public Service Commission of the State of New York, as Plant Acquisition Adjustments Account 105. At the same date, the reserve for depreciation of utility plant amounted to $6,053,247, or 23.3% of the utility plant, per books, and 26.5% of the utility plant at the original cost thereof as determined by the company. Thus, the net utility plant, per books, amounted to $19,932,911, and the estimated net original cost of utility plant amounted to $16,803,573.

(20) At August 31, 1945, Queens carried on its books as investments in associated companies the sum of $6,821,949. This amount is comprised of $3,762,220 of investments in the common stocks of Nassau and Long Beach, $2,336,342 of open account advances to Nassau, Long Beach and Liland Corporation, and $723,387 of interest on open account advances to Nassau and Long Beach. In 1938, the Public Service Commission of the State of New York ordered Queens to reduce the carrying value of its investments in the common stocks of Nassau and Long Beach by $3,744,220 to a balance of $18,000, such reduction representing, as alleged by that Commission, the excess of the cost of such securities to Queens over the book values thereof at the dates of acquisition. The reduction was ordered to be effected by a charge of $1,744,220 to earned surplus and $2,000,000 to other deferred debits, to be amortized by annual charges of $250,000 commencing July 1, 1938, to an income account—Miscellaneous Amortization. The company petitioned that Commission for rehearing requesting correction of errors alleged to have been made by that Commission in its determination, and that the amount of the reduction be $2,750,000. The question of the final disposition of these items is pending.

(21) At August 31, 1945, Queens had outstanding 66,860 shares of $100 par value 6% cumulative preferred stock and 200,000 shares of common stock without par value, having a stated value of $10 per share.

(22) No dividends have been paid on the preferred stock of Queens since 1938. As at August 31, 1945, the accumulated dividend arrearages on its preferred stock aggregated $3,075,560, or $46 per share.

(c) *Nassau & Suffolk Lighting Company.*

(31) Nassau is a public-utility corporation organized under the laws of the State of New York. All its outstanding common stock is owned by Queens. It has its principal office in Mineola, State of New York. It is engaged in the manufacture and purchase of gas and in the sale and distribution of gas and electricity for light, heat and power to consumers within Nassau County, New York. Nassau purchases the electricity distributed to its consumers from Queens.

(32) As at August 31, 1945, the utility plant of Nassau, per books, was stated at $9,703,592. Included in this amount is $752,547 of items classified by the company as Plant Acquisition Adjustments—Account 105. At the same date, the reserve for depreciation of utility plant amounted to $1,571,192, representing 16.2% of the total utility plant per books, and 17.6% of the utility plant less the amounts classifiable in Account 105. The net utility plant, per books, amounts to $8,132,400, and if the amounts in Account 105 were eliminated, it would amount to $7,379,853.

(33) As at August 31, 1945, Nassau carried on its books its investment in the entire issue of preferred stock of Long Beach at its par value of $322,500. On the books of Long Beach, the earned surplus deficit exceeds the aggregate of the par values of its common and preferred stocks. No dividends have ever been paid by Long Beach on its preferred stock since its issuance in 1926.

(34) At August 31, 1945, Nassau had outstanding 27,262 shares of $100 par value 7% cumulative preferred stock, and 10,000 shares of $100 par value common stock.

(35) From 1934 to 1937, inclusive, only partial dividends were paid on the 7% cumulative preferred stock of Nassau, and since the latter date no dividends have been paid thereon. As at August 31, 1945, the accumulated dividend arrearages on the preferred stock aggregated $1,899,253, or $69.66⅔ per share.

(36) No dividends have been paid on the common stock of Nassau since 1933.

(37) As at August 31, 1945, the earned surplus of Nassau, per books, was stated at $413,843. At the same date Nassau had no unearned (capital) surplus.

(38) There follows below the capital structure, including surplus, of Nassau as at August 31, 1945, per books, and as adjusted to give effect to adjustments totaling $2,974,300, representing: (a) the elimination from utility plant of $752,547 of Account 105, (b) the setting up of a reserve of $322,500 for the full amount of Nassau's investment in the preferred stock of Long Beach, and (c) undeclared dividend arrearages of $1,899,253 on the cumulative preferred stock of Nassau.

(23) No dividends have been paid on the common stock of Queens since 1933.

(24) As at August 31, 1945, the earned surplus of Queens was stated at $4,510,242. Queens had no unearned (capital) surplus.

(25) Set forth below is the capital structure, including surplus, of Queens on a corporate basis as at August 31, 1945, per books, and as adjusted to give effect to adjustments totaling $9,949,118, representing: (a) the elimination from the utility plant of $3,129,338 representing amounts classifiable as Plant Acquisition Adjustments—Account 105, (b) the reduction of $3,744,220 in the carrying values of the investments of Queens in the common stocks of its subsidiaries, as ordered by the Public Service Commission of the State of New York in 1938, and (c) undeclared dividend arrearages of $3,075,560 on the cumulative preferred stock.

(26) As indicated in Paragraph 25 above, on the basis of the adjustments indicated therein, the common stock equity of Queens, as adjusted, reflects a deficiency of $3,438,876.

(27) As at August 31, 1945, the capital stock expense account was stated at $250,473. If this amount were eliminated, the adjusted deficiency in the common stock equity would be increased from $3,438,876 to $3,689,349.

(28) The $100 par value 6% cumulative preferred stock of Queens has a priority over the common stock as to cumulative dividends, and, in the event of any liquidation or dissolution, whether voluntary or involuntary, to the extent of its par value and all accumulated and unpaid dividends. It is redeemable in whole or in part, at 110% of its par value, plus all accumulated and unpaid dividends.

(29) Voting power in Queens is lodged exclusively in the common stock despite the accumulation of dividend arrearages on the preferred stock, except that, without the affirmative vote of the holders of at least two-thirds of the outstanding preferred shares, the company cannot (1) create or issue any class of stock having any preference or priority as to dividends or assets superior to the preferred stock, or (2) alter or amend its rights so as to diminish or impair its preference or priority as to dividends or assets or its redemption price, or voting rights.

(30) Queens controls each of its public-utility subsidiaries through its direct ownership of all of their outstanding common stocks which comprise their sole voting securities. Thus, control of Queens, and the Queens holding company system, is lodged in the common stock of Queens.

(39) As indicated in Paragraph 38 above, on the basis of the adjustments indicated therein, the common stock equity of Nassau, as adjusted, reflects a deficiency of $1,560,457.

(40) As at August 31, 1945, the capital stock expense account of Nassau was stated at $321,177. At the same date, there was included in the utility plant of the company, in addition to the amounts classified in Account 105, a total of $502,237 of miscellaneous intangibles, the disposition of which is at present in issue in pending proceedings before the Public Service Commission of the State of New York. If these amounts were eliminated, the adjusted deficiency in the common stock equity would be increased from $1,560,457 to $2,383,871.

(41) The $100 par value 7% cumulative preferred stock of Nassau has a preference over the common stock as to dividends, and, on dissolution, to the extent of its par value and accumulated dividends. It is redeemable at $112 per share, plus accumulated dividends.

(42) Voting power in Nassau is lodged exclusively in the common stock despite the accumulation of dividend arrearages on the preferred stock, except as the right to vote is expressly granted the holders of the preferred stock by statute.

(d) *Long Beach Gas Company Inc.*

(43) Long Beach is a public-utility corporation organized under the laws of the State of New York and has its principal office in Mineola, New York. It is engaged in the purchase, distribution and sale of manufactured gas for light, heat or power to consumers in Nassau County, State of New York. The gas distributed to its consumers is purchased from Queens.

(44) As at August 31, 1945, the gas utility plant of Long Beach, stated at original cost as classified by the company, amounted to $1,828,799. At the same date, the reserve for depreciation amounted to $99,518, or 5.4% of the total utility plant. Thus, the net gas utility plant, per books, amounted to $1,729,281.

(45) At August 31, 1945, Long Beach had outstanding 3,225 shares of $100 par value 7% cumulative preferred stock, and 1,000 shares of $100 par value common stock.

(46) No dividends have ever been paid on the cumulative preferred stock of Long Beach since the date of its issuance in 1926. As at August 31, 1945, the accumulated dividend arrearages on the preferred stock aggregated $421,400, or $130.66⅔ per share.

(47) No dividends have ever been paid on the common stock of Long Beach since the date of organization in 1916.

(48) All of the outstanding preferred stock of Long Beach is held by Nassau, and all of the outstanding common stock of Long Beach is held by Queens.

(49) As at August 31, 1945, Long Beach was indebted to Queens for advances on open account in the amount of $1,236,411, to Nassau in the sum of $2,029, and to Long Island in the sum of $2,416, such amounts being inclusive of accrued interest.

(50) As at August 31, 1945, there was an earned surplus deficit on the books of Long Beach in the amount of $656,218. At the same date, there was no unearned (capital) surplus on the books of the company.

(51) There is set forth below the capital structure, including deficit, of Long Beach as at August 31, 1945, per books, and as adjusted to give effect to undeclared dividend arrearages of $421,400 on the cumulative preferred stock.

( ) Denotes red figure.

(52) As indicated in Paragraph 51 above, the books of Long Beach, before adjustment, reflect an earned surplus deficit which exceeds by $556,218 the par value of the common stock; said deficit exceeds by $233,718 the aggregate of the par values of both the common and preferred stocks. On the basis of the adjustments therein indicated, the common stock equity, as adjusted, reflects a deficiency of $977,618.

(53) As at August 31, 1945, the capital stock expense account of Long Beach was stated at $9,783. If this amount were eliminated, the adjusted deficiency in the common stock equity would be increased from $977,618 to $987,401.

(54) The 7% cumulative preferred stock of Long Beach has a preference over the common stock to cumulative dividends, and, in the event of liquidation or dissolution, whether voluntary or involuntary, has a preference over the common stock to the extent of its par value plus accumulated and unpaid dividends. The cumulative preferred stock is redeemable, in whole or in part, at 112% of the par value, plus all accumulated and unpaid dividends.

(55) Voting power in Long Beach is lodged exclusively in the common stock, despite the accumulation of dividend arrearages on the preferred stock, except as may be expressly provided by law.

III. It appears to the Commission on the basis of the facts set forth in Part I hereof and the allegations contained in Part II hereof that there are reasonable grounds to believe that voting power is unfairly and inequitably distributed among the security holders of Long Island, Queens, Nassau, and Long Beach in contravention of the provisions of section 11 (b) (2).

IV. It appearing to the Commission in the light of the allegations stated in Part II and Part III hereof that it is appropriate in the public interest and in the interest of investors and consumers to institute proceedings with respect to Long Island, Queens, Nassau, and Long Beach under section 11 (b) (2) of the act in order to determine whether an appropriate order or orders should be entered pursuant to said section; and

It further appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the plan jointly filed by Long Island, Queens, Nassau, and Long Beach pursuant to section 11 (e) of the act and that such plan should not be approved except pursuant to further order of the Commission, and that a hearing should be held with respect to the proceedings instituted herein by the Commission under section 11 (b) (2) of the act; and

It further appearing to the Commission that the said proceedings involve common questions of law and fact and that evidence adduced in one proceeding may have a bearing upon the issues presented in the other proceedings; and that a substantial saving of time and expense will result if the proceedings are consolidated:

It is hereby ordered, That proceedings be, and the same hereby are, instituted under section 11 (b) (2) of the act directed to Long Island, Queens, Nassau, and Long Beach, respectively, and that such proceedings be consolidated with the proceedings with respect to the plan herein filed pursuant to section 11 (e) and that a hearing on such consolidated proceedings under the applicable provisions of the said act and rules and regulations promulgated thereunder be held on the 11th day of December, at 11 a. m., e. s. t., at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room where such hearing will be held. Any persons desiring to be heard or otherwise wishing to participate therein shall notify the Commission to that effect in the manner provided in Rule XVII of the Commission's rules of practice on or before December 10, 1945.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues presented by said proceedings, particular attention will be directed at such hearing to the following matters and questions:

1. Whether the plan as proposed, or as modified, is necessary to effectuate the provisions of section 11 (b) of the act;

2. Whether the treatment proposed to be accorded to the various persons affected by the plan is in all respects fair and equitable;

3. Whether the issuance by Long Island Lighting Company (the Consolidated Corporation) of the new preferred and new common stock conforms to the standards and requirements of the applicable provisions of the act;

4. Whether the proposed reduction in the stated and par values of the capital stocks of the constituent corporations, and the creation of unearned (capital) surplus in connection therewith, satisfies the applicable standards of the act;

5. The propriety of the proposed accounting treatment on the books of each of the constituent corporations and of Long Island Lighting Company, the Consolidated Corporation;

6. Whether the plan should be modified to include a provision for the payment by Long Island Lighting Company (the Consolidated Corporation) of such expenses, fees, and remunerations in connection with the plan or the proceedings with respect thereto, as the Commission may determine, award or allow;

7. Whether the proposal by the constituent corporations to consolidate pursuant to the laws of the State of New York by obtaining the approval of the record holders of two-thirds of the outstanding shares of each constituent corporation and, if such approval is not obtained, to reserve the right to request this Commission to apply to a court of competent jurisdiction for an appropriate decree enforcing and carrying out the provisions of the plan is in all respects appropriate;

8. Generally, whether the proposed transactions in connection with the plan are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and rules thereunder and, if not, what modifications should be required to be made therein and what terms and conditions should be imposed to satisfy the statutory standards;

9. Whether the allegations contained in Parts II and III hereof are true and correct; and

10. Whether voting power is unfairly and inequitably distributed among the security holders of Long Island, Queens, Nassau, and Long Beach in contravention of section 11 (b) (2) of the act, and, if so, what steps should be required of each of the companies to insure a fair and equitable distribution of voting power among such security holders.

It is further ordered, That notice of said hearing is hereby given to Long Island, Queens, Nassau, and Long Beach, to the Public Service Commission of the State of New York, to the Secretary of State of the State of New York and to all other interested persons, said notice to be given to Long Island, Queens, Nassau, and Long Beach, to the Public Service Commission of the State of New York, and to the Secretary of State of the State of New York by registered mail, and to all other persons by a general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list for releases issued under the Public Utility Holding Company Act of 1935 and by publication of the first seven paragraphs of Part I and all of Part IV of this notice and order in the FEDERAL REGISTER.

It is further ordered, That Long Island, Queens, Nassau, and Long Beach give notice of said hearing to their respective stockholders of record (insofar as the identity of such stockholders is available or known) by mailing, postage prepaid, to each such security holder to his last known address, a copy of this notice and order together with a copy of the plan, at least fifteen (15) days prior to the date of said hearing.

It is further ordered, That jurisdiction be and is hereby reserved to separate, either for hearing in whole or in part, or for disposition, in whole or in part, any of the issues or questions which may arise in these proceedings, and to take such other action as may appear necessary or appropriate to the orderly and economical disposition of the issues involved.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

THE MEMPHIS STREET RAILWAY CO.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia 3, Pennsylvania, on the 13th day of November, A. D. 1945.

The Commission having examined the corporate structure of The Memphis Street Railway Company ("Railway"), a subsidiary of Memphis Generating Company ("Generating"), which in turn is a subsidiary of National Power & Light Company, a registered holding company and a subsidiary of Electric Bond and Share Company, also a registered holding company, and the files and records of the Commission relating thereto, and such examination having disclosed data establishing, or tending to establish, that

1. Railway is a corporation organized under the laws of the State of Tennessee. It is a subsidiary in the Electric Bond and Share holding company system as stated above. It is engaged in supplying surface transportation by electric railway, electric trolley coach, and motor bus in the City of Memphis, Tennessee. In January, 1935, operation of the properties of Railway by trustees appointed by the United States District Court came to an end and a plan and agreement of reorganization of Railway became operative.

2. A balance sheet of Railway as of July 31, 1945, adjusted to give effect to the refunding of Railway's bonds, as approved by the Commission in its orders dated September 14, 1945 and September 25, 1945 (Holding Company Act Release Nos. 6047 and 6073), is as follows:

Assets and Other Debits:	*Adjusted*
Plant, property, and equipment:	
Railway and general (including "going value" of $1,089,749)	$6,970,069
Motor bus	1,810,336

Injuries and damages	112,603
Total special funds	666,699
Cash and U. S. Government securities	1,634,155
Other current and accrued assets	380,467
Unamortized debt discount and expense (estimated)	36,000
Total assets and other debits	12,933,486
Liabilities and other credits:	
First mortgage 4% serial bonds due Oct. 1, 1946–1965 incl.	3,500,000
Preferred stock, $100 par, 4%, cumulative from Jan. 1, 1939, 21,710 shares	[1] 2,171,000
Taxes accrued	1,465,134
Other current and accrued liabilities	179,558

Reserve for deferred maintenance	100,000
Other reserves	148,623
Common stock, $100 par, 27,593 shares	2,759,300
Earned surplus—deficit	(389,370)
Total liabilities and other credits	12,933,486

( ) Denotes red figure.

[1] As of July 31, 1945, accumulated undeclared dividends on the preferred stock amounted to $571,697, or $26.33 a share.

3. As of July 31, 1945, the property of Railway, per books, was stated at $10,216,165 which included $1,089,749 of "going value". As of the same date the reserve for depreciation and retirement amounted to $2,991,265, which is 29.28% of said property including said item of "going value". Net property, per books, amounted to $7,224,900. No provision is

made for amortization or other disposition of such "going value".

4. Railway's right to operate on the streets of Memphis will be governed by a non-exclusive franchise granted by the City of Memphis, to begin November 21, 1945, upon the expiration of the present franchise. The new franchise provides that the present remaining rail lines of Railway's system shall be replaced by electric trolley coaches, the entire program to be completed by May 20, 1948. This conversion will result in an abandonment within the next two or three years of street railway property having a book value of approximately $4,000,000. In addition, it appears that Railway must expend some $700,000 for removal of rails and restoration of streets.

5. In view of such abandonment of railway property and expenditure for removal of rails and restoration of streets, it appears that if said reserve of $2,991,265 were to be increased now to provide for the prospective charges of $4,700,000 in respect to such matters it would be necessary, without taking into account any additional amount to reflect depreciation existing in the remaining property not proposed to be abandoned, to charge $1,708,735 against earned surplus-deficit.

6. No dividends have been paid on the preferred or common stocks of Railway since the company was reorganized in 1935. On July 31, 1945, accumulated and undeclared dividends on the preferred stock amounted to $571,697 or $26.33 a share. The preferred stock has a preference as to dividends over the common stock and a preferred claim in liquidation, whether voluntary or involuntary, over the common stock of $100 a share plus unpaid cumulative dividends.

7. As of July 31, 1945, a surplus deficit of $389,051 existed on the books of Railway.

8. Set forth below is the capitalization and surplus of Railway together with pertinent ratios as of July 31, 1945, adjusted to reflect the refinancing by Railway mentioned in paragraph numbered 2 above, and to reflect the dividend arrears of $571,697 on the preferred stock as an addition to the statement of preferred stock and a deduction from the earned surplus-deficit and also adjusted to reflect as a deduction from earned surplus-deficit said amount of $1,708,735 mentioned in paragraph numbered 5 above. The capitalization and surplus ratios are not adjusted to reflect elimination of the $1,089,749 of "going value" from the property accounts of Railway.

RATIOS

	Percent
Debt to net property	63.45
Debt and preferred stock to net assets	99.15

9. As of July 31, 1945, the common capital stock of Railway, consisting of 27,593 shares having a par value of $100 a share, was carried on its books at $2,759,300, which is only $89,498 more than the earned surplus-deficit after making the adjustments specified in paragraph numbered 8 above. If the item of $1,089,749 of "going value" is also deducted from the property accounts of Railway and charged to earned surplus-deficit the ratios of debt to net property and of debt and preferred stock to net assets, would then be, respectively, 79.07% and 119.90%, and the earned surplus-deficit would exceed the par value of the common stock by $1,000,251. If these adjustments were made, the liquidating value including arrears of the preferred stock would not be covered by $1,000,251.

10. The following table contains earnings data with respect to Railway, for the years 1935 to 1944, inclusive and, for the 12 months ended July 31, 1945, per books and as adjusted to reflect the refinancing by Railway mentioned in paragraph numbered 2 above:

11. Both the preferred and common stocks of Railway have voting rights for all purposes on the basis of one vote in respect of each share.

12. As of July 31, 1945, the distribution of voting power among the various classes of stockholders of Railway was as follows:

	Votes	Percent
4% preferred	21,710	44.03
Common	27,593	55.97
Total	49,303	100.00

As of said date, all the bonds and preferred stock of Railway were held by the public and Generating owned 27,593 shares, of 100% of the outstanding common stock.

It appearing to the Commission, on the basis of the foregoing, that voting power is not fairly and equitably distributed among the security holders of Railway and that it is appropriate and in the public interest and in the interest of investors and consumers to institute proceedings with respect to Railway under section 11 (b) (2) of the Public Utility Holding Company Act of 1935 to determine whether certain orders should be entered, pursuant to the provisions of said act; and

It further appearing appropriate and in the public interest and in the interest of investors and consumers to institute proceedings with respect to Railway under sections 12 (c), 15 (f), and 20 (a) of said act to determine what orders, if any, should be entered pursuant to said sections;

It is hereby ordered, That proceedings be, and they hereby are, instituted pursuant to sections 11 (b) (2), 12 (c), 15 (f) and 20 (a) of the act with respect to The Memphis Street Railway Company and

It is further ordered, That said Respondent shall file with the Secretary of the Commission on or before the 2d day of January 1946, its answer, in the form prescribed by Rule U-25 of the general rules and regulations under the act, admitting, denying, or otherwise explaining its position with respect to the allegations heretofore made in the above paragraphs numbered 1 to 12 inclusive of this order. Such answer may also include a statement by Respondent of its views as to what action, if any, should be taken to bring about a fair and equitable distribution of voting power among the security holders of The Memphis Street Railway Company, to reflect properly the amounts in Respondent's various accounts, and to make adjustments therein in conformity with the standards of the Public Utility Holding Company Act of 1935, and as to what other action may be necessary or appropriate under the provisions of sections 11 (b) (2), 12 (c), 15 (f), and 20 (a) of said act with respect to said Respondent.

It is further ordered, That a hearing be held upon said matters on the 8th day of January 1946 at 10:30 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room where such hearing will be held. All persons desiring to be heard or wishing to participate otherwise in the proceedings should notify the Commission in the manner provided by Rule XVII of its rules of practice on or before December 24, 1945.

It is further ordered, That, without limiting the scope of the issues presented by these proceedings, particular attention will be directed at the hearings to the following matters and questions:

1. Whether the allegations contained in the above paragraphs numbered 1 to 12 inclusive are true and correct.

2. Whether voting power is unfairly or inequitably distributed among security holders of The Memphis Street Railway Company; and if it is, what action on the part of Respondent is necessary or appropriate, pursuant to section 11 (b) (2) of the act, for the purpose of fairly and equitably distributing voting power among the security holders of Respondent.

3. Whether such action as may be necessary for the purpose of fairly and equitably distributing voting power should include a reorganization of Respondent.

4. What other or further action, if any, may be required to be taken by Respondent to meet the requirements of section 11 (b) (2) and 12 (c) of the act.

5. What orders, if any, should be entered pursuant to sections 15 (f) and 20 (a) of the act with respect to Respondent's accounts.

At the outset of said hearing, consideration will be given to such issues, if any, as may arise from the allegations in the above paragraphs numbered 1 to 12 inclusive, and Respondent's answer hereinbefore provided for. To the extent that any allegations set forth above are not controverted in the Respondent's answer and are not controverted by any other interested person, such facts shall be deemed to be admitted for the purpose of this proceeding.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the entry of this order and of the hearing aforesaid by mailing a copy of this notice and order forthwith by registered mail to The Memphis Street Railway Company, Respondent, and to the Board of Commissioners of the City of Memphis, Tennessee; and that notice of the entry of this order and of said hearing be given to all security holders of Respondent and to all other persons by a general release of the Commission, and by publication in the FEDERAL REGISTER.

It is further ordered, That The Memphis Street Railway Company shall give notice of said hearing by mailing a copy of this notice and order at least 20 days prior to January 8, 1946, to each of its stockholders at his last known address.

It is further ordered, That jurisdiction be, and it hereby is, reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues or questions which may arise in these proceedings, and to take such other action as may appear necessary to the orderly and economical disposition of the issues involved.

By the Commission.

THE COMMONWEATH & SOUTHERN CORP. (DEL.)

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 14th day of November, A. D. 1945.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The Commonwealth & Southern Corporation ("Commonwealth"), a registered holding company.

Notice is further given that any interested person may, not later than November 28, 1945, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, said declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said declaration or application, which is on file in the office of the Commission, for a statement of the transaction therein proposed which is summarized below:

Commonwealth proposes, subject to the approval of the Commission, to pay a dividend of $1.50 per share, an aggregate of $2,223,000, on the outstanding shares of its preferred stock. The dividend was declared on November 9, 1945, and is payable on January 2, 1946 to stockholders of record at the close of business on December 7, 1945. The pending application is similar in substance to three applications approved by the Commission in 1943, four applications approved in 1944 and three applications approved in 1945, covering proposed distributions to preferred stockholders (see Holding Company Act Releases Nos. 4383, June 24, 1943; 4560, September 13, 1943; 4709, November 26, 1943; 4933, March 8, 1944; 5084, June 3, 1944; 5268, September 5, 1944; 5508, December 21, 1944; 5659, March 12, 1945; 5833, May 30, 1945 and 6055, September 17, 1945).

Applicant considers sections 11 and 12 (c) of the act and Rule U-46 as applicable to the proposed transactions.

By the Commission.

MIDLAND UTILITIES CO., ET AL.

NOTICE OF FILING AND ORDER FOR HEARING FOR CONSOLIDATION AND REOPENING RECORD

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia 3, Pennsylvania, on the 14th day of November, A. D. 1945.

In the matter of Midland Utilities Company, File No. 54-137; Indiana Service Corporation, Midland Utilities Company, File No. 59-58; American Gas and Electric Company, File No. 70-1178.

I. Notice is hereby given that Midland Utilities Company ("Midland"), a registered holding company, and a subsidiary of Midland Realization Company, also a registered holding company, has filed with this Commission an application pursuant to section 11 (c) of the Public Utility Holding Company Act of 1935, for approval of a plan of corporate simplification, dated October 25, 1945, of Indiana Service Corporation ("Indiana Service"), an operating public utility company subsidiary of Midland.

All interested persons are referred to said document, which is on file in the offices of the Commission, for a statement of the transactions proposed in the plan of corporate simplification, which may be summarized as follows:

(A) *New securities to be issued.* Indiana Service will issue 200,000 shares of common stock without par value, having a stated value of $20 per share.

(B) *Treatment of outstanding securities—1. Demand notes.* Demand notes payable to Midland in the principal amount of $2,739,000, together with all accrued interest thereon, amounting to $1,620,664.90 as of July 31, 1945, are to be cancelled and the holder thereof will receive the amount of cash described below.

(2) *Preferred stock.* The 13,706 shares of 7% cumulative preferred stock of the par value of $100 per share now issued and outstanding, and the 16,622 shares of the 6% cumulative preferred stock of the par value of $100 per share now issued and outstanding, are to be cancelled and the holders thereof will receive the amount of cash described below.

(3) *Common stock.* The 738,000 shares of the no par common stock with a stated value of $10 per share now issued and outstanding, are to be cancelled.

(4) *Distribution of new securities.* The new common stock will be sold and

delivered to American Gas and Electric Company ("American Gas") in accordance with an agreement dated August 24, 1945 between Midland and American Gas. The purchase price to be paid by American Gas for all of the new common stock of Indiana Service is the amount of $4,500,000, increased by the net increases, if any, or decreased by the net decreases, if any, in each of the following as defined in said agreement dated August 24, 1945:

(a) The Net Current Assets of Indiana Service between December 31, 1944, and the last day of the month immediately preceding the date of payment of the purchase price; and

(b) The Utility Plant Account of Indiana Service between December 31, 1944, and the last day of the month immediately preceding the date of payment of the purchase price;

Provided, however, That the Utility Plant Account of Indiana Service at the date of payment of the purchase price shall not be reduced by retirements of street railway or interurban railway property made after December 31, 1944: *And provided further,* That in no event shall such purchase price be reduced to an amount less than $4,500,000.

Pending the sale and delivery of the new common stock to American Gas, the new common stock shall be voted by Midland. The purchase price to be realized from the sale of the new common stock to American Gas will be distributed pursuant to a proposed compromise and settlement as follows:

(i) $3,000,000, plus 50% of the amount by which the balance sheet account of Indiana Service, entitled "Accrued Taxes", as of December 31, 1944, is determined to be overstated in respect of Federal income and excess profits taxes in accordance with the agreement between Midland and American Gas, dated August 24, 1945, will be received and retained by Midland as its own separate property for its own account.

(ii) Of the balance of such purchase price, 53% will be paid, or caused to be paid, by Midland pro rata to the holders of the 16,622 shares of outstanding 6% cumulative preferred stock of Indiana Service, and 47% will be paid, or caused to be paid, by Midland pro rata to the holders of the 13,706 shares of outstanding 7% cumulative preferred stock of Indiana Service, of record on the date of the payment of the purchase price by American Gas to Midland. Such payments shall be made, or caused to be made, by Midland within 45 days after such record date.

(C) *Adjustment of balance sheet accounts.* It is proposed as a part of the plan to make the following adjustments in the balance sheet accounts of Indiana Service, in addition to those required by virtue of the issuance of new securities:

1. To write-off the "Preferred Stock Discount, Commissions, and Expense" account in the amount of $361,652.01.

2. To reduce the balance sheet account, entitled "Accrued Taxes" by the amount that such account is determined to be overstated in respect of Federal income and excess profits taxes in accordance with the agreement between Midland and American Gas, and to increase surplus by a like amount.

3. To eliminate the deficit in the surplus account of Indiana Service against the net surplus credit to be created by the cancellation of the outstanding demand notes, preferred and common stocks.

Midland has requested the Commission, if it approves the Plan, to apply to a court, in accordance with the provisions of section 18 (f) of the act, to enforce and carry out the terms and provisions of the plan.

Midland states that the consummation of the plan will be subject to the prior satisfaction of all of the following conditions:

(a) The entry of an order by this Commission pursuant to said Act and particularly section 11 (e) thereof, approving the plan.

(b) The final approval of the court, upon application therefor, by this Commission in accordance with the provisions of sections 11 (e) and 18 (f) of the act.

(c) The entry of such orders of the Public Service Commission of Indiana with respect to the approval of the plan or the carrying out of any or all of the steps contemplated by the plan, as may be desirable or necessary.

(d) The agreement between American Gas and Midland, dated August 24, 1945, shall not have terminated, in accordance with its terms, but shall be in full force and effect.

It is further stated that whenever all the conditions prescribed above have been satisfied, the plan shall become effective. After the plan becomes effective, the plan shall thereupon be binding on all persons affected by the plan whether or not such persons shall have approved the plan.

II. Notice is further given that American Gas and Electric Company, a registered holding company and a subsidiary of Electric Bond and Share Company, also a registered holding company, has filed with this Commission a separate application pursuant to the Public Utility Holding Company Act of 1935, and particularly section 10 thereof. All interested persons are referred to said document, which is on file in the office of this Commission, for a full statement of the transactions therein proposed, which are summarized as follows:

Directly after the plan, mentioned above, of corporate simplification of Indiana Service becomes effective, American Gas proposes to purchase, pursuant to said agreement dated August 24, 1945 between Midland and American Gas, all of the then outstanding shares of new common stock of Indiana Service, for the price and on the terms and conditions hereinabove set forth with respect to the sale of such common stock to American Gas.

III. It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that hearings be held with respect to the proposed plan of corporate simplification, and with respect to the matters proposed by American Gas, and that said plan should not become effectuated and that the application of American Gas should not be granted except pursuant to further order of the Commission; and

The Commission having heretofore instituted proceedings under sections 11 (b) (2), 15 (f) and 20 (a) of the act (File No. 59–58) with respect to Indiana Service and Midland, and public hearings having been held in said proceedings and the record therein closed, and none of the issues involved having been submitted to the Commission for its determination; and

It appearing to the Commission that the matters involved in said proceedings under sections 11 (b) (2), 15 (f) and 20 (a) of the act are related to, and that evidence already offered therein may have a bearing upon, the matters to be considered in the proceedings with respect to the plan of corporate simplification, and with respect to the proposals of American Gas and that substantial savings of time and expense will result if all such proceedings are consolidated so that they may be heard as one matter and so that evidence in each matter may stand as evidence in the others for all purposes, and that the record in the proceedings under sections 11 (b) (2), 15 (f) and 20 (a) should be reopened to adduce additional evidence therein, if any;

It is ordered, That the proceedings under sections 11 (b) (2), 15 (f), and 20 (a) be, and the same hereby are, reopened.

It is further ordered, That the proceedings with respect to the plan of corporate simplification, the proposals of American Gas, and the proceedings under sections 11 (b) (2), 15 (f), and 20 (a) of the act be, and the same hereby are, consolidated.

It is further ordered, That a hearing on such consolidated matters under the applicable provisions of the act and the rules of the Commission thereunder be held on December 18, 1945 at 10:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in room 318 will advise as to the room in which such hearing will be held. All persons desiring to be heard or otherwise wishing to participate in said proceedings shall notify the Commission in the manner provided by Rule XVII of the rules of practice on or before December 13, 1945.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matters. The officers so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues presented in said consolidated proceedings, particular attention will be directed at the hearing to the following matters and questions, in addition to the issues and questions set forth in the Commission's order of October 16, 1942 (Holding Company Act Release No. 3855) under sections 11 (b) (2), 15 (f), and 20 (a) of the act:

1. Whether the plan, as submitted or as it may be modified, is necessary to effectuate the provisions of section 11 (b) of the act and is in all respects fair and equitable to the persons affected thereby.

2. More particularly, whether the proposed compromise and settlement of the indebtedness of Indiana Service to Midland is fair and equitable to all securities holders.

3. Whether, and, if so, in what manner, the proposed Plan should be modified to insure adequate protection of the public interest and the interest of investors or consumers.

4. Whether the Plan, as submitted, or as it may be modified, makes appropriate provision for the payment of fees, expenses and remuneration in connection with the Plan, in what amounts such fees, expenses and remuneration should be paid, and the fair and equitable allocation thereof.

5. Whether the proposed acquisition of securities by American Gas will tend toward the economical and efficient development of an integrated public utility system and whether such acquisition will tend toward interlocking relations or concentration of control of public utility companies of a kind or to an extent detrimental to the public interest or the interest of investors or consumers.

6. Whether the consideration to be paid by American Gas including all fees, commissions, or other remuneration, for the new common stock of Indiana Service is reasonable and bears a fair relation to the sums invested in or the earning capacity of the utility assets underlying said common stock.

7. Whether, if the transactions proposed by American Gas are authorized by this Commission, it is necessary or appropriate in the public interest or for the protection of investors or consumers to impose any terms and conditions, and more particularly, whether it is necessary or appropriate to impose any terms and conditions with respect to disposition by American Gas of the gas, water, and transportation properties, or any of the electric properties of Indiana Service, and, if so, what terms and conditions should be imposed.

8. Whether the accounting adjustments and entries proposed to be made in connection with the proposed transactions are adequate and proper and in accordance with sound accounting practices and meet the applicable standards of the act.

9. Generally, whether the proposed transactions comply with the provisions of the Public Utility Holding Company Act of 1935 and all rules and regulations promulgated thereunder.

It is further ordered, That notice of this hearing be given to Midland Utilities Company, Indiana Service Corporation, American Gas and Electric Company, the Public Service Commission of Indiana, the Federal Power Commission and all other interested persons; said notice to be given by registered mail to Midland Utilities Company, Indiana Service Corporation, American Gas and Electric Company, the Public Service Commission of Indiana, the Federal Power Commission and all other interested persons by a general release of this Commission distributed to the press and mailed to persons on the mailing list for releases under the act, and by publication of this notice and order in the FEDERAL REGISTER; and

It is further ordered, That Indiana Service Corporation give notice of the hearing to each of the holders of its preferred and common stocks (insofar as the identity of such security holders is available or known to Indiana Service), by mailing to each such security holder, to his last known address, a copy of this notice and order and copy of the Plan of Corporate Simplification at least 20 days prior to the date of this hearing.

It is further ordered, That jurisdiction be, and hereby is, reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions, or matters included in these proceedings or to consolidate with these proceedings other filings or matters pertaining thereto, or to take such other action as may appear necessary to an orderly, prompt and economical disposition of the issues and matters involved.

By the Commission.

Secretary.

The President

EXECUTIVE ORDER 9657

PROVIDING FOR THE REPRESENTATION OF THE UNITED STATES IN THE OBSERVATION OF ELECTIONS IN GREECE

By virtue of the authority vested in me by the Constitution and the Statutes, and as President and as Commander in Chief of the Army and Navy of the United States, it is hereby ordered as follows:

1. In accordance with the responsibilities undertaken by the United States at the Crimea Conference in February 1945 to assist the people in any European liberated state in securing the earliest possible establishment through free elections of governments responsive to the will of the people, and in response to the invitation extended to the United States and other Allied Governments by the Government of Greece, I appoint Henry F. Grady of California, effective as of October 25, 1945, as my representative to head the United States group which will participate with representatives of other Allied Governments in observing the forthcoming elections in Greece.

2. The Representative named herein is authorized to select and recommend to the President or to the Secretary of State or the Secretary of War necessary personnel to assist in the performance of his duties hereunder. The Secretary of State and the Secretary of War are authorized to assist the Representative named herein in the performance of his duties hereunder, and to employ such personnel and make such expenditures, within the limits of appropriate appropriations now or hereafter available for the purpose, as may be necessary to accomplish the purposes of this order, and the Secretary of War may make available, assign, or detail for duty with the Representative named herein such members of the military forces, not exceeding five hundred in number, and other personnel as may be requested for such purposes.

3. The Representative named herein shall have the personal rank of Ambassador and shall receive such compensation and allowance for expenses as may be authorized by the Secretary of State. Other necessary personnel employed to assist the Representative named herein in the performance of his duties shall likewise receive such compensation and allowance for expenses as may appropriately be authorized by the Secretary of State or the Secretary of War: *Provided, however,* That any personnel now in the employ of the Government shall serve without additional compensation but shall receive such allowance for expenses as may be authorized by the Secretary of State or the Secretary of War.

4. The Representative named herein is authorized to cooperate with, and receive the assistance of, any foreign Government to the extent deemed necessary by him to accomplish the purposes of this order.

1. Section 295.25 is amended to read as follows:

§ 295.25 *Freight bills.* The exporter shall, within six months after delivery to the exporter of warehouse receipts representing cotton purchased from Commodity Credit Corporation's stocks, either:

(a) Purchase the freight bills held by the Corporation covering the bales of such cotton which were shipped by rail to the warehouses issuing the warehouse receipts, at their refund value based on reshipment of such bales to Greenville, South Carolina, as representative of Group B points, or, if such cotton is stored at Group A or Group B points and is reshipped, based on the destination to which such cotton is actually reshipped; or

(b) Furnish the Corporation with outbound bills of lading having value for transit claim, acquired in the shipping of such cotton (or its equivalent in transit value) to a transit destination routed via the railroad line designated by the Corporation;

otherwise, the exporter shall honor a three-day sight draft, with the freight bills held by the Corporation attached, for the amount specified in paragraph (a) hereof.

If the cotton is stored at a port when sold to the exporter, the foregoing provisions of this section shall not be applicable where the exporter furnishes the Corporation a copy of on board ocean bill of lading evidencing exportation of the identical cotton from the same port.

2. Section 295.4 (a) is amended to read as follows:

§ 295.4 *Price*—(a) *Base price.* The "base price" for any cotton shall be (1) the average price per pound for Middling 15/16 inch white cotton on the 10 spot markets, plus 60 points, or (2) the price per pound for which Commodity Credit Corporation offers to sell domestically Middling 15/16 inch white cotton located at Group B points, whichever is the lower, on the day the Corporation receives notice of the export sale of the corresponding cotton, less the amount of the export differential. "Corresponding cotton", as used herein, means the cotton sold for export which entitles the exporter to purchase a particular quantity of cotton hereunder.

This amended paragraph (a) is applicable to all cotton purchased on or after November 20, 1945.

Dated this 16th day of November 1945.

[SEAL] COMMODITY CREDIT CORPORATION,
By G. G. ARMSTRONG,
Vice President.

TITLE 7—AGRICULTURE

Chapter VIII—Production and Marketing Administration (Sugar Branch)

PART 802—SUGAR DETERMINATIONS

DETERMINATION OF FAIR AND REASONABLE WAGE RATES FOR PERSONS EMPLOYED IN THE PRODUCTION, CULTIVATION, OR HARVESTING OF SUGARCANE IN PUERTO RICO DURING THE CALENDAR YEAR 1946

Pursuant to section 301 (b) of the Sugar Act of 1937, as amended, the following determination is hereby issued:

§ 802.44h *Fair and reasonable wage rates for persons employed in the production, cultivation, or harvesting of sugarcane in Puerto Rico during the calendar year 1946.* The requirements of section 301 (b) of the Sugar Act of 1937, as amended, shall be deemed to have been met with respect to the production, cultivation, or harvesting of sugarcane in Puerto Rico during the calendar year 1946, if all persons employed on the farm during that period in the production, cultivation, or harvesting of sugarcane shall have been paid in full for all such work and shall have been paid wages in cash therefor at rates not less than the following:

(a) *Day rates.* The day rate for the first eight hours of work performed in any 24-hour (except for ditch diggers, ditch cleaners, or field flooders in Class E, when the applicable day rate shall be for the first 7 hours of work performed in any 24-hour period) shall be as follows:

Class of work	Farms other than Interior farms	Interior farms [1]
A. All kinds of work not classified below	$1.50	$1.40
B. Tractor operators	2.35	2.20
Non-harvest operations		
C. Cartmen in cultivation work	1.60	1.50
D. Plow steersmen and operators of irrigation pumps	1.80	1.65
E. Ditch diggers, ditch cleaners, field flooders (per 7-hour day) [2]	1.80	1.65
Harvest operations		
F. Cartmen in harvest work	2.00	1.80
G. Sugarcane cutters (for grinding or planting), seed cutters, crane operators, dumpers	1.80	1.65
H. Portable track handlers, railroad or portable track car loaders	2.00	2.00
I. Cane cart or track loaders	1.90	1.80

[1] Interior farms shall be deemed to be those farms the sugarcane from which is marketed (or processed) at the following mills: Santa Barbara, Herminia, or Pellejas.

[2] Field flooders shall be deemed to be workers who set up or remove banks in drainage ditches when used for flooding cane fields.

(b) *Hourly rates.* Persons working less than 8 hours (or 7 hours under Class E) in any 24-hour period shall be paid the hourly equivalent of the day rates provided in paragraph (a).

(c) *Overtime.* Persons employed for more than 8 hours (or 7 hours under Class E) in any 24-hour period shall be paid for the overtime at a rate double the hourly equivalent of the day rates provided in paragraph (a).

(d) *Piece rates.* If work is performed on a piece rate basis the earnings per day or per hour shall be not less than those specified under paragraph (a), (b), or (c) above, whichever is applicable.

(e) *Wage increases.* For each fortnight of the period covered by this determination the wage rates shall be increased in accordance with the applicable scale set forth below, whenever the New York average price of raw sugar, duty paid basis, delivered, is more than $3.865 per hundred pounds, for any such fortnight.

Fortnightly average price of sugar—		Increase per day over rates prescribed under par. (a) (cents per day)
More than—	But not more than—	
$3.865	$4.115	10
4.115	4.365	21
4.365	4.615	32
4.615	4.865	43
4.865	5.115	54

The above increases shall also be applied to the daily earnings of workers employed on a piece rate basis. Increases for part of a day's work on a time or piece rate basis shall be paid in proportion.

(f) *General provisions.* (1) If the producer and laborer agree upon a wage rate for any class of work higher than that prescribed herein, payment in full of the agreed upon rate must be made to qualify the producer for payment.

(2) The producer shall furnish to the laborer, without charge, the perquisites customarily furnished by him, such as a dwelling, garden plot, pasture lot, and medical services.

(3) The producer shall not, through any subterfuge or device whatsoever, reduce the wage rates to laborers below those determined above.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 904—MILK IN THE GREATER BOSTON, MASSACHUSETTS, MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 1940 ed. 601 *et seq.*), and of the order, as amended, regulating the handling of milk in the Greater Boston, Massachusetts, marketing area (8 F.R. 3109; 8 F.R. 8294; 9 F.R. 4972), hereinafter referred to as the "order," it is hereby determined that §§ 904.8 (d) (2) and 904.10 (g) of the order do not tend to effectuate the declared policy of the act with respect to milk received by a han-

dler who sells or distributes less than 10 percent of his total receipts of milk as Class I in the marketing area from November 1, 1945, to November 30, 1945, both dates inclusive.

It is therefore ordered, That §§ 904.8 (d) (2) and 904.10 (g) of the order be, and they hereby are, suspended from November 1, 1945, to November 30, 1945, both dates inclusive.

Issued at Washington, D. C., this 16th day of November 1945.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Regs., Serial No. 350]

PART 40—AIR CARRIER OPERATING CERTIFICATION

PENNSYLVANIA-CENTRAL AIRLINES CORP.; NONCOMPLIANCE WITH REQUIREMENTS AS TO FIRST PILOTS

Noncompliance with the requirements of § 40.2611 (b) of the Civil Air Regulations with respect to the approved route of Pennsylvania-Central Airlines Corporation over the Richmond-Raleigh-Durham Airway.

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 14th day of November 1945.

The following Special Civil Air Regulation is made and promulgated to become effective November 14, 1945:

Any first pilot listed in the Pennsylvania-Central Airlines Corporation air carrier operating certificate on November 1, 1945, will be deemed to have met the requirements prescribed by § 40.2611 (b) of the Civil Air Regulations with respect to the piloting of aircraft in scheduled air transportation over the approved route on the Richmond-Raleigh-Durham Airway when he has completed one one-way trip over the route as first pilot without passengers or as second pilot with or without passengers and one one-way trip as observer from the cockpit.

This regulation shall terminate February 15, 1946.

TITLE 32—NATIONAL DEFENSE

Chapter XI—Office of Price Administration

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 16,[1] Amdt. 86]

MEAT, FATS, FISH AND CHEESES

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Section 7.21 is added to read as follows:

SEC. 7.21 *User of peanut oil in manufacture of peanut butter not an industrial user in certain cases.* (a) Some peanut butter is made by extracting oil from peanuts, refining the oil (which may also be hydrogenated or otherwise processed as well) and combining it with the residue of peanuts left after extraction of oil for this operation in the same proportion (less refining and processing losses) as the amount of oil extracted bore to the peanut residue after extraction. The use of the peanut oil extracted in the course of this operation to make peanut butter in this way is not an industrial use of this oil, and the person who uses it so is not an industrial user. A person engaged in this operation may use any amount of such peanut oil to make peanut butter in this way. However, before a person may engage in this operation, he must notify, in writing, the District Office for the place where his principal place of business is located that he intends to engage in it. He must also keep a record of the amount of peanut oil he extracts, the amount of peanut residue left from the extraction, and the amount of peanut oil and peanut residue he uses to make peanut butter.

(b) A person engaged in this operation, who has notified the District Office that he is so engaged, and who refines, bleaches, deodorizes, hydrogenates or similarly processes peanut oil which he extracted and which he uses in this operation, shall not be deemed to be a primary distributor with respect to this oil.

(c) A person who is engaged in this operation and who has notified the District Office that he is so engaged, may deliver peanut oil which he extracted and which he will use in this operation to a primary distributor for further processing, and may acquire that oil from a primary distributor without giving up or receiving points for it. Such person must, when he acquires such oil, give the primary distributor a written statement setting out his name and address, the amount of oil so acquired, and a certification that the oil so acquired was extracted and will be used in accordance with this section. Each primary distributor who refines or otherwise processes such oil shall attach to the report which he files in accordance with section 4.11 of this order, all such statements received during the reporting period covered by the report.

This amendment shall become effective November 23, 1945.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 19th day of November 1945.

Administrator.

PART 1346—BUILDING MATERIALS

[MPR 592, Amdt. 2]

SPECIFIED CONSTRUCTION MATERIALS AND REFRACTORIES

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 592 is amended in the following respects:

1. Section 17 (d) is amended to read as follows:

(d) *Delegation of authority.* The Price Administrator, or any Regional Administrator or any District Director who may be authorized by the appropriate Regional Administrator in whose region or district the particular community or defined area is located, may issue orders under this section, and in connection with such adjustments for manufacturers, may in appropriate cases adjust maximum prices for resellers of the commodity in that community or area. Applications for area adjustments under this section shall be filed with the Regional or District Office of the Office of Price Administration for the Region or District in which the particular community or defined area is located.

2. Section 23 is amended to read as follows:

SEC. 23. *Area pricing orders.* (a) The Price Administrator may, and each Regional Administrator of the Office of Price Administration or any District Director who may be authorized by the appropriate Regional Administrator is authorized to issue and put into effect orders establishing manufacturers' maximum prices for commodities covered by this regulation applicable to a particular community or a defined area. In connection with the issuance of such orders fixing maximum prices for manufacturers, the Price Administrator, each Regional Administrator or District Director may also fix the maximum prices for all resellers of such commodities in the particular community or defined area. Area orders under this section shall supersede other sections of this regulation to the extent provided in such orders. Such orders issued by Regional Administrators or District Directors shall have the same force and effect as if issued by the Price Administrator. To the extent that such orders fix maximum prices for resellers, this section supersedes the General Maximum Price Regulation.

(b) Regional Administrators or District Directors shall observe the following standards in issuing orders under this section.

(1) Maximum prices shall be set forth in dollars-and-cents amounts unless this shall clearly appear to be impractical or inappropriate.

(2) Maximum prices thus set forth shall not exceed the general level of prices as fixed by this regulation.

(c) Orders issued under this section shall be filed with the Division of the Federal Register.

This amendment shall become effective November 24, 1945.

Issued this 19th day of November 1945.

CHESTER BOWLES,
Administrator.

PART 1397—CONSTRUCTION OF BUILDING AND STRUCTURES

[RMPR 251, Amdt. 4]

CONSTRUCTION SERVICES AND SALES OF INSTALLED BUILDING MATERIALS

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation No. 251 is amended in the following respect:

Section 9 is amended to read as follows:

SEC. 9. *Area pricing orders under this regulation.* (a) The Price Administrator may, and each Regional Administrator of the Office of Price Administration and any District Director who is authorized by the appropriate Regional Administrator is hereby authorized to issue and put into effect pricing orders under this Revised Maximum Price Regulation No. 251, in accordance with the Emergency Price Control Act of 1942, as amended, and consistent with Executive Orders Nos. 9250, 9328, 9599, and 9651, establishing maximum prices for particular kinds, types, or classifications of construction services or sales of installed building materials, or both, applicable to a particular community or a defined area. Any such pricing order issued by a Regional Administrator or District Director in accordance with this section 9, including the standards set forth below, shall have the same force and effect as if issued by the Price Administrator. Any such pricing order may be revised, amended, or revoked by the Price Administrator.

In issuing area pricing orders under this section 9, each Regional Administrator or District Director so authorized by the appropriate Regional Administrator shall observe the following standards:

(1) Maximum prices shall be stated in dollars-and-cents terms unless this shall clearly appear to be impracticable or inappropriate.

(2) Maximum prices fixed by any such pricing order shall not exceed the general level of prices in the area.

(b) Area pricing orders and accompanying opinions issued under this section 9 shall be filed with the Division of the Federal Register. Area pricing orders issued under this section shall supersede other sections of this regulation to the extent provided in such orders.

This amendment shall become effective November 24, 1945.

Issued this 19th day of November 1945.

CHESTER BOWLES,
Administrator.

[MPR 149, Amdt. 21]

MECHANICAL RUBBER GOODS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 149 is amended in the following respects:

1. Section 1315.35, Appendix B, is amended by deleting therefrom the item:

Flooring, mats, and matting,

and substituting in lieu thereof the following:

Flooring, mats, and matting, except household mats and matting, kneeling pads, and household stair treads.[1]

2. The following footnote is added to § 1315.35, Appendix B:

[1] The maximum prices for household mats and matting, kneeling pads, and household stair treads that were established under Maximum Price Regulation 149 before these items were removed from the coverage of this regulation, are revoked, effective December 14, 1945.

This amendment shall become effective November 24, 1945.

Issued this 19th day of November 1945.

PART 1401—SYNTHETIC TEXTILE PRODUCTS

[MPR 602]

WOMEN'S NYLON HOSIERY

A statement of the considerations involved in the issuance of this Maximum Price Regulation 602 has been issued simultaneously herewith and filed with the Division of the Federal Register.

In the judgment of the Price Administrator, the maximum prices established by the regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended.

SECTION 1. *Ceiling prices fixed by this regulation.* This regulation fixes ceiling prices for all sales of women's nylon hosiery in the finished state or in the greige.

(a) *Women's finished nylon hosiery.* The ceiling prices for sales at retail, sales at wholesale and sales by manufacturers of women's finished nylon hosiery are set forth below in Tables 1, 2 and 3 of Appendix B. Table 1 applies to full-fashioned hosiery. Table 2 applies to circular knit hosiery. Table 3 applies to certain special constructions.

As used in this regulation, women's nylon hosiery include women's and misses' full length hosiery of less than 45 inches in length, the leg of which is made in whole or in part of nylon. It does not include hosiery made to specifications of motion picture studios and sold to motion picture companies for use exclusively in the production of motion pictures.

(b) *Women's full-fashioned nylon hosiery in the greige.* The ceiling prices for any sales of women's full-fashioned hosiery in the greige are fixed at the manufacturer's ceiling prices for first quality women's finished unbranded hosiery as set forth in Appendix B, less $1.75 per dozen if not preboarded, and less $1.50 per dozen if preboarded.

As used in this regulation, women's nylon hosiery in the greige include the same kind of hosiery described in paragraph (a) except that they are in the greige rather than in the finished state.

SEC. 2. *Types of sales.*—(a) *Sales at retail.* A sale at retail is a sale in compliance with the provisions of this regulation to an ultimate consumer, by a seller who regularly conducts a retail business. "Ultimate consumer" also includes industrial, commercial and institutional users who do not buy for resale.

Appendix B provides specific prices for sales by "chain stores" and "mail order houses" as defined below.

(1) *"Chain stores"* — (i) *Who are "chain stores."* Certain sellers at retail are classified as "chain stores." As used in this regulation, a chain store means a store which is one of a group of five or more commonly owned or controlled retail stores which, as a group, had in any calendar year since 1938 an "average percentage of initial markup" of 34 percent or less on women's full length hosiery. To determine this markup, the chain must:

(a) Compute the total of the initial retail prices at which all purchases of this hosiery were marked during a given year.

(b) Compute the total of all invoice charges on purchases of the hosiery during the same year (figured after all discount deductions and including all transportation costs).

(c) Subtract the total secured in (b) from the total secured in (a); and

(d) Divide the remainder by the total obtained in (a).

Sellers who are composed of a group of five or more commonly owned or controlled retail stores which as a group had, in every calendar year since 1938, an "average percentage of initial markup" of more than 34% should prepare the above computation for each year since 1938 and deliver the computation signed by the seller or a responsible official of the seller to Consumer Goods Price Division, Office of Price Administration, Washington 25, D. C., by registered mail. Until this computation is mailed to the Office of Price Administration, sales made by all sellers composed of a group of five or more commonly owned or controlled retail stores shall be considered sales by "chain stores" and priced accordingly.

(ii) *Exceptions for certain sales.* Any group of stores classified under this section as "chain stores" may file an application for permission to sell and deliver at the ceiling prices specified in column (g) of Table I, Appendix B, such full-fashioned women's nylon hosiery as it purchases at the ceiling prices specified in column (d) of Table I, Appendix B, from establishments making sales at wholesale if it can establish that more than 50 percent (in dozens) of all the women's full-fashioned full length hosiery which was delivered to it during each of the years 1941, 1942 and 1943 (or during each of the years 1941, 1942 and 1943 in which it has been engaged in the business of selling women's full-fashioned full length hosiery) was purchased by it from establishments making sales at wholesale. Such application must be filed in writing with the Consumer Goods Price Division, Office of Price Administration, Washington 25, D. C., and shall contain the following information:

(a) The name and address of the applicant, and the number of stores in its group;

(b) The date on which applicant first engaged in the business of selling women's full-fashioned full length hosiery;

(c) Facts showing that the applicant is a "chain store" under the provisions of section 2 (a) (1) (i) of this regulation;

(d) The number of dozens of pairs of women's full-fashioned full length hosiery which was delivered to it during each of the years 1941, 1942 and 1943 (or during each of the years 1941, 1942 and 1943 in which it was in the business of selling women's full-fashioned, full length hosiery);

(e) The number of dozens of pairs of women's full-fashioned hosiery as specified in subdivision (d) which were delivered to it by establishments making sales at wholesale and the number of dozens of pairs which were delivered to it by manufacturers during each of the years 1941, 1942 and 1943 (or during each of the years 1941, 1942 and 1943 in which it was in the business of selling full-fashioned full length hosiery);

(f) The names and addresses of each establishment making sales at wholesale which delivered women's full-fashioned full length hosiery to the applicant during each of the years 1941, 1942 and 1943 (or during each of the years 1941, 1942 and 1943 in which it was in the business of selling women's full-fashioned full length hosiery) and the number of dozens of pairs delivered to the applicant by each such establishment during each of those years.

No sales or deliveries may be made by "chain stores" at higher than the ceiling prices specified in column (e) of Table I until specific authorization is granted in writing by the Office of Price Administration pursuant to this subdivision. An order by the Office of Price Administration granting permission to sell rayon hosiery at prices in column (g), Table I, of 2d Revised Maximum Price Regulation 339 shall constitute authorization to sell, at prices in column (g), Table I of this regulation, nylon hosiery lawfully purchased (in a sale at wholesale) at ceiling prices in column (d), Table I of this regulation.

(2) *"Mail order houses."* A mail order house is an establishment selling at retail which does a "mail order business" (i. e., makes offerings through retail catalogs or price lists, receives orders and delivers by mail to ultimate consumers) and which in any calendar year since 1938 had an average percentage of initial markup of 34 percent or less on women's full length hosiery. "Average percentage

[1] 7 F.R. 8521, 8948, 9492; 8 F.R. 8502, 11951; 10 F.R. 5523.

of initial markup" shall be computed in accordance with the provisions of subparagraph (1) of this paragraph. Sellers doing a mail order business, who in every calendar year since 1938 had an "average percentage of initial markup" of more than 34%, should prepare this computation for all women's hosiery not produced by them covering each of the years since 1938 and deliver the computation signed by the seller or a responsible official of the seller to Consumer Goods Price Division, Office of Price Administration, Washington, D. C., by registered mail. Until this computation is mailed to the Office of Price Administration, sales made by sellers doing a "mail order business" shall be considered sales by "mail order houses" and priced accordingly.

(b) *Sales at wholesale*—(1) *Definition.* A "sale at wholesale" is a sale of any quantity of nylon hosiery in compliance with the provisions of this regulation by a seller who is a qualified wholesaler at the time of the sale and has been a "qualified wholesaler" continuously since January 1, 1942. A seller is a "qualified wholesaler" if he meets all of the following tests:

(i) The seller carries a representative stock of women's hosiery in his place of business, making at least 90 percent of his deliveries "from stock" carried in his place of business (as opposed to "drop shipments" as defined in Appendix B, Table I); and

(ii) The seller takes title to all of the women's hosiery handled by him and bears the risk of loss or damage while in his possession.

(iii) The seller sells women's hosiery to independent retail stores generally and not primarily or principally to a single retailer or group of retailers under common ownership or to a buying syndicate or group.

(iv) The seller is not a buying office or other agency representing retailers or a central office or warehouse for commonly owned or controlled retail stores.

(v) The seller represents himself and is generally known as a wholesaler and does business as a wholesaler of women's hosiery in an establishment not located in, or physically connected with, any building in which hosiery is knit, assembled or finished.

(vi) The seller is not and does not represent himself as a manufacturer, manufacturer's agent, manufacturer's representative, "selling agent," "factor," "mill agent," "broker," or "commission broker."

(2) *How to secure a "qualified wholesaler's" registration number.* In order to secure a "qualified wholesaler's" registration number a wholesaler should send to Consumer Goods Price Division, Office of Price Administration, Washington, D. C., a request stating that he was a "qualified wholesaler" (as defined in this regulation) of women's hosiery on January 1, 1942, and that he is now and was at all times subsequent to January 1, 1942 a "qualified wholesaler" in accordance with this definition. If he is affiliated with a manufacturer he must explain the nature and extent of the affiliation. On and after January 1, 1946 no sale at wholesale may be made unless the seller has secured a qualified wholesaler's registration number, and unless this number is stated on the invoice which is required to be delivered to the buyer, by section 5 (c) (2) of this regulation.

(3) *How to apply for special qualification.* If a seller entered the business of selling women's hosiery at wholesale between January 1, 1942 and November 1, 1945, he may sell women's nylon hosiery at wholesale prices until January 1, 1946: *Provided*, That he meets all of the other qualifications of section 2 (b); *And provided*, That he has sent, by registered mail, to the Consumer Goods Price Division, Office of Price Administration, an application for permission to sell women's nylon hosiery in the form outlined below in this paragraph for other sellers who seek special qualification. No seller who entered the business of selling women's hosiery between January 1, 1942, and November 1, 1945 may sell women's nylon hosiery at higher than manufacturers' prices after January 1, 1946, unless he has received written permission from OPA to do so pursuant to his request. If a seller entered the business of selling women's hosiery at wholesale after November 1, 1945 or if for some other reason, does not meet all of the other qualifications set forth in section 2 (b) he is not permitted to sell women's nylon hosiery at higher than manufacturers' prices until he has secured permission in writing from the Office of Price Administration, Washington, D. C. Application for permission to sell under these conditions at wholesale prices shall be made by filing a statement with the Consumer Goods Price Division, Office of Price Administration, Washington, D. C., containing a full description of the extent to which the business which the applicant conducts or proposes to conduct, meets or fails to meet the qualifications in section 2 (b) and information to establish that he conducts a business which renders a recognized, bona fide distributive function normally performed in the sale of women's hosiery at wholesale, and to establish that the granting of permission to sell to the applicant will not have the effect of increasing prices to retailers or consumers or otherwise impair the effectiveness of this regulation.

(4) *Wholesalers affiliated with manufacturers (or their representatives).* Where a seller qualifies to make sales at wholesale under the provisions of this section but is an affiliate of a manufacturer or of his agent, selling agent or selling representative, the sales which the affiliate makes of such manufacturer's production of women's hosiery which are in excess of the proportion of the manufacturer's production of women's hosiery that the seller sold in the year 1942 must not be sold at prices higher than manufacturer's ceiling prices: *Provided, however*, That if the seller has, since January 1, 1942, become an affiliate of the manufacturer or of his agent, selling agent, or selling representative he cannot sell any women's nylon hosiery produced by this manufacturer at higher than manufacturers' ceiling prices. One person is an affiliate of another if:

(i) There is a profit-sharing agreement between them; or

(ii) There is a common ownership of both to the extent of 10 percent or more or there is ownership of one by the other to the extent of 10 percent or more; or

(iii) They have a common management, operation, control or direction or one is controlled, managed, operated or directed by the other.

(c) *"Sales by manufacturers."* (1) "Sales by manufacturers' include any sale of hosiery produced by a manufacturer as defined below or by his agent, employee or representative. A manufacturer is a person who knits, sews or assembles women's hosiery or for whom women's hosiery is knit, sewn, or assembled from yarn or other materials which he supplied, purchased or furnished. Hosiery is "produced" by a manufacturer if he knits, sews or assembles the hosiery or has the hosiery knit, sewn or assembled for him from yarn or other materials which he supplied, purchased or furnished. However, sales of women's nylon hosiery sold to ultimate consumers by a manufacturer who regularly conducts a retail business, other than mail order, are governed by the ceiling prices for sales at retail. If the manufacturer conducts a mail order business, sales by mail to ultimate consumers are governed by the ceiling prices for sales by "mail order houses".

(2) *Sales which do not qualify as "sales at retail" or "sales at wholesale."* These sales are governed by the ceiling prices established for sales by manufacturers.

(3) *Limitation of distribution by manufacturers to non-retail sellers.* No manufacturer shall deliver in any calendar quarter year a larger percentage of his production of women's nylon hosiery (including finished and greige goods), to sellers other than sellers-at-retail, than his "wholesaler percentage". A manufacturer's "wholesaler percentage" is the percentage that a manufacturer's deliveries in 1941, of women's full-length hosiery (including finished and greige goods) to sellers other than sellers-at-retail, bore to his total deliveries of women's full-length hosiery (including finished and greige goods). Deliveries by a manufacturer's agent or selling representative are to be considered as deliveries by the manufacturer. Deliveries to retailers' buying agencies, such as buying syndicates and central buying offices, are to be considered as deliveries to sellers-at-retail.

SEC. 3. *Branded full-fashioned hosiery*—(a) *Two kinds of manufacturers' prices.* Two sets of ceiling prices are fixed for sales of full-fashioned hosiery by manufacturers. One set applies to sales of "branded hosiery" (as defined below). Another set applies to sales of unbranded hosiery (that is, hosiery which does not meet the definition of "branded").

(b) *Definition of branded hosiery.* For the purpose of this regulation women's full-fashioned nylon hosiery is branded if it meets all of the following conditions:

(1) It is first quality hosiery delivered by a manufacturer directly to retail establishments under the manufacturer's trade name or trademark and sold by the retailer to consumers under such trade name or trademark; and

(2) The women's hosiery was regularly advertised under the trade name or trademark by the manufacturer in the year 1941 or 1942 either in the consumer press or by other advertising directed to the consumer not including advertising by displays, posters, inserts, or other similar forms of advertising on the premises where the hosiery is sold.

(3) It is delivered by a manufacturer who in each of the years, 1941, 1942 and 1943 had regularly serviced retail outlets out of finished stock owned and kept on hand by the manufacturer for that purpose.

(c) *Limitation on amount of hosiery to be sold at "branded" ceiling prices.* (1) No manufacturer shall deliver "branded" nylon hosiery in any calendar quarter year at prices above those specified for unbranded hosiery in Appendix B to a greater percent of his total deliveries in dozens of pairs than his "branded percentage." A manufacturer's "total deliveries" for the purpose of this computation shall consist of only his deliveries of first quality finished full fashioned women's nylon hosiery (excluding irregulars, seconds, and thirds) and his deliveries of full-fashioned women's nylon hosiery in the greige of all grades. However, a manufacturer may add to the number of dozens of hosiery which he is permitted to deliver at "branded" ceilings in any calendar quarter year the number of dozens by which he has fallen short of delivering his "branded percentage" in any previous calendar quarter or quarters of the same calendar year.

For example: A manufacturer has a "branded percentage" of 80. In the first calendar quarter, his total deliveries of full-fashioned women's nylon hosiery (including only hosiery in the greige and first quality finished hosiery) is 50,000 dozen. With a "branded percentage" of 80, he would be permitted to deliver up to 40,000 at "branded" ceilings in this quarter. Actually, however, he delivers only 38,000 dozen (2,000 less than his limit). In the second quarter, this manufacturer arranges for delivery of 40,000 dozens (including only hosiery in the greige and first quality finished hosiery). Since his "branded percentage" is 80, he would normally be entitled to deliver 32,000 dozens at "branded" ceilings. However, he may add to this amount of "branded" hosiery the 2,000 dozens by which he has fallen short in the previous calendar quarter. (The previous quarter must have been in the same calendar year.) Accordingly, out of the 40,000 dozen which he delivers in this quarter year, he may deliver 34,000 dozens (32,000 plus 2,000) at "branded" ceilings.

(2) As a further limitation on the quantity of women's nylon hosiery which may be sold by a branded manufacturer at higher than unbranded prices, a manufacturer may not, after January 1, 1946, regardless of his branded percentage, sell at prices higher than manufacturer's unbranded prices, in any calendar half year more nylon hosiery than 50 percent of the total number of dozens of branded hosiery of all fibres that the manufacturer sold in the year 1941.

(3) A manufacturer's "branded percentage" is the percentage that his deliveries in 1941 of women's "branded" full-length full-fashioned hosiery of all fibres bore to his total deliveries in 1941 of both women's first quality finished full-fashioned full-length hosiery of all fibres and of women's full-fashioned full-length hosiery of all fibres and grades in the greige. The ceiling price for all sales in excess of the "branded percentage" is the ceiling price for unbranded hosiery.

(4) On or before January 20, 1946, and on or before the 20th day of April, July, October and January thereafter, every manufacturer who has delivered women's "branded" nylon hosiery in the previous calendar quarter year shall file with the Consumer Goods Price Division, Office of Price Administration, Washington, D. C., a signed statement showing for the previous calendar quarter year each of the following:

(i) His total volume delivered (by dozens of pairs) of first quality finished full-fashioned women's nylon hosiery;

(ii) His total volume delivered (by dozens of pairs) of full-fashioned women's nylon hosiery in the greige of all grades; and

(iii) His total volume (by dozens of pairs) of full-fashioned women's nylon hosiery (broken down by the brands) delivered at ceiling prices above those specified for unbranded hosiery.

The report due on or before January 20, 1946 should cover only deliveries made after the effective date of this regulation.

(d) *Report which must be filed before selling "branded" nylon hosiery.* Before commencing to sell any nylon hosiery as branded hosiery a manufacturer must prepare and file with the Consumer Goods Price Division of the Office of Price Administration, Washington 25, D. C., a signed statement setting forth the information specified below in this paragraph. Manufacturers who have furnished this information accurately and in full, pursuant to the provisions of Second Revised Maximum Price Regulation 339, need not refile. The statement must show:

(1) The total number of dozens of pairs of women's full-fashioned full length hosiery in the greige of all fibres and grades and the total number of dozen pairs of women's first quality finished full-fashioned full length hosiery of all fibres which he delivered in the year 1941.

(2) The trade names and trademarks owned and used by him in each of the years 1941, 1942 and 1943 on women's first quality full-fashioned full length hosiery of all fibres which he delivered directly to retail establishments serviced out of his own finished stock kept on hand for that purpose.

(3) The number of dozens of pairs delivered in the manner described in subparagraph (2) of this paragraph must be separately stated for each brand and the total of all brands delivered in this way must be stated for each of the years 1941, 1942 and 1943.

(4) An exact statement showing dates and media of advertisements for each brand since January 1, 1941. Advertising directly to ultimate consumers (not to the trade) paid for in whole or in part by the manufacturer should be reported. Not more than ten advertisements per annum need be reported for any one brand.

(5) The amount of "branded percentage" as defined in paragraph (c) of this section.

SEC. 4. *Maximum prices by special application.*—(a) *Nylon hosiery not specifically priced.* Maximum prices for women's nylon hosiery not specifically priced in Appendix B can be established only by specific authorization from the Office of Price Administration, Washington 25, D. C. No person is permitted to deliver nylon hosiery for which a maximum price is not provided in Appendix B unless he receives such authorization. A seller who wants to secure a specific maximum price must file with the Consumer Goods Price Division of the Office of Price Administration, Washington 25, D. C., an application setting forth a description in detail of the nylon hosiery concerning which the application is made, together with a sample thereof. The seller must also submit a detailed breakdown of the current cost of the hosiery in accordance with applicant's accounting practice.

(b) *Hosiery specifically priced, but having additional features.* Where nylon hosiery is specifically priced in this regulation, but contains special features, a higher ceiling than that already stated may be authorized in certain exceptional cases. Higher ceilings for hosiery with special features will be established upon application where the special features are readily recognizable and where the Administrator is satisfied, from evidence submitted by the applicant that the special features will extend the useful life of the hosiery at least to the extent of the price increase. Consideration will not be given to pricing of special features the cost of which is less than 5¢ per dozen.

A seller who wants to secure such a higher-than-established ceiling for hosiery containing a special feature must file with Consumer Goods Price Division of the Office of Price Administration, Washington 25, D. C., an application setting forth a detailed description of the special feature concerning which the application is made including the utility value of the feature, and direct labor, indirect labor and royalty costs.

SEC. 5. *Marking and other information*—(a) *What marking must be made.* The person who first sells hosiery in a finished state must mark it with a transfer, label, ticket or other device firmly affixed to at least one stocking of each pair of hosiery. No nylon hosiery in the finished state may be sold, offered for sale or delivered unless there is firmly affixed to the hosiery one of the marking devices described above in this section which contains the following information clearly and correctly stated.

(1) The words "O. P. A. Ceiling" or "O. P. A. Ceiling Price", accompanied by the maximum price at retail under this regulation; (if the hosiery is sold by a manufacturer to a person selling at wholesale ceiling prices or by a retailer who purchased the hosiery from a wholesaler permitted to sell at wholesale ceiling prices, the letter "W" must precede the maximum price. If the hosiery meets the definition of "branded" as stated in this regulation and is permitted

to be sold at branded ceiling prices, the letter "T" must precede the maximum price).

(2) The trade-mark, trade name, or the "manufacturer's registration number" of the person who first sells the hosiery in a finished state. Sellers who finish hosiery may secure these registration numbers by writing to the Consumer Goods Price Division, Office of Price Administration, Washington, D. C. Manufacturers who have secured "O. P. A. Numbers" pursuant to Second Revised Maximum Price Regulation 339 may use such numbers as "Manufacturers' Registration Numbers".

(3) The gauge or needle count of the hosiery.

(4) The word "out-size" on all outsize hosiery.

(5) The words "extra-long" on all hosiery 33½" long or longer.

(6) The word "irregulars" on all irregulars; the word "seconds" on all seconds; and the word "thirds" on all thirds. This marking of substandard hosiery must be placed on each stocking of the pair.

(7) The denier of the leg yarn.

(8) Fibre content in accordance with Trade Practice Rules of the Federal Trade Commission for the Hosiery Industry as promulgated May 15, 1941.

Information required by subparagraphs (1), (3) and (7) above must be marked on the welt within an outlined space or block having dimensions no less than ¾" x 1½" in the case of a transfer or no less than ⅜" x ¾" in the case of a label or ticket. No other printing or lettering is permitted within the space or block except that the person who first sells the hosiery in a completely finished state may include his name, brand, or "manufacturer's registration number." Two examples are set forth below:

O. P. A. Ceiling T-$1.40 45 Gauge—40 Denier "Name" Brand

O. P. A. Ceiling W-$1.20 340 Ndls.—40 Denier MFR. No. 999

Any of the other information required by this paragraph may be placed on the welt provided it does not confuse or obscure the information contained in the space or block or it may be placed upon the foot of the stocking.

(b) *Exceptions to marking provision*—(1) *Export sales.* These marking provisions do not apply to sales made to "exporters" as that term is defined in Second Revised Maximum Export Price Regulation. However, exporters must mark any hosiery which they sell in the domestic market or to a purchaser in any territory or possession of the United States or to a purchaser in the United States for shipment to any such territory or possession, in accordance with the marking provisions of this Regulation.

(2) *Sales prior to January 15, 1946, (temporary marking provision).* The marking required by this section may, until January 15, 1946, be made by tag, insert or other device contained in, or attached to the hosiery. If delivery is made to an ultimate consumer prior to January 15, 1946 in an envelope sealed by the manufacturer, the marking may be affixed to the outside of the envelope. In such case delivery must be made to the ultimate purchaser with the envelope unopened.

(3) *Sales - at - wholesale to "chain stores" and "mail order houses."* Hosiery which is sold at wholesale to "chain stores" and "mail order houses" and which is correctly marked except that the price is the price fixed by column "g", Table 1, Appendix B, need not be re-marked by the seller-at-wholesale provided that the seller-at-wholesale includes on or annexes to the invoice for the delivery the following statement:

The hosiery in this shipment is not correctly marked. OPA MPR 602 requires you to re-mark it correctly before you sell it.

Please note that you must:

[Specify corrections which must be made. Example: "Change 45gg ceiling price to $1.20."]

(c) *Other information.* — (1) *For marking.* Any person making a sale other than a sale at retail shall furnish to his purchaser within five days after receipt of a written request, all information regarding the construction and quality of the nylon hosiery pertinent to the marking requirements of the purchaser.

(2) *Invoices.* Each person in connection with every sale (except a sale at retail) shall deliver an invoice or other similar document showing:

(i) The name and address of the seller and the purchaser;

(ii) The date of invoicing;

(iii) The number of dozens of hosiery delivered, broken down by construction, denier of leg yarn, gauge or needle count and the number of dozens in each gauge or needle count of firsts, irregulars, seconds and thirds;

(iv) The selling price per dozen for each of the kinds of hosiery specified in (iii) and the terms of sale;

(v) The seller's ceiling price per dozen for each of the kinds of hosiery specified in (iii) where the selling price is not the same as the ceiling price;

(vi) The seller's "qualified wholesaler's" registration number in the case of sales at wholesale made after December 31, 1945.

Every seller (including sellers at retail) shall retain for inspection by the Office of Price Administration a copy of each invoice given or received pursuant to this section. These records shall be retained for so long as the Emergency Price Control Act, as amended, remains in effect.

SEC. 6. *Explanation of terms.* (a) The "gauge" of full fashioned hosiery is the number of needles per 1½" of the needle bar on which the hosiery is knit, assuming the use of the full needle bar except for a tolerance of four needles.

(b) The "needle count" of circular knit hosiery is the total number of needles which operate to make the stocking on the knitting cylinder of the machine on which the hosiery is knit.

(c) "Full length hosiery" is hosiery designed to be worn with the welt above the knee.

SEC. 7. *Amendments.* Any person seeking an amendment which will have general applicability may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

SEC. 8. *When taxes may be added to ceiling prices.* If a statute or ordinance permits a tax to be separately stated, the seller is permitted to charge or collect, in addition to the price, a tax on the sale or delivery of the hosiery provided he states the tax separately. This applies, however, only to a tax on a particular sale or delivery such as a gross tax or compensating use tax. Taxes on prior sales or deliveries may not be added.

SEC. 9. *Relation to other maximum price regulations.* (a) General Maximum Price Regulation.

(1) *Applicability.* The General Maximum Price Regulation shall not apply and this regulation shall apply to sales, deliveries and offers to sell women's nylon hosiery. However, § 1499.14 of the General Maximum Price Regulation (Sales slips and receipts) is made a part of this regulation and each seller must comply with this provision.

(2) *Definitions incorporated by reference.* Unless the context otherwise requires, or unless otherwise specifically provided herein, the definitions set forth in § 1499.20 of the General Maximum Price Regulation shall apply to the terms used herein.

(b) *Second Revised Maximum Export Price Regulation.* This regulation shall not apply to nor supersede transactions regulated or governed by Second Revised Maximum Export Price Regulation.

(c) *Licensing Order No. 1.* The licensing provisions of Licensing Order No. 1, licensing all persons who make sales under price control shall apply to all sellers subject to this regulation. A seller's license may be suspended for violation of this regulation. A person whose license is suspended may not during the period of suspension make any sale for which his license has been suspended.

(d) Maximum Price Regulation 95. (Women's nylon hosiery) is superseded by this regulation.

SEC. 10. *Geographical applicability.* This regulation shall be applicable to the continental United States and to the District of Columbia, but not to the territories and possessions of the United States.

SEC. 11. *Prohibitions and enforcement*—(a) *Prohibitions.* On and after November 20, 1945, regardless of any contract or obligation, no person shall:

(1) Sell or deliver any nylon hosiery at a price higher than the maximum price permitted by this regulation; or

(2) Sell or deliver any nylon hosiery for which a maximum price is not provided in Appendix B unless he receives from the Office of Price Administration, Washington, D. C., a specific maximum price therefor, as provided in section 4; or

(3) Require a purchaser to buy or agree to buy any hosiery or other article, service, package, or wrapper in connection with a sale or delivery of nylon hosiery; or

(4) Buy or receive nylon hosiery in the course of trade or business at a price higher than the maximum price permitted by this regulation; or

(5) Offer, attempt, or agree to do any of the acts prohibited by this regulation; or

(6) Do any other act which directly or indirectly increases above the maximum price the consideration paid by the purchaser for nylon hosiery. Any practice which is a device to secure the effect of a higher-than-ceiling price is as much a violation as an outright raising of the maximum price. This applies to but is not limited to the devices making use of commissions, services, cross sales, transportation arrangements, premiums, discounts, special privileges, tying-agreements, trade understandings and similar practices.

(b) *Enforcement.* Persons violating any provisions of this regulation are subject to criminal penalties, civil enforcement action, suits for treble damages and proceedings for suspension of licenses provided by the Emergency Price Control Act of 1942, as amended.

APPENDIX A—STANDARDS OF INSPECTION

Nylon hosiery must be classified and marked according to the standards of inspection set forth below:

(a) *Explanation of table of defects.* The following table illustrates how hosiery containing any of the defects listed should be classified. Hosiery containing any of the defects listed in columns (1), (2), or (3), or more serious defects cannot be considered first quality. If the defects are limited to those in column (1), the hosiery are irregulars. If the defects are limited to those in columns (1) and (2), the hosiery are seconds. If the hosiery contain any of the defects in column (3) or more serious defects, and are still merchantable as stockings, they are thirds.

(b) *Table of defects (reference is to defect in either stocking).*

Column (1)	Column (2)	Column (3)
(1) Welt defects. (i) Badly mismatched welts. (2) Leg defects. (i) Minor yarn defects such as slubs, knots, broken filaments, shiners. (ii) Visible rings or shadows. (iii) Visible sinker strips or lines. (iv) Uneven stitch construction. (v) Visible picked up pull threads. (vi) Light color contrasts or shadings. (3) Foot defects. (i) Heavy dye streaking. (ii) Light mismatching at instep.	(1) Welt defects. (i) Menders less than ½". (2) Leg defects. (i) Menders or seamers less than ¼". (ii) Major yarn defects such as decided rings, heavy slubs, kinks or large knots. (iii) Fuzzy sinker or needle line marks. (iv) Sharply defined color contrasts or shadings. (3) Foot defects. (i) Heavy mismatching at instep. (4) Over-all defects. (i) Lengths under 26½". (ii) Menders, limited to two medium or two small menders.	(1) Welt defects. (i) Menders in excess of ½". (2) Leg defects. (i) Menders or seamers in excess of ¼". (3) Over-all defects. (i) More than two medium or three small menders.

Notes to Tables

[1] *How to use tables.* "Chain stores" and "mail order houses" will find the maximum prices at which they may sell nylon hosiery in column (e) above. Other retailers who buy unbranded hosiery direct from manufacturers will find the maximum prices at which they may sell nylon hosiery in column (f) and they will find in column (g) the maximum prices at which they may sell branded hosiery purchased from a manufacturer or hosiery branded or unbranded which they bought from a "qualified wholesaler" in a sale at wholesale. Hosiery sold "house to house" may be sold at the prices shown in column (g). Only first quality hosiery may be sold at branded ceiling prices.

Drop shipments under sales at wholesale are sales which qualify as sales at wholesale and in addition involve delivery to the retailer either from a place of business other than that of the seller-at-wholesale, or shipment by such seller to the retailer in substantially the same shipping case, shipping container, or outer covering in which the seller received the hosiery.

Manufacturers who are not retailers have but two possible types of sales. When they sell "branded hosiery" (as that term is defined in section 3 of the regulation) they will find their ceilings in column (e). Their unbranded hosiery ceilings are found in column (b). Hosiery classed as irregulars, seconds or thirds may not be sold at "branded" ceilings. Manufacturers should likewise note that no hosiery which they sell to wholesale establishments may be sold at prices higher than those shown in column (b). Manufacturers who are also retailers will find an explanation of their retail prices in section 2 (e).

Description of constructions referred to in Table 1.

(a) *Extra length stockings* are those with a minimum length of 33½" finished.

(b) *Lace and mesh stockings* are those with a distinctive lace or mesh pattern throughout the leg portion, knit with full lace or modified lace tackle on a full-fashioned knitting machine. No lace or mesh premium may be applied to gauges higher than 51 if such premium results in a price greater than the corresponding lace or mesh price for 51 gauge.

(c) *Outsize hosiery.* 14" and 14½" outsize hosiery is hosiery which

(i) Is knit on 14" and 14½" needle bar using the full needle bar (with tolerance of 4 needles);

(ii) Is knit with no fashionings or narrowings in the flare;

(iii) Is boarded on outsize forms in accordance with accepted trade practice. 15" and 16" outsize hosiery is hosiery which is knit on a full 15" or 16" needle bar (with a tolerance of 4 needles) and is boarded on outsize forms in accordance with accepted trade practice. No outsize premium may be applied to gauges higher than 45 if such premium results in a price greater than the corresponding price of 45 gauge.

(d) *Non-run stockings* are those which are knit throughout the leg portion by one of the generally accepted methods of knitting non-run fabric. No non-run premium may be applied to gauges higher than 45 if such premium results in a price greater than the corresponding non-run price for 45 gauge.

(e) *All-nylon.* If hosiery is made entirely of continuous filament nylon thread, or if the entire stocking is made with continuous filament nylon thread and any part of the foot is reinforced with another fibre the hosiery is considered all-nylon. In the case of outsize hosiery, if the stocking is made with a cotton welt and is otherwise all-nylon except for foot reinforcement it is considered all-nylon.

(f) *Nylon leg.* If the leg is knitted entirely of continuous filament nylon thread, but some other portion of the stocking is made of another fibre (except for foot reinforcement described in (e) and cotton welt in outsize hosiery) the stocking is considered "nylon leg."

(g) *Jacquard stockings* are those made with a distinctive ornamental pattern or design on a full-fashioned knitting machine using a full Jacquard premium tackle. No Jacquard premium may be applied to gauges finer than 51 if such premium results in a price greater than the corresponding price for 51 gauge Jacquard stocking.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 262,[1] Amdt. 20]

SEASONAL AND MISCELLANEOUS FOOD COMMODITIES

A statement of the considerations involved in the issuance of this amendment has been issued and filed with the Division of the Federal Register.

§ 1351.955e *Maximum prices for producers of mincemeat, adjusted for 1945 apple costs.* (a) Any producer who figured his maximum price for an item of mincemeat under this regulation before November 15, 1945, shall refigure that price according to this paragraph; and any producer who figures his maximum price for the first time on or after that date shall figure it according to this paragraph. He shall:

(1) *Start with the 1943 maximum price.* The producer shall use as his starting point his maximum price as figured under § 1351.955c.

(2) *Subtract 1943 cost of fresh apples.* Next, the producer shall subtract his 1943 weighted average cost delivered to his customary receiving point of the fresh apples actually used in the item, as figured under and subject to the limitations of § 1351.955c.

(3) *Add 1945 cost of fresh apples.* Finally, the processor shall add to the resulting figure his 1945 weighted average cost delivered to his customary receiving point of the fresh apples actually used by him in the item, after conversion to cents per unit of the finished product by applying the simple average of his 1941 and 1943 case (unit) yields and by adjusting for grade according to his customary practice. "Weighted average cost delivered to his customary receiving point" means the total amount

[1] 7 F.R. 9244, 10844; 8 F.R. 262, 273, 437, 973, 2285, 5164, 9201, 10568, 11040, 11447, 14965, 15935, 16687, 17227; 9 F.R. 347, 9783; 10 F.R. 2617, 7401, 9129.

paid or contracted to be paid, including all charges for delivery to the producer's customary receiving point, divided by the total number of pounds purchased or contracted for between July 1, 1945 and the date of calculation under this section. In no event, however, shall this weighted average cost delivered to his customary receiving point exceed $4.10 per one hundred pounds raw weight, in the case of a producer whose customary receiving point is located in Washington, Oregon, California, Idaho or Montana, or $5.60 per one hundred pounds raw weight, in the case of a producer whose customary receiving point is located in any other state.

(b) A producer with one or more customary receiving points in each area shall figure separately his maximum prices for mincemeat that he produces from apples received in Washington, Oregon, California, Idaho or Montana and for mincemeat that he produces from apples received in other states. Such a producer may, if he wishes, establish a uniform maximum price for any item by figuring a weighted average of his two maximum prices for that item as follows: He shall (a) determine the total estimated receipts that would have been obtained if his production of the item during the one-year period immediately preceding the date of the calculation had been sold at the separate maximum prices in effect on the date of calculation and (b) diyide that figure by the total number of units of the item included in that production. A producer who establishes a uniform maximum price in that way shall refigure his weighted average maximum price at the end of each subsequent one-year period on the basis of sales during the one-year period immediately preceding the date of recalculation.

(c) Each producer shall report his maximum prices he figures under this section as though mincemeat were being included in this regulation for the first time on November 15, 1945. Until he reports those maximum prices pursuant to § 1351.959a, he may not sell above his former maximum prices.

(d) With the first delivery of an item after a producer has reported his maximum price and thereafter with the first delivery of an item after the effective date of any provision changing his maximum price, he shall supply each wholesaler and retailer who purchases from him with written notice reading as follows:

(Insert date)

NOTICE TO WHOLESALERS AND RETAILERS

Our OPA ceiling price for (*describe item by kind, grade, brand, container type and size*) has been changed by the Office of Price Administration. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulation No. 421, 422 or 423, you must refigure your ceiling price for the item on the first delivery of it to you from your customary type of supplier with this notification on or after (*insert the date on which the producer reported his price or, where applicable, effective date of amendment*). You must refigure your ceiling price following the rules in section 6 of Maximum Price Regulation No. 421, 422 or 423, whichever is applicable to you.

For a period of 60 days after reporting the new maximum price for the item, and with the first shipment after the 60-day period to each wholesaler or retailer who has not made a purchase within that time, each producer shall include in each case, carton, or other receptacle containing the item, the written notice set forth above, or securely attach it to the outside. However, for sales direct to any retailer, the producer may supply the notice by attaching it to, or stating it on, the invoice covering the shipment instead of providing it with the goods.

The terms "wholesaler" and "retailer" mean the persons respectively referred to as "wholesalers" and "retailers" in Maximum Price Regulation Nos. 421,[1] 422,[2] and 423.[3]

This amendment shall become effective November 15, 1945.

NOTE: All record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942.

Issued this 15th day of November 1945.

CHESTER BOWLES,
Administrator.

Approved: November 14, 1945.

Acting Secretary of Agriculture.

[MPR 280,[4] Amdt. 56]

MAXIMUM PRICES FOR SPECIFIC FOOD PRODUCTS

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 280 is amended in the following respect:

Section 1351.806a is added to read as follows:

§ 1351.806a *Individual adjustment of maximum prices for cottage cheese*—(a) *When adjustments may be made.* Either upon application in accordance with Revised Procedural Regulation No. 1, or on his own motion, the Price Administrator may adjust a processor's maximum price for cottage cheese established under this regulation, when it appears that:

(1) The maximum price is below the median price at which sales of cottage cheese are made by processors located in the general processing area;

(2) The processor would be entitled to a price increase under the standards set forth in paragraph (b) below, and

(3) In the judgment of the Price Administrator, an increase in the processor's maximum price would be in furtherance of the purposes of the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328.

(b) *Amount of adjustment.* The maximum price, as adjusted under this section, shall in no event be higher than the median price at which sales of cottage cheese are made by processors located in the general processing area. Subject to this limitation and the limitation of paragraph (a) (3), the adjusted maximum price shall not exceed the following amount:

(1) Processing costs and direct delivery costs for cottage cheese, if the processor's percentage of net operating profits (before income and excess profits taxes) to net sales, during the most recent fiscal year, was 3 percent or higher; or

(2) Total costs for cottage cheese, if the processor's percentage of net operating profits (before income and excess profits taxes) to net sales, during the most recent fiscal year, was less than 3 percent but no lower than 1½ percent; or

(3) Total costs for cottage cheese plus a profit equal to 1½ percent of the adjusted maximum price, if the processor's percentage of net operating profits (before income and excess profits taxes) to net sales during the most recent fiscal year, was lower than 1½ percent.

In determining adjustments under this section changes in prices resulting from the granting of adjustments under this section shall, so far as practicable, be disregarded.

(c) *Adjustment for distributors.* Any distributor, other than a retailer whose sales are governed by Maximum Price Regulations 422 and 423, purchasing cottage cheese from a processor whose maximum price has been increased under the provisions of this section may add to his maximum price for cottage cheese purchased from such processor the same amount of the increase granted the processor.

(d) *Definitions.* When used in this section the term:

(1) "Cottage cheese" means cottage cheese and creamed cottage cheese as defined in "cream cheese, neufchatel cheese, cottage cheese, and creamed cottage cheese; Definitions and Standards of Identity" promulgated by the Food and Drug Administration and published in the Federal Register of December 23, 1942. It contains not more than 80 percent moisture, as determined by the method prescribed under "Moisture—Official" on page 301 of "Official and Tentative Methods on Analysis of Association of Official Agricultural Chemists," Fifth Edition, 1940. If any State regulation prescribes processing methods and requirements for cottage cheese, the product covered by this regulation shall be deemed to include such cottage cheese and creamed cottage cheese made in conformity with State laws. Plain "cottage cheese" contains less than 4 percent butterfat; "creamed cottage cheese" contains at least 4 percent, but not more than 5 percent, of butterfat.

(2) "Net sales" means total sales less return sales of finished product.

(3) "Processing costs" means:

(i) Actual cost per unit, delivered to the plant, of all ingredients and packaging materials for which maximum prices have been established, figured at no more than the current maximum prices applying to the class of purchasers to which the processor belongs, or, if no maximum prices have been established, figured at no more than their current market prices;

(ii) Direct labor cost per unit figured at no more than lawful current rates;

(iii) Other costs of processing per unit, such as indirect labor (figured at no more than lawful current rates), depreciation, factory rental, insurance, machinery repairs, and other cost factors generally pertaining to processing operations, but not including general administrative and selling expenses.

(4) "Direct delivery costs" means actual cost of delivering the product, where such cost is borne by the processor, including commissions paid to route drivers as a part of their wages, but not including other selling expense or commissions paid to sales people who do not make deliveries.

(5) "Total costs" means processing costs, direct delivery expenses and general administrative and selling expenses per unit.

(6) "Median price" means the middle price of a series of prices arranged in order of size or, if the series consists of an even number of prices, the simple arithmetic average of the two middle prices.

(e) *Form and place of filing application.* Applications for adjustment under this section shall be filed with the Office of Price Administration, Washington, D. C., in duplicate, on Office of Price Administration Form No. 6031–2555, and shall contain the information specified in the form with the following qualifications: In Part II under Item E include only actual cost of delivery, including gasoline, oil, repairs and depreciation of trucks, wages or route drivers, and commissions paid to drivers where such payment represents a portion of the drivers' wages; do not include supervisory salaries or wages.

Where price adjustment is sought for more than one type of product, type of package, or class of purchaser, the applicant must complete a form for each such item.

Copies of Form 6031–2555 may be obtained from any field office of the Office of Price Administration or from the Poultry, Eggs and Dairy Products Branch, Food Price Division, Office of Price Administration, Washington, D. C.

This amendment shall become effective November 24, 1945.

NOTE: All record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 19th day of November 1945.

CHESTER BOWLES,
Administrator.

Approved: November 7, 1945.

PART 1384—HARDWOOD LUMBER PRODUCTS

[MPR 568,[1] Amdt. 5]

HARDWOOD PLYWOOD

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 568 is amended in the following respects:

1. In section 3 (b), that portion of subparagraph (1) which precedes subdivision (i) is amended to read as follows with the balance of subparagraph (1) remaining as presently written:

(1) *Technical hardwood plywood.* For hardwood plywood manufactured according to Specification AN–NN–P–511b, AN–P–69, 72–48, 39–P–15 (Int.) 82–17 § B–1c and B–1d (Marine and Hutment grades), JAN–P–66 § B–1c, B–1d and B–1e, (Marine, Hutment and Fire Retardant grades), or JEG–11, an application for price approval shall be considered only, (A), on sales or quotations to the United States or any agency thereof or, (B), on sales or quotations to a buyer who indicates or shows to the satisfaction of the Office of Price Administration that the particular specification of hardwood plywood is required for the particular purpose to which the plywood is put.

2. In section 16 (b), subdivision F of Table 4 is amended to read as follows:

For lumber core panels (except as stated below) of Grade No. 1 (or Regular) hardwood lumber cores, of any construction within the limits of paragraph 83 of Commercial Standard CS35–42, animal glue, price as follows:

For 5 ply add to prices for ¼", 3 ply veneer core panels in Tables 1, 2 and 3:

	Zone 1	Zone 2	Zone 3
LENGTHS UP TO 48"			
Panel thicknesses:			
Up to ¾"	$147.00	$147.00	$151.25
13/16" to 1 1/16"	197.00	203.00	203.00
1 1/16" to 1 3/16"	247.00	260.25	265.00
1 1/16" to 1 1/4"	297.00	320.50	333.00
1 5/16" to 1 3/8"	347.00	363.75	369.50
LENGTHS OVER 48"			
Panel thicknesses:			
Up to ¾"	147.00	147.00	157.00
13/16" to 1 1/16"	197.00	203.00	208.75
1 1/16" to 1 3/16"	247.00	260.25	280.50
1 1/16" to 1 1/4"	297.00	320.50	352.00
1 5/16" to 1 3/8"	347.00	363.75	380.50
For each two plies over 5 ply add to the above prices regardless of thickness	11.00	29.50	29.50
For 3 ply deduct from the above prices regardless of thickness	11.00	29.50	29.50

For hardwood panels with lumber core of definitely specified species not at option of seller for which seller made an extra charge prior to December 6, 1944, or of other than hardwood, or of hardwood "stave" construction, apply for approval of a price under section 3 (b).

This amendment shall become effective November 24, 1945.

Issued this 19th day of November 1945.

PART 1413—SOFTWOOD LUMBER PRODUCTS

[3d Rev. MPR. 13, Amdt. 1]

DOUGLAS FIR PLYWOOD

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Third Revised Maximum Price Regulation 13 is amended in the following respects:

1. In section 5, paragraph (b) is amended to read as follows:

(b) The mark-up on the sum of the carload f. o. b. mill price (for direct-mill shipments) and inbound carload freight (figured according to paragraph (a) above) shall be not more than the following:

In sales of—	Ponderosa pine plywood	Douglas fir, hemlock, Noble fir and white fir plywood	
		Class I: For any seller who after June 30, 1945 receives or has received at least one carload in a direct-mill shipment	Class II: All other sellers
1,000 square feet or more of plywood	Percent 50	Percent 33⅓	Percent 45
Less than 1,000 square feet of plywood	60	45	55

2. A new section 5a is added to read as follows:

SEC. 5a. *Delegation of authority to Regional Administrators.* In accordance with General Order 68, or upon application by a seller, each Regional Administrator or any District Director so authorized by the appropriate Regional Administrator is authorized to establish dollars-and-cents maximum prices at the retail level with adjustments as follows:

(1) When, in a particular community or defined area, a substantial proportion of those purchasers of plywood defined in section 5 (b) as "all other sellers" pay inbound common carrier freight from their normal sources of supply in excess of $.45 per hundred pounds, the dollars-and-cents prices may be increased per thousand square feet by the actual freight paid over $.45 per hundred pounds computed on a thousand square feet basis for the particular thickness.

(2) In sales of plywood in less than 1,000 square feet, the maximum price may be established per square foot adjusted to the nearest one-quarter of a cent per square foot.

This amendment shall become effective November 24, 1945.

Issued this 19th day of November 1945.

CHESTER BOWLES,
Administrator.

TREASURY DEPARTMENT.

Office of the Secretary.

[1945 Dept. Circ. 781]

⅞ PERCENT TREASURY CERTIFICATES OF INDEBTEDNESS OF SERIES J-1946

OFFERING OF CERTIFICATES

I. *Offering of certificates.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions from the people of the United States for certificates of indebtedness of the United States, designated ⅞ percent Treasury Certificates of Indebtedness of Series J-1946, in exchange for Treasury Certificates of Indebtedness of Series H-1945, maturing December 1, 1945, Treasury Notes of Series B-1945, National Defense Series, maturing December 15, 1945, or Treasury Bonds of 1945, maturing December 15, 1945. Exchanges will be made par for par in the case of the maturing certificates, at par with an adjustment of interest as of December 1, 1945, in the case of the maturing notes, and at par with an adjustment of interest as of December 15, 1945, in the case of the maturing bonds.

II. *Description of certificates.* 1. The certificates will be dated December 1, 1945, and will bear interest from that date at the rate of ⅞ percent per annum, payable on a semiannual basis on May 1 and November 1, 1946. They will mature November 1, 1946, and will not be subject to call for redemption prior to maturity.

2. The income derived from the certificates shall be subject to all Federal taxes, now or hereafter imposed. The certificates shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The certificates will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer certificates with interest coupons attached will be issued in denominations of $1,000, $5,000, $10,000, $100,000 and $1,000,000. The certificates will not be issued in registered form.

5. The certificates will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States certificates.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of certificates applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment for certificates allotted hereunder must be made on or before December 1, 1945, or on later allotment. Payment of the principal amount may be made only in Treasury Certificates of Indebtedness of Series H-1945, maturing December 1, 1945, in Treasury Notes of Series B-1945, National Defense Series, maturing December 15, 1945, or in Treasury Bonds of 1945, maturing December 15, 1945, which will be accepted at par and should accompany the subscription. In the case of the maturing notes, coupons dated December 15, 1945 must be attached to the notes when surrendered, and accrued interest from June 15, 1945 to December 1, 1945 ($3.4631 per $1,000) will be paid following acceptance of the notes. In the case of the maturing bonds in coupon form, payment of accrued interest on the new certificates from December 1, 1945 to December 15, 1945 ($0.3384 per $1,000) should be made when the subscription is tendered. In the case of maturing registered bonds, the accrued interest will be deducted from the amount of the check which will be issued in payment of final interest on the bonds surrendered. Final interest due December 15 on bonds surrendered will be paid, in the case of coupon bonds, by payment of December 15, 1945 coupons, which should be detached by holders before presentation of the bonds, and in the case of registered bonds, by checks drawn in accordance with the assignments on the bonds surrendered.

V. *Assignment of registered bonds.* 1. Treasury Bonds of 1945 in registered form tendered in payment for certificates offered hereunder should be assigned by the registered payees or assignees thereof to "The Secretary of the Treasury for exchange for Treasury Certificates of Indebtedness of Series J-1946 to be delivered to _____", in accordance with the general regulations of the Treasury Department governing assignments for transfer or exchange, and thereafter should be presented and surrendered with the subscription to a Federal Reserve Bank or Branch or to the Treasury Department, Division of Loans and Currency, Washington, D. C. The bonds must be delivered at the expense and risk of the holder.

VI. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for certificates allotted, to make delivery of certificates on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive certificates.

2. The Secretary of the Treasury may at any time, or from time to time, prescribing supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

FEDERAL COMMUNICATIONS COMMISSION.

RAILROAD RADIO SERVICE

ORDER INVITING ORAL ARGUMENT IN THE MATTER OF PROMULGATION OF RULES AND REGULATIONS

Whereas, in the light of the evidence presented "In the Matter of the Investigation of the Establishment and Use of Radiocommunications Systems in Railroad Operations" (Docket No. 6593), it is desirable that rules and regulations governing the operation of radio stations in connection with railroad operations should be promulgated as soon as possible; and

Whereas, the Commission on May 25, 1945, issued its final Report of Allocations from 25,000 kilocycles to 30,000,000 kilocycles (Docket 6651), allocating frequencies for a new railroad radio service; and

Whereas, a considerable amount of experimentation has now been completed on the part of various railroads pursuant to experimental authorizations issued by the Commission for the purpose of obtaining, among other things, the necessary information for the establishment of the railroad radio service on a regular basis; and

Whereas, the rules now proposed to be adopted for governing the new railroad radio service have previously been discussed with representatives of the Association of American Railroads and other interested railroad representatives;

Now, therefore, it is hereby ordered, This 14th day of November 1945, that, unless otherwise ordered by the Commission upon the consideration of objections filed as hereinafter provided, a new Part 16, Rules and Regulations Governing Railroad Radio Service, be, and it is hereby, adopted, effective December 31, 1945 in the form shown on the attachment hereto.

It is further ordered, That any interested party may within 20 days from the date hereof, file a statement in writing setting forth reasons why Part 16 of the Commission's rules and regulations should not become effective in the form shown in the attachment hereto and request oral argument thereon; and, if such reasons are substantial, oral argument will be granted.

AUTHORITY: §§ 16.1 to 16.143 issued under 48 Stat. 1082; 47 U.S.C. 303.

DEFINITIONS [1]

§ 16.1 *Railroad.* The term "railroad" as used in this part includes any railroad common carrier and all facilities of every kind used or necessary in railway transportation.

§ 16.2 *Railroad radio service.* The term "railroad radio service" means a radio communication service used in connection with and concerning railroad operations.

§ 16.3 *Train radio station.* The term "train radio station" means a radio station used primarily for end-to-end, fixed point to train, and train to train communications, in connection with the operation of railroad trains over a track or tracks extending through yards and between stations upon which trains are operated by time table or train order, or both, or the use of which is governed by block signals.

§ 16.4 *Yard and terminal radio station.* The term "yard and terminal radio station" means a radio station used for radio communication within railroad yard or terminal areas.

§ 16.5 *Railroad utility radio station.* The term "railroad utility radio station" means a station used for communications which are of practical necessity in connection with railroad operation and maintenance.

LICENSES

§ 16.21 *Eligibility for license.* Authorizations for the various classes of stations in the railroad radio service will be issued only to persons or organizations operating as railroad common carriers. However, experimental authorizations may be issued to communications common carriers for the purpose of providing railroad radio service.

§ 16.22 *License period.* Unless otherwise stated in the authorization, licenses for all stations in the railroad radio service will be issued for a period of two years, or such shorter period as may be necessary to provide for the expiration of all licenses at 3 a. m. Eastern standard time on February 1.

§ 16.23 *Posting station licenses.* (a) The license of each station operated at a fixed location shall be posted at a convenient place where the transmitter is located.

(b) The license covering each portable and mobile station shall be retained in the files of the licensee and remain available for inspection upon request by any authorized representative of the Commission.

(c) A license verification card issued by the Commission and certifying to the licensed status of each portable or mobile unit shall be attached to each portable or mobile transmitter.

APPLICATIONS

§ 16.41 *Application for authorization for stations operated exclusively on railroad rolling stock.* A construction permit is not required for stations located and operated exclusively on railroad rolling stock, but a station license is required for each such station. A single license application may be submitted covering any designated number of identical mobile transmitter units of the same class of station.

§ 16.42 *Application for authorization for portable or mobile stations not operated exclusively on railroad rolling stock.* (a) A construction permit and station license is required for all transmitter units of portable or mobile stations not located and operated exclusively on railroad rolling stock. A single construction permit application may be submitted covering any designated number of identical portable or mobile transmitter units of the same class of station.

(b) An application for license covering any number of identical portable or mobile transmitter units of the same class of station may be submitted after completion of construction or installation of such transmitter units in accordance with the terms of the construction permit.

§ 16.43 *Application for authorization for stations at fixed locations.* (a) An individual construction permit application shall be submitted for each station to be located and operated exclusively at a fixed point.

(b) An application for a license for each station at a fixed location may be submitted after completion of construction or installation of the station in accordance with the terms of the construction permit.

§ 16.44 *Application for renewal or modification of licenses.* An individual application may be submitted for the renewal or modification of any station license in the railroad radio service; or a blanket application may be submitted for renewal of a group of station licenses of the same class or for modification of a group of station licenses of the same class where the modification requested is the same for all stations covered by the application. The radio stations covered by a blanket application shall be clearly identified therein.

TECHNICAL SPECIFICATIONS

§ 16.61 *Frequencies.* The following frequencies (in megacycles) are allocated to the following classes of stations in the Railroad Radio Service:

(a) To train radio stations primarily for stations on board railroad rolling stock and for land stations primarily for use in communicating with stations on board railroad rolling stock:

158.43	159.33	160.23	161.13
158.49	159.39	160.29	161.19
158.55	159.45	160.35	161.25
158.61	159.51	160.41	161.31
158.67	159.57	160.47	161.37
158.73	159.63	160.53	161.43
158.79	159.69	160.59	161.49
158.85	159.75	160.65	161.55
158.91	159.81	160.71	161.61
158.97	159.87	160.77	161.67
159.03	159.93	160.83	161.73
159.09	159.99	160.89	161.79
159.15	160.05	160.95	161.85
159.21	160.11	161.01	161.91
159.27	160.17	161.07	161.97

These frequencies may also be used on a secondary basis for intercommunication between adjacent land stations provided interference is not caused to the train radio station service for which the frequencies are primarily allocated.

(b) To yard and terminal and railroad utility stations:

(1) All frequencies in paragraph (a) of this section except 158.43, 159.09, 159.57, 159.81, 160.53 and 161.01 Mc, provided interference is not caused to train radio stations. The application requesting assignment of these frequencies for use by yard, terminal or railroad utility stations shall show why interference will not be caused to train radio stations.

(2) Specific frequencies to be designated within the following television channels—44–50, 54–60, 60–66, 66–72, 82–88, 186–192, 192–198, 198–204, 204–210, 210–216 Mc. Frequencies so designated will be assigned on a mutually non-interfering basis subject to such additional limitations and restrictions as may be deemed necessary.

(c) The assignment of any of the frequencies enumerated above in paragraphs (a) and (b) may be restricted in use to one or more specified geographic areas and may be authorized for use by one or more licensees.

(d) The frequency or frequencies immediately available for assignment to any particular area or railroad may be ascertained by communicating with the Secretary of the Federal Communications Commission, Washington 25, D. C.

§ 16.62 *Emissions.* Types A–1, A–2, A–3, A–4 and special emission (a) for frequency modulation for telephony, and (b) for operation of signalling, calling and similar devices, may be authorized for stations in the railroad radio service. Where special emission other than frequency modulation for telephony is requested to be authorized, the application shall describe the type of emission in complete detail.

§ 16.63 *Modulation and band width.* (a) In the case of amplitude modulation the carrier shall be modulated to a sufficiently high degree to provide effective communication, but the modulation shall not exceed 100 percent on peaks.

(b) In the case of frequency modulation the maximum positive or the maximum negative frequency deviation arising from modulation plus the deviation of the carrier from the assigned frequency due to frequency instability shall not exceed 30 kcs. In all cases, the emissions shall be confined within the assigned channel to the extent permitted by the development of the art.

§ 16.64 *Frequency stability.* The carrier frequency of stations in the railroad radio service shall be maintained within 0.005 per cent of the assigned frequency.

§ 16.65 *Frequency measurements.* The licensee of each station shall employ a suitable procedure to determine that the carrier frequency of each licensed transmitter is within the prescribed tolerance and shall make such determination at least once each six months. The results of these determinations and the signature of the person making the determination shall be entered in the licensee's records.

§ 16.66 *Power.* The power which may be used by a station in the railroad radio service shall be no more than the minimum required for satisfactory technical operation commensurate with the size of the area to be served and local conditions which affect radio transmission and reception. The normal power shall not exceed 100 watts input to the final radio frequency stage of the transmitter. Power in excess of this amount may be authorized where data in support of such request are submitted clearly showing the need for higher power.

OPERATING SPECIFICATIONS; SCOPE OF SERVICE

§ 16.81 *Permissible transmissions.* Stations in the railroad radio service may be used only for transmissions relating to and essential to operation of railroads.

§ 16.82 *Points of communication.* In accordance with the provisions of § 16.81 stations in railroad radio service may be used to communicate with:

(a) Other stations in the railroad radio service licensed to the same licensee or receiving stations operated by the same licensee.

(b) Stations in the railroad radio service licensed to other licensees or receiving stations operated by other railroads where cooperation or coordination of activities is necessary in connection with railroad operations.

(c) Licensed stations in other radio services and U. S. Government stations or receiving stations in case of an emergency or impending emergency jeopardizing life, public safety, or important property.

§ 16.83 *Coordinated service.* Any applicant for an instrument of authorization, or existing licensee, proposing to furnish a coordinated railroad radiocommunication service to one or more railroads eligible under the Commission's rules for railroad radio station authorizations shall make specific notarized request, in duplicate, for authority to furnish such service. The request or application for such authority shall contain a complete description of the service to be rendered, the terms and conditions upon which such service is to be rendered or exchanged, including the details of any arrangements for the sharing of capital investment or operating expenses and the basis of any charges to be made for the rendition of such service. Copies of all agreements or other arrangements including written statements of any oral agreements or arrangements relating to such services shall be attached to the application.

RECORDS

§ 16.101 *Station record.* All stations in the railroad radio service operated at fixed locations shall maintain records showing:

(a) Names of railroad employees who use the radio transmitters.

(b) Results of maintenance tests made pursuant to § 16.122.

(c) Failure or improper operation of radio transmitting equipment.

(d) Where an antenna or antenna supporting structure(s) is required to be illuminated.

(1) The time the tower lights are turned on and off if manually controlled;

(2) The time the daily visual observation of the tower lights was made;

(3) In the event of any observed failure of a tower light,

(i) Nature of such failure;

(ii) Time the failure was observed;

(iii) Time and nature of the adjustments, repairs or replacements made;

(iv) Time notice was given to the Airway Communication Station (C. A. A.) of the failure of any tower light not corrected within thirty minutes;

(v) Time notice was given to the Airways Communication Station (C. A. A.) that the required illumination was resumed; and

(4) Upon completion of the periodic inspection required at least once each three months.

(i) The date of the inspection and the conditions of all tower lights and associated tower lighting control devices; and

[1] Reference is made to section 3 of the Communications Act of 1934, as amended, for definitions of "radio communications", "land station", "mobile station", etc., and to Article 1, Sections 1, 2 and 3 of the General Radio Regulations (Cairo Revision, 1938) annexed to the International Telecommunication Convention for other definitions. These sections are contained in Appendix A of Part 2 of the Commission's rules and regulations.

The Part 2 General Rules and Regulations of the Commission contain those general regulations which are applicable to all types of radio stations, in addition to the specialized regulations prescribed for particular services. The procedural regulations of the Commission governing such matters as the form to be followed in the filing of applications for station authorizations in all services are contained in Part 1 of the Commission's rules of practice and procedure. As soon as practicable, all of the Part 2 General Rules and certain of the Part 1 Procedural Rules, applicable to railroad-radio stations, will be integrated within this Part 16 for convenience of reference.

(ii) Any adjustments, replacements or repairs made to insure compliance with the lighting requirements.

§ 16.102 *Required retention period.* Records required by the railroad radio service rules shall be retained by the licensee for a period of at least one year.

TESTS

§ 16.121 *Equipment tests.* Upon completion of construction of a radio station in exact accordance with the terms of the construction permit, the technical provisions of the application therefor and the rules and regulations governing the station and prior to filing of application for license, the permittee is authorized to test the equipment for a period not to exceed ten days, *Provided, however,* That the inspector in charge of the district in which the station is located is notified 2 days in advance of the beginning of tests and the permittee is not notified by the Commission to cancel, suspend or change the date for the period of such tests.

§ 16.122 *Service tests.* When construction and equipment tests are completed in exact compliance with the terms of the construction permit, the technical provisions of the application therefor, and the rules and regulations governing the station and after an application for station license has been filed with the Commission showing the transmitter to be in satisfactory operating condition, the permittee is authorized to conduct service tests in exact accordance with the terms of the construction permit for a period not to exceed 30 days, *Provided, however,* That the inspector in charge of the district in which the station is located is notified 2 days in advance of the beginning of such tests and the permittee is not notified by the Commission to cancel, suspend or change the date for the period of such tests. Service tests are not authorized after expiration date of the construction permit.

§ 16.123 *Maintenance tests.* All licensed stations in the railroad radio service shall be tested as may be required for proper maintenance of the stations and the railroad radio communication system. All necessary precautions shall be taken, however, to avoid interference with other stations and test time shall be kept to the minimum commensurate with insurance of reliable communication.

MISCELLANEOUS

§ 16.141 *Station identification.* Each station in the railroad radio service shall be identified during each communication or exchange of a series of communications. During an exchange of communications exceeding fifteen minutes in length, each station shall be identified at the end of each fifteen minute period. In lieu of assigned call letters, identification may be made by the name of the railroad and the train number, caboose number, engine number or name of fixed wayside station; or, if that is not practicable, by such other number or name as may be specified by the railroad concerned for the use of employees of the railroad to identify the fixed point or mobile unit where the radio station is located. Where identification is made other than by train number, caboose number or engine number, a list of such identifications shall be maintained by the railroad. An abbreviated name or initial letters of the railroad may be used where such name or initial letters are in general usage. In those cases where it is shown that no difficulty would be encountered in identifying the transmissions of a particular station, as for example where stations of one licensee are located in a yard isolated from other radio installations, approval may be given to a request of the licensee for permission to omit station identification.

§ 16.142 *Who may operate stations.* Stations in the railroad radio service may be operated only by persons holding commercial radio operators licenses issued by the Commission and in accordance with the rules governing commercial radio operators or by employees of the station licensee meeting the qualifications prescribed by the Commission and in accordance with the limitations prescribed by the Commission in its Order No. 126 for operation by such employees.

§ 16.143 *Inspection of stations.* All classes of stations in the railroad radio service shall be made available for inspection upon request of a representative of the Commission except where serious interference with a railroad operation in progress or immediately impending would result, in which event the station shall be made available immediately upon termination of the operation or at such other time as may be satisfactory to the Commission's representative.

[S. O. 374]

UNLOADING OF BEER AT DALLAS, TEX.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 16th day of November, A. D. 1945.

It appearing, that cars MILW 700741, NYC 111049, RI 141091 and N&W 120317 containing beer at Dallas, Texas, on the Gulf, Colorado and Santa Fe Railway Company have been on hand for an unreasonable length of time and that the delay in unloading said cars is impeding their use; in the opinion of the Commission an emergency exists requiring immediate action, it is ordered, that:

Beer at Dallas, Texas, be unloaded. (a) The Gulf, Colorado and Santa Fe Railway Company, its agents or employees shall unload forthwith cars MILW 700741, NYC 111049, RI 141091 and N&W 120317 containing beer on hand at Dallas, Texas, consigned shippers order, notify Prairie Distributing Company, Dallas, Texas.

(b) Said carrier shall notify the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., when such carloads have been completely unloaded in compliance with the requirements of paragraph (a). Upon the unloading and receipt of such notice this order shall expire. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901, 911; 49 U.S.C. 1 (10)-(17), 15 (2))

It is further ordered, that this order shall become effective immediately, and that a copy of this order and direction shall be served upon the Gulf, Colorado and Santa Fe Railway Company, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

[Vesting Order CE 64]

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN CERTAIN NEW YORK COURTS

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian:

Having found that each of the persons named in Column 1 of Exhibit A, attached hereto and by reference made a part hereof, was a person within the designated enemy country or enemy-occupied territory appearing opposite such person's respective name in Column 2 of said Exhibit A;

Having determined that it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A, and having taken such measures;

Finding that as a result of such action or proceeding each of said persons obtained or was determined to have an interest in property, which interest is particularly described in Column 4 of said Exhibit A;

Finding that such property is in the possession, custody or control of the person described in Column 5 of said Exhibit A; and

Finding that the Alien Property Custodian has incurred, in each of such court or administrative actions or proceedings, costs and expenses in the amount stated in Column 6 of said Exhibit A,

hereby vests in the Alien Property Custodian, to be used or otherwise dealt with in the interest, and for the benefit, of the United States, from the property in the possession, custody, or control of the persons described in said Column 5 of said Exhibit A, the sums stated in said Column 6 of said Exhibit A, such sums being the amounts of such property equal to the costs and expenses incurred by the Alien Property Custodian in such actions or proceedings.

This order shall not be deemed to limit the powers of the Alien Property Custodian to return such property if and when it should be determined that such return should be made.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on November 9, 1945.

[SEAL] JAMES E. MARKHAM,
Alien Property Custodian.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-1153]

AMERICAN POWER & LIGHT CO. AND NEW MEXICO ELECTRIC SERVICE CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 14th day of November, A.D. 1945.

Notice is hereby given that an application or declaration and amendment thereto has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by American Power & Light Company ("American"), a subsidiary of Electric Bond and Share Company, both registered holding companies. Applicant designates sections 12 (d) and 12 (f) of the act and Rule U-44 thereunder as applicable to the proposed transactions.

All interested persons are referred to the application or declaration, which is on file in the office of this Commission, for a statement of the transaction therein proposed which may be summarized as follows:

New Mexico Electric Service Company ("New Mexico"), is a public utility company operating within the State of New Mexico. American owns all of the outstanding securities of New Mexico consisting of 37,497 shares and options to purchase 3 shares of the common stock, a 6% overdue promissory note in the principal amount of $517,682 upon which there is presently owing $497,000, and a 6% open account indebtedness in the amount of $70,000. American proposes to sell said securities and said open account indebtedness, at private sale, to M. J. Murray, Jr. of Hobbs, New Mexico for a cash purchase price of $1,206,000 plus $150 per day from September 30, 1945 to the closing date of the proposed sale.

American proposes to use the proceeds of such sale as part of the cash required for the retirement of American's Gold Debenture Bonds, 6% Series due 2016, and Southwestern Power & Light Company 6% Gold Debenture Bonds, Series A, due 2022, assumed by American.

Prior to the consummation of the proposed sale New Mexico will assign to American all claims which it may have against Electric Bond and Share Company and the latter's present or former subsidiary companies. New Mexico and American have also agreed that American shall receive the benefit of any gain or suffer any loss occasioned by New Mexico's over-accrual or under-accrual, respectively, for Federal income and excess profits taxes between January 1, 1942 and the last day of the month preceding consummation of the proposed transactions.

American requests that the Commission issue an order exempting the proposed sale of said securities from the competitive requirements of Rule U-50.

American also requests that the Commission recite in its order that said sale and transfer and the payments, if any, pertaining to adjustments on account of provisions for Federal income and excess profits taxes of New Mexico are necessary or appropriate to the integration or simplification of the holding company system of which American is a member and are necessary or appropriate to effectuate the provisions of section 11 (b) of the act, all in accordance with the meaning and requirements of the Internal Revenue Code as amended including section 1808 (f) and Supplement R thereof.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said application or declaration and that said application shall not be granted or said declaration be permitted to become effective except pursuant to further order of the Commission;

It is ordered, That a hearing on said matters under the applicable provisions of the act and the rules of the Commission thereunder be held on December 3, 1945 at 10:00 a. m., e. s. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held. All persons desiring to be heard or otherwise wishing to participate in the proceedings shall notify the Commission in the manner provided by its rules of practice, Rule XVII, on or before December 1, 1945.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose, shall preside at said hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues presented by such application, particular attention will be directed at such hearing to the following questions:

(1) Whether the proposed sale of the securities of New Mexico by American shall be exempted from the competitive bidding requirements of Rule U-50.

(2) Whether the proposed sale of said securities and open account indebtedness meets the requirements of the applicable provisions of the act, particularly section 12 (d) thereof.

(3) What terms and conditions, if any, with respect to the proposed transaction should be prescribed in the public interest or for the protection of investors and consumers.

(4) Generally, whether the proposed transaction complies in all respects with the applicable provisions of the act and the rules thereunder.

(5) Whether the proposed transactions are necessary or appropriate to effectuate the provisions of section 11 (b) of the act and whether the proposed transactions constitute steps in compliance with the order of the Commission dated August 22, 1942 requiring the dissolution of American.

By the Commission.

THE MILWAUKEE ELECTRIC RAILWAY & TRANSPORT CO. AND WISCONSIN ELECTRIC POWER CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 16th day of November 1945.

The Milwaukee Electric Railway & Transport Company, a wholly-owned subsidiary of Wisconsin Electric Power Company, and said Wisconsin Electric Power Company, a subsidiary of The North American Company, a registered holding company, having filed a joint declaration pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder, relating to the proposal of The Milwaukee Electric Railway & Transport Company to redeem on December 1, 1945, at par plus accrued interest, $800,000 principal amount of its First Mortgage 4% Bonds owned by Wisconsin Electric Power Company and pledged as collateral under the latter company's Mortgage and Deed of Trust dated October 28, 1938 to First Wisconsin Trust Company, as Trustee, and the proposal of Wisconsin Electric Power Company to surrender the bonds on the basis described; and

The joint declaration having been filed on the 17th day of October 1945, and notice of filing having been duly given in the manner and form prescribed by Rule U-23 under the act, and the Commission not having received a request for a hearing with respect to the joint declaration, within the period specified in such notice, or otherwise, and not having ordered a hearing thereon; and request having been made for accelerated action upon the declaration; and

The Commission finding that the requirements of section 12 (c) and Rule U-42 are satisfied, that no adverse findings are necessary thereunder and that the request for acceleration should be granted; and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit the joint declaration to become effective;

It is hereby ordered, That, pursuant to Rule U-23 and the applicable provisions of the act, said joint declaration be and the same is hereby permitted to become effective forthwith, subject, however, to the terms and conditions prescribed by Rule U-24 of the general rules and regulations.

By the Commission.

THE NORTH AMERICAN CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 16th day of November 1945.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The North American Company, a registered holding company.

Notice is further given that any interested person may, not later than November 24, 1945, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, said declaration or application, as filed or as amended, may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said act. Any such request should be addressed: Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said declaration or application, which is on file in the office of the said Commission, for a statement of the transactions therein proposed, which are summarized below:

The North American Company proposes to pay on January 2, 1946, a dividend to its holders of common stock of record on December 3, 1945. Such dividend will be payable in the common stock of Pacific Gas and Electric Company having a par value of $25 per share, owned by The North American Company, at the rate of one share of common stock of Pacific Gas and Electric Company on each 100 shares of the common stock of The North American Company outstanding. No certificates will be issued for fractions of shares of stock of Pacific Gas and Electric Company but, in lieu thereof, cash will be paid at the rate of 45 cents for each 1/100th of a share of stock of Pacific Gas and Electric Company, this rate being based on the approximate market price of $45 per share as of November 2, 1945, the date the proposed dividend was declared. The North American Company estimates that the payment of the above-mentioned dividend will involve the distribution of not more than 75,000 shares of the 575,656 shares of common stock of Pacific Gas and Electric Company owned by it and use of not more than $580,000 of cash, and that the payment of such dividend will result in a charge of approximately $2,900,000 to earned surplus.

The North American Company has requested that the Commission enter an order permitting said declaration to become effective or granting said application on or before November 26, 1945, and that such order conform to the requirements of section 1808 (f) of the Internal Revenue Code, as amended.

By the Commission.

OFFICE OF PRICE ADMINISTRATION.

[SO 119, Order 15]

NATIONAL METAL ART MANUFACTURING CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 13 and 14 of Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* National Metal Art Manufacturing Company, Brooklyn, New York, may increase by no more than 17.3 per cent, its ceiling prices to each class of purchaser for sheetmetal bathroom and kitchen cabinets and accessories of its manufacture.

(b) *Ceiling prices of purchasers for resale.* Purchasers for resale of such articles which the manufacturer has sold at adjusted maximum prices permitted by paragraph (a) above, shall determine their maximum prices as follows:

(1) A purchaser for resale who delivered or offered for delivery during March 1942 an article contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall calculate his ceiling price by adding to his invoice cost the same markup which he had on that comparable article, according to the method and procedure set forth in that section.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by O. P. A. Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(2) If a purchaser for resale cannot determine his ceiling price under the above method, he shall apply to the Office of Price Administration for the establishment of his ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's customary terms, discounts, allowances and other price differentials on sales to each class of purchaser.

(d) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale showing a ceiling price adjusted in accordance with the terms of this order, the seller shall notify such purchaser in writing of the methods established in paragraph (b) for determining adjusted ceiling prices for resales of the articles covered by this order. This notice may be given in any convenient form.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) *Effective date.* This order shall become effective on November 17, 1945.

Issued this 16th day of November 1945.

BINGHAM AND TAYLOR CORP.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 16 (b) (1) of Maximum Price Regulation No. 591; it is ordered:

(a) *Adjustment of maximum prices for the Bingham and Taylor Corporation of Arlington, Virginia.* (1) This order permits the Bingham and Taylor Corporation of Arlington, Virginia to increase its presently established maximum net prices for its line of road, meter, service, valve and curb boxes and parts thereof to each class of customer by 25 percent.

(2) The maximum net prices set forth in (1) above are subject to cash discounts and transportation allowances at least as favorable as those granted as a deduction from net prices to each class of customer during March 1942 on comparable sales of similar commodities.

(b) *Maximum prices for resellers.* All resellers of the commodities for which adjustment is granted Bingham and Taylor Corporation in (a) above may add to their currently established maximum prices the dollars-and-cents increase in cost resulting from the adjustment granted the Bingham and Taylor Corporation by this order.

(c) *Notification to all purchasers.* The Bingham and Taylor Corporation shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first billing after the adjustment is put into effect:

Order No. 126 under section 16 (b) (1) of Maximum Price Regulation No. 591 provides for a 25 percent increase in net prices for sales of road, meter, service, valve and curb boxes and parts thereof manufactured by Bingham and Taylor Corporation. Resellers may add to their March 1942 maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted the Bingham and Taylor Corporation by this order.

(d) All prayers of the application of the Bingham and Taylor Corporation not granted in this order are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective November 17, 1945.

Issued this 16th day of November 1945.

BOWERS MANUFACTURING CO., INC.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 544 under Revised Maximum Price Regulation 136. Machines, parts and industrial equipment. Bowers Manufacturing Company, Inc. Docket No. 6083-136.21-544.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 21 of Revised Maximum Price Regulation 136; *It is ordered:*

(a) The maximum prices for sales by Bowers Manufacturing Company, Inc., Los Angeles, California of its prices of electrical outlet boxes and other electrical hardware shall be as follows: The manufacturer shall multiply the maximum prices he had in effect on October 1, 1941 by 115% and shall deduct from the resultant list prices all discounts, allowances and other deductions that he gave to a purchaser of the same class on October 1, 1941.

(b) The maximum prices for sales by resellers of the items described in paragraph (a) shall be determined as follows: The reseller shall increase the maximum net prices he had in effect to a purchaser of the same class, just prior to the issuance of this order by the same percentage by which his net invoiced cost has been increased by reason of this order.

(c) Bowers Manufacturing Company, Inc. shall notify each person who buys the items listed in paragraph (a) of the percentage increase which this order permits the reseller to increase his maximum net prices. A copy of each such notice shall be filed with the Machinery Branch, Office of Price Administration, Washington 25, D. C.

(d) All requests not granted herein are denied.

(e) This order may be revoked or amended by the Price Administrator at any time.

[SO 119, Order 16]

LANDERS FRARY & CLARK

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 13 and 14 of Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Landers Frary & Clark, New Britain, Connecticut, may increase by no more than 7.4 percent, its ceiling prices in effect immediately prior to August 27, 1945, to each class of purchaser, for carpet sweepers of its manufacture.

(b) *Ceiling prices of purchasers for resale.* The manufacturer is required to calculate wholesalers' and retailers' ceiling prices for carpet sweepers which he sells at adjusted prices permitted by this order, according to the provisions of this paragraph.

(1) *Retailers' ceiling prices.* The retail ceiling price is the manufacturer's price for the article, to the class of wholesaler to which the manufacturer sells in the largest volume, plus 108.4% of such price.

(2) *Wholesalers' ceiling prices.* The wholesale ceiling price is the retail ceiling price of the article, as established by this order, less 40%.

(3) Regardless of any of the foregoing provisions of this order, the ceiling prices for the carpet sweepers listed below shall be the price set forth opposite each article for sales by any person to each class of purchaser:

Article	Mode	Wholesalers	Retailers	Consumers
Carpet sweepers	No. 3, Landers Delight.	$2.59	$3.11	$4.78
	No. 14, Landers Efficiency.	3.04	3.80	5.85
	No. CS-1721, Landers Speedwell.	3.33	4.16	6.03
	No. 16, Landers Renown.	3.84	4.80	8.00

(4) On and after January 1, 1946, the manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. The tag or label shall contain the following statement:

Model No.
CPA Ceiling Price—$------
Do Not Detach

(5) *Revision of resellers' ceiling prices.* Resellers' ceiling prices permitted by this order are subject to revision at any time in accordance with any industry-wide action which may be taken by the Office of Price Administration which requires resellers to absorb any increase in prices permitted reconversion manufacturers.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's customary terms, discounts, allowances and other price differentials on sales to each class of purchaser in effect during March 1942, or established under any applicable OPA regulation.

(d) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale at wholesale showing a ceiling price adjusted in accordance with the terms of this order, the manufacturer shall notify each purchaser in writing of the adjusted ceiling prices for resales of the articles covered by this order. This notice may be given in any convenient form.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) *Effective date.* This order shall become effective on the 16th day of November 1945.

Issued this 16th day of November 1945.

[MPR 86, Order 15]

MAYTAG CO.

APPROVAL OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 14 of Maximum Price Regulation No. 86, it is ordered:

(a) *Ceiling prices.* This order establishes ceiling prices for sales of certain models of washing machines manufactured by The Maytag Company, Newton, Iowa.

(1) *Distributors' ceiling prices.* Each distributor shall determine his ceiling prices for sales to dealers of the models listed in subparagraph (2) below in accordance with the provisions of section 15 of Maximum Price Regulation No. 86 except that a distributor who would otherwise establish his ceiling prices for the Models N2L, N2LP, N2M, and N2MP under Rules 5 or 6 of that section shall determine his ceiling prices for those models as follows:

Step 1: He shall determine his markup on each model by subtracting from the highest price he charged for the same machine during the period January 1–June 15, 1941 the highest price he paid the manufacturer during the same period for the same machine and dividing the amount so determined by the price he paid.

Step 2: He shall divide by 1.077 the manufacturer's current ceiling price for sales to him of the same machine.

Step 3: He shall then determine his ceiling price for sales of the same machine to dealers by applying to the price determined in Step 2 his markup determined in Step 1 and increasing the result by 4.9%.

(2) *Dealers' ceiling prices.* The ceiling price for sales by dealers in each zone for the models listed below are as follows:

Article	Dealers' ceiling prices to consumers	
	Zone 1	Zone 2
	Each	*Each*
E2L	$134.95	$144.95
E2LP	139.95	149.95
E2M	154.95	164.95
E2MP	159.95	169.95
J2L	104.95	114.95
J2LP	109.95	119.95
J2M	124.95	134.95
J2MP	129.95	139.95
N2L	89.95	99.95
N2LP	94.95	104.95
N2M	109.95	119.95
N2MP	114.95	124.95

If, at the request of the purchaser, a dealer sells any of the above electrically operated machines with any of the items of optional equipment listed below, he may add to the applicable ceiling price for the machine shown in the above table an amount no greater than that set forth below opposite each item of equipment:

Optional equipment:	*Amount which may be added to the ceiling price*
Direct current motor	$7.00
Odd frequency motor	3.50

In all other respects these ceiling prices are subject to each retail seller's customary terms, discounts, allowances and other price differentials in effect on sales of similar articles.

(b) *Zones.* For purposes of this order Zones 1 and 2 comprise the following states:

Zone 1: Maine, New Hampshire, Vermont, Massachusetts, District of Columbia, Montana, Rhode Island, Connecticut, New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, North Carolina, Tennessee, Kentucky, West Virginia, Ohio, Indiana, Michigan, Wisconsin, Iowa, Illinois, Minnesota, North Dakota, South Dakota, Nebraska (except Sioux, Scotts Bluff, Banner, Kimball, Cheyenne, Morrill, Box Butte, Dawes, Sheridan, Garden and Deuel counties), Missouri, Kansas, Oklahoma, Arkansas (Benton, Carroll, Boone, Marion, Baxter, Fulton, Randolph, Clay, Washington, Madison, Newton, Searcy, Stone, Izard, Sharp, Lawrence and Greene counties only).

Zone 2: South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, Arkansas (except counties in Zone 1), New Mexico, Arizona, California, Nevada, Colorado, Utah, Wyoming, Idaho, Washington, Oregon, and Nebraska (except counties in Zone 1).

(c) At the time of, or prior to, the first invoice to each distributor, the manufacturer shall notify him in writing of the method of determining ceiling prices established by this order for resales by the distributor. This notice may be given in any convenient form.

(d) All the provisions of Maximum Price Regulation No. 86 continue to apply to all sales and deliveries of machines covered by this order, except to the extent that those provisions are modified by this order.

(e) Unless the context requires otherwise, the definitions set forth in the various sections of Maximum Price Regulation No. 86 shall apply to the terms used herein.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 16th day of November 1945.

Issued this 16th day of November 1945.

[MPR 188, Rev. Order 4510]

REPUBLIC SEATING CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188, *It is ordered*, That Order 4510 be revised and amended to read as follows:

(a) This order establishes maximum prices for sales and deliveries of certain cameras manufactured by the Republic Seating Company, 45 West 45th Street, New York, N. Y.

(1) For all sales and deliveries to the following classes of purchasers of the camera described below, the maximum prices are those set forth:

	Each
To jobbers	$1.89
To retailers	2.45
To consumers	3.75

The above prices include 10% of the present 25% Federal excise tax. In accordance with OPA policy, you may add to the above prices no more than 15% of the 25% excise tax paid to the Federal government provided that you state this amount separately. This also applies to resellers.

Description of Camera

Size: 5" x 3" x 2½"—minicam type.
Body: Molded plastic with metal back.
View-finder: 2 lens type.
Lens: Fixed focus, meniscus.
Film-size: #127 (1⅝" x 2½").
Shutter: "Snap" and "time" settings.

These maximum prices are for the articles described in the manufacturer's application dated August 21, 1945, and apply only to the camera described above regardless of model number and/or name.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. In accordance with your application your cash discount terms are 2% 10 days, f. o. b. factory.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188 for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement:

Model, Name, and Camera
OPA Retail Ceiling Price—$3.75
Additional Federal excise tax—$0.26
Manufactured by Republic Seating Co., New York, N. Y.
Do Not Detach

(c) At the time of, or prior to the first invoice to each purchaser for resale at wholesale, the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective on the 17th day of November 1945.

Issued this 16th day of November 1945.

Translucent plastic louvered bed and pin-up lamp	1	$2.40	$2.82	$5.10

These maximum prices are for the articles described in the manufacturer's application dated October 8, and 23, 1945.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. For sales to persons other than consumers they are f. o. b. factory. The maximum price to consumers is net, delivered.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model No. ------
OPA Retail Ceiling Price—$------
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobbers' maximum prices for sales of the articles covered by this order shall be established under the provisions of section 4.5 of SR 14J.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 17th day of November 1945.

Issued this 16th day of November 1945.

CHESTER BOWLES,
Administrator.

SPECIFIED CONSTRUCTION MATERIALS AND REFRACTORIES

MODIFICATION OF MAXIMUM PRICES

An opinion accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Order No. 1 is amended in the following respects:

1. Section 7.8 is amended to read as follows:

SEC. 7.8 *Modification of maximum prices for sales of gypsum lath and liner board produced in the United States excluding the States of California and Nevada.* (a) The manufacturers' maximum f. o. b. mill prices established pursuant to Maximum Price Regulation No. 592 for gypsum lath and gypsum liner board produced in a mill located in the following geographical areas may be increased by adding an amount not in excess of the following:

1. For producing mills located on the Eastern Seaboard—$4.25 per M sq. ft.
2. For producing mills located in the United States excluding the Eastern Seaboard and excluding the States of California and Nevada—$3.00 per M sq. ft.

(b) The term "Eastern Seaboard" as used in this section means the area in and immediately surrounding the cities of Portsmouth, New Hampshire; Boston, Massachusetts; New York, New York; Newark, New Jersey; Philadelphia, Pennsylvania; Savannah, Georgia; and Jacksonville, Florida.

(c) The manufacturers' maximum delivered prices established pursuant to Maximum Price Regulation No. 592 for gypsum lath and gypsum liner board for shipment into a flat delivered price zone may be increased by the amount set forth in (a) above for the producing mill nearest that flat delivered price zone.

(d) The maximum prices established herein shall be subject to quantity, cash, and other discounts, transportation allowances, freight equalizations, services, and other terms and conditions of sale at least as favorable as the manufacturer extended or rendered on comparable sales to purchasers of the same class during March 1942.

(e) Any reseller purchasing gypsum lath or gypsum liner board for resale in the same form from any manufacturer who has adjusted his maximum prices in accordance with (a) or (c) above, may increase his maximum prices established under the General Maximum Price Regulation, by a dollars-and-cents amount not exceeding his actual dollars-and-cents increase in cost resulting from the increase permitted in (a) and (c) above.

(f) Any manufacturer who adjusts his maximum prices for sales of gypsum lath or liner board in accordance with (a) or (c) above, shall furnish to each buyer purchasing these products for resale in the same form, on or before the date he makes the first delivery at the adjusted price, a written statement as follows:

Effective November 16 the Office of Price Administration has permitted us an increase of $____ per M sq. ft. over our March 1942 prices for gypsum lath and liner board.

You are permitted to add $____ per M sq. ft. to your existing maximum prices under the General Maximum Price Regulation for these products.

2. Section 7.9 is deleted and section 7.10 is redesignated as section 7.9.

3. Section 7.11 is redesignated as section 7.10 and is amended to read as follows:

SEC. 7.10 *Modification of maximum prices for sales of calcined gypsum plaster "bag goods," including Keene's cement, white goods and Terra Alba combinations, produced in the United States excluding the States of California and Nevada.* (a) The manufacturers' maximum f. o. b. mill prices to dealers for calcined gypsum neet plaster "bag goods" commonly sold in 80# and 100# sizes, including the several sizes of barrels containing 150# or more per barrel, but not including small package goods such as patching or painter's plaster or combinations thereof and not including land plaster, produced in a mill located in the following geographical areas, shall be:

1. For mills located in and immediately around Savannah, Georgia, and Jacksonville, Florida—$13.40 per ton, in 100# paper bags.
2. For mills located in the States of New Hampshire, Massachusetts, Connecticut, New York, New Jersey, Pennsylvania and Maryland—$11.40 per ton, in 100# paper bags.
3. For all other mills located in the United States excluding those located in the States of California and Nevada, and excluding those covered in (1) and (2) above—$11.00 per ton, in 100# paper bags.

(b) If the manufacturer had an established differential in price during the month of March 1942 between sales to dealers and sales to other classes of purchasers or between calcined gypsum neet plaster and other gypsum "bag goods," (but not including small package goods such as patching or painter's plaster or combinations thereof), commonly sold in 80# and 100# sizes, including the several sizes of barrels containing 150# or more per barrel, he may adjust his maximum prices for these other types of sales and other gypsum "bag goods" to maintain the same March 1942 dollars-and-cents price differentials between the price established for gypsum neet plaster pursuant to paragraph (a) above and such other types of sales and other gypsum "bag goods."

(c) If the manufacturer produces white plaster "bag goods" commonly sold in 80# and 100# sizes, including the several sizes of barrels containing 150# or more per barrel, and does not manufacture calcined gypsum neet plaster, he may adjust his maximum prices for white plaster "bag goods" to reflect the increases granted in (a) above, on the basis of what his increase would have been had he produced and sold neet plaster at the general level of prices in the area in which the particular plant is located.

(d) The manufacturers' maximum delivered prices established pursuant to Maximum Price Regulation No. 592 for the products covered by this section, for shipment into a flat delivered price zone, may be increased by the actual dollars-and-cents increase in the f. o. b. mill price resulting from the price established by this section, for the producing mill nearest the flat delivered price zone.

(e) The maximum prices established herein shall be subject to quantity, cash, and other discounts, transportation allowances, freight equalizations, services, and other terms and conditions of sale at least as favorable as the seller extended or rendered on comparable sales to purchasers of the same class during March 1942.

(f) Any reseller purchasing calcined gypsum plaster for resale in the same form from any manufacturer who has adjusted his maximum prices in accordance with (a), (b), (c) or (d) above, may increase his maximum prices established under the General Maximum Price Regulation, by a dollars-and-cents amount not exceeding his actual dollars-and-cents increase in cost resulting from the increase permitted in (a), (b), (c) and (d) above.

(g) Any manufacturer who adjusts his maximum prices for sales of calcined gypsum plaster "bag goods" in accordance with the provisions of this section, shall furnish to each buyer purchasing these products for resale in the same form, on or before the date he makes the first delivery at the adjusted prices, a written statement as follows:

Effective November 16, 1945 the Office of Price Administration has permitted us an increase of $ per ton over our March 1942 prices for calcined gypsum plaster "bag goods" commonly sold in 80# and 100# sizes, including the several sizes of barrels containing 150# or more per barrel.

You are permitted to add $ per ton to your existing maximum prices under the General Maximum Price Regulation for this product.

This amendment shall become effective November 16, 1945.

Issued this 16th day of November 1945.

Subchapter C—Miscellaneous Excise Taxes

[T. D. 5484]

PART 181—STILLS AND DISTILLING APPARATUS

MISCELLANEOUS AMENDMENTS

Pursuant to sections 3176, 3250 (j) (1) (3), and 3791, Internal Revenue Code, (U.S.C., Title 26, sections 3176, 3250 (j) (1) (3) and 3791), Regulations 23 (26 CFR, Part 181) is hereby amended as follows:

1. Section 181.3 (g) is amended to read as follows:

(g) "Still" shall mean any apparatus designed, intended, actually used, or capable of being used for separating alcoholic or spirituous vapors, or alcohol or spirituous solutions, or alcohol or spirits, from alcohol or spirituous solutions or mixtures, but shall not include stills used for laboratory purposes or stills used for distilling water or other nonalcoholic materials, where the cubic capacity of such stills is one gallon or less.

2. Section 181.3 (i) is amended to read as follows:

(i) "Worm" or "condenser" shall mean any apparatus designed, intended, actually used, or capable of being used when connected with a still, for condensing or liquefying alcoholic or spirituous vapors, but shall not include worms or condensers to be used with laboratory stills or stills used for distilling water or other nonalcoholic materials, where the cubic capacity of such stills is one gallon or less. (Secs. 3176, 3250 (j) (1) (3), and 3791, I.R.C.)

3. Section 181.13 (a) is amended to read as follows:

§ 181.13 *Taxable status of stills*—(a) *Evidence of use.* Any still or worm or condenser (as defined by § 181.3), with the exception only of retorts for the production of wood alcohol, sold to a user by the manufacturer or otherwise disposed of or used by the manufacturer, will be presumed to be intended for use in distilling, as defined by § 181.12, and special tax as manufacturer of stills and tax on the still or worm or condenser, incurred by the manufacturer, unless such presumption as to any still or worm or condenser intended for domestic use only, shall be removed by filing satisfactory evidence as hereinafter provided showing that the same will not be used for distilling as defined by § 181.12.

4. Section 181.15 (a) is amended to read as follows:

§ 181.15 *Registry of stills*—(a) *Registration with district supervisor.* Every person having in his possession, custody, or under his control, any still or distilling apparatus set up, shall register the same with the district supervisor of the district in which such still or distilling apparatus is located, except where such stills have heretofore been registered and no change in ownership, possession, custody, control, or location has occurred since such registry. This requirement applies to all stills (as defined by § 181.3) set up, except retorts for the production of wood alcohol and as provided by § 181.15 (d). This registry of stills shall be made on Form 26, in triplicate, with the district supervisor. The specific information required by the instructions on Form 26 will be entered in the space provided therefor. One copy of each registration of stills on Form 26 will be retained by the district supervisor, one copy will be returned to the registrant, and the remaining copy will be forwarded immediately to the Commissioner. The approved copy of Form 26, returned to the registrant by the supervisor, shall be retained on the premises where the still is set up for examination by visiting internal revenue officers.

[SEAL] WM. T. SHERWOOD,
Acting Commissioner of Internal Revenue.

Approved: November 19, 1945.

JOSEPH J. O'CONNELL Jr.,
Acting Secretary of the Treasury.

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices, Department of the Treasury

PART 131—GENERAL LICENSES UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO

TRANSACTIONS ON BEHALF OF, OR INVOLVING PROPERTY OF, BELGIUM AND ITS NATIONALS

NOVEMBER 20, 1945.

General License No. 93 under Executive Order No. 8389, as amended, Executive Order No. 9193, as amended, section 5 (b) of the Trading with the Enemy Act, as amended by the First War Powers Act, 1941, relating to foreign funds control.

§ 131.93 *General License No. 93*—(a) *Certain transactions involving Belgium or nationals thereof or relating to Belgian property authorized.* A general license is hereby granted licensing any transaction referred to in section 1 of the order if (i) such transaction is by, on behalf of, or pursuant to the direction of Belgium or any national thereof, or (ii) such transaction involves property in which Belgium or any national thereof has at any time on or since the effective date of the Order had any interest, *Provided*, That:

(1) Such transaction (i) is not by, on behalf of, or pursuant to the direction of any blocked country or any national thereof, other than Belgium or any national of Belgium, and (ii) does not involve property in which any blocked country or any national thereof, other than Belgium or any national of Belgium, has at any time on or since the effective date of the order had any interest; and

(2) No payment, transfer, or withdrawal, or other dealing with respect to:

(i) Any property in which on the date hereof any of the following has an interest: (*a*) Any person within Belgium or any other blocked country; or (*b*) any partnership, corporation, association, or other organization which is a national of a blocked country by reason of the interest therein of a person within Belgium or any other blocked country; or

(ii) Any income from such property accruing on or after the date hereof

shall be effected under, or be deemed to be authorized by, this license unless a designated agent of the Government of Belgium has certified in writing that the Government of Belgium has determined that no blocked country or national thereof, other than Belgium or any national of Belgium, has at any time between the effective date of the order and the date of the certification, had any interest in such property.

(b) *Certain other transactions authorized.* This general license also authorizes any transaction which could be effected under § 131.53 if Belgium were a member of the generally licensed trade area: *Provided*, That this paragraph shall not be deemed to authorize any payment, transfer, or withdrawal, or other dealing, with respect to any property which is subject to subparagraph (2) of paragraph (a) hereof, unless certification has been made thereunder.

(c) *Application of license to nationals of Belgium who are also nationals of other blocked countries.* The provisions of paragraph (a) hereof shall not apply with respect to any national of Belgium who is also a national of any other blocked country: *Provided, however*, That for the purpose only of this general license the following shall be deemed not to be nationals of any blocked country other than Belgium:

(1) Any individual residing in Belgium, except any citizen or subject of Germany or Japan who at any time on or since December 7, 1941 has been within the territory of either such country or within any other territory while it was designated as "enemy territory" under General Ruling No. 11;

(2) Any partnership, association, corporation, or other organization organized under the laws of Belgium, unless it is a national of Germany, Japan, Bulgaria, Hungary or Rumania.

(d) *Waiver of section 2A of the order, General Rulings Nos. 3, 5 and 17, and Public Circular No. 14.* The provisions of General Rulings Nos. 3 and 17 and Public Circular No. 14 are waived with respect to any transaction effected under this license. The provisions of section 2A of the order and of General Ruling No. 5 are waived with respect to any security to which is attached a certification under subparagraph (2) of paragraph (a) hereof.

(e) *Definition.* As used in this general license, the term "Belgium" shall include Belgium and any colony or other territory subject to the jurisdiction of Belgium.

(Sec. 5 (b), 40 Stat. 415 and 966; sec. 2, 48 Stat. 1; 54 Stat. 179; 55 Stat. 838; E.O. 8389, Apr. 10, 1940, as amended by E.O. 8785, June 14, 1941, E.O. 8832, July 26, 1941, E.O. 8963, Dec. 9, 1941, and E.O. 8998, Dec. 26, 1941; E.O. 9193, July 6, 1942, as amended by E.O. 9567, June 8, 1945; Regs., Apr. 10, 1940, as amended June 14, 1941, and July 26, 1941)

AUTHORITY: Regulations in this chapter unless otherwise noted at the end of documents affected, issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236, 56 Stat. 177, 58 Stat. 827; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; E.O. 9599, 10 F.R. 10155; E.O. 9638, 10 F.R. 12591; CPA Reg. 1, Nov. 5, 1945, 10 F.R. 13714.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[General Conservation Order M-317, as Amended Nov. 20, 1945]

COTTON TEXTILE DISTRIBUTION

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of cotton textiles and materials for making cotton textiles for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3290.115 *General Conservation Order M-317*—(a) *Definitions.* In this order (which term includes orders supplementary to this order):

(1) "Cotton textiles" means the following products, containing 50% or more by weight of cotton or cotton waste, or a combination of the two.

(i) Woven and braided fabrics, whether gray, original mill or regular finish, bleached, dyed or printed and the following cotton products: bedsheets, pillow cases, blankets, towels, diapers, face cloths, table "linens" and fish netting and

(ii) Yarns, whether gray, bleached, colored mercerized, glazed, polished, single, plied, cabled or braided, including thread, twines and cordage (e. g. tying, sail, seine, etc., twine, rope, sash cord, etc.) and including any of the foregoing which may be spun on roving, ring, mule or converted twister spindles.

"Cotton textiles" does not include:

Cotton duck.

Blankets or blanketing containing 25 percent or more by weight of wool;

Fabrics (other than blankets or blanketing) or yarns containing wool produced on the woolen or worsted system.

(2) "Producer" means any manufacturer who makes cotton textiles in the United States.

(b) *How ratings for cotton textiles are to be applied or extended.* Preference ratings shall be applied and extended as provided in Priorities Regulation 3. The standard certification described in Priorities Regulation 7 may be used in applying or extending the rating but the provisions of this paragraph must also be complied with.

(1) *Cotton textiles for export.* (i) Each person who places a rated order for cotton textiles (for clothing manufactured from cotton textiles) for export, must place upon the purchase order a certificate in substantially the following form:

These cotton textiles will be exported, or will replace in inventory to the extent allowed under Priorities Regulation 3, cotton textiles which have been exported within 90 days.

In addition, for exports to Canada, the Canadian Cotton Administrator's Serial Number and date, or the CPA or WPB Form and Case Number and date must be added; and for exports to other places, the United States Treasury Procurement Division Contract Number and date, the Export License Number and date, or the CPA or WPB Form and Case Number and date must be added. These provisions do not apply to orders for cotton textiles (or clothing made from cotton textiles) for direct or ultimate delivery to the United States Army, Navy, Maritime Commission, or War Shipping Administration.

(ii) Preference ratings assigned for the export of cotton textiles (other than for exports to Canada) which are not applied or extended to an order accepted by a producer or made the subject of a CPA or WPB scheduling direction within six months of the date the preference rating was assigned are revoked.

(iii) Any person who gets any cotton textiles (or clothing manufactured from cotton textiles) with a preference rating assigned for export must, if possible, use the material so obtained for the purpose for which the rating was assigned in preference to the filling of other or higher rated orders. This rule is an exception to the provisions of § 944.7 of Priorities Regulation 1 which require the filling of higher rated orders in preference to lower rated orders.

(2) *Cotton textiles for domestic use.* In all other cases a person applying or extending a rating for a cotton textile shall place upon the purchase order a certificate in substantially the following form:

This rating has been assigned on Form ------ No. ------ (insert the CPA or WPB Form Number and Serial Number).

These provisions do not apply to the United States Army, Navy, Maritime Commission or War Shipping Administration on their direct purchase orders.

(3) [Deleted Nov. 20, 1945]

(c) *Restrictions relating to yarn or fiber.* No person owning or controlling spinning machinery shall use any preference rating which was assigned, applied or extended for cotton textiles, in order to obtain any yarn from another producer except to the extent authorized by the Civilian Production Administration, upon his showing, on Form CPA or WPB-2842, that his own spinning is insufficient or unsuitable.

(d) *Advance orders.* No person is required to accept any rated order for cotton textiles calling for delivery more than 90 days after the receipt of the order, except from the United States Army, Navy, Maritime Commission or War Shipping Administration.

(e) *Exports.* (1) No person may purchase for delivery for export or deliver for export any cotton textiles not listed in paragraph (e) (2) below except (i) to fill a rated order or (ii) where the purchaser certifies in writing that the cotton textiles will be exported and also furnishes for exports to Canada the Canadian Cotton Administrator's Serial Number, and for exports to other places the Export License Number or the U. S. Treasury Procurement Division Contract Number.

(2) Paragraph (e) (1) does not apply to the purchase or delivery of (i) cotton textiles which may be exported on general license under the regulations of the Office of International Trade Operations of the Department of Commerce, or (ii) woven or braided fabrics 12 inches or less wide, remnants (pieces shorter than 10 yards), or rags (pieces shorter than 2 yards normally sold by the pound).

(f) *Allocation.* The Civilian Production Administration may assign preference rating for or allocate and direct deliveries of cotton textiles pursuant to application on Form CPA or WPB-2842.

(g) *Applicability of regulations.* Except as otherwise provided herein, this order and all transactions affected thereby are subject to all applicable regulations of the Civilian Production Administration.

(h) *Appeals.* Any appeal from the provisions of this order or of Supplementary Order M-317A shall be made by filing a letter in triplicate, referring to the particular provisions appealed from, and stating fully the grounds of the appeal.

(i) *Reports.* All persons operating spindles for the production of cotton yarn of any kind shall file with the Civilian Production Administration, at the times specified in the reporting form, reports on Form CPA or WPB-658-E, giving the information required. This reporting requirement has been approved by the Bureau of the Budget under the Federal Reports Act of 1942.

(j) *Violations.* Any person who wilfully violates any provision of this order (including Supplementary Order M-317A), or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priorities control, and may be deprived of priorities assistance.

(k) *Communications.* All reports to be filed, appeals and other communications concerning this order should be addressed to: Civilian Production Administration, Textile Division, Washington 25, D. C., Ref: M-317.

Issued this 20th day of November 1945.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Supplementary Order M-317A, as Amended Nov. 20, 1945]

COTTON FABRIC PREFERENCE RATINGS AND RESTRICTIONS

§ 3290.116 *Supplementary Order M-317A*—(a) *Contents of this order.* This Order M-317A is supplementary to Order M-317 and contains distribution schedules 1 and 2. These schedules apply only to woven cotton fabrics of more than 12" in width, but do not apply to duck. Restrictions on the production of cotton fabrics appear in Order L-99.

(b) [Deleted Nov. 20, 1945.]

(c) *Effect of change in distribution schedules on third quarter set-asides.* Cotton fabrics produced in the third quarter of 1945 but not delivered by the producer before October 1, 1945, must be delivered in accordance with the provisions of the Distribution Schedules of Order M-317A as amended September 5, 1945.

Issued this 20th day of November 1945.

CIVILIAN PRODUCTION ADMINISTRATION,
By J. JOSEPH WHELAN,
Recording Secretary.

DISTRIBUTION SCHEDULES 1 AND 2

The obligations in Column III of Distribution Schedules 1 and 2 are to be calculated quarterly from the first day of each quarter, beginning October 1, 1945.

(a) Column I indicates the corresponding item numbers of the various cotton fabrics in these schedules as each appears on Form CPA or WPB-658-C (9/7/45) for Fine Cotton Goods and Form CPA or WPB-658-B (9/7/45) for Carded Gray Goods, Colored Yarn and Napped Fabrics and Specialties.

(b) Column II shows the cotton fabrics covered by these schedules.

(c) Column III shows the percentage of the producer's current calendar quarterly production which must be delivered by him to fill export orders. Deliveries of cotton fabrics on orders of garment manufacturers for incorporation into clothing for delivery on export orders may be credited to the Column III obligation. Except for clothing in the above case, only exports of cotton fabrics in piece goods form may be credited to this obligation. For example, delivery of cotton fabrics to a coater to fill an export order for coated fabrics may not be credited to the Column III obligation.

(d) (1) Only deliveries on purchase orders placed in accordance with paragraph (b) (1) of Order M-317 may be credited toward the obligations of Column III. When these obligations are fulfilled, the producer is not required to accept any additional export orders, regardless of the provisions of Priorities Regulation 1.

(2) Export by or for the United States Army, Navy, Maritime Commission, War Shipping Administration (including U. S. Army and Marine Corps Post Exchanges, U. S. Navy and Coast Guard Ships' Service Departments, and War Shipping Administration Training Organizations Ships' Service Activities), and the American Red Cross may not be credited toward these obligations.

(3) However, if he receives and accepts an export order for these goods, the delivery shall be credited toward his export obligation relating to narrow goods within the same reference number.

(e) (1) Column IV contains special provisions concerning the use and delivery of particular fabrics.

(2) Unless otherwise specified, the provisions of Column IV apply only to producers as defined in Order M-317. Where a provision in Column IV requires a purchaser to furnish a certificate, no person giving such a certificate may use or deliver the cotton fabrics he buys contrary to his certificate.

Chapter XI—Office of Price Administration

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[MPR 579,[1] Incl. Amdts. 1–14]

CERTAIN SPECIES OF FRESH AND FROZEN FISH AND SEAFOOD

This compilation of Maximum Price Regulation 579 includes Amendment 14, effective November 26, 1945. The text added or amended by Amendment 14 is underscored. Changes in tables are indicated by notes.

In the judgment of the Price Administrator, it is necessary in order to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, that maximum prices be established for certain species of fresh and frozen fish and seafood.

So far as practicable, the Price Administrator has consulted and advised with representative members of the industry which will be affected by the regulation. In the judgment of the Price Administrator, the prices established are generally fair and equitable and will effectuate the purposes of the act.

A statement of the considerations involved in the issuance of the regulation has been issued herewith and filed with the Division of the Federal Register.[2]

ARTICLE I—GENERAL PROVISIONS

SECTION 1.1 *What this regulation does*—(a) *General.* This regulation fixes maximum prices for sales of certain species of fresh fish and seafood by producers and wholesalers, of certain species of frozen fish and seafood by processors and wholesalers, and of those species of fresh and frozen fish and seafood by certain other persons, not including retailers. It sets prices for various types of sales by such persons according to species, size, and style of dressing.

(b) *Sales by retailers.* For the purposes of this regulation, a "retailer" is a person who buys fresh or frozen fish or seafood and resells 80 percent or more of it to ultimate consumers. ("Ultimate consumers" do not include commercial, industrial or institutional users). This regulation does not apply to any sale by a retailer. All of his sales are covered by Revised Maximum Price Regulation No. 507.[3]

(c) *Sales by combination retailer-wholesalers.* A combination retailer-wholesaler is a person who buys fresh or frozen fish or seafood and resells more than 50 percent but less than 80 percent of it to ultimate consumers. He is a "wholesaler" or "other distributor" under this regulation with respect to his sales to persons other than ultimate consumers and with respect to all his purchases (see sections 2.4 and 3.4), since he resells more than 20 percent of his fish and seafood to persons other than ultimate consumers. (He is also a retailer under Revised Maximum Price Regulation No. 507 with respect to his sales to ultimate consumers, since he sells more than 50 percent of his fish and seafood to ultimate consumers.) This regulation does not apply to his sales to ultimate consumers, which are covered by Revised Maximum Price Regulation No. 507. However, this regulation fixes maximum prices for his sales to all persons other than ultimate consumers (for instance, to purveyors of meals or to other retailers).

(d) *Sales by persons other than retailers or combination retailer-wholesalers.* This regulation sets maximum prices for all sales at retail or otherwise, by any person who is a producer of fresh fish or seafood, a processor of frozen fish or seafood, or who buys fresh or frozen fish or seafood and resells 50 percent or less of it to ultimate consumers.

(e) *Sales to government agencies.* The maximum price for sales to government agencies shall be determined by reference to the class of sale and the type of service involved in the particular sale. However, the table price for sales of frozen fish to government agencies by processors is the price for processors' sales to wholesalers and chain store warehouses listed in Column I of the applicable table for frozen fish and seafood.

[Above paragraph amended by Am. 8, 10 F.R. 9432, effective 8–18–45 (effective date amended by Am. 9, 10 F.R. 9880, effective 8–7–45)]

(1) Notwithstanding any other provision of this regulation the prices set forth below are the maximum prices for sales of the items of frozen fish listed below to the Quartermaster Corps of the United States Army: *Provided*, That such items are frozen after September 30, 1945 and delivered to such governmental agency prior to April 1, 1946 in the case of East Coast species and are frozen after August 31, 1945 and sold and delivered to such governmental agency prior to May 1, 1946 in the case of West Coast species. These prices are the maximum prices f. o. b.

shipping point for the listed items of frozen fish processed and packed in accordance with the specifications of the buying governmental agency. No transportation, container or other charge may be added to these maximum prices:

East Coast species:	Price per pound
Codfish, Atlantic, fillets, skinless	$0.29
Codfish, Atlantic, fillets, skin on	.26
Blackback, fillets	.31
Dab, sea and yellowtail, fillets	.31
Haddock, fillets	.28½
West Coast species:	
Lingcod, fillets	.30¾
Lingcod, steaks	.19½
Flounder (All Pacific coast species) fillets	.30
Sole (All Pacific coast species), fillets	.30

[Subparagraph (1) added by Am. 10, 10 F.R. 11579, effective 9–12–45]

SEC. 1.2 *Maximum prices for sales by brokers and by distributors other than producers, processors, wholesalers and retailers*—(a) *Brokers.* The maximum prices established by this regulation include all brokerages, commissions or other customary selling fees, transportation and other expenses incurred in making sales for which no additional charge may be made. In accordance with trade custom every broker or other agent is considered the agent of the seller and not of the buyer. The amount paid by the buyer to the seller plus any amount paid by the buyer to a broker or other agent shall not exceed the seller's maximum price plus any applicable allowance provided by this regulation for transportation actually paid by the broker or other agent.

(b) *Distributors not specifically provided for in this regulation.* The maximum price for sales of fresh fish or seafood covered by this regulation by any person, other than a producer, wholesaler or retailer or of frozen fish or seafood covered by this regulation by a person, other than a processor, wholesaler or retailer, is his supplier's maximum price plus any applicable allowance provided by this regulation for transportation actually paid by him.

SEC. 1.3 *Prohibition against selling or buying above maximum prices.* Regardless of any contract or obligation, no person shall make any sale, or any purchase in the course of trade or business, of fresh or frozen fish or seafood, for which sale or purchase a maximum price is established by this regulation, at a price higher than that maximum price; and no person shall agree, offer, solicit or attempt to do any of the foregoing. However, prices lower than maximum prices may be charged and paid.

SEC. 1.4 *Where this regulation applies.* The provisions of this regulation shall apply to the forty-eight States of the United States and the District of Columbia. Notwithstanding the provisions of Revised Maximum Price Regulation No. 194 [4] they shall apply to the Territory of Alaska.

[Sec. 1.4 amended by Am. 8, effective 8–15–45 (effective date amended by Am. 9, 10 F.R. 9880 effective 8–7–45)]

[4] 10 F.R. 2176, 2479, 3054

SEC. 1.5 *Relation to other regulations*—(a) *Fresh fish and seafood.* The following even numbered articles cover certain species of fresh fish and seafood which are listed in the fresh fish tables (designated by an "A" after the Roman numeral) in section 10.1 of Article X. Except as provided in paragraph (d), the provisions of this regulation supersede Maximum Price Regulation No. 418,[5] as amended (Fresh Fish and Seafood), with respect to the species so listed. Maximum Price Regulation No. 418, as amended, will continue in full force and effect with respect to species not listed in the fresh fish tables in section 10.1 of Article X of this regulation.

(b) *Frozen fish and seafood.* The following odd numbered articles of this regulation cover certain species of frozen fish and seafood of certain styles of processing which are listed in the frozen fish tables (designated by a "B" after the Roman numeral) of section 10.1 of Article X. Except as provided in paragraph (d) the provisions of this regulation supersede Maximum Price Regulation No. 364,[6] as amended, (Frozen Fish and Seafood) with respect to the species so listed. Maximum Price Regulation No. 364, as amended, will continue in full force and effect with respect to species and styles of dressing listed in section 13 of that regulation which are not listed in the frozen fish tables in section 10.1 of this regulation. The General Maximum Price Regulation [7] applies to sales of frozen fish and seafood of any species or style of dressing not listed in the frozen fish tables of section 10.1 of this regulation or section 13 of Maximum Price Regulation No. 364.

[Paragraphs (a) and (b) amended by Am. 8, 10 F.R. 9432, effective 8–15–45 (effective date amended by Am. 9, 10 F.R. 9880, effective 8–7–45)]

(c) *Exports.* The maximum price at which a person may export fresh or frozen fish or seafood shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation [8] issued by the Office of Price Administration.

(d) *Sales to which this regulation does not apply.* The provisions of this regulation shall not be applicable to sales or deliveries of fresh or frozen fish or seafood to a purchaser if, prior to the effective date of this regulation, such fresh or frozen fish or seafood has been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser. Maximum Price Regulation No. 418 remains in full force and effect with respect to such sales of fresh fish or seafood, and Maximum Price Regulation No. 364 remains in full force and effect with respect to such sales of frozen fish or seafood.

SEC. 1.6 *Invoices, records and reports*—(a) *Invoices, to be furnished by sellers.* Every person making a sale of fish or seafood subject to this regulation shall furnish to the purchaser at the time of delivery a written statement containing (1) the date of delivery; (2) the name and address of the buyer and seller; (3) the species sold; (4) a statement that the fish or seafood sold is fresh or is frozen; (5) the quantity, size, grade and styles of dressing of the fish or seafood sold (where price differences are based on these factors); (6) the types and sizes of containers used; (7) the price charged, including separate statements of container allowances and transportation allowances. If the statement fails to identify the size, grade and style of dressing of any fish or seafood sold, the seller's maximum price for that fish or seafood is his maximum price for the lowest-priced size, grade or style of dressing of that fish or seafood. If the statement fails to identify the fish or seafood sold as fresh or frozen the seller's maximum price for that fish or seafood is the lower of the prices listed for that fish or seafood in the applicable column of the fresh fish tables of section 10.1 and the frozen fish tables of section 10.1.

However, this paragraph does not apply to sales of fresh fish or seafood by producers (who are not also wholesalers). Such producers shall furnish to purchasers on such sales invoices, statements, or other records of the kind customarily furnished by them, if any.

[Paragraph (a) amended by Am. 8, 10 F.R. 9432, effective 8–15–45 (effective date amended by Am. 9, 10 F.R. 9880, effective 8–7–45)]

(b) *Records and reports.* Every seller furnishing, and every purchaser, in the course of trade or business, receiving, a statement pursuant to paragraph (a), shall keep available for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, either a copy of such statement or a record of all the information contained in it. In addition, each purchaser of fresh fish from a producer shall keep an accurate record of each such purchase, containing all the information specified in paragraph (a) for statements. Further, each person making a sale, or a purchase in the course of trade or business, subject to this regulation, shall keep all records of the kinds which he has customarily kept relating to such sale or purchase and to his inventories of fresh or frozen fish or seafood.

NOTE: The removal of any species from MPR 418 or MPR 364 does not affect the responsibility of a person to preserve all records which those regulations require to be preserved.

(c) *Authorization to regional offices to modify invoice provisions.* Any Regional Administrator of the Office of Price Administration may, by order, alter, modify or suspend any of the requirements of paragraph (a) of this section, if in his judgment such action is necessary in order that fish may be marketed efficiently within his jurisdiction and is consistent with the effective enforcement of this regulation. The Regional Administrator may alter, modify or suspend such requirements with reference to such types of sales and such localities within his jurisdiction as he may designate, but only when the buyer and seller are both within his jurisdiction. He may make such provisions for posting the items required in paragraph (a) as in his judgment are necessary to prevent the circumvention or evasion of this regulation. The Regional Administrator may issue such order on his own initiative or upon application for adjustment of the requirements in paragraph (a) by any person subject to them. Revised Procedural Regulation No. 1 [9] shall apply to such application for adjustment.

SEC. 1.7 *Evasion.* (a) The price limitations set forth in this regulation shall not be evaded, either by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to, fresh or frozen fish or seafood separately or in combination with any other commodity or service, or by way of any commission, service, transportation, container, packaging or other charge, or discount premium or other privilege, or by tying agreement or other trade understanding, or by changing the style of dressing of fresh or frozen fish or seafood, or otherwise.

(b) Specifically, but not exclusively, the following practices are prohibited:

(1) Falsely or incorrectly invoicing fresh or frozen fish or seafood.

(2) Offering, selling or delivering fresh or frozen fish or seafood on condition that the purchaser is required to purchase some other commodity or service.

(3) A producer offering to sell, selling or delivering, any person offering to purchase, purchasing or receiving from a producer, at a price higher than the current market price or 5 cents per pound, whichever is lower, any fresh fish or seafood not priced by this regulation or by Maximum Price Regulation No. 418, in combination with a sale or purchase of fresh fish or seafood the price of which is controlled by this regulation, if the fresh fish or seafood not priced by this regulation or by Maximum Price Regulation No. 418 constitutes 75 percent or less of the total weight of the fresh fish or seafood sold or purchased.

(4) A wholesaler or other distributor (other than a retailer) offering to sell, selling or delivering, or any person offering to purchase, purchasing or receiving from a wholesaler or other distributor, at a price higher than the current market price, any fresh fish or seafood not priced by this regulation or by Maximum Price Regulation No. 418, in combination with a sale or purchase of fresh or frozen fish or seafood the price of which is controlled by this regulation.

(5) Charging, paying, billing or receiving any consideration for, or in connection with, any service for which a specific allowance has not been provided by this regulation, or by any regional order (under the authority delegated in Revised Maximum Price Regulation No. 165 [10]) which applies specifically to services performed in connection with the handling of fresh or frozen fish or seafood.

SEC. 1.8 *Licensing.* The provisions of Licensing Order No. 1,[11] licensing persons who make sales under price control, are applicable to sellers subject to this regulation or schedule. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of the suspension, make any sale for which his license has been suspended.

SEC. 1.9 *Enforcement.* On and after the effective date of this regulation, any person violating any provision of this regulation shall be subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for revocation of licenses provided by the Emergency Price Control Act of 1942, as amended.

SEC. 1.10 *Petitions for amendment.* Petitions for amendment of this regulation shall be filed in accordance with the provisions of Revised Procedural Regulation No. 1 issued by the Office of Price Administration. Applications for amendment of the provisions for transportation allowances or container allowances shall be filed in the regional office for the region in which the petitioner resides.

SEC. 1.11 *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order.

SEC. 1.12 *General definitions.* When used in this maximum price regulation the term "artificially frozen" means fish which are frozen by a method other than exposure to the elements.

"Butterfly fillet" means two single fillets which are held together as a single unit by leaving intact the belly wall of the fish.

"Carload lot," with respect to frozen fish or seafood, means a shipment of 24,000 pounds or more of frozen fish or seafood.

"Cellophane wrapped" means fish the immediate wrapper of which is cellophane and each cellophane package of which weighs not more than 2½ lbs.

[Above definition added by Am. 8, 10 F.R. 9432, effective 8–15–45 (effective date amended by Am. 9, 10 F.R. 9880, effective 8–7–45)]

"Center cut" or "Cut-center" means a cross section cut (not a head cut or tail cut) from the middle portion of and not exceeding ⅓ of the length of the dressed fish.

"Chain store warehouse" means the receiving point for a unit of four or more stores under one ownership.

"Chunk" or "cut" means a cross section cut from the dressed fish not exceeding in thickness ⅓ of the length.

"Container" means a rigid box, barrel, carton or crate, of wood, cardboard, metal or other substance used for packing fish. An immediate container as applied to fresh fillets and steaks means a covered container and does not include baskets, crates or any other partially open container.

"Cry-o-vac wrapped" means packed in a bag of cry-o-vac composition or like material.

"Drawn fish" means fish from which the viscera or entrails have been removed, with the head left on.

"Dressed fish" means fish from which the head and viscera or entrails have been removed or any portion of such fish which is not otherwise priced in this regulation.

"Established place of business" means the plant where a person handles and distributes fresh or frozen fish or seafood (with reference to frozen fish and seafood, a cold storage warehouse, other than the original freezer, in which the seller rents space and stores his frozen fish or seafood is considered his established place of business).

"Fillet" means the heavily meated section or strip of fish cut from along the backbone and outside the rib bones, extending from the nape and gills to the tail, or portions thereof.

"Frozen fish" means fish that have been naturally or artificially frozen regardless of the condition in which they are ultimately sold.

"Frozen seafood" means shellfish that have been naturally or artificially frozen regardless of the condition in which they are ultimately sold.

"Government agency" means the United States Government or a Department, Agency, Commission, Corporation, or other such instrumentality of the United States Government.

"Grade" means any qualification of the name of the fish or seafood listed in Table IA of section 10.1 and Table IB of section 10.1.

"Gutted" means fish from which the viscera or entrails have been removed.

"Head cut" or "Cut-head" means a cross section cut from the head end of the dressed fish.

"Headed" means fish from which the head has been removed.

"Individually frozen" means fish which are singly frozen.

"Layer pack" means fish which have been placed in a container in layers that are divided by sheets of paper. In the case of frozen fish the term means fish so placed before they are frozen.

"Naturally frozen" means fish which are frozen by exposure to the elements.

"New York City" means the five boroughs of New York City and an area along the New Jersey shore of the Hudson River opposite Manhattan, and includes the area supervised by the Port of New York Authority.

"Pan frozen" means fish which are frozen in pans, trays or similar receptacles in a solid cake or block.

"Parchment wrapped" means fish or fillets individually wrapped in parchment paper.

"Price per pound" means the price for 16 net ounces of fresh or frozen fish or seafood.

"Round fish or seafood" means fish and seafood as it comes from the water.

"Saddles" means the pectoral fins and the connecting cartilaginous strip of a rajafish.

"Scaled" means fish from which the scales have been removed but the skin left intact.

"Skinned" means fish from which the skin is removed.

"Steak" or "Slice" means a cross section cut from the dressed fish after the tail, fins and collar bone (nape bone) have been removed which does not exceed in thickness its largest diameter or 4 inches, whichever is smaller.

"Steak, individual" as applied to swordfish means a steak less than 1 inch in thickness and containing no more than one-fourth of the cross-section.

[Above definition added by Am. 4, 10 F.R. 4348, effective 4-28-45]

"Tail cut" or "Cut-tail" means a cross section cut from the tail end of the dressed fish.

"Troll caught" means fish caught by hook and line in ocean waters.

"Wings" means the pectoral fins of a rajafish.

Various other terms such as "producer", "wholesaler", "retailer", etc. are defined in the text of the regulation. Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein which are not defined in this section or outlined in the body of this regulation. Any reference to a table price or to a price listed in any column of any table shall mean the listed price as modified by any applicable footnotes unless the context otherwise requires.

[Above paragraph amended by Am. 8, 10 F.R. 9432, effective 8-15-45 (effective date amended by Am. 9, 10 F.R. 9880, effective 8-7-45)]

ARTICLE II—FRESH FISH AND SEAFOOD (NORTH ATLANTIC SPECIES)

SEC. 2.1 *General provisions* — (a) *Scope of this article.* This article sets maximum prices for sales by producers and wholesalers of certain species of fresh fish and seafood listed in Table IA of section 10.1. Table IA (North Atlantic species) lists only species which are primarily landed at North Atlantic ports. (All fresh fish and seafood of any species listed are included, even though they are occasionally landed elsewhere. Fresh fish and seafood primarily landed in other areas, such as halibut, are not included, even though they are occasionally landed at North Atlantic ports.)

(b) *Unlisted styles of dressing and sizes.* Where a species of fresh fish (not including seafood) listed in Table IA is sold in a style of dressing not listed in Table IA the table price for that style of dressing is the lowest price listed in Table IA for any style of dressing for that particular species. Where a fresh seafood (not including fish) listed in Table IA is sold in a style of dressing not listed in Table IA for that particular seafood, the table price for that style of dressing is the lowest price listed in Table IA (section 10.1) or Table A of Maximum Price Regulation No. 418 for any style of dressing for any seafood. For the purposes of this paragraph, "round" is a style of dressing. Where a species of fresh fish or seafood listed in Table IA is sold in a size not listed in Table IA, the table price for that size is the price listed for the lowest priced size of that species.

(c) *Fresh fish.* As used in this article, the words "fresh fish" mean all fresh fish and seafood of the species listed in Table IA of section 10.1, unless the context indicates otherwise.

SEC. 2.2 *Sales by producers*—(a) *What a producer is.* A "producer" is a fisherman or any other person who is allied with him in the catching or landing of fish, or who sells or delivers, at a port of entry or at any other place, fresh fish which he bought and received on a vessel owned or hired by him. A person who is a producer with respect to fresh fish of any species, is treated as a producer with respect to all the fresh fish of that species which he handles.

(b) *Maximum prices for producers' sales.* The maximum price for a sale of fresh fish, ex-vessel or otherwise, by a producer who is not also a wholesaler (see paragraph (d)), to any person other than an ultimate consumer, is the price listed in Column A of Table IA (section 10.1) for that species and month. However, if such producer ships his fish by common carrier, or by other means of transportation, not including local trucking, hauling or handling, and boxes or barrels his fish for such shipment, he may add one cent to the price listed in column A.

(c) *Regional adjustments of producers' prices.* Any regional office of the Office of Price Administration may by order modify the price established by column A of Table IA for any species and style of dressing whenever, and to the extent that, it determines such modification to be necessary to prevent the avoidance of the prices established by Table IA or to prevent disruption of the customary methods of landing and selling fish: *Provided,* That the prices as thus modified shall be in line with the prices established by Table IA for the particular species, making allowance for the difference in the method by which, or the place at which, the fish are removed from the vessel or delivered to the buyer. No modification may be issued which would require an increase in the prices established by any other table or by any other regulation. Such modification shall apply to sales at such areas or localities within the jurisdiction of the regional office as it may determine. No order or modification shall be issued until it shall have been submitted to and approved by the Office of Price Administration in Washington. If the price is modified for any species which is customarily landed in any other region, the order of modification shall not be submitted to Washington until it has been submitted to the regional office for such other region.

(d) *Sales by producers who are also wholesalers.* If a producer sells and distributes his fish from the stock of his established place of business, and also sold and distributed fish from the stock of his established place of business for the substantial portion of the year prior to July 13, 1943, he is a wholesaler with respect to such sales. Those sales are primary fish shipper sales, and are covered by section 2.5.

SEC. 2.3 *Sales to canners*—(a) *General rule.* The maximum price for a sale of fresh fish to a canner by any person is the price established by section 2.2 for a sale by a producer (other than a producer-wholesaler).

(b) *Sales of codfish and haddock.* The maximum price for a sale by any person of codfish (Schedule 2) or haddock (Schedule 7) landed in Boston, Mass. or any point south of Boston, Mass. to a canner of fish flakes as defined in Maximum Price Regulation No. 537, is the applicable price in Column A of Table IA (section 10.1) plus one cent: *Provided, however,* That the seller delivers such codfish or haddock to the premises of a cannery located in Gloucester, Mass. for the purpose of meeting the requirements for fish flakes of the Bureau of Supplies and Accounts of the United States Navy Department.

[Sec. 2.3 amended by Am. 5, 10 F.R. 4536, effective 4-25-45]

SEC. 2.4 *Maximum prices for wholesale sales*—(a) *What "wholesaler" and "wholesale sales" are.* A person, other than a producer, who buys fresh fish for resale and sells more than 20 percent of it to persons other than ultimate consumers, is a "wholesaler" with respect to all his purchases (including his purchases of fish which he sells at retail). A sale by such person is a "wholesale" sale, and the seller is a "wholesaler" with respect to such sale, if:

(1) Such fish is sold and distributed from the stock of such person's domestic established place of business; or

(2) The fish is sold and delivered to a retailer or a purveyor of meals, without advance order, from the stock of the seller's motor truck or wagon in which he delivers it to the retailer's individual store or to the place of business of the purveyor of meals, and the seller has no established place of business. (This type of wholesale sale is called a wagon jobber sale, and the seller is called a wagon-jobber with respect to such sales.)

With the exception of the wagon jobber sale, however, if the fish is not sold and distributed from the domestic established place of business of such seller, the sale is not a "wholesale sale." That seller is a "distributor" with respect to that sale, which is covered by section 1.2 or in the case of an importing distributor by section 2.7a.

[Subparagraphs (1) and (2) corrected, 10 F. R. 4035, effective 4-18-45]

(b) *Maximum prices for wholesale sales.* The maximum price for a wholesale sale of fresh fish (other than a sale to an affiliated retail store by a retailer-owned cooperative wholesaler) is the table price provided by Article X for that sale (section 10.1), plus all applicable allowances (provided by section 2.9 through 2.12). If Article X does not specifically provide a table price for the sale, the maximum price is the lowest table price provided by Article X for any sale by that seller, plus all applicable allowances.

(c) *Maximum prices for sales of lots of more than 500 pounds.* (1) The maximum price for sales of fresh fish which is delivered or shipped to any place of business or other distribution point of the customer in lots totalling more than 500 pounds of any one species in any one day is the table price provided in the following subdivisions (i), (ii) and (iii) plus all applicable allowances:

(i) Sales to purveyors of meals by port wholesalers (other than primary fish shippers)—the price listed in Column B of Table IA (section 10.1) plus one cent.

(ii) Sales to purveyors of meals by wholesalers who bought the fish at prices based on Column E of Table IA—the price listed in Column E of Table IA (section 10.1) plus one cent.

(iii) All other sales—the applicable table price for sales to wholesalers.

(2) Where a customer takes delivery of more than 500 pounds of any one species of fresh fish on any one day at the seller's place of business or other distribution point, the maximum price for the sale of such fish is the applicable table price for sales to wholesalers plus all applicable allowances.

[Paragraph (c) amended by Am. 3, 10 F.R. 4036, effective 4-12-45; Am. 5, 10 F.R. 4536, effective 4-25-45; and Am. 8, 10 F.R. 9432, effective 8-15-45 (effective date of Am. 8 amended by Am. 9, 10 F.R. 9880, effective 8-7-45)]

(d) *Maximum prices for sales by retailer-owned cooperative wholesalers.* A retailer-owned cooperative wholesaler is a wholesaler who is either a non-profit organization or a corporation of which 51 percent or more of the stock is owned by its retail customers. The maximum price for a sale by such wholesaler to an affiliated retail store is the price computed pursuant to paragraph (b) less one cent. (The maximum price for a sale by such wholesaler to any person other than an affiliated retail store is the price computed pursuant to paragraph (b)).

(e) *Allowances generally.* No allowance provided by sections 2.9 through 2.12 of this article may be added by a seller to his table price for any sale unless he separately states that allowance on an invoice to his customer.

SEC. 2.5 *Primary fish shipper sales*—(a) *What a primary fish shipper sale is.* A primary fish shipper sale is a sale of fresh fish by a wholesaler who bought such fish from a producer, or from a distributor (other than a producer, wholesaler, or retailer) who in turn bought or received it from a producer. The term also includes a sale from his established place of business by a producer who is also a wholesaler (see section 2.2 (d)).

(b) *Table prices for primary fish shipper sales.* The table price for a primary fish shipper sale, other than an inland warehouse sale covered by paragraph (c), is as follows:

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in column B of Table IA (section 10.1).

(2) To a retailer or purveyor of meals—the price listed in column C of Table IA (section 10.1).

(c) *Inland warehouse sales.* Where a primary fish shipper ships fresh fish from his domestic established place of business at which he received such fish to his warehouse which is not within any of the States of Maine, New Hampshire, Massachusetts, Connecticut or Rhode Island, and at which he has two or more full-time employees stationed and engaged in making sales and performing services there exclusively for him, and he sells and distributes that fish from the stock of that warehouse, the table price for the sale is as follows:

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in column E of Table IA (section 10.1);

(2) To a retailer—the price listed in column F of Table IA (section 10.1);

(3) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 2.9—the price listed in column F of Table IA (section 10.1), plus one cent.

(ii) If the sale does not fall within subdivision (i)—the price listed in column F of Table IA (section 10.1).

SEC. 2.6 *Port sales*—(a) *What a port sale is.* A port sale is a wholesale sale, other than a primary fish shipper sale, of fresh fish which was imported into the United States or landed at a point in Maine, New Hampshire, Massachusetts, Connecticut or Rhode Island, which sale involves delivery at or from a place within any of those states and in the case of domestic fish from a place within 50 miles from the point at which the fish was landed. The term "port sale" also includes a wholesale sale, other than a primary fish shipper sale, which involves delivery at or from a place within a "port area" established for the species sold and the time of sale, by the Administrator, or by order pursuant to paragraph (b). The seller is called a "port wholesaler" with respect to a port sale.

(b) *Regional designation of port areas.* Any regional office of the Office of Price Administration, or any other office which is authorized by the appropriate regional office to do so, may by order designate as a port area for any species and period of time, any area within its jurisdiction in which a substantial volume of that species is landed or to which a substantial volume is shipped by producers.

(c) *Table prices for port sales.* The table price for a port sale of fresh fish is as follows:

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in column B of Table IA (section 10.1).

(2) To a retailer—the price listed in column C of Table IA (section 10.1).

(3) To a purveyor of meals—the price listed in column D of Table IA (section 10.1).

SEC. 2.7 *Wholesale sales other than primary fish shipper sales and port sales*—(a) *Table prices.* The table price for a wholesale sale of fresh fish other than a primary fish shipper sale or a port sale is as follows: (but see paragraphs (b) and (c)).

(1) To another wholesaler, a chain store warehouse or a retailer-owned cooperative wholesaler—the price listed in column E of table IA (section 10.1).

(2) To a retailer—the price listed in column F of Table IA (section 10.1).

(3) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if he is entitled to a delivery allowance for the sale under section 2.9—the price listed in column F of Table IA (section 10.1) plus one cent.

(ii) If the sale does not fall within subdivision (i)—the prices listed in column F of Table IA (section 10.1).

(b) *Certain sales to retailers and purveyors of meals at Column G prices.* Notwithstanding the provisions of paragraph (a), the table price for a sale of fresh fish by a wholesaler, other than a primary fish shipper or a port wholesaler, to a retailer or purveyor of meals, is the price listed in column G of Table IA (section 10.1), *Provided,* That such wholesaler bought such fish through a properly qualified inland warehouse sale or from the domestic established place of business of another wholesaler who is not a primary fish shipper, importer or port wholesaler, and, during the year preceding the issuance date of this regulation he purchased 80 percent or more of the fish of that species which he handled from such inland warehouse or domestic wholesalers other than primary fish shippers, importers and port wholesalers, and the sale is made to a purveyor of meals or to a retailer who is classified as a Group I or II retailer under Revised Maximum Price Regulation No. 507. However, a wholesaler, selling from an established place of business more than 75 air miles from the Fulton Fish Market, New York City and outside Long Island, may not sell fish transported to him from New York City at prices based on those listed in column G. A processing wholesaler who purchases fresh fish other than fillets which he processes into fillets may not sell such fillets pursuant to this paragraph (b),

if, during the year preceding the issuance date of this regulation, he processed from fish other than fillets more than 50 percent of the fillets he sold. No sales may be made pursuant to this paragraph (b) until the seller has filed with the District Office of the Office of Price Administration for the district in which he is located a signed statement containing (1) his name and address, (2) the species of fresh fish which he intends to sell pursuant to this paragraph, (3) the quantity of fresh fish of such species he purchased during the year preceding the issuance date of this regulation, (4) the names and addresses of the suppliers from whom he purchased that species and the amount purchased from each, and (5) the names and addresses of the customers to whom he intends to sell that species pursuant to this paragraph.

Where a sale is made, pursuant to this paragraph (b), to a purveyor of meals, which sale involves transportation to such purveyor other than local trucking, hauling or handling, or for which sale the seller is entitled to a delivery allowance under section 2.9, the table price for such sale is the price listed in column G of Table IA plus one cent.

(c) *Sales to retailers at Column G prices on permission of district offices.* Any district office of the Office of Price Administration may, on application, grant permission by order to any wholesaler within its jurisdiction who qualifies to sell fresh fish of any species pursuant to paragraph (b), to sell fish of the same species at the same price to such group 3 and 4 retailers as it may designate. The application shall contain the names and addresses of all group 3 and 4 stores to which the applicant is currently making sales. Such permission shall be granted if in the judgment of the district office it is necessary to secure a proper distribution of fish. Revised Procedural Regulation No. 1 shall apply to such application for adjustment.

(d) *Sales of more than 500 pounds to a customer delivered in lots of 500 pounds or less.* Where a sale is made pursuant to paragraph (b) or (c) of this section but the wholesaler sells or delivers more than 500 pounds of any one species of fresh fish to the customer on any one day, the table price for that part of such fresh fish which is shipped or delivered to any place of business or other distribution point of the customer in lots totalling 500 pounds or less in any one day is the appropriate table price provided in section 2.7 (a). The table prices in paragraphs (b) and (c) do not apply to such sales.

[Paragraph (d) added by Am. 3, 10 F.R. 4036, effective 4-12-45; amended by Am. 8, 10 F.R. 9432, effective 8-15-45 (effective date of Am. 8 amended by Am. 9, 10 F.R. 9880, effective 8-7-45)]

SEC. 2.7a *Importer sales.* (a) An importer sale is a sale of fresh fish which the seller (including the agent of a foreign shipper) imported into the United States. It also includes sales by a wholesaler or any other person of imported fish which he bought from an importing distributor (other than a wholesaler or retailer). Such a seller is an importer with respect to such sales. The maximum prices for such sales are the table prices established for primary fish shipper sales plus all applicable allowances.

(b) *Inland warehouse sales.* Where an importing wholesaler ships imported fish from his domestic established place of business at which he received the fish to a warehouse which is not within any of the States of Maine, New Hampshire, Massachusetts, Connecticut, or Rhode Island, and at which he has two or more full-time employees stationed and engaged in making sales and performing services exclusively for him and he sells and distributes that fish from the stock of that warehouse, the maximum prices for such sales are the table prices established for inland warehouse sales (section 2.5 (c)) plus all applicable allowances.

SEC. 2.8 *Sales to ultimate consumers.* The maximum price for a sale of fresh fish to an ultimate consumer by a producer is the price listed in column B of Table IA (section 10.1) plus the mark-up over that price, provided by Revised Maximum Price Regulation No. 507 for group 3 and group 4 retail stores. The maximum price for a sale of fresh fish to an ultimate consumer by any person other than a producer, who buys the fish for resale and sells 50 percent or more of it to persons other than ultimate consumers, is either the price listed in column B of Table IA (section 10.1), plus all applicable allowances, or his supplier's table price on the sale to him plus all applicable allowances, plus the mark-up over the total thus obtained provided by Revised Maximum Price Regulation No. 507 for group 3 and group 4 retail stores. (The maximum price for a sale to an ultimate consumer by a person who buys fresh fish and resells more than 50 percent of it to ultimate consumers is fixed by Revised Maximum Price Regulation No. 507.)

SEC. 2.9 *Delivery allowance*—(a) *Basic allowance.* Where a wholesale sale is made to a retailer or purveyor of meals, and the fresh fish is delivered by the seller in his own motor truck or wagon, or in a motor truck or wagon used solely for his own deliveries, to the retailer's individual store or to the place of business of the purveyor of meals, the seller may add 1½ cents to his table price.

(b) *Additional mileage allowance.* Where a delivered sale by a wholesaler for which an allowance is made by paragraph (a) is made to an individual retail store or place of business of a purveyor of meals, which is located more than 25 air miles from the seller's point of shipment, the seller may add to his table price, in addition to the allowance provided in paragraph (a), the appropriate charge listed below:

Distance:	*Allowance in cents per pound*
26 to 75 miles	½
76 to 150 miles	¾
151 to 250 miles	1
Over 250 miles	1¼

SEC. 2.10 *Custom dressing allowance.* (a) Where a wholesale sale is made to a purveyor of meals of custom-dressed fresh fish (that is, of fish with the head, entrails, scales and fins removed), the seller may add 3 cents per pound to his table price for the dressed fish. If the applicable table lists a price for round fish but not for dressed fish, the dressed fish price is deemed to be 40 percent more than the listed round fish price. If the applicable table lists a price for drawn fish but not for round or dressed fish, the dressed fish price is deemed to be 25 percent more than the listed drawn fish price. No charge shall be made for any other customary services performed by the seller, such as slicing, removing collar bone, wrapping, etc.

SEC. 2.11 *Transportation allowance*—(a) *General.* The allowances provided by this section for transportation costs do not apply to local trucking, hauling, or handling charges, for which no charge may be made. No allowance taken for transportation costs pursuant to this section may exceed the common carrier rate from shipping to receiving points. Where a wholesaler further processes the fresh fish he receives before he sells it, he may add to his table price for the processed fish an amount which will enable him to recover the full allowance provided by this section for his incoming transportation.

(b) *Wholesaler's or other distributor's incoming transportation.* Any wholesaler, or other distributor covered by section 1.2, who buys fresh fish from another domestic wholesaler may add to his table price the actual cost of the transportation of such fish from his seller's shipping point to his receiving point.

(c) *Wholesaler's transportation to branch warehouse.* A wholesaler who ships fish from his place of business to his warehouse or other distribution point which is remote from that place of business, and which is not in a port area for that species, may add to his table price the actual cost of transportation from his place of business to that warehouse or other distribution point.

(d) *Importer's incoming transportation*—(1) *General rule.* An importer may add to his table price as a transportation allowance the smallest of the following:

(i) The actual transportation cost from the foreign shipper's shipping point to the importer's receiving point.

(ii) The actual transportation cost to the importer's receiving point from the point at which the fish entered the United States or the carload rail rate from the point in the United States nearest the foreign shipper's shipping point, whichever is designated by the importer;

(iii) The transportation cost for the type of shipment used to the importer's receiving point from Boston.

(2) *Atlantic salmon.* Notwithstanding the provisions of subparagraph (1), an importer of fresh Atlantic salmon (Schedule No. 23) may add to his table price as a transportation allowance the actual transportation cost from the foreign shipper's shipping point to the importer's receiving point.

Duty may be added to the table prices for imported fresh Atlantic salmon. Any seller who processes this fish may add to his table price the amount which will enable him to recover the full amount of the duty paid for the particular lot of fish involved in the processing.

[Paragraph (d) amended by Am. 4, 10 F.R. 4348, effective 4-28-45]

(e) *Allowance paid by purchasing wholesaler.* A purchasing wholesaler who has paid to his domestic supplier an allowance for transportation costs pursuant to paragraphs (b), (c) or (d), may add that allowance to his table price.

(f) *Authorization to regional offices to fix transportation allowances.* Any regional office of the Office of Price Administration, and such other offices as may be authorized by the appropriate regional office, may by order determine and fix for any area or locality within its jurisdiction, a transportation allowance applicable to any species of fresh fish or seafood. The allowance shall be ascertained by reference to the principal source or sources from which the particular species is shipped to the area or locality and the method of transportation generally used. The transportation allowance thus fixed shall be used by all wholesalers in lieu of the actual transportation cost, in determining their maximum price for the sale, in the area or locality, of the designated species of fresh fish or seafood. The transportation allowances may be made effective for such time as the appropriate office finds proper, and may be changed from time to time to reflect changes in the principal sources of designated species of fish or seafood or methods of shipment which occur in the regular course of business. In determining the maximum prices for sales of fresh fish and seafood in any area or locality for which a transportation allowance is not established, wholesalers shall add actual transportation cost as provided in paragraph (a) of this section. Any transportation allowance established pursuant to the provisions of this paragraph shall have the same force and effect as if specifically established in this regulation.

SEC. 2.12 *Container allowances*—(a) *Sales by primary fish shipper*—(1) *Fish other than fillets and steaks.* A primary fish shipper may add to his table price for a sale in a container of fresh fish other than fillets or steaks, an outgoing container allowance in the applicable amount listed in paragraph (e), but only if the container is not returned to him.

A primary fish shipper who paid the producer the allowance provided by section 2.2 (b) for fresh fish which the producer boxed or barreled and shipped may add to his table price for a sale of such fish to a retailer or purveyor of meals the allowance in the amount provided in paragraph (e) for the container in which he received the fish, *Provided,* That such fish is sold without a container or the primary fish shipper is otherwise not entitled to any other container allowance provided in this section 2.12.

[Subparagraph (1) amended by Am. 4, 10 F.R. 4348, effective 4-28-45]

(2) *Fillets or steaks.* A primary fish shipper may add to his table price for a sale of fillets or steaks an allowance for the immediate container in which he sells them in the applicable amount listed in paragraph (e). If the sale involves transportation to the buyer other than local trucking, hauling or handling, he may also add to his table price an allowance for an outgoing outer container in the applicable amount listed in paragraph (e), but only if he is not entitled to a delivery allowance for the sale under section 2.9, and if the outer container is not returned to him.

(3) *Inland warehouse sales.* This paragraph (a) does not apply to a sale by a primary fish shipper from his inland warehouse pursuant to section 2.5 (c). For the purposes of this section, such a sale is treated as a sale made by a wholesaler other than a primary fish shipper.

(b) *Sales by a wholesaler other than a primary fish shipper who paid no container allowance.* A wholesaler other than a primary fish shipper who paid no container allowance authorized by this section on his purchase of fresh fish, may add to his table price for sales of that fish the applicable allowance for his outgoing container provided by paragraph (a) for sales by a primary fish shipper.

(c) *Sales by a wholesaler other than a primary fish shipper who paid a container allowance*—(1) *Incoming container allowance.* A wholesaler other than a primary fish shipper, who purchased fresh fish in a container (or containers in the case of fillets or steaks) and paid a container allowance authorized by paragraph (a) or (b) of this section, may pass on that allowance as an addition to his table price for sales of that fish. A subsequent wholesaler may pass on, as an addition to his table price for a sale of fresh fish, any container allowance authorized by this section which he paid when he purchased that fish. This is called the wholesaler's "incoming container allowance". If such wholesaler processes that fish into fillets or steaks, or sells it custom-dressed to purveyors of meals, he may add as his incoming container allowance an amount which will enable him to recover the full authorized allowance paid by him when he purchased the fish, but no more than 3 cents for sales of fillets or 2 cents for sales of steaks or custom-dressed fish.

(2) *Outgoing container allowance for sales of fish other than fillets or steaks.* For a sale in a container of fresh fish of any species, other than fillets or steaks, by a port wholesaler (not including a primary fish shipper) to a purveyor of meals, or by a wholesaler, other than a primary fish shipper or port wholesaler, to a retailer or purveyor of meals, the seller may add to his table price, in addition to the incoming container allowance provided by subparagraph (1), an outgoing container allowance in the applicable amount listed in paragraph (e), *Provided,* That:

(i) The sale involves transportation to the buyer other than local trucking, hauling or handling; and

(ii) The seller bought that fish in containers of 100 pounds or more of that species; and

(iii) He sells and ships no more than 80 pounds of fresh fish of that species (exclusive of fillets or steaks) to that customer on the day of such sale and shipment; and

(iv) He is not entitled to a delivery allowance for that sale under section 2.9.

(3) *Outgoing immediate container allowance for sales of fillets, or steaks by processing wholesalers.* A processing wholesaler is a wholesaler who purchases fresh fish, other than fillets or steaks, which he processes into fillets or steaks for resale. A processing wholesaler, other than a primary fish shipper, may add to his table price for fillets or steaks processed by him, in addition to the incoming container allowance provided by subparagraph (1), an allowance for the immediate container in which he sells those fillets or steaks, in the applicable amount listed in paragraph (e), if that container is not returned to him.

(4) *Outgoing outer container allowance for sales of fillets or steaks by processing wholesaler.* A processing wholesaler, other than a primary fish shipper, may add to his table price for sales of fillets or steaks processed by him, in addition to the allowances provided by subparagraphs (1) and (3), an allowance for his outgoing outer container, in the applicable amount listed in paragraph (e), *Provided,* That:

(i) The sale involves transportation to the buyer other than local trucking, hauling or handling; and

(ii) The seller is not entitled to a delivery allowance for that sale under section 2.9; and

(iii) The outer container is not returned to the seller.

However, the total of the allowances added to the seller's table price under subparagraph (1) (incoming container allowance) and this subparagraph (outgoing outer container allowance) may not exceed 3 cents for sales of fillets or 2 cents for sales of steaks.

(5) *Outgoing outer container allowance for sales of fillets by a non-processing wholesaler.* A wholesaler other than a primary fish shipper, who purchased fillets or steaks and paid on such purchase pursuant to paragraph (a) or (b), an immediate container allowance but no outer container allowance, may add to his table price for sales of such fillets or steaks, in addition to the incoming container allowance provided by subparagraph (1), an allowance for his outer outgoing container in the applicable amount listed in paragraph (e), *Provided,* That:

(i) The sale involves transportation to the buyer other than local trucking, hauling or handling; and

(ii) The seller is not entitled to a delivery allowance for that sale under section 2.9; and

(iii) The outer container is not returned to the seller.

(d) *Special package shipment to outlying country points.* Where a wholesaler packs fresh fish with dry ice, and ships such fish by common carrier to individual retail stores or purveyors of meals located in outlying rural areas, he may add to his table price the actual cost of any special outer shipping case and dry ice used, the total not to exceed 2 cents per pound: *Provided,* That he adds no other outgoing container allowances provided in this section 2.12 except

an allowance for the outgoing immediate container (where such is permitted) in the case of fillets and steaks.

(e) *Container prices.*

Net weight of fish or seafood:	Cents per pound for container

For any net weight not listed in this section, take the nearest net weight for which provision is made.

For any net weight falling equally between two listed net weights, take the net weight with the lower allowance. When fish or seafood is cellophane wrapped, add an additional ¼ cent per pound.

[Paragraphs (d) and (e) amended by Am. 4, 10 F.R. 4348, effective 4-28-45]

(f) *Authorization to regional offices to fix container allowances.* Any regional office of the Office of Price Administration, or such other office as may be authorized by the appropriate regional office, may by order determine and fix for any area or locality within its jurisdiction a container allowance applicable to such types of sales of such species and styles of dressing of fresh fish or seafood as it may designate. The allowance shall be ascertained by reference to the principal type or types of containers in which such fish is handled in that area or locality and the principal source or sources of supply for that area or locality. The container allowance thus fixed shall be used by all wholesalers in that area or locality in lieu of the container allowances provided by this section, for sales of the designated species and styles of dressing to such classes of purchasers within the jurisdiction of the said office as it may designate. Such allowance may be made effective for such time as the appropriate office finds proper, and may be changed from time to time to reflect changes in the types of containers used and the sources of supply which occur in the regular course of business. For sales in any area or locality for which a container allowance is not established, wholesalers shall add the appropriate container allowances provided by paragraphs (a) through (d) of this section. Any container allowance established pursuant to this paragraph shall have the same force and effect as if specifically fixed by this regulation.

ARTICLE III—FROZEN FISH AND SEAFOOD (NORTH ATLANTIC SPECIES)

SEC. 3.1 *General provisions*—(a) *Scope of this article.* This article sets maximum prices for sales by processors and wholesalers of certain species of frozen fish and seafood listed in Table IB of section 10.1. Table IB (North Atlantic species) lists only species which are primarily landed and frozen at North Atlantic ports. (All frozen fish and seafood of any species and style of dressing listed are included, even though they are occasionally landed or frozen elsewhere. Frozen fish and seafood primarily landed and frozen in other areas, such as halibut, are not included, even though they are occasionally landed and frozen at North Atlantic ports.)

(b) *Frozen fish.* As used in this article, the words "frozen fish" mean all frozen fish and seafood of the species and styles of dressing listed in Table IB of section 10.1, unless the context indicates otherwise.

SEC. 3.2 *Maximum prices for sales by processors and wholesalers*—(a) *Maximum prices.* The maximum price for any sale of frozen fish by a processor (defined in section 3.3) or a wholesaler (defined in section 3.4) is the table price provided for that sale (by sections 3.3 through 3.7), plus all applicable allowances (provided by sections 3.9 through 3.13), and plus or minus any applicable differentials (provided by section 3.12 (a)). If this article does not specifically provide a table price for the sale, the maximum price is the lowest table price provided by this article for any sale by that seller, plus all applicable allowances, and plus or minus any applicable differential.

(b) *Maximum prices for sales of lots of more than 500 pounds.* (1) The maximum price for sales of frozen fish, which is delivered or shipped to any place of business or other distribution point of the customer in lots totalling more than 500 pounds of any one species in any one day, is the table price provided in the following subdivisions plus all applicable allowances and plus or minus any applicable differentials:

(i) Sales to purveyors of meals by wholesalers who bought the fish at prices based on Column III of Table IB—the price listed in Column III of Table IB (section 10.1) plus one cent.

(ii) All other sales—the applicable table price for sales to wholesalers.

(2) Where a customer takes delivery of more than 500 pounds of any one species of frozen fish on any one day at the seller's place of business or other distribution point, the maximum price for the sale of such fish is the applicable table price for sales to wholesalers plus all applicable allowances and plus or minus any applicable differentials.

[Paragraph (b) amended by Am. 3, 10 F.R. 4036, effective 4-12-45; Am. 5, 10 F.R. 4536, effective 4-25-45; and Am. 8, 10 F.R. 9432, effective 8-15-45 (effective date of Am. 8 amended by Am. 9, 10 F.R. 9880, effective 8-7-45)]

(c) *Allowances generally.* No allowance or differential (provided by sections 3.9 through 3.13) may be added by a seller to his table price unless it is separately stated on an invoice to his customer.

SEC. 3.3 *Sales by processors*—(a) *What a processor is.* A "processor" of frozen fish is a person who owns the frozen fish before it leaves the original freezer.

(b) *What a secondary processor is.* A "secondary processor" with respect to frozen fish of any species, is a person other than a producer or producer-wholesaler (defined in section 2.2), of fresh fish of that species, or a primary processor of frozen fish of the same species, who freezes fresh fish which he purchased, pursuant to Article II, at the table price listed in column B of Table IA (section 10.1) or higher, and who normally purchases 80 percent or more of the fresh fish of that species which he freezes at the table price listed in column B of Table IA (section 10.1) or higher. He is a secondary processor only with respect to fish of that species purchased at such prices which he freezes. The term also includes a person, other than a primary processor of the same species, who acquires such frozen fish from such secondary processor before the fish leaves the original freezer.

(c) *What a primary processor is.* A processor of any frozen fish who fails to fill the requirements of paragraph (b) with respect to that frozen fish, is a primary proceessor of that frozen fish. A person who is a primary processor with respect to more than 20 percent of the frozen fish of any species which he sells, is considered, for the purposes of this regulation, a primary processor with respect to all the frozen fish of that species which he sells.

(d) *Table prices for sales by a primary processor.* The table price for a sale of frozen fish by a primary processor, other than a sale covered in paragraph (e), is as follows:

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in column I of Table IB (section 10.1)..

(2) To a retailer or purveyor of meals—the price listed in column II of Table IB (section 10.1).

(e) *Inland warehouse sales by a primary processor.* Where a primary processor ships frozen fish to a warehouse, which is (i) remote from the original freezer, (ii) not within any of the States of Maine, New Hampshire, Massachusetts, Connecticut, or Rhode Island, and (iii) at which warehouse he has two or more fulltime employees stationed and engaged in selling frozen fish and performing related services for him exclusively, and he sells and distributes such frozen fish from the stock of that warehouse in less-than-carload lots, his table prices for such sales are the prices listed below: *Provided, however,* That during the greater portion of the year preceding April 13, 1943 he received frozen fish of the same species at that warehouse, for the most part in carload lots, or as a portion of a whole carload lot including other species, and sold and distributed it from there for the most part in less-than-carload lots;

(1) To a wholesaler, chain-store warehouse, or retailer-owned cooperative wholesaler—the price listed in column III of Table IB (section 10.1) but only if such fish was received at the warehouse in carload lots, or as a portion of a whole carload lot including other species.

(2) To a retailer—the price listed in column IV of Table IB (section 10.1).

(3) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling, or handling, or if the seller is entitled to a delivery allowance for the sale under section 3.9—the price listed in column IV of Table IB (section 10.1) plus ½ cent.

(ii) If the sale is not covered by subdivision (i) the price listed in column IV of Table IB (section 10.1).

[Paragraph (e) amended by Am. 5, 10 F.R. 4536, effective 4-25-45]

(f) *Table prices for sales by a secondary processor.* The table price for a sale of frozen fish by a secondary processor is as follows:

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in column I of Table IB (section 10.1).

(2) To a retailer:

(i) If the sale is made by a secondary processor who has no place of business within any of the States of Maine, New Hampshire, Massachusetts, Connecticut or Rhode Island, and the fish is frozen at, and delivered from or at, a place which is not within any of those states—the price listed in column IV of Table IB (section 10.1).

(ii) If the sale is not covered by subparagraph (i)—the prices listed in column II of Table IB (section 10.1).

(3) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 3.9—the prices listed in column IV of Table IB (section 10.1) plus ½ cent.

(ii) If the sale is not covered by subdivision (i)—the prices listed in column IV of Table IB (section 10.1).

SEC. 3.4 *Wholesale sales generally*—(a) *What "wholesale sales" and "wholesalers" are.* A person other than a processor who buys frozen fish for resale, and sells more than 20 percent of it to persons other than ultimate consumers, is a "wholesaler" with respect to all his purchases (including his purchases of fish which he sells at retail). His sales of that fish are "wholesale sales", and he is a "wholesaler" with respect to those sales, if:

(1) He sells and distributes the greater part of such fish from the stock of his domestic established place of business; or

(2) He has no established place of business, and he sells and delivers such fish to a retailer or purveyor of meals, without advance order, from the stock of his motor truck or wagon in which he delivers it to the retailer's individual store or to the place of business of the purveyor of meals. (This type of wholesale sale is called a wagon jobber sale. The seller is a wagon jobber with respect to such sale.)

With the exception of the wagon jobber sale, however, if the seller does not sell and distribute the greater part of his fish from the stock of his domestic established place of business, he is not a wholesaler, but is a distributor whose sales are covered by section 1.2, or in the case of an importing distributor by section 3.5. (For the purposes of this article a seller's "established place of business" includes a cold storage warehouse, other than the original freezer, in which the seller rents space and stores his fish.)

SEC. 3.5 *Importer sales.* (a) An importer sale is a sale of frozen fish which the seller (including the agent of a foreign shipper) imported into the United States. It also includes sales by a wholesaler or any other person of imported fish which he bought from an importing distributor (other than a wholesaler or retailer). Such a seller is an importer with respect to such sales. The maximum prices for such sales are the table prices established for sales by primary processors plus all applicable allowances (provided by sections 3.9 through 3.13) and plus or minus any applicable differentials (provided by section 3.12 (a)).

(b) *Inland warehouse sales.* Where an importing wholesaler receives imported frozen fish at his domestic established place of business and ships such fish to another warehouse in less-than-carload lots or in carload lots which he assembled at his domestic established place of business, and such other warehouse and sales from it meet the qualifications set out in section 3.3 (e) (Inland warehouse sales by a primary processor), the maximum prices for such sales are the table prices established by that section plus all applicable allowances and plus or minus any applicable differentials.

SEC. 3.6 *Primary distributor sales*—(a) *What a primary distributor sale is.* A sale by a wholesaler (other than an importer sale) to another wholesaler, chain-store warehouse or retailer-owned cooperative of frozen fish purchased frozen in carload lots or as a portion of a whole carload lot including other species, and distributed in the United States in less-than-carload lots, is a primary distributor sale: *Provided, however,* That the seller handled the same species of frozen fish during the year preceding April 13, 1943 and during the greater part of that year bought in carload lots or as a portion of a whole carload lot including other species the greater portion of that species which he handled, and he distributed from an established place of business in the United States the greater portion in less-than-carload lots. The seller is called a primary distributor with respect to such sales.

[Paragraph (a) amended by Am. 5, 10 F.R. 4536, effective 4-25-45]

(b) *Table price.* The table price for a primary distributor sale is the price listed in column III of Table IB (section 10.1).

SEC. 3.7 *Wholesale sales not covered by sections 3.5 and 3.6*—(a) *Table prices.* The table price for a wholesale sale of frozen fish which is not covered by section 3.5 or 3.6 is as follows (but see paragraph (b)):

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the prices listed in column I of Table IB (section 10.1).

(2) To a retailer:

(i) By a retailer-owned cooperative wholesaler to an affiliated retail store—the price listed in column IV of table IB (section 10.1) minus one cent. (A retailer-owned cooperative wholesaler is a wholesaler who is either a non-profit organization or a corporation of which 51 percent or more of the stock is owned by its retail customers.)

(ii) By a wholesaler except as provided in the immediately preceding subdivision (i)—the price listed in column IV of Table IB.

(3) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 3.9—the prices listed in column IV of Table IB (section 10.1) plus ½ cent.

(ii) If the sale is not covered by subparagraph (i)—the prices listed in column IV of Table IB (section 10.1).

(b) *Certain sales to retailers and purveyors of meals at Column V prices.* Notwithstanding the provisions of paragraph (a), a wholesaler who purchases frozen fish from a primary distributor, or from an inland warehouse of a processor or importer pursuant to section 3.3 (e) or section 3.5 (b) may sell that fish to retailers or purveyors of meals at the following table prices:

(1) To a retailer:

(i) If the seller is a retailer-owned cooperative wholesaler (defined in paragraph (a) (2) (i))—selling to an affiliated retail store—the prices listed in column V of Table IB (section 10.1) minus one cent.

(ii) If the seller is not a retailer-owned cooperative wholesaler—the price listed in column V of Table IB (section 10.1).

(2) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 3.9—the price listed in column V of Table IB (section 10.1) plus ½ cent.

(ii) If the sale is not covered by subdivision (i)—the price listed in column V of Table IB (section 10.1).

SEC. 3.8 *Sales to ultimate consumers.* The maximum price for a sale of frozen fish to an ultimate consumer by a processor, or by an importer-wholesaler who is a primary processor of fish of the same species, is the price listed in column I of Table IB (section 10.1), plus all applicable allowances, plus the mark-up over the total thus obtained provided by Revised Maximum Price Regulation No. 507 for group 3 and group 4 retail stores. The maximum price for a sale of frozen fish to an ultimate consumer by any person other than a processor, who buys frozen fish for resale and sells 50 percent or more of it to persons other than ultimate consumers, is either the price listed in column I of Table IB (section 10.1) plus all applicable allowances, or his supplier's table price on the sale to him plus all applicable allowances, plus the mark-up over the total thus obtained provided by Revised Maximum Price Regulation No. 507 for group 3 and group 4 retail stores. (The maximum price for a sale to an ultimate consumer by a person who buys frozen fish and resells more than 50 percent of it to ul-

timate consumers is fixed by Revised Maximum Price Regulation No. 507.)

SEC. 3.9 *Delivery allowance*—(a) Basic *allowance.* Where a wholesale sale or a sale by a processor is made to a retailer or purveyor of meals, and the frozen fish is delivered by the seller in his own motor truck or wagon, or in a motor truck or wagon used solely for his own deliveries, to the retailer's individual store or to the place of business of the purveyor of meals, the seller may add 1½¢ to his table price.

[Paragraph (a) corrected, 10 F.R. 4035, effective 4–18–45]

(b) *Additional mileage allowance.* Where a delivered sale by a processor or a wholesaler for which an allowance is provided by paragraph (a) is made to an individual retail store or place of business of a purveyor of meals, which is located more than 25 air miles from the seller's place of business, the seller may add to his table price, in addition to the allowance provided in paragraph (a), the appropriate charge listed below.

Distance:	*Allowance in cents per pound*
26 to 75 miles	½
76 to 150 miles	¾
151 to 250 miles	1
Over 250 miles	1¼

SEC. 3.10 *Custom dressing allowance.* (a) Where a wholesale sale or a sale by a processor is made to a purveyor of meals of custom-dressed frozen fish (that is, of fish with the head, entrails, scales and fins removed), the seller may add 3 cents per pound to his table price for the dressed fish. If the applicable table lists a price for round fish but not for dressed fish, the dressed fish price is deemed to be 40 percent more than the listed round fish price. If the applicable table lists a price for drawn fish but not for round or dressed fish, the dressed fish price is deemed to be 25 percent more than the listed drawn fish price. No charge shall be made for any customary services performed by the seller, such as slicing, removing collar bone, wrapping, etc.

SEC. 3.11 *Transportation allowances*—(a) *General.* The allowances provided by this section for transportation costs do not apply to local trucking, hauling or handling charges, for which no charge may be made. No allowance taken for transportation costs pursuant to this section may exceed the common carrier rate from shipping to receiving points.

(b) (1) *Incoming fresh fish transportation for processors.* If a primary or secondary processor freezes fish in a place, which is remote from the place where that fish was landed, he may add to his table price the per pound transportation costs, not to exceed the carload rail freight rate per pound for fresh fish (if such rate is available) from the nearest port where that species is landed, ex-vessel.

[Above paragraph designated subparagraph (1), and (2) added by Am. 6, 10 F.R. 5905, effective 5–22–45]

(2) *New Bedford fillets.* If a processor fillets fresh fish at his place of business in New Bedford, Massachusetts, and freezes the fillets at Boston, Massachusetts, where he delivers them to the Quartermaster Corps of the United States Army, he may add to his table price the transportation cost from New Bedford to Boston. (The allowance taken for such transportation may not exceed the common carrier rate from shipping to receiving points. See paragraph (a) of this section 3.11).

(c) *Incoming transportation for wholesalers and other distributors.* Any wholesaler or other distributor who purchases frozen fish from a domestic supplier may add to his table price the transportation cost from his supplier's shipping point to his receiving point.

(d) *Importer's incoming transportation*—(1) *General rule.* An importer of frozen fish may add to his table price as a transportation allowance the smallest of the following:

(i) The actual transportation cost from the foreign shipper's shipping point to the importer's receiving point.

(ii) The actual transportation cost to the importer's receiving point from the point at which the fish entered the United States, or the carload rail rate from the point in the United States nearest the foreign shipper's shipping point, whichever is designated by the importer.

(iii) The transportation cost for the type of shipment used to his receiving point from Boston.

(2) *Atlantic salmon.* Notwithstanding the provisions of subparagraph (1), an importer of frozen Atlantic salmon (Schedule No. 23) may add to his table price as a transportation allowance the actual transportation cost from the foreign shipper's shipping point to the importer's receiving point.

Duty may be added to the table prices for imported frozen Atlantic salmon. Any seller who processes this fish may add to his table price the amount which will enable him to recover the full amount of the duty paid for the particular lot of fish involved in the processing.

[Subparagraph (d) amended by Am. 4, 10 F.R. 4348, effective 4–28–45]

(e) *Outgoing transportation for processors, wholesalers and distributors.* Any processor, wholesaler, or other distributor, not including an importer, who ships frozen fish from one of his warehouses to another of his warehouses or to his distribution point which is remote from his shipping point and from the original freezing point, may add to his table price for frozen fish distributed from or at that remote warehouse, or other distribution point, the transportation cost from the shipping point nearest the first warehouse to such remote warehouse or other distribution point.

(f) *Allowance paid by purchasing wholesaler.* A purchasing wholesaler who has paid to his domestic supplier a transportation allowance authorized by paragraphs (a), (b), (c), (d), or (e) may add that allowance to his table price.

(g) A wholesaler who further processes the frozen fish he receives before he sells it, may add to his table price for the processed fish an amount which will enable him to recover the full incoming transportation allowance provided by paragraph (c), (d) or (f).

(h) *Mileage allowance for wholesalers.* Any wholesaler of frozen fish may add to his table price for sales to retailers and purveyors of meals 25 percent of the carload freight charge from Boston to his receiving point.

(i) *Authorization to regional offices to fix transportation allowances.* Any regional office of the Office of Price Administration, and such other offices as may be authorized by the appropriate regional office, may by order determine and fix for any area or locality within its jurisdiction, a transportation allowance applicable to any species of frozen fish or seafood. The allowance shall be ascertained by reference to the principal source or sources from which the particular species is shipped to the area or locality and the method of transportation generally used. The transportation allowance thus fixed shall be used by all wholesalers in lieu of the actual transportation cost, in determining their maximum prices for the sale, in the area or locality, of the designated species of frozen fish or seafood. The transportation allowance may be made effective for such time as the appropriate office finds proper, and may be changed from time to time to reflect changes in the principal sources of designated species of fish or seafood or methods of shipment which occur in the regular course of business. In determining the maximum prices for sales of frozen fish and seafood in any area or locality for which a transportation allowance is not established, wholesalers shall add actual transportation cost as provided in paragraph (a) of this section. Any transportation allowance established pursuant to the provisions of this paragraph shall have the same force and effect as if specifically established in this regulation.

SEC. 3.12 *Container differentials and allowances*—(a) *Generally.* The table prices established by this article for sales of frozen fish include an allowance for the usual containers in which the fish is packed. This section sets forth the amount which may be added to, or which must be subtracted from, those table prices when the frozen fish is not packed in containers or is packed in containers of the sizes and kinds herein listed.

Parchment wrapped in 15 lb. wood or paper box	Base price
Parchment wrapped in 10 lb. wood or paper box—Add	¼¢ per lb.
Parchment wrapped in 5 lb. wood or paper box—Add	½¢ per lb.
Parchment wrapped in 1 lb. wood or paper box—Add	1½¢ per lb.
Cellophane wrapped in 15 lb. wood or paper box—Add	¼¢ per lb.
Cellophane wrapped in 10 lb. wood or paper box—Add	½¢ per lb.
Cellophane wrapped in 5 lb. wood or paper box—Add	¾¢ per lb.
Cellophane wrapped in 1 lb. wood or paper box—Add	1¾¢ per lb.
Layer pack in 15 lb. wood or paper box—Subtract	½¢ per lb.
Layer pack in 10 lb. wood or paper box—Subtract	¼¢ per lb.
Layer pack in 5 lb. wood or paper box	Base price

Cry-o-vac: When Cry-o-vac bags or containers of similar materials are used in conjunction with any of the above methods of wrapping or packing add to the above differentials: ¼ cent per pound for a unit of 15 pounds net weight; ½ cent per pound for a unit of 10 pounds net weight; ¾ cent per pound for a unit of 5 pounds net weight.

Frozen fish and frozen sea foods not packed in boxes or other containers . . . subtract 1 cent per pound.

(b) *Less-than-box-lot shipment to retailers or purveyors of meals.* Where a wholesaler purchases, or an inland warehouse of a primary processor qualifying under section 3.3 (e) receives, a species of frozen fish in containers of 100 pounds or more, and resells that fish to a retailer or a purveyor of meals in lots of 80 pounds or less in any one day, and the sale involves transportation from him to the buyer other than local trucking, hauling or handling, that wholesaler, or processor selling from an inland warehouse pursuant to section 3.2 (e), may add 1 cent to his table price for such sales as a container allowance for a broken box lot sale. However, no allowance may be added under this paragraph for a sale of fillets or steaks.

(c) *Special package shipments to outlying country points.* Where a processor or wholesaler packs frozen fish with dry ice in special containers and ships such fish by common carrier to individual retail stores or purveyors of meals located in rural areas he may add to his table price the actual cost of any special shipping case and dry ice used, the total not to exceed 2 cents per pound.

[Paragraph (c) amended by Am. 4, 10 F.R. 4348, effective 4–28–45]

SEC. 3.12a *Winter allowance for certain items of frozen fish.* (a) Any person making a sale of any of the items listed in paragraph (c) may add to the appropriate table price the applicable amount listed in that paragraph, but only if:

(1) Such fish has been landed and frozen in the United States. (This allowance may not be added for imported fish.)

(2) The seller has since September 30, 1945 sold without adding this allowance (on the basis of the summer prices) an amount equal to his inventory on September 30, 1945 plus an amount equal to his total domestic purchases of the item made since that date on the basis of the summer prices and his total imports of the item.

(3) The seller has complied fully with the reporting requirements in paragraph (b).

(4) The seller (other than a processor) has received an invoice setting out this allowance separately. (The allowance must be stated on the invoice pursuant to section 3.2 (c).)

(5) The seller has added no storage allowance under section 3.13 (b).

(6) Such fish is delivered to the customer prior to April 1, 1946 in the case of a sale by a processor and prior to April 16, 1946 in the case of a sale by a wholesaler.

(b) *Reporting requirements.* The allowances provided in this section 3.12a may not be added unless and until the seller has filed with the Office of Price Administration, Washington, D. C., the following information:

(1) His inventory of any of the listed items on hand on September 30, 1945 where such inventory is over 1000 pounds.

(2) Monthly reports of his inventory of any of these items on hand at the end of the last day of each month beginning with October 31, 1945.

(3) Monthly reports of the quantity of each of these items purchased during each month beginning with the month of October 1945 (i) at prices including the allowances (winter prices), (ii) at prices not including the allowances (summer prices) and (iii) as imports. For each purchase of more than 500 pounds, the name and address of the person from whom the purchase was made, the price paid and the freezers or other places of business from which delivery was made and to which delivery was made must be set out.

(4) Monthly reports of the quantity of each of these items sold during each month beginning with the month of October (i) at winter prices; (ii) at summer prices. For each sale of more than 500 pounds, the name and address of the customer, the price charged and the freezers or other places of business to which delivery was made and from which delivery was made must be set out.

(5) Each report must be signed, dated and must contain the name and address of the person reporting. In the case of the inventory reports provided by Nos. 1 and 2 the report must contain the addresses of the places in which the inventories are stored stating separately the amount stored in each place. All monthly reports must be filed with the Office of Price Administration at Washington, D. C. before the 10th of each month. A seller must file monthly reports required by Nos. 2 through 4 with respect to any item only where his inventory (amount he owns) of the item for which no winter allowance may be added exceeds 1000 pounds at any time during the month for which or for the end of which a report is required. Note, however, that all sellers, whether or not they must file reports can take the allowance only if they meet all the requirements of paragraph (a). All sellers must of course, keep records in accordance with section 1.6.

(c) *Amount of allowances.*

Item:	*Addition (cents)*
Codfish fillets, skin-on	4
Codfish fillets, skinless	4½
Codfish steaks	2¼

[Sec. 3.12a added by Am. 13, 10 F.R. 13403, effective 11–1–45]

SEC. 3.13 *Storage allowances*—(a) *Inland storage.* For inland warehouse sales, primary distributor sales, and other wholesale sales priced on the basis of column III or IV, the seller may add ½ cent per pound to the applicable table price if the seller has previous to the sale stored the fish in a freezer other than the original freezer.

(b) *Winter storage.* Any person making a sale of the listed species of fish during the listed months may add to the appropriate table price the applicable amount:

Species	January	February	March	April
	Cents	*Cents*	*Cents*	*Cents*
Codfish, cusk, blackback, sea dab and yellowtail, haddock hake, mud hake, pollock, gray sole, sea scallops, wolffish	¼	½	¾	0
Whiting	¼	½	¾	1

ARTICLE IV—FRESH FISH AND SEAFOOD (PACIFIC COAST SPECIES)

SEC. 4.1 *General provisions*—(a) *Scope of this article.* This article sets maximum prices for sales by producers and wholesalers of certain species of fresh fish and seafood listed in Table IIA of section 10.1. Table IIA (Pacific Coast Species) lists only species which are primarily landed at Pacific Coast ports. (All fresh fish and seafood of any species listed are included, even though they are occasionally landed elsewhere. Fresh fish and seafood primarily landed in other areas, such as shrimp, are not included, even though they are occasionally landed at Pacific Coast ports).

(b) *Unlisted styles of dressing and sizes.* Where a species of fresh fish (not including seafood) listed in Table IIA is sold in a style of dressing not listed in Table IIA the table price for that style of dressing is the lowest price listed in Table IIA for any style of dressing for that particular species. For the purposes of this paragraph, "round" is a style of dressing. Where a species of fresh fish or seafood listed in Table IIA is sold in a size not listed in Table IIA, the table price for that size is the price listed for the lowest priced size of that species.

(c) *Fresh fish.* As used in this article, the words "fresh fish" mean all fresh fish and seafood of the species listed in Table IIA of section 10.1, unless the context indicates otherwise.

SEC. 4.2 *Sales by producers*—(a) *What a producer is.* A "producer" is a fisherman or any other person who is allied with him in the catching or landing of fish, or who sells or delivers, at a port of entry or at any other place, fresh fish which he bought and received on a vessel owned or hired by him. A person who is a producer with respect to fresh fish listed in any schedule, is treated as a producer with respect to all the fresh fish listed in that schedule which he handles.

(b) *Maximum prices for producers' sales.* The maximum price for a sale of fresh fish, ex-vessel or otherwise, by a producer who is not also a wholesaler (see paragraph (d)), to any person other than an ultimate consumer, is the price listed in Column A of Table IIA (section 10.1) for that species and month. However, if such producer ships his fish by common carrier, or by other means of transportation, not including local trucking, hauling or handling and boxes or barrels his fish for such shipment in containers which are not returned to

him, he may add one cent to the price listed in Column A. War risk insurance premiums may be paid in addition to the listed maximum prices for those species of fish and in those localities where such premiums have customarily been paid by purchasers of fish.

(c) *Regional adjustments of producers' prices.* The provisions in section 2.2 (c) as now or hereafter amended, applicable to fresh fish prices in Table IA, are hereby made applicable to fresh fish prices in Table IIA.

(d) *Sales by producers who are also wholesalers.* If a producer sells and distributes his fish from the stock of his established place of business, and also sold and distributed fish from the stock of his established place of business for the substantial portion of the year prior to July 13, 1943, he is a wholesaler with respect to such sales. Those sales are primary fish shipper sales, and are covered by section 4.5.

SEC. 4.3 *Sales to canners.* The maximum price for a sale of fresh fish to a canner by any person is the price established by section 4.2 for a sale by a producer (other than a producer-wholesaler).

SEC. 4.4 *Maximum prices for wholesale sales*—(a) *What "wholesaler" and "wholesale sales" are.* A person, other than a producer, who buys fresh fish for resale and sells more than 20 percent of it to persons other than ultimate consumers, is a "wholesaler" with respect to all his purchases (including his purchases of fish which he sells at retail). A sale by such person is a "wholesale" sale, and the seller is a "wholesaler" with respect to such sale if:

(1) He sells and distributes at least 80 percent of the fresh fish he handles from the stock of his domestic established place of business (i) in which such fish has been unloaded and warehoused (ii) at which he maintains fulltime employees for the purpose of handling and packing fish exclusively for him, or

(2) The fish is sold and delivered to a retailer or a purveyor of meals, without advance order, from the stock of the seller's motor truck or wagon in which he delivers it to the retailer's individual store or to the place of business of the purveyor of meals, and the seller has no established place of business. (This type of wholesale sale is called a wagon jobber sale, and the seller is called a wagon-jobber with respect to such sales).

With the exception of the wagon jobber sale, however, if the seller does not sell and distribute at least 80 percent of his fresh fish from the stock of his domestic established place of business as provided in subparagraph (1) of this section he is not a wholesaler but is a distributor whose sales are covered by section 1.2 or 4.7a in the case of an importing distributor or 4.7b in the case of a distributor buying from a primary fish shipper or port wholesaler.

(b) *Maximum prices for wholesale sales.* The maximum price for a wholesale sale of fresh fish (other than a sale to an affiliated retail store by a retailer-owned cooperative wholesaler) is the table price provided by Article X for that sale (section 10.1) plus all applicable allowances. If Article X does not specifically provide a table price for the sale, the maximum price is the lowest table price provided by Article X for any sale by that seller, plus all applicable allowances.

(c) *Maximum prices for sales of lots of more than 500 pounds.*—(1) The maximum price for sales (except primary fish shipper or port sales to distributors other than wholesalers, retailers or purveyors of meals) of fresh fish which is delivered or shipped to any place of business or other distribution point of the customer in lots totalling more than 500 pounds of any one species in any one day is the table price provided in the following subdivisions (i), (ii) and (iii) plus all applicable allowances:

(i) Sales to purveyors of meals by port wholesalers (other than primary fish shippers)—the price listed in Column B of Table IIA (section 10.1) plus one cent.

(ii) Sales to purveyors of meals by wholesalers who bought the fish at prices based on Column E of Table IIA—the price listed in Column E of Table IIA (section 10.1) plus one cent.

(iii) All other sales—the applicable table price for sales to wholesalers.

(2) Where a customer (except a distributor other than a wholesaler, retailer or purveyor of meals) takes delivery of more than 500 pounds of any one species of fresh fish on any one day at the seller's place of business or other distribution point the maximum price for the sale of such fish is the applicable table price for sales to wholesalers plus all applicable allowances.

(d) *Maximum prices for sales by retailer-owned cooperative wholesalers.* A retailer-owned cooperative wholesaler is a wholesaler who is either a non-profit organization or a corporation of which 51 percent or more of the stock is owned by its retail customers. The maximum price for a sale by such wholesaler to an affiliated retail store is the price computed pursuant to paragraph (b) less one cent. (The maximum price for a sale by such wholesaler to any person other than an affiliated retail store is the price computed pursuant to paragraph (b)).

(e) *Allowances generally.* No allowance provided by sections 4.9 through 4.12 of this article may be added by a seller to his table price for any sale unless he separately states that allowance on an invoice to his customer.

SEC. 4.5 *Primary fish shipper sales*—(a) *What a primary fish shipper sale is.* A primary fish shipper sale is a sale of fresh fish by a wholesaler who bought such fish from a producer, or from a distributor (other than a producer, wholesaler or retailer) who in turn bought or received it from a producer. The term also includes a sale from his established place of business by a producer who is also a wholesaler (see section 4.2 (d)).

(b) *Table prices for primary fish shipper sales.* The table price for a primary fish shipper sale, other than an inland warehouse sale covered by paragraph (c) is as follows:

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in Column B of Table IIA (section 10.1).

(2) To a distributor (other than a wholesaler, retailer or purveyor of meals):

(i) For a sale of fish for which the price in Column B of Table IIA is 10 cents or less and for a sale of round, drawn or dressed halibut—the price listed in Column B of Table IIA (section 10.1) minus ½ cent.

(ii) Where the sale does not fall within subdivision (i)—the price listed in Column B of Table IIA (section 10.1) minus one cent.

(3) To a retailer—the price listed in Column C of Table IIA (section 10.1).

(4) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 4.9—the price listed in Column C of Table IIA (section 10.1) plus one cent.

(ii) If the sale does not fall within subdivision (i)—the price listed in Column C of Table IIA (section 10.1).

(c) *Inland warehouse sales.* Where a primary fish shipper ships fresh fish from his domestic established place of business at which he received the fish to his warehouse (1) which is not within Alaska, the States of Washington, Oregon or California and (2) at which he maintains full-time employees for the purpose of handling and packing fish exclusively for him—the table price for a sale of fresh fish which has been unloaded into the warehouse and is sold and distributed from the stock of such warehouse is as follows:

(i) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in Column E of Table IIA (section 10.1);

(ii) To a retailer—the price listed in Column F of Table IIA (section 10.1);

(iii) To a purveyor of meals:

(*a*) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 4.9—the price listed in Column F of Table IIA (section 10.1) plus one cent.

(*b*) If the sale does not fall within subdivision (*a*)—the price listed in Column F of Table IIA (section 10.1).

SEC. 4.6 *Port sales*—(a) *What a port sale is.* A port sale is a wholesale sale, other than a primary fish shipper sale, of fresh fish where the sale falls within any of the following types (The seller is called a "port wholesaler" with respect to a port sale):

(1) A sale which involves delivery at or from a place other than San Francisco or Los Angeles, if such place is within 50 miles from a point where the fish was landed;

(2) A sale of fresh fish which was imported into the United States into the State of Washington and involves delivery at or from any place in the State of Washington;

(3) A sale of halibut or salmon which involves delivery at or from Alaska or Seattle;

(4) A sale of fresh fish which involves delivery from Alaska, Washington, Oregon or California to any point outside Alaska and any of the following states: Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming.

(5) A sale which involves delivery at or from a place within a "port area" established for the species sold and the time of sale by the Administrator or by order pursuant to paragraph (b).

(b) *Regional designation of port areas.* Any regional office of the Office of Price Administration, or any other office which is authorized by the appropriate regional office to do so may by order designate as a port area for any species and period of time, any area within its jurisdiction in which a substantial volume of that species is landed or to which a substantial volume is shipped by producers.

(c) *Table prices for port sales.* The table price for a port sale of fresh fish is as follows:

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in Column B of Table IIA (section 10.1).

(2) To a distributor (other than a wholesaler, retailer or purveyor of meals):

(i) For a sale of fish for which the price in Column B of Table IIA is 10 cents or less, and for a sale of round, drawn or dressed halibut—the price listed in Column B of Table IIA (section 10.1) minus ½ cent.

(ii) Where the sale does not fall in subdivision (i)—the price listed in Column B of Table IIA (section 10.1) minus one cent.

(3) To a retailer—the price listed in Column C of Table IIA (section 10.1).

(4) To a purveyor of meals—the price listed in Column D of Table IIA (section 10.1).

SEC. 4.7 *Wholesale sales other than primary fish shipper sales and port sales*—(a) *Table prices.* The table price for a wholesale sale of fresh fish other than a primary fish shipper sale or a port sale is as follows: (but see paragraphs (b) and (c)).

(1) To another wholesaler (other than a wagon jobber), a chain store warehouse or a retailer-owned cooperative wholesaler:

(i) If the selling wholesaler makes wholesale sales of at least 20 percent of the fish which he buys from other wholesalers to persons who sell at retail or purveyors of meals—the price listed in Column E of Table IIA (section 10.1).

(ii) If the sale does not fall within subdivision (i)—the selling wholesaler must take his supplier's table prices.

(2) To a wagon jobber.

(i) If the sale and delivery is made from the wholesaler's established place of business in Washington, Oregon or California in lots containing 160 pounds or less of round, drawn or dressed halibut and/or 80 pounds or less of any other fish (except fillets or steaks) to that wagon jobber in any one day and the sale involves no transportation to the buyer—the price listed in Column E of Table IIA (section 10.1) plus ½ cent.

(ii) If the sale does not fall within subdivision (i)—the price listed in Column E of Table IIA (section 10.1).

(3) To a retailer—the price listed in Column F of Table IIA (section 10.1).

(4) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if he is entitled to a delivery allowance for the sale under section 4.9—the price listed in Column F of Table IIA (section 10.1) plus one cent.

(ii) If the sale does not fall within subdivision (i)—the price listed in Column F of Table IIA (section 10.1).

(b) *Certain sales to retailers and purveyors of meals at Column G prices.* The provisions of section 2.7 (b) as now or hereafter amended, applicable to sales of fresh fish listed in Table IA are hereby made applicable to sales of fresh fish listed in Table IIA, except that the provision with reference to a wholesaler buying fish from New York City does not apply.

(c) *Sales to retailers at Column G prices on permission of district offices.* The provisions of section 2.7 (c) as now or hereafter amended, applicable to sales of fresh fish listed in Table IA are hereby made applicable to sales of fresh fish listed in Table IIA.

(d) *Sales of more than 500 pounds to a customer delivered in lots of 500 pounds or less.* Where a sale is made pursuant to paragraph (b) or (c) of this section but the wholesaler sells or delivers more than 500 pounds of any one species of fresh fish to the customer on any one day, the table price for that part of such fresh fish which is shipped or delivered to any place of business or other distribution point of the customer in lots totalling 500 pounds or less in any one day is the appropriate table price provided in section 4.7 (a). The table prices in paragraphs (b) and (c) do not apply to such sales.

SEC. 4.7a *Importer sales.* (a) An importer sale is a sale of fresh fish which the seller (including the agent of a foreign shipper) imported into the United States. It also includes sales by a wholesaler or any other person of imported fish which he bought from an importing distributor (other than a wholesaler or retailer.) Such a seller is an importer with respect to such sales. The maximum prices for such sales are the table prices established for primary fish shipper sales plus all applicable allowances.

(b) *Inland warehouse sales.* Where an importing wholesaler ships imported fresh fish from his domestic established place of business at which he received the fish to his warehouse (1) which is not within Alaska, the States of Washington, Oregon or California and (2) at which he maintains fulltime employees for the purpose of handling and packing fish exclusively for him—the maximum prices for sales of fish which has been unloaded into the warehouse and is sold and distributed from the stock of such warehouse are the table prices established for inland warehouse sales (section 4.5(c)) plus all applicable allowances.

(c) *Halibut.* No person shall buy halibut landed on the Pacific Coast of Canada which halibut is intended for transshipment in bond into the United States at a price higher than the price provided for sales by producers (see (Schedule No. 4 (b), Column A of Table IIA) when the fish is bought from the producer, or the price provided for primary fish shipper sales to wholesalers (Schedule No. 4 (b), Column B of Table IIA) when bought from any wholesaler. No producer shall sell any halibut landed on the Pacific Coast of Canada from a vessel of the United States which halibut is intended for transshipment in bond to the United States at a price higher than the price for a producer's sale (see Schedule No. 4 (b), Column A of Table IIA). No person shall sell and distribute from Canada either directly or indirectly through a foreign or domestic corporation which he owns or controls any such halibut at a price higher than the price provided for a primary fish shipper sale.

(d) Notwithstanding the provisions of paragraphs (a) and (b) the maximum price which a person may charge for a sale of fish which he receives in bond from the Pacific Coast of Canada is the appropriate table price applicable to a sale of such fish purchased from a producer (where such is the case) or from a primary fish shipper (where the fish is bought or received by the seller from a distributor in Canada who otherwise qualifies as a wholesaler) plus all applicable allowances for importer sales.

SEC. 4.7b *Certain distributor sales.* The maximum price for a sale by a distributor (other than wholesaler, retailer or purveyor of meals) of fish which he bought from a primary fish shipper or port wholesaler pursuant to section 4.5 (b) (2) or section 4.6 (c) (2) is his supplier's maximum price for such sale plus any applicable allowance. (See section 1.2).

SEC. 4.8 *Sales to ultimate consumers.* The provisions of section 2.8 as now or hereafter amended, applicable to sales of fresh fish listed in Table IA are hereby made applicable to sales of fresh fish listed in Table IIA.

SEC. 4.9 *Delivery allowance.* The provisions of section 2.9 as now or hereafter amended, applicable to sales of fresh fish listed in Table IA are hereby made applicable to sales of fresh fish listed in Table IIA.

SEC. 4.10 *Custom dressing allowance.* The provisions of section 2.10 as now or hereafter amended applicable to sales of fresh fish listed in Table IA are hereby made applicable to sales of fresh fish listed in Table IIA.

SEC. 4.11 *Transportation allowance*—(a) *General.* The allowances provided by this section for transportation costs do not apply to local trucking, hauling or handling charges for which no charge may be made. No allowance taken for transportation costs pursuant to this section may exceed the common carrier rate from shipping to receiving points. Where a wholesaler further processes the fresh fish he receives before he sells it, he may add to his table price for the processed fish an amount which will enable him to recover the full allowance

provided by this section for his incoming transportation.

(b) *Wholesaler's or other distributor's incoming transportation.* Any wholesaler, or other distributor covered by section 1.2 or 4.7b who buys fresh fish from another domestic wholesaler may add to his table price the actual cost of the transportation of such fish from his seller's shipping point to his receiving point. However, no such transportation may be added for troll caught salmon transported to Seattle or Tacoma from any place other than Alaska.

(c) *Wholesalers transportation to distribution point*—(1) *Shipments to branch warehouses by wholesalers.* A wholesaler who ships fish from his principal place of business to his warehouse or other distribution point which is remote from that place of business and the sale from which is not a port sale, may add to his table price the actual cost of transportation from his place of business to that warehouse or other distribution point.

(2) *Primary fish shipper transportation of certain Alaskan fish.* A primary fish shipper who transports lingcod, sablefish, troll caught salmon, halibut, red cod or true cod landed in Alaska to any state of the United States may add to his table price the actual cost of transportation from the shipping point in Alaska to his receiving point in the United States.

(3) *Primary fish shipper's transportation of California fish.* A primary fish shipper who transports any species of fresh fish landed in California from his receiving station (including facilities for receiving, packing and shipping fish) to his principal place of business may add to his table price the actual cost of transportation from such receiving station to his principal place of business. However, he may add this transportation cost only where the receiving station is located at a point where a substantial quantity of that species of fresh fish was landed during the year preceding July 13, 1943.

(d) *Importer's incoming transportation.* An importer may add to his table price as a transportation allowance the smallest of the following:

(1) The actual transportation cost from the foreign shipper's shipping point to the importer's receiving point;

(2) The actual transportation cost to the importer's receiving point from the point at which the fish entered the United States, or the carload rail rate from the point in the United States nearest the foreign shipper's shipping point, whichever is designated by the importer;

(3) The cost of transportation for the type of shipment used to the importer's receiving point from Seattle in the case of fish imported from Canada or from San Diego, California, in the case of fish imported from Mexico.

(4) Where the importer's transportation cost from the place at which fish, imported from Canada into the State of Washington, enters the United States to the importer's receiving point is less than the transportation cost for the same type of shipment from such place of entry to Seattle the importer may add no incoming transportation.

(e) *Allowance paid by purchasing wholesaler.* A purchasing wholesaler who has paid to his domestic supplier an allowance for transportation costs pursuant to paragraphs (b), (c) or (d), may add that allowance to his table price.

(f) *Authorization to regional offices to fix transportation allowances.* The provisions of section 2.11 (f) as now or hereafter amended applicable to the transportation allowances in Article II are hereby made applicable to the transportation allowances in this Article IV.

(g) *Special rules affecting halibut.* The table price appropriate with respect to the type of sale, the style of dressing and the point of landing, plus the transportation allowance in this section shall not exceed whichever of the following three is lowest:

(1) The appropriate table price for halibut which was landed on the Pacific Coast of the continental United States (Schedule 4 (a)) plus the rail rate from Seattle to the seller's receiving point for the type of shipment used;

(2) The appropriate table price for halibut which was landed on the Pacific Coast of Canada, (Schedule 4 (b)) plus the rail rate from Prince Rupert to the seller's receiving point for the type of shipment used;

(3) The appropriate table price plus the transportation allowance as fixed in this section.

SEC. 4.12 *Container allowances.* The provisions of section 2.12 as now or hereafter amended, applicable to the container allowances in Article II are hereby made applicable to this Article IV. Any reference to sections 2.1–2.12 shall be considered a reference to sections 4.1–4.12 respectively. However, a wholesaler who otherwise qualifies for the outgoing container allowances for sales of fish other than fillets or steaks, as set out in section 2.12 (c) (2), may add that allowance for sales of round, drawn or dressed halibut where not more than 160 pounds are shipped to that customer on any one day. (See section 2.12 (c) (2) (iii).)

SEC. 4.13 *Authorization to regional office to fix prices for local varieties.* The Regional Administrator for Region VIII is hereby authorized to exercise within his region the functions, duties, powers and authority conferred upon the Price Administration for the purpose of establishing by order specific maximum prices for all sales (other than those covered by Revised Maximum Price Regulation No. 507) of fresh fish, domestic and imported, for which maximum prices have not been established in the articles of this regulation covering fresh fish, *Provided*, That:

(a) During the year preceding the issuance of the order substantially all of such fresh fish which was consumed in the United States entered the United States at or was produced within Region VIII.

(b) Substantially all of such fresh fish during the year preceding the issuance of the order was consumed within Region VIII.

(c) The maximum price fixed for producers' sales does not exceed the 1942 weighted average price for such sales.

(d) The markup established for wholesale sales does not exceed those generally prevailing during 1942.

(e) The prices established are fixed in accordance with and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, Executive Order No. 9250 and Executive Order No. 9328.

(f) The Regional Administrator shall consider the level of prices, the pattern of distribution and the allowances and deductions provided in Maximum Price Regulation No. 579.

(g) The Regional Administrator for Region VIII shall issue with each order an opinion setting out the above circumstances.

ARTICLE V—FROZEN FISH AND SEAFOOD (PACIFIC COAST SPECIES)

SEC. 5.1 *General provisions*—(a) *Scope of this article.* This article sets maximum prices for sales by processors and wholesalers of certain species of frozen fish and seafood listed in Table IIB of section 10.1. Table IIB (Pacific Coast species) lists only species which are primarily landed and frozen at Pacific Coast ports. (All frozen fish and seafood of any species and style of dressing listed are included, even though they are occasionally landed or frozen elsewhere. Frozen fish and seafood primarily landed and frozen in other areas, such as shrimp, are not included, even though they are occasionally landed and frozen at Pacific Coast ports.)

(b) *Frozen fish.* As used in this article, the words "frozen fish" mean all frozen fish and seafood of the species and styles of dressing listed in Table IIB of section 10.1, unless the context indicates otherwise.

SEC. 5.2 *Maximum prices for sales by processors and wholesalers*—(a) *Maximum prices.* The maximum price for any sale of frozen fish by a processor (defined in section 5.3) or a wholesaler (defined in section 5.4) is the table price provided for that sale (by sections 5.3 through 5.8), plus all applicable allowances (provided by sections 5.9 through 5.13), and plus or minus any applicable differentials (provided by section 5.12). If this article does not specifically provide a table price for the sale, the maximum price is the lowest table price provided by this article for any sale by that seller, plus all applicable allowances, and plus or minus any applicable differential.

(b) *Maximum prices for sales of lots of more than 500 pounds.* (1) The maximum price for sales of frozen fish (other than primary processor's sales to certain distributors covered by section 5.3 (d) (2)) which is delivered or shipped to any place of business or other distribution point of the customer in lots totalling more than 500 pounds of any one species in any one day, is the table price provided in the following subdivisions plus all applicable allowances and plus or minus any applicable differential:

(i) Sales to purveyors of meals by wholesalers who bought the fish at prices based on Column III of Table IIB (section 10.1)—the price listed in Column III of Table IIB (section 10.1) plus one cent.

(ii) All other sales—the applicable table price for sales to wholesalers.

(2) Where a customer takes delivery of more than 500 pounds of any one species of frozen fish on any one day at the seller's place of business or other distribution point, the maximum price for the sale of such fish is the applicable table price for sales to wholesalers plus all applicable allowances and plus or minus any applicable differential.

(c) *Allowances generally.* No allowance or differential (provided by sections 5.9 through 5.13) may be added by a seller to his table price unless it is separately stated on an invoice to his customer.

SEC. 5.3 *Sales by processors*—(a) *What a processor is.* A "processor" of frozen fish is a person who owns the frozen fish before it leaves the original freezer.

(b) *What a secondary processor is.* A "secondary processor" with respect to frozen fish of any species, is a person other than a producer or producer-wholesaler (defined in section 4.2), of fresh fish of that species, or a primary processor of frozen fish of the same species, who freezes fresh fish which he purchased pursuant to Article IV at the table price listed in Column B of Table IIA (section 10.1) or higher, and who normally purchases 80 percent or more of the fresh fish of that species which he freezes at the table price listed in Column B of Table IIA (section 10.1) or higher. He is a secondary processor only with respect to fish of that species purchased at such prices which he freezes. The term also includes a person other than a primary processor of the same species, who acquires such frozen fish from such secondary processor before the fish leaves the original freezer.

(c) *What a primary processor is.* (1) A processor of any frozen fish who fails to fill the requirements of paragraph (b) with respect to that frozen fish, is a primary processor of that frozen fish.

(2) A person who is a primary processor with respect to more than 20 per cent of the frozen fish of any species which he sells, is considered, for the purposes of this regulation a primary processor with respect to all the frozen fish of that species which he sells. However, he shall not be considered a processor with respect to such fish as he buys already frozen and which is shipped to him from a point more than 125 miles from his place of business.

[Paragraph (c) amended by Am. 14, effective 11-26-45]

(d) *Table prices for sales by a primary processor.* The table price for a sale of frozen fish by a primary processor, other than a sale covered in paragraph (e) is as follows:

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in Column I of Table IIB (section 10.1).

(2) To a distributor (other than a wholesaler, retailer or purveyor of meals):

(i) For a sale of fish for which the price in Column I of Table IIB is 10 cents or less and for a sale of round, drawn or dressed halibut—the price listed in Column I of Table IIB (section 10.1) minus ½ cent.

(ii) Where the sale does not fall within subdivision (i)—the price listed in Column I of Table IIB (section 10.1) minus one cent.

(3) To a retailer—the price listed in Column II of Table IIB (section 10.1).

(4) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling, or handling, or if the seller is entitled to a delivery allowance for the sale under section 5.9—the price listed in Column II of Table IIB (section 10.1) plus one cent.

(ii) If the sale is not covered by subdivision (i)—the price listed in Column II of Table IIB (section 10.1).

(e) *Inland warehouse sales by a primary processor.* Where a primary processor ships fish, frozen in the United States or Alaska, to a warehouse which is at least 250 miles away from the original freezer, not within Alaska, the States of Oregon, Washington or California and at which warehouse he has two or more full-time employees stationed and engaged in selling frozen fish and performing related services for him exclusively, and he sells and distributes such frozen fish from the stock of that warehouse in less-than-carload lots, his table prices for such sales are the prices listed below: *Provided, however,* That during the greater portion of the year preceding April 13, 1943, he received frozen fish of the same species at that warehouse, for the most part in carload lots, or as a portion of a whole carload lot including other species, and sold and distributed it from there for the most part in less-than-carload lots:

(1) To a wholesaler, chain-store warehouse, or retailer-owned cooperative wholesaler—the price listed in Column III of Table IIB (section 10.1) but only if such fish was received at the warehouse in carload lots, or as a portion of a whole carload lot including other species.

(2) To a retailer—the price listed in Column IV of Table IIB (section 10.1).

(3) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 5.9—the price listed in Column IV of Table IIB (section 10.1) plus one cent.

(ii) If the sale is not covered by subdivision (i)—the price listed in Column IV of Table IIB (section 10.1).

(f) *Table prices for sales by a secondary processor.* The table price for a sale of frozen fish by a secondary processor is as follows:

(1) To a wholesaler, chain-store warehouse, or retailer-owned cooperative wholesaler—the price listed in Column I of Table IIB (section 10.1).

(2) To a retailer:

(i) If the sale is made by a secondary processor who has no place of business in Alaska, the States of Oregon or Washington, and the fish is frozen at or delivered from or at, a place other than those listed above—the price listed in Column IV of Table IIB (section 10.1).

(ii) If the sale is not covered by subdivision (i)—the price listed in Column II of Table IIB (section 10.1).

(3) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 5.9—the price listed in Column IV of Table IIB (section 10.1) plus one cent.

(ii) If the sale is not covered by subdivision (i)—the price listed in Column IV of Table IIB (section 10.1).

SEC. 5.4 *Wholesale sales generally*—(a) *What "wholesale sales" and "wholesalers" are.* A person other than a processor who buys frozen fish for resale, and sells more than 20 percent of it to persons other than ultimate consumers, is a "wholesaler" with respect to all his purchases (including his purchases of fish which he sells at retail). His sales of that fish are "wholesale sales", and he is a "wholesaler" with respect to those sales, if:

(1) He sells and distributes at least 80 percent of the frozen fish he handles from the stock of his domestic established place of business (i) in which such fish has been unloaded and warehoused, (ii) at which he maintains fulltime employees for the purpose of handling and packing such fish exclusively for him, and (iii) from the stock of which he sells and distributes at least 20 percent of the frozen fish he purchases to persons who sell at retail and purveyors of meals. Except as applicable to primary distributor sales (see section 5.6), "domestic established place of business" does not include public freezing facilities: it includes only a warehouse or the freezer which is wholly owned or controlled by the seller; or

(2) He has no established place of business, and he sells and delivers such fish to a retailer or purveyor of meals, without advance order, from the stock of his motor truck or wagon in which he delivers it to the retailer's individual store or to the place of business of the purveyor of meals. (This type of wholesale sale is called a wagon jobber sale. The seller is a wagon jobber with respect to such sale.)

With the exception of the wagon jobber sale, however, if the seller does not sell and distribute at least 80 percent of his frozen fish from the stock of his domestic established place of business, he is not a wholesaler, but is a distributor whose sales are covered by section 1.2 or section 5.5 in the case of an importing distributor or section 5.6a in the case of a distributor buying from a primary fish shipper or port wholesaler.

SEC. 5.5 *Importer sales.* (a) An importer sale is a sale of frozen fish, which the seller (including the agent of a foreign shipper) imported into the United States. It also includes sales by a wholesaler or any other person of imported fish which he bought from an importing distributor (other than a wholesaler or retailer). Such a seller is an importer with respect to such sales. The maximum prices for such sales are the table

prices established for sales by primary processors plus all applicable allowances (provided by sections 5.9 through 5.13) and plus or minus any applicable differentials (provided by section 5.12).

(b) *Inland warehouse sales.* Where an importing wholesaler receives imported frozen fish at his domestic established place of business and ships such fish to another warehouse in less-than-carload lots or in carload lots which he assembled at his domestic established place of business, and such other warehouse and sales from it meet the qualifications set out in section 5.3 (e) (Inland warehouse sales by a primary processor), the maximum price for such sale is the table price established by that section plus all applicable allowances and plus or minus any applicable differentials.

(c) *Halibut.* No person shall buy frozen halibut originally landed fresh on the Pacific Coast of Canada which halibut is intended for transshipment in bond into the United States at a price higher than the price provided for sales by primary processors to wholesalers (see Schedule 4, footnote 3, Column I of Table IIB). No person shall sell or distribute from Canada either directly or indirectly through a foreign or domestic corporation which he owns or controls any such halibut at a price higher than the price provided for primary processors' sales to wholesalers.

(d) Notwithstanding the provisions of paragraphs (a) and (b) the maximum price which a person may charge for a sale of frozen fish which he receives in bond from the Pacific Coast of Canada is the appropriate table price applicable to a sale of such fish purchased from a primary processor plus all applicable allowances for an importer sale.

[Paragraphs (c) and (d) amended by Am. 9, 10 F.R. 9880, effective 8-7-45]

SEC. 5.6 *Primary distributor sales—*(a) *What a primary distributor sale is.* A sale by a wholesaler (other than an importer sale) to another wholesaler, chain-store warehouse or retailer-owned cooperative, of frozen fish purchased frozen in carload lots or as a portion of a whole carload lot including other species and distributed in the United States in less-than-carload lots, is a primary distributor sale: *Provided, however,* That the seller handled the same species of frozen fish during the year preceding April 13, 1943, and during the greater portion of that year bought in carload lots or as a portion of a whole carload lot including other species the greater portion of that species which he handled, and he distributed from an established place of business in the United States the greater portion in less-than-carload lots. The seller is called a primary distributor with respect to such sales. *Provided, further,* That a primary distributor sale shall not include a sale of frozen fish which involves delivery from or within Alaska, Washington, Oregon or California.

(b) *Table price.* The table price for a primary distributor sale is the price listed in Column III of Table IIB (section 10.1).

SEC. 5.6a *Certain distributor sales.* The maximum price for a sale by a distributor (other than a wholesaler, retailer or purveyor of meals) of fish which he bought from a primary processor pursuant to section 5.3 (d) (2) is his supplier's maximum price for such sale plus any applicable allowances.

SEC. 5.7 *Wholesale sales not covered by sections 5.5 and 5.6—*(a) *Table prices.* The table price for a wholesale sale of frozen fish which is not covered by section 5.5 or 5.6 is as follows: (but see paragraph (b)).

(1) To a wholesaler, chain-store warehouse or retailer-owned cooperative wholesaler:

(i) If the sale involves transportation from any point within 50 miles from the place where the fish was originally landed fresh or was frozen, other than San Francisco and Los Angeles, or, if the sale involves transportation from Alaska, Washington, Oregon, or California to any point outside Alaska or any of the following States: Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming—the price listed in Column I of Table IIB (section 10.1).

(ii) If the sale does not fall within subdivision (i) and is made to a wagon jobber and involves delivery from the wholesaler's established place of business in Washington, Oregon or California in lots containing 160 pounds or less of round, drawn or dressed halibut and/or 80 pounds or less of any other fish (except fillets or steaks) to that wagon jobber in any one day and the sale involves no transportation to the buyer—the price listed in Column III of Table IIB (section 10.1) plus ½ cent.

(iii) If the sale does not fall within subdivisions (i) or (ii)—the price listed in Column III of Table IIB (section 10.1).

(2) To a retailer:

(i) By a retailer-owned cooperative wholesaler to an affiliated retail store—the price listed in Column IV of Table IIB (section 10.1) minus one cent.

(ii) By a wholesaler except as provided in the immediately preceding subdivision (i) if the sale involves transportation from any point within 50 miles from the place where the fish was originally landed fresh or was frozen, or if the sale involves transportation from Alaska, Washington, Oregon or California, to any point outside Alaska or any of the following States: Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming—the price listed in Column II of Table IIB (section 10.1).

(iii) If the sale does not fall within subdivisions (i) or (ii)—the price listed in Column IV of Table IIB.

(3) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling, or handling, or if the seller is entitled to a delivery allowance for the sale under section 5.9—the price listed in Column IV of Table IIB (section 10.1) plus one cent.

(ii) If the sale is not covered by subdivision (i)—the price listed in Column IV of Table IIB (section 10.1).

(b) *Certain sales to retailers and purveyors of meals at Column V prices.* Notwithstanding the provisions of paragraph (a), a wholesaler who purchases frozen fish from a primary distributor, or from an inland warehouse of a processor or importer pursuant to section 5.3 (e) or section 5.5 (b) or from a wholesaler who prices on the basis of Column III (see section 5.7 (a) (1) (ii) or (iii)), may sell that fish to retailers or purveyors of meals at the following table prices:

(1) To a retailer:

(i) If the seller is a retailer-owned cooperative wholesaler (defined in section 4.4 (d)) selling to an affiliated retail store—the price listed in Column V of Table IIB (section 10.1) minus one cent.

[Subparagraph (1) amended by Am. 9, 10 F.R. 9880, effective 8-7-45]

(ii) If the seller is not a retailer-owned cooperative wholesaler—the price listed in Column V of Table IIB (section 10.1).

(2) To a purveyor of meals:

(i) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 5.9—the price listed in Column V of Table IIB (section 10.1) plus one cent.

(ii) If the sale does not fall within subdivision (i)—the price listed in Column V of Table IIB (section 10.1).

SEC. 5.8 *Sales to ultimate consumers.* The provisions of section 3.8 as now or hereafter amended applicable to sales of frozen fish listed in Table IB are hereby made applicable to sales of frozen fish listed in Table IIB.

SEC. 5.9 *Delivery allowance.* The provisions of section 3.9 as now or hereafter amended applicable to sales of frozen fish listed in Table IB are hereby made applicable to sales of frozen fish listed in Table IIB.

SEC. 5.10 *Custom dressing allowance.* The provisions of section 3.10 as now or hereafter amended applicable to sales of frozen fish listed in Table IB are hereby made applicable to sales of frozen fish listed in Table IIB.

SEC. 5.11 *Transportation allowance—*(a) *General.* The allowances provided by this section for transportation costs do not apply to local trucking, hauling or handling charges, for which no charges may be made. No allowance taken for transportation costs pursuant to this section may exceed the common carrier rate from shipping to receiving point.

(b) *Incoming fresh fish transportation for processors.* If a primary or secondary processor freezes fish in a place which is remote from the place where that fish was landed, he may add to his table price the per pound transportation costs, not to exceed the carload rail freight rate per pound for fresh fish (if such rate is available) from the nearest port where that species is landed, ex-vessel.

(c) *Incoming transportation for wholesalers and other distributors.* Any wholesaler or other distributor who purchases frozen fish from a domestic supplier may add to his table price the transportation cost from his supplier's shipping point to his receiving point.

(d) *Importer's incoming transportation.* Any importer of frozen fish may add to his table price as a transportation allowance the smallest of the following:

(1) The actual transportation cost from the foreign shipper's shipping point to the importer's receiving point;

(2) The actual transportation cost to the importer's receiving point from the point at which the fish entered the United States, or the carload rail rate from the point in the United States nearest the foreign shipper's shipping point, whichever is designated by the importer;

(3) The transportation cost for the type of shipment used to the importer's receiving point from Seattle in the case of fish imported from Canada or from San Diego in the case of fish imported from Mexico.

(4) Where the importer's transportation cost from the place at which fish, imported from Canada into the State of Washington, enters the United States to the importer's receiving point is less than the transportation cost for the same type of shipment from such place of entry to Seattle, the importer may add no incoming transportation.

(e) *Outgoing transportation for processors, wholesalers, and distributors.* Any processor, wholesaler, or other distributor, not including an importer, who ships frozen fish from one of his warehouses to another of his warehouses or to his distribution point which is remote from his shipping point and from the original freezing point, may add to his table price for frozen fish distributed from or at that remote warehouse, or other distribution point, the transportation cost from the shipping point nearest the first warehouse to such remote warehouse or other distribution point.

(f) *Allowance paid by purchasing wholesaler.* A purchasing wholesaler who has paid to his domestic supplier a transportation allowance authorized by paragraphs (a), (b), (c), (d), or (e) may add that allowance to his table price.

(g) A wholesaler who further processes the frozen fish he receives before he sells it, may add to his table price for the processed fish an amount which will enable him to recover the full incoming transportation allowance provided by paragraph (c), (d) or (f).

(h) *Mileage allowance for wholesalers.* Any wholesaler of frozen fish may add to his table price for sales to retailers and purveyors of meals 25 percent of the carload freight charge to his receiving point from Seattle or Astoria, whichever is least.

(i) *Authorization to regional offices to fix transportation allowances.* The provisions of section 3.11 (i) as now or hereafter amended applicable to the transportation allowances in Article III are hereby made applicable to the transportation allowances in this Article V.

(j) *Special rules affecting halibut—*(1) *Sales of halibut in the East.* Where any person sells or delivers halibut from a distribution point located outside Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming, the table price (listed in Table IIB) appropriate with respect to the type of sale, the style of dressing and the point of landing plus the transportation allowance in this section shall not exceed whichever of the following is lower:

(i) The appropriate table price for frozen halibut which was originally landed fresh on the Pacific Coast of Canada plus the rail rate for frozen fish for the type of shipment used from Prince Rupert, B. C., to the seller's distribution point; or

(ii) The appropriate table price with respect to the point of landing plus the transportation allowance fixed in this section.

(2) *Sales of frozen halibut to government agencies.* The maximum price for a sale of frozen halibut f. o. b. Seattle to any government agency is the price applicable to frozen halibut originally landed fresh on the Pacific Coast of continental United States and listed in Column I of Table IIB. This price applies only where frozen halibut is packed according to specifications of the buying government agency. No transportation, container or other charge may be added to this maximum price.

SEC. 5.12 *Container differentials and allowances.* The provisions of section 3.12 as now or hereafter amended applicable to the container allowances and differentials in Article III are hereby made applicable to this Article V. Any reference to sections 3.1–3.12 shall be considered a reference to sections 5.1–5.12 respectively. However, a wholesaler who otherwise qualifies for the allowance for less than box lot shipments to retailers or purveyors of meals as set out in section 3.12 (b) may add that allowance for sales of round, drawn, or dressed halibut where not more than 160 pounds are shipped to that customer on any one day.

SEC. 5.12a *Winter allowance for certain items of frozen fish.* (a) Any person making a sale of any of the items listed in paragraph (c) may add to the appropriate table price the applicable amount listed in that paragraph, but only if:

(1) Such fish has been landed and frozen in the United States. (This allowance may not be added for imported fish.)

(2) The seller has since September 30, 1945 sold without adding this allowance (on the basis of the summer prices) an amount equal to his inventory on September 30, 1945 plus an amount equal to his total domestic purchases of the item made since that date on the basis of the summer prices and his total imports of the item.

(3) The seller has complied fully with the reporting requirements in paragraph (b).

(4) The seller (other than a processor) has received an invoice setting out this allowance separately. (The allowance must be stated on the invoice pursuant to section 5.2 (c).)

(5) The seller has added no storage allowance under section 5.13 (b).

(6) Such fish is delivered to the customer prior to May 1, 1946 in the case of a sale by a processor and prior to May 16, 1946 in the case of a sale by a wholesaler.

(b) *Reporting requirements.* The allowances provided in this section 5.12a may not be added unless and until the seller has filed with the Office of Price Administration, Washington, D. C., the following information:

(1) His inventory of any of the listed items on hand on September 30, 1945 where such inventory is over 1000 pounds.

(2) Monthly reports of his inventory of any of these items on hand at the end of the last day of each month beginning with October 31, 1945.

(3) Monthly reports of the quantity of each of these items purchased during each month beginning with the month of October 1945 (i) at prices including the allowances (winter prices), (ii) at prices not including the allowances (summer prices) and (iii) as imports. For each purchase of more than 500 pounds, the name and address of the person from whom the purchase was made, the price paid and the freezers or other places of business from which delivery was made and to which delivery was made must be set out.

(4) Monthly reports of the quantity of each of these items sold during each month beginning with the month of October (i) at winter prices, (ii) at summer prices. For each sale of more than 500 pounds, the name and address of the customer, the price charged and the freezers or other places of business to which delivery was made and from which delivery was made must be set out.

(5) Each report must be signed, dated and must contain the name and address of the person reporting. In the case of the inventory reports provided by Nos. 1 and 2 the report must contain the addresses of the places in which the inventories are stored stating separately the amount stored in each place. All monthly reports must be filed with the Office of Price Administration at Washington, D. C., before the 10th of each month. A seller must file monthly reports required by Nos. 2 through 4 with respect to any item only where his inventory (amount he owns) of the item for which no winter allowance may be added exceeds 1000 pounds at any time during the month for which or for the end of which a report is required. Note, however, that all sellers whether or not they must file reports can take the allowance only if they meet all the requirements of paragraph (a). All sellers must of course, keep records in accordance with section 1.6.

(c) *Amount of allowances.*

Item:	Addition (cents)
Lingcod fillets	3¾
Lingcod steaks	1½
True cod fillets	5
Soles and flounder fillets	3

[Sec. 5.12a added by Am. 13, 10 F.R. 13403, effective 11-1-45]

SEC. 5.13 *Storage allowances*—(a) *Inland storage.* For certain distributor sales priced in section 5.6a, inland warehouse sales, primary distributor sales, and other wholesale sales priced on the basis of Column III or IV, the seller may add ½ cent per pound to the applicable table price if the seller has previous to the sale stored the fish in a freezer other than the original freezer. However, where a wholesaler pricing on the basis of Column III or IV has paid a storage charge pursuant to this paragraph (a), he may pass on such charge to his customer but may not himself add an additional charge for storage under this paragraph.

(b) *Winter storage.* Any person making a sale of the listed species of fish in the listed styles of dressing during the listed months may add to the appropriate table price the applicable amount:

Species	Style of dressing	Sept.	Oct.	Nov.	Dec.	Jan.	Feb.	Mar.	Apr.
Lingcod, True Cod, Silver Smelt	All	¼	½	¼	1	1¼	1½	1¾	2

[1] Add 1 cent per pound when these species are landed ex-vessel in or shipped by a producer (other than a producer who is also a wholesaler under section 2.2 (d)) to New York City. Any seller other than the producer, who processes this fish (and any subsequent purchaser) may add to his table price for the processed fish that amount which will enable him to recover the full amount of the addition paid for the particular lot of fish involved in the processing.

[2] Prices listed for these fillets apply only if they are wrapped and marked as gray sole or lemon sole, whichever is the case; otherwise the applicable prices are those listed for yellowtail and sea dab fillets in Item 3 of Schedule No. 5.

[3] The prices listed for hake fillets in Schedule No. 8 also apply to mud hake fillets.

[1] No processor shall sell rosefish fillets between October 1 and April 1 on the basis of the winter prices (Item 2) until he shall have sold on the basis of the summer prices (Item 1) an amount equal to his inventory at the close of business on the last business day in September.

A wholesaler must sell on the basis of the summer prices (Item 1) all frozen rosefish fillets bought on the basis of the summer prices (Item 1).

A processor may sell or deliver rosefish fillets frozen between October 1 and April 1, on the basis of the prices listed for Item 2 through April 7. A wholesaler who buys such rosefish fillets may sell them on the basis of the prices listed for Item 2 through April 14.

All other sales of rosefish fillets must be made on the basis of the summer prices (Item 1).

[2] When scallops are frozen in scallop bags, deduct 1½ cents per pound from the appropriate table price.

[3] Prices listed for these fillets apply only if they are wrapped and marked as gray sole or lemon sole, whichever is the case; otherwise the applicable prices are those listed for yellowtail and sea dab fillets in Item 3 of Schedule No. 5.

[4] The prices listed for hake fillets in Schedule No. 8 also apply to mud hake fillets.

[1] For fish which was landed ex-vessel at the following places in Alaska, deduct as follows: Ketchikan, 1½ cents; Wrangell and Petersburg, 1¾ cents; Juneau, Sitka, and Pelican City, 2 cents; Port Williams, 2½ cents. For fish which was landed ex-vessel at any other place in Alaska, deduct the amount specified for the nearest listed place. Note that section 4.2 (c) authorizes the regional office for Region IX to modify the producer prices in Alaskan waters or at any Alaskan place, whether listed or not.

[2] For line-caught red or rock cod landed in California in Marin County or any point south and delivered to the purchaser in California, Nevada, or Arizona, add 2½ cents to the table prices for round, drawn and dressed fish and 1½ cents to the table prices for fillets.

[3] For halibut which was landed at the following places in Alaska deduct from the prices in Schedule 4 (b) as follows: For round, drawn, and dressed fish and cheeks—Ketchikan, ¾ cent; Wrangell and Petersburg, 1 cent; Juneau, Sitka, and Pelican City, 1¼ cents; Port Williams, 1¾ cents. For steaks—Ketchikan, ¾ cent; Wrangell and Petersburg, 1¼ cents; Juneau, Sitka and Pelican City, 1½ cents; Port Williams, 2 cents. For fillets—Ketchikan, 1 cent; Wrangell and Petersburg, 1½ cents; Juneau, Sitka and Pelican City, 2 cents; Port Williams, 2¾ cents. For halibut which was landed at any other place in Alaska, deduct the amount specified for the nearest listed place. Note that section 4.2 (c) authorizes the regional office for Region IX to modify the producer prices in Alaskan waters or at any Alaskan place, whether listed or not.

[4] The price is $22.00 per ton when landed ex-vessel in ports of entry in California. Add $1.00 per ton when delivered to Benecia, Martinez or Moss Landing. Add $1.50 per ton when delivered to Pittsburg. The table price is 2 cents per pound when sold anywhere for bait.

[5] When a wholesaler customarily paid the state privilege tax on salmon, he may continue such payment and the amount actually paid may be added to the listed prices.

[6] When landed ex-vessel in the following California ports, deduct as follows from Column A prices only: 1 cent at Half Moon Bay, Point Reyes, Bodega Bay, Crescent City and Trinidad; 2 cents at Shelter Cove.

[7] Deduct 1½ cents for fish which was landed ex-vessel in any port in Washington or Oregon other than Seattle or Tacoma. However, this deduction does not apply to a wholesale sale of fish which was delivered from an established place of business in Seattle or Tacoma, or to sales of such fish by subsequent wholesalers.

[8] "Puget Sound area" as applied to salmon in Schedules 8 (b), 9 (a), 10, and 11 (a) means salmon delivered ex-vessel Neah Bay, Washington, Fishing Grounds of Juan de Fuca Strait, Puget Sound, and streams tributary to Puget Sound.

[9] On sales in California to persons other than canners, 2 cents per pound may be added to the prices listed in Column A only.

[1] For fish which was originally landed fresh at the following places in Alaska, deduct as follows: Ketchikan, 1½¢; Wrangell and Petersburg, 1¾¢; Juneau, Sitka and Pelican City, 2¢; Port Williams, 2½¢. For fish which was originally landed fresh at any other place in Alaska, deduct the amount specified for the nearest listed places.

[2] For line-caught red or rock cod originally landed fresh in California in Marin County or any point south and delivered to the purchaser in California, Nevada or Arizona, add 2½¢ to the table prices for round, drawn, and dressed fish, and 1½¢ to the table price for fillets.

[3] The table prices listed for halibut apply to frozen halibut originally landed fresh on the Pacific Coast of the continental United States. For frozen halibut originally landed fresh in Canada or Alaska deduct the following amounts from the listed prices:

Port	Style of dressing	Deductions
		Cents
Any port on the Pacific Coast of Canada	1. Round, dressed, drawn or cheeks	2½
	2. Steaks	3¼
	3. Fillets	4
Ketchikan	1. Round, dressed, drawn or cheeks	3¼
	2. Steaks	4
	3. Fillets	5
Wrangell and Petersburg	1. Round, dressed, drawn or cheeks	3½
	2. Steaks	4½
	3. Fillets	5½
Juneau, Sitka, and Pelican City	1. Round, dressed, drawn or cheeks	3¾
	2. Steaks	4¾
	3. Fillets	6
Port Williams	1. Round, dressed, drawn or cheeks	4½
	2. Steaks	5½
	3. Fillets	6¾
Any port in Alaska not listed	1. Round, dressed, drawn or cheeks	(*)
	2. Steaks	(*)
	3. Fillets	(*)

*Deduct the amount specified for nearest listed port.

[4] For frozen halibut originally landed fresh on the Atlantic coast, add ½ cent to the listed prices.

[5] Deduct 1¼¢ for fish which was originally frozen in any place in Washington, or Oregon other than Seattle or Tacoma.

[6] Deduct 3½¢ from the appropriate column price for round smelts if they have not been washed, repacked and frozen in layers, or washed and individually frozen.

[7] The container differentials and allowances provided by section 5.12 (see 3.12 (a)) do not apply to frozen pilchards. The listed prices apply when this fish is sold in containers packed to a net weight of less than 40 lbs. When sold in-

containers packed to a net weight of 40 lbs. or over subtract ½ cent from the listed prices. When not packed in containers, subtract 1 cent from the listed prices.

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

A new paragraph is added to section 1 of Restaurant Maximum Price Regulation No. 1, to read as follows:

As an exception to the provisions of this regulation, your ceiling prices for Thanksgiving Day, Christmas Day and New Year's Eve of 1945 and New Year's Day of 1946 are the prices you charged for meals, food items and beverages of the same class for such days in 1942 or, in the case of New Year's Day, in 1943.

This amendment shall become effective November 19, 1945.

Issued this 19th day of November 1945.

CHESTER BOWLES,
Administrator.

3. The caption to paragraph (e) is amended to read as follows:

(e) *Notification of new maximum price; dehydrated cranberries of the 1944 crop.*

4. The text of paragraph (e) preceding the "Notice to Wholesalers and Retailers" is amended to read as follows:

With the first delivery after June 22, 1945, of an item of dehydrated cranberries of the 1944 crop, in any case where a seller determines his maximum price pursuant to this section, he shall supply each wholesaler and retailer who purchases from him with written notice reading as follows:

5. The first sentence of the "Notice to Wholesalers and Retailers" in paragraph (e) is amended to read as follows: "Our OPA ceiling price for dehydrated cranberries of the 1944 crop (*describe item by style of pack and container type and size*) has been changed by the Office of Price Administration."

6. Paragraph (f) is redesignated paragraph (g) and a new paragraph (f) is added to read as follows:

(f) *Notification of new maximum price—dehydrated cranberries of the 1945 and later crops.* With the first delivery after November 19, 1945, of an item of dehydrated cranberries of the 1945 and later crops, in any case where a seller determines his maximum price pursuant to this section, he shall supply each wholesaler and retailer who purchases from him with written notice, reading as follows:

(Insert date)

NOTICE TO WHOLESALERS AND RETAILERS

Our OPA ceiling price for dehydrated cranberries of the 1945 and later crops (*describe item by style of pack and container type and size*) has been changed by the Office of Price Administration. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulation No. 421, 422 or 423, you must refigure your ceiling price for this item on the first delivery of it to you containing this notification on or after November 19, 1945. You must refigure your ceiling price following the rules in section 6 of Maximum Price Regulation No. 421, 422 or 423, whichever is applicable to you.

For a period of 60 days after determining such maximum price for the item, and with the first shipment after the 60-day period to each person who has not made a purchase within that time, each seller shall include in each case, carton or other receptacle containing the item, the written notice set forth above, or securely attach it to the outside. However, for sales direct to any retailer, the seller may supply the notice by attaching it to, or stating it on, the invoice covering the shipment, instead of providing it with the goods.

This amendment shall become effective November 19, 1945.

Issued this 19th day of November 1945.

CHESTER BOWLES,
Administrator.

Approved: November 16, 1945.

J. B. HUTSON,
Acting Secretary of Agriculture.

PART 602—GENERAL ORDERS AND DIRECTIVES

DIRECTION TO ALL SHIPPERS OF COAL PRODUCED IN DISTRICT 8

The following direction is issued:

The Notice of Direction to All Shippers of Coal Produced in District 8, issued October 24, 1945 (10 F.R. 13306) is hereby amended to provide that all shippers of coal produced in District 8 are permitted to ship any such coal via the Great Lakes to any person at any point located on Lake Erie; Lake Ontario, west of and including Toronto; the Welland Canal; the Detroit River; the St. Clair River; Lake St. Clair; Lake Michigan, within the States of Illinois and Indiana; *Provided, however,* That the following schedule of shipments is to be observed:

1. *First preference.* Shippers of coal produced in District 8 shall first fill commitments for coal moving by way of the Great Lakes to any dock or other unloading facility, except those located at the points above described.

2. *Second preference.* Shippers of coal produced in District 8 shall accord a second preference to orders for special purpose coal to the extent set forth in § 602.702 of SFAW Regulation No. 27, as amended.

3. *Third preference.* Shippers of coal produced in District 8 shall accord a third preference to orders to the extent set forth in § 602.703 of SFAW Regulation No. 27, as amended.

4. *Fourth preference.* Shippers of coal produced in District 8 shall accord a fourth preference to orders for coal moving by way of the Great Lakes to any person at any point located on: Lake Erie; Lake Ontario, west of and including Toronto; the Welland Canal; the Detroit River; the St. Clair River; Lake St. Clair; Lake Michigan, within the States of Illinois and Indiana.

After making shipments in accordance with the above preference schedules, shippers of bituminous coal may then make shipments in accordance with the provisions of SFAW Regulation No. 27, as amended.

No person shall be held liable for damages or penalties under any contract for any default which shall result directly or indirectly from compliance with the provisions of this direction.

This direction shall become effective immediately.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, War Department

PART 204—DANGER ZONE REGULATIONS

WATERS OF LAKE BORGNE, LA., NORTH OF SHELL BEACH; ANTIAIRCRAFT GUNNERY RANGE

Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U.S.C. 1), a portion of the antiaircraft gunnery range in Lake Borgne north of Shell Beach, Louisiana, formerly used by the United States Navy, Eighth Naval District, is hereby established as an antiaircraft gunnery range of the New Orleans Port of Embarkation, Army Service Forces, the title and regulations being amended to read as follows:

§ 204.91b *Waters of Lake Borgne, north of Shell Beach, La.; Antiaircraft Gunnery Range, New Orleans Port of Embarkation, Army Service Forces*—(a) *The danger zone.* That portion of Lake Borgne within a sector of a circle bounded by radii of 8,000 yards bearing 343° true and 53° true, respectively, from Shell Beach, Louisiana (latitude 29°52'03" N., longitude 89°40'20" W.) and the included arc.

(b) *The regulations.* (1) No vessel or other craft shall enter or remain within the area during its use as a firing range except as provided in paragraph (b) (4), unless permitted to do so by the Commanding General, New Orleans Port of Embarkation, or his authorized representative.

(2) Since firing practice will take place in the area at frequent and irregular intervals throughout the year without regard to season, advance notice shall be given of the date on which such activities will begin. At intervals of not more than three months thereafter, notice will be sent out that firing practice is continuing. Such notices will appear in the local newspapers and in the "Notice to Mariners."

(3) When firing is in progress, a red flag will be displayed from a mast or staff on the shore at Shell Beach. During night firing a searchlight will be in operation near the pivot point of the sector at Shell Beach, and the beam of this light will be a warning that firing is in progress.

(4) Upon exchange of signals prescribed below, vessels bound from or to adjacent points east or west of the pivot point of the sector at Shell Beach may pass through that portion of the danger zone immediately north of the pivot point.

(i) *Signals by vessels.* Vessels approaching this area which desire to pass through shall so indicate by sounding two long distinct blasts followed by one short distinct blast of a whistle, horn, or megaphone when within a reasonable distance of the pivot point at Shell Beach.

(ii) *Answering signals.* When it is safe to pass, this signal will be answered during daylight hours by dipping of the flag located at or near the pivot point at Shell Beach, and at night by blinking

three or more times of the searchlight located at or near the pivot point.

(5) These regulations will be enforced by the Commanding General, New Orleans Port of Embarkation, and such agencies as he may designate. (Sec. 7 River and Harbor Act, Aug. 8, 1917; 40 Stat. 266; 33 U.S.C. 1) [Regs. 30 October 1945 (CE 800.2121 (Borgne Lake, La.) SPEWR)]

Chapter I—Veterans' Administration

PART 20—GUARDIANSHIP AND LEGAL ADMINISTRATION

GUARDIANSHIP POLICY REGARDING CLAIMS OF CREDITORS AND TAXATION OF FUNDS IN HANDS OF GUARDIANS, CURATORS, CONSERVATORS, ETC.

§ 20.5339 *Claims of creditors.* (a) Section 3, Public No. 262, 74th Congress, applies to payments made to or on account of a beneficiary under the laws relating to veterans and exempts such payments, either before or after receipt by the beneficiary, from the claims of creditors, and provides that same shall not be liable to attachment, levy or seizure by or under any legal or equitable process whatever. The language of the section has been construed by the Supreme Court of the United States to the effect that such exemption does not extend to property in which the proceeds of such payments are or may be invested. (Bryant vs. Carrier, 306 U.S. 545)

The remainder of § 20.5339 has been designated paragraph (b).

§ 20.5347 *Chief attorney to check accounts.* The manager of a Veterans' Administration hospital, home, or center before returning to a guardian any excess funds, either while the veteran remains therein or when he is discharged therefrom, will obtain from the principal chief attorney information as to whether such funds may be released to the guardian. The principal chief attorney's advice will be predicated upon the present status of the guardianship. If payments have been suspended to the guardian, or if the guardian is not satisfactorily accounting for the funds already received or bond is insufficient, the unexpended balance will be withheld until the irregularities have been adjusted. The chief attorney will then furnish the manager with information that the funds may be released to the guardian and will forward an executed Form 4704, Certificate Relative to Legality of Appointment and Adequacy of Bond.

502.311 Commercial air lines to allocate certain eastbound space for organized military movements.
502.312 Communications.

AUTHORITY: §§ 502.310 to 502.312, inclusive, issued under Title III of the Second War Powers Act, 1942, as amended, 56 Stat. 177, 50 U.S.C. App. 633, 58 Stat. 827; E.O. 8989, as amended, 6 F.R. 6725, 8 F.R. 14183.

§ 502.310 *Definitions.* As used in §§ 502.310 to 502.312, inclusive, the term: "Air carrier" means any air carrier as defined in the Civil Aeronautics Act of 1938, as amended, certificated by the Civil Aeronautics Board to engage in air transportation with respect to persons.

§ 502.311 *Commercial air lines to allocate certain eastbound space for organized military movements.* Each air carrier operating east from the cities of Seattle, Washington, San Francisco, Los Angeles, or San Diego, California, shall make available daily to the armed services of the United States for the transportation of organized movements of military and naval personnel being returned from the Pacific theater of war, and which are destined to the cities of Boston, Massachusetts, New York, New York, Baltimore, Maryland, Washington, District of Columbia, Norfolk, Virginia, or Jacksonville, Florida, not less than seventy per cent of the space allocated for passenger traffic on November 20, 1945, on the scheduled commercial passenger flights operated eastbound from such points of origin. Each air carrier providing a connecting service with any air carrier originating such traffic shall make available a sufficient amount of space eastbound to provide uninterrupted through service for such traffic to points of destination. Each air carrier shall cancel such passenger reservations and take such other action as may be required to carry out the purposes of this order.

§ 502.312 *Communications.* Communications concerning this order should refer to "General Order ODT 58" and should be addressed to the Office of Defense Transportation, Washington 25, D. C.

This General Order ODT 58 shall become effective on December 3, 1945, and shall remain in full force and effect until further order of the Office of Defense Transportation.

Issued at Washington, D. C., this 20th day of November 1945.

LEVERENZ SHOE CO.

CONSENT ORDER

Leverenz Shoe Company, a Wisconsin Corporation, with main offices at 830 Alabama Avenue, Sheboygan, Wisconsin, is engaged in the manufacture of men's welt, dress and work shoes. The corporation is charged by the War Production Board with the following violations: (1) That during the six months' period ending February 29, 1944, it completed the manufacture of approximately 3,724 pairs of men's dress shoes in a price line of $3.30 to $3.63 in excess of its allowed quota for such line. (2) That during the six months' period ending August 31, 1944, it completed the manufacture of approximately 2,515 pairs of men's dress shoes in a price line of $3.30 to $3.63 in excess of its allowed quota for such line. (3) That during the six months' period ending February 28, 1945, it completed the manufacture of approximately 1,173 pairs of men's dress shoes in a price line of $4.42 to $4.86 in excess of its allowed quota for such line. (4) That during the six months' period ending February 28, 1945, it completed the manufacture of approximately 86 pairs of men's dress shoes in a price line of $4.87 to $5.36 in excess of its allowed quota for such line. (5) That during the six months' period ending February 28, 1945, it completed the manufacture of approximately 2,067 pairs of men's work shoes in a price line of $4.01 to $4.41 in excess of its allowed quota for such line. (6) That during the period ending February 28, 1945, it completed the manufacture of 1,499 pairs of men's work shoes in a price line of $3.64 to $4.00 in excess of its allowed quota for such line. The above excess completion of manufacture of men's dress and work shoes by the corporation constituted a violation of Conservation Order M-217. The said Leverenz Shoe Company admits the violations as charged, and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Leverenz Shoe Company; of J. C. Baker, Regional Manager, Compliance Division; of James A. Daley, Acting Regional Attorney; and upon the approval of Frank T. Beesel, Compliance Commissioner, *It is hereby ordered,* That:

(a) The Leverenz Shoe Company, during the four months' period ending December 31, 1945, shall reduce its completion of manufacture of men's dress shoes in the price line of $3.30 to $3.63 by 2,482 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(b) The Leverenz Shoe Company, during the four months' period ending April 30, 1946, shall reduce its completion of manufacture of men's dress shoes in the price line of $4.30 to $4.63 by 2,080 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(c) The Leverenz Shoe Company, during the four months' period ending August 31, 1946, shall reduce its completion of manufacture of men's dress shoes in the price line of $3.30 to $3.63 by 1,677 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(d) The Leverenz Shoe Company, during the four months' period ending December 31, 1945, shall reduce its completion of manufacture of men's dress shoes in the price line of $4.42 to $4.86 by 782 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(e) The Leverenz Shoe Company, during the four months' period ending April 30, 1946, shall reduce its completion of manufacture of men's dress shoes in the price line of $4.42 to $4.86 by 391 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(f) The Leverenz Shoe Company, during the four months' period ending December 31, 1945, shall reduce its completion of manufacture of men's dress shoes in the price line of $4.87 to $5.36 by 57 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(g) The Leverenz Shoe Company, during the four months' period ending April 30, 1946, shall reduce its completion of manufacture of men's dress shoes in the price line of $4.87 to $5.36 by 29 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(h) The Leverenz Shoe Company, during the four months' period ending December 31, 1945, shall reduce its completion of manufacture of men's work shoes in the price line of $4.01 to $4.41 by 1,378 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(i) The Leverenz Shoe Company, during the four months' period ending April 30, 1946, shall reduce its completion of manufacture of men's work shoes in the price line of $4.01 to $4.41 by 689 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(j) The Leverenz Shoe Company, during the four months' period ending December 31, 1945, shall reduce its completion of manufacture of men's work shoes in the price line of $3.64 to $4.00

by 1,000 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(k) The Leverenz Shoe Company, during the four months' period ending April 30, 1946, shall reduce its completion of manufacture of men's work shoes in the price line of $3.64 to $4.00 by 499 pairs beneath the quota allowed it during said period for such price line under the provisions of Conservation Order M-217, as amended or may be amended.

(l) Nothing contained in this order shall be deemed to relieve the Leverenz Shoe Company, its successors or assigns, from any restriction, prohibition or provision contained in any order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

Issued this 19th day of November 1945.

(b) The maximum prices for sales of railroad and industrial jacks by resellers shall be determined as follows: The reseller shall add to the maximum net price he had in effect to a purchaser of the same class, just prior to the issuance of this order, the amount, in dollars-and-cents, by which his net invoiced cost has been increased due to the adjustment granted the manufacturer by this order.

(c) The Joyce-Cridland Company shall notify each person who buys railroad and industrial jacks for resale of the dollars-and-cents amounts by which this order permits the reseller to increase his maximum net prices. A copy of each such notice shall be filed with the Machinery Branch, Office of Price Administration, Washington 25, D. C.

(d) All requests not granted herein are denied.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective November 20, 1945.

Issued this 19th day of November 1945.

CEFERINO APONTE

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; *It is ordered,* That:

(a) Ceferino Aponte, De Veve Calzade Street, San Lorenzo, P. R. (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
			Per M	*Cents*
La Boricua	Breva	50	$50	4 for 25

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective November 20, 1945.

Issued this 19th day of November 1945.

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; *It is ordered*, That:

(a) Di Pascale Cigar Company, 10937 Chelsea Avenue (rear), Detroit 5, Mich. (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
			Per M	*Cents*
Italian	Di Pascale	50	$40	5

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective November 20, 1945.

Issued this 19th day of November 1945.

CHESTER BOWLES,
Administrator.

CONVERTO MANUFACTURING CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to sections 9, 10 and 11 (c) of Revised Maximum Price Regulation 136, *It is ordered:*

(a) Converto Manufacturing Company, 210 Grant Street, Pittsburgh 19, Pennsylvania, may sell to The Converto Company of Pittsburgh, Pennsylvania, f. o. b. plant, each Converto trailer, described in subparagraph (1) below, at a price not to exceed $70.00 plus federal excise tax, and state and local taxes on its sale or delivery of the trailer and the cost of transporting the trailer to the purchaser, if any.

(1) Model No. TD, two-wheel dump trailer, 5' long x 48" wide x 14" high, constructed of 11 gauge steel, ¾ ton capacity, double-acting reinforced tailgate, Kelsey Hayes No. 7 Wheels, equipped without tires.

Model No. TC, two-wheel cargo trailer, 6' long x 48" wide x 14" high, constructed of 11 gauge steel, ¾ ton capacity, reinforced letdown tailgate, with Kelsey Hayes No. 7 wheels, equipped without tires.

(b) Converto Manufacturing Company is authorized to suggest to resellers resale prices for the trailers described in paragraph (a) (1) consisting of the following:

(1) *Prices.*

	Without tires	Equipped with implement tires	
		4-ply 6.00 x 16	6-ply 6.00 x 16
The Converto Co	$90.00	$110.00	$113.90
Regional distributor	100.50	120.00	123.90
Consumers	134.00	160.00	165.20

(2) *Charges.* (i) A charge for transportation, if any, not to exceed the actual rail freight charge from the factory at Cambridge City, Indiana, to the railroad freight receiving station nearest to the place of business of the reseller.

(ii) A charge equal to the charge made by Converto Manufacturing Company to cover Federal excise taxes.

(iii) A charge equal to reseller's expense for payment at state and local taxes on the purchase, sale or delivery of the trailers.

(c) A reseller of Converto trailers in any of the territories or possessions of the United States is authorized to sell each of the trailers described in paragraph (a), at a price not to exceed the applicable price established in paragraph (b), to which it may add a sum equal to the expense incurred by or charged to it for payment of territorial and insular taxes, on the purchase, sale or introduction of the trailer; export premiums; boxing and crating for export purposes; marine and war risk insurance; and landing, wharfage and terminal operations.

(d) All requests not granted herein are denied.

(e) This order may be amended or revoked by the Administrator at any time.

NOTE: Where the manufacturer's invoice charge to the reseller is increased or decreased from the previous invoice charge because the manufacturer has a newly established price under section 8 of Revised Maximum Price Regulation 136, due to substantial changes in design, specifications or equipment of the trailer, the reseller may add to its price under paragraph (b) the increase in price, plus its customary markup on such a cost increase, but in case of a decrease in the price, the reseller must reduce its price under paragraph (b) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective November 19, 1945.

Issued this 19th day of November 1945.

ELECTRICAL FIBRE CONDUIT AND FIBRE PIPE

MODIFICATION OF MAXIMUM PRICES

An opinion accompanying this amendment issued simultaneously herewith has been filed with the Division of the Federal Register.

Article VII of Order 1 under section 25 of Maximum Price Regulation No. 592 is amended in the following respect:

A new section 7.12 is added to read as follows:

SEC. 7.12 *Modification of maximum prices for electrical fibre conduit and fibre pipe.* (a) The manufacturer's maximum net price for electrical fibre conduit or fibre pipe established pursuant to Maximum Price Regulation 592 to each class of purchaser may be increased by 11.5 per cent.

(b) Any reseller purchasing electrical fibre conduit or fibre pipe for resale in the same form, may increase his maximum price as established under the General Maximum Price Regulation, by an amount not in excess of his actual dollars-and-cents increase in cost resulting from the increase permitted the manufacturer in (a) above.

(c) The maximum prices established under this section shall be subject to quantity, cash and other discounts, transportation allowances, services and other terms and conditions of sale at least as favorable as the seller extended or rendered or would have extended or rendered on comparable sales to purchasers of the same class during March 1942.

This amendment shall become effective November 21, 1945.

Issued this 20th day of November 1945.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-1168]

NIAGARA HUDSON POWER CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 16th day of November 1945.

The Commission having by its order of November 8, 1945, permitted to become effective declarations by Niagara Hudson Power Corporation regarding (1) the reduction of the par value of its common stock from $10 per share to $1 per share, so as to create capital surplus to be available for any adjustment of the carrying value of Niagara Hudson Power Corporation's investment in its subsidiary companies; (2) the conversion of reacquired shares of First Preferred Stock, 5% Series, into shares of Common Stock; and (3) the solicitation of proxies from stockholders for approval of the above transactions and in connection therewith the employment of an individual to solicit such proxies; and having in such order reserved jurisdiction with respect to the solicitation of proxies pending the submission of the proposed proxy material (Holding Company Act Release No. 6206);

Niagara Hudson Power Corporation having filed an amendment to the declaration including therein copies of the proposed letter of solicitation and all other documents proposed to be submitted with such letter of solicitation and a full statement of the manner in which the solicitation is proposed to be made; and

It appearing that the solicitation of proxies of the stockholders as proposed to be conducted does not make it necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of the act or the general Rules and Regulations thereunder for the Commission to issue any order with respect thereto other than an order permitting the declaration with respect to such solicitation to become effective;

It is ordered, That the jurisdiction heretofore reserved with respect to the proposed solicitation of proxies by Niagara Hudson Power Corporation be, and hereby is, released, and that the declaration with respect to such solicitation of proxies pursuant to Rule U-62 be, and hereby is, permitted to become effective forthwith.

By the Commission.

UNITED CORP.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 16th day of November 1945.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The United Corporation, a registered holding company.

All interested persons are referred to said document which is on file in the offices of the Commission for a statement of the transactions therein proposed, which are summarized as follows:

The United Corporation proposes (a) to reduce its authorized Common Stock from 24,000,000 shares to 18,261,551 shares and to change such authorized shares from no par value stock to $1 per share par value stock; (b) to reduce its authorized Preference Stock from 5,000,000 shares to 1,214,700 shares and to change such authorized stock from no par value stock to $5 per share par value stock.

It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that a hearing be held with respect to said declaration and that said declaration shall not be permitted to become effective except pursuant to further order of the Commission;

It is ordered, That a hearing on said declaration under the applicable provisions of the act and rules of the Commission thereunder be held on December 3, 1945, at 10 a. m., e. s. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held. All persons desiring to be heard or otherwise wishing to participate in the proceedings should notify the Commission in the manner provided by Rule XVII of the rules of practice on or before November 30, 1945.

It is further ordered, That Allen MacCullen, or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve, by registered mail, a copy of this order on The United Corporation; and that notice of said hearing be given to all other persons by publication of this order in the FEDERAL REGISTER.

It is further ordered, That, without limiting the scope of the issues presented by said declaration, particular attention will be directed at said hearing to the following matters and questions:

(1) Whether the proposed reduction of the authorized number of common and preference shares of The United Corporation and the change of such shares from no par value to $1 and $5 par value, respectively, will result in an unfair or inequitable distribution of voting power among holders of the securities of the declarant, or is otherwise detrimental to the public interest or the interests of investors or consumers;

(2) Generally, whether the proposed transactions comply with the applicable provisions of the Public Utility Holding Company Act and all the rules and regulations promulgated thereunder;

(3) What terms and conditions, if any, are necessary or appropriate in the public interest or the interests of investors and consumers to ensure compliance with the requirements of the Holding Company Act or any rules, regulations or orders promulgated thereunder.

By the Commission.

TRI-CONTINENTAL CORP. AND SELECTED INDUSTRIES, INC.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 19th day of November, A. D. 1945.

An application having been filed by Tri-Continental Corporation and Selected Industries Incorporated pursuant to section 17 (b) of the Investment Company Act of 1940 for an order exempting from the provisions of section 17 (a) (2) of said act proposed transactions whereby each applicant proposes to purchase from Union Securities Corporation, 7,710 shares of the 5½% Cumulative Convertible Preferred Stock of the par value of $25 per share of Camden Forge Company at a price equal to the par value of said stock plus accrued dividends thereon; and it appearing that applicants are both registered investment companies and affiliated persons of each other and that Union Securities Corporation is controlled by both applicants through the ownership by each of 50 percent of Union Securities Corporation's outstanding stock;

It is ordered, Pursuant to section 40 (a) of said act that a hearing on the aforesaid application be held on November 28, 1945 at 9:45 a. m., eastern standard time, in Room 318 of the Securities and Exchange Commission Building, at 18th and Locust Streets, Philadelphia 3, Pennsylvania.

It is further ordered, That Charles S. Lobingier, or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearing. The officer so designated is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to Trial Examiners under the Commission's rules of practice.

Notice of such hearing is hereby given to Tri-Continental Corporation, Selected Industries Incorporated and to any other persons whose participation in such proceeding may be in the public interest or for the protection of investors.

MAINE PUBLIC SERVICE CO. ET AL.

NOTICE OF FILING, ORDER FOR HEARING, AND ORDER CONSOLIDATING PROCEEDINGS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 19th day of November, A. D. 1945.

In the matters of Maine Public Service Company, Consolidated Electric and Gas Company, File No. 70-1183; Maine Public Service Company, File No. 31-534; Maine and New Brunswick Electrical Power Company, Limited, File No. 31-535.

Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, Maine Public Service Company ("Maine"), a registered holding company and a public utility subsidiary of Consolidated, and Maine and New Brunswick Electrical Power Company, Limited, ("New Brunswick"), a public utility subsidiary of Maine and Consolidated, have made certain filings with this Commission pursuant to the Public Utility Holding Company Act of 1935.

All interested persons are referred to said documents, which are on file in the offices of this Commission, for a statement of the transactions therein proposed, which may be summarized as follows:

In File No. 31-534, Maine applies for an order of this Commission, pursuant to section 3 (a) (2) of the act, exempting Maine, and New Brunswick as a subsidiary of Maine, from all provisions of said act except such provisions thereof as are applicable to Maine as a subsidiary of a registered holding company, on the asserted ground that Maine is predominantly a public utility company whose operations as such do not extend beyond the State of Maine, in which it is organized.

Maine has one direct subsidiary, New Brunswick, Maine owning all of the outstanding securities of New Brunswick except $7,900 principal amount of 6% Perpetual Debenture Stock (which is not callable) and 25 directors' qualifying shares of common stock. New Brunswick owns and operates facilities for the generation, transmission and distribution of electric energy, all such facilities being situated in the Province of New Brunswick, Canada. New Brunswick serves 19 communities, 13 at retail and 6 at wholesale, and also sells power to Maine at the international boundary for resale by Maine within the State of Maine. For the 12 months ended August 31, 1945, approximately 58% of the power sold by New Brunswick was sold to Maine. In File No. 31-535, New Brunswick applies for an order of this Commission, pursuant to section 3 (b) of the act, exempting New Brunswick from all provisions of the act imposing obligations, duties or liabilities on it as a subsidiary of a registered holding company, on the asserted ground that it has no subsidiaries, derives no material part of its income directly or indirectly from sources within the United States, and is not a public utility company operating in the United States.

In File No. 70-1183, Maine proposes to issue and sell at competitive bidding, pursuant to the provisions of Rule U-50, $2,200,000 principal amount of First Mortgage Bonds. The proceeds to be derived from the sale of such bonds, together with other corporate funds including moneys to be received from New Brunswick as hereinafter indicated, are to be used to redeem and retire $1,926,000 principal amount of presently outstanding 3¾% Sinking Fund Series Bonds, due September 1, 1972, at 105½% of the principal amount thereof plus interest to the date of redemption (the applicable redemption price); to redeem and retire $290,000 principal amount of presently outstanding 3½% Sinking Fund Series Bonds, due September 1, 1973, at 106¾% of the principal amount thereof plus accrued interest to the date of redemption (the applicable redemption price), and to set aside $250,000 for improvement and additions to the properties of Maine.

It is further proposed that the authorized capital stock of Maine presently consisting of 10,000 shares, par value $100 a share, aggregate authorized capital $1,000,000, be increased to 150,000 shares, par value $10 per share, aggregate authorized capital $1,500,000. All of said 150,000 shares are to be issued in exchange for the presently outstanding 9,303 shares of common stock.

Consolidated holds all of the outstanding common stock of Maine except five directors' qualifying shares, and is to surrender to Maine all of its holdings of such stock and to acquire from Maine all of the shares proposed to be issued, except that five shares are to be held by directors as nominees of Consolidated. As at August 31, 1945, the capitalization of Maine consisted solely of the aforementioned bonds and common stock.

Simultaneously with the issuance and sale by Maine of the securities hereinabove described, New Brunswick intends to issue and sell to one or more financial institutions $600,000 principal amount in Canadian dollar bonds and to apply the proceeds from the sale of said bonds in part to the payment of its 6% Perpetual Debenture Stock owned by Maine ($31,100 principal amount) and its outstanding 3% demand notes ($340,000 principal amount), all owned by Maine. The balance of the proceeds from the sale of the new bonds is to be used for the construction or acquisition of improvements and additions to the properties of New Brunswick and for general corporate purposes of the company. The filing indicates that in the judgment of counsel for Maine and New Brunswick, the transactions insofar as they affect New Brunswick are not subject to the jurisdiction of this Commission because of the pendency of the exemption applications hereinbefore described.

It appears that sections 3 (a), 3 (b), 6 (a), 6 (b), 7, 9, 10, 12 (c), 12 (d), and 12 (f) of the act and Rules U-10, U-42, U-43, U-44, and U-50 are applicable to the proposed transactions.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with re-

spect to the joint application-declaration (File No. 70–1183) and that said joint application-declaration and the requested exemptions (File Nos. 31–534 and 31–535) should not be granted or permitted to become effective except pursuant to further order or orders of this Commission;

It further appearing to the Commission that the proceedings regarding the exemption applications of Maine and New Brunswick and regarding the joint application-declaration of Consolidated and Maine concerning the afore-described financial transactions involve common questions of law and fact and should be consolidated and heard together;

It is ordered, That said proceedings be, and they are hereby, consolidated, and that a hearing in the consolidated proceedings under the applicable provisions of the act and rules of the Commission promulgated thereunder to be held on November 30, 1945, at 10:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such room as the hearing room clerk in Room 318 will at that time advise. All persons desiring to be heard or otherwise wishing to participate in the proceedings should file with the Commission on or before November 28, 1945, a written request relative thereto as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That jurisdiction be, and it hereby is, reserved to separate either for hearing, in whole or in part, or for disposition, in whole or in part, any issues or questions which may arise in these proceedings and to take such other action as may appear conducive to an orderly, prompt, and economical disposition of the matters involved.

It is further ordered, That notice of said hearing is hereby given to Consolidated, Maine, New Brunswick, Public Service Commission of the State of Maine and all interested persons, notice to be given to Consolidated, Maine, New Brunswick, and Public Service Commission of the State of Maine by registered mail and to all other persons by a general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list for releases issued under the Public Utility Holding Company Act of 1935 and by publication of a copy of this notice and order in the FEDERAL REGISTER.

It is further ordered, That Allen MacCullen or any other officer or officers of this Commission designated by it for that purpose, shall preside at such hearing. The officer so designated is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues presented by said filings, particular attention be directed at said hearing to the following matters and questions:

(1) Whether Maine is predominantly a public utility company whose operations as such do not extend beyond the State in which it is organized and States contiguous thereto;

(2) Whether it is detrimental to the public interest or the interest of investors or consumers to grant to Maine, and to New Brunswick as a subsidiary of Maine, an exemption from any or all of the provisions of the act;

(3) Whether New Brunswick derives any material part of its income directly or indirectly from sources within the United States;

(4) Whether the application of any or all of the provisions of the act to New Brunswick is necessary in the public interest or for the protection of investors;

(5) Whether the proposed issue and sale of First Mortgage Bonds and common stock by Maine are solely for the purpose of financing the business of Maine as a public utility company, have been expressly authorized by the State Commission for the State in which Maine is organized and conducts its business, and otherwise satisfy the requirements of Section 6 (b) of the act; and, if not, whether the proposed issue and sale of said securities satisfy the requirements of sections 7 (c) and 7 (d) of the act;

(6) Whether the proposed increase in the authorized common stock of Maine is detrimental to the public interest or the interest of investors or consumers;

(7) Whether the proposed accounting entries to be made in connection with the proposed transactions are proper;

(8) Whether the fees, commissions and other remunerations to be paid directly or indirectly in connection with the proposed transactions are reasonable; and

(9) Generally, whether the proposed transactions comply with all of the applicable provisions and requirements of the act and rules and regulations promulgated thereunder, and whether it is necessary or appropriate in the public interest or for the protection of investors and consumers, or to prevent the circumvention of any provisions of the act, or rules, regulations or orders thereunder to impose terms and conditions in connection with any of the proposed transactions.

By the Commission.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Regs., Serial No. 351]

PART 238—CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY

TEMPORARY SUSPENSION OF SERVICE BY AIR CARRIERS (EXCEPT ALASKAN AIR CARRIERS)

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 13th day of November, 1945. (Amendment No. 2 of § 238.6)

The Civil Aeronautics Board, acting pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a) and 401 thereof, hereby makes and promulgates the following regulation:

Effective December 15, 1945, § 238.6 of the Economic Regulations is amended as follows:

§ 238.6 *Temporary suspension of service by air carriers (except Alaskan air carriers)*—(a) *Service of notice.* Prior to or coincident with the filing of any application for temporary suspension of service to or from any point in any certificate of public convenience and necessity (hereinafter referred to as certificate) or to or from any point included in an approved service plan designating points which may be served in general areas named in any certificate, the holder of such certificate, unless otherwise authorized by the Board, shall cause a notice of such filing together with a copy of the application to be served by personal service or registered mail upon:

(1) Each scheduled air carrier which regularly renders service to the point for which temporary suspension of service is sought.

(2) The chief executive of the city, town or other unit of local government at any such point located in the United States or any Territory or possession thereof.

(3) The Secretary of State (marked for the attention of Chief, Aviation Division) if such point is not located in the United States or any Territory or possession thereof.

(4) The Postmaster General (marked for the attention of the Second Assistant Postmaster General) if the applicant's Certificate authorizes the transportation of United States mail to or from such points.

(5) The Manager or other individual having direct supervision over and responsibility for the management of the airport being used to serve such point at the time the application is filed.

(b) *Contents of notice.* Such notice shall state that it is being served pursuant to § 238.6 of the Economic Regulations of the Civil Aeronautics Board and shall indicate the date upon which the application will be or is being filed.

(c) *Form and contents of application.* The application shall be entitled "Application for Order Authorizing Temporary Suspension of Service" and in addition to the specific relief requested, shall contain a list of the persons upon whom notice of the filing thereof was or is being served, and facts relied upon to establish that the temporary suspension of service for which application is made is in the public interest. An executed original and nine copies of such application with a copy of the notice attached to each shall be filed with the Board.

(d) *Additional service of notice.* Action on the application may be withheld by the Board, in its discretion, pending proof of such additional service of notice by the applicant as the Board may direct.

(e) *Disposition.* The Board will grant such application if it finds that such temporary suspension of service is in the public interest. An order authorizing temporary suspension of service will be subject to revocation or amendment by the Board at any time.

(f) *Authorized suspension of service.* Unless otherwise ordered by the Board, the holder of a certificate shall not be required to file an application or obtain an order of the Board:

(1) For temporary suspension of service to a point named in such certificate, or included in the holder's approved service plan, during such time as the air

carrier operating certificate of the holder does not authorize service to such point through the airport and with the type of aircraft last regularly used by the holder to serve such point,

(2) For temporary suspension of service to:

(i) A point named in a certificate issued pursuant to section 401 (d) or section 401 (e) (2) of the act, and which has never been regularly served by the holder after the date of issuance of the certificate, or

(ii) A point included in the holder's approved service plan and which has never been regularly served by the holder after the date on which such point was included in such approved service plan, during such time as the air carrier operating certificate of the holder does not authorize service to such point through any airport convenient thereto with any type of aircraft then regularly being used (or, if the holder is not operating, with any type of aircraft proposed to be used) by the holder for scheduled operations between other points served pursuant to such certificate, or

(3) In the case of a point named in a certificate issued pursuant to section 401 (e) (1) of the act, for continued temporary suspension of service to such point if such service was suspended during the thirty days immediately preceding July 31, 1939.

with respect to any such point the Board may by order at any time revoke or amend the authority conferred on the holder of a certificate by this paragraph (f).

(g) *Temporary interruptions of service.* The temporary interruption of service to or from a point named in a certificate, or included in the holder's approved service plan, caused by adverse weather conditions, or by other conditions which the holder could not reasonably have been expected to foresee or control, shall not be deemed to constitute a temporary suspension of service within the meaning of this section or of the terms, conditions or limitations of such certificate.

(h) *Inapplicability.* This section shall not apply to the applications of Alaskan air carriers for temporary suspensions of service.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs

[T. D. 51352]

WAIVER OF CERTAIN NAVIGATION LAWS RESCINDED

NOVEMBER 19, 1945.

Rescinding orders dated January 19, 1942 and February 27, 1942, waiving compliance with certain navigation laws.

Upon the written recommendation of the Administrator of the War Shipping Administration and the Chairman of the United States Maritime Commission and pursuant to the authority vested in me by the provisions of section 501 of the Second War Powers Act, 1942 (50 U.S.C. App. Sup. 635), as extended by the act of December 20, 1944 (50 U.S.C. App. Sup. 645), I hereby rescind:

(a) The order of the Acting Secretary of Commerce dated January 19, 1942 (7 F.R. 404), which was confirmed and continued by the order of the Acting Secretary of the Treasury dated April 1, 1942 (T. D. 50594) and which waived compliance with the provisions of section 27 of the Merchant Marine Act, 1920, as amended (46 U.S.C. 883), to such extent as to permit the transportation of tungsten concentrates on Canadian steamships between Stewart, B. C., and Prince Rupert, B. C., as a portion of the transportation of those concentrates between Hyder, Alaska, and Cleveland, Ohio; and

(b) The order of the Acting Secretary of Commerce dated February 27, 1942 (7 F.R. 1601), which was confirmed and continued by the order of the Acting Secretary of the Treasury dated April 1, 1942 (T.D. 50594) and which waived compliance with the provisions of section 4178 of the Revised Statutes, as amended (46 U.S.C. 46), and of section 4495 of the Revised Statutes (46 U.S.C. 493), in the case of vessels of one thousand gross tons and under operating in the foreign and intercoastal trade.

This order will be effective at midnight December 8, 1945. If the transportation of any merchandise on any Canadian steamship is not completed on or before midnight December 8, 1945, the order of the Acting Secretary of Commerce which is rescinded by subdivision (a) of this order will not relieve the merchandise from the penalties prescribed by section 27 of the Merchant Marine Act, 1920, as amended (46 U.S.C. 883).

TITLE 20—EMPLOYEES' BENEFITS

Chapter III—Social Security Board, Federal Security Agency

[Reg. 3,[1] Amdt.]

PART 403—FEDERAL OLD-AGE AND SURVIVORS' INSURANCE

SUSPENSION OF STATUTORY PERIODS

Regulations No. 3, as amended (20 CFR, Cum. Sup., 403.1 et seq.), are further amended as follows:

1. Section 403.407 (a) (3) is amended to read:

§ 403.407 *Parent's insurance benefits*—(a) *Conditions of entitlement.* • • •

(3) Was wholly dependent upon and supported by (see paragraph (e) of this section) such individual at the time of such individual's death and, except as otherwise provided in § 403.701 (j), has filed proof of such dependency and support within 2 years after the date of such death; and

2. Section 403.408 (a) (3) is amended to read:

§ 403.408 *Lump-sum death payments*—(a) *Conditions of payment.* • • •

(3) An application (see § 403.701) for such lump sum has, except as otherwise provided in § 403.701 (j), been filed within 2 years following the death of such individual.

3. The statutory provisions preceding § 403.701 are amended by adding at the end thereof the following:

[1] 5 F.R. 1849.

SECTIONS 101, 104, 205, 601 AND 604 OF THE SOLDIERS' AND SAILORS' CIVIL RELIEF ACT OF 1940 (54 STAT. 1178)

SEC. 101. *Definitions.* (1) The term "persons in military service" and the term "persons in the military service of the United States," as used in this Act, shall include the following persons and no others: All members of the Army of the United States, the United States Navy, the Marine Corps, the Coast Guard, and all officers of the Public Health Service detailed by proper authority for duty either with the Army or the Navy. • • •

(2) The term "period of military service," as used in this Act, shall include the time between the following dates: For persons in active service at the date of the approval of this Act it shall begin with the date of approval of this Act; for persons entering active service after the date of this Act, with the date of entering active service. It shall terminate with the date of discharge from active service or death while in active service, but in no case later than the date when this Act ceases to be in force.

• • • • • •

SEC. 104. *Extension of benefits to citizens serving with forces of war allies.* Persons who serve with the forces of any nation with which the United States may be allied in the prosecution of any war in which the United States engages while this Act remains in force and who immediately prior to such service were citizens of the United States shall, except in those cases provided for in section 512, be entitled to the relief and benefits afforded by this Act if such service is similar to military service as defined in this Act, unless they are dishonorably discharged therefrom, or it appears that they do not intend to resume United States citizenship.

• • • • • •

SEC. 205. *Statutes of limitations as affected by period of service.* The period of military service shall not be included in computing any period now or hereafter to be limited by any law, regulation, or order for the bringing of any action or proceeding in any court, board, bureau, commission, department or other agency of government by or against any person in military service or by or against his heirs, executors, administrators, or assigns, whether such cause of action or the right or privilege to institute such action or proceeding shall have accrued prior to or during the period of such service, • • •.

• • • • • •

SEC. 601. *Certificates of service; persons reported missing.* • • •

(3) Where a person in military service has been reported missing he shall be presumed to continue in the service until accounted for, and no period herein limited which begins or ends with the death of such person shall begin or end until the death of such person is in fact reported to or found by the Department of War or Navy, or any court or board thereof, or until such death is found by a court of competent jurisdiction: *Provided*, That no period herein limited which begins or ends with the death of such person shall be extended hereby beyond a period of six months after the time when this Act ceases to be in force.

• • • • • •

SEC. 604. *Termination of Act.* This Act shall remain in force until May 15, 1945: *Provided*, That should the United States be then engaged in a war, this Act shall remain in force until such war is terminated by a treaty of peace proclaimed by the President and for six months thereafter: *Provided further*, That wherever under any section or provision of this Act a proceeding, remedy, privilege, stay, limitation, accounting, or other transaction has been authorized or provided with respect to military service performed prior to the date herein fixed for the termination of this Act, such section or provision shall be deemed to continue in full force and effect so long as may be necessary to the exercise or enjoyment of such proceeding, remedy, privilege, stay, limitation, accounting, or other transaction.

4. Section 403.701 (g) is amended to read:

§ 403.701 *Filing of application and other forms.* • • •

(g) *Time of filing applications for lump sums.* An application for a lump sum must, except as otherwise provided in paragraph (j) of this section, be filed within 2 years after the date of the death of the individual upon the basis of whose wages such lump sum is claimed (see §403.408 (a) (3)).

5. Section 403.701, as amended, is further amended by adding a new paragraph (j) as follows:

§ 403.701 *Filing of applications and other forms.* • • •

(j) *Extensions of filing periods by Soldiers' and Sailors' Civil Relief Act of 1940.* Pursuant to the Soldiers' and Sailors' Civil Relief Act of 1940, in computing the periods allowed for the filing of an application for lump-sum death payment under section 202 (g) (see § 403.408), filing of proof of parent's dependency and support under section 202 (f) (see § 403.407), filing of a request for revision of wage record under section 205 (c) (see § 403.706), filing of a request for reconsideration (see § 403.708), filing of a request for a hearing (see § 403.709), and filing of a request for review (see § 403.710), by a person in military service or by a surviving civilian relative of such person in military service meeting the test of wife, widow, child, or parent under section 209 (m) (or, in the case of lump-sum death payments, the test of relatives designated by section 202 (g)) of the Social Security Act, there shall not be included that portion of the period of his military service (as defined in the Soldiers' and Sailors' Civil Relief Act of 1940) falling within the period so to be computed. The period of military service commences with the effective date of the act (October 17, 1940) or the date of his entrance into active military service (whichever is later) and ends upon (1) the date the act ceases to be in force or the date of his death or discharge from service (whichever is earlier) or (2) if he was reported missing and is subsequently found (actually or presumptively) to have died, then (i) the date such death is reported to or found by the proper service department, or (ii) the date such finding is made by a court of competent jurisdiction, or (iii) six months after the Act ceases to be in force (whichever date is earliest). For the purposes of this section, the Soldiers' and Sailors' Civil Relief Act will cease to be in force six months after the termination of World War II by a treaty of peace proclaimed by the President.

The term, person in military service, as used in these regulations shall include, in addition to members of the Army of the United States, the United States Navy, the Marine Corps, the Coast Guard, and all officers of the Public

Health Service detailed by proper authority for duty either with the Army or the Navy, persons serving in the armed forces of nations allied with the United States who immediately preceding such service were citizens of the United States, unless they are dishonorably discharged or it appears that they do not intend to resume United States citizenship.

6. Section 403.702 (i) is amended to read:

§ 403.702 *Supporting evidence, etc.* • • •

(i) *Evidence as to the dependency of a parent.* A parent who claims to have been wholly dependent upon and supported by an individual shall, in filing proof of such dependency, submit a verified statement setting forth, as of the time of such individual's death, and for a period of not less than one year prior to such time, the amount and kind of contributions made to the parent by such individual. The statement shall also describe the tangible and intangible property owned by the parent, and, for a period of one year prior to such death, the income from such property and any other income (including contributions from other children and relatives) received by the parent, and the amount and source of such income. Proof that a parent was wholly dependent upon and supported by an individual, at the time of such individual's death, must, except as otherwise provided in § 403.701 (j), be filed within two years after the death of such individual (see § 403.407 (a) (3)).

7. Section 403.703 (b) is amended to read as follows:

§ 403.703 *Wage records.* • • •

(b) *Evidence in support of wage-record revision.* When a request for the revision of an individual's wage record, as provided in paragraph (a) of this section, is filed prior to the expiration of the fourth year after the year in which the wages in question were paid or are alleged to have been paid, the individual requesting the revision shall submit supporting evidence of probative value as to the time of payment of such alleged wages, the amount thereof, the nature of the services for which the wages are alleged to have been paid, and the name and address of the employer or employers who paid such wages.

If the request for the revision of the Board's wage records is filed after the expiration of such fourth year, there shall, except as provided in § 403.701 (j), be no revision of such records with respect to such wages except to conform such records to a tax return, or portion of a return (including information returns and other written statements), filed with the Commissioner of Internal Revenue under Title VIII of the Social Security Act or the Federal Insurance Contributions Act or regulations made under authority thereof.

8. Section 403.706 (a) (4) is amended to read:

§ 403.706 *Initial determination*—(a) *Determinations affecting benefits, lump sums, and wage records.* • • •

(4) *Parent's dependency.* The Bureau shall make findings, setting forth the pertinent facts and conclusions, and an initial determination as to whether a parent (hereafter referred to as the party to the determination) was wholly dependent upon and supported by a fully insured individual at the time of such individual's death. Such findings of fact and determination shall be made when evidence of such dependency and support is submitted by the party at a time prior to the filing of an application by him for parent's insurance benefits, but, except as otherwise provided in § 403.701 (j), within 2 years after the death of the insured individual. (See §§ 403.704 (a) (3) and 403.702 (i).)

9. Section 403.708 (b) is amended to read:

§ 403.708 *Reconsideration.* • • •

(b) *Time and place of filing request for reconsideration.* The request for reconsideration shall be made in writing and filed at an office of the Bureau.

The request for reconsideration, unless the determination to be reconsidered is with respect to the revision of the Board's wage records (see § 403.706 (a) (5)), must be filed within six months from the date of mailing notice of the initial determination, except as is provided in §§ 403.701 (j) and 403.711 (a).

The request for the reconsideration of an initial determination as to the revision of the Board's wage records may be filed at any time after the mailing of notice of such determination, but, if the request is filed more than 60 days after the fourth calendar year following the year in which the wages in question were paid or are alleged to have been paid, except as provided in § 403.701 (j), such determination will not be reconsidered except for the purpose of revising the wage records in accordance with section 205 (c) (4) of the act (see § 403.703).

10. Section 403.709 (b) is amended to read:

§ 403.709 *Hearing.* • • •

(b) *Time and place of filing request for hearing.* The request for hearing shall be made in writing and filed at an office of the Bureau, with a referee, or with the Appeals Council of the Social Security Board.

If no request for reconsideration has been filed, as provided in § 403.708 (a) and (b), and the matter to be heard is not with respect to the revision of the Board's wage records, the request for hearing must be filed within six months from the date of mailing notice of the initial determination, except as is provided in §§ 403.701 (j) and 403.711 (a). If a request for reconsideration has been filed and the matter to be heard is not with respect to the revision of the Board's wage records, (1) the request for hearing may be filed at any time prior to the mailing of notice of the reconsidered determination if such notice has not been mailed within 45 days after the filing of the request for reconsideration, or (2) the request for hearing must be filed within 3 months after the date of mailing notice of the reconsidered determination, except as is provided in §§ 403.701 (j) and 403.711 (a).

If the matter to be heard is with respect to the revision of the Board's wage records, the request for hearing may be filed at any time after the mailing of notice of the initial or reconsidered determination, but if a request for reconsideration has been filed the request for hearing may not be filed until after the mailing of notice of the reconsidered determination unless such notice has not been mailed within 45 days after the filing of the request for reconsideration. However, if the request for hearing is filed more than 60 days after the expiration of the fourth calendar year following the year in which the wages in question were paid or are alleged to have been paid, except as provided in § 403.701 (j), no hearing will be held with respect to the revision of the wage records except as is provided in section 205 (c) of the act (see § 403.703).

11. Section 403.710 (b) is amended to read as follows:

§ 403.710 *Appeals Council proceedings on certification and review.* • • •

(b) *Review of referee's decision or Bureau's revised determination.* If a referee has made a decision or the Bureau has revised its determination, as provided in § 403.709 (k), any party thereto may request the Appeals Council to review such decision or revised determination. The request for review shall be made in writing and filed with an office of the Bureau, a referee, or the Appeals Council. The request for review shall be filed within 30 days from the date of mailing notice of the referee's decision or the Bureau's revised determination except as is provided in §§ 403.701 (j) and 403.711 (a).

The Appeals Council may, in its discretion, decline a party's request for the review of a referee's decision or the Bureau's revised determination, or the Council may, within 90 days from the date of mailing notice of such decision or revised determination, review such decision or revised determination on its own motion. Notice of the action by the Appeals Council in determining to review on its own motion or granting or declining a party's request for review shall be mailed to the parties at their last known addresses.

12. Section 403.711 (b) is amended to read as follows:

§ 403.711 *Extension of time and revision.* • • •

(b) *Revision for error.* An initial determination or reconsidered determination of the Bureau, provided for in §§ 403.706 (a) and 403.708 (e), or a determination of the Bureau which has been revised by it when the case has been remanded, as provided for in § 403.709 (k), may be revised by the Bureau, either upon the Bureau's own motion or upon the petition of any party when it clearly appears that there was an error of fact or law in such determination or that such determination was procured by misrepresentation or fraud. However, except as provided in § 403.701 (j), no determination as to the wages of an individual will be revised, except for the purposes provided in section 205 (c) (4) of the act, after the fourth calendar year following the year in which the wages were paid or are alleged to have been paid, unless a party's petition for such revision was filed prior to the expiration of such fourth year and 60 days thereafter.

Either upon the referee's or the Appeals Council's own motion, as the case may be, or upon the petition of any party to a hearing, any decision of a referee provided for in § 403.709 (k) may be revised by such referee or the Appeals Council, and any decision of the Appeals Council provided for in § 403.710 (d) may be revised by the Appeals Council, when it clearly appears that there was an error of fact or law in such decision or that such decision was procured by fraud or misrepresentation. However, except as provided in § 403.701 (j), no decision as to the wages of an individual will be revised, except for the purposes provided in section 205 (c) (4) of the act, after the fourth calendar year following the year in which wages were paid or are alleged to have been paid, unless a party's petition for such revision was filed prior to the expiration of such fourth year and 60 days thereafter.

When any determination or decision is revised, as provided in this paragraph, notice of such revision shall be mailed to the parties to such determination or decision at their last known addresses. The notice of revision, which is mailed to the parties, shall state the basis for the revision and inform the parties of their right to a hearing, as provided herein. Except as provided in § 403.701 (j), the revision of the determination or decision shall be final and binding upon all such parties unless such a party, within 60 days after the date of mailing notice of the revision, files a written request for a hearing. Upon the filing of such a request, a hearing with respect to such revision shall be held and decision made in accordance with the provisions of § 403.709.

TITLE 25—INDIANS

Chapter I—Office of Indian Affairs, Department of the Interior

Subchapter Q—Leases and Permits on Restricted Indian Lands

PART 177—AGRICULTURAL AND GRAZING LEASES, OSAGE NATION, OKLAHOMA

BUSINESS LEASES AND THEIR APPROVAL

The following new section is added:

§ 177.19 *Business leases.* Restricted property of the Osage Indians may be leased by the Indians having restricted interests therein for business purposes for terms not to exceed five years, subject to approval or disapproval of the Superintendent of such leases where the annual rental does not exceed $1,000. All other business leases shall be subject to the approval or disapproval of the Commissioner of Indian Affairs. Any interested party dissatisfied with the action taken, may within 90 days from the notice of such action by the Superintendent, appeal to the Commissioner of Indian Affairs and may within 90 days from the notice of any action of the Commissioner appeal to the Secretary of the Interior. Where formal hearings are granted on appeals to the Secretary of the Interior, such hearings shall be held by the Board of Appeals of the Department of the Interior and the decision of the said board when approved by the Secretary shall be final. (Secs. 7 and 12, 34 Stat. 539; secs. 161 and 463 RS, sec. 22, 5 U.S.C., sec. 2, 25 U.S.C.)

OSCAR L. CHAPMAN,
Assistant Secretary.

TITLE 32—NATIONAL DEFENSE

Chapter XI—Office of Price Administration

PART 1389—APPAREL

[RMPR 304,[1] Amdt. 3]

SPECIFIED UTILITY SHIRTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 304 is amended in the following respects:

1. The first undesignated paragraph of section 2 (b) is amended to read as follows:

(b) *Cotton flannel shirts.* Retail ceiling prices for cotton flannel shirts are listed in Tables I, II and III of Appendix C. Table I contains retail ceilings for all cotton suede and cotton moleskin shirts except those purchased from Group B factories (see Table III); retail ceilings for cotton plaid and cotton domet shirts are found in Table I, II or III, depending upon the source of supply.

2. Examples 1, 2 and 3 in section 2 (b) (2) are amended to read as follows:

Example 1. Manufacturer Y, a Group A manufacturer, is obliged to sell at or below the Class I ceiling on part of his sales, but is permitted to make the rest of his sales at Class II prices. Y's Class I ceiling on style 499 (his 3.00 yard unshrunk plaid flannel) is $11.46½ per dozen, and his Class II ceiling is $12.21½ per dozen. Y sells this number to retailer Z at $11.75 per dozen.

Since $11.75 is higher than Y's Class I ceiling for this flannel shirt ($11.46½), Z takes $12.21½ (The Class II ceiling) as his supplier's ceiling price, and turns to Table II (which contains retail ceilings for cotton flannel shirts bought from Group A manufacturers). In Table II, Z finds his retail ceiling to be $1.45.

Example 2. Manufacturer Y sells his style 499 to retailer X at the Class I ceiling of $11.46½ per dozen, and later sells X another lot of the same style at the Class II ceiling of $12.21½.

X must take $11.46½ as his supplier's ceiling price for both lots. Since this is a cotton flannel shirt purchased from a Group A manufacturer, the retail ceiling is found in Table II. X finds a retail ceiling of $1.29 for both lots of style number 499.

Example 3. Retailer B buys style number 499 from Y at Y's Class I ceiling of $11.46½ and later gets more of Y's style number 499 from a wholesaler at the wholesaler's ceiling of $13.57½.

In figuring his retail ceiling for style number 499, B takes $11.46½ as his supplier's ceiling, and finds in Table II that his retail ceiling for both lots of this style number is $1.29 per garment.

3. Examples 1 and 2 in section 2 (b) (3) are amended to read as follows:

Example 1. C, a retail chain, buys shirts from manufacturer Y at $11.46½, Y's Class I ceiling. C sells them to D, another retail chain, at $11.63½, (which is equal to C's cost plus freight actually paid by him).

In figuring his retail ceiling, D assumes his supplier's ceiling price to be $11.46½ (the ceiling of C's supplier) not $11.63½ (the price D actually paid). Consequently, D's retail ceiling, found in Table II is $1.29 (not $1.37).

Example 2. E, an independent retailer, buys shirts from manufacturer M at M's Class II ceiling of $12.21½. E decides to liquidate, and sells them to an auctioneer at $11.50 per dozen. The auctioneer resells them to F, another retailer, for $12.38½ (this being the price paid by E, plus transportation charges incurred by the auctioneer).

In figuring his retail ceiling, F takes $12.21½ as his supplier's ceiling, so that his retail ceiling, found in Table II, is $1.45 (Not $1.37).

4. The second undesignated paragraph of section 2 (b) (5) is amended to read as follows:

In the case of men's shirts made in Group B factories (for which there is no separate Class I ceiling), the manufacturer's Group B ceiling is taken as the supplier's ceiling price, and Table III in Appendix C must be used.

5. Examples 1 and 2 in section 3 (b) (1) are amended to read as follows:

Example 1. J, a large retailer, buys shirts from a manufacturer at the Class I ceiling of $11.46½, and pays 17¢ a dozen for freight. He now wants to resell them to K, a second retailer.

J's ceiling price for this sale is $11.63½, his cost plus freight.

Example 2. L, a wholesaler, buys shirts from a manufacturer at the Class I ceiling of $11.46½. L now liquidates, and resells the shirts to another wholesaler.

In figuring his price for this second special sale M takes as his cost $11.46½ (the price

APPENDIX C—TABLES OF RETAIL CEILING PRICES

INSTRUCTIONS

(1) Ceiling prices for Official Boy Scout shirts are given in Table IV. These prices require no explanation.

(2) Ceiling prices for cotton flannel shirts are listed in Tables I, II and III. Table I contains retail ceilings for all cotton suede and cotton moleskin shirts except those purchased from Group B factories; retail ceilings for cotton flannel and cotton domet shirts are found in Table I, Table II or Table II depending upon the source of supply. In each table, the ceiling is given according to your supplier's net ceiling price. This price must be found according to the rules in section 2. Read this section before using the tables.

When you have found your supplier's net ceiling price, look in Column 1 of the appropriate table for the bracket in which this price belongs. Then look at the figure opposite in column 2; that is your ceiling price per garment.

For example, suppose you buy a 3.00 unshrunk plaid flannel shirt from a manufacturer at $11.46½ (the Group A manufacturer's Class I ceiling for such a shirt). The heading to Table II states that your ceiling is determined under that table. Follow down column 1 in Table II until you find the bracket $11.34–$11.49+. Opposite these figures, in column 2 you find the retail ceiling of $1.29 ($11.49+ includes any fractional cent over $11.49).

TABLE I—RETAIL CEILING PRICES FOR—

1. Cotton suede and cotton moleskin shirts (except when purchased from Group B factories).

2. Cotton flannel and cotton domet shirts purchased from:

(a) Dress or sport shirt factories.

(b) Wholesalers, if the wholesaler purchased such shirts from a dress or sport shirt factory.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Order 130-A]

PART 12—RULES GOVERNING AMATEUR RADIO: STATIONS AND OPERATORS

VALIDATION OF CERTAIN LICENSES

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 14th day of November, 1945 (superseding Order No. 130):

Whereas certain of the frequency bands allocated to the Amateur Radio Service in the Commission's Report of Allocations from 25,000 kilocycles to 30,000,000 kilocycles dated May 25, 1945 are now available for use by amateurs as authorized by this order; and

Whereas it is considered advisable that certain orders adopted by the Commission during the emergency, affecting the Amateur Radio Service, be cancelled, and that amateur station licenses be validated for a temporary period to permit the orderly processing of applications for new, renewed and modified licenses; *It is ordered,* That:

1. All amateur radio station licenses which were valid at any time during the period December 7, 1941 to September 15, 1942, and which have not heretofore been revoked are hereby validated for a six-month period commencing with the effective date of this order and ending May 15, 1946 (3 a. m., Eastern Standard Time).

2. (a) The following frequency bands are available for use for amateur station operation, subject to the limitations and restrictions set forth herein.

(1) 28.0 to 29.7 Mc. using type A1 emission.

(2) 28.1 to 29.5 Mc. using type A3 emission.

(3) 28.95 to 29.7 Mc. using special emission for frequency modulation (telephony).

(4) 56.0 to 60.0 Mc. using types A1, A2, A3 and A4 emissions and, on frequencies 58.5 to 60.0 Mc., special emission for frequency modulation (telephony). This band is available for amateur operation until March 1, 1946 (3 a. m., Eastern Standard Time).

(5) 144 to 148 Mc., using A1, A2, A3 and A4 emissions and special emissions for frequency modulation (telephony and telegraphy). The portion of this band between 146.5 to 148 Mc. shall not be used, however, by any amateur station located within 50 miles of Washington, D. C., Seattle, Washington, or Honolulu, T. H.

(6) 2300 to 2450 Mc., 5250 to 5650 Mc., 10000 to 10500 Mc., and 21000 to 22000 Mc., using on these four bands, A1, A2, A3, A4 and A5 emissions and special emissions for frequency modulation (telephony and telegraphy).

(b) Upon the effective date of this order, no frequencies other than those assigned in this order shall be used for amateur operation.

3. The following orders of the Commission are hereby cancelled:

(a) Order No. 72, dated June 5, 1940, together with all amendments thereto, prohibiting amateur radio operators and amateur radio stations licensed by the Federal Communications Commission from exchanging communications with operators or radio stations of any foreign government or located in any foreign country.

(b) Order No. 73, dated June 7, 1940, together with all amendments thereto, prohibiting portable and portable-mobile radio station operation by licensed amateur operators and stations on frequencies below 56,000 kilocycles.

(c) Order No. 87, dated December 9, 1941, and Order No. 87A, dated January 9, 1942, prohibiting all amateur radio operation.

(d) Order No. 87B, dated September 15, 1942, suspending the issuance of renewed or modified amateur station licenses.

This order shall become effective the 15th day of November, 1945, 3 a. m., Eastern standard time.

By the Commission.

FEDERAL POWER COMMISSION.

[Docket No. G-610]

TENNESSEE GAS AND TRANSMISSION CO.

NOTICE OF APPLICATION

NOVEMBER 21, 1945.

Notice is hereby given that Tennessee Gas and Transmission Company, Applicant, a Tennessee corporation, filed its application on November 5, 1945, for a certificate pursuant to section 7 of the Natural Gas Act, as amended, for authorization to operate its existing facilities for the delivery of natural gas to the Taylor-Green Gas Company up to, but not in excess of 1,000 Mcf per day. Such deliveries are to terminate on March 31, 1946.

Applicant submits that it has been advised by the Taylor-Green Gas Company, that unless up to 1,000 Mcf of gas per day is delivered during the 1945-1946 winter season, a serious gas shortage will exist on its system and its customers will suffer severe curtailments and interruptions of its gas service. Applicant further asserts that the Taylor-Green Gas Company serves straight natural gas in the communities of Campbellsville and Greensburg, Kentucky, with a total population of approximately 3,600.

Applicant states that it is able to deliver the above quantities of natural gas without in any way interfering with or impairing its ability to serve its other existing customers, namely, Hope Natural Gas Company, United Fuel Gas Company, Louisville Gas and Electric Company, with the quantities of natural gas covered by its agreements with those companies.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 8th day of December 1945, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

[Docket No. G-678]

TENNESSEE GAS AND TRANSMISSION CO.

NOTICE OF APPLICATION

NOVEMBER 20, 1945.

Notice is hereby given that on November 13, 1945, Tennessee Gas and Transmission Company, a Tennessee corporation with its principal place of business in Houston, Texas, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the acquisition and operation as a part of its pipeline system the following facilities:

Compressor Station No. 7, located in Washington County, Mississippi, consisting of 9 1,000-h. p. Worthington angle-type compressor units, complete with land, buildings, auxiliary equipment and piping, together with camp housing facilities;

Compressor Station No. 9, located in Hardeman County, Tennessee, consisting of 7, 1,200-h. p. Clark angle-type compressor units complete with land, buildings, auxiliary equipment and piping, together with camp housing facilities;

Compressor Station No. 11, located in Robertson County, Tennessee, consisting of 9 1,000-h. p. Cooper angle-type compressor units complete with land, buildings, auxiliary equipment and piping, together with camp housing facilities, and

Compressor Station No. 13, located in Montgomery County, Kentucky, consisting of 6 1,200-h. p. Clark angle-type compressor units complete with land, buildings, auxiliary equipment and piping, together with camp housing facilities.

In Docket No. G-621, the Commission by order of June 8, 1945, authorized Tennessee Gas and Transmission Company, among other things, to operate under a lease agreement with the Defense Plant Corporation the above described facilities for the transportation and sale of natural gas during the period of the war emergency only. Such facilities were designed to increase the delivery capacity of Tennessee Gas and Transmission Company's existing pipeline system by an additional 60,000 Mcf per day.

Tennessee Gas and Transmission Company states that it will supply natural gas through the operation of the above described facilities in the States of Mississippi, Tennessee, Kentucky and West Virginia and other states adjacent thereto which may be served by the facilities of the connecting companies.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the fifth day of December, 1945, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

[Docket No. G-679]

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

NOVEMBER 20, 1945.

Notice is hereby given that on November 13, 1945, an application was filed with the Federal Power Commission by Northern Natural Gas Company, a corporation organized under the laws of the State of Delaware, with its principal place of business at Omaha, Nebraska, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize the construction and operation of (1) a two-inch side valve connection on the 18-inch gas transmission line of Applicant and (2) a measuring and regulating station to be located in the vicinity of the unincorporated community of Mynard, Cass County, Nebraska.

The application states that such facilities are required and are to be used to supply the entire natural gas requirements of the town of Mynard which, at the present time, does not have gas service; that Central Electric & Gas Company will purchase natural gas from Applicant and will serve this community through a distribution system to be constructed; that the estimated maximum daily demand is 130 Mcf and the minimum day demand is estimated to be 30 Mcf. Construction of the 2-inch valve connection and the measuring station is scheduled to start about May 1, 1946, and to be completed in approximately 30 days at a total estimated cost of $2,180.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 5th day of December, 1945, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

OFFICE OF PRICE ADMINISTRATION.

Regional and District Office Orders.

[Region III Order G-23 Under 18 (c), Amdt. 5]

FLUID MILK AND SPECIAL MILK IN WEST VIRGINIA

For the reasons set forth in the opinion attached hereto and pursuant to the authority vested in the Regional Administrator of Region III under the provisions of § 1499.75 (a) (9) of Supplementary Regulation No. 15 to the General Maximum Price Regulation and § 1351.807 of Maximum Price Regulation No. 280, *It is hereby ordered*, That:

(a) The County of Wood is deleted from the list of counties appearing in paragraph (1) of Schedule A of Order No. G-23 under § 1499.18 (c) of the General Maximum Price Regulation (Order adjusting maximum prices of fluid whole milk and special milk sold at retail and wholesale in the State of West Virginia).

(b) A paragraph designated (1-a) is inserted between paragraphs (1) and (2) of Schedule A which shall read as follows:

(1-a) Adjusted maximum prices for the sale of fluid whole milk at retail or wholesale in the County of Wood in the State of West Virginia:

Type of Delivery, Container, Size, and Adjusted Maximum Price
Retail; glass or other; one gallon or multiples thereof; 52¢ per gallon.
Retail; glass or paper; one-half gallon; 28¢ per half-gallon.
Retail; glass or paper; one quart; 14½¢ per quart.
Retail; glass or paper; one pint; 8½¢ per pint.
Retail; glass or paper; one-half pint; 7¢ per half-pint.
Wholesale; glass or other; one gallon or multiples thereof; 47¢ per gallon.
Wholesale; glass or paper; one-half gallon; 24¢ per half-gallon.
Wholesale; glass or paper; one quart; 12½¢ per quart.
Wholesale; glass or paper; one pint; 7½¢ per pint.
Wholesale; glass or paper; one-half pint; 4¢ per half-pint.

This amendment shall be come effective November 20, 1945.

Issued November 20, 1945.

J. F. KESSEL,
Regional Administrator.

For the reasons set forth in the accompanying opinion and by virtue of the authority vested in me by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250, 9328 and 9599, I find that the issuance of Amendment No. 5 to Regional Order No. G-23 under § 1499.18 (c) to the General Maximum Price Regulation is necessary to correct maladjustments and inequities which would interfere with the effective transition to a peacetime economy.

J. C. COLLET,
Stabilization Administrator.

Approved: November 16, 1945.

[File No. 1-2916]

INTERSTATE HOME EQUIPMENT CO., INC.

ORDER SUMMARILY SUSPENDING TRADING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 20th day of November, A. D. 1945.

In the matter of Trading on the New York Curb Exchange and the Chicago Board of Trade in the Common Stock, $1 Par Value, of Interstate Home Equipment Co., Inc.; File No. 1-2916.

The Common Stock, $1 Par Value, of Interstate Home Equipment Co., Inc., being listed and registered on the New York Curb Exchange and the Chicago Board of Trade, national securities exchanges; and

The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on such exchanges and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion further that such suspension is necessary in order to prevent fraudulent, deceptive, or manipulative acts or practices, with the result that it will be unlawful under section 15 (c) (2) of the Securities Exchange Act of 1934 and the Commission's Rule X-15C2-2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of, such security otherwise than on a national securitites exchange;

It is ordered, Pursuant to section 19 (a) (4) of the Securities Exchange Act of 1934, that trading in such security be summarily suspended on the New York Curb Exchange and the Chicago Board of Trade in order to prevent fraudulent, deceptive, or manipulative acts or practices, this order to be effective for a period of ten (10) days from the date hereof.

[File No. 52-19]

PORTLAND ELECTRIC POWER CO.

NOTICE OF FILING OF ALTERNATIVE PLAN OF REORGANIZATION AND ORDER ENLARGING THE SCOPE OF HEARING TO CONSIDER SAID ALTERNATIVE PLAN

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 19th day of November, A. D. 1945.

The Commission by its notice and order of October 24, 1945 (Holding Company Act Release No. 6165) having designated November 26, 1945 as the date for the commencement of hearings on three plans of reorganization for Portland Electric Power Company, a registered holding company, filed by Thos. W. Delzell and R. L. Clark, Trustees of said Portland Electric Power Company, and on a plan filed by Guaranty Trust Company, indenture trustee, which plans are summarized in said notice and order:

Notice is hereby given that Guaranty Trust Company of New York has on November 19, 1945 filed an alternative plan of reorganization. All interested persons are referred to said alternative plan which is on file in the office of the Commission, and which may be summarized as follows:

(1) In lieu of a distribution of the common stocks of Portland General Electric Company and Portland Traction Company to the security-holders of Portland Electric Power Company, it is proposed that said stocks will be offered for sale for cash, pursuant to public invitation for sealed written proposals;

(2) Holders of bonds will be paid in cash for the full principal amount of their respective claims and all accrued and unpaid interest thereon at the rate of 6% per annum to the date payment thereof is first made available to them. All other allowed claims of creditors against the debtor or the trustees will be paid in full in cash;

(3) Holders of prior preference stock, after provision has been made for the full payment of the prior claims of the holders of bonds and other creditors and of administration expenses and allowances, shall be paid in cash, the full par amount of the shares of such stock held by them and all accrued and unpaid dividends thereon at the rate of 7% per annum to the date payment thereof is first made available to them, or, if the amount available shall not be sufficient to make such payment, then the amount available shall be paid to the holders of prior preference stock pro rata in accordance with the number of shares of such stock held by them respectively;

(4) All cash remaining after provision has been made for the full payment of the prior claims of holders of bonds, other creditors, and holders of prior preference stock, and all administration expenses and allowances, shall be paid to the holders of first preferred stock. Such payment shall be made pro rata in accordance with the number of shares of such stock held by such holders until such holders shall have been paid $100 for each share of such stock. Any payment in excess of $100 for each share of such stock shall be made proportionately among the three series of such stock in accordance with the amount of dividends and arrears thereon:

(5) Said alternative plan does not contemplate that the second preferred stock and common stock shall participate in the assets of the debtor.

The Commission considering it in the public interest and in the interest of investors and consumers that the scope of the hearing heretofore set for November 26, 1945 should be enlarged to permit reception of evidence on said amended plan;

It is ordered, That the scope of the hearing be enlarged for the purpose of reception of evidence on said alternative plan.

By the Commission.

[File Nos. 54-139, 59-12]

ELECTRIC POWER & LIGHT CORP., ET AL.

NOTICE OF FILING AND ORDER FOR HEARING AND ORDER CONSOLIDATING PROCEEDINGS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 19th day of November, A. D. 1945.

In the matter of Electric Power & Light Corporation, Filed No. 54-139; in the matter of Electric Bond and Share Company, American Power & Light Company, Pacific Power & Light Company, Electric Power & Light Corporation, Utah Power & Light Company, National Power & Light Company, Ebasco Services Incorporated, respondents, File No. 59-12.

Notice is hereby given that Electric Power & Light Corporation ("Electric"), a registered holding company subsidiary of Electric Bond and Share Company,

also a registered holding company, has filed an application for approval of a plan under section 11 (e) of the Public Utility Holding Company Act of 1935 proposing action designed to afford to the holders of the $7 preferred stock and the $6 preferred stock of Electric the opportunity to exchange, on a voluntary basis, their holdings of shares of such stock for common stock of United Gas Corporation ("United"), a subsidiary of Electric, all as more particularly described below.

Electric is a Maine corporation and its business is exclusively that of a holding company. The capitalization and surplus of Electric as of September 30, 1945 adjusted to reflect (1) the sale of Electric's interest in Dallas Power & Light Company, (2) the retirement of Electric's debentures and (3) the divestment of Electric's interest in Utah Power & Light Company, are as follows:

Preferred stock:	
$7 preferred cumulative, no par value, outstanding 514,162 shares[1]	$51,416,200
$6 preferred cumulative, no par value, outstanding 255,430 2/3 shares[1]	25,543,067
Second preferred—series A ($7) cumulative, outstanding 74,814 shares[1]	7,481,400
Common stock and surplus:	
Common stock, no par value, outstanding 3,453,787	70,506,172
Earned surplus	1,147,858
Total capitalization and surplus	156,094,697

[1] The preferred stocks are shown at their liquidating value of $100 per share; the values of the preferred and common stocks are not segregated on the books of the company.

The foregoing statement of capitalization and surplus does not reflect undeclared cumulative dividends in arrears at that date amounting to $45,229,117 on the $7 preferred stock ($37.97 per share), $19,259,271 on the $6 preferred stock ($75.40 per share), and $7,069,923 on the $7 second preferred stock ($94.50 per share).

Of the securities of Electric outstanding, Electric Bond and Share Company owns 485 shares (0.09%) of $7 preferred stock, 13,905 shares (18.59%) of $7 second preferred stock, 1,976,638 shares (57.23%) of common stock, and option warrants (73.57%) to purchase 393,408 shares of common stock. The foregoing securities held by Electric Bond and Share Company represent 46.81% of the total voting power represented by all securities of Electric.

On August 22, 1942 the Commission entered an order pursuant to section 11 (b) (2) of the act requiring that the existence of Electric be terminated and that said company be dissolved, and that Electric proceed with due diligence to submit to the Commission a plan or plans for its prompt dissolution pursuant to section 11 (b) (2) of the act (File No. 59–12, Holding Company Act Release No. 3750). Electric appealed to the United States Circuit Court of Appeals which affirmed the action of the Commission. Thereafter Electric filed its petition for certiorari to the United States Supreme Court which granted such petition and the matter was heard orally during the November 1945 term of that court which has not as yet rendered a decision.

United, a Delaware Corporation, is engaged in the retail distribution of natural gas. Its wholly owned subsidiaries are principally engaged in the production, purchase, transmission, and sale at wholesale of natural gas and crude oil and in the mining and sale of sulphur.

The capitalization and surplus of United and its subsidiaries per balance sheet of September 30, 1945 are as follows:

Long term debt:	
United Gas Corporation:	
First mortgage and collateral trust bonds, 3% series, due 1962	$98,095,000
Subsidiaries	190,031
Total long term debt	98,285,031
Capital stock and surplus:	
United Gas Corporation:	
Common stock, $10 par value issued 10,653,302.2 shares	106,533,022
Subsidiaries, common stock 126,449 shares	253,075
Minority interest in surplus of subsidiaries	428,132
Surplus—paid in	358,480
Surplus—earned	19,798,770
Total capital stock and surplus	127,371,479
Total capitalization and surplus	225,656,510

Of the securities of United outstanding, Electric owns 10,108,101 shares (94.88%) of the common stock.

The transactions proposed in the plan may be summarized as follows:

1. Electric proposes to exchange, on a voluntary basis, for each share of its outstanding $7 preferred stock and $6 preferred stock such number of shares of common stock of United held by Electric which will be specified by subsequent amendment to the Plan in accordance with the following procedure:

(a) At the first hearing pursuant to the Commission's notice of and order for hearing herein, Electric proposes to introduce in evidence written testimony which will constitute most of the direct testimony to be presented by Electric in support of the Plan. Such testimony will set forth the basic data upon which Electric's Board of Directors will later propose ratios of exchange of the common stock of United for preferred stocks of Electric.

(b) After the submission of such testimony, Electric will amend the Plan and will insert in such Amended Plan the number of shares of common stock of United to be offered in exchange for each share of $7 preferred stock and each share of $6 preferred stock of Electric. Electric proposes at that time to send to each of its security holders whose address is known to it a copy of such Amended Plan, together with such further notice with respect to the final hearing on the Amended Plan as the Commission may prescribe.

(c) In the event of approval of the Amended Plan Electric requests that the Commission apply to an appropriate Court for its enforcement.

2. The offer of exchange is proposed to be made with respects to all rights and claims represented by each share of Electric's $7 preferred stock and $6 preferred stock accepted for exchange, including any and all rights and claims to accrued and unpaid dividends thereon.

3. If the provisions of the Amended Plan are approved by the Commission, and the court shall have entered a decree or order enforcing the Amended Plan, it is proposed that the offer of exchange be mailed to the holders of the $7 preferred stock and $6 preferred stock, and that the offer remain open for a period of 15 days: *Provided, however,* Such period may be extended for an additional 30 days by Electric and Electric may apply to the Commission for permission to make further extensions beyond such 30 days.

4. The Plan further provides that the offer may be accepted by a stockholder by the deposit (with the Exchange Agent to be designated by Electric) on or before 3 o'clock p. m., on the last day of the period during which the offer remains open, of the certificates of the shares of $7 preferred stock and $6 preferred stock to be exchanged. The Exchange Agent will deliver to each holder who shall have deposited preferred stock of Electric under the Amended Plan a certificate or certificates for the aggregate number of shares of common stock of United to which such holder shall be entitled under the proposed exchange offer.

5. It is further proposed that in lieu of fractional shares of United's common stock payments in cash will be made based upon the average closing market price of such common stock on the New York Curb Exchange on the first three days on which the offer of exchange is initially mailed to preferred stockholders.

6. The Plan further provides that preferred stockholders accepting the offer contained in the Amended Plan will be entitled to dividends on the common stock of United declared on or after January 1, 1946 and Electric will retain the dividends declared on such common stock prior to that date.

7. It is further provided that the Plan shall become effective upon the deposit thereunder, at any time prior to the expiration of the deposit period, of 75% of the aggregate number of shares of $7 preferred stock and $6 prefererd stock outstanding, but Electric reserves the right to declare the Plan effective upon the deposit thereunder of a smaller aggregate number of shares.

8. The effectuation of the proposed Plan is conditioned upon the entry of appropriate orders by the Commission and the Court, as stated above, and is conditioned further upon the inclusion in such order of the Commission of recitals that the acquisition of the preferred stock of Electric and the distribution of common stock of United pursuant to the proposed offer of exchange are necessary or appropriate to the integration or simplification of the holding company system of which Electric is a member, are necessary or appropriate to effectuate the provisions of section 11 (b) in accordance with the meaning and requirements of the Internal Revenue Code as amended, including 1808 (f) and Supplement R thereof.

Electric proposes after the expiration of the deposit period, as described above, and as a step in carrying out the plan, to restate its capital pursuant to applicable Maine statutes (a) to reflect the retirement of all shares of its preferred stock deposited under the Amended Plan and of 973 shares of $7 preferred stock and 902 shares of common stock now held as reacquired stock, by eliminating such shares from the authorized capital of Electric; and (b) to restate any remaining outstanding shares of preferred stock at $100 per share, and the outstanding second preferred stock at $100 per share, and to assign to each of such shares of preferred stock an amount of capital equal to $100 per share.

The Commission being required by the provisions of section 11 (e) of the act before approving any plan thereunder to find, after notice and opportunity for hearing, that such plan, as submitted or as modified, is necessary to effectuate the provisions of subsection (b) of section 11 and is fair and equitable to the persons affected by such plan, and it appearing that it is appropriate and in the public interest and in the interest of investors and consumers that notice be given and a hearing be held upon said Plan to afford all interested persons an opportunity to be heard with respect thereto, and that the application with respect to said Plan shall not be granted except pursuant to further order of the Commission; and

It further appearing to the Commission that the proceedings herein with respect to the pending Plan (File No. 54–139) and the proceedings herein directed to the dissolution of Electric (File No. 59–12) involve common questions of law and fact and that said proceedings should be consolidated, and that a hearing should be held in order that consideration may be given to an appropriate plan to effectuate compliance with the Commission's dissolution order regarding Electric:

It is ordered, That the proceedings entitled "Electric Bond and Share Company, et al., File No. 59–12" and "Electric Power & Light Corporation, File No. 54–139" be, and the same hereby are, consolidated and that any relevant evidence adduced in said former proceedings shall be incorporated in, and be deemed to be part of, the record in the proceedings in File No. 54–139, without prejudice, however, to the right of the Commission upon its own motion or upon the motion of any interested party to strike such portions of the record in the proceedings pursuant to section 11 (b) as may be deemed irrelevant to the issues raised with respect to the proposed Plan.

It is further ordered, That a hearing be held on the 10th day of December, 1945 at 10:00 a. m., E. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room where such hearing will be held.

Any person desiring to be heard at said hearing or otherwise wishing to participate therein shall file with the Secretary of the Commission on or before December 8, 1945, his request or application therefor as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the rules of practice of the Commission.

It is further ordered, That the hearing to be convened on December 10, 1945 shall be confined to a consideration of the direct testimony of Electric in support of the proposed Plan and the transactions incident thereto. At such time as the proposed amendment is filed with respect to the Plan, hearings will be reconvened and appropriate notice thereof will be duly given.

It is further ordered, That, without limiting the scope of the issues presented by the said Plan, as proposed or as hereafter amended, particular attention will be directed at said hearings to the following matters and questions:

(1) Whether the proposed Plan, as submitted or as hereafter amended, is necessary or appropriate to effectuate the provisions of section 11 (b) of the act.

(2) Whether the proposed Plan, as submitted or as hereafter amended, is fair and equitable to the persons affected thereby and in the interest of investors.

(3) Whether the transactions proposed in the Plan comply with all the requirements of the applicable provisions of the Act and the Rules promulgated thereunder.

(4) Whether a Plan proposed by the Commission or by any qualified person in accordance with the provisions of section 11 (d) of the act should be approved for the purpose of effectuating the order of the Commission of August 22, 1942 directing that the existence of Electric be terminated and that said company be dissolved, and, if proposed by the Commission, what the terms and provisions of such Plan should be.

(5) Whether the fees and expenses and other considerations to be paid or to be received, directly or indirectly, in connection with the proposed Plan and transactions incident thereto, are for necessary services and are reasonable in amount and properly allocated.

(6) Whether, if the Plan, as proposed or as hereafter amended, is approved by the Commission, it is appropriate in the public interest or in the interest of investors or consumers that any terms or conditions be imposed in connection with such approval, and if so, what such terms and conditions should be.

It is further ordered, That jurisdiction be reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters herein set forth or which may arise in these proceedings or to consolidate with these proceedings other filings or matters pertaining to the subject matter of these proceedings, and to take such other action as may appear conducive to an orderly, prompt, and economical disposition of the matters involved; and

It is further ordered, That notice of this hearing be given to Electric, United, Electric Bond and Share Company and to all other persons; said notice to be given to Electric, United, and Electric Bond and Share Company by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That Electric shall give notice of this hearing to all its security holders (insofar as the identity of such security holders is known or available to Electric) by mailing to each of said persons a copy of this Notice and Order for Hearing to his last known address at least 15 days prior to the date of this hearing.

By the Commission.

ELECTRIC BOND AND SHARE CO. ET AL.

NOTICE OF FILING AMENDMENTS AND ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia 3, Pa., on the 16th day of November, A. D. 1945.

In the matter of Electric Bond and Share Company, National Power & Light Company, et al., File No. 59–12; in the matter of Electric Bond and Share Company, National Power & Light Company, File No. 54–51 Application 10.

National Power & Light Company ("National"), a registered holding company subsidiary of Electric Bond and Share Company ("Bond and Share"), also a registered holding company, having filed Application 10 under a "Plan Dated as of May 7, 1942 for compliance with section 11 (b) of the Public Utility Holding Company Act of 1935" (File No. 54–51) and Parts A, B, C, D, E, and F there under proposing therein a program for its dissolution and the liquidation of its remaining assets in compliance with an Order of this Commission dated August 23, 1941; and

National having proposed as Part D thereof to distribute to the former stockholders of Tennessee Public Service Company (the assets of which were taken over and the liabilities of which were assumed by National) the remainder of such assets remaining in the hands of National after liquidation of such liabilities, the details of such distribution to be supplied by amendment; and

National having proposed as Part E thereof a plan, pursuant to section 11 (e) of the act, for the compromise, settlement, and discharge of various claims involving Bond and Share and its wholly-owned service company subsidiaries, Ebasco Services, Incorporated, and

Phoenix Engineering Corporation on the one hand, and National, its subsidiaries, and certain of its former subsidiaries on the other hand, the details of the plan to be supplied by amendment, and said plan having been joined in by Bond and Share and by the subsidiaries of National and certain of its former subsidiaries with respect to the taking of all action necessary on their part to carry out the transactions; National having also requested that, if the plan is approved, the Commission apply to an appropriate Federal Court for an order enforcing such plan; and

National having proposed as Part F thereof, to distribute to, or dispose of, for the benefit of its common stockholders, its then remaining assets and to dissolve and terminate its corporate existence, the details of such final distribution and dissolution to be supplied by amendment;

Notice is hereby given that National has filed Amendments No. 1 and 2 to said Application 10, File No. 54-51, supplying in part the above-mentioned details, pursuant to the applicable sections of the act and the rules and regulations of the Commission promulgated thereunder. All interested persons are referred to said documents, which are on file in the office of this Commission, for a statement of the transactions therein proposed, which may be summarized as follows:

(1) National proposes, as Part D of Application 10, to distribute to the former preferred stockholders of Tennessee Public Service Company ("Tennessee") the sum of $347,086.08 upon approval of this Commission and the approval of the Maine Court under the jurisdiction of which Tennessee was dissolved. Said sum consists of $327,826.08 in cash which National has realized from the assets of Tennessee over and above amounts necessary to discharge all known liabilities of Tennessee, all of which liabilities have now been discharged, and $19,260 which National expects to realize in cash for the benefit of Tennessee under the plan for the compromise settlement of claims against Bond and Share and its wholly-owned subsidiaries, which plan is described hereinafter. National proposes, in the event of approval by this Commission, to petition the Maine Court to amend the Decree of Dissolution of Tennessee entered June 1, 1939 and to appoint a trustee to take over the amount of $347,086.08 and make disposition thereof to the former preferred stockholders of Tennessee. Of the total number of shares outstanding at dissolution, National owned 42,342 shares and the public held 7,261 shares and a substantial portion of the funds will hence become the property of National.

(2) National proposes, under the plan filed as Part E of Application 10, to effectuate a complete settlement and discharge of all claims of any of the parties to the plan, their subsidiaries, or their respective security holders, including but without being limited to claims specifically enumerated in the plan arising out of actions brought by certain stockholders of National for the benefit of National, against Bond and Share, its wholly-owned subsidiaries Ebasco Services, Incorporated and Phoenix Engineering Corporation, and others. Under the terms of the compromise agreement:

(a) Bond and Share will pay to National Five Hundred Twenty-Five Thousand Dollars ($525,000), in cash, in connection with the full settlement and complete discharge of any and all claims by National and certain of its present and former subsidiaries (named hereafter) and their respective security holders as such.

(b) National will pay to its present and former subsidiaries named herein, out of said sum of Five Hundred Twenty-Five Thousand Dollars ($525,000), an amount equivalent to that portion calculated as representing net profit in respect to all service, engineering or construction fees or charges paid by them, respectively, to Ebasco Services, Incorporated and Phoenix Engineering Corporation during the period from December 1, 1935 to April 1, 1938, after deducting therefrom their proportionate part, respectively of fees and expenses applicable to the settlement. The portion of such fees and charges calculated as representing net profit, but before the deduction of such fees and expenses, with respect to each of such companies is as follows:

Birmingham Electric Co	$44,000
Carolina Power & Light Co	70,000
Lehigh Valley Transit Co	13,000
Pennsylvania Power & Light Co	183,000
Houston Lighting & Power	89,000
West Tennessee Power & Light Co	7,000
Total	406,000

The Commission is requested, in the event it approves this Plan, to apply to an appropriate court to enforce and carry out the terms and provisions of the Plan in accordance with the provisions of section 11 (e) of the act. The Commission is also requested, if it approves the Plan and the compromise embodied therein to approve the payment of an aggregate of $80,000 by National of its present or former subsidiaries named therein to the plaintiffs or their attorneys or their accountants in the stockholders' actions referred to above in full settlement and satisfaction of all amounts which said plaintiffs or their attorneys or their accountants are or may be entitled to receive from National or its present or former subsidiaries therein named by way of reimbursement of disbursements or as allowances for legal or professional services. National will retain for itself such amount of the $525,000 to be received from Bond and Share as is not paid to its subsidiaries and former subsidiaries or to the above-named plaintiffs or their attorneys or accountants.

(3) Upon completion of the proposals enumerated above and upon the completion of plans to be filed with the Commission with respect to the recapitalization of Lehigh Valley Transit Company and Memphis Generating Company, National's major assets will consist of the common stocks of Birmingham Electric Company, Carolina Power & Light Company and Pennsylvania Power & Light Company, its holdings of capital stock of Lehigh Valley Transit Company, Memphis Generating Comany and cash. Thereupon, National, as Part F of Application 10, proposes: (1) Upon the taking of appropriate corporate action by its directors and stockholders to file under the laws of the State of New Jersey a Certificate of Dissolution and dissolve; (2) In dissolution to distribute to the holders of its common stock its then holdings in its then subsidiaries on a basis so that the holders of its common stock will receive for each share of such stock so held the following: 1/10 of a share of common stock of Birmingham Electric Company; 1/6 of a share of common stock of Carolina Power & Light Company; 1/6 of a share of common stock of Pennsylvania Power & Light Company; 1/10 of a share of capital stock of Lehigh Valley Transit Company; 1/10 of a share of capital stock of Memphis Generating Company; and their pro rata share in such residual assets of National as may be available for distribution after making provision for all of National's then liabilities. The manner, terms and time of such distribution are to be specified by amendment thereto.

It appearing to the Commission that further hearings should be held for consideration of the proposals contained in said amendments;

It is ordered, That a hearing be held on the 3rd day of January, 1946, at 11:00 a. m. e. s. t. at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room where such hearing will be held.

Any persons desiring to be heard at said hearing or otherwise wishing to participate therein shall file with the Secretary of the Commission on or before December 31, 1945, his request or application therefor as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Willis Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the rules of practice of the Commission.

It is further ordered, That the hearing to be convened on December 18, 1945 shall be confined to a consideration of Parts D and E of National's Application 10, as amended, and applications incident thereto filed by National and Bond and Share. At such times as the proposed amendments are filed with respect to Parts B, C, and F, of National's Application 10, hearings will be reconvened and appropriate notice thereof will be duly given.

It is further ordered, That, without limiting the scope of the issues presented in the proceedings, particular attention will be directed at the hearing to be held on December 18, 1945 to the following matters and questions:

1. Whether the proposals as submitted or as hereafter modified are necessary to effectuate the provisions of section 11 (b) of the act.

2. Whether the proposals as submitted or as hereafter modified are fair and equitable to the persons affected thereby.

3. Whether, if the transactions proposed are authorized by the Commission, it is appropriate in the public interest and in the interest of investors and consumers that any terms and conditions be imposed in connection with such authorization and, if so, what such terms and conditions should be.

4. Whether the fees and expenses proposed to be paid in connection with the consummation of the Plan and all transactions incidental thereto are for necessary services and are reasonable in amount.

5. Whether the Commission shall, in accordance with the petition of the parties to the Plan, approve the amounts of the proposed payments to be made by National to the plaintiffs or their attorneys or accountants in the legal proceedings specifically enumerated in the plan designated as Part E of Application 10, by way of reimbursement or disbursements or allowances for legal service and, if so, what action it should take in the exercise of its jurisdiction over this matter.

6. Whether the accounting entries in connection with the proposed transactions are in conformity with the standards of the Act and Rules promulgated thereunder.

7. Generally, whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and rules thereunder.

It is further ordered, That jurisdiction be reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters herein set forth or which may arise in these proceedings or to consolidate with these proceedings other filings or matters pertaining to the subject matter of these proceedings, and to take such other action as may appear conducive to an orderly, prompt and economical disposition of the matters involved; and

It is further ordered, That notice of this hearing be given to National, Bond and Share and to all other persons, said notice to be given by registered mail to National, Bond and Share, and to all persons previously granted intervention or participation in any of the proceedings consolidated herein, and to the attorneys of record in the legal proceedings specifically enumerated in the plan involving claims of the kind sought to be compromised, settled and discharged by the plan designated Part E of Application 10, and to all other persons by publication in the FEDERAL REGISTER; and

It is further ordered, That National shall give notice of this hearing to its common stockholders and that Bond and Share and Lehigh Valley Transit Company shall give notice of this hearing to their preferred and common stockholders by mailing to each of said persons a copy of this notice and order for hearing at his last known address at least 20 days prior to the date of this hearing.

By the Commission.

COMMONWEALTH & SOUTHERN CORP. (DEL.) ET AL.

ORDER DENYING PETITION FOR REHEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 19th day of November, A. D. 1945.

In the matter of The Commonwealth & Southern Corporation (Delaware), respondent, File No. 59-20; The Commonwealth & Southern Corporation (Delaware) and its subsidiary companies, respondents, File No. 59-8; The Commonwealth & Southern Corporation, (Delaware), File No. 54-75.

The Commission having, on June 30, 1945, issued an order approving a voluntary plan of reorganization pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 filed by The Commonwealth & Southern Corporation, a registered holding company, the plan as approved having provided for a vote of stockholders as a condition of enforcement of the plan by a Federal District Court;

The Commission having, on November 1, 1945, modified the said order so as to approve the plan on condition that the provision for a stockholders' vote be deleted within 15 days;

Certain holders of common stock of The Commonwealth & Southern Corporation having filed a petition for rehearing with respect to the order of November 1, 1945, on the grounds alleged in said petition;

The Commission having considered the said petition, and having concluded that it is without substance and does not set forth grounds for a rehearing,

It is ordered, That the petition be, and is hereby, denied.

By the Commission.

STANDARD GAS AND ELECTRIC CO.

ORDER PERMITTING AMENDED DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 19th day of November 1945.

Standard Gas and Electric Company, a registered holding company, having filed a declaration with amendments thereto regarding the solicitation of proxies from the holders of its Notes, Debentures and preferred stocks in connection with the election of directors of the Company;

Said amended declaration having contained copies of proposed letters, notices, reply cards, proxy statements and proxies, and a full statement of the manner in which the solicitation is proposed to be made;

Said amended declaration having further stated that Standard Gas and Electric Company proposes to engage the services of Georgeson & Co., 52 Wall Street, New York 5, New York, to encourage attendance by stockholders at the stockholders' meeting and to assist the Company in connection with said proposed solicitation of proxies;

The Commission having received a request from representatives of certain preferred stockholders of the Company that a hearing be held with respect to said proposed transactions, a public hearing having been held and the Commission having considered the record herein; and

It appearing that the solicitation of proxies of the stockholders as proposed to be conducted does not make it necessary or appropriate in the interest of, or for the protection of, investors or consumers or to prevent the circumvention of the provisions of the act or the general rules and regulations thereunder, for the Commission to issue any order with respect thereto other than an order permitting the amended declaration with respect to such solicitation to become effective;

It is, therefore, ordered, That the amended declaration with respect to the solicitation of proxies pursuant to Rule U-65 be and the same is hereby permitted to become effective forthwith; *Provided, however*, That such order shall not be construed as passing in any way upon any of the matters referred to in the solicitation material.

By the Commission.

CITIES SERVICE CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 16th day of November, A. D. 1945.

Notice is hereby given that an application or declaration (or both) and an amendment thereto has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Cities Service Company, a registered holding company.

Notice is further given that any interested party may, not later than November 29, 1945, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matters, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, said declaration, as filed or as amended, may be granted and permitted to become effective, as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said application or declaration (or both) as amended which is on file in the offices of the Commission, for a statement of the transaction therein proposed, which may be summarized as follows:

Cities Service Company, as at September 30, 1945, had outstanding $143,977,700 aggregate principal amount of 5% Debentures due at various maturities 1950 to 1969, of which $7,789,372 were owned by Cities Service Oil Company (Pa.) and $700,000 by Sixty Wall Tower, Inc., both non-utility subsidiaries of Cities Service Company.

Cities Service Company proposes to purchase the $8,489,372 principal amount of its 5% Debentures held by its subsidiary companies, the purchase price of the proposed acquisitions to be credited on indebtedness of said subsidiary companies owing to Cities Service Company. Cities Service Company, in consideration for the purchase of $7,789,372 principal amount of its 5% Debentures from Cities Service Oil Company (Pa.) will deliver for cancellation and retirement the 6% Note of Cities Service Oil Company (Pa.) due August 20, 1947 in the principal amount of $5,911,625 and endorse the payment of $1,877,747 on other notes of Cities Service Oil Company (Pa.) held by Cities Service Company and, in consideration of the purchase of $700,000 principal amount of its 5% Debentures from Sixty Wall Tower, Inc., Cities Service Company will deliver for cancellation and retirement the 6% Demand Income Note of Sixty Wall Tower, Inc. in the principal amount of $435,000 and endorse the payment of $265,000 on other notes of Sixty Wall Tower, Inc. held by Cities Service Company. Adjustments are to be made for interest accrued to the date of closing on the debentures to be acquired and on the notes to be surrendered in payment of said debentures.

Cities Service Company requests that the sale to Cities Service Oil Company (Pa.) of the note of said company be excepted from the competitive bidding requirements of Rule U-50.

Cities Service Company states that counsel fees and expenses of the proposed transactions will approximate $2,200.

By the Commission.

OHIO PUBLIC SERVICE CO. AND OHIO RIVER POWER, INC.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 16th day of November, A. D. 1945.

Notice is hereby given that a joint application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The Ohio Public Service Company (Public Service) and its subsidiary Ohio River Power, Inc. (Power Company), direct and indirect subsidiaries, respectively, of Cities Service Power & Light Company, a registered holding company.

Notice is further given that any interested person may, not later than the 29th day of November 1945, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such joint application, as filed or as amended, may be approved or may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said joint application, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Power Company proposes to issue and sell to Public Service, the owner of all its presently outstanding common stock, and Public Service proposes to acquire additional shares of $100 par value at the price of $100 per share, in a total amount not to exceed 20,000 shares. Power Company proposes to use the proceeds of such sale solely for the purpose of paying a portion of the cost of additional generating facilities at its R. E. Burger Plant located at Dilles Bottom, Ohio. It is stated that the proposed sale of common stock will provide the cash requirements of the construction program up to May 1, 1946. The total cost of the additional generating capacity is estimated at $5,000,000.

FEDERAL REGISTER

VOLUME 10 NUMBER 230

Washington, Saturday, November 24, 1945

The President

EXECUTIVE ORDER 9658

POSSESSION, CONTROL, AND OPERATION OF THE TRANSPORTATION SYSTEM, PLANTS, AND FACILITIES OF THE CAPITAL TRANSIT COMPANY, WASHINGTON, DISTRICT OF COLUMBIA

WHEREAS after investigation I find and proclaim that as a result of a labor dispute there are existing interruptions of the operations of the transportation system, plants, and facilities of the Capital Transit Company, Washington, District of Columbia; that the war effort will be unduly impeded and delayed by such intrruptions; that it has become necessary to take possession and assume control of the said transportation system, plants, and facilities for purposes that are needful or desirable in connection with the present wartime emergency; and that the exercise, as hereinafter specified, of the powers vested in me is necessary to insure in the national interest the operation of the said transportation system, plants, and facilities:

NOW, THEREFORE, by virtue of the power and authority vested in me by the Constitution and laws of the United States, including section 9 of the Selective Training and Service Act of 1940 as amended by section 3 of the War Labor Disputes Act, the act of August 29, 1916, 39 Stat. 845, and the First War Powers Act, 1941, as President of the United States and Commander in Chief of the Army and Navy, it is hereby ordered as follows:

1. The Director of the Office of Defense Transportation is authorized and directed, through or with the aid of any public officers, Federal agencies, or other government instrumentalities that he may designate, to take possession and assume control of the said transportation system, plants, and facilities owned or operated by the Capital Transit Company, including all real and personal property and other assets used or useful in connection with the operation of such transportation system, plants, and facilities, and to operate or to arrange for the operation of the said transportation system, plants and facilities in such a manner as he may deem necessary to carry out the provisions, and accomplish the purposes of this order.

2. Subject to applicable provisions of existing law, including the orders of the Office of Defense Transportation issued pursuant to Executive Orders 8989, as amended, and 9156, the said transportation system, plants, and facilities shall be managed and operated under the terms and conditions of employment in effect at the time possession is taken under this order.

3. Except with the prior written consent of the Director, no attachment by mesne process, garnishment, execution, or otherwise shall be levied on or against any of the real or personal property or other assets, tangible or intangible, in the possession of the Director hereunder.

4. Possession, control, and operation of any plant or facility, or of the transportation system, or any part thereof, or any real or personal property, taken under this order shall be terminated by the Director when he determines that such possession, control, and operation are no longer necessary to carry out the provisions, and accomplish the purposes of this order.

5. For the purposes of paragraphs 1 to 4, inclusive, of this Order, there are hereby transferred to the Director the functions, powers and duties vested in the Secretary of War by that part of section 1 of the said Act of August 29, 1916, reading as follows:

> The President, in time of war, is empowered, through the Secretary of War, to take possession and assume control of any system or systems of transportation, or any part thereof, and to utilize the same, to the exclusion as far as may be necessary of all other traffic thereon, for the transfer or transportation of troops, war material and equipment, or for such other purposes in connection with the emergency as may be needful or desirable.

6. The Director of the Office of Defense Transportation may request the Secretary of War to furnish protection for persons employed or seeking employment in the plants, facilities, or transportation

EXECUTIVE ORDER 9659

EXTENSION OF TRUST PERIODS ON INDIAN LANDS EXPIRING DURING CALENDAR YEAR 1946

By virtue of and pursuant to the authority vested in me by section 5 of the act of February 8, 1887, 24 Stat. 388, 389, by the act of June 21, 1906, 34 Stat. 325, 326, and by the act of March 2, 1917, 39 Stat. 969, 976, and other applicable provisions of law, it is hereby ordered that the periods of trust or other restrictions against alienation contained in any patent applying to Indian lands, whether of a tribal or individual status, which, unless extended, will expire during the calendar year 1946, be, and they are hereby, extended for a further period of twenty-five years from the date on which any such trust would otherwise expire.

This order is not intended to apply to any case in which Congress has specifically reserved to itself authority to extend the period of trust on tribal or individual Indian lands.

TITLE 7—AGRICULTURE

Chapter III—Bureau of Entomology and Plant Quarantine

[Quarantine 64]

PART 301—DOMESTIC QUARANTINE NOTICES

SUBPART—MEXICAN FRUITFLY QUARANTINE

Introductory note.—The following revision of the Mexican fruitfly quarantine and regulations provides for eliminating the use of permits for part or all of the regulated area or of the regulated fruits for a part of any year by the Chief of the Bureau of Entomology and Plant Quarantine when he has determined that natural conditions exist with respect to designated areas or host fruits which have eliminated the risk of infestation of the Mexican fruitfly in any stage of development, and when he has given notice thereof in administrative instructions. This revision also makes other minor modifications.

B.E.P.Q. 472 as revised effective September 25, 1941, specifying the type of sterilization treatments that are authorized remains in effect.

Applications for permits should be made to the Bureau of Entomology and Plant Quarantine, 503 Rio Grande National Life Building, Harlingen, Tex.

The Secretary of Agriculture has determined that it is necessary further to revise the Mexican fruitfly quarantine and regulations supplemental thereto which were last revised effective July 3, 1944, 7 CFR 1944 Supp., 301.64; B.E.P.Q.—Q. 64, in order to modify the permit requirements. The quarantine and regulations are therefore hereby revised to read as follows:

Sec.

301.64	Notice of quarantine.
301.64–1	Definitions.
301.64–2	Regulated area.
301.64–3	Permit requirements for citrus fruits.
301.64–4	Conditions governing the issuance of shipping permits.
301.64–5	Conditions required in the regulated area.
301.64–6	Inspection in transit.
301.64–7	Shipment for experimental or scientific purposes.

AUTHORITY: §§ 301.64 to 301.64–7, inclusive, issued under section 8, Plant Quarantine Act, August 20, 1912, as amended 37 Stat. 318, 39 Stat. 1165, 44 Stat. 250; 7 U.S.C. 161.

§ 301.64 *Notice of quarantine.* Under the authority conferred by section 8 of the Plant Quarantine Act of August 20, 1912, as amended, and having held the public hearing required thereunder the Secretary of Agriculture quarantines the State of Texas to prevent further spread of the Mexican fruitfly (Anastrepha ludens (Loew)). Hereafter no fruits of any variety shall be moved by any person, firm, or corporation from the said quarantined State into or through any other State, or Territory, or District of the United States under conditions other than prescribed herein or in the regulations supplemental hereto: *Provided*, That the restrictions of this quarantine and of the rules and regulations supplemental thereto or modifications thereof as hereinafter provided, may be limited to the areas in the State of Texas now, or which may hereafter be, designated by the Secretary of Agriculture as regulated areas, except that any such limitation shall be conditioned upon the said State providing for and enforcing the control of the intrastate movement of host fruits from such areas under conditions which apply to their interstate movement under provisions of the Federal quarantine regulations currently existing, and upon their enforcing such control and sanitation measures with respect to such areas or portions thereof, as in the judgment of the Secretary of Agriculture, shall be deemed adequate to prevent the intrastate spread therefrom of the Mexican fruitfly: *Provided further*, That, except as to extension or reduction of the regulated areas, the Chief of the Bureau of Entomology and Plant Quarantine may modify by making less stringent through administrative instructions any of the restrictions of the regulations supplemental hereto when in his judgment such action may be taken without risk of spread of the Mexican fruitfly.

§ 301.64–1 *Definitions.* For the purpose of §§ 301.64 to 301.64–7, inclusive, the following words shall be construed respectively to mean:

(a) *Mexican fruitfly.* The insect known as the Mexican fruitfly (Anastrepha ludens (Loew)) in any stage of development.

(b) *Regulated areas.* The areas in the State of Texas now, or which may hereafter be, designated as such by the Secretary of Agriculture in accordance with the provisions of § 301.64 as revised.

(c) *Host fruits.* Fruits susceptible to infestation by the Mexican fruitfly, namely, mangoes, sapotas (including sapodillas and the fruit of all members of the family Sapotaceae and of the genus Casimiroa and all other fruits commonly called sapotas or sapotes), peaches, guavas, apples, pears, plums, quinces, apricots, mameys, ciruelas, fruit of species of the genus Sargentia, and all citrus fruits except lemons and sour limes, together with any other fruits which may later be determined as susceptible.

(d) *Harvesting season.* A period during which host fruits are permitted to be harvested for movement interstate.

(e) *Host-free period.* A period during which no mature host fruits are produced or permitted to exist within the regulated area except as provided in §§ 301.64 to 301.64–7, inclusive, or under conditions prescribed by the Chief of the Bureau of Entomology and Plant Quarantine.

(f) *Inspector.* An inspector of the United States Department of Agriculture.

(g) *Moved interstate.* Shipped, offered for shipment to a common carrier, received for transportation or transported by a common carrier, or carried, transported, moved, or allowed to be moved from the area designated as regulated in the State of Texas into or through any other State or Territory or District.

(h) *Permits*—(1) *Shipping permits.* Documents, issued by an inspector, authorizing movement of regulated articles.

(2) *Master permit.* A document, issued by an inspector, which must accompany every shipment of six or more containers of certified citrus fruits in addition to the shipping permits.

(3) *Harvesting permit.* A document authorizing the harvesting of citrus fruits within the regulated area for movement to points outside thereof.

(4) *Packer's permit.* A document authorizing operation of a packing plant for the purpose of shipping restricted citrus fruits from the regulated area.

§ 301.64–2 *Regulated area.* In accordance with the first proviso to § 301.64 the Secretary of Agriculture designates as regulated area the counties of Brooks, Cameron, Dimmit, Hidalgo, La Salle, Webb, and Willacy in the State of Texas, and that portion of Jim Wells County, Tex., lying south of Highway 141 and a line projected due west to the Jim Wells-Duval County line from the point where Highways 141 and 66 intersect.

§ 301.64–3 *Restrictions on interstate movement*—(a) *Permit requirements for citrus fruits.* Grapefruits, oranges, and other citrus fruits except lemons and sour limes, shall not be moved interstate from a regulated area unless every crate, box, or other container of such host fruits has attached thereto a valid shipping permit. In addition to the shipping permit every shipment of six or more crates, boxes, or other containers of citus fruits moved interstate shall be accompanied by a master permit showing the number of containers, the consignor, the consignee, the destination, and, in the case of carlot or road vehicle movement, the freight car number and initials or the license number of the road vehicle. However, the above permit requirements, as they relate to part or all of the regulated area or of the regulated fruits, may be waived during part of any year by the Chief of the Bureau of Entomology and Plant Quarantine when he has determined that natural conditions exist with respect to the designated areas or host fruits which have eliminated the risk of infestation of the Mexican fruitfly in any stage of development, and when he has given due notice thereof in administrative instructions.

(b) *Movement of noncitrus host fruits prohibited.* Peaches, apples, pears, plums, quinces, apricots, mangoes, sapotas (see § 301.64–1 (c)), guavas, mameys, ciruelas, and fruits of species of the genus Sargentia shall not be moved interstate from the regulated area and no permits will be issued for such movement.

(c) *No restrictions on lemons, sour limes, and manufactured fruit products.* No restrictions are placed by §§ 301.64 to 301.64–7, inclusive, on the interstate movement of lemons, sour limes, or products manufactured from host fruits.

(d) *Movement through regulated area.* No restrictions are placed by §§ 301.64 to 301.64–7, inclusive, on the interstate movement of restricted fruits from an area not under regulations through a regulated area when such movement is on a through billing.

§ 301.64–4 *Conditions governing the issuance of shipping permits.* Permits for the interstate movement of grapefruit, oranges, and other restricted citrus fruits from the regulated area may be issued by the inspector upon his determination that the proposed movement does not involve risk of spread of the Mexican fruitfly. Such determination will be based on compliance with the following conditions:

(a) *Grove inspection and sanitation.* The grove in which the fruit was produced shall have been maintained in compliance with the host-free requirement provided in § 301.64–5 (a). The grove shall further have been maintained in compliance with such other requirements as may be enforced by the State of Texas for the suppression of Mexican fruitfly infestation. Permits may be issued for the interstate movement of fruit produced only in such groves as have been inspected prior to the harvesting of the fruit concerned and have been found free from Mexican fruitfly infestation: *Provided,* That, if a grove or portion thereof from which the fruit is to be shipped is within an infested zone established under § 301.64–5 (b), permits for the interstate shipment of such fruit may be issued only after the fruit has been sterilized or otherwise treated or handled in manner or by methods prescribed by the Chief of the Bureau of Entomology and Plant Quarantine.

(b) *Packing-house requirements.* Persons desiring to operate a packing plant for the purpose of shipping restricted citrus fruits from the regulated area shall apply for and secure a packer's permit from the Bureau of Entomology and plant Quarantine, Harlingen, Tex., and agree in writing to operate such plant in compliance with §§ 301.64 to 301.64–7, inclusive, and the regulations of the Texas State Department of Agriculture, including those applying to sanitation requirements, harvesting, sterilization, packing, and shipping of restricted citrus fruits, and in addition shall maintain and make available for examination by authorized inspectors records of all receipts and sales or shipments of restricted citrus fruits.

(c) *Application to harvest fruit.* Persons desiring to harvest citrus fruit within the regulated area for movement to points outside such area may be required to secure harvesting permits when in the judgment of the inspector the requirement of such permits is necessary to prevent the spread of the Mexican fruitfly, and when due notice to that effect has been given by the inspector. Applications for such permits, when required, shall show the kind and quantity of the citrus fruit it is proposed to harvest for movement, the location and ownership of the grove from which it will be harvested, and the location at which it will be packed for shipment. The permit issued by the inspector will include provisions needed to assure compliance with these regulations and the regulations of the Texas Department of Agriculture.

(d) *Containers.* Shipping permits will be issued for the interstate movement of only such fruit as is packed in containers customarily used in the regulated area for the commercial shipment of citrus fruits, and of such nature as will permit the inspector to identify the contents thereof.

(e) *Sterilization may be required.* Sterilization of host fruits in manner and by method prescribed by the Chief of the Bureau of Entomology and Plant Quarantine may be required as a condition for the issuance of permits for interstate movement thereof when in his judgment the shipments concerned might otherwise involve risk of spread of the Mexican fruitfly.

(f) *Destination limitations.* Permits may be limited as to destination and when so limited the fruits covered thereby shall not be moved interstate from the regulated area, directly or indirectly, either in the original containers or otherwise, to destinations other than those authorized in such permits, except to the usual diversion points for diversion to authorized destinations only.

(g) *Cancellation of permits.* Permits issued under §§ 301.64 to 301.64–7, inclusive, may be withdrawn or canceled and further permits refused, whenever in the judgment of the Bureau of Entomology and Plant Quarantine, the further use of such permits might result in the dissemination of the Mexican fruitfly.

§ 301.64–5 *Conditions required in the regulated area.* The interstate movement of grapefruit, oranges, and other restricted citrus fruit from the regulated area under permits issued by the United States Department of Agriculture will be conditioned on the State of Texas providing for and enforcing the following control measures in manner and by method approved by the United States Department of Agriculture, namely:

(a) *Harvesting season and host-free period.* The harvesting season of grapefruit, sweet limes, and "sour" and "bittersweet" oranges produced within the regulated area shall begin on the first day of September each year and end at midnight on June 15 of the following year, and a host-free period for these fruits shall be maintained each year beginning on the 16th day of June and continuing through the last day of August: *Provided,* That the harvesting season of commercial varieties of sweet oranges, kumquats, tangelos, and all varieties of the mandarin group of oranges, shall extend throughout the year. However, sterilization as specified in § 301.64–4 (e) may be required for any citrus fruits, and the harvesting season and the host-free period in any regulated area shall be subject to such modification as to duration as may be approved by the Chief of the Bureau of Entomology and Plant Quarantine.

Prior to the host-free period each year, all grapefruit, sweet limes, and "sour" and "bittersweet' oranges shall be removed from the trees for destruction, immediate shipment, or storage with adequate protection to prevent infestation, and all noncitrus host fruits shall be removed from the trees and either destroyed or stored with adequate protection to prevent infestation.

Other than those citrus fruits, the harvesting season for which extends throughout the year, no host fruits, shall be permitted to remain on the trees within a regulated area at any time during the host-free period except fruit in an immature stage.

(b) *Infested zones.* Upon the finding of a Mexican fruitfly infestation within a regulated area, which in the judgment of the Chief of the Bureau of Entomology and Plant Quarantine constitutes a risk of spread of such fly, an infested zone to include part or all of one or several groves or larger areas shall be designated by the State of Texas subject to approval by the United States Department of Agriculture and no host fruits in susceptible stages of maturity produced within such zone shall be moved interstate except under the conditions specified in the proviso of § 301.64–4 (a).

§ 301.64–6 *Inspection in transit.* Any car, vehicle, basket, box, crate, or other container, moved interstate, which contains or which the inspector has probable cause to believe contains articles the movement of which is prohibited or restricted by §§ 301.64 to 301.64–7, inclusive, shall be subject to inspection by inspectors at any time or place.

§ 301.64–7 *Shipment for experimental or scientific purposes.* Fruits subject to restriction in §§ 301.64 to 301.64–7, inclusive, may be moved interstate for experimental or scientific purposes, on such conditions and under such safeguards as may be prescribed by the Chief of the Bureau of Entomology and Plant Quarantine. The container of fruits so moved shall bear, securely attached to the outside thereof, an identifying tag from the Bureau of Entomology and Plant Quarantine showing compliance with such conditions.

This revised quarantine and regulations shall be effective on and after November 26th, 1945, and shall supersede the revision of July 3, 1944.

Done at the city of Washington this 21st day of November 1945. Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] J. B. HUTSON,
Acting Secretary of Agriculture.

AUTHORITY: §§ 419.1 to 419.45, inclusive, issued under secs. 506 (e), 507 (c), 508, 509, and 516 (b) of the Federal Crop Insurance Act, as amended: 52 Stat. 73, 52 Stat. 835, 58 Stat. 918; 7 U.S.C. 1506 (e), 1507 (c), 1508, 1509, 1516 (b).

MANNER OF OBTAINING INSURANCE

§ 419.1 *Availability of cotton crop insurance.* (a) Cotton crop insurance will be offered on the cotton crops grown for harvest in 1946 and succeeding crop years in accordance with this part. Cotton crop insurance against loss in yields will be offered on American Upland cotton only. The coverage per acre of cotton crop insurance will be 50 or 75 percent of the average yield of lint cotton for the farm. The insurance shall cover the loss of cottonseed production only if the producer applies for such coverage.

(b) Insurance will not be provided in any county unless written applications for insurance on crops authorized to be insured are filed, which, together with the contracts in force, cover at least fifty farms, or one-third of the farms normally producing these crops, except that insurance may be provided for producers on farms situated in a local producing area bordering on a county with a crop insurance program.

§ 419.2 *Application for insurance.* Application for insurance on a form entitled "Application for Cotton Crop Insurance" may be made by any person to cover his interest as landlord, owner-operator, tenant, or sharecropper, in a cotton crop. An application shall cover the applicant's interest in the cotton crop on all insurance units located, or considered for crop insurance purposes to be located, in the county or, where applicable, on all insurance units in the local producing area, in which the applicant has an interest at the time of the planting of the cotton crop to be harvested in 1946 and any succeeding crop year while the contract remains in force. Applications shall be submitted to the office of the county association on or before the applicable closing date shown in § 419.44.

§ 419.3 *Acceptance of applications by the Corporation.* (a) Upon acceptance of an application by a duly authorized

representative of the Corporation, the insurance contract shall be in force and effect commencing with the first crop year beginning after submission of the application, provided such application is submitted in accordance wth the provisions of the application and of this part, including any amendments thereto. The applicant's copy of the accepted application shall be mailed to him.

(b) The Corporation reserves the right to reject any application for insurance with respect to any one or more of the insurance units covered by the application. The Corporation also reserves the right to limit, in any year, the insurance on the applicant's interest in any insurance unit covered by the application or insurance contract to 50 percent of the average yield for such unit.

(c) Insurance contracts covering farms situated in a local producing area shall be handled in the office of the county association of an adjoining county with a crop insurance program.

§ 419.4 *Termination of insurance contract.* (a) Subject to the provisions of paragraph (b) of this section, the insurance contract shall be in effect for the first full crop year following submission of the application and shall continue for each succeeding crop year until either party gives to the other party, on or before January 31 of any year, written notice of termination effective at the beginning of the succeeding crop year: *Provided, however,* That the insured may, in case he is affected by an increase in the premium rate(s) or a reduction in the insurance coverages from the next preceding crop year, terminate the contract by giving written notice to the Corporation on or before the applicable closing date for filing applications for the crop year in question. Failure to terminate the contract, as herein provided, shall constitute acceptance of changes, if any, in the premium rate(s) or insurance coverages or in this part. Any notice given by the insured to the Corporation pursuant to this paragraph shall be submitted in writing to the office of the county association.

(b) If the minimum participation requirement set forth in § 419.1 (b) hereof is not met for any year, contracts then in force shall continue in force only to the end of the crop year for which such requirement is not met: *Provided, however,* That if such contracts, together with new applications for crop insurance filed on or before the following January 31, are sufficient to meet the minimum participation requirement, such contracts shall continue to be in force.

(c) If for two consecutive years no cotton in which the insured has an insurable interest is planted in the county, the contract shall terminate.

INSURANCE COVERAGE

§ 419.5 *Insurable and non-insurable farms.* Any farm or part thereof which is designated on the crop-insurance listing sheet as "non-insurable," because of the insurance risk involved, shall not be considered in any manner whatsoever under the insurance contract, except as provided in § 419.17 (b) hereof. The Corporation may determine that a farm or part thereof is noninsurable for any crop year, and so designate it on the listing sheet at any time before the applicable calendar closing date for the filing of applications for insurance for such year. Any farm or part thereof not so designated is insurable.

§ 419.6 *Determination of insured acreage.* Insurance shall not attach with respect to (a) any acreage planted to cotton which is put to another use before it is too late to replant to cotton, as determined by the Corporation, or (b) any acreage planted to cotton which is destroyed or substantially destroyed before it is too late to replant to cotton, as determined by the Corporation, and the acreage is left idle or is fallowed until it is too late to replant to cotton. The insured acreage with respect to each insurance unit shall be either the acreage of cotton planted as reported by the insured or the acreage determined by the Corporation as planted thereon, whichever the Corporation shall elect: *Provided, however,* That the Corporation reserves the right to limit the acreage to be insured in any year to conform with other programs of the Department of Agriculture. Promptly after planting a cotton crop each year, the insured shall submit to the Corporation, on a form entitled, "Cotton Acreage Report," a separate report of the acreage planted to cotton on each insurance unit in which he has an interest at the time of planting and his interest at the time of planting in the cotton crop planted.

§ 419.7 *Insurance period for the crop year.* Insurance with respect to any insured acreage shall attach at the time the cotton is planted. Insurance shall cease with respect to any portion of the cotton crop covered by the insurance contract upon weighing in at the gin, or disposal of the harvested crop, or transfer of interest in unharvested cotton after harvest has commenced, but in no event shall the insurance remain in effect later than March 31 of each year in Arizona, California, and New Mexico, or January 31 of each year in all other states, unless such time is extended in writing by the Corporation.

§ 419.8 *Insured production of lint cotton.* The insured production of lint cotton for each insurance unit for each year under the contract shall be the number of pounds of lint cotton determined by multiplying the insured acreage by the average yield per acre, by the insured percentage (50 or 75 percent), and by the insured interest in the crop at the time of planting. If more than one average yield has been established for the insurance unit, the insured production shall be computed separately, using the applicable acreage for each yield, and the total of such computed amounts shall be the insured production of lint cotton for the insurance unit.

§ 419.9 *Causes of loss insured against.* The insurance contract shall cover loss in yield of lint cotton (and cottonseed production, if insured) due to unavoidable causes, including drought, flood, hail, wind, frost, winter-kill, lightning, fire, excessive rain, snow, wildlife, hurricane, tornado, insect infestation, plant disease, and such other unavoidable causes as may be determined by the Board of Directors of the Corporation: *Provided, however,* That in that part of Kings County, California, lying south of a line beginning at a point where the northern boundary of section 30, Township 20 South, Range 19 East, if extended, would intersect the Fresno County boundary, thence east from said point in a straight line along the northern boundary of said section 30 to Tulare Lake Canal, thence along Tulare Lake Canal to the northern boundary of Township 21 South, Range 21 East, thence due east to the Atchison, Topeka and Santa Fe Railroad, and thence along the Atchison, Topeka and Santa Fe Railroad line in a southeasterly direction to the Tulare County line, and in such other counties or areas as may be determined by the Board of Directors, the insuranoe contract shall not cover loss in yield of lint cotton (and cottonseed production, if insured) due to flood. Where insurance is written on an irrigated basis, the insurance contract shall also cover loss in yield due to failure of the water supply from natural causes that could not be prevented by the insured, lowering of the water level in pump wells adequate at the beginning of the growing season to the extent that either deepening the well or drilling a new well would be necessary to obtain an adequate supply of water, failure of public power used for pumping or failure of an irrigation district or water company to deliver water where such failure is not within the control of the insured, or the collapse of casing in wells where such collapse could not have been foreseen and prevented by the insured.

§ 419.10 *Causes of loss not insured against.* The contract shall not cover damage to quality in any case, or loss in yield caused by the neglect or malfeasance of the insured or of any person in his household or employment or connected with the farm as tenant, sharecropper, or wage hand, nor shall it cover losses caused by theft, domestic animals, use of defective or unadapted seed, or planting on land of poorer average quality for the production of cotton than the average quality of the land considered in establishing the average yield and premium rate for the insurance unit or part thereof, or planting cotton on a portion of the insurance unit where the average productivity or farming hazards differ materially from the average productivity or farming hazards for the acreage considered in establishing the average yield and premium rate for such unit or part thereof, or failure properly to prepare the land for planting, or properly to plant, care for, or harvest the insured crop, including any loss due to breakdown of machinery or equipment (except as provided in § 419.9 above), failure to follow established good farming practices, or by following different fertilizer or farming practices than those considered in establishing the average yield and premium rate, or by failure to replant the cotton in areas and under cir-

cumstances where the Corporation determines it is practicable to replant. In addition, where insurance is written on an irrigated basis, the contract shall not cover losses caused by failure properly to apply irrigation water to cotton in proportion to the amount of water available for all irrigated crops, failure of irrigation equipment due to mechanical defects (except as provided in § 419.9 above), failure to provide adequate casing or properly to adjust the pumping equipment in the event of a lowering of the water level in pump wells when such adjustment can be made without deepening the well, or any other such loss not due entirely to unavoidable causes. The contract shall also not cover loss in yield caused by planting a variety of cotton which differs materially in yield from the variety considered in establishing the average yield, or planting cotton under conditions of immediate hazard, or planting another crop in the growing cotton crop. Likewise, the contract shall not cover loss in yield caused by inability to obtain labor, fertilizer, machinery, repairs, or insect poisons.

PREMIUM FOR INSURANCE CONTRACT

§ 419.11 *Amount of annual premium.* (a) Each annual premium for lint cotton insurance for each insurance unit under the contract shall be the number of pounds of lint cotton determined by multiplying the insured acreage of cotton for the insurance unit by the premium rate and by the insured interest in the crop at the time of planting. If more than one premium rate has been established for the insurance upit, a premium shall be computed separately using the applicable acreage for each rate, and the total of the amounts so computed shall be the premium for lint cotton insurance for the insurance unit. The annual premium for lint cotton insurance for the insurance contract shall be the total of the premiums computed for the insured for all insurance units covered by the contract. The annual premium with respect to any insured acreage shall be regarded as earned when the cotton crop on such acreage is planted. If the insurance contract covers loss of cottonseed production, the annual premium for lint cotton insurance shall be increased by 20 percent. The minimum annual premium payable by the insured with respect to any insurance contract shall be fifteen pounds of lint cotton.

(b) In any area designated by the Corporation, the insured's annual premium may be reduced in any year not to exceed 50 percent, if it is determined by the Corporation, from a comparison of the insured production with the accumulated balance of premiums paid over indemnities received (with appropriate adjustments for insurance of cottonseed production) on consecutively insured crops for the years during which insurance was available (beginning with the 1942 crop, but excluding the 1945 crop if no application for insurance was submitted), that the risk on cotton crops produced by the insured justifies such reduction: *Provided, however,* That the Corporation may determine that the premium rates for all insurance units in any or all such areas shall be adjusted to compensate for such reductions. Failure to apply for insurance for any year, except 1945, shall render any person ineligible for the benefits of this paragraph on the basis of any accumulated balance of premiums previously paid, if insurance is offered in the county in which such person's farm is located and even though insurance may not be provided in the county during such year because of the limitation in § 419.1 (b) hereof: *Provided, however,* That failure to submit an application for insurance for any year will not render a person ineligible for the benefits of this paragraph, if (1) the failure to submit an application was due to service in the active military or naval service of the United States, or (2) the insured establishes to the satisfaction of the Corporation, prior to the applicable 1946 note maturity date, that failure to submit an application for any year prior to 1946 was due to the fact that cotton was not planted in that year. Nothing in this provision shall create in the insured any right to a reduced premium as a result of the total premiums he has paid exceeding the total indemnities he has received.

(c) The insured's annual premium may be reduced 10 percent in 1948 or in any subsequent year immediately following five cotton crops (beginning with the 1942 or any subsequent crop) covered by insurance (which must be consecutive crops if insurance was available, except as to the 1945 crop unless the 1945 crop was covered by insurance), which have been produced by him in the county without a loss for which an indemnity was paid: *Provided, however,* That this provision shall not apply when the premium is reduced pursuant to paragraph (b) of this section. Failure to apply for insurance for any year, except 1945, shall render a person ineligible for the benefits of this paragraph if insurance is offered in the county in which such person's farm is located and even though insurance may not be provided in the county during such year because of the limitation in § 419.1 (b) hereof: *Provided, however,* That failure to submit an application for insurance for any year will not render a person ineligible for the benefits of this paragraph, if (1) the failure to submit an application for insurance was due to service in the active military or naval service of the United States, or (2) the insured establishes to the satisfaction of the Corporation, prior to the applicable 1946 note maturity date, that failure to submit an application for any year prior to 1946 was due to the fact that cotton was not planted in that year.

§ 419.12 *Manner of payment of premium.* (a) By executing a form entitled, "Application for Cotton Crop Insurance," the applicant executes a premium note. This note represents a promise to pay to the Corporation annually, during the life of the insurance contract, on or before the applicable maturity date specified in § 419.45 hereof, the premium for all insurance units covered by the contract. Each annual premium or unpaid portion thereof shall bear interest after maturity at the rate of one-half of one percent for each calendar month or fraction thereof, except that no interest shall be charged on any amount paid within two calendar months after maturity.

(b) Payment on any annual premium may be made in whole or in part before maturity either in lint cotton or cash, or both. After maturity, payment may be made only in cash. Payments in cash shall be made by means of cash or by check, money order, or bank draft payable to the order of the Treasurer of the United States. All checks and drafts will be accepted subject to collection, and payments tendered shall not be regarded as paid unless collection is made. When a payment is made in cotton, it shall be by means of a negotiable warehouse receipt or other instrument acceptable to the Corporation representing salable cotton.

(c) In connection with any payment before maturity, there shall be credited on the premium the number of pounds of lint cotton computed by dividing the payment made (the proceeds of the sale of cotton if cotton is paid) by the cash equivalent price per pound for the date of payment. The amount of any annual premium due at maturity shall be the cash equivalent thereof based on the cash equivalent price per pound applicable for such maturity date.

(d) Any unpaid amount of any annual premium (either before or after the date of maturity) may be deducted from any indemnity payable by the Corporation, from the proceeds of any commodity loan to the insured, and from any payment made to the insured under the Soil Conservation and Domestic Allotment Act, as amended, or any other act of Congress or program administered by the United States Department of Agriculture. Where any such deduction is made before the date of maturity, the cash equivalent of the deduction will be based on the cash equivalent price used in computing the indemnity payment or the cash equivalent price determined by the Corporation to be in effect on the day the county committee approves such loan or other payment, whichever is applicable. Such price shall also be used in determining the number of pounds of lint cotton to be credited on the annual premium.

LOSS

§ 419.13 *Notice of loss or damage of cotton crop.* Unless otherwise provided by the Corporation, if a loss is probable, notice in writing shall be given the Corporation at the office of the county association immediately after any material damage to the insured crop and before the crop is harvested, removed, or any other use is made of it. Any such notice shall be given in time to allow the Corporation to make appropriate inspection.

§ 419.14 *Released acreage.* Any insured acreage on which the cotton crop has been destroyed or substantially destroyed may be released by the Corporation to be put to another use. The cotton crop shall be deemed to have been substantially destroyed if the Corporation determines that it has been so badly damaged that farmers generally in the area where the farm is located and on

whose farms similar damage occurred would not further care for the crop or harvest any portion thereof.

Before any acreage is released, it shall be inspected and an appraisal made of the yield that would be realized if the crop on such acreage remained for harvest. Any such appraisal shall be subject to the minimum set forth in § 419.17 (a) hereof. No insured acreage planted to cotton shall be considered as put to another use as long as any cotton on such acreage remains for harvest.

On any acreage where the cotton has been partially destroyed but not released by the Corporation, proper measures shall be taken to protect the crop from further damage. There shall be no abandonment of any crop or portion thereof to the Corporation.

§ 419.15 *Time of loss.* Loss, if any, shall be deemed to have occurred at the completion of weighing in of the insured crop at the gin, or disposal of the harvested crop, or March 31 of each year for Arizona, California, and New Mexico, or January 31 of each year for all other states (unless such time is extended by the Corporation), whichever occurs first, unless the Corporation determines that the cotton crop was destroyed or substantially destroyed earlier, in which event the loss shall be deemed to have occurred on the date so determined by the Corporation.

§ 419.16 *Proof of loss.* If a loss is claimed, the insured shall submit to the Corporation a form entitled, "Statement in Proof of Loss," containing such information regarding the manner and extent of the loss as may be required by the Corporation. The statement in proof of loss shall be submitted not later than sixty days after the time of loss, unless the time is extended in writing by the Corporation. It shall be a condition precedent to any liability under the insurance contract that the insured establish that any loss for which claim is made has been directly caused by one or more of the hazards insured against by the insurance contract during the insurance period for the crop year for which the loss is claimed, and that the insured further establish that the loss has not arisen from or been caused by, either directly or indirectly, any of the hazards not insured against by the insurance contract.

§ 419.17 *Amount of loss.* (a) The amount of loss for which an indemnity will be payable with respect to any insurance unit will be the amount of the insured production under the contract for such insurance unit, less (i) the product of the insured interest and the total lint cotton production for such unit, and less (ii) the estimated savings in harvesting costs, which shall be 25 per cent of the amount of loss determined by the Corporation for any acreage not covered by subparagraphs (2) and (3) below, except that such deduction shall not be made for any insured loss which results from the cotton being destroyed after harvest but before it is ginned or sold: *Provided, however,* That, if the planted acreage on the insurance unit exceeds the insured acreage on such unit, as determined by the Corporation, the loss for which an indemnity will be payable shall be computed by apportioning the production on the planted acreage to determine the production applicable to the insured acreage: *Provided, further,* That, if separate yields and rates are established for parts of the insurance unit or if the insured has different shares in parts of the cotton on the insurance unit, such apportionment may, if the Corporation so elects, be made on the basis of the ratio of the premium computed for the reported acreage to the premium computed for the planted acreage. Such total lint cotton production shall include:

(1) Cotton produced on any acreage which was harvested and not subsequently destroyed before being ginned or sold;

(2) The appraised production for any acreage which is released by the Corporation because of damage occurring after it is too late to replant to cotton, as determined by the Corporation, but before the first cultivation, or 60 percent of the product of (i) such acreage, (ii) the average yield, and (iii) the insured percentage, whichever is the larger;

(3) The appraised production for any acreage which is released by the Corporation because of damage occurring after the first cultivation but before the beginning of harvest, or 25 percent of the product of (i) such acreage, (ii) the average yield, and (iii) the insured percentage, whichever is the larger;

(4) The appraised production of unharvested cotton, except the production covered in subparagraphs (2) and (3) above;

(5) The appraised production for any portion of the insured cotton acreage that is put to another use without the consent of the Corporation, or the product of (i) such acreage, (ii) the average yield, and (iii) the insured percentage, whichever is the larger;

(6) The appraised number of pounds by which production on any acreage has been reduced solely because of any cause not insured against, which number of pounds shall not be less than the product of (i) such acreage, (ii) the average yield, and (iii) the insured percentage, minus any quantity of cotton harvested from such acreage and any quantity of cotton not harvested from such acreage and remaining in the field; and

(7) The appraised number of pounds by which production on any acreage has been reduced because of any cause not insured against, where damage on such acreage has resulted from a cause insured against and cause not insured against.

If the insurance contract covers loss of cottonseed production, the amount of loss determined as set forth above for each insurance unit covered by the contract shall be increased 20 percent.

(b) Where the insured fails to establish and maintain separate records of acreage or production for the component parts of a combination of two or more insurance units or portions thereof, the insurance with respect to such units under the contract may be voided by the Corporation for the year in question and the premium forfeited by the insured: *Provided, however,* That if all the component parts of the combination are insured, the total of the insured production for the component parts shall be considered as the insured production for the combination, and any loss for such combination shall be determined as outlined in paragraph (a) of this section. Where the insured fails to establish and maintain separate records of acreage or production for non-insurable acreage and for one or more insurance units or portions thereof, any production from the non-insurable acreage which is commingled with the production from the insured acreage shall be considered to have been produced on the insured acreage, or the insurance with respect to such unit(s) under the contract may be voided by the Corporation for the year in question and the premium forfeited by the insured.

PAYMENT OF INDEMNITY

§ 419.18 *When indemnity payable.* The amount of loss for which the Corporation may be liable with respect to any insurance unit covered by the insurance contract shall be payable within thirty days after satisfactory proof of loss is approved by the Corporation. However, if payment of any indemnity is delayed for any reason beyond the time specified, the Corporation shall not be liable for interest or damages on account of such delay.

§ 419.19 *Indemnity payment.* (a) Any indemnity due under the insurance contract will be paid by the issuance of a certificate of indemnity which shall bear an expiration date. Settlement under such certificate will be made in cash or cotton in accordance with this part. Such certificate may also be used to obtain a loan from the Commodity Credit Corporation, if loans on certificates of indemnity are available.

(b) In case of a cash settlement under a certificate of indemnity, the cash equivalent of the indemnity shall be the number of pounds of cotton specified in the certificate of indemnity multiplied by the cash equivalent price per pound for the day the certificate of indemnity or other request of the insured for cash settlement or for determining the cash equivalent is received in the branch office of the Corporation, or the expiration date of the certificate, whichever occurs first. A cash settlement under a certificate of indemnity made more than 14 days after the issuance of the certificate shall be subject to a deduction for a reasonable charge for storage and handling and the schedule of such charges shall be shown on the certificate of indemnity.

(c) Any indemnity payable under an insurance contract shall be paid to, and settlement under the certificate of indemnity made with, the insured, his beneficiary, or such other person as may be entitled to the benefits of the insurance contract under the provisions of the regulations in this part, notwithstanding any attachment, garnishment, receivership, trustee, process, judgment, levy, equity, or bankruptcy directed against the insured or such other person, or against any indemnity alleged to be due to such person; nor shall the Corporation or any officer, employee, or representative thereof be a proper party to any suit or action with reference to such indemnity or the proceeds thereof nor be bound by any judgment, order, or decree rendered or entered therein. No officer, agent, or employee of the Corporation shall, because of any such process, order, or decree, pay or cause to be paid, to any person other than the insured, his beneficiary (designated by the insured on the application for cotton crop insurance) or other person entitled to the benefits of the insurance contract, any indemnity payable, or any amount due in settlement of any certificate of indemnity in accordance with the provisions of the insurance contract. Nothing herein contained shall excuse any person entitled to the benefits of the insurance contract from full compliance with, or performance of, any lawful judgment, order, or decree with respect to the disposition of any sums paid thereunder as an indemnity.

(d) The Corporation shall provide for the posting annually in each county at the county courthouse of a list of indemnities paid for losses on farms in such county.

§ 419.20 *Adjustment in connection with indemnity payment.* Where an adjustment is made in the amount of an indemnity, settlement for such adjustment may be made on the basis of a cash equivalent price per pound other than that originally used in making settlement of the indemnity.

§ 419.21 *Other insurance.* If the insured has or acquires any other insurance against substantially all the risks that are insured against by the Corporation under the insurance contract on the crop or portion thereof covered in whole or in part by such insurance contract, regardless of whether such other insurance is valid or collectible, the liability of the Corporation shall not be greater than its share would be if the amount of its obligations were divided equally between the Corporation and such other insurer. In any case where an indemnity is paid to the insured by another Government agency because of damage to the cotton crop, the Corporation reserves the right to determine its liability under the insurance contract taking into consideration the amount paid by such other agency.

§ 419.22 *Subrogation.* The Corporation may require from the insured an assignment of all rights of recovery against any person(s) for loss or damage to the extent that payment therefor is made by the Corporation, and the insured shall execute all papers required and shall do everything that may be necessary to secure such rights.

§ 419.23 *Creditors.* An interest existing by virtue of a debt, lien, mortgage, garnishment, levy, execution, bankruptcy, or any other process shall not be considered an interest in an insured crop within the meaning of this part.

PAYMENT OF INDEMNITY TO PERSONS OTHER THAN ORIGINAL INSURED

§ 419.24 *Indemnities subject to all provisions of insurance contract.* Indemnities payable to any person shall be subject to all provisions of the insurance contract, including the right of the Corporation to deduct from any such indemnity the unpaid amount of any earned annual premium or any other obligation of the insured to the Corporation: *Provided, however,* That in case of a transfer of an interest in an insured crop, such deduction to be made from an indemnity payable to the transferee shall not exceed the annual premium due on the insurance unit or units involved in the transfer for the crop year in which the transfer is made, plus the unpaid amount of any other obligation of the transferee to the Corporation. Any indemnity payable to any person other than the original insured as a result of a transfer, or otherwise, shall be subject to any collateral assignment of the insurance contract by the original insured.

§ 419.25 *Collateral assignment of right under insurance contract.* The right to an indemnity under an insurance contract may be assigned by the original insured as collateral security for a loan or other obligation of such insured. Such assignment shall be made by the execution of a form entitled, "Collateral Assignment," and, upon approval thereof by the Corporation, the interests of the assignee will be recognized if an indemnity is payable under the insurance contract, to the extent of the amount determined to be the unpaid balance of the amount (including interest and other charges) for which such assignment was made as collateral security: *Provided, however,* That (a) payment of any indemnity will be subject to all conditions and provisions of the insurance contract and to any deductions authorized under § 419.24 hereof, and (b) payment of the indemnity may be made by check payable jointly to all persons entitled thereto and such payment shall constitute a complete discharge of the Corporation's obligation with respect to any loss under the insurance contract. The Corporation's approval of an assignment shall not create in the assignee any right other than that derived from the assignor. The Corporation shall in no case be bound to accept notice of any assignment of the insurance contract, and nothing contained in any assignment shall give any right against the Corporation to any person other than the insured, except to an assignee approved by the Corporation. Only one such assignment will be recognized in connection with the insurance contract, but if an assignment is released, a new assignment of the right to an indemnity under the insurance contract may be made.

§ 419.26 *Payment to transferee.* In the event of a transfer of all or a part of the insured interest in a cotton crop before the beginning of harvest or the time of loss, whichever occurs first, the transferor shall immediately notify the Corporation thereof in writing at the office of the county association. The transferee under such a transfer shall be entitled to the benefits of the insurance contract with respect to the interest so transferred, subject to any assignment made by the original insured in accordance with § 419.25 hereof: *Provided, however,* That an involuntary transfer of an insured interest in a cotton crop solely because of the existence of a debt, lien, mortgage, garnishment, levy, execution, bankruptcy, or other processes shall not entitle any holder of any such interest to any benefits under the insurance contract: *Provided, further,* That the Corporation shall not be liable for a greater amount of indemnity in connection with the insured crop than would have been paid if the transfer had not taken place: *Provided, further,* That the insurance contract of the transferor shall cover the interest so transferred only to the end of the insurance period for the crop year during which the transfer is made. If, as a result of any such transfer, diverse interests appear with respect to any insurance unit, the indemnity, if any, payable with respect to such unit may be paid jointly to all persons having the insured interest in the crop at the time harvest is commenced or the time of loss, whichever occurs first, or to one of such persons on behalf of all such persons, and payment in any such manner shall constitute a complete discharge of the Corporation's liability with respect to such unit under the insurance contract.

§ 419.27 *Death, incompetence, or disappearance of insured.* (a) If no beneficiary has been designated by the insured (or if designated, is ineligible or unavailable) and if the insured dies, is judicially declared incompetent, or disappears after the planting of the cotton crop in any year, but before the time of loss or the time harvest is commenced, whichever occurs first, and his insured interest in a cotton crop is a part of his estate at such time, or if the insured dies, is judicially declared incompetent, or disappears subsequent to such time, the indemnity, if any, shall be paid to the legal representative of his estate, if one is appointed or is duly qualified. If no such representative is or will be so qualified, the indemnity shall be paid to the persons beneficially entitled to share in the insured's interest in the crop or to any one or more of such persons on behalf of all such persons: *Provided, however,* That, if the indemnity represents a number of pounds of cotton, the cash equivalent of which exceeds $500, the Corporation may withhold the payment of the indemnity until a legal representative of the insured's estate is duly qualified to receive such payment.

(b) If no beneficiary has been designated by the insured (or if designated, is ineligible or unavailable) and if the insured dies, is judicially declared incompetent, or disappears after the planting of the cotton crop in any year, but before the time of loss or the time harvest is commenced, whichever occurs first, and his interest in the crop is not a part of his estate at such time, the indemnity,

if any, shall be paid to the person(s) who succeeded to his interest in the crop in the manner provided for in § 419.26 hereof.

(c) If a beneficiary has been named by the insured and if the insured dies, is judicially declared incompetent, or disappears, payment of any indemnity to which the insured is entitled will be made to such beneficiary if eligible and available.

(d) If an applicant for insurance or the insured, as the case may be, dies, is judicially declared incompetent, or disappears less than fifteen days before the applicable calendar closing date for the filing of applications for insurance in any year, but before the cotton crop intended to be covered by insurance is planted, whoever succeeds him on the farm with the right to plant the cotton crop as his heir or heirs, administrator, executor, guardian, committee, or conservator shall be substituted for the original applicant or the insured upon filing with the office of the county association, within fifteen days (unless such period is extended by the Corporation) after the date of such death, judicial declaration, or termination of the period which establishes disappearance the meaning of the regulations in this part, or before the date of the beginning of planting, whichever is earlier, a statement in writing, in the form and manner prescribed by the Corporation, requesting such substitution and agreeing to assume the obligations of the original applicant or the insured arising out of such application or the insurance contract: *Provided, however*, That any substitution made pursuant to this paragraph shall be effective only with respect to the cotton crop to be planted in the ensuing crop year, and the insurance contract shall terminate at the end of such year. If no such statement is filed, as required by this paragraph, the original application or insurance contract shall be void.

(e) Subject to the provisions of paragraph (d) of this section, the insurance contract shall terminate upon the death, judicial declaration of incompetence, or disappearance, of the insured, except that, if such death, judicial declaration of incompetence, or disappearance occurs after the planting of the cotton crop in any year but before the end of the insurance period for such year, the insurance contract shall terminate at the end of such insurance period.

(f) The insured shall be deemed to have disappeared within the meaning of this part if he fails to file with the county committee written notice of his new mailing address within 180 calendar days after any communication by or on behalf of the Corporation is returned undeliverable at the last known address of the insured.

§ 419.28 *Fiduciaries.* Any indemnity payable under an insurance contract entered into in the name of a fiduciary who is no longer acting in such capacity at the time for the payment of indemnity and settlement under the certificate of indemnity will be made to the succeeding fiduciary upon appropriate application and proof satisfactory to the Corporation of his incumbency. If there is no succeeding fiduciary, payment of the indemnity shall be made to, and settlement under the certificate of indemnity shall be made with, the persons beneficially entitled under this part to the insured interest in the crop, to the extent of their respective interests, upon proper application and proof of the facts: *Provided, however*, That the settlement may be made with any one or more of the persons so entitled, and payment may be made to such person or persons in behalf of all the persons so entitled, whether or not the person to whom payment is made has been authorized by the other interested persons to receive such payment.

§ 419.29 *Determination of person to whom indemnity shall be paid.* In any case where the insured has transferred his interest in all or a portion of the cotton crop on any insurance unit, or has ceased to act as a fiduciary, or has died, has been judicially declared incompetent or has disappeared and has not designated a beneficiary or, if designated, such beneficiary is deceased or is otherwise unavailable or ineligible, payment in accordance with the provisions of this part will be made only after the facts have been established to the satisfaction of the Corporation. The determination of the Corporation as to the existence or nonexistence of a circumstance in the event of which payment may be made and of the person(s) to whom such payment will be made shall be final and conclusive. Payment of any indemnity under this section shall constitute a complete discharge of the Corporation's obligation with respect to the loss for which such indemnity is paid and settled and shall be a bar to recovery by any other person.

REFUNDS OF EXCESS NOTE PAYMENTS

§ 419.30 *Refunds of excess note payments.* Before termination of the insurance contract, the Corporation shall not be required to make a refund of any excess payment made on any annual premium, and any such excess payment may be credited on future premiums. However, the Corporation may elect to make such refund at any time before the termination of the insurance contract. If a refund is to be made of any excess payment received before the maturity date of any annual premium, the cash equivalent of such refund shall be determined on the basis of the number of pounds of cotton to be refunded and the cash equivalent price for the appropriate grade and staple of such lint cotton effective for the date such payment was submitted to the Corporation. If more than one payment is made on any annual premium, the payments shall be applied in the order of submittal to the Corporation. In computing the amount of any refund, the payments shall be considered in their inverse order and each such payment or portion thereof shall be regarded as a separate payment in determining the cash equivalent of the refund. Refunds of excess payments received after the maturity of any annual premium shall be refunded in the actual amount of money paid to the Corporation in excess of that determined to be necessary to pay such premium.

There shall be no refund of an amount less than $1.00, with respect to payments made either before or after the maturity of any annual premium, unless written request for such refund is received by the Corporation within one year after the termination of the contract.

§ 419.31 *Assignment or transfer of claims for refunds not permitted.* No claim for a refund, or any part or share thereof, or any interest therein, shall be assignable or transferable, notwithstanding any assignment of the insurance contract or any transfer of interest in any cotton crop covered by the insurance contract. Refund of any excess note payment will be made only to the person who made such payment, except as provided in § 419.32 hereof.

§ 419.32 *Refund in case of death, incompetence, or disappearance.* In any case where a person who is entitled to a refund of a payment has died, has been judicially declared incompetent, or has disappeared, the provisions of § 419.27 hereof with reference to the payment of indemnities in any such case shall be applicable with respect to the making of any such refund.

ESTABLISHMENT OF AVERAGE YIELDS AND PREMIUM RATES

§ 419.33 *Determination of farm average yields of lint cotton per acre.* The Corporation shall establish average yields of lint cotton for farms on the basis of the recorded or appraised yields for a representative period of years and shall, where necessary, adjust such yields so that the average yields for farms in the same area which are subject to the same conditions shall be fair and just. Average yields so established may be revised from time to time as the Corporation may elect.

§ 419.34 *Determination or premium rates.* The Corporation shall establish premium rates for all farms for which average yields are established and such rates shall be those deemed adequate to cover claims for cotton crop losses and to provide a reasonable reserve against unforeseen losses. Premium rates so established may be revised from time to time as the Corporation may elect.

§ 419.35 *Average yields and premium rates where farm varies widely in productivity or farming hazards or where tracts of the farm are widely separated.* If the land comprising any farm consists of tracts varying widely in productivity, topography, or farming hazards, or if tracts of the farm are widely separated, separate average yields and premium rates may be established by the Corporation for such tracts on the basis of appraisal, taking into consideration the yield data available.

§ 419.36 *Average yields and premium rates for special farming practices.* In areas where farming practices are followed which are determined by the Corporation to be special practices, yields and premium rates may be established for each special practice for the county or administrative area and for individual insurance units. The yield(s) and premium rate(s) thus established for the insurance unit(s) and shall apply to the acreage of cotton planted on the insurance unit(s) in accordance with the special farming practices on the insurance unit(s).

GENERAL

§ 419.37 *Meaning of terms.* For the purpose of the Cotton Crop Insurance Program, the term:

(a) "Average yield" means the average yield of lint cotton per acre established by the Corporation for each insurance unit or portion thereof.

(b) "Cash equivalent price per pound" means the net price per pound of cotton established by the Corporation, for the area in which the insurance unit is located, on the basis of the price of cotton at the applicable spot market designated by the Corporation for the area, with differentials for the location of the area in which the insurance unit is situated.

(c) "Corporation" means the Federal Crop Insurance Corporation.

(d) "Cotton crop" means only American Upland cotton and does not include cotton planted primarily for experimental purposes.

(e) "County" means the area commonly designated as such, and includes a parish in Louisiana.

(f) "County association" means the County Agricultural Conservation Association in the county.

(g) "County committee" means the County Agricultural Conservation Committee for the county.

(h) "Crop insurance listing sheet" means the form prescribed by the Corporation for the purpose of maintaining a record of insurance units, yields and rates, and any other related information with respect to such insurance units. Yields and rates and any other related information with respect to insurance units listed on the crop insurance listing sheet may be revised from time to time as the Corporation may elect. The crop insurance listing sheet is on file in the office of the county association and is available for inspection by any producer whose farm is listed thereon.

(i) "Crop year" means the period beginning with the day following the applicable closing date for the filing of applications for insurance for any year and within which the cotton crop is planted and normally harvested, and shall be designated by reference to the calendar year in which the crop is planted.

(j) "Farm" means all adjacent or nearby farm land under the same ownership which is operated by one person, including also: (1) Any other adjacent or nearby farm land which the county committee determines is operated by the same person as part of the same unit with respect to the rotation of crops and with workstock, farm machinery, and labor substantially separate from that for any other lands; and (2) any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm, constitutes a unit with respect to the rotation of crops: *Provided, however*, That for the purpose of determining the minimum participation for a crop insurance program in any county the term "farm" means that acreage of land which constitutes an insurance unit, except that where a landlord and all of his tenants or sharecroppers file applications for insurance or have insurance and all of the landlord's cotton acreage is worked by tenants or sharecroppers, the number of farms to be counted shall be one less than the number of insurance units.

A farm shall be regarded as located in the county for crop insurance purposes if it is listed on the crop insurance listing sheet for such county. Ordinarily, a farm will be listed on the crop insurance listing sheet for the county in which the principal dwelling is situated, or, if there is no dwelling thereon, for the county in which the major portion of the farm is located.

(k) "Insurance contract" means the contract of insurance entered into between the applicant and the Corporation by virtue of the application for insurance and this part and any amendments thereto.

(l) "Insurance unit" means all or that portion, as the case may be, of the farm (considered for the purpose of establishing the average yield(s) and premium rate(s) in which the insured has an interest as a cotton producer at the time of planting, except that (1) when a part of such land is regularly irrigated and a part is never irrigated, the portion of the land on the farm which is to be irrigated in the current crop year (as shown on the acreage report of the insured) shall constitute one insurance unit and the remainder shall constitute another insurance unit, and (2) when separate yields and rates have been established for widely separated parts of such land, such portions of the land shall constitute separate insurance units: *Provided, however*, That all or any part of such land which is designated on the crop insurance listing sheet in the office of the county association as "non-insurable," because of the insurance risk involved, shall not constitute an insurance unit or any part thereof and shall not be considered in any manner whatsoever under the insurance contract, except as provided in § 419.17 (b) hereof.

(m) "Insured interest" means either the insured's reported interest in the crop at the time of planting, or the interest which the Corporation determines as the insured's actual interest at the time of planting, whichever the Corporation shall elect, except that for the purpose of determining loss, the insured interest shall not exceed the insured's actual interest at the time of loss, or the beginning of harvest, whichever occurs first.

(n) "Insured percentage" means the percentage of the average yield of lint cotton per acre for the insurance unit covered by an insurance contract, and shall be either 50 or 75 percent.

(o) "Local producing area" means any area, approved by the Corporation for the purposes of § 419.1 (b) hereof.

(p) "Person" means an individual, partnership, association, corporation, estate, or trust, or other business enterprise or other legal entity and, wherever applicable, a State, a political subdivision of a State, or any agency thereof.

(q) "Premium rate" means the premium rate per acre established by the Corporation for insurance on lint cotton.

(r) "Sharecropper" means a person who works a farm in whole or in part under the general supervision of the operator and is entitled to receive for his labor a share of the cotton crop thereon or of the proceeds therefrom.

(s) "State committee" means the State Agricultural Conservation Committee for the State.

(t) "State Director" means the representative of the Corporation in the operation of the crop insurance program in the State.

(u) "Tenant" means a person other than a sharecropper who rents land from another person (for cash, a fixed commodity payment, or a share of the crop or proceeds therefrom), and is entitled under a written or oral lease or agreement to receive all or a share of the crop or proceeds therefrom produced on such land.

§ 419.38 *Restriction on purchase and sale of cotton by the Corporation.* The restriction on the purchase and sale of cotton, as provided in section 508 (d) of the Federal Crop Insurance Act, as amended, reads in part as follows:

Insofar as practicable, the Corporation shall purchase the agricultural commodity only at the rate and to a total amount equal to the payment of premiums in cash by farmers or to replace promptly the agricultural commodity sold to prevent deterioration; and shall sell the agricultural commodity only to the extent necessary to cover payments of indemnities and to prevent deterioration: *Provided, however*, That nothing in this section shall prevent prompt offset purchases and sales of the agricultural commodity for convenience in handling. Nothing in this section shall prevent the Corporation from accepting, for the payment of premiums, notes payable in the commodity insured, or the cash equivalent, upon such security as may be determined pursuant to subsection (b) of this section, and from purchasing the quantity of the commodity represented by any of such notes not paid at maturity.

§ 419.39 *Records and access to farm.* For the purpose of enabling the Corporation to determine the loss, if any, that may have occurred under the insurance contract, the insured shall keep, or cause to be kept, for one year after the time of loss, records of the harvesting, ginning, storage, shipment, sale, or other disposition, of all cotton produced on each insurance unit covered by the insurance contract. Such records shall be made available for examination by the Corporation, and as often as may reasonably be required, any person or persons designated by the Corporation shall have access to the farm. (See § 419.17 (b) hereof.)

§ 419.40 *Review of determinations of State and county committees.* Any determination by a State or county committee shall be subject to review and approval or revision by duly authorized representatives of the Corporation.

§ 419.41 *Applicant's warranties; voidance for fraud.* In applying for insurance the applicant warrants that the information, data, and representations submitted by him in connection with the insurance contract are true and correct,

and are made by him, or by his authority, and shall be taken as his act. The insurance contract may be voided and the premium forfeited to the Corporation without the Corporation's waiving any right or remedy, including its right to collect the amount of the note executed by the insured, whether before or after maturity, if at any time the insured has concealed any material fact or made any false or fraudulent statements relating to the insurance contract, the subject thereof, or his interest in the cotton crop covered thereby, or if the insured shall neglect to use all reasonable means to produce, care for or save the cotton crop covered thereby, whether before or after damage has occurred, or if the insured fails to give any notice, or otherwise fails to comply with the terms of the contract, including the note, at the time and in the manner prescribed.

§ 419.42 *Modification of insurance contract.* No notice to any county committee or representative of the Corporation or knowledge possessed by any such county committee or representative or by any other person shall be held to effect a waiver of or change in any part of the insurance contract or to estop the Corporation from asserting any right or power under such contract; nor shall the terms of such contract be waived or changed except as authorized in writing by a duly authorized officer or representative of the Corporation; nor shall any provision or condition of the insurance contract or any forfeiture be held to be waived by any delay or omission by the Corporation in exercising its rights and powers thereunder or by any requirement, act, or proceeding, on the part of the Corporation or of its representatives, relating to appraisal or to any examination herein provided for.

§ 419.43 *Rounding of fractional units.* Fractions of yields per acre, premium rates, annual premiums, insured production, actual production, and appraised production, shall be rounded to the nearest pound. Fractions of acres representing total acres of cotton shall be rounded to the nearest tenth of an acre. Computations shall be carried to one digit beyond the digit that is to be rounded. If the extra digit computed is 1, 2, 3, or 4, the rounding shall be downward. If the extra digit computed is 6, 7, 8, or 9, the rounding shall be upward. If the extra digit computed is 5, the computation shall be carried to another digit. If the two extra digits are 50, the rounding shall be downward, and if the two extra digits are 51 or any higher figure, the rounding shall be upward.

§ 419.44 *Closing dates for submission of applications.* The closing date for any year for the submission of applications to the office of the county association shall be the date of the beginning of planting of the cotton crop on any insurance unit covered by the application, or the following applicable date, whichever is earlier:

PART 222—CONSUMER CREDIT

MISCELLANEOUS AMENDMENTS

Part 222 is hereby amended in the following respects, effective December 1, 1945:

1. Section 222.8 entitled *"Exceptions"* is amended by adding thereto a new paragraph reading as follows:

(p) *Demonstrators.* Any extension of credit which is to be repaid within not more than 12 months and is made to a bona fide salesman of automobiles in order to finance the purchase of a new automobile to be used by him principally as a demonstrator.

2. Section 222.10 entitled *"Renewals, revisions, and additions of instalment credit"* is amended in two respects, as follows:

(a) By adding the following sentence to footnote 7 attached to § 222.10 (a): "Whenever the regulation is amended to increase the maximum maturity for any class of transactions, the terms of repayment 'permitted in the first instance' in so far as they relate to the maximum maturity for such class of transactions shall be deemed to be the terms applicable under the provisions of the amendment."

(b) By adding at the end of option 2 of § 222.10 (b), after the words "12 months", a comma and the following: "or within 18 months in case the consolidated obligation is an instalment loan and no part of the proceeds of the additional credit is to be used to purchase any listed article having a cash price of $15.00 or more."

(Sec. 5 (b), 40 Stat. 415, as amended by sec. 5, 40 Stat. 966, sec. 2, 48 Stat. 1, sec. 1, 54 Stat. 179; secs. 301 and 302, 55 Stat. 839, 840; 12 U.S.C. 95 (a) and Supp., 50 U.S.C. App. 616, 617, and E.O. No. 8843, dated August 9, 1941)

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter I—Commodity Exchange Authority (Including Commodity Exchange Commission) Department of Agriculture

[Hearing Docket CE-P 5]

PART 150—ORDERS OF THE COMMODITY EXCHANGE COMMISSION

LIMITS ON POSITION AND DAILY TRADING IN RYE FOR FUTURE DELIVERY

Findings of fact. Pursuant to the provisions of section 4a of the Commodity Exchange Act (7 U.S.C. 6a), the Commodity Exchange Commission, after investigation and full consideration of the record made at a public hearing held in Chicago, Illinois, beginning August 15, 1945, of which due public notice has been given and at which all persons were given opportunity to hear, present, refute, and comment on evidence in the premises, does hereby find:

(a) Trading in rye for future delivery on or subject to the rules of a contract market by a person who holds or controls a speculative net position of more than 500,000 bushels, long or short, in any one future or in all futures combined in rye, on or subject to the rules of such contract market, tends to cause sudden or unreasonable fluctuations or changes in the price of rye not warranted by changes in the conditions of supply or demand.

(b) Speculative buying or selling by a person during one business day of more than 500,000 bushels in any one future or in all futures combined in rye, on or subject to the rules of a contract market, tends to cause sudden or unreasonable fluctuations or changes in the price of rye not warranted by changes in the conditions of supply or demand.

Conclusions. Upon the foregoing facts, it is concluded that in order to prevent excessive speculation in rye futures which will cause sudden, unreasonable, or unwarranted fluctuations or changes in price resulting in an undue and unnecessary burden on interstate commerce in rye, it is necessary to establish limits on the amount of speculative trading under contracts of sale of rye for future delivery on or subject to the rules of contract markets which may be done by any person; that 500,000 bushels is a reasonable limit on the net long or net short speculative position which any person may hold or control, and upon the daily speculative purchases or sales which any person may make, in any one future or in all futures combined in rye on or subject to the rules of any contract market.

§ 150.3 *Limits on position and daily trading in rye for future delivery.* That the following limits on the amount of trading under contracts of sale of rye for future delivery on or subject to the rules of any contract market, which may be done by any person, be, and they are hereby, proclaimed and fixed, to be in full force and effect on and after December 3, 1945:

(a) *Position limit.* The limit on the maximum net long or net short position which any person may hold or control in rye on or subject to the rules of any one contract market is 500,000 bushels in any one future or in all futures combined.

(b) *Daily trading limit.* The limit on the maximum amount of rye which any person may buy, and on the maximum amount which any person may sell, on or subject to the rules of any one contract market during any one business day is 500,000 bushels in any one future or in all futures combined.

(c) *Bona fide hedging.* The foregoing limits upon position and upon daily trading shall not be construed to apply to bona fide hedging transactions, as defined in paragraph (3) of section 4a of the Commodity Exchange Act (7 U.S.C. 6a (3)).

(d) *Manipulation; corners; responsibility of contract market.* Nothing contained herein shall be construed to affect any provisions of the Commodity Exchange Act relating to manipulation or corners, nor to relieve any contract market or its governing board from responsibility under paragraph (d) of section 5 of the Commodity Exchange Act (7 U.S.C. 7 (d)) to prevent manipulation and corners.

(e) *Definition.* As used herein, the word "person" includes individuals, associations, partnerships, corporations, and trusts.

Amendment of order of December 22, 1938. The definitions of "grain" contained in the order of the Commodity Exchange Commission, promulgated December 22, 1938 (17 CFR Cum. Supp., 150.1 (e)), is amended, effective December 3, 1945, by striking "rye," therefrom.

PART 602—GENERAL ORDERS AND DIRECTIVES

DIRECTION TO ALL SHIPPERS AND INDUSTRIAL CONSUMERS OF COAL PRODUCED IN DISTRICTS 10 AND 11

To effectuate a fair distribution of the available production of coal produced during the month of December 1945 in Districts 10 and 11, it is necessary, pursuant to SFAW Regulation No. 1, as amended, to issue the following direction:

(1) All shippers of coal produced in Districts 10 or 11 are prohibited from shipping during the month of December 1945 to any industrial consumers subject to the provisions of SFAW Regulation No. 27 more coal than such industrial consumer is permitted to receive under the provisions of paragraph (2) below.

(2) Notwithstanding the provisions of § 602.715 (d) of SFAW Regulation No. 27, as amended, an industrial consumer of coal whose days' supply exceeds 60 days is prohibited from receiving during the month of December 1945, coal produced in District 11 in an amount greater than 100 per cent of his consumption requirements for such month, without first obtaining permission from the SFAW Area Distribution Manager for that district; an industrial consumer whose days' supply exceeds 30 days is prohibited from receiving during the month of December 1945 coal produced in District 10 in an amount greater than 100 per cent of his consumption requirements for such month, without first obtaining permission from the SFAW Area Distribution Manager for that district. An industrial consumer receiving coal from Districts 10 and 11 is prohibited from receiving more coal in the ag-

gregate during the month of December 1945, than he is permitted to receive from District 11 and he is further prohibited from receiving from District 10 more coal than he would be permitted to receive if he purchased coal only from that district.

(3) No person shall be held liable for damages or penalties under any contract for any default which shall result directly or indirectly from compliance with the provisions of this direction.

This direction shall become effective immediately.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 28, Direction 5]

SPECIAL PROVISIONS FOR THE ASSIGNMENT OF CC RATINGS IN ORDER TO INCREASE THE PRODUCTION OF LUMBER

The following direction is issued pursuant to PR 28:

(a) The supply of lumber is substantially less than present and anticipated requirements; and this shortage is so serious as to threaten the required expansion in construction. This shortage is, therefore, a serious threat to the economy of the country during the reconversion period. Consequently, the Civilian Production Administration will assign CC ratings as provided in paragraph (d) (1) (iii) of Priorities Regulation 28 in accordance with the conditions of this direction, where necessary to maintain or expand the production of lumber.

(b) *Lumber and log producers*—(1) *Capital equipment.* CC ratings may be assigned to lumber producers and log producers for capital equipment other than "special equipment" where the producer is unable to obtain delivery without a rating, and

(i) The equipment will result in a substantial increase in production, or

(ii) The equipment is needed to replace present operating equipment which is in danger of imminent breakdown.

CC ratings may be assigned to the delivery of "special equipment" only for replacement in case of an irreparable breakdown and resultant loss in production or where it is determined that a rating is necessary to expedite delivery of such special equipment in preference to delivery of other equipment for less important purposes.

(2) *Construction.* CC ratings may be assigned for materials which cannot be obtained without ratings and where required for construction of new plants and expansion of existing plants. However, CC ratings will not be assigned for construction in areas where other lumber or log producing facilities are curtailed due to lack of labor or lack of timber and logs, unless the applicant can demonstrate that he will operate the new facility without increasing his demand for manpower, timber and logs. In other cases CC ratings will be assigned for construction materials only under the conditions of Priorities Regulation 28.

(3) *Maintenance, repair and operating supplies.* CC ratings may be assigned for maintenance, repair and operating supplies needed by lumber producers or log producers where the producer demonstrates that he is unable to obtain the item without priorities assistance.

(c) *Definitions.* (1) "Special equipment" means equipment which is produced only for use in logging or saw mill operations.

(2) "Lumber producer" means the operator of any plant, stationary or portable, which produces lumber not further manufactured than by sawing, resawing, passing lengthwise through a standard planing machine, cross-cutting to length and working. The term does not include any establishment known in the trade as a "distribution yard", engaged in either retail or wholesale business, even though it may process lumber for the servicing of special orders from customers.

(3) "Log producer" means any person engaged in the felling or bucking of trees or the transportation of the yield from the felled trees from the woods to the points at which such output is delivered for manufacture or shipment.

(d) *Denials of CC ratings.* The CC rating will be denied where it appears that the item for which a CC rating is requested is available, but under different terms of sale or from a supplier other than the applicant's customary supplier.

(e) *PR 28 still applies.* In any case not covered by the above, CC ratings will be assigned only as provided in Priorities Regulation 28.

PART 1351—FOOD AND FOOD PRODUCTS

[RMPR 275,[1] Amdt. 2]

HONEY

A statement of the considerations involved in the issuance of this amendment, has been issued simultaneously herewith and filed with the Division of the Federal Register.

Revised Maximum Price Regulation 275 is amended in the following respects:

1. Section 2 is amended by adding new paragraphs (t), (u), (v) and (w) to read as follows:

(t) "Chunk (or bulk comb) honey" means comb honey surrounded by or immersed in liquid extracted honey in a ratio of 40% or more comb honey to 60% or less liquid extracted honey. (Any combination of less than 40% comb honey with extracted honey shall be considered extracted honey and priced accordingly.)

(u) "Comb honey" means honey contained in the capped cells of the comb as produced in either a thin wooden section or super frame or produced without the use of a frame or section, and sold without any honey extracted therefrom.

(v) "Cut comb honey" is comb honey cut from the super frame, and sold without any honey extracted therefrom.

(w) "Extracted honey" is honey which has been separated from the comb by centrifugal force, gravity, straining or other means.

2. Section 5 (a) (2) preceding the table, is amended to read as follows:

(2) Method 2; table prices for packaged honey. A seller's maximum price for any kind of domestic extracted honey, chunk (or bulk comb) honey or "Dyce process" honey, packed in any type of container, shall be the appropriate price listed for it in the table below, together with the following applicable additions:

(i) If the honey has been treated by the "Dyce process" by a person licensed to use such, the price for an item of "packaged honey" so treated shall be the price determined pursuant to this Method 2 for the same size package of honey not so treated, plus 3¢ per pound or the price determined under Method 1.

(ii) The maximum prices for packaged chunk (or bulk) comb honey comprised of 40% or more comb honey to 60% or less liquid extracted honey, shall be the price determined under Method 1, or the price determined pursuant to this Method 2 for the same size package of honey plus the following additions per pound:

For sales to any person other than household consumers:
Add 3¢ per pound for 1 pound and under;
Add 2½¢ per pound for over 1 pound and under 5 pounds;
Add 2¢ per pound for 5 pounds and over.
For sales to household consumers:
Add 6¢ per pound for 3 pounds and under;
Add 4¢ per pound for sizes larger than 3 pounds.

PART 1358—TOBACCOS

[MPR 260,[1] Incl. Amdts. 1-15]

CIGARS, CIGAR CUTTINGS AND CLIPPINGS

This compilation of Maximum Price Regulation 260 includes Amendment 15, effective November 26, 1945, except that as it amends the undesignated paragraph following § 1358.102 (c) (5) it is effective as of September 24, 1945. The text amended by Amendment 15 is underscored.

In the judgment of the Price Administrator, it is necessary and proper to establish maximum prices for sales of cigars by a specific maximum price regulation.

A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.[2] In the judgment of the Price Administrator, the maximum prices established by this Maximum Price Regulation No. 260 are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250. So far as practical, the Price Administrator has advised and consulted with members of the industry which will be affected by this regulation.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended and Executive Order No. 9250 and in accordance with Revised Procedural Regulation No. 1,[3] issued by the Office of Price Administration, Maximum Price Regulation No. 260 is hereby issued.

§ 1358.101 *Prohibition against sales of cigars above maximum prices.* On and after November 1, 1942, or the effective date of any amendment making a change in previously applicable maximum prices, regardless of any contract, agreement, lease or other obligation:

(a) No person shall sell or deliver any domestic cigars at higher prices than the maximum prices set forth in Appendix A (§ 1358.116), subject to the provisions of § 1358.102 of this Maximum Price Regulation No. 260; and no person shall sell or deliver any imported cigars at higher prices than the maximum prices set forth in Appendix B (§ 1358.117), subject to the provisions of § 1358.102a of this Maximum Price Regulation No. 260.

[Paragraph (a) amended by Am. 1, 7 F.R. 10255, effective 12-7-42. Introductory text amended by Am. 10, 9 F.R. 13288, effective 11-13-44]

(b) No person shall buy or receive any cigars in the course of trade or business at higher prices than the maximum prices set forth in this Maximum Price Regulation No. 260.

(c) No person shall agree, offer, solicit or attempt to do any of the foregoing.

§ 1358.101a *Prohibition against sales of cigar cuttings and clippings above maximum prices.* On and after June 23, 1944 regardless of any contract, agreement, lease or other obligation:

(a) No person shall sell or deliver any cigar cuttings and clippings at a higher price than the maximum price established by this regulation.

(b) No person shall buy or receive any cigar cuttings and clippings in the course of trade or business at a higher price than the maximum price established by this regulation.

(c) No person shall agree, offer, solicit or attempt to do any of the foregoing.

[§ 1358.101a added by Am. 8, 9 F.R. 7060, effective 6-23-44]

§ 1358.102 *Maximum prices for domestic cigars*—(a) *Manufacturers' maximum prices for domestic cigars sold in March 1942.* (1) To determine his maximum list price for any brand and size of domestic cigar sold in March 1942, a manufacturer shall first note from Column 1 of Appendix A his March 1942 stated retail price for that brand and size. He shall then ascertain from Column 2 of Appendix A the maximum retail price for that cigar and from Column 3 of Appendix A the maximum list price. If a manufacturer's March 1942 stated retail price does not appear in Column 1 of Appendix A, he shall determine the maximum list price and the maximum retail price under subparagraph (3) below.

(2) Any manufacturer may adopt, as the maximum retail price for a brand and size of domestic cigar of a March 1942 stated retail price listed in Column 1 of Appendix A, an amount less than that shown in Column 2 of Appendix A for that brand and size. In that event, if the adopted maximum retail price is stated in Column 2 of Appendix A, the manufacturer's maximum list price shall be the price stated in Column 3 of Appendix A corresponding to the adopted maximum retail price. If the adopted maximum retail price is not listed in Column 2, the manufacturer's maximum list price shall be:

(i) If the adopted maximum retail price is less than 10 cents each, the amount ascertained by multiplying the adopted maximum retail price per thousand cigars by .8; or

(ii) If the adopted maximum retail price is 10 cents each or more, but less than 15 cents each, the amount ascertained by multiplying the adopted maximum retail price per thousand cigars by .75; or

(iii) If the adopted maximum retail price is 15 cents each or more, the amount ascertained by multiplying the adopted maximum retail price per thousand cigars by .77.

(3) Maximum prices of a brand and size of domestic cigars of a March 1942 stated retail price not shown in Column 1 of Appendix A shall be determined as follows:

(i) The maximum retail price per cigar shall be ascertained by dividing the manufacturers' March 1942 stated retail price by the number of units to which it applied, and multiplying the resulting figure by the appropriate factor indicated below:

March 1942 stated retail price:	*Multiplying factor*
2 for 5¢ or less	2.00
More than 2 for 5¢ but less than 5¢ each	1.625
5 cents each, or more than 5¢ but less than 10¢ each	1.50
10¢ each, or more than 10¢ but not more than 17¢ each	1.45
More than 17¢ but less than 25¢ each	1.4
25¢ each or more	1.3

The maximum retail price per cigar thus obtained shall then be multiplied, if necessary, by the number of units to which the March 1942 stated retail price applied. If the manufacturer had alternative March 1942 stated retail prices for the brand and size of cigars to be priced, the lowest of the alternative prices shall be used. Fractions of a cent resulting in the manufacturer's calculation of maximum retail prices shall be adjusted as follows: If the fraction is less than ¼

cent, the maximum retail price shall be reduced to the nearest full cent; if the fraction is ¼ cent or more, but less than ½ cent, that price may be increased to the nearest half cent; if the fraction is ½ cent or more, but less than ¾ cent, that price shall be reduced to the nearest half cent; if the fraction is ¾ cent or more, that price may be increased to the nearest full cent.

(ii) The manufacturer's maximum list price per thousand cigars shall be:

(*a*) If the maximum retail price is less than 10¢ each, the amount ascertained by multiplying that maximum retail price per thousand cigars by .8; or

(*b*) If the maximum retail price is 10¢ each or more, but less than 15¢ each, the amount ascertained by multiplying that maximum retail price per thousand cigars by .75; or

(*c*) If the maximum retail price is 15¢ each or more, the amount ascertained by multiplying that maximum retail price per thousand cigars by .77.

(4) To determine his maximum net selling price to purchasers of a particular class for a brand and size of domestic cigars priced under subparagraphs (1) and (2) or (3), the manufacturer shall deduct from his maximum list price for those cigars, his March 1942 customary discounts and allowances to purchasers of that class.

(5) A manufacturer whose March 1942 list price for a brand and size of domestic cigars was a net selling price, subject only to discount for cash, shall determine his maximum net selling price for those cigars in the following manner:

(i) If the manufacturer had no March 1942 stated retail price for the brand and size of cigars, he shall apply to the Office of Price Administration in accordance with subparagraph (7) below. In all other instances

(ii) He shall first determine the maximum retail price for the brand and size of cigars. If that price is a multiple unit price, he shall reduce it to a single unit price by dividing it by the number of units to which it applies.

(iii) He shall then divide the figure obtained at (ii) by his March 1942 stated retail price per unit for the brand and size of cigars.

(iv) He shall then multiply his March 1942 net selling price (exclusive of cash discount) for the brand and size of cigars by the percentage obtained at (iii). The resulting figure is his maximum net selling price. His maximum list price for the brand and size of cigars shall be the amount determined in the manner provided above for cigars of the same maximum retail price.

(6) Maximum list prices determined under subparagraphs (1) and (2) and maximum net selling prices determined by reference thereto, are prices for packings of 50 cigars to an individual container. Maximum list prices determined under subparagraphs (3) and (5) are maximum prices for the manufacturer's customary March 1942 packing. Manufacturers shall allow their March 1942 customary packing differentials and may charge packing differentials not exceeding their customary differentials, if any, charged in March 1942.

(7) Any manufacturer who had no March 1942 stated retail price for a particular brand and size of domestic cigars sold in March 1942 shall apply to the Office of Price Administration, Tobacco Section, Washington, D. C., for determination of a maximum list price and a maximum retail price for those cigars. The application shall be signed by the manufacturer or by his duly authorized officer, member or agent and shall set forth:

(i) The manufacturer's name and address, and if the manufacturer is not an individual, the name and title of the person signing the application in his behalf.

(ii) The brand and size of domestic cigar to be priced. Three samples of that cigar shall be furnished with the application.

(iii) The manufacturer's March 1942 list price for the brand and size of cigars to be priced and his March 1942 customary discounts and allowances applicable to his sales of those cigars to his classes of purchasers.

After receipt of the application, the Price Administrator will, by order, establish a maximum list price and a maximum retail price for the brand and size of cigars, in line with the maximum list and maximum retail prices established by this regulation for comparable domestic cigars. Any such order may be revoked or modified by the Price Administrator at any time. Pending issuance of the order, the manufacturer may continue until January 1, 1945, to sell the cigars to be priced at his lawful maximum prices in effect on January 15, 1943, but may not change those maximum prices.

(8) A manufacturer who has received an adjustment in his average retail price ceiling pursuant to paragraph (c) (3) below, may apply for an adjustment of the maximum list and maximum retail prices established by this regulation for any one or more brands and sizes of domestic cigars manufactured by him which he sold in March, 1942. Applications shall be made by letter to the Office of Price Administration, Tobacco Section, Washington, D. C., signed by the manufacturer or his authorized agent, setting forth:

(i) The manufacturer's name and address, and the name and title of the person signing the application.

(ii) The brands and sizes of domestic cigars which are the subject of the application, three samples of each shall be enclosed.

(iii) The manufacturer's March, 1942, list price and March, 1942, stated retail price for these cigars.

(iv) The length and ring gauge of each such domestic cigar, and the number of pounds and kind of weight of each type number and grade of filler, binder and wrapper leaf tobacco used in making that cigar.

(v) A list showing each brand and size of domestic cigar manufactured by the applicant which he sold in March, 1942, with his present maximum list and stated retail prices for each such cigar (determined as provided in this paragraph (a)).

(vi) A list showing each brand and size of new domestic cigar manufactured by the applicant for which maximum list and retail prices have been established by order of the Price Administrator pursuant to paragraph (b) below, the date of each such order and the prices established for each such cigar.

The Price Administrator may by order grant or deny, in whole or in part, the adjustment requested. No adjustment shall be granted under this subparagraph (8) if any cigar listed in the application under items (v) and (vi) above has a maximum retail price which exceeds the average retail price ceiling established for the applicant by order of the Price Administrator pursuant to paragraph (c) (3) below. Any adjustment granted under this subparagraph (8) shall be limited to an amount (or amounts) which will bring the maximum list and retail prices in line with industry average prices for domestic cigars of similar size, shape and tobacco content.

[Subparagraph (8) amended by Am. 14, 10 F.R. 11750, effective 9-24-45]

(b) *Manufacturers' maximum prices for new domestic cigars.* (1) Regardless of previous authorization, any manufacturer who desires to continue, after November 12, 1944, to sell a new domestic cigar shall apply on or before December 1, 1944 to the Office of Price Administration, Tobacco Section, Washington, D. C. for an order establishing a maximum list and a maximum retail price for such cigar. Any manufacturer who desires to sell, after November 12, 1944, a new domestic cigar he did not sell between April 1, 1942 and November 13, 1944, shall, before selling the cigar, likewise apply to the Office of Price Administration for such order.

(2) Applications under this paragraph shall be made in duplicate on OPA Form 635–2078 shown in Appendix D, or on copies of that form made by the manufacturer. Printed copies of that form may be obtained, on request, from the National Office or from any Regional or District Office of the Office of Price Administration. Three samples of the cigar to be priced shall be furnished with the application. Applications made on a form not completely filled out, unless accompanied by an adequate explanation of the reasons for each omission, shall not be deemed properly filed.

(3) If the application is properly filed, the Price Administrator will, by order, establish for the cigar that is the subject of the application, a maximum list and maximum retail price, in line with the level of corresponding prices established by this regulation for comparable domestic cigars. The order may likewise provide for maintenance of appropriate discounts, allowances and packing differentials. Any such order may be revoked or amended by the Price Administrator at any time.

(4) Pending issuance of an order establishing such maximum prices, a manufacturer properly filing an application under (1) above with respect to a new domestic cigar for which maximum list and maximum retail prices have previously been authorized under this regulation, may continue until January 1, 1945, or the effective date of the order (whichever is earlier) to sell the cigar that is the subject of the application at his lawful maximum prices in effect on November 13, 1944. In all other instances, the manufacturer shall not sell the cigar which is the subject of the application until maximum list and maximum retail prices for sales of it are established by order issued under this paragraph.

(5) All maximum prices authorized under former § 1358.102 (e) of this regulation, and orders issued thereunder establishing such maximum prices, are revoked effective January 1, 1945.

(c) *Manufacturers' average retail price ceilings*—(1) *Requirement that average retail price ceiling be maintained.* A manufacturer of domestic cigars may sell any quantity of a particular brand and size of domestic cigars, the maximum list and maximum retail prices of which are properly established under this regulation; *Provided*, That, except as otherwise provided in subparagraph (6) below, the weighted average retail price of all domestic cigars manufactured by him which he sells tax paid during the calendar quarter beginning January 1, 1945, or during any calendar quarter thereafter, shall not exceed his average retail price ceiling for that quarter determined in accordance with subparagraph (2), (3) or (5) or paragraph (d) below.

NOTE: For the purpose of this subparagraph (1) and subparagraphs (4) and (6) below, if a manufacturer maintains one or more distribution outlets separate and distinct from his manufacturing premises and his storage facilities, all transfers tax-paid to such distribution outlets from such manufacturing premises or storage facilities during any given quarter shall be included in his sales for that period; however, sales made from such distribution outlets during that period shall be excluded from his sales for that period.

(2) *Determination of average retail price ceilings.* Each manufacturer of domestic cigars shall determine his average retail price ceiling in accordance with any applicable provision set forth in subdivisions (i), (ii), (iii) or (iv) below.[*]

(i) *Manufacturers who sold domestic cigars in the first half of 1943 which they sold in March 1942.* If he manufactured and sold domestic cigars during March 1942, the manufacturer shall establish his average retail price ceiling by completing OPA Form 635–2077, shown in Appendix E (or copies of that form made by the manufacturer), and filing the completed form, in duplicate, with the Office of Price Administration, Tobacco Section, Washington, D. C. Printed copies of that form may be obtained, on request, from the National Office, or from any Regional or District Office of the Office of Price Administration. If the manufacturer had alternative March 1942 stated retail prices for a brand and size of domestic cigars sold by him in that month, the lowest of the alternative prices shall be used. If the manufacturer had no March 1942 stated retail price for a brand and size of domestic cigars sold by him in that month, he shall use as his March 1942 stated retail price for those cigars the amount ascertained by multiplying his March 1942 list price per thousand for them by the appropriate factor indicated below and dividing the resulting total by 1,000.

March 1942 list price:	*Multiplying factor*
$74 per thousand or less	1.25
More than $74, but less than $114 per thousand	1.33
$114 per thousand or more	1.30

In determining an average retail price ceiling under this subdivision, the manufacturer shall disregard brands and sizes of domestic cigars manufactured and sold by him in the first half of the calendar year 1943, but not manufactured and sold by him in March 1942.

(ii) *Manufacturers who sold new domestic cigars in the first half of 1943 and who are not required to use (iii) below.* Unless required to use subdivision (iii) below, any manufacturer of domestic cigars who was in business for 30 or more consecutive days during the period from January 1 through June 30, 1943, and who sold during that period one or more sizes and brands of new domestic cigars manufactured by him, may establish his average retail price ceiling, or at his option amend his average retail price ceiling previously established prior to September 24, 1945, under this regulation, by filing in duplicate, on or before December 1, 1945, with the Office of Price Administration, Washington, D. C., 4 copies of OPA Form 635–2077 (or 4 copies of that form):[*] *Provided, however*, That a manufacturer may not establish or amend an average retail price ceiling pursuant to this subdivision (ii) if he sold during the period from January 1 through June 30, 1943, any new domestic cigar manufactured by him which he also sold at any time after January 1, 1945, and for which cigar no maximum retail price ever has been established by order of the Price Administrator pursuant to paragraph (b) of this § 1358.102, or if he sold during that period any new domestic cigar manufactured by him which he has not sold at any time since January 1, 1945, for which cigar he did not establish a maximum retail price by filing the report required by former § 1358.102 (e) of this regulation, in effect during that period.

(iii) *Manufacturers who during the first half of 1943 sold new domestic cigars but who during such period did not sell any March, 1942, brands.* Any manufacturer of domestic cigars, to whom apply the conditions set forth in subdivisions (*a*) through (*f*) below, must establish his average retail price ceiling, or amend his average retail price ceiling previously established pursuant to this paragraph (c), by filing in duplicate, on or before December 1, 1945, with the Office of Price Administration, Washington, D. C., OPA Form 635–2077 (or a copy of that form) completed in accordance with the instructions set forth in footnote 5 to subdivision (ii) above.

(*a*) He was in business for 30 or more consecutive days during the period from January 1 through June 30, 1943; and

(*b*) He did not sell during that period any cigar manufactured by him which he also sold during March, 1942, and

(*c*) He sold during that period one or more new domestic cigars manufactured by him; and

(*d*) He sold during that period one or more new domestic cigars manufactured by him which he has not sold at any time since January 1, 1945, for which cigar he did not establish a maximum retail price by filing the report required by former § 1358.102 (e) of this regulation, in effect during that period.

[*] Orders issued prior to September 24, 1945 under § 1358.102 (c) (3) that establish lower ceilings than are determined under this section (c) (2) are revoked; those orders which establish higher ceilings are continued in effect.

[*] *Instructions for completing these forms.* (a) On one sheet of OPA Form 635–2077, he shall write across the first line under the column headings, "Sheet I. March 1942 brands and sizes." He shall then complete Sheet I as provided in subdivision (i) above, following the instructions on the form, except that he shall not complete the weighted average retail price calculation at the bottom of the form.

(b) On a second sheet of that form, he shall write across the first line under the column headings, "Sheet II. New domestic cigars also sold after January 1, 1945". Under that heading, he shall enter in columns 1 and 2 each brand size of new domestic cigar manufactured by him which he sold both during the period from January 1 through June 30, 1943, and at any time since January 1, 1945; For each cigar listed in columns 1 and 2, he shall enter in column 3, the date and number of the order issued by the Price Administrator pursuant to paragraph (b) of this section, establishing a maximum retail price for that cigar, and in column 4, the maximum retail price established for that cigar by that order. Columns 5 and 6 shall be completed according to the instructions on the form. (Ignore instructions 1, 2 and 3 on this sheet). He shall not complete the weighted average price calculation at the bottom of the form.

(c) On a third sheet of that form, he shall write across the first line under the column headings "Sheet III. New domestic cigars not sold after January 1, 1945." Under that heading, he shall enter in columns 1 and 2 each brand and size of new domestic cigar manufactured by him which he sold during the period from January 1 through June 30, 1943, which he has not sold at any time since January 1, 1945. For each cigar listed in columns 1 and 2, he shall enter in column 3 the date on which he established the maximum retail price of that cigar by filing the report required by former § 1358.102 (e) of this regulation, and in column 4 the maximum retail price so established for that cigar (or, if such maximum retail price was modified by order of the Price Administrator issued pursuant to former § 1358.102 (e), the maximum retail price established by such order.) Columns 5 and 6 shall be completed according to the instruction on the form (ignore instructions 1, 2 and 3 on this sheet). He shall not complete the weighted average retail price calculation on the bottom of the form.

(d) On a fourth sheet of that form, he shall write across the first line under the column heading, "Sub-totals carried forward from Sheets I, II, and III." On the next line, he shall write across columns 1, 2, 3 and 4, "Sub-total from Sheet I", and enter in columns 5 and 6 the totals shown on Sheet I for those columns. On the third line, he shall write "Sub-total from Sheet II" and enter in columns 5 and 6 the totals for those columns shown on Sheet II. On the fourth line, he shall write "Sub-total from Sheet III" and enter in columns 5 and 6 the totals for those columns shown on Sheet III. (If he sold no cigars in the category covered by any one of Sheets I, II or III, that sheet must be completed, and the word "none" written in under the subheading. In that case, the totals carried from that sheet to Sheet IV will be zero.) He shall then total columns 5 and 6 on Sheet IV, and complete the weighted average price ceiling computation at the bottom of that Sheet, according to the instruction on the form.

(*d*) A maximum retail price has been established by order of the Price Administrator, pursuant to paragraph (b) of this section, for each new domestic cigar manufactured by him which he sold both during that period and at any time since January 1, 1945; and

(*e*) He established, by filing the report required by former § 1358.102 (e) of this regulation, a maximum price for each new cigar manufactured by him which he sold during that period but has not sold at any time since January 1, 1945; and

(*f*) No average retail price ceiling has been established for him by order of the Price Administrator pursuant to subparagraph (3) of this paragraph (c) or paragraph (d) below.

(iv) *For certain other manufacturers (including all who commenced business after June 1, 1943).* A manufacturer who is neither establishing (or amending) his average retail price ceiling pursuant to any of subdivisions (i), (ii), or (iii) above, and for whom no average retail price ceiling has been established by order of the Price Administrator pursuant to subparagraph (3) below, shall establish his average retail price ceiling, or amend his average retail price ceiling previously established pursuant to this paragraph (c), as provided in subdivisions (b) and (c) below.

[Above paragraph amended by Am. 15, effective 11–26–45]

However, any manufacturer who, prior to this amendment [effective 9–24–45], established his average retail price ceiling by reference to Appendix G as contained in Amendment 10 to this regulation, may continue to use his average retail price ceiling so established until January 1, 1946.

(*a*) *Definitions of Class I and II manufacturers.* A manufacturer of cigars is a Class I manufacturer if fifty percent or more of the domestic cigars which he produces annually are both bunched and rolled by automatic machine. Any other cigar manufacturer is a Class II manufacturer.

(*b*) *For new Class I manufacturers.* If he is a Class I manufacturer (defined in subdivision (*a*) above), he shall make a written application in duplicate to the Office of Price Administration, Tobacco Section, Washington, D. C., on or before December 1, 1945, or ten days prior to the date of his first sale of domestic cigars manufactured by him, whichever is later. Such application shall show the location of each of his factories, the date on which he commenced (or intends to commence) operations, the total number of domestic cigars (if any) manufactured by him in the year preceding the date of his application and the total number of such cigars which were both bunched and rolled by automatic machine. On receipt of such application, the Price Administrator will, by order or amendment, establish, or provide a method for establishing, the average retail price ceiling for such manufacturer.

(*c*) *For new Class II manufacturers.* If he is a Class II manufacturer (defined in subdivision (*a*) above) and manufactures domestic cigars in one cigar factory, or in two or more cigar factories all located within a single Internal Revenue Collection District, his average retail price ceiling shall be the amount listed in Appendix G for that Internal Revenue Collection District. If he is a Class II manufacturer and manufactures domestic cigars in two or more cigar factories located in two or more Internal Revenue Collection Districts, his average retail ceiling price shall be the smallest of the amounts listed in Appendix G for those Internal Revenue Collection Districts. A manufacturer establishing his average retail price ceiling under this subdivision shall make a written report in duplicate, showing the location of each of his factories, the date on which he commenced (or intends to commence) operations, the total number of domestic cigars (if any) produced in the year preceding the date of his application, the number of these which were both bunched and rolled by automatic machine, and the amount of his average price ceiling determined pursuant to this subparagraph. He shall file this report in duplicate with the Office of Price Administration, Tobacco Section, Washing, D. C., on or before December 1, 1945, or ten days prior to the date of his first sale of domestic cigars manufactured by him, whichever is later.

(3) *Adjustments of average retail price ceilings.* A manufacturer who is unable to maintain his average retail price ceiling determined under subparagraph (2) above or subparagraph (5) below and earn a net operating profit (before taxes on income) of 4.5 percent of his dollar net sales (Dollar net sales, for the purpose of this amendment [Amendment 14], must be interpreted as meaning sales of all cigars sold during the period at manufacturers' list price, less discounts allowed and returns and allowances. Such sales shall not include transfers to distribution centers, but shall include sales made from those distribution centers) may apply to the Price Administrator for an adjustment of his average retail price ceiling. Such application shall be filed in duplicate with the Office of Price Administration, Tobacco Section, Washington, D. C., and shall be signed by the manufacturer or his authorized agent. It shall contain:

(i) Applicant's name and address, and the name and title of the person signing the application.

(ii) A statement setting forth separately as to intended use (filler, binder or wrapper) the weight and kind of weight of each grade of each type number of tobacco held in inventory on January 2, 1945, by the applicant.

(iii) Applicant's operating and profit and loss statements (prepared according to his usual system of accounting) for the period from January 1 through June 30, 1945.

(iv) Applicant's statement of cigars sold during the above accounting period, setting forth (*a*) the total number of cigars sold by retail sales price, separated between domestic tax paid and tax free cigars, and (*b*) rates of discounts allowed on each price group.

(v) The brand name, front mark or size, length and ring gauge of each domestic cigar manufactured by applicant during the period from January through June 30, 1945, showing the percentage of each grade of each type number of tobacco used as filler, binder and wrapper in making each such cigar, and the total number and method of manufacture of cigars of each brand name and front mark or size produced during the period from January 1 through June 30, 1945.

(vi) Applicant's average retail price ceiling and the date on which he established or last amended that average retail price ceiling pursuant to subparagraph (2) above, or the date of the order issued by the Price Administrator pursuant to paragraph (d) below, establishing such average retail price ceiling.

After receipt of the application, and if any further information or evidence considered necessary and requested for purposes of determining the propriety of an adjustment, the Price Administrator will, by order, grant or deny, in whole or in part, the adjustment requested. Any adjustment granted may be limited as to time. An order granting or denying an adjustment may be revoked or modified by the Price Administrator at any time. Adjustments granted under this subparagraph shall be limited to an amount found by the Price Administrator to be the price reflected on the average in the industry for cigars made by the applicant from tobacco of the grade and type contained in the applicant's January 2, 1945 inventory. However, no adjustment shall be granted under this subparagraph in an amount which exceeds that found by the Price Administrator to be reasonably necessary to allow the applicant profits, before income and excess profits taxes, on his domestic cigar manufacturing operations, equal to 4.5 percent of his dollar sales.

(4) *Quarterly reports of sales of domestic cigars.* On or before April 15, 1945, and on or before the 15th day of each third month thereafter, every manufacturer of domestic cigars shall file in duplicate with the Office of Price Administration, Tobacco Section, Washington, D. C., a complete and accurate report on OPA Form 635–2076 shown in Appendix F (or on copies of that form), showing the weighted average retail price of all domestic cigars manufactured by him which he sold (tax-paid) during the preceding quarter. For this purpose, his "sales" during any prescribed quarter shall have the meaning given to that term in subparagraph (c) (1) above.

(5) *Increase in average retail price ceilings for manufacturers using Cuban tobacco.* A manufacturer who has established or amended his average retail price ceiling pursuant to paragraph (c) (2) above, or whose average retail price ceiling has been established by order of the Price Administrator pursuant to paragraph (d) below, and who uses Cuban tobacco in the manufacture of domestic cigars during any quarter, may submit a separate written report showing the stemmed weight of Cuban tobacco and the stemmed weight of all tobacco (including Cuban tobacco) used by him in the manufacture of domestic cigars during that quarter. This report shall be submitted in duplicate together with his report on OPA Form 635–2076 for that quarter, except that any such report for the second quarter of 1945 may be submitted after submission of his report on OPA Form 635–2076 for the second quarter of 1945 but no later than October 15, 1945. Thereupon his average retail price ceiling for the quarter immediately following the quarter for which such report is made shall be increased by an amount computed as follows:

(i) The stemmed weight of Cuban tobacco so reported shall be divided by the stemmed weight of all tobacco so reported.

(ii) The resulting decimal factor shall be multiplied by .18.

(iii) His maximum average price ceiling shall be multiplied by the second resulting decimal factor.

The Cuban tobacco adjustment may not be added to an average retail price ceiling established pursuant to paragraph (c) (3) above. However, if for any quarter the average retail price ceiling of a manufacturer, as determined by any of the methods in paragraph (c) (2) plus the adjustment allowed by this paragraph (c) (5), is higher than the average retail price ceiling established for that manufacturer under (c) (3), the manufacturer may take as his ceiling the ceiling so calculated under paragraph (c) (2) and (c) (5) rather than the ceiling established for him under paragraph (c) (3).

[Above paragraph amended by Am. 15, effective as of 9–24–45]

(6) *Surcharges and credits*—(i) *How to compute surcharges or credits.* If a manufacturer's weighted average retail price for any prescribed quarter, three calendar months' period, as reported on OPA Form 635–2076, exceeds his average retail price ceiling for that quarter, he has incurred a "surcharge"; if it is less than his average retail price ceiling, he has earned a "credit." The amount of the surcharge or credit is computed by first finding the difference between the manufacturer's weighted average retail price for the quarter and his average retail price ceiling, and then multiplying that difference by the number of domestic cigars manufactured by him which he sold (tax paid) during that quarter.

(ii) *When a net surcharge or net credit must be computed.* At the end of each quarter a manufacturer must determine whether he has incurred a net "surcharge." A net surcharge is the amount by which a surcharge incurred by a manufacturer in any quarter exceeds any net credit earned by him in the immediately preceding quarter. A net credit is the amount by which a credit earned by a manufacturer in any quarter exceeds any net surcharge incurred by him in the immediately preceding quarter.

(iii) *Tolerances.* Each manufacturer has an "allowable tolerance" for any given quarter, which amounts to 5% of the dollar amount which results from multiplying his average retail price ceiling for that quarter by the number of domestic cigars manufactured by him which he sold tax paid during that quarter.

(iv) *When net surcharge is regarded as a violation.* A manufacturer who incurs during any quarter a net surcharge in a dollar amount which is larger than his allowable tolerance for that quarter shall be deemed to have violated this regulation and shall be subject to the criminal penalties, enforcement actions, license suspension suits and suits for treble damages provided by the Emergency Price Control Act of 1942, as amended.

(v) *Redemption of excessive surcharge.* A manufacturer who incurs during any quarter a net surcharge in a dollar amount which is equal to or smaller than his allowable tolerance for that quarter may discharge that net surcharge during the immediately following quarter, by earning in such following quarter a credit equal to or greater in dollar amount than such net surcharge. To the extent that such manufacturer fails to discharge such net surcharge during the immediately following quarter, he shall be deemed to have violated this regulation and shall be subject to the criminal penalties, enforcement actions, license suspension suits, and suits for treble damages provided by the Emergency Price Control Act of 1942, as amended.

[Paragraph (c) amended by Am. 14. 10 F.R. 11750, effective 9–24–45 and as otherwise noted.]

(d) *Inability to determine prices.* A manufacturer otherwise unable to determine under this section the maximum list and a maximum retail price of a brand and size of domestic cigars he manufactures and sells, or unable to determine his average retail price ceiling, shall apply by letter to the Office of Price Administration, Tobacco Section, Washington, D. C. The application shall be signed by the manufacturer or by his authorized officer, member or agent, and shall set forth:

(1) The manufacturer's name and address, and if the manufacturer is not an individual, the name and title of the person signing the application in his behalf.

(2) A statement in detail of the circumstances making the filing of the application necessary.

After receipt of the application and any further information or evidence considered necessary and requested for purposes of determining proper maximum prices, the Price Administrator will, by order or amendment, provide the prices or a method of determining the prices for the situation presented that are in line with corresponding prices otherwise established by this regulation. Any such order may be revoked or modified by the Price Administrator at any time.

(e) *Wholesalers' maximum prices.* (1) On and after receipt of notice from his supplier given pursuant to § 1358.113 of the maximum list price and maximum retail price of a brand and size of domestic cigars, a wholesaler's maximum list price for those cigars sold to him at or after receipt of the notice shall be the manufacturer's maximum list price determined under this section. With respect to floor stocks of that brand and size of domestic cigars at the date of receipt of the notice, the wholesaler's maximum list price shall be his maximum list price established under former § 1358.102 (c) or (e) of this regulation.

(2) To determine his maximum net selling price to purchasers of a particular class for a sale of a brand and size of domestic cigars, a wholesaler shall deduct from his maximum list price for them his March 1942 customary discounts and allowances on sales of cigars of the same March 1942 price class to purchasers of that class. Wholesalers shall allow their March 1942 customary differentials for packings and may charge differentials for packings not exceeding their customary differentials, if any, charged in March 1942 on domestic cigars of the same March 1942 price class to purchasers of the same class. If the brand and size of domestic cigars being priced is of a March 1942 price class not sold by the wholesaler in that month, he shall, in determining his maximum net selling price, grant the discounts, and may charge and shall allow the differentials for packing customarily granted, charged or allowed (as the case may be) during March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(f) *Retailers' maximum prices.* (1) A retailer's maximum price for a sale of a brand and size of domestic cigars shall be the retail price lawfully stated or required to be stated on the box, container or package of those cigars, or the retail price lawfully stated in the notice given by his supplier according to § 1358.112, whichever is the lower.

(2) Where the box, container or package, or the notice from the supplier shows both a single unit and a multiple unit price (for example: 7 cents, three for 20 cents), the retailer's maximum price for sales of that multiple unit shall be the price thus stated.

(3) Where the box, container or package, or the notice from the supplier shows only a multiple unit price (for example: two for 15 cents), the retailer's maximum price for sales of that multiple unit shall be the price thus stated. If a purchaser requests a quantity of such cigars less than the multiple unit, the retailer's maximum price for the sale shall be the multiple unit price divided by the number of units to which it applies and multiplied by the number of units being priced, with a fraction of a cent in the resulting figure adjusted to the next higher full cent. If the purchaser offers to buy the number of cigars to which the multiple unit price applies, but the retailer refuses to sell the purchaser that number, his maximum price for the sale shall be figured in like manner, except that a fraction of a cent in the resulting figure shall be disregarded.

[§ 1358.102 amended by Am. 1, 7 F.R. 10255, effective 12–7–42; Am. 3, 7 F.R. 11113, effective 1–4–43; Am. 4, 8 F.R. 1974, effective 2–16–43; Am. 7, 9 F.R. 3037, effective 3–18–44; Am. 10, 9 F.R. 13288, effective 11–13–44; and Am. 11, 9 F.R. 13592, effective 11–13–44]

§ 1358.102a *Maximum prices for imported cigars*—(a) *Listed imported cigars.* The maximum list price and the maximum retail price of any imported

(*d*) A maximum retail price has been established by order of the Price Administrator, pursuant to paragraph (b) of this section, for each new domestic cigar manufactured by him which he sold both during that period and at any time since January 1, 1945; and

(*e*) He established, by filing the report required by former § 1358.102 (e) of this regulation, a maximum price for each new cigar manufactured by him which he sold during that period but has not sold at any time since January 1, 1945; and

(*f*) No average retail price ceiling has been established for him by order of the Price Administrator pursuant to subparagraph (3) of this paragraph (c) or paragraph (d) below.

(iv) *For certain other manufacturers (including all who commenced business after June 1, 1943).* A manufacturer who is neither establishing (or amending) his average retail price ceiling pursuant to any of subdivisions (i), (ii), or (iii) above, and for whom no average retail price ceiling has been established by order of the Price Administrator pursuant to subparagraph (3) below, shall establish his average retail price ceiling, or amend his average retail price ceiling previously established pursuant to this paragraph (c), as provided in subdivisions (*b*) and (*c*) below.

[Above paragraph amended by Am. 15, effective 11-26-45]

However, any manufacturer who, prior to this amendment [effective 9-24-45], established his average retail price ceiling by reference to Appendix G as contained in Amendment 10 to this regulation, may continue to use his average retail price ceiling so established until January 1, 1946.

(*a*) *Definitions of Class I and II manufacturers.* A manufacturer of cigars is a Class I manufacturer if fifty

tory, or in two or more cigar factories all located within a single Internal Revenue Collection District, his average retail price ceiling shall be the amount listed in Appendix G for that Internal Revenue Collection District. If he is a Class II manufacturer and manufactures domestic cigars in two or more cigar factories located in two or more Internal Revenue Collection Districts, his average retail ceiling price shall be the smallest of the amounts listed in Appendix G for those Internal Revenue Collection Districts. A manufacturer establishing his average retail price ceiling under this subdivision shall make a written report in duplicate, showing the location of each of his factories, the date on which he commenced (or intends to commence) operations, the total number of domestic cigars (if any) produced in the year preceding the date of his application, the number of these which were both bunched and rolled by automatic machine, and the amount of his average price ceiling determined pursuant to this subparagraph. He shall file this report in duplicate with the Office of Price Administration, Tobacco Section, Washing, D. C., on or before December 1, 1945, or ten days prior to the date of his first sale of domestic cigars manufactured by him, whichever is later.

(3) *Adjustments of average retail price ceilings.* A manufacturer who is unable to maintain his average retail price ceiling determined under subparagraph (2) above or subparagraph (5) below and earn a net operating profit (before taxes on income) of 4.5 percent of his dollar net sales (Dollar net sales, for the purpose of this amendment [Amendment 14], must be interpreted as meaning sales of all cigars sold during the period at manufacturers' list price, less discounts allowed and returns and allowances. Such sales shall not include transfers to distribution centers,

during the period from January through June 30, 1945, showing the percentage of each grade of each type number of tobacco used as filler, binder and wrapper in making each such cigar, and the total number and method of manufacture of cigars of each brand name and front mark or size produced during the period from January 1 through June 30, 1945.

(vi) Applicant's average retail price ceiling and the date on which he established or last amended that average retail price ceiling pursuant to subparagraph (2) above, or the date of the order issued by the Price Administrator pursuant to paragraph (d) below, establishing such average retail price ceiling.

After receipt of the application, and if any further information or evidence considered necessary and requested for purposes of determining the propriety of an adjustment, the Price Administrator will, by order, grant or deny, in whole or in part, the adjustment requested. Any adjustment granted may be limited as to time. An order granting or denying an adjustment may be revoked or modified by the Price Administrator at any time. Adjustments granted under this subparagraph shall be limited to an amount found by the Price Administrator to be the price reflected on the average in the industry for cigars made by the applicant from tobacco of the grade and type contained in the applicant's January 2, 1945 inventory. However, no adjustment shall be granted under this subparagraph in an amount which exceeds that found by the Price Administrator to be reasonably necessary to allow the applicant profits, before income and excess profits taxes, on his domestic cigar manufacturing operations, equal to 4.5 percent of his dollar sales.

(4) *Quarterly reports of sales of domestic cigars.* On or before April 15, 1945, and on or before the 15th day of

cigar listed in § 1358.117, Appendix B, which is sold after September 3, 1944 shall be the maximum prices set forth in that section for the imported cigar of the same brand name and front mark and of the same size, shape and quality.

(b) *Imported cigars not listed.* (1) The maximum list price and the maximum retail price of any imported cigar not listed in § 1358.117, Appendix B, which an importer did not sell prior to September 4, 1944 and which he desires to sell after such date, shall be the maximum prices set forth in that section for an imported cigar of comparable size, shape and quality. Maximum prices for an imported cigar determined by an importer under this subdivision shall not be charged, paid or received until authority to establish such maximum prices has been given by the Office of Price Administration, Washington, D. C. Such authorization will be given only after receipt, in duplicate, of all the information and evidence requested in OPA Form 635–1065, shown in § 1358.117a, Appendix C. Copies of such form will be furnished to each applicant making request therefor to the Office of Price Administration, Tobacco Section, Washington, D. C.

(2) Within 30 days after September 4, 1944, every importer of an imported cigar, sold prior to such date, which is not listed in § 1358.117, Appendix B, shall apply for authorization of his maximum prices in the same manner provided in (1), above. An importer who has applied for authorization of his maximum prices under this subdivision may continue to sell the cigar being priced at maximum prices heretofore properly established under this regulation, until receipt by him of an order issued by the Office of Price Administration in accordance with (c), below.

(c) After receipt of an application filed under (b), above, the Office of Price Administration, Washington, D. C., will, by order, establish a maximum list price and a maximum retail price for the imported cigar being priced.

(d) Importers' discounts on sales of any imported cigar priced under paragraph (a) or (b) above shall not be less than those allowed in March 1942 on their sales of imported cigars of the same March 1942 price class to the same class of purchasers. Importers' price differentials for packings charged in March 1942 on their sales of imported cigars in the same March 1942 price class may be charged on sales of such imported cigars and shall not be increased. Importers' price differentials for packings allowed in March 1942 on their sales of imported cigars of the same March 1942 price class shall be allowed on their sales of such imported cigars and shall not be reduced: *Provided, however,* That any importer may eliminate any packing differential allowed by him between packings of 25 imported cigars and 50 imported cigars in standard labeled wooden boxes of all brands and frontmarks of imported cigars having maximum retail prices of three for one dollar or less. This allowed elimination of a packing differential shall apply to all imported cigars for which maximum prices are established by order under paragraph (c) of this section in addition to those imported cigars for which maximum prices are established by § 1358.117, Appendix B. If an imported cigar is of a price class not previously sold by the particular importer, the discounts applicable to his sales thereof shall not be less than those established under this regulation for sales of imported cigars of that price class by his most closely competitive seller of the same class and packing differentials charged or allowed shall not be greater or less, respectively, than those charged or allowed under this regulation by his most closely competitive seller of the same class on sales of imported cigars of that price class.

[Paragraph (d) amended by Am. 13, 10 F.R. 7852, effective 7–2–45]

(e) *Wholesalers' maximum prices.* (1) On and after receipt of notice from his supplier given pursuant to § 1358.113 of the maximum list price and maximum retail price of a brand and size of imported cigars, a wholesaler's maximum list price for those cigars sold to him at or after receipt of the notice shall be the importer's maximum list price determined under this section. With respect to floor stocks of that brand and size of imported cigars at the date of receipt of the notice, the wholesaler's maximum list price shall be his maximum list price established under former provisions of this section.

(2) To determine his maximum net selling price to purchasers of a particular class for a sale of a brand and size of imported cigars, a wholesaler shall deduct from his maximum list price for them his March 1942 customary discounts and allowances on sales of imported cigars of the same March 1942 price class to purchasers of that class. Wholesalers shall allow their March 1942 customary differentials for packings and may charge differentials for packings not exceeding their customary differentials, if any, charged in March 1942 on imported cigars of the same March 1942 price class to purchasers of the same class. If the brand and size of imported cigars being priced is of a March 1942 price class not sold by the wholesaler in that month, he shall, in determining his maximum net selling price, grant the discounts, and may charge and shall allow the differentials for packings customarily granted, charged or allowed (as the case may be) during March 1942 by his most closely competitive seller of the same class on sales of imported cigars of the same March 1942 price class to purchasers of the same class. If an importer eliminates his packing differential between packings of 25 and 50 imported cigars with a maximum price of three for a dollar or less as allowed by paragraph (d) of this section, a wholesaler may, to the same extent, eliminate his packing differential on such cigars as he purchases from that importer.

[Paragraph (e) amended by Am. 13, 10 F.R. 7852, effective 7–2–45]

(f) *Retailers' maximum prices.* (1) A retailer's maximum price for a sale of a brand and size of imported cigars shall be the retail price lawfully stated or required to be stated on the box, container or package of those cigars, or the retail price lawfully stated in the notice given by his supplier according to § 1358.113, whichever is the lower.

(2) Where the box, container or package, or the notice from the supplier, shows both a single unit and a multiple unit price (for example: 19 cents, three for 55 cents), the retailer's maximum price for sales of that multiple unit shall be the price thus stated.

(3) Where the box, container or package, or the notice from the supplier, shows only a multiple unit price (for example: three for $1.00), the retailer's maximum price for sales of that multiple unit shall be the price thus stated. If a purchaser requests a quantity of such cigars less than the multiple unit, the retailer's maximum price for the sale shall be the multiple unit price divided by the number of units to which it applies and multiplied by the number of units being priced, with a fraction of a cent in the resulting figure adjusted to the next higher full cent. If the purchaser offers to buy the number of cigars to which the multiple unit price applies, but the retailer refuses to sell the purchaser that number, his maximum price for the sale shall be figured in like manner, except that a fraction of a cent in the resulting figure shall be disregarded.

[Paragraph (d), formerly subparagraph (4) amended, paragraph (e), formerly subparagraph (5) revoked and new (e) and paragraph (f) added by Am. 10, 9 F.R. 13288, effective 11–13–44]

(g) The maximum prices of any new imported cigar established under this paragraph shall be subject to modification by the Office of Price Administration or any duly authorized officer thereof at any time.

[Subparagraphs (a) (1) thru (6) redesignated paragraphs (a), (b), (c), (d), (e) and (g) respectively by Am. 10, 9 F.R. 13288, effective 11–13–44]

[§ 1358.102a added by Am. 1, 9 F.R. 10255, effective 12–7–42; amended by Am. 3, 7 F.R. 11113 effective 1–4–43; Am. 4, 8 F.R. 1974, effective 2–16–43; and Am. 9, 9 F.R. 10583, effective 9–4–44; and as otherwise noted]

§ 1358.102b *Maximum price for cigar cuttings and clippings.* The maximum price for sales to any purchaser of any type of cigar cuttings and clippings in any quantity shall be 30 cents per pound f. o. b. seller's customary shipping point. That price includes all charges for packing and packaging materials customarily furnished by the seller during March 1942 in his sales of cigar cuttings and clippings of the same type.

[§ 1358.102b added by Am. 8, 9 F.R. 7060, effective 6–23–44]

§ 1358.103 *Records.* (a) Every person who makes sales for which maximum prices are established by this regulation shall:

(1) Make and preserve for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, records showing the prices he charged in those sales and the manner in which they were figured.

(2) Preserve for examination by the Office of Price Administration for the same period all of his existing records which are the basis of determination of his maximum prices in the manner prescribed by this regulation.

(3) Preserve for examination by the Office of Price Administration for the same period all existing records he was required to make or preserve by any regulation superseded by this regulation, or by superseded provisions of this regulation.

(b) Every manufacturer who makes sales for which maximum prices are established by this regulation shall, in addition:

(1) Make and preserve for examination by the Office of Price Administration for the same period records showing his purchases of and prices paid for cigar leaf tobacco by types and grades and his use of cigar leaf tobacco in each brand and size of domestic cigars he manufactures and sells.

(2) Make and preserve for examination for the Office of Price Administration for the same period records showing his volume of sales of each brand and size of domestic cigars he manufactures and sells in the three calendar months' period beginning January 1, 1945 and in each three calendar months' period thereafter.

(c) Records to be made or ~~preserved~~ kept by a person under this section may be of the same kind as he customarily kept if his customary records supply the required information.

"Records" as used in this section means written evidence of transactions including books of account, price lists, sales lists, sales slips, vouchers, contracts, receipts, invoices, bills of lading, inventory records, copies of individual applications and reports filed with the Office of Price Administration under this regulation, and other papers or documents necessary to determine prices charged or paid and the method used to figure them.

§ 1358.104 *Less than maximum prices.* Lower prices than those established by this Maximum Price Regulation No. 260 may be charged, demanded, paid or offered.

§ 1358.105 *Applicability of the General Maximum Price Regulation.* (a) The provisions of this Maximum Price Regulation No. 260 supersede the provisions of the General Maximum Price Regulation[8] with respect to sales and deliveries of cigars for which maximum prices are established by this regulation.

(b) The following sections of the General Maximum Price Regulation as well as amendments thereto, shall be applicable to every manufacturer, seller at wholesale or at retail and importer:

[Above paragraph amended by Am. 1, 7 F.R. 10255, effective 12–7–42]

[8] 9 F.R. 1385, 5169, 6106, 8150, 10193, 11274.

(1) Special deals (§ 1499.4 (b)).

(2) Transfers of business or stock in trade (§ 1499.5).

(3) [Revoked]

(4) [Revoked]

(5) Sales slips and receipts (§ 1499.14).

(6) Definitions § 1499.20 (d), (g), (h), (l), (k), (o), (p), (r), and (s).

[Subparagraphs (3) and (4) revoked, subparagraph 6 amended by Am. 10, 9 F.R. 13288, effective 11–13–44]

§ 1358.106 *Export sales.* The maximum prices at which a person may export cigars shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[7] issued by the Office of Price Administration.

§ 1358.107 *Federal and State taxes.* (a) The amount of all Federal taxes in effect on November 2, 1942, with respect to cigars is reflected in the maximum prices for cigars established by this Maximum Price Regulation No. 260 and no amount may be added to the maximum price of any seller with respect thereto.

(b) The amount of any State tax incident to the sale, delivery, processing or use of cigars which has customarily been added to the stated retail price thereof may be added to the maximum retail prices for cigars established by this Maximum Price Regulation No. 260.

(c) Any seller may at any time add to his maximum prices for cigars established by this Maximum Price Regulation No. 260 the amount of any new tax or any increase in an existing tax incident to the sale, delivery, processing or use thereof imposed upon the seller after November 1, 1942 by any statute of the United States or by any statute or ordinance of any State or subdivision thereof: *Provided,* That such amount has actually been paid or will be payable by the seller to the proper taxing authorities or to any prior vendor with respect to the particular cigars in question.

(d) If the amount of any such new tax, or increase in an existing tax which the seller may add under paragraphs (b) and/or (c) to his maximum prices includes the fractional part of a cent, the maximum price shall be adjusted to the next higher even cent, if the fraction is ½ cent or more, or to the next lower even cent if the fraction is less than ½ cent; *Provided,* That no retailer shall so adjust a maximum price for a single cigar of any brand to the next higher even cent unless he offers the same brand of cigars for sale in a multiple quantity sufficient to raise the amount of the new or increased tax applicable to such multiple quantity to the next higher even cent.

[Former § 1358.107 revoked and new section added by Am. 3, 7 F.R. 11113, effective 1–4–43]

§ 1358.108 *Petitions for amendment.* Any person seeking an amendment of any provision of this Maximum Price Regulation No. 260 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.

[7] Second Revision: 8 F.R. 4132, 5987, 7662, 9998, 15193; 9 F.R. 1036, 7201, 9835, 11273, 12919, 14436; 10 F.R. 863, 923, 2432, 6590, 8746, 8611, 9586, 10029.

§ 1358.109 *Evasion.* (a) The price limitations set forth in this regulation shall not be evaded whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale or delivery of, or relating to the sale of cigars or cigar cuttings and clippings either alone or in conjunction with each other or any other commodity, or by way of commission, service, transportation, or any charge or discount, premium or other privilege, or by tying agreement, trade understanding or otherwise.

[Paragraph (a) amended by Am. 8, 9 F.R. 7060, effective 6–23–44]

(b) Specifically, but not exclusively, the following practices are prohibited:

(1) In the determination of maximum prices of cigars, the reduction or elimination by a seller (other than a seller at retail) of his customary promotional, advertising or other allowances and discounts or price differentials existing in March 1942, whether due to freight or otherwise.

[Subparagraph (1) amended by Am. 4, 8 F.R. 1974, effective 2–16–43; and Am. 8, 9 F.R. 7060, effective 6–23–44]

(2) The depreciation of the quality or size of a cigar other than a normal variation. —

(3) Elimination of the seller's customary cash discounts on sales of cigar cuttings and clippings or deviations from the seller's customary practice with respect to moisture content, size, and preparation for sale of cigar cuttings and clippings, normal variation excepted.

[Subparagraph (3) added by Am. 8, 9 F.R. 7060, effective 6–23–44]

§ 1358.110 *Licensing.* The provisions of Licensing Order No. 1,[9] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[§ 1358.110 amended by Supplementary Order 72, 8 F.R. 13244, effective 10–1–43]

§ 1358.111 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 260 are subject to the criminal penalties, civil enforcement actions, license suspensions proceedings, and suits for treble damages provided by the Emergency Price Control Act of 1942.

(b) Persons who have any evidence of any violation of this Maximum Price Regulation No. 260 or any price schedule, regulation or order, issued by the Office of Price Administration, or any acts or practices which constitute such a violation, are urged to communicate with the nearest district, state, or regional offices of the Office of Price Administration, or its principal office in Washington, D. C.

[9] 8 F.R. 13240.

[NOTE: Supplementary Order No. 7 (7 F.R. 5176) provides that war procurement agencies and governments whose defense is vital to the defense of the United States shall be relieved of liability, civil or criminal, imposed by price regulations issued by the Office of Price Administration.]

§ 1358.112 *Definitions.* When used in Maximum Price Regulation No. 260 the term:

(a) "Cigar" comprehends:

(1) "Domestic cigars" which are defined to include all types of cigars, cheroots, stogies and little cigars, except those weighing less than three pounds per thousand, manufactured or produced in the continental United States or its territories and possessions.

(2) "Imported cigars" which are defined to include all types of cigars, cheroots, stogies and little cigars manufactured or produced outside of the continental United States or its territories or possessions, except those weighing less than three pounds per thousand.

(3) Only domestic cigars wherever used in § 1358.102 and only imported cigars wherever used in § 1358.102a.

(4) "New domestic cigar" which means:

(i) Any brand and size of domestic cigars not manufactured and sold in March 1942 by the particular manufacturer; and

(ii) Any size of domestic cigars not manufactured and sold under the particular brand during March 1942 by the manufacturer; and

(iii) Any brand and size of domestic cigars manufactured and sold by the particular manufacturer in March 1942 and thereafter changed as to size, shape, length, ring gauge, type or grade of tobacco, otherwise than as a normal variation.

(5) "New imported cigar" which means:

(i) Any brand and size of imported cigars not imported and sold in March 1942 by the particular importer; and

(ii) Any size of imported cigars not imported and sold under the particular brand during March 1942 by the importer; and

(iii) Any brand and size of imported cigars sold by the particular importer in March 1942 and thereafter changed as to size, shape, length, ring gauge and type or grade of tobacco, otherwise than as a normal variation.

[Subparagraphs (2) and (3) amended and (4) and (5) added by Am. 10, 9 F.R. 13288, effective 11–13–44]

[Paragraph (a) amended by Am. 1, 7 F.R. 10255, effective 12–7–42, and as otherwise noted]

(b) "Manufacturers' list price" means the manufacturers' gross price per thousand cigars before discounts and allowances.

(c) "Manufacturers' net selling price" means the manufacturers' list price less all discounts and allowances.

(d) "Stated retail price" means the retail price printed or otherwise marked by the manufacturer or importer upon the individual box or container of a particular brand or size of cigars, or if a retail price was not so marked, then the retail price suggested by the manufacturer or importer for the particular brand or size of cigars in his standard price list effective during March, 1942.

[Paragraph (d) amended by Am. 4, 8 F.R. 1974, effective 2–16–43]

(e) "Packings" means the number of cigars contained in any container of cigars for sale at retail and the style and quality of the container.

(f) "Private brand" means any brand or name applied to a cigar of a particular size, quality and price class by any manufacturer or importer, and which cigar, so branded, is exclusively sold to or made for any one person or seller.

[Paragraph (f) added by Am. 1, 7 F.R. 10255, effective 12–7–42]

(g) "Cigar cuttings and clippings" means cigar scrap, cuttings, clippings, sweepings, siftings and scraps or pieces of tobacco resulting from cigar manufacturing.

[Paragraph (g) added by Am. 8, 9 F.R. 7060, effective 6–23–44]

(h) "Importer" means a person in continental United States or its territories or possessions, who first purchases for resale imported cigars from a supplier whose place of business is located outside continental United States or its territories or possessions.

[Paragraph (h) added by Am. 10, 9 F.R. 13288, effective 11–13–44]

§ 1358.113 *Notice of maximum prices—*(a) *Marking of maximum retail prices on containers.* Every manufacturer of domestic cigars and every importer of imported cigars shall state in plainly visible numerals upon each box, container or package of cigars sold by him the exact maximum retail price established by this regulation for those cigars. The maximum retail price shall be stated on the inside of the top cover of boxes or containers with attached top covers, except that with respect to such boxes or containers of imported cigars withdrawn from customs prior to January 8, 1945, or of domestic cigars bearing Internal Revenue stamps cancelled prior to that date, that price may be stated on any other part of the container or box readily visible to a purchaser. On boxes or containers with no attached top covers, or packages containing ten or less cigars, the maximum retail price shall be stated on any other part of a container or box readily visible to a purchaser. No wholesaler or retailer shall in any manner alter or efface the maximum retail price stated upon a box, container or package of domestic or imported cigars (except to state a lower retail price) or use it to display domestic or imported cigars of a different maximum retail price class than those originally packed therein.

[Paragraph (a) amended by Am. 12, 9 F.R. 14067, effective 11–24–44]

(b) *Notice by manufacturers and importers.* On or before his first delivery after November 12, 1944, of any brand and size of domestic or imported cigars, the manufacturer or importer thereof, respectively, shall notify the purchaser of the exact maximum list price and maximum retail price of those cigars by delivering to the purchaser a written statement as follows:

On our (describe cigars by brand, frontmark and size) the Office of Price Administration has established a maximum list price of $ (insert price) per thousand in packings of (specify number of cigars per box or container) and a maximum retail price of (insert cents per unit or multiple unit, or both, as appropriate). All customary discounts and allowances in effect in March 1942 on your purchases will not be lowered. All packing differentials allowed in March 1942 will not be lowered and all packing differentials charged in that month will not be increased. Wholesalers receiving this notice are required to give similar notice to every purchaser to whom they sell these cigars on or before their first delivery to such purchaser. The Office of Price Administration requires you to keep this notice for examination.

(c) *Notice by wholesalers.* On or before his first delivery after November 12, 1944 of any brand or size of domestic or imported cigars with respect to which notice has been given to him under paragraph (b) by the manufacturer or importer, every wholesaler shall notify each purchaser of the exact maximum list price and maximum retail price of those cigars by delivering to the purchaser a written statement as follows:

On our (repeat brand, frontmark and size description in notice from supplier), the Office of Price Administration has established a maximum list price of (repeat maximum list price in notice from supplier) in packings of (specify packing listed in notice from supplier) and a maximum retail price of (specify maximum retail price or prices in notice from supplier). All customary discounts and allowances in effect in March 1942 on your purchases will not be lowered. All packing differentials allowed in March 1942 will not be lowered and all packing differentials charged in that month will not be increased. The Office of Price Administration does not permit you to alter or efface the retail price shown on boxes or containers of these cigars, or to use these boxes or containers to display cigars of a different maximum retail price class. The Office of Price Administration requires you to keep this notice for examination.

(d) No notice need be given under paragraph (b) or (c) if the maximum list and the maximum retail prices of a brand and size of cigars established under this regulation are the same as those in effect prior to November 13, 1944. Notice once given under paragraphs (b) or (c) to a particular purchaser with respect to a brand and size of cigars need not be repeated unless a change is thereafter made in their maximum list or maximum retail prices. However, if such change is made, an additional notice covering it shall be given.

[§ 1358.113 amended by Am. 1, 7 F.R. 10255, effective 12–7–42; Am. 4, 8 F.R. 1974, effective 2–16–43; Am. 9, 9 F.R. 10583, effective 9–4–44; and Am. 10, 9 F.R. 13288, effective 11–13–44]

§ 1358.114 *Geographical applicability.* The provisions of this Maximum Price Regulation No. 260 shall be applicable to the forty-eight states, the District of Columbia, and the territories and possessions of the United States.

§ 1358.115 *Effective date.* This Maximum Price Regulation No. 260 (§§ 1358.101 to 1358.118, inclusive) shall be effective as of November 1, 1942 for the District of Columbia and the forty-eight states of the United States and shall become effective November 12, 1942 for the territories and possessions of the United States. [MPR 260 originally issued November 3, 1942]

§ 1358.115a *Effective dates of amendments.*

INSTRUCTIONS FOR USE OF OPA FORM 635–2078

(This form is to be filed in duplicate)

1. Complete a separate form for each brand and size or frontmark of cigar for which maximum prices are sought. Do not use blank spaces at the right of columns in Schedules A and B.

2. In the box at the upper right hand corner of the form, state the name of the manufacturer as registered with the Bureau of Internal Revenue and the address of his principal place of business. State also the brand name and the size or frontmark of the cigar exactly as they will appear on it when it is offered for sale at retail, the maximum list price and the maximum retail price proposed by the manufacturer and the discounts to be applicable to his sales to wholesalers.

3. State the length, diameter and weight of the cigar for which prices are sought in spaces provided for that purpose. Strike out whichever term (ring-gauge or inches) is not applicable to the figure stated as the diameter of the cigar. In stating weight per hundred cigars, give the loose cigar weight without including packing materials or wrappings to be added.

4. *Schedule A.* In column headed "U. S. Agriculture Type Number," state the types of each kind of tobacco to be used in the manufacture of the cigar. In the column headed "Grade or Mark," state the term (such as L, LV, Primes, Light Wrappers, No. 2 Seconds, Darks, B's, etc.), generally used in the industry to indicate the particular grade of these types of tobacco. For tobacco not graded, the terms "Ungraded," "Bundle," "Unassorted," "String," etc., applicable to the particular type of tobacco should be stated.

Tobacco weights furnished should be weights per thousand cigars. In column headed "Kind of Weight", state whether the weights given in the preceding column are Actual Unstemmed Weights (Unstd. A. W.) or Marked Weights (M. W.) or Stemmed Weights (S. W.). If your records supply actual unstemmed or stemmed weights of the tobaccos, state weights in one of those terms.

In column headed "Fillers" be sure to indicate whether fillers to be used are long or short fillers.

Be sure that Schedule A contains a complete and accurate description of tobaccos.

Do *not* give your costs for the tobaccos to be used.

5. *Schedule B.* Not all items of cost and expense for which space is provided in Schedule B will apply in every instance. Complete that Schedule only to the extent that the listed cost items apply to the cigar for which maximum prices are sought. Give the known or accurately estimated costs you will experience in the manufacture and marketing of the cigar. Indicate the figures that are estimates by making "EST." opposite them. Unless costs are indicated to be estimates, it will be assumed that your records show the figures used for them to be accurate.

Item 15. Include on this line the amount per thousand cigars for costs such as the following: Superintendent's and foremen's salaries applicable to cigar making, stemming, casing, conditioning and drying; stockmen's wages applicable to making, stemming, casing, weighing and conditioning; wages of factory clerical employees, janitors, nurse, elevator operators, firemen, plant engineer, watchmen, maintenance employees (carpenters, electricians, etc.).

Item 16. Include on this line the amount per thousand cigars for costs such as the following: Alterations and repairs, fuel, inbound freight, insurance, lubricants, gums, maintenance materials, tools and factory supplies, light, water, rent, Social Security and Unemployment taxes, and other taxes (excluding, however, Federal and state income taxes).

Item 27. Include on this line the amount per thousand cigars for costs such as the following: Salaries of packing foremen and inspectors, packing room stockmen, laborers and stampers.

Item 28. Include on this line the amount per thousand cigars for costs such as the following: Nails, tacks, pastes and glues, and auxiliary packing materials.

NOTE: The person signing this form must be either the manufacturer or his authorized officer, member or agent.

(This form is to be filed in duplicate)

1. In Columns 1 and 2 list the brands and sizes or frontmarks of all domestic cigars you manufactured and sold in March 1942 which you also manufactured and sold from January 1, 1943 through June 30, 1943. Do not include any brands and sizes or frontmarks unless the cigars you sold under them from January 1, 1943 through June 30, 1943 were identical with those you sold under them in March 1942, and do not include any brands or sizes or frontmarks you did not manufacture and sell in March 1942.

2. In Column 3 enter your March 1942 stated retail price per cigar for each brand and size or frontmark listed in Columns 1 and 2.

3. In Column 4 enter the maximum retail price per cigar established by Maximum Price Regulation 260 for each brand and size or frontmark listed in Columns 1 and 2. The maximum retail price should be figured according to Paragraph (a) of § 1358.102.

4. In Column 5 enter the number of cigars of each brand and size or frontmark listed in Columns 1 and 2 which you sold *tax paid* from January 1, 1943 through June 30, 1943. Do not include the number of cigars sold *tax free*. Generally, a sale is to be considered made in the January 1–June 30, 1943 period if the purchaser took title to the cigars between those dates.

5. In Column 6 enter the figure obtained by multiplying the maximum retail price (Column 4) of each brand and size or frontmark by the number of those cigars sold (Column 5).

6. Then determine your average retail price ceiling by dividing the total of Column 6 by the total of Column 5. Show this computation in the space at the bottom of the form. Carry your figures to four decimal places and drop any additional fraction.

NOTE: The person signing this form must be either the manufacturer or his authorized officer, member or agent.

If this form does not provide sufficient space, use additional forms or attach a separate sheet. However, make only one computation of your average retail price ceiling and put that on the first form.

[SO 140]

CIVILIAN PRODUCTION OF CERTAIN MILITARY FABRICS

A statement of the considerations involved in the issuance of this supplementary order has been issued simultaneously herewith and filed with the Division of the Federal Register.

Sec.
1. What this order does.
2. To what fabrics this order applies.
3. Pricing method.
4. Duration of this order.
5. Reports.

AUTHORITY: § 1305.167 issued under 56 Stat. 23, 765; 56 Stat. 566; Pub. Law 383, 78th Cong.; Pub. Law 108, 79th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681; E.O. 9599, 10 F.R. 10155.

SECTION 1. *What this order does.* This supplementary order establishes maximum prices for producers' civilian sales of certain military fabrics when produced without reference to any military contract.

SEC. 2. *To what fabrics this order applies.* This supplementary order applies only to fabrics of constructions (and pro-rata widths thereof) previously or currently made by the seller pursuant to military contracts. Subject to this limitation, the fabrics to which this order applies are those for which the maximum price would otherwise be determined by the General Maximum Price Regulation,[1] or by Table III of Maximum Price Regulation No. 11;[2] fabrics for which a special military premium has been permissible under § 1316.61 (c) (1) or established by order pursuant to § 1316.61 (c) (3) of Revised Price Schedule No. 35;[3] and finished fabrics made from any of the foregoing grey fabrics.

SEC. 3. *Pricing method.* The maximum price of fabrics to which this order applies shall be determined as if the fabrics constituted contractor inventory and were subject to Order No. 1 under Supplementary Order No. 130.[4]

SEC. 4. *Duration of this order.* This supplementary order shall apply only to grey goods produced prior to February 1, 1946 and to finished goods made from such grey goods and delivered within 6-weeks thereafter.

SEC. 5. *Reports.* Every manufacturer shall on or before December 6, 1945 file a report with the Office of Price Administration, Washington, D. C., stating his name and address and the grey fabrics (described as to whether combed or carded, and by width, weight, thread count, weave and fabric name) which are or will be subject to this order and which were produced by him during October 1945 or which may be produced by him prior to February 1, 1946.

This order shall become effective as of September 6, 1945.

NOTE: All reporting requirements of this supplementary order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 21st day of November 1945.

PART 1367—FERTILIZERS

[2d Rev. MPR 135, as Amended,[1] incl. Amdts. 1–4]

RETAIL PRICES OF FERTILIZERS AND MATERIALS

This compilation of Second Revised Maximum Price Regulation 135, as amended, includes Amendment 4, effective November 26, 1945. The text amended by Amendment 4 is underscored. Additions, revocations and deletions are indicated by notes.

This revised regulation now covers not only mixed fertilizer, superphosphate and potash which were covered by Second Revised Maximum Price Regulation 135 but also supersedes Revised Maximum Price Regulation 108[2] (Nitrogenous Fertilizer materials) which formerly covered sales of nitrogenous fertilizer material to consumers.

In the judgment of the Price Administrator, the maximum prices established by this revised regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and Executive Orders 9250 and 9328. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry affected by this regulation.

Such specifications and standards as are used in this regulation were, prior to such use, in general use in the fertilizer industry or have previously been promulgated and their use lawfully required by another government agency.

A statement of the considerations involved in the issuance of this Second Revised Maximum Price Regulation 135, as amended, has been issued simultaneously herewith and filed with the Division of the Federal Register.[3]

Schedule K—For consumers located in Louisiana (west of the Mississippi River), Arkansas, Texas, New Mexico and Oklahoma (except counties of Cimarron, Texas, Beaver, Harper, Woods, Alfalfa, Grant, Kay, Osage, Washington, Nowata, Craig, Ottawa, and Delaware. These counties take Kansas prices and terms in Schedule N).
Schedule L—For consumers located in Tennessee.
Schedule M—For consumers located in Kentucky.
Schedule N—For consumers located in Ohio, Indiana, Michigan, Illinois, Wisconsin, Iowa, Missouri, Minnesota, Nebraska, Kansas, North Dakota, South Dakota and Oklahoma (counties excepted in Schedule K).
Schedule O—For consumers located in Wyoming, Colorado, Utah, Montana, Idaho, and Nevada.
Schedule P—For consumers located in Oregon and Washington.
Schedule Q—For consumers located in California.
Schedule R—For consumers located in Arizona.

AUTHORITY: § 1367.31, issued under 56 Stat. 23, 765; 57 Stat. 566; Pub. Law 383, 78th Cong.; Pub. Law 108, 79th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681; E.O. 9599, 10 F.R. 10155.

SECTION 1. *Applicability*—(a) *In general.* Except as provided in paragraphs (b) and (c) of this section, this revised regulation shall apply to all sales to consumers and dealers of domestic and imported mixed fertilizer, superphosphate (but not bone meal), potash and nitrogenous fertilizer materials (except natural organic nitrogen materials not specifically priced in the regulation), when sold as an aid to the growth of crops or plants, whether sold for immediate or future delivery, within the District of Columbia and the 48 states of the United States. Bone meal and the natural organic nitrogen materials not specifically priced in this regulation shall remain subject to the provisions of the General Maximum Price Regulation or such other regulation as may establish the maximum price for such material, regardless of its intended use.

[Paragraph (a) amended by Am. 2, 9 F.R. 13974, effective 11-28-44; Am. 3, 10 F.R. 1402, effective 2-6-45, and Am. 4, effective 11-26-45.]

(b) *Emergency purchases.* This regulation shall have no application to any purchase by the United States or any of its agencies under such circumstances of emergency as to make immediate delivery imperative, and as to render it impossible to secure or unfair to require immediate delivery at the maximum price which would otherwise be applicable, if such purchases and deliveries are made pursuant to the provisions of section 4.3 (f) of Revised Supplementary Regulation No. 1 to the General Maximum Price Regulation, as amended: *Provided, however,* That the Administrator may, by order, waive the reporting of any part of the information required by section 4.3 (f) in connection with a particular purchase or group of purchases upon determining that such information may not reasonably be required under all the circumstances, and he may, in lieu thereof, require the reporting of other information more suited to the circumstances.

(c) *Certain fertilizers exempted.* This regulation shall have no application to sales and deliveries of any kind of mixed fertilizer, superphosphate, potash or nitrogenous material:

(1) In tablet, capsule, liquid or gaseous form for use by consumers as such, or

(2) In granular form in packages of less than 80 pounds net weight, or

(3) In granular form in a container of any size if such container or a tag attached thereto clearly states that such fertilizer was manufactured and is offered to consumers for use on lawns, parks, golf courses, cemeteries, roadsides, flowers, bulbs, shrubs, gardens or ornamental trees or plants rather than for use on commercial field crops.

[Paragraph (c) amended by Am. 4, effective 11-26-45]

SEC. 2. *Sales at other than maximum prices*—(a) *Prohibition.* Regardless of any contract or obligation, no person shall sell or deliver to a consumer or dealer and no consumer or dealer, in the course of trade or business, shall buy or receive any of the products covered by this revised regulation at a price above the maximum price established by this revised regulation for such consumer or dealer, nor shall any person agree, solicit, offer, or attempt to do any of the foregoing.

[Last sentence revoked by Am. 4, effective 11-26-45]

[Note: Supplementary Order No. 31 (7 F.R. 9894; 8 F.R. 1312, 3702, 9521) provides that: "Notwithstanding the provisions of any price regulation, the tax on transportation of all property (excepting coal) imposed by section 620 of the Revenue Act of 1942 shall, for purposes of determining the applicable maximum price of any commodity or service, be treated as though it were an increase of 3% in the amount charged by every person engaged in the business of transporting property for hire. It shall not be treated under any provision of any price regulation or any interpretation thereof, as a tax for which a charge may be made in addition to the maximum price."]

(b) *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery, but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended, and the Stabilization Act of 1942, as amended. The authorization may be given by an order of the Administrator or of any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to give the authorization.

[Note: Procedural Regulation No. 6 (9 F.R. 10628; 10 F.R. 1382, 9394) provides for the filing of applications for adjustment of maximum prices for commodities or services under Government contracts or subcontracts. Revised Supplementary Order No. 9 (8 F.R. 6175; 10 F.R. 9394) makes the provisions of Procedural Regulation No. 6 applicable to all price regulations, excepting those which expressly prohibit such applications and certain specific regulations listed in Revised Supplementary Order No. 9.]

[Note: Supplementary Order No. 28 (7 F.R. 9619; 8 F.R. 7256) provides for the filing of applications for adjustment or petitions for amendment based on a pending wage or salary increase requiring the approval of the National War Labor Board.]

(c) *Lower prices.* Prices lower than the maximum prices established by this regulation may, of course, be charged or paid.

SEC. 3. *Evasion.* Any method whereby a seller obtains greater consideration than the maximum price, or whereby he gives less than the consideration due the buyer for the maximum price is an evasion of this regulation, and therefore prohibited; and any offer or agreement which accomplishes or attempts such a result is equally prohibited.

SEC. 4. *Records and reports.* (a) Every person making a sale of mixed fertilizer, superphosphate, potash or nitrogenous fertilizer material in quantities of 250 pounds or more, to a consumer, after August 1, 1944, shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, is in effect, his customary complete and accurate records of each sale, showing the date thereof, the name and address of the buyer, of the person making the sale, and of the manufacturer of the mixed fertilizer, superphosphate, potash or nitrogenous fertilizer material; the quantity, grade and kind of the mixed fertilizer, superphosphate, or potash or nitrogenous fertilizer material sold; the bags or containers in which delivered; the price charged or received therefor; the terms of payment (time, cash, discounts, etc.); and the method and conditions of delivery.

(b) (1) Every manufacturer of mixed fertilizer, superphosphate, potash or nitrogenous fertilizer materials who is engaged in the business of selling the same to consumers and dealers, whether by or through any agent or other person may file with the appropriate regional office of the Office of Price Administration three copies of any written or printed price list, whether temporary or permanent, issued by him in connection with the sale thereof to consumers and dealers. Such price lists shall set forth clearly the grade and kind of mixed fertilizer, superphosphate, potash or nitrogenous material offered for sale and also the kind and amount of special ingredients, if any, contained therein and the size and kind of bags used.

(2) Upon request addressed to the District Offices of the Office of Price Administration, copies of this revised regulation will be furnished each manufacturer or dealer.

(3) Each dealer or agent shall post at his place of business a list of his consumers' maximum prices.

(4) Each manufacturer selling direct to consumers shall post at his office, plant and warehouse his consumers price list in effect for the area served by each such office, plant or warehouse.

(c) Persons affected by this revised regulation shall submit such other information to the Office of Price Administration as it may, from time to time require, subject to the approval of the Bureau of the Budget, in accordance with the Federal Reports Act of 1942.

SEC. 5. *Enforcement.* Persons violating any provision of this revised regulation are subject to the license revocation or suspension provisions, civil enforcement actions, suits for treble damages and criminal penalties, provided in the Emergency Price Control Act of 1942, as amended.

[Note: Supplementary Order No. 7 (7 F.R. 5176) provides that war procurement agencies and governments whose defense is vital to the defense of the United States shall be relieved of liability, civil or criminal, imposed by price regulations issued by the Office of Price Administration.]

SEC. 6. *Licensing.* The provisions of Licensing Order No. 1,[4] licensing all persons who make sales under price control, are applicable to all sellers subject to this revised regulation. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 7. *Protests and petitions for amendment.* Any person desiring to file a protest against or seeking an amendment of any provisions of this regulation may do so in accordance with Revised Procedural Regulation No. 1,[5] issued by the Office of Price Administration.

SEC. 8. *Definitions.* When used in this regulation, the term:

(a) "Person" includes an individual, corporation, partnership, association, or other organized group of persons or legal successor or representative of any of the foregoing and includes the United States or any agency thereof or any other government or any of its political subdivisions or any agency of any of the foregoing.

(b) "Manufacturer" means a person who produces, mixes or processes, or who markets for his own account and under his own brand or trade name, mixed fertilizer, superphosphate, potash or nitrogenous material for use as an aid to the growth of crops or plants.

(c) "Dealer" means a person, other than a manufacturer, who purchases mixed fertilizer, superphosphate, potash or nitrogenous materials and resells it to another dealer or to a consumer. The resale of fertilizer by a landlord to his tenant is considered a sale to a consumer.

[Paragraph (c) amended by Am. 2, 9 F.R. 13974, effective 11-28-44]

(d) "Consumer" means a person purchasing mixed fertilizer, superphosphate, potash or nitrogenous material for use in aiding the growth of crops or plants (and not for resale) including the Agricultural Adjustment Agency when purchasing superphosphate from non-producers.

(e) "Mixed fertilizer" means any substance containing any two or more, of potash, superphosphate and nitrogenous material, when marketed or sold as an aid to the growth of crops or plants.

(f) "Superphosphate" means any product which is obtained by mixing rock phosphate with either sulphuric acid or phosphoric acid or with both acids, when marketed or sold as an aid to the growth of crops or plants.

(g) "Potash" means muriate, chloride or sulphate of potash, manure salts and any other substance containing potassium oxide (K_2O), when marketed or sold as an aid to the growth of crops or plants.

(h) "Nitrogenous material" means any organic or inorganic substance containing nitrogen, when marketed or sold as an aid to the growth of crops or plants.

(i) "Natural organic nitrogen material" means a fertilizer material of vegetable or animal origin containing nitrogen, including, but not limited to, animal, fish and other tankages, castor pomace, tobacco stems, cotton seed meal, peanut meal, soybean meal, sewage sludge and cocoa shell meal.

(j) "Grade" means the minimum guarantee of the plant food content of mixed fertilizer, superphosphate, potash or nitrogenous material, expressed in terms of nitrogen, available phosphoric acid and water-soluble potash, e. g. 4–12–4, 0–14–7, 0–20–0, 0–0–50, 16–0–0.

[2] Revoked: 9 F.R. 9054.
[3] Statements of considerations are also issued simultaneously with amendments. Copies may be obtained from the Office of Price Administration.

[4] 8 F.R. 13240.
[5] 9 F.R. 10476, 13715; 10 F.R. 11295.

(k) "Kind" as distinguished from the term "grade" refers only to mixed fertilizer and means the substances, and the proportions thereof, containing the guaranteed plant food content of mixed fertilizer—as for example, in the case of nitrogenous material, 80% water-soluble and 20% water-insoluble nitrogen; or in the case of potash, 75% sulphate of potash and 25% muriate of potash.

(l) "Price list" means any price statement, irrespective of form, issued or used by the seller, setting forth the prices, grades, kinds, terms of payment, types of containers or bags, method and conditions of delivery and any other provisions relating to sales of the commodities being priced.

(m) "Spring season" means the fertilizer selling season from December 1 of any calender year to and including June 30 of the next succeeding calendar year.

(n) "Fall season" means the fertilizer selling season from July 1 to November 30, inclusive, of any calendar year.

(o) "Premium brand" means a kind and grade of mixed fertilizer or superphosphate which during the period February 16–20, 1942, was listed by the manufacturer of the premium brand at an additional price above the price of a similar regular grade of mixed fertilizer or superphosphate manufactured and listed by him.

(p) "Transportation cost" means the cost of transportation actually incurred, except that for movement other than by for-hire carrier, the transportation cost shall be the reasonable value of the service, not exceeding any maximum price established therefor.

(q) "Carload lot" means a shipment of any quantity which moves as a rail carload under Office of Defense Transportation or tariff requirements.

(r) "Unit" means 1% of a ton, or 20 pounds.

(s) "Ton" means 2,000 pounds net weight.

[Former paragraphs (o) and (p) revoked, and former paragraphs (q), (r), (s), (t) and (u) redesignated as (o), (p), (q), (r) and (s) by Am. 4, effective 11–26–45]

SEC. 9. *Maximum prices of mixed fertilizer, superphosphate, potash and nitrogenous fertilizer materials.* (a) The maximum prices at which sales and deliveries of mixed fertilizer, superphosphate, potash and nitrogenous fertilizer materials may be made to consumers shall be the prices established under the provisions of Appendix A.

[Section heading and paragraph (a) amended by Am. 4, effective 11–26–45]

(b) For sales of the above products to dealers in any area the maximum price shall be the consumer price for the area as provided in Appendix A less the margin most commonly established by the seller between consumer prices and dealer prices during March of 1942, expressed either as a percentage of the consumer price or as a dollar-and-cent margin, or both, depending upon how such margin was calculated in March of 1942. A seller who had established no margin by sales during March of 1942 shall allow for sales to dealers the margin below maximum prices to consumers established by his most closely competitive seller. If the product was not generally sold during March of 1942, the margin shall be the same as that established for the most nearly comparable product which was sold during March of 1942.

[Section 9 amended by Am. 2, 9 F.R. 13974, effective 11–28–44 and as otherwise noted]

SEC. 10. *Export sales.* (a) Except as hereinafter provided, this regulation shall have no application to export sales of mixed fertilizers or fertilizer materials covered herein. The maximum prices for such sales shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation.[1]

(b) *Base prices.* For the purposes of the Second Revised Maximum Export Price Regulation, the maximum domestic base prices for mixed fertilizers, f. o. b. ports, shall be determined by adding to the appropriate price in subparagraph (a) of the schedules under Appendix A of this Second Revised Maximum Price Regulation 135 any applicable extra charges permitted in Appendix A (b) (2) and deducting from such prices as so adjusted the appropriate amounts set forth in subparagraphs (1) and (2) below:

(1) *Schedule of deductions.*

Export Ports and Schedules:	
Searsport, Maine—B I	$5.00
North Weymouth, Mass.—B II	5.00
Carteret, N. J.—C I	2.75
Philadelphia, Pa.—D I	3.00
Baltimore, Md.—G II	3.75
Norfolk, Va.—G II	3.75
Wilmington, N. C.—G III	3.75
Charleston, S. C.—G IV	3.75

New Orleans, La.—K I	3.00
Houston, Tex.—K I	2.50
Los Angeles, Calif.—Q I	1.50
San Francisco, Calif.—Q I	1.50

(2) *Marginal discounts.* The marginal discounts established by section 9 shall be applicable to the class of buyer to whom the sale is made.

[Sec. 10 amended by Am. 4, effective 11–26–45]

APPENDIX A—MAXIMUM PRICES OF MIXED FERTILIZER, SUPERPHOSPHATE, POTASH AND NITROGENOUS FERTILIZER MATERIAL

General Provisions—(a) *Pricing other grades of mixed fertilizer, superphosphate, potash and nitrogenous materials.* The base price for grades and kinds of mixed fertilizer, superphosphate, potash and nitrogenous material not priced in the tables in Schedules A to R inclusive shall be determined by the Office of Price Administration. Anyone, requesting a base price for a grade, shall file with the Office of Price Administration in Washington, D. C., an application setting forth the analysis in percentages of nitrogen, available phosphoric acid and water-soluble potash. The Office of Price Administration will promptly establish a base price for such grade and inform the applicant of such price. This base price shall be subject to adjustment by the Office of Price Administration at any time.

[Appendix heading and paragraph (a) amended by Am. 4, effective 11–26–45]

(b) To the base prices for mixed fertilizer, superphosphate or potash set forth in the schedules of this appendix, or arrived at in the manner provided for in paragraph (a) above, the following additions may be and the following deductions must be made before making any appropriate additions or deductions for discounts, delivery differentials, etc.:

(1) *Premium brands.* There may be added differentials no greater in cents per ton than were in effect during the period February 16–20, 1942.

(2) *Special ingredients in other than premium brands.* An extra charge for specified quantities of the following ingredients may be added, (except in the case of schedules H, O, P, Q and R, which contain express provisions for such ingredients).

	Per unit
Sulphate of potash [2]	$0.40
Magnesium oxide from sulphate of potash-magnesia, sea water magnesium or similar source	1.00
Potash from cotton hulls or boll ashes [3]	.25
Nitrogen [2]	.30
	Per pound
Copper sulphate	$0.10
Manganese sulphate	.05
Borax	.05
Elemental sulphur	.035
Iron sulphate	.04
Zinc sulphate	.10
	Per hundred pounds
Ground tobacco stems: [3]	
In complete mixed fertilizer	$0.30
In phosphate-potash mixtures	.50
In superphosphate	1.00

[1] Except for Schedules G, I, J and L where it is $0.30 per unit.

[2] Applicable only to tobacco grades in Schedule B.

[3] Applicable only to tobacco grades in Schedules D, E and F.

[4] Applicable only in Schedules M and N.

(3) (i) *Bag differentials.* Except for nitrogenous materials, there may be added the following amounts per ton for textile bags:

	Schedules A, G, I, J, K and L	All other schedules
For 167- or 200-pound bags	$1.25	$1.35
For 125-pound bags	1.50	1.70
For 100-pound bags	1.80	2.00
For barrels	5.00	5.00

(ii) *Bulk deliveries.* There shall be deducted $1.50 per ton on deliveries in bulk.

(c) In any schedule of Appendix A which establishes prices on a delivered basis but which also provides a method for establishing a maximum price for sales f. o. b. the seller's place of business, the f. o. b. price plus the actual transportation cost must not exceed the delivered price as specified in the applicable schedule. This shall not apply in the case of a consumer taking delivery in his own truck or arranging for the transportation on his own account.

[Paragraph (c), formerly (d) added by Am. 2, 9 F.R. 13974, effective 11–28–44 and redesignated by Am. 4, effective 11–26–45. Former paragraph (c) revoked by Am. 4]

(d) Upon certification by the Secretary of Agriculture that there exists or threatens to exist a shortage of mixed fertilizers, superphosphates, potash or nitrogenous materials within any area and that this shortage may be relieved by shipment of goods from another area without jeopardizing supplies of such goods in the latter area, the Office of Price Administration may, upon application, except such sales from the provisions of the applicable schedule and establish maximum prices therefor which will provide, in specific instances, for such unusual movements, requiring the seller to certify on the invoice the point of origin of the goods and that the sale is in accord with the provisions of the applicable order.

Such application shall be filed with the Cereals, Feeds and Agricultural Chemicals Branch of the Office of Price Administration in Washington, D. C.

[New paragraph (d) added by Am. 4, effective 11–26–45]

16–0–0 Nitrate of soda [1]	50.00
14–0–14 Nitrate of soda potash [1]	60.00

[1] On direct shipments from points of production or port of entry, when consumer takes delivery at car door, deduct $3.00 per ton from the above prices in addition to the amount deductible in (c) (1) below.

[Footnote amended by Am. 2, effective 11–28–44]

[Table amended by Am. 2, 9 F.R. 13974, effective 11–28–44 and Am. 3, 10 F.R. 1402, effective 2–6–45]

(b) *Terms.* (1) The base prices, after making the appropriate additions or deductions provided for in the general provisions of this appendix, are consumers' time prices for payment October 1, after which date interest at the legal rate may be charged.

(2) On sales sight draft, SD/BL, c. o. d., cash in advance or cash within 10 days after shipment, a discount of 5% is to be made from the time prices.

(c) *Delivery.* (1) When delivery is taken at a railsiding or warehouse, deduct 75¢ per ton from the time or cash price.

(2) When delivery is taken at a factory, whether or not such factory is located in the area covered in Schedule A, the seller shall deduct from the time or cash price the lower of the following:

(i) 75¢ per ton plus the lowest carload rail freight rate per ton on the commodity from the factory to the consumer's railroad station, or

(ii) The following amounts per ton for the shortest highway mileage from the factory to consumer's nearest railroad station:

$0.75 for distances up to 5 miles.
$1.00 for distances over 5 up to 10 miles.
$1.20 for distances over 10 up to 15 miles.
$1.40 for distances over 15 up to 20 miles.
$1.60 for distances over 20 up to 25 miles.
$1.80 for distances over 25 up to 35 miles.
$2.00 for distances over 35 up to 50 miles.
$2.20 for distances over 50 up to 60 miles.
$2.40 for distances over 60 up to 70 miles.
$2.60 for distances over 70 up to 80 miles.
$2.80 for distances over 80 up to 100 miles.

For greater distances, deduct $2.80 plus 2¢ per ton for each mile over 100 miles.

(3) For less than carload shipments to consumer's nearest railroad station or less than 10-ton truckload deliveries to consumer's premises, an additional charge may be made equal to the transportation cost in excess of the carload or full truckload rate.
